1871-72. Continuation of operations of previous year, 72, 50, 281, 311. Illinois undertakes the building of l. and d. of the U. S. to prepare R. bed, to afford (when dams are built) 7' d., 73, 437.

1873-74. Constr. of foundations for lock at Copperas Creek and continuation of dr. at points where most required, 74, 60, 317.

1874-75. Lock foundations turned over to Illinois for completion of lock; constr. of l.-w. chan. by dr. and wing dams, 75, 65, 467, 471.

1875-76. Continuation of dr. and wing dams, 76, 84, 675, 677, 687.

1876-77. Continuation of dr., building low dams and js., and restoration of chan., 77, 85, 546, 551, 554.

1877-78. Dr. by contract on worst bars to give a chan. 4' d., 78, 119, 1190, 1193, 1196. Cost of work by contract and hired labor discussed, 78, 1191, 1192, 1195; 79, 1569. Plan of dams and js. built, 78, 1194. Permanence of imp. made, 78, 1194.

1878-79. Operations limited to constr. of dr., 2 dump scows, 2 deck scows, quarter boat, towboat, and steam scow, in preparation for doing the work by hired labor, 79, 159, 1569, 1580.

1879-80. 110,237 c. y. dr. at Pearl Shoals, Fishers Isld., Atwells, and Silver Creek Bars; 5,858 l. f. brush and st. dams built at above localities; 84 snags removed, 80, 1991, 1992.

1880-81. 89,501 c. y. dr. at Atwells and Hurricane Isld. Bars; work on Kampsville Lock commenced, 81, 2174.

1882-83. Cofferdam and lock foundation constr. and lockpit excavation commenced at La Grange; lockpit and cofferdam constr. at Kampsville continued, 83, 1751, 1752.

1883-84. Foundation of La Grange Lock completed and lock walls commenced; foundation of Kampsville Lock completed, 84, 1948, 1949.

1884-85. Work upon lock walls at La Grange continued; e. dam abutment completed, 85, 2052.

1885-86. Lock walls at La Grange completed, 86, 1705.

1886-87. Progress upon work at La Grange and Kampsville Locks, 87, 2120.

1887-88. Lock at La Grange completed; 2,881 c. y. cut st. delivered; 26,061 c. y. dr. from chan., 88, 1890.

1888-89. La Grange Dam begun; 1,284 c. y. cut st. and 2,300 c. y. backing st. received from Kampsville Lock, 89, 2122.

1889-90. La Grange Lock and Dam completed; work continued upon the Kampsville Lock and Dam, 90, 2408.

1890-91. Repairs to La Grange Lock and Dam; preparations for laying up Kampsville Lock; repairs to plant, 91, 2612.

1891-92. 212 l. f. of revet. and an ice breaker built at La Grange Lock and Dam, and 12,500 c. y. dr. from lock approaches; 9,000 c. y. dr. at Kampsville Lock site; 1,170 l. f. of trestle completed; 10,145 c. y. masonry laid in lock walls; 27,479 c. y. dr. above and below lock pit, 92, 2257. Operation and care of La Grange Lock and Dam, 92, 2294.

1892-93. 500 c. y. riprap deposited below La Grange Lock and Dam, and dr. to maintain approaches. The Kampsville Lock and Dam completed, involving, among other work, the dr. of 31,614 c. y. Repairs made to the Kampsville Lock and Dam, 93, 2824.

1893-94. Kampsville Dam fully completed; lock opened to navigation, 94, 2151.

1894-95. 102,836 c. y. dr., 270 snags removed, 2 lock houses constr., and repairs made to plant, 95, 2714. Two new dumping scows constr., 95, 2715.

1895-96. 82,000 c. y. dr., 96, 2597.

1896-97. Repairs and renewal of plant made, and 51,631 c. y. dr., 97, 2816.

1897-98. 112,048 c. y. dr., and plant repaired, 98, 2436.

1898-99. 17,183 c. y. dr.; revet. at Kampsville Lock partly filled; plant repaired, 99, 2842.

1899-00. 307,043 c. y. dr.; 8,500 c. y. earth placed on grounds at Kampsville Lock, and 3,710 c. y. earth placed on grounds at La Grange Lock; plant repaired and enlarged, 00, 3799.

1900-01. 337,081 c. y. dr., and plant overhauled and repaired, 01, 3007.

1901-02. 110,452 c. y. dr.; snags, etc., removed, 02, 2113.

1903-04. Repairs to fleet, 04, 2952.

1904-05. 120 snags removed, 05, 2137.

1905-06. Repairs to fleet; inspection of R., etc., 06, 1781.

1906-07. Repairs to fleet; inspection trips, etc., 07, 1935.

1907-08. Repairs to fleet; 3 new dump scows built; inspection of R.; removing snags, and general mainten., 08, 2004.

1908-09. General repairs to fleet, dr., snagging, etc., 09, 2005.

1909-10. 32,392 c. y. dr. below Copperas Creek and 45,949 bet. Copperas Creek and La Salle; 27 snags removed; repairs made to plant, 10, 2165.

1910-11. 2,800 c. y. dr. and 27 snags removed below Copperas Creek and 97,746 c. y. bet. Copperas Creek and La Salle, 11, 2367.

1911-12. 26,691 c. y. dr., 10 snags removed, and new barge built below Copperas Creek, and 14,198 c. y. dr. bet. Copperas Creek and La Salle, 12, 2556.

PHYSICAL CHARACTERISTICS.

Of valley of Des Plaines, 68, 442, 460.

Porous character of Illinois R. bed and banks 69, 254.

Character of l. and d. foundations, 69, 254.

Action of h. w. in R. and tributaries, 72, 313.

Stage of water during 1875-76, 76, 684.

Illinois R. formerly outlet of Lake Michigan, 68, 442; 75, 396.

Discharge, 68, 444, 448; 79, 1578.

Discharges of Illinois R. and Illinois & Michigan Canal, 89, 2132, 2133; 90, 2409, 2443. On Illinois R. at Ottawa, Ill., 90, 2536. At Kampsville, 1891, 92, 2263.

Gauge readings on the Illinois R. at Kampsville from 1881 to 1889, 90, 2414. Above Copperas

¹ History of previous operations, 79, 1569, 1572, 1581. Difficulties of using ordinary dump scows, and remedy for, 70, 315. Cost of dr. in 1870-71 (244 c. c. y.), 71, 272. Operations suspended (1872) for lack of funds, 72, 281. Superiority of Osgood dr. over Morris & Cummings, 72, 311. Order in which bars should be removed, 72, 314. Dr. done by hired equipment, 1874, 74, 319. Present relief aimed at, 74, 320. Details of lock foundation at Copperas Creek, 75, 469. Satisfactory character of, 75, 467. Satisfactory results from low dams and training walls, 76, 674, 677. Injury done by storms to improved chan., 77, 548.

Creek Dam, Illinois, from 1879 to 1890, 90, 2520.
Below Copperas Creek Dam, Illinois, from 1879 to 1890, 90, 2526. At La Grange, from 1883 to 1890, 90, 2532. At Copperas Creek and La Grange and Kampsville Locks, 1891, 92, 2267, 2269.

Overflow stage of Illinois R., 90, 2443.
Effects of definite increased discharge upon chan. d., 90, 2444.

Average length of time that the dams upon the Illinois are necessary for navigation, 90, 2446.

Influence of dams upon flood heights and upon flowage of lands, 90, 2447.

Borings upon proposed routes bet. Chicago and Sag Br., 90, 2461, 2482.

Elevations of h. w. bet. Joliet and La Salle, 90, 2515.

Lake Michigan water levels from 1860 to 1890, 90, 2517, 2518.

In 1897 the only navigable connection of the Illinois R. and Lake Michigan was the Illinois & Michigan Canal, which extended from Chicago R., about 5 m. above its mouth, to La Salle, 97, 2883.

Gauge readings. (See end of each report from 1892, inclusive.)

Description of routes for extension of navigation from Illinois and Des Plaines Rs. to Lake Michigan, 97, 2883.

Amount of water to be pumped into the Illinois R. by the city of Chicago, and description of its probable effect, 95, 2715.

Chans. dr. in the R. found to be permanent, 95, 2716.

The capacity of the canal about 20% below that of the enlarged Erie Canal of New York, 96, 2598.

The clearing and use of bottom lands in the vicinity of the R., and the leveeing of the lands, increasing, 97, 2816; 98, 2437.

The chan. of the R. fast becoming, 1899, one of the best tributaries of the Mississippi, 99, 481.

Discharge probably to be augmented by Chicago Sanitary Canal, 99, 2842.

Extremely l. w., 1899, 00, 3798.

Complaints concerning dumping of refuse in R., 06, 1781.

Formed by junction of Kankakee and Des Plaines Rs., about 60 m. above La Salle; flows sw. into Miss. R., at Grafton, Ill., 36± m. above St. Louis, Mo., 273 m. l.

U. S. proj. section—La Salle to mouth, 223 m.—divided into 2 parts: (a) Below Copperas Creek, gen. imp. 137 m., and (b) Copperas Creek to La Salle, 86 m. La Salle head of navigation, 12, 1020.

Navigation bet. Chicago and Miss. R. is via Ill. & Mich. Canal, from Joliet (terminus of Chicago Sanitary & Ship Canal) to the Ill. R. at La Salle. (Bulletin 21 (1912), p. 179, U. S. L. Sur. O., Detroit, Mich.)

PLANS. (See Estimates and Projects.)

For connection of Illinois R. with Lake Michigan, via Kankakee and Des Plaines Rs., not feasible, 68, 441.

Entrance to Lake Michigan via Calumet R. not feasible from lack of proper harborage at Calumet, 68, 441, 460.

Route via Fox R. considered impracticable from lack of water supply and cost of imp., 68, 441, 466.

Imp. from La Salle to mouth by dr. and wing dams would give an available navigation of not more than 4'; not considered to meet requirements, 68, 449, 465.

Drawing a supply from Lake Michigan to give requisite d. in Illinois impracticable at any reasonable cost, 68, 449, 465; 79, 1573, 1574.

Obtaining 7' in Illinois R. by a system of dams, with open chutes or passes, less in area than the navigable cut proposed to be made from Lake Michigan; plan largely experimental, 68, 465.

By Capt. Marshall, 1890, excavation of a canal from Lake Michigan to Sag Br.; w. of canal to be 100'; est., by the Chicago route, for 14', \$10,689,591; for 8', \$8,791,056; for 14', by the Sag route, \$8,501,041; for 8' d., \$5,793,303, 90, 2419, 2422, 2425, 2428, 2429, 2430, 2431.

Total est. for the 2 proj. from Lake Michigan through to La Salle: For 14', via Chicago route, \$48,282,763; via Sag route, \$46,094,213; for 8', via Chicago route, \$26,883,153; via Sag route, \$23,885,400, 90, 2433.

Comparative advantages of the 2 routes from Sag Br. to Lake Michigan, 90, 2435.

Detailed R. upon surs. and est. for the above proposed waterways, 90, 2456.

PRIVATE (CORPORATE AND STATE) WORK.

Michigan & Illinois Canal (see Projects), present location of, 68, 442; dimensions of; condition of, 68, 443; history and cost, 68, 454; capacity of, 68, 455. Constr., by Illinois, of l. and d. at Henry, 73, 437; 79, 1576. Conjoint action bet. Illinois and U. S., 79, 1576.

Probable removal of State works because of augmented discharge of the R. due to Chicago Sanitary Canal, 99, 2842.

Illinois, at 1912, aided by U. S., had executed part of the general proj. by constr. of l. and d. at Henry and Copperas Creek, completing, except dr., that part of proj. bet. La Salle and mouth of Copperas Creek, 86 m., over which section Illinois collects tolls, 12, 1021.

PROJECTS. (See Estimates and Plans.)

Previous to 1866, mainten. of l.-w. chan. from La Salle to mouth by dr., 69, 218.

B. E., 1867, w. and d. present (Michigan & Illinois) canal from Bridgeport (s. branch Chicago R.) to Lake Joliet, except bet. Summit and the Sag (1½ m.), where independent canal will be built; thence by imp. of Illinois R. by l. and d., except passage of Grand Rapids by independent canal. Canal 6' x 160'; locks, 7' x 75' x 356'; d. of slack-water imp., 6', 68, 390, 440; 79, 1574, 1576. Discussion of location, 68, 443, 461; 69, 252. Slack-water navigation compared with canal, 68, 446. Est., \$18,217,242, 68, 390, 453, 467.

The State of Illinois having directed constr. of l. and d. at Henry, 69, 46, 218; and contemplating another at Copperas Creek, 69, 46, 218; Lt. Col. Wilson, 1870, proposed, until l. and d. for slack-water navigation be completed, to confine expend. to removal of worst bars and formation of chan. (by dr. and wing dams) from Henry to mouth 4' x 150', 70, 60, 304; 71, 54, 275, 278; 72, 281, 314; 79, 1575, 1579. Objections, 79, 1577.

Proj. for expend. of available funds, 1873, putting in lock bottom and foundation at Copperas Creek, and such dr. as would best relieve the immediate wants of navigation, 73, 437; 74, 60, 317.

Projs. for continuing imp., 1874-77, by dr.; constr. of wing dams and training walls to secure 4', 74, 320; 75, 65, 467; 76, 83, 674; 77, 85, 546.

Dr. by hired labor, 1878, with dr. especially adapted to the work, 78, 1191; and constr. wing dams by hired labor, 78, 1192, 1195; 79, 1570, 1580.

History of past proj. reviewed by Capt. Lydecker, 79, 1579. Disadvantages of existing d. and l. at Copperas Creek and Henry, 79, 1579.

Previous to 1880 efforts on the part of the U. S. for the imp. consisted in the constr. of wing dams and dikes, dr. through the worst bars, and the constr. of the foundation of the Copperas Creek Lock, Illinois undertaking the building of l. and d. and the U. S. the imp. of the R. bed, 71, 247; 73, 437; 74, 320; 75, 467; 86, 308.

The amount thus expended from 1868 to June 30, 1880, was \$550,450, 80, 1994, 1999; 86, 308.

Act June 14, 1880, required that \$100,000 of the \$110,000 app. should be applied to the constr. of l. and d., 80, 211; 81, 2174.

The proj. of 1880 proposed extension of slack-water navigation 100 m. by the constr. of l. and d. at La Grange and Kampsville, and the dr. of the R. chan. where needed bet. Copperas Creek Dam and mouth of R. to obtain a l.-w. d. of 7', 81, 2176, 2177. Est. cost of the 2 l. and d., \$680,000, for dr., brush dams, and shore protection, \$270,850, 81, 2177, 2181; 82, 2246.

In 1883 the est. for l. and d. was increased to \$850,000, 83, 1753.

In 1887 it was est. \$587,500 would be required to complete the proj., 87, 2124. Increased in 1889 by \$25,000, 89, 2126.

In 1895 Maj. Marshall est. \$397,000 addl. for dr., 95, 2716; and in 1897 \$75,000 to make necessary surs. and preparations of plans for the extension of navigation from Illinois R. to Lake Michigan, 97, 2887.

Probable necessity for lowering dam crests because of augmented discharge due to Chicago Sanitary Canal, and consequent reduction of lift for locks, **99**, 2842.

Act Mar. 2, 1907, au. securing and maintaining 7', Copperas Creek to La Salle, **07**, 1937; the first app. for this section, **12**, 1022.

SURVEYS.

In progress, **66**, iii, 35.

Below La Salle completed in 1866; **R.** transmitted and printed in H. Doc. 16, 40th Cong., 1st sess., **67**, 37.

\$20,000 set apart for sur. of Illinois R. from app. for "Surveys of Western and Northwestern rivers," **67**, 270.

Bet. La Salle and Chicago in progress, 1867, **67**, 271. Completed Dec., 1867, **68**, 390, 439. Results of, **68**, 440. Careful nature of, **68**, 466. Previous sur. consulted, **68**, 439.

Sur. for sites of l. and d., 1869, **69**, 253, 254. Gaugings, results of, **69**, 253. Borings; results of, and method of making, **69**, 254.

Resur. of R. bed, 1870, **70**, 303. Hoffman's sounding machine used, **70**, 318; **72**, 315. Efficiency and saving of, **70**, 319. Method of using, **70**, 320.

Obstr. sur., 1874; list of, **74**, 319.

Resur. of bars, 1876, **76**, 678; 1877, **77**, 551.

History of early sur., **79**, 1573.

Au. act Mar. 3, 1879; made, 1880, by Maj. Ly-decker, **80**, 1995.

Sur. for waterway bet. Lake Michigan and the Mississippi R. au. act Aug. 11, 1888; made, 1889, by Capt. Marshall, **89**, 2121, 2123, 2127.

Sur. of Illinois R., from La Salle to the Mississippi, with view to ascertaining lands subject to overflow by the constr. of a waterway bet. Lake Michigan and the Mississippi, au. act Sept. 19, 1890; made, 1891, by Capt. Marshall, **91**, 2661.

Ex. upper Illinois R., and also Des Plaines R., Ill., for extension of navigation from Illinois R. to Lake Michigan at or near the city of Chicago, au. act June 3, 1896; made by Maj. Marshall, 1897 (**R.** fav.), **97**, 2882.

Pre. ex. and sur. au. act June 25, 1910, Illinois R. bet. Hurricane Isld. and Calhoun Co., for purpose of providing suitable chan. (**R.** to come), **12**, 1025.

Maps:

Boards. Of 1886, to ex. and **R.** upon the Illinois and Michigan Canal, and its acquisition. **R.**, **87**, 2128-2160. (Lt. Cols. Comstock and Poe and Maj. Post.)

In charge:

Maj. W. H. H. Benyaurd, 1883-85. **R.**, **83**, 1761; **84**, 1950; **85**, 2056.

Maj. T. H. Handbury, 1886. **R.**, **86**, 1716.

LEGISLATION.

Acts relative to Illinois and Michigan Canal, **87**, 2161.

PLANS.

By Maj. Benyaurd, 1882, enlarging the canal bet. Chicago and La Salle to w. of 80' at w.l., and d. of 7'; locks 30' w. x 170' l.; est., \$2,298,919, **83**, 1762, 1774, 1779, 1788; **86**, 1713.

History and description of canal, **87**, 2128, 2141. Orig. cost of canal, \$9,513,021, **87**, 2147, 2167.

Conclusions of B.E. of 1886 in relation to acquisition and enlargement of canal, **87**, 2160.

SURVEY.

Au. act Aug. 2, 1882, **83**, 290; made by Maj. Benyaurd, 1883, **83**, 1754.

Part(c), NN-1 Illinois and Des Plaines Rivers, Ill. (Including survey for 14-foot waterway from Lockport, Ill., to St. Louis, Mo.)

APPROPRIATIONS.

\$175,000,² **04**, 2931.

ENGINEERS.

Chief of Engineers. **R.**, **84**, 291; **99**, 485; **00**, 549; **01**, 534; **03**, 494; **04**, 540; **05**, 548; **06**, 607; **07**, 634; **08**, 862; **09**, 908; **10**, 1014; **11**, 1073; **12**, 1287.

Boards:

Convened, Chicago, Ill., Apr. 10 and 11, 1899, under S. O. No. 14, dated Mar. 12, 1899 (for object, see Surveys), and reconvened Nov. 22, under S. O. No. 59, dated Nov. 11, 1899, and subsequently under S. O. No. 12, dated Mar. 12, 1900. (Col. J. W. Barlow, Maj. J. H. Willard and C. McD. Townsend.)

Board submits final **R.**, with est. of cost on 7' and 8' proj. (see Surveys), **01**, 3049.

Act June 6, 1900, au. board to make sur. and est. for chans. 10', 12', and 14'. Submits est., \$30,000,000, but feel C. does not warrant such a large expend. (see Surveys), **01**, 3058. Convened, Chicago, Ill., Aug. 14, 1902, by S. O. No. 19, to R. upon sur. for waterway, 14' d., Lockport, Ill., by way of Illinois and Des Plaines Rs., to mouth of Illinois R., thence by way of Mississippi R. to St. Louis, Mo. (Col. O. H. Ernst, Lt. Col. Chas. J. Allen, and Maj. Thos. L. Casey), **03**, 1904. Maj. Jas. L. Lusk replaces Lt. Col. Chas. J. Allen, retired, **04**, 2931. Lt. Col. W. H. Bixby replaces Maj. Lusk, relieved on account of sickness, **05**, 2118. Board submits **R.**, Aug. 26, 1905, on 14' waterway, Lockport, Ill., to St. Louis, Mo.,³ **06**, 607, 1780.

¹ Illinois and Lake Michigan Canal via Illinois R., Ill. Sur.—**R.**, June 23, 1834; est. (Des Plaines and Illinois Rs.), \$4,299,439.81. (H. D. 482, 55th, 2d.) See also "Illinois and Mississippi Canal," a connection from Hennepin, Ill., going toward Rock Island, Ill., on p 1235.

² Survey.

³ H. D. 263, 59th, 1st.

Act Mar. 2, 1907, appoints commission to examine Mississippi R. below St. Louis, and R. on practicability and desirability of constr. and maintaining a chan. of 14', St. Louis to mouth of R., by open chan. or canals. Commission also required to consider sur. of proposed waterway from Chicago to St. Louis previously reported upon, and any water power which may be created in section of Mississippi below St. Louis, as well as from Chicago to St. Louis, Mo. (Col. W. H. Bixby, Lt. Col. J. G. Warren, Maj. Henry B. Richardson, Mr. Howard P. Ritter, Capt. G. R. Lukesh), **07**, 634, 1933, 2567; **08**, 862. R. submitted Mar. 20, 1909,¹ **09**, 908.

Act June 25, 1910, appoints board to consider and R. upon feasibility of waterway from Lockport, Ill., by way of Illinois and Des Plaines Rs. to mouth of Illinois R. App. of \$1,000,000 made with provision that same shall not be available until plans are submitted and proj. is au. by Congress (Brig. Gen. W. H. Bixby, Col. C. McD. Townsend, Maj. Chas. Keller, Maj. J. B. Cavanaugh, Mr. John Bogart), **10**, 1014. R., 1910 and 1911,² **11**, 1073; **12**, 1287.

In charge:

Maj. W. H. H. Benyaard, 1882-84. R., **84**, 1957, 1958.

Maj. W. L. Marshall, 1899. R., **99**, 2890.

Maj. J. H. Willard, 1899. R., **00**, 3855.

Maj. J. H. Willard. R., **01**, 3048.

Col. O. H. Ernst. R., **03**, 1904; **04**, 2931.

Lt. Col. W. H. Bixby. R., **05**, 2118; **06**, 1780; **07**, 1933.

Mississippi River Commission:

Assistants:

G. Y. Wisner. R., **84**, 1960.

F. M. Towar. R., **99**, 2891.

J. A. Seddon. R., **00**, 3856, 3862; **01**, 3052 to 3058.

J. W. Woermann. R., **03**, 1906; **04**, 2931; **05**, 2119.

A. T. Morrow. R., **03**, Supp. 167.

OPERATIONS.

1898-99. Preparations made for putting sur. party at work, **99**, 2890.

For data concerning details of 14' waterway, Lockport, Ill., to St. Louis, Mo., sur., giving information relative to the necessary field work, incl. physical data, triangulations, precise levels, topography, hypsometry, test borings, discharge measurements, maps, etc., see pages of Rs. of assistant engineers in an. reports. (See Assistants.)

PHYSICAL CHARACTERISTICS.

Route described, **84**, 1958, 1960.

Description of route recom. for sur., **99**, 2891; routes sur., **00**, 3858.

General instructions for field work, topography, hydrography, levels, etc., **03**, 1910.

Gauge readings, **04**, 2939; **05**, 2132.

PLANS.

By Maj. Benyaard, 1884, slack-water navigation accomplished by l. and d.; est., \$1,975,446 to \$3,433,562, **84**, 1959, 1964.

PROJECTS.

BE. est., 1900, that the provisional cost of an 8' chan. would be \$10,400,000, and that 10% less than this would be the cost of a 7' chan., **00**, 3861.

Act June 13, 1902, provided \$200,000 for a sur. from Lockport, Ill., to St. Louis, Mo., for a waterway of 14' (\$175,000 for section Illinois and Des Plaines Rs., \$25,000 for Mississippi R. Com.). Route as follows: From Lockport, Ill., by way of Illinois and Des Plaines Rs. to mouth of Illinois R.; and from mouth of Illinois R., by way of Mississippi R. to St. Louis, Mo. Section from mouth of Illinois R. by way of Mississippi R. to St. Louis, Mo., is in charge of Mississippi R. Com., **03**, 494, 638, 1904, Supp. 6, 68, 167.

SURVEYS.

Au. bet. La Salle and Joliet by act Aug. 2, 1882; made by Maj. Benyaard, **84**, 1958.

Sur. for extension of navigation from Illinois R. to Lake Michigan at or near Chicago, with est. for 7' and 8' chans., au. act Mar. 3, 1899, **99**, 2891; made, 1899-1900, by board. (Special R. made on the Illinois Canal in connection with this sur.) Pre. R., **00**, 3856. Final R. submitted by board Nov. 17, 1900, on 7' and 8' proj. with est. of cost: 7', \$7,317,977; 8', \$8,653,247, **01**, 534, 3048.³ Detailed, cost of locks on 7' and 8' proj., giving dimensions, etc., **01**, 3055.

Act June 6, 1900, au. sur. and ex. for 10', 12', and 14' chan. Made by BE. R., Nov. 18, 1900. Est. for 14', \$30,000,000. C. does not warrant this large expend., **01**, 534, 3058.⁴ Est. in detail for 14' waterway, Illinois R. to Lake Michigan, **01**, 3064.

Act June 13, 1902, au. ex. from Lockport, Ill., to mouth of Illinois R., thence to St. Louis, Mo., **03**, 494, 1904 (see also Supp. Mississippi R. Com., pp. 7, 68, 167); **04**, 541, 2931, Supp. 11, 53; **05**, 548, 2118, Supp. 10, 41. (See Board of Engineers.) Summary of field work for 14' waterway, Lockport, Ill., to St. Louis, Mo., **03**, 1907.

Act Mar. 2, 1907, au. consideration, by a commission, of sur. heretofore made, incl. questions of water power and drainage of lands, **07**, 635, 1933; **08**, 862. Board reports Mar. 20, 1909,⁵ **09**, 908.

Act June 25, 1910, appoints board to consider and R. upon waterway from Lockport, Ill., to mouth of Illinois R., **10**, 1014. Rs., Nov. 1, 1910, and Jan. 23, 1911,² **11**, 1073; **12**, 1287.

Estab. of bench marks, **03**, 1908.

Work prosecuted by Miss. R. Com. in connection with this sur., **03**, Supp. 7, 68, 167; **04**, Supp. 11, 53.

Part(d), NN-1 Illinois River, Ill., Locks and Dams. (Operating and care.)

OPERATIONS.

1892-93. Approaches to La Grange Lock kept dr., and necessary repairs made, **93**, 2830.

1893-94. Headbay platform of La Grange Lock repaired and strengthened. 500 c. y. st. placed below dam to protect against scour. Drain built at Kampsville Lock. Approaches to both locks kept dr., **94**, 2159.

1894-95. 150 l. f. pile revet. built at Kampsville Lock, and 140 c. y. riprap placed back of

revet. below the dam abutment. Misc. work and repairs performed, **95**, 2723.

1895-96. Necessary repairs made. Fishways constr. at both locks. 8,807 c. y. dr. from entrance to Kampsville Lock. Repair of plant commenced, **96**, 2605.

1896-97. Over 20,000 c. y. dr. from approaches. Repair of plant in progress. Misc. work of repair and mainten. done, **97**, 2822.

1897-98. About 6,000 c. y. filling placed. Repairs made to plant. Misc. work of mainten. and repair performed, **98**, 2442.

1898-99. 3,021 c. y. dr. from La Grange Lock, and about 2,500 c. y. dr. from Kampsville Lock. Misc. work, **99**, 2849.

1899-00. Ordinary work of mainten., etc., **00**, 3805.

1900-01. Mainten. and repairs at both locks **01**, 3010.

1901-02. Mainten. and repairs, **02**, 2115.

1902-03. Mainten. and repairs, **03**, 1917.

1903-04. 929 c. y. dr. from entrance to La Grange Lock; 1,742 c. y. dr. from entrance to Kampsville Lock, **04**, 2954.

1904-05. Revet. at La Grange Lock rebuilt, and windmill and tank erected; general repairs to works at Kampsville Lock, **05**, 2141.

1905-06. Dr., repairs, etc., at La Grange Lock; 6,930 c. y. dr. at Kampsville Lock, **06**, 1783.

1906-07. 3,010 c. y. dr. at La Grange; 6,137 c. y. dr. at Kampsville, **07**, 1939.

1907-08. Repairs to lock gates at Kampsville, **08**, 2007.

1908-09. Work of rebuilding lock gates at Kampsville completed; repairs to structures at both locks, **09**, 2008.

1909-10. Harvest of ice, repairs to lock gates, etc., at La Grange Lock; general repairs to works at Kampsville Lock, **10**, 2167.

1910-11. Repairs to machinery and structures at both locks, **11**, 2370.

1911-12. Revet. above land wall, La Grange Lock, repaired and ripped; minor repairs completed; 300 c. y. removed from around Kampsville Lock gates; repairs made to supt.'s house, and lawn was kept mowed, **12**, 2558.

PRIVATE WORK.

Sec. of War granted permission, 1904, to sanitary district of Chicago to lower dams 2', **04**, 2956. Work on dam at Kampsville commenced 1905 and completed 1906, **05**, 2141; **06**, 1783. Lowering of dam at La Grange in progress, **07**, 1939.

1888. F. R. Crane, dr., 13½ c. y., 89, 2112. The Fitzsimmons & Connell Co., break'r constr., \$118,117.87, 89, 2112.

* Allotment.

¹ Sur.—R., Feb. 24, 1830, est., \$59,722.24; Dec. 31, 1855, est., \$138,516.68; Nov. 15, 1856, indefinite; Sept. 30, 1857, est., \$174,450.74; Nov. 15, 1858, \$219,342.96; Aug. 2, 1864, est., indefinite; June 30, 1865, est., \$38,604. (H. D. 482, 55th, 2d.)

* \$50,000 addl. app. for H. of refuge, Chicago, intended for and applied to imp. of mouth of Calumet R., 71, 117.

* \$25,000 to be used at the discretion of the Sec. of War to imp. R. up to the forks.

* \$193,000 of this amount trans. to Chicago R., 09, 708.

1891. Kimball & Cobb Stone Co., superstr. reconstr., \$85,335.38, 91, 2599.
1892. Wisconsin Dredge & Dock Co., rebuilding superstr. (timber, ironwork, st., piles, etc.), \$37,856.77, 93, 2801. Green's Dredging Co., dr., 14¢ c. y., \$4,767.84, 93, 2802.
1894. The Fitz Simons & Connell Co., rebuilding and repair of superstr. (pine timber, ironwork, st., etc.), \$56,528.16, 95, 2698.
1896. Illinois Dredging Co., dr., 14¢ c. y., \$2,800, 96, 2576.
1899. Chicago Star Constr. & Dredging Co., dr., 7¢; removing and furnishing piles, iron dr. chain, and st. (est. total of contract, \$73,788.70), 99, 2825. Dr. annulled by supple. contract (see Legal proceedings), 00, 3780.
1901. Lyden & Drews Co., dr., 7.45¢ c. y., 01, 2991.
1905. Great Lakes Dredge & Dock Co., dr., 10.5¢ c. y., 06, 1773.
1906. Jackson & Corbett Co., removing old superstr. of n. p. and replacing with concrete, unit prices, 07, 1920.
1908. Great Lakes Dredge & Dock Co., constr. pile protection p.; Fitz Simons & Connell Co., dr., 22½¢ c. y., 08, 1988.
1912. Great Lakes Dredge & Dock Co., dr. about 68,000 c. y., at 24½¢ c. y., 12, 2537, 2539.

DOCUMENTS. (Not printed in reports.)

- R. of Maj. Graham for 1855-56, S. D. 16, 34th Cong., 3d sess. For 1857, S. D. 42, 35th Cong., 1st sess.
- R. of Lt. Col. Cram, Aug. 23, 1864, 66, 16.
- Letter of Maj. Houston, describing manner of sinking cribs, Oct. 28, 1874, 75, 228.

ENGINEERS.

- Chief of Engineers. R., 66, 5, ii, 37, 41, iii, 11, 35, iv, 110; 67, 20, 23, 96, 252; 68, 31; 69, 22, 23, 28; 70, 37; 71, 35; 72, 33, 159, 164, 170; 73, 34; 74, 40; 75, 45; 76, 98; 77, 103; 78, 117; 79, 157; 80, 210, 212; 81, 285, 287, 2161; 82, 280, 2209; 83, 288; 84, 289; 85, 312; 86, 306; 87, 272; 88, 247; 89, 287; 90, 259; 91, 329, 426; 92, 315; 93, 359; 94, 331; 95, 368; 96, 324; 97, 409; 98, 400; 99, 474; 00, 540; 01, 528; 02, 451; 03, 491; 04, 537; 05, 543; 06, 600; 07, 624; 08, 670; 09, 706; 10, 781; 11, 840; 12, 1005.

Boards:

- Convened, Chicago, Jan. 18, 1870. Made a personal ex. of the H., and adjourned to meet at Milwaukee following day, 71, 123. Met pursuant to adjournment, and unanimously approv. plan by Maj. Wheeler for break'r for an outer H. R., 70, 124. (Col. Maccomb, Lt. Col. Reynolds, and Majs. Wheeler, Weitzel, and McFarland.) See R. of Board of 1871, 82, 2237, 2340.

- Convened July 28, 1878. After full discussion, approv. plan submitted by Capt. Lydecker for modifications in break'r for outer H. and constr. of break'r n. and e. of the "present" n. p. R., 79, 1561. (Majs. Houston, Robert, Smith, and Mansfield, and Capt. Lydecker.)

- Convened Jan., 1881, to ex. and report on Maj. Lydecker's plan and location for exterior break'r. R., 81, 2162. (Cols. Tower and Newton and Lt. Col. Abbott.) (See Projects.)

- Constituted by S. O. No. 31, C. of E., 1882, to consider and report upon plans by Illinois Central R.R. for docks and wharves fronting outer H. R., 82, 2234. Recom. of board, 82, 2237. (Lt. Cols. Parke and Comstock and Maj. Weitzel.)

- Convened, Chicago, Sept. 17, 1890, by S. O. No. 61, to report upon the estab. of H. lines in Chicago H. R., 91, 2661. (Col. Poe, Maj. Davis, and Capt. Marshall.)

In charge:

- Lt. J. D. Webster, 1848-54. 76, ii, 433.
- Lt. Col. J. D. Graham, 1856-64. 76, ii, 433.
- Lt. Col. T. J. Cram, 1864. R., 66, 12, 14, 24.
- Lt. Col. L. Sitgreaves, 1865. 66, 20, iv, 91.
- Maj. J. B. Wheeler, 1866-70. R., 66, iv, 91, 114; 67, 55, 58, 86-92, 257; 68, 79, 110; 69, 73.
- Special on plan for a break'r for an outer H., 70, 79.

- Maj. W. E. Merrill, 1870, 70, 99.

- Maj. D. C. Houston, 1870-74. R., 70, 89, 96; 71, 117; 72, 129; 73, 215; 74, 155.
- Special, proposing modified cross section and st. foundations for cribs, 72, 160, 165; notes on wave motion, etc., 72, 168.

- Maj. G. L. Gillespie, 1874-76. R., 75, 228; 76, ii, 426.

- Capt. G. J. Lydecker, 1877-82. R., 77, 893; 78, 1183; 79, 1555; (Maj.) 80, 1983; 81, 2151.

- Special, Nov. 4, 1878, to president B.E., submitting modifications in plan of outer H. and a break'r n. and e. of the n. p., 79, 1562.

- Maj. W. H. H. Benyard, 1882-86. R., 82, 2203, 2207; 83, 1741; 84, 1943; 85, 2047; 86, 1701.

- Maj. T. Handbury, 1886-87. R., 87, 2109.
- Capt. W. L. Marshall, 1888-99. R., 88, 1886; 89, 2110; 90, 2399; 91, 2586; 92, 2237; 93, 2791; 94, 2127; (Maj.) 95, 2693; 96, 2571; 97, 2790; 98, 2415; 99, 2821.

- Maj. J. H. Willard, 1899-1901. R., 00, 3779; 01, 2987.

- Lt. Col. O. H. Ernst, 1902-04. R., 02, 2093;

- (Col.) 03, 1887; 04, 2917.

- Lt. Col. W. H. Bixby, 1905-08. R., 05, 2065;

- 06, 1771; 07, 1917; (Col.) 08, 1985.

- Maj. Thos. H. Rees, 1909-10. R., 09, 1987; 10, 2145.

- Lt. Col. G. A. Zinn, 1911-. R., 11, 2347; 12, 2537.

- Maj. Chas. S. Bromwell, 11, 840.

Assistants:

- Lt. A. Mackenzie, 66, iv, 91.
- Capt. D. P. Heap, R., 67, 86; 68, 110.
- W. T. Casgrain, 67, 119.
- E. S. Chesbrough, 70, 99.
- W. H. Harding. St. foundations for cribs, 72, 161.
- Lt. F. A. Hinman. R., 73, 213; 74, 155.
- R. S. Littlefield. R. on extension of n. p., 73, 214; 74, 155.
- J. Pierpont, 74, 155.
- J. C. Almy. R., 89, 2113.

- G. A. M. Liljencrantz. R., 90, 2402; 91, 2599; 92, 2240; 93, 2802; 94, 2131; 95, 2698; 96, 2577; 97, 2792; 98, 2415; 99, 2825; 00, 3783; 01, 2991; 02, 2096; 03, 1890; 04, 2919; 05, 2068.

- Navigation of Chicago R., 93, 2805.

ESTIMATES. (See Projects.)

- By Lt. Col. Graham, 1857, to complete the work, \$174,450.74, S. D. 42, 35th Cong., 1st sess.

- By Lt. Col. Cram, 1864, extension of both ps. \$88,704, 66, 5, 16, 24.

- By Maj. Wheeler, extension of n. p.; aggregate, \$86,744.65; details for one crib, \$4,572.35, 66, iv, 115; 14' chan., \$2,500, 67, 258, 259; extension of s. p., \$48,000, 68, 31; to complete the work, \$45,000, 69, 28, 73; enlargement of H. facilities by break'r, \$900,000, 70, 102; 74, 156.

- By Maj. Houston, completion of s. p., \$75,000, 70, 96; extension of n. p., \$78,000, 74, 156.

- By Maj. Gillespie, dr., \$5,000, 75, 45; 230; aggregate for proposed imp., \$150,000, 76, 99, ii, 431.

- By Capt. Lydecker, completion of existing proj., 77, 894; \$250,000, 78, 1185; \$600,000 addl. to complete outer H. as modified, and constr. break'r n. and e. of n. p., 1 m. in l., 79, 158, 1566.

LEGAL PROCEEDINGS.

- Encroachment of R.Rs. upon area of outer H., 82, 2207-2240; 87, 2110.

- Ownership and control of submerged lands in the outer basin decided to be in the State and the city, 95, 2694.

- Title to several slips and docks in possession of Illinois Central R.R. Co., 99, 2822.

- City of Chicago, 1899-1900, under old laws for the first time enforced, preventing all dumping in Lake Michigan within 8 m. of shore line bet. n. limits of city and Indiana State line, thus violating agreement to permit such dumping, and thereby compelling annulment of contract for dr., 00, 3780.

LEGISLATION.

Act May 23, 1908, made any or all of balance for Chicago H. available for Chicago R., 08, 1987.

Act June 23, 1910 (Public, No. 245) made it unlawful to dump dr. material or refuse of any kind into Lake Michigan, near Chicago, within 8 m. from shore, 10, 2146.

OPERATIONS. (See also Private work.)

History of, 76, ii, 433; 79, 1555. Suspended since 1852, 66, 5.

1866. Delayed to enable the city to perform the work proposed, viz. extension of the n. p., 66, ii, 37.

1867. Extension of n. p. in progress, 11,628' of timber framed, 67, 80.

1868. 96' of n. p. extension completed, and 3,152 c. y. of dr., 68, 111.

1869. N. p. completed, ending in 23' of water; extension of s. p. 600' under contract and in progress, 68, 28.

1870. S. p. extension continued; built to water surface, l. of 1,224', 70, 37, 96. Break'r for outer H. commenced, 256 l. f. built to water surface, 70, 37.

1871. 29 cribs, equal to 1,450 l. f., placed in break'r and completed to water surface, 71, 35, 117.

1872. Extended 1,100', 2,250 l. f. completed to date, 72, 33, 129.

1873. Extended 800', now 3,050' l., 73, 34, 213.

1874. Extension of break'r 1,100' and repairs, 74, 40, 155.

1875. Break'r extended 150 l. f., 1,400' of superstr. built, pile protection to n. end of break'r in progress, 100' added to n. H. p., repairs to n. and s. H. ps., and wreck removed, 75, 45, 228, 229.

1876. By hired labor, 1,250' of superstr. for break'r, 1,000' of pile protection at the n. end of break'r, 2 cribs sunk in extension of n. p., and repairs to n. and s. ps.; by contract, 10 cribs added to n. H. p. and superstr. nearly completed over the entire extension of 600'; also, removal of a schooner wreck, 76, 98, ii, 426.

1877. Superstr. over 600' of n. p. completed, and pile protection to pierhead built, pile protection to break'r extended 29', and repairs, 77, 108, 893.

1878. Slight repairs only, 78, 1183.

1879-80. Break'r extended 800' by hired labor, 88,758 c. y. dr. by contract, 79, 157, 1556; 974 piles driven for crib foundation, 1,900 l. f. of crib-p. superstr. placed in extension of s. break'r, and 2,300 l. f. of superstr. built; undue settlement of last 4 cribs placed; work mainly done by hired labor and purchase in open market, 80, 1984.

1880-81. 87 piles driven for crib foundations, 300 l. f. of crib substr. and 1,100 l. f. superstr. placed in s. break'r, thereby completing the proposed s. break'r, with l. of 3,000 l. f., 81, 2151; 72,158 c. y. dr. in outer H., 81, 2152; 82, 2204.

1881-82. 136,287 c. y. dr. from outer H., 82, 2204; 1,536 l. f. of exterior break'r built, 82, 2204; 83, 1742.

1882-83. 900 l. f. exterior break'r built, 83, 1742.

1883-84. 800 l. f. of exterior break'r built and 100 l. f. repaired, 84, 1944; 65,758 c. y. dr. from outer H., 84, 1945.

1884-85. 700 l. f. of exterior break'r built, incl. 100 l. f. destroyed in 1881, with extensive repairs to cribs, 85, 2048; settlement of cribs, 85, 2048; dr. in progress in outer H., 85, 2049.

1885-86. Injury to s. break'r from gales, 86, 1702.

1886-87. Repairs to break'r, 87, 2112.

1887-88. 95 l. f. of concrete superstr. laid; 400 l. f. of substr. laid in extension of the exterior break'r, 88, 1887.

1888-89. 400 l. f. superstr. built over outer extremity of exterior break'r; substr. of exterior break'r extended 408'; 4 cribs built to repair gap in s. break'r; 25,282 c. y. dr., 89, 2110.

1889-90. 748 l. f. substr. and 1,156 l. f. superstr. built at exterior break'r; 5 cribs placed in s. break'r gap, 90, 2400.

1890-91. 1,700 l. f. of e. break'r superstr. re-built, 91, 2597.

1891-92. Superstr. over e. break'r completed; superstr. built over n. p. and repairs made to same, 92, 2238.

1892-93. Over 3,000' superstr. at outer basin in course of reconstr., 93, 2793; over 34,056 c. y. dr. from chan. entrance to H., 93, 2794.

1893-94. Superstr. being rebuilt last year completed, 94, 2129.

1894-95. Rebuilding of superstr. of exterior break'r and repairs in progress, 95, 2695.

1895-96. In connection with preceding year, 2,200 l. f. of superstr. of exterior break'r rebuilt, 96, 2573.

1897-98. Misc. repairs made to ps. at entrance by persons responsible for damage to the same, 98, 2417.

1899-00. E. and s. break'rs filled with st., 00, 3780.

1900-01. 200,256 c. y. dr., 01, 2992.

1901-02. 625,752 c. y. dr. from outer basin, 02, 2094.

1902-03. 327,136 c. y. dr.; chan. completed 21' d. from Pine St. to lake, over bar at H. entrance, and over an anchorage area 1,150' x 3,000'; decking of n. p. repaired, 03, 1888.

1903-04. Reported shoal area opposite Thirtieth St. removed, 04, 2920.

1905-06. 338,318 c. y. dr. from outer basin, 06, 1771.

1906-07. 506,699 c. y. dr. from outer basin; 400' old superstr.-n. p. removed and replaced with concrete, new crib sunk, piles driven, and 77 concrete blocks made, 07, 1917.

1907-08. 12,090 c. y. dr. from outer basin, completing contract; total removed from outer basin, 857,107 c. y.; work continued on concrete superstr. of n. p.; work about 89% completed; 300' of p. for protection of lifeboats begun; 15,327 c. y. dr. from main entrance to H. up to Rush St., 08, 1985, 1986.

1908-09. Concrete superstr. of n. p. completed; pile p. to protect life-saving station completed at cost of \$4,961.48, one-half of which was paid by U.S. Life-Saving Service; chan. from lake to Rush St. completed; damages repaired at n. end of e. break'r; 33 cords st. dumped in angle of protection p., 09, 1987.

1909-10. Damages to ps. by vessels and storms repaired, 10, 2145.

1910-11. Slight repairs to superstr. over n. p. made; S.S. City of Benton Harbor of the Graham & Morton Line ran into s. clump of piles at outer end of p. and broke it down; S.S. also broke 20 l. f. of pile protection in front of p.; company acknowledged responsibility for having damage repaired, 11, 2348.

1911-12. 36,778 c. y. dr. under contract; 2,400 l. f. of decking, torn off exterior break'r, replaced by hired labor, 12, 2538.

PHYSICAL CHARACTERISTICS.

Described, 66, iv, 93, 114.

Gauge readings at Chicago R., 93, 2805; 94, 2137; 95, 2700; 97, 2793; 98, 2421; 99, 2826; 100, 3784.

Shoaling at entrance to outer basin, 06, 1772.

Chan. shoaled to 21', 12, 2538.

Depths referred to l. w. 1847 (Chicago city datum), which is 579.94' above mean tide, New York H. Max. draft carried m. l. w., 20'; oscillation average less than 1' daily, 12, 1005.

PRIVATE (CITY AND CORPORATE) WORK.

1864-65. Good results obtained by work done by the city, 66, 15.

\$75,000 app. by city for dr. and p. extension; 437' built in extension of n. p., 66, 15.

Imp. by Chicago Dock & Canal Co., 67, 23, 86, 91, 92; 68, 31, 110.

Encroachment of R.R. on H. areas, 82, 2207.

Under au. of Sec. of War, 1895, city constr. bulkhead along dock line and filled in the area shoreward of the bulkhead for a public park, 99, 2822.

File cluster replaced at w. end of n. p. by Northern Michigan Transpor. Co., 10, 2145.

PROJECTS. (See Estimates.)

By Lt. Col. Cram, repairs and extension of the n. and s. ps., 66, 16; modified by Maj. Wheeler, giving increased w. to cribs, dr. and extending the n. p. only, 66, iv, 114; 67, 86. Chan. for

vessels drawing 14', 67, 258, 259. Extension of the s. H. p., 68, 111; 69, 28. Outer H. formed by a break'r inclosing about 275 acres, 70, 101; 74, 156.

By Maj. Houston, modification of cross section of break'r and st. foundations for the cribs, 72, 33. Extension of the break'r instead of building the p., 72, 129. Extension of the n. H. p., 73, 214.

By Maj. Gillespie, extension of break'r s. 1,000', chan. to connect the outer H. with R., and repairs, 76, 99, ii, 431.

BE. approv. and recom. adoption of proj. by Capt. Lydecker for modifications in break'r for outer H. and constr. of a new break'r n. and e. of n. p., 79, 1561, 1562.

Work for imp. of H. commenced by U.S. under its first app., 1833, and continued at irregular intervals to 1864, thereafter more regularly to 1870. Bet. 1833 and 1870 proj. formation of chan. of entrance to mouth of R. bet. 2 ps. extending into the lake, and bet. which a chan. of about 14' was obtained. Amount app., 1833-69, incl., \$446,005, 76, ii, 433; 79, 1555. Bet. 1870 and 1876 addl. extensions made to the n. and s. ps., 76, 96; 76, ii, 426, 435. In 1870 the proj. for outer H. adopted, contemplating constr. of e. break'r about 3,000' from shore, and a se. break'r about 3,000' l., protected area being about 455 acres, of which 185 acres were reserved for ps. and slips, and 270 acres, with a d. dr. to 16', for harborage, 70, 101, 124; 76, ii, 435; 79, 1555; 86, 1702.

In 1878 proj. further modified by addl. break'r about 5,400' l., to be placed n. and e. of H. entrance, 79, 1561; 81, 2153, 2162; 86, 306. Amount app., 1870-86, incl., \$1,358,000; in 1886 est. \$240,000 required to complete existing proj., 86, 1703; 87, 2113.

In 1888 est. for completion of existing proj., incl. superstr. constr. over e. break'r in the outer H., completion of exterior break'r and outer basin, and dr. at H. entrance, increased to \$372,000, 88, 1887; 91, 2599.

By Capt. Marshall, 1893, rebuilding superstr. over the ps. in the outer basin, cost to be paid from part of 1892 app., 93, 2793; and for dr. chan. entrance to Chicago R. to w. varying from 200' to 250', and to d. of 16', 93, 2794.

Act Mar. 3, 1899, modified proj. of 1870 by providing for dr. an outer basin and H. entrance to 20' d., l. w., 97, 2791; 99, 2822.

Proj. modified, 1903, by providing for replacing superstr. of n. p. with concrete, etc., est., \$85,000, 03, 1888; au. act Mar. 3, 1905, 06, 600.

Lt. Col. Zinn recom. that superstr. over the outer 1,225' of s. p. be rebuilt of concrete; est., \$65,000, 11, 2348.

Act July 25, 1912, au. extension and constr. of exterior break'r, provided city of Chicago undertake imp. work contemplated by it (H. D. 710, 62d, 2d), 12, 1007.

COMMERCE. (See Chicago H.)

Important, 81, 2165.

Description of, 96, 2574.

About 11,000,000 t. an. 1896, 96, 2574.

List giving dimensions and tonnage of SS. navigating the R., 97, 2796.

The R. and its branches the most active and important nontidal stream of its length in the U.S., 00, 3870.

Decreasing for prior 10 years on account of 16' chan. only; greater d. impossible until tunnels are removed, 02, 2098.

An imp. R. of great use in controlling rates, 10, 788.

C. development greatly retarded by center-p. brs. in the R.

A good deal of C. gone since 1897 to Calumet R., 12, 1010.

CONTRACTS.

1896. Green's Dredging Co., dr., 10.9¢ c. y.; removing piles, \$1 each; removing old dock work, 50¢ c. y. (\$50,193.54), 97, 2799. Lydon & Drews Co., dr., 9.7¢ c. y.; removing old piles, \$1 each; removing old dock work, 13¢ c. y. (\$82,438.45), 97, 2799.

1899. Lydon & Drews Co., dr., 16.9¢ c. y. (\$39,125.50); constr. 4,782 l. f. dikes (piles, timber, ironwork). Est., entire contract, \$86,737.67, 99, 2828.

1905. Chicago & Great Lakes Dredge & Dock Co., dr., 12½¢ c. y.; dock constr. at unit prices, 05, 2071.

1908. Great Lakes Dredge & Dock Co., dock constr. at unit prices; Fitz Simmons & Connell Co., dr., 22½¢ c. y.; Great Lakes Dredge & Dock Co., dr. and r. excavation at unit prices, 08, 1992, 1993. Great Lakes Dredge & Dock Co., dr. and r. excavation in South Fork, South Branch, and dr. in North Branch; est., \$162,985, 09, 1991, 1992.

1909. Fitz Simmons & Connell Co., redr. North Branch turning-basin, 17¢ c. y.; Great

¹ Trans. from Chicago H., 1907 app.

Lakes Dredge & Dock Co., redr. South Branch turning-basin, 17½ c. y., **10**, 2150.

1910. Great Lakes Dredge & Dock Co., dr., 35¢ c. y.; r. excavation, \$5.35 c. y., in North Branch, **10**, 2151. Great Lakes Dredge & Dock Co., dr., 35¢ c. y., s. m.; and r. excavation, \$5.40 and \$3.95 c. y., p. m., **11**, 2353.

1912. Great Lakes Dredge & Dock Co., dr. (\$45,570), 21¢ c. y., s. m., **12**, 2544.

ENGINEERS.

Chief of Engineers. R., 80, 212; **93**, 359; **98**, 401; **99**, 476, 485; **00**, 541, 550; **01**, 529; **02**, 452; **03**, 492; **04**, 537; **05**, 544, 2073; **06**, 601, 608; **07**, 626; **08**, 672; **09**, 708; **10**, 783, 796; **11**, 842, 855; **12**, 1008, 1024.

In charge:

Maj. G. J. Lydecker, 1880. **R., 81**, 2165, 2167.
Maj. W. L. Marshall, 1897-99. **R., 97**, 2793; **98**, 2421; **99**, 2826.

Maj. J. H. Willard, 1899-1901. **R., 00**, 3784, 3863, 3865; **01**, 2992.

Lt. Col. O. H. Ernst, 1902-04. **R., 02**, 2097; (Col.) **03**, 1892; **04**, 2920.

Lt. Col. W. H. Bixby, 1905-08. **R., 05**, 2069; **06**, 1773; **07**, 1921; (Col.) **08**, 1989.

Maj. Thos. H. Rees, 1909-10. **R., 09**, 1990; **10**, 2147.

Lt. Col. G. A. Zinn, 1911-. **R., 11**, 2350; **12**, 2540.

Assistant. G. A. M. Liljenerantz. R., 97, 2800; **98**, 2424; **99**, 2830; **00**, 3786; **01**, 2994; **02**, 2099; **03**, 1894; **04**, 2922; **05**, 2071.

LEGAL PROCEEDINGS.

Title secured to nearly all the land needed for **R. w., 99**, 2828; **00**, 542.

Sec. of War granted permission to Chicago Sanitary District to connect its artificial-drainage canal with the **R.** subject to the after action of Congress, **99**, 477.

Local requirements connected with dumping into Lake Michigan, **00**, 3867.

Six tracts of land required for North Branch turning-basin, and 16 for South Branch turning-basin in process of acquirement, **03**, 1892; **04**, 2921.

Notices served, Sept. 30, 1904, upon owners and lessees of tunnels under Chicago **R.**, requiring their alteration to give least d. over them of 22', alterations to be completed by Apr. 15, 1906, **05**, 2069, 2074.

U. S. Supreme Court decision of Mar. 12, 1906, with references to franchises of st. ry. cos.; application for rehearing; Sec. of War, Apr. 27, 1906, granted extension of time limit to July 1, 1906, for commencement of tunnel alterations, **06**, 1774.

As result of petitions from navigation interests relating to obstr. character of center-p. brs. owned by city of Chicago, War Dept. ordered removal of brs. at Fuller, Lake, and Indiana Sts. to allow d. of 22' and 23', giving permission to replace these brs. with certain types, of adequate clearances, within time limit, **09**, 1992, 1993.

OBSTRUCTIONS. (See Physical characteristics.)

Sewage and other such waste material deposited in the **R., 99**, 2827; **00**, 3868.

Obstr. brs. and tunnels, **00**, 3866.

Imp. more or less obstr. by people, city, and other au., **00**, 3868.

Act Apr. 27, 1904, declared tunnels under **R.** unreasonable obstr. to navigation and made it duty of Sec. of War to order owners to alter them, **04**, 2921.

R. of Col. O. H. Ernst, on ex. of, and proposed plans for removal of tunnels under **R., 05**, 2074; **R.** of public hearing, **05**, 2081; 2109.

Complaints in regard to certain brs. obstr. navigation (see Legal proceedings), **09**, 1992.

Complaints by vessel men of unreasonable delays at some of brs. across **R.**; believe War Dept. should adopt regulations governing operation of brs., **11**, 2351.

Complaints of individuals and corporations representing navigation interests, that St. Charles Air

Line Br. should be declared an obstr. to navigation, and ordered removed, **11**, 2352.

"Recently" dr. chans. becoming rapidly shoaled by operations of Sanitary District, and by city sewage; no evidence this would be remedied in near future, **12**, 2541.

Brs., removal ordered, constr. of, etc., **12**, 2541.

Regulation governing br. operation, similar to those governing Calumet **R.**, recom., **12**, 2541.

Old docks, decayed, ordered rebuilt by U. S. engineers, to prevent material behind them running into **R.**, **12**, 2543.

OPERATIONS.

1895-96. 24,755 c. y. dr., **96**, 2574.

1896-97. 507,576 c. y. dr., **97**, 2795.

1897-98. 854,352 c. y. dr., **98**, 2422.

1898-99. 25,598 c. y. dr. from South Branch; 392,791 c. y. dr. from North Branch; w. and docking off the **R.** begun (maps), **99**, 2827.

1899-00. 93,591 c. y. dr. from North Branch, **00**, 3785.

1900-01. 59,803 c. y. removed in constr. of docks and 1,596 l. f. docks built, **01**, 2995.

1901-02. Tracts Nos. 2 and 8 acquired and dock imp. completed; 106,848 c. y. land and old dock removed, and 4,893 l. f. dock constr. under contract at cost of \$20.05 l. f. of dock, **02**, 2099, 2100.

1904-05. All old docks removed from site of North Branch turning-basin, and 275,111 c. y. dr., **05**, 2072.

1905-06. 132,127 c. y. dr. from, and 343 l. f. dock built, at North Branch basin, and 295,275 c. y. dr. from, and 261 l. f. dock built at South Branch basin; North Branch basin completed, **06**, 1774.

1906-07. 34,006 c. y. dr., and 543 l. f. dock built at South Branch basin, completing contract; cost of both North and South Branch basins, \$454,858.61, **07**, 1921.

1907-08. 120 piles driven under contract No. 1; 3,075 c. y. material dr. under contract No. 2, and 21,378 under contract No. 3, **08**, 1989.

1908-09. Contract No. 1 completed; total l. of dock built, 484', at cost of \$10,041.61. Contract No. 2 completed; total amount dr., 171,529 c. y., at cost of \$38,594.03. Contract No. 3 completed, 591,335 c. y. having been removed from North Branch canal and North Branch, and 124,551 c. y. soft material, 23,783 c. y. r. and 3,195 c. y. hardpan having been removed from South Fork, South Branch, at total cost of \$233,766.32. Under contract No. 4, 168,092 c. y. dr. from North Branch and 66,565 c. y. from South Fork, South Branch, **09**, 1991.

1909-10. 15,464 c. y. soft material and 14,882 c. y. r. and hardpan removed from South Fork, South Branch, and 410,823 c. y. removed from North Branch; North Branch turning-basin completed, 87,974 c. y. removed; South Branch turning-basin completed, 114,237 c. y. removed; 9,390 c. y. overlying material and 6,262 c. y. r. removed from North Branch; work completed, **10**, 2148.

1910-11. Work of r. removal in North Branch, vicinity of Fullerton Ave., in progress; proj. practically completed, **11**, 843, 2350.

1911-12. 31,406 c. y. soft material and 29,752.06 c. y. r. removed from North Branch under contract of Oct. 24, 1911; 40,862 c. y. dr. up to the N. Halstead St. Br., and 1,528 c. y. from w. draw of St. Charles Air Line Br., under contract of Apr. 26, 1912, **12**, 2540.

PHYSICAL CHARACTERISTICS. (See Obstructions.)

Description of, **81**, 2165, 2167; **93**, 2794; **96**, 2573; **97**, 2794.

R. the inner H. of Chicago, **97**, 2793.

Narrow stream about 16 m. l., lined with wharves and warehouses, and obstr. by numerous brs. Into it flows the sewage of Chicago. **93**, 2794.

List of brs., crossing it, and its branches, **93**, 2807.

Tunnels under the **R.** absolutely limit the draft of vessels, and the br. draws, docks, and bends absolutely limit the l. and beam, **97**, 2795.

Table showing how far vessels of certain dimensions can navigate the **R.** and its branches, **97**, 2797.

Shoaling: Deposits of solid material brought into the stream, **00**, 3785, 3867; **12**, 1009.

Depths throughout proj. portion of **R., 11**, 844; **12**, 1009.

At 1912, water level varies 6.5', an average of less than 1' a day. The R. has a current from the lake toward Sanitary District Canal varying from 0 up to about 3 m. an hour, according to diversion and seiches, 12, 1010.

Current observation in progress, 12, 1010.

PLANS. (See Projects.)

Maj. Lydecker, 1880, est. formation of dr. chan. 17' x 175', mouth to junction of North and South Branches, would cost about \$27,750, and, for that part of North Branch above the junction, to make chan. 15' x 200' would cost about \$285,000; but reported that such imp. should be made by and at the cost of the private and local interests involved, 81, 2165, 2168.

PRIVATE (CITY) WORK.

In 1895 Sec. of War permitted Chicago to fill in a part of the outer basin for public park, 96, 2572.

South Branch dr. d. by Sanitary District of Chicago, 00, 3785.

Sanitary District of Chicago, dr. 476,344 c. y. and building 5,078 l. f. new dock, and brs., 03, 1892.

Sanitary District of Chicago removed 197,611 c. y. and built 1,248 l. f. wooden dock, and 3,275 c. y. concrete dock, 04, 2921.

Sanitary District of Chicago, securing 26' chan. 200' w. through South Branch, for 5 m.; wreck of schooner *Winslow* removed at expense of city of Chicago, 05, 2070.

Work by Sanitary District of Chicago continued, 06, 1775.

Chicago Union Traction Co., at expense of traction company and city of Chicago, completed removal of tunnel under main branch of R. at La Salle St., and continued work on removal of tunnels at Washington and Van Buren Sts., 07, 1922; 08, 1990.

100,000 c. y. material removed, and 500 l. f. crib built; Dearborn St. Br. completed by Sanitary District of Chicago, 08, 1991.

Sanitary District of Chicago removed 14,638 c. y. from North Shore Canal and North and South Branches, and 52,000 c. f. from w. side of R. bet. 12th and 16th Sts., 09, 1992.

Sanitary District of Chicago removed 110,280 c. y. from South Branch, and 57,826 c. y. from South Fork of South Branch, 10, 2149.

Sanitary District of Chicago dr. 406,000 c. y., which resulted in chan. 26' x 200' through South Branch of R., mouth to Chicago Drainage Canal entrance, except at a majority of the br. draws, 11, 2350, 2351. North Shore Canal completed and opened Nov., 1910, 11, 2351.

Sanitary District of Chicago removed 151,043 c. y. from South Branch, removed land, old docks, and foundation piles, constr. new docks, etc., 12, 2541.

PROJECTS. (See Plans.)

By Capt. Marshall, 1893, dr. R. from mouth to stock yards on the South Branch, and to Belmont

Ave. on North Branch, as far as might be permitted by existing docks and wharves, to permit passage of vessels drawing 16'; and acquiring title to and cutting away of certain obstr. bends and projecting docks, narrowing and obstr. the chan.; est., \$700,000; est. an. cost of mainten., \$80,000 to \$120,000, 93, 2800. Adopted by Congress, 1896, continuous contract system, 96, 2574; 97, 2794. Est. an. cost for mainten., 1898, \$35,700 to \$50,000, 98, 2422.

By Maj. Marshall, 1896, dr. R. near the Illinois Central and Rush St. Brs. to 8', 96, 2573, 2574. Stability of structures along the R., 00, 3866.

Maj. Marshall est., 1899, \$500,000 to \$810,600 for 21' chan. (see Surveys, 1899), 00, 3870.

Act June 13, 1902, au. turning-basins, one on South and one on North Branch, dr. to 20' draft; est., \$500,000, 02, 2098; 06, 601.

Act Mar. 2, 1907, au. imp. and mainten. by certain dr. in main R., North Branch (incl. canal), South Fork of South Branch, and excavating hardpan and r. in North Branch and South Fork; est., \$810,600, 08, 672; 12, 1009.

Recom. that U. S. redr. R. to 21', and mainten. be undertaken by city of Chicago and Sanitary District; approv. by Dept., 12, 2541.

SURVEYS.

Au. act June 14, 1880, 80, 212; made by Maj. Lydecker, 1880, 81, 2165.

In 1892 Congress directed that a R. should be submitted showing what imp. should be made by the U. S., an est. to accompany it. R. submitted by Capt. Marshall, 1893 (see Projects), 93, 2794.

Ex. of the R. up to the forks made, 1895-96, by Capt. Marshall, 96, 2573.

Ex. and sur. for est. of cost of 21' chan. from mouth to stock yards on South Branch and to Belmont Ave. on North Branch, as far as permitted by existing docks and wharves, au. act Mar. 3, 1899; made, 1899, by Maj. Marshall (R. fav. on some conditions), 00, 3863.

Pre. ex. and sur., West Fork of South Branch of Chicago R., for 21' chan., made, R., July 7 and Dec. 12, 1905, by Lt. Col. Bixby; imp. by U. S. inadvisable (H. D. 700, 59th, 1st), 06, 608.

Made at various br. crossings, 09, 1992.

Ex. West Fork of South Branch, for chan. 21' x 100', au. act Mar. 3, 1909; made by Maj. Rees (R. unfav.) (H. D. 392, 61st, 2d), 10, 796.

Ex. and sur. au. act June 25 1910, West Fork of South Branch. R. submitted 1910; public hearing by B.E.R.H. Sept. 20, 1911, to be submitted to Congress, 12, 1011, 1025.

Ex. and sur. au. act Mar. 3, 1909, of Chicago R., in connection with various Rs. and Hs. in vicinity of Chicago; R., Maj. Rees, Aug. 28, 1909, and Lt. Col. Zimm, Oct. 7, 1911; est. for general imp., \$1,211,195 (H. D. 710, 62d, 2d), 10, 796; 11, 855; 12, 1024.

Cong. docs., etc., relating to exs., sur., plans, etc., 76, 435; 02, 2097; 06, 601; 12, 1008; Bull. 21 (1912), U. S. Lake Sur. Office, Detroit, Mich.

Maps. 97, 2798; 99, 2832; 03, 1892.

Total, 1,597,230 (incl. sales, \$1,537,231, 12, 2545).

COMMERCE.

As H. of refuge, 70, 104; 76, ii, 441.

Objections to imp. H., 70, 105.

Benefits of imp., 73, 215, 216; 76, ii, 443, 444.

Local mfg. interests, 73, 215; 75, 233; 76, ii, 443.

Advantages to be derived from imp., 80, 1989.

Increase in mfg. interests and tonnage from imp., 90, 2404.

Rapidly increasing, 93, 2810; increase thought phenomenal, 95, 2702; 96, 2581.

The average size of vessels seeking the port in 1894-95 greater than at any other port in the world, 95, 2773.

The existence of this imp. H. is claimed to save at least 50¢ t. over Chicago R. rates, and more over the usual Calumet R.R. rates, 06, 604.

Receipts and shipments of freight have increased during decade by about 3,000,000 t., 11, 2355.

More new mfg. plants are occupying R. banks, 11, 849.

Tonnage, 1902, 4,454,000; 1906, 5,291,000; 1909, 6,155,000; 1911, 6,608,000 t., 12, 2546.

H. works fully entitled to half the credit of all the C. developed by the combined R. and H. imp. since 1870.

CONTRACTS.

1874. W. S. Carlin, dr., 17½¢ c. y., 75, 231.

1875. R. M. Steel, materials and labor, 75, 232; 76, ii, 438. John H. Gutches, dr., 75, 232; 76, ii, 438.

1879. Culbert Bros., p., 80, 1987; completed, 80, 1987.

1880. G. Hannahs, p. extension, 81, 2172; completed, 81, 2169. O. B. Green, dr., 25¢ c. y., 81, 2171; completed, 81, 2169.

1881. Chicago Dredging & Dock Co., dr., 28½¢ c. y., 81, 2172; completed, 81, 2172.

1883. Walsh & Hannahs, p. extension, 83, 1748; extended, 83, 1748; completed, 84, 1946. Calumet & Chicago Canal Dock Co., dr., 17½¢ c. y., 83, 1748; extended, 83, 1748; completed, 84, 1946.

1886. H. B. Herr & Co., p. extension, 87, 2118.

1888. H. B. Herr & Co., p. extension, \$8,954.70, 89, 2118.

1890. W. A. McGillis & Co., dr., 13½¢ c. y., 91, 2602.

1892. Wisconsin Dredge & Dock Co., crib-work, piling, etc., \$13,507.93, 93, 2811.

1894. Fitz Simons & Connell Co., rebuilding superstr. of ps. (timber, ironwork, st., etc.), \$7,419.30, 95, 2705.

1896. N. G. Dodge & Son, dr., 17.5¢ c. y. (\$4,812.50), 96, 2583.

1897. Hausler & Lutz Towing & Dock Co., p. extension (timber, piles, ironwork, etc.), \$36,438.73, 97, 2806. Lydon & Drews Co., dr., 9¢ c. y. (\$14,400), 97, 2805. G. Cooper, rebuilding superstr. (timber, st., ironwork, etc.), \$4,128.20, 97, 2807.

1899. Hausler & Lutz Towing & Dock Co., break'r (timber, piles, ironwork, st., dr.), \$350,451.88, 99, 2836.

1902. Lydon & Drews Co., dr. area sheltered by break'r and chan. bet. ps.; Hausler & Lutz Towing & Dock Co., rebuilding dock along part of n. p., 02, 2104. Gillen & Gillen, repairing damage to break'r caused by SS. *Matoa*; cost, \$7,160; Gillen & Gillen, break'r extension, 03, 1897, 1898.

1904. Chicago & Great Lakes Dredge & Dock Co., laying new superstr. and decking s. p., 05, 2111.

1905. Great Lakes Dredge & Dock Co., rebuilding 300' of p. superstr., 06, 1778.

1908. Cullen-Friestedt Co., repairs to break'r, 08, 1894.

1912. Great Lakes Dredge & Dock Co., dr. in the amount of \$37,845, at 21½¢ c. y., s. m., 12, 2545.

ENGINEERS.

Chief of Engineers. R., 70, 37, 123, 124; 71, 35; 72, 34; 73, 35; 74, 41; 75, 46; 76, 99; 77, 103; 78, 118; 79, 158; 80, 211; 81, 286; 82, 280; 83, 288, 1748; 84, 290; 85, 313; 86, 307; 87, 273; 88, 248; 89, 288; 90, 260; 91, 330; 92, 316; 93, 361; 94, 332; 95, 369, 376; 96, 325; 97, 412; 98, 402; 99, 477; 00, 542; 01, 529; 02, 453; 03, 493; 04, 538; 05, 545; 06, 603; 07, 628; 08, 674; 09, 711; 10, 787; 11, 845, 855; 12, 1011, 1024.

Boards:

Board reports that the imp. of Calumet R. would not afford the relief needed by the crowded C. of Chicago, and therefore recommend no plan for this purpose, 70, 125; 76, ii, 442. (Col. Macomb, Lt. Col. Reynoldson, and Maj. Wheeler, Weitzel, and McFarland.)

Convened by S. O. No. 84, Corps of Engineers, 1882, Lt. Col. Houston, Maj. Smith and Benyaurd, 83, 1748. (See Projects.)

In charge:

Maj. J. B. Wheeler, 1870. R., 70, 104.

Maj. W. E. Merrill, in temporary charge, 1870, 76, ii, 442.

Maj. D. C. Houston, 1870-74. R., 71, 117; 72, 130; 73, 215; 74, 159.

Maj. G. L. Gillespie, 1874-77. R., 75, 231; 76, ii, 438.

Capt. G. J. Lydecker, 1877-81. R., 77, 894; 78, 1185; 79, 1567; (Maj.) 80, 1986; 81, 2168.

Maj. W. H. H. Benyaurd, 1882-86. R., 82, 2240; 83, 1745; 84, 1946; 85, 2051; 86, 1704.

Maj. T. H. Handbury, 1886-87. R., 87, 2117.

Capt. W. L. Marshall, 1888-99. R., 88, 1888; 89, 2116; 90, 2404; 91, 2602; 92, 2245; 93, 2810; 94, 2138; (Maj.) 95, 2701, 2771; 96, 2580; 97, 2801; 98, 2425; 99, 2833.

Maj. J. H. Willard, 1899-1901. R., 00, 3788; 01, 2995.

Lt. Col. O. H. Ernst, 1902-04. R., 02, 2101; (Col.) 03, 1896; 04, 2924.

Lt. Col. W. H. Bixby, 1905-08. R., 05, 2109; 06, 1776; 07, 1924; (Col.) 08, 1893.

Maj. Thos. H. Rees, 1909-10. R., 09, 1995; 10, 2151.

Lt. Col. G. A. Zinn, 1911-. R., 11, 2353; 12, 2544.

Assistants:

Capt. D. P. Heap, 70, 104.

Lt. F. A. Hinman, R., 73, 215; 74, 159.

G. A. M. Liljencrantz, R., 82, 2243; 89, 2118; 90, 2405; 91, 2604; 92, 2247; 93, 2812; 94, 2140; 95, 2703; 96, 2588; 97, 2807; 98, 2429; 99, 2837; 00, 3791; 01, 3000; 02, 2105; 03, 1899; 04, 2927; 05, 2112.

ESTIMATES. (See Plans and Projects.)

By Maj. Wheeler, completion, \$299,875.52, 70, 105, 107; 76, ii, 441.

By Capt. D. P. Heap, completion, \$695,000, 70, 105, 107; 76, ii, 441.

By Capt. Lydecker, an. repairs, \$5,000, 79, 1569.

LEGAL PROCEEDINGS.

On Dec. 9, 1902, SS. *Matoa* ran into new break'r, making a break 18' x 36'; claim against owners (Pittsburg Steamship Co.) entered by U. S. dist. atty., 03, 1897.

LEGISLATION.

Act recom. by BE., 1882, for protection of chan. in Calumet R., 83, 1750.

Act June 23, 1910, made unlawful to dump dr. material or refuse of any kind whatever into Lake Michigan, near Chicago, within 8 m. from shore, 10, 2152.

OPERATIONS.¹

1870-71. 320 l. f. n. crib p. built; 192 l. f. s. crib p. built; 184 l. f. s. pile p. built; cribs built at Chicago for this work, 71, 35, 118; 76, ii, 443.

¹ History of operations to 1875, 76, ii, 441. June, 1875, l. of n. p., incl. pile work, 2,869 l. f.; l. of s. p., incl. revet., 1,214 l. f., 75, 232.

Abstracts of materials used and work done, 75, 232; 76, ii, 438; 79, 1567. Total l. of ps., 4,260; total dr. given as 280,000 c. y., 79, 1568.

1871-72. 384 l. f. n. crib p. built; 320 l. f. n. p. superstr. built; 256 l. f. s. crib p. built; 475 l. f. s. pile p. built, 72, 34, 130; 76, ii, 443.

1872-73. 464 l. f. n. crib p. built; 228 l. f. s. crib p. built; 570 l. f. s. pile p. built; 384 l. f. s. p. superstr. built; 49,700 c. y. dr., 73, 35, 215; 76, ii, 443.

1873-74. 200 l. f. n. crib p. built; 384 l. f. n. p. superstr. built; 200 l. f. s. crib p. built; 228 l. f. s. p. superstr. built; 37,465 c. y. dr., 74, 41, 159; 76, ii, 443.

1874-75. 150 l. f. n. crib p. built; 350 l. f. n. p. superstr. built; 100 l. f. s. crib p. built; 300 l. f. s. p. superstr. built; 49,874 c. y. dr., 75, 46, 231.

1875-76. 150 l. f. n. p. superstr. built; 200 l. f. s. crib p. built; 100 l. f. s. p. superstr. built; 34,496 c. y. dr.; repairs, crib work by contract, superstr. by hired labor, 76, 99, ii, 438.

1876-77. 13,886 c. y. dr., 77, 103, 895.

1877-78. 150 l. f. n. crib p. built; cribs sunk on pile foundation; cribs on s. p. refilled, 78, 118, 1185.

1878-79. 200 l. f. n. crib p. built; 200 l. f. n. p. superstr. built; repairs, 79, 1567.

1879-80. 200 l. f. p. extension, repairs to ps., and dr. through bar at entrance to H., 80, 1987.

1880-81. 250 l. f. crib p. built; 14,547 c. y. dr.; minor repairs to ps., 81, 2169.

1882-83. 11,007 c. y. dr., 200' of cribwork completed and piles driven for p. foundation, 83, 1745.

1883-84. P. extension and dr.; 247 cords st. purchased for refilling p., 84, 1946.

1884-85. S. p. extended 200 l. f.; repair of 748' of plank revet., 85, 2051.

1886-87. S. p. extended 150'. Total work done since 1870: N. p. extended 3,640'; s. p., 1,870'; 384,376 c. y. dr., 87, 2117.

1888-89. N. p. completed to 3,640'; s. p. to 2,020', 89, 2117.

1890-91. 29,088 c. y. dr., 91, 2602.

1891-92. 57,930 c. y. dr., 92, 2246.

1892-93. 1,600 l. f. of superstr. of ps., etc., being rebuilt, 93, 2810.

1893-94. Works of preceding year completed, 94, 2138.

1894-95. Repair of 1,600 l. f. of superstr. of n. and s. ps. in progress, 95, 2701.

1895-96. Work of preceding years completed, 96, 2580; and 5,200 c. y. dr., 96, 2581.

1896-97. 227,225 c. y. dr.; s. p. extended 800 l. f., 97, 2802, 2803; and rebuilding of 500 l. f. of n. p. commenced, 97, 2803.

1897-98. Superstr. of n. p. repairs commenced last year completed, 98, 2426.

1899-00. Outer breakw'r under constr. (drawings), 00, 3789.

1900-01. 2,200' foundation prepared, 19 cribs constr., 24 cribs sunk and filled with st., 1,700' superstr. built, and 2,529 l. f. ice guard placed, 01, 3000.

1901-02. Constr. of breakw'r continued, and 327,978 c. y. dr., 02, 2105.

1902-03. Breakw'r completed, 905,233 c. y. dr., breakw'r extension continued, and rebuilding of dock at n. p. completed, 03, 1896, 1897.

1903-04. Breakw'r constr. and dr. continued, 04, 2924.

1904-05. SE. breakw'r extension completed at cost of \$276,030.87, and rebuilding of superstr. of inner 1,200' s. p. begun, 05, 2109.

1905-06. Rebuilding superstr. of s. p. completed; 2 pile clusters placed at end of n. p.; all proj. work completed, 06, 1776.

1907-08. Repairs to breakw'r commenced, 08, 1993.

1908-09. Repairs to breakw'r completed, 09, 1995.

1909-10. Damages done by storms repaired by hired labor, 10, 2151.

1910-11. Work consisted in mainten., 11, 846.

1911-12. 23,771 c. y. dr. under contract repairs made to breakw'r by replacing decking, 12, 2544.

PHYSICAL CHARACTERISTICS.

General, of Calumet R. and tributaries, 70, 104, 105; 95, 2771; 96, 2584.

Rocky reef $\frac{1}{2}$ m. n. of ps. and 2,800' from shore, 70, 105.

Advance of shore line 600' on n. side of the n. p. and a recession of 180' alongside s. p. since 1870 75, 233; and from 1875 to 1877 further advance on

the n. side of 200' and a further recession of 70' on the s. side, 77, 895.

Corresponding movement of the d. w. lines, 77, 895.

Average an. advance of shore line n. of ps., 115', 1870 to 1877, 77, 895.

Calumet larger than the Chicago R., 76, ii, 441.

H. one of the Hs. of the port of Chicago, 96, 2584.

Drifting sand causing shoals, 96, 2580; 00, 3789.

Violent and unusual oscillations of lake levels, 03, 1897; w. l. has total variation of about 6.5' from highest known to lowest known w., and an average of less than 1' oscillation per day, 12, 1013.

Considerable damage done to breakw'r by severe storms of winter and spring of 1908, causing several breaks, 08, 1993.

Max. draft at m. l. w., 20', 11, 846.

Shoaling, 11, 2353.

900' of n. p. are in dilapidated condition and need rebuilding, 12, 1012.

H. 12 $\frac{1}{2}$ m. s. of Chicago—known on Great Lakes as South Chicago H., 12, 1011.

PLANS. (See Projects.)

By Capt. Heap, 1869, ps. and dr. to 18'; est., \$695,000, 70, 107. Proj. of Maj. Wheeler and plan of Capt. Heap compared, 70, 105; 76, ii, 441.

PRIVATE (CORPORATE) WORK.

Imp. by Calumet & Chicago Canal & Dock Co., 71, 117.

Contractor for dr. and revet., Charles Mears, 71, 117, 118.

In 1895-96 Illinois Steel Co. dr. practicable 19' chan. to its slip, 96, 2581; and did more work of this character in following year, 97, 2803.

Illinois Steel Co. dumped, under special permit, heavy blocks of slag along n. side of break'r, forming valuable protection, 02, 2105.

Sec. of War granted permission to the Illinois Steel Co. to constr. and maintain bulkheads, and fill solid behind the same in Lake Michigan, n. of the mouth of Calumet R., subject to conditions; permission also granted the Iroquois Iron Co., Mar. 11, 1910, to do similar work, 10, 2152; 11, 2354.

PROJECTS.

By Maj. Wheeler, 1869, 2 parallel ps., 300' apart; dr. to 13 $\frac{1}{2}$ ' in chan.; est., \$299,875. Conditions of recom., 70, 104, 107; 76, ii, 441, 442. Approv. by Chief of Engineers and adopted, 71, 117.

By Maj. Wheeler, 1870, forming H. by extension of 2 parallel ps. 300' apart, and extended to at least the 12' curve; est., \$300,000, 70, 104, 107; 71, 117; 76, ii, 441, 442. Modified subsequently to provide a chan. of entrance 16' x 300', 80, 211, 1988; 86, 307.

By Maj. Gillespie, 1875, to extend n. p. to 18' curve, and the s. p. to 12' curve; dr. in chan., 75, 232; 76, ii, 438; 77, 895.

By BE., 1882, for dr. chan. in Calumet R., 16' x 200', from Lake Michigan to fork at Calumet Lake; est., \$225,000, 83, 1750. (Lt. Col. Houston and Maj. Smith and Benyard.) Approv. by Chief of Engineers, 83, 1748. In 1886, \$392,000 having been app., \$11,400 est. for completion of existing proj., 86, 307.

In 1888 Capt. Marshall est. for completion of chan. 16' x 300' bet. ps., and reconstr. of n. and s. p. superstr., at total of \$43,500, 88, 1889. Increased in 1889 to \$47,000, 89, 2117; and in 1890 to \$67,000, 90, 2405.

By Capt. Marshall, 1892, rebuilding part of superstr. and revet. of ps. for 1,600 l. f., 93, 2810.

In 1895 Capt. Marshall est. \$154,550 to further imp. H., 95, 2773; by extending the n. p. 500 l. f. and the s. p. 1,200 l. f., dr. bet. them to 20'; plan au. by Congress, 96, 2580.

In 1896 Capt. Marshall est. \$1,134,830 to imp. the outer H., 96, 2588.

Congress, 1899, placed the proj. under continuous contract, 99, 2834.

By Maj. Marshall, 1899, constr. exterior break'r first, and for postponing dr. until the area to be dr. should be sheltered, 99, 2834.

Act June 13, 1902, au. modification of first and second items of proj., enlarged by act 1899, by substituting for the detached break'r an extension

in a se. direction of the first break'r for a distance not to exceed 2,500', 03, 1896.

For repairs and mainten., approv. Mar. 23, 1907, 07, 1925.

At 1912, proj. aimed as follows: (a) For 4,400' break'r to 32' curve; (b) extension of this break'r 2,500' l. in a se. direction from end of 1st; (c) anchorage area sheltered by break'r dr. to 21'; (d) s. p. at R. mouth extended 800'; (e) R. dr. 21' x 200' for 2 m. from mouth; (f) mainten., 12, 1012.

SURVEYS.

By Lt. Allen, 1836, 70, 105; 76, ii, 441.

By Capt. McClellan, 1845, 70, 105; 76, ii, 441.

Directed by Maj. Wheeler; made, 1869, by Capt. Heap, 70, 104; 76, ii, 441.

Directed by Maj. Houston; made, 1873, by Lt. Hinman, 73, 215.

Directed by Capt. Lydecker, 1878-79, 79, 1568.

Local sur. made, 80, 1987.

Sur. of bar at mouth of Calumet R., 82, 2240.

Misc. sur., 93, 2810.

Sur. of H. for such addl. imp. as might be required au. act Aug. 17, 1894. R. by Capt. Marshall,

1895 (see Projects), 95, 2771; addl. R., 1896 (see Projects), 96, 2583.

Of basin sheltered by break'r, 07, 1924.

Ex., Calumet Bar, also called Rockefeller Shoal, showed that bar consisted of fine sand; as it is located at approach to H., and as vessels have grounded thereon, it should be removed by dr.; this has not been included in any proj., 11, 2354.

Ex. and sur., au. act Mar. 3, 1909, for this H. with others in the neighborhood of Chicago, made. R., Aug. 28, 1909, by Maj. Rees, and Oct. 7, 1911, by Col. Zimm, with total est. \$1,211,195-(H. D. 710, 62d, 2d), 11, 855; 12, 1024.

LEGAL PROCEEDINGS.

Right of way and releases from claims for damages secured by the U. S., 99, 2838. (See note to title.)

U. S. v. The Sanitary Commission of Chicago in U. S. circuit court, wherein the latter seeks to reverse the flow of Calumet R. so as to cause the water to flow through drainage canal, 07, 631; 08, 677; permit given for this work by Sec. of War, June 30, 1910, under certain conditions, 10, 2154; still pending, 12, 1015.

Deeds tendered U. S. for the isld. in Calumet R. near 93d St., site to be used for turning-basin, 08, 1996.

Acquisition of land for w. R. and for turning-basin progressing slowly, 11, 848; 12, 2547.

OBSTRUCTIONS.

3 brs., belonging to the Baltimore & Ohio, the Pennsylvania, and the Lake Shore RRs., resp., obstr., 97, 2811.

Petition presented by navigation interests, Apr., 1908, asking for straightening of those R.R. brs. near 106th St., crossing the R. at an angle, and impeding navigation; decision pending, 08, 1996; public hearing Oct. 29, 1909; notice issued by Sec. of War, requiring removal, and certain changes in reconstr., 10, 2154. Action taken in each case brought only temporary relief, 12, 2547.

Brs. across streams, au. relating to, 12, 2547.

OPERATIONS.

1887-88. 76,804 c. y. dr., 88, 1897.

1888-89. 34,523 c. y. dr., 89, 2143.

1889-90. 354,017 c. y. dr., 90, 2576.

1890-91. 72,111 c. y. dr., 91, 2607.

1891-92. 293,608 c. y. dr., 92, 2249.

1892-94. 513,442 c. y. dr., 93, 2816; 94, 2144.

1894-95. Over 171,668 c. y. dr., 95, 2707.

1895-96. 22,451 c. y. dr., 96, 2594.

1896-97. 222,400 c. y. dr., 97, 2811.

1897-98. 98,718 c. y. dr., 98, 2432.

1899-00. 179,655 c. y. dr. (drawing), 00, 3794.

1901-02. 133,629 c. y. dr.; funds exhausted and contract closed, 01, 3005.

1902-03. Bids invited for dr., considered excessive and rejected; work readvertised and contract awarded, 03, 1901.

1903-04. 150,204 c. y. dr., 04, 2928.

1904-05. 370,251 c. y. dr., and 175,651 c. y. removed in restoring 21' chan. bet. 106th St. and mouth of R., 05, 2113.

1905-06. 32,359 c. y. overlying material and 3,848 c. y. removed; 48,546 c. y. removed in redr. shoals, 06, 1779.

1906-07. Work of r. removal continued and 1,380 c. y. dr.; contract 72% completed; progress of work delayed by flinty character of r.; 31,000 c. y. material dr.; borings made at 114th St. and the Forks, 07, 1927.

1907-08. 21,882 c. y. r. and 25,063 c. y. soil material removed; contract completed at cost of \$150,567.30; work of dr. from 114th to 122d and to 124th Sts. completed, 445,621 c. y. being total removed at cost of \$32,472.62; dr. work begun bet. 124th St. and the Forks, 08, 1995, 1996.

1908-09. 257,648 c. y. removed bet. 124th St. and Forks; 219,387 c. y. removed in excavating turning-basin, at cost of \$27,423.38, 09, 1997.

1909-10. 234,335 c. y. removed bet. 124th St. and Forks, and contract closed on account of lack of funds; 85,214 c. y. dr. at and near Forks and below Forks, 10, 2153.

1910-11. Chan. dr. to full d. and w. up to point 550' above Western Indiana R.R. br.; total l. of chan. dr., 10,175', with 400' below turning-basin, and about 80% of turning-basin completed, 11, 2356.

1911-12. 232,878 c. y. dr., completing contract, 12, 2546.

PHYSICAL CHARACTERISTICS.

Description of Grand Calumet, 89, 2153.

Description of, 93, 2816, 2846; 97, 2811.

Chan. subject to considerable deterioration by filling with refuse, etc., 94, 2144; 98, 2432.

In 1895 impossible for contractors for dr. above the Forks to get and maintain the necessary d. long enough to have it measured and received on account of the inflow of sewage matter, etc., which filled the chan. immediately, 96, 2592.

In 1896 chan. bet. Forks and Hammond rapidly filling, and in a worse condition than when imp. of it began, 96, 2592; 99, 2839; 00, 3793.

Table showing redr. necessary, 00, 3797.

General description of, above the Forks, 02, 2107.

Expend. secured chan. 21' d. from E. mouth to "Forks," incl. turning-basin No. 5, except at the sites of the Calumet Western and Western Indian R.R. brs. and that of the Torrence Ave. pontoon br.; thence about 5' d. with 50' w. to Hammond, Ind., 12, 1015.

R. forms the inner H. of Calumet H. About 8 m. from Lake Michigan is the "Junction," where R. divides into Little Calumet and Grand Calumet Rrs. The 21' proj. extends up R. to "Forks" (entrance to Lake Calumet), 6.18 m. from mouth. G. Calumet R. is a lagoon 18 m. l. Lake Calumet R. is a very crooked stream 60 m. l., with 8' to old st. dam at Blue Isld., Ill., 7.14 m. from Junction, 12, 1013.

PLANS.

By Capt. Marshall, 1889, 16' x 200' chan. mouth to above the Forks; est., \$1,000,000, 89, 2158, 2159.

PRIVATE WORK.

Canal to Lake Calumet.

Imp. made by Hyde Park (town), 85, 2058.

PROJECTS.

By BE., 1882, imp. of the lower section of Calumet R., Lake Michigan to the Forks, 64 m., by dr. 16' x 200'; est., \$225,000, 83, 1748, 1749, 1750; 86, 308.

In 1885 Maj. Benyaud proposed extension of the imp. chan., Forks to a point half a mile e. of Hammond, at addl. cost of \$200,000, 85, 2061; making the entire est. \$425,000, 87, 2167, 2170.

By Capt. Marshall, 1889, dr. Calumet R. to secure chan. from mouth to one-half mile e. of Hammond, 16' x 200' throughout; est., \$1,000,000, or \$570,000 for completion, 89, 2144; 91, 2608.

Congress allowed app. of 1896 to be expended for securing d. of 20' for 2 m. above mouth of R. by dr., 96, 2593.

Congress, 1899, confined work under app. of 1899 to that part of the R. bet. mouth and the Forks, 99, 479.

Act June 13, 1902, au. for continuing imp. \$75,000, and provided for dr. to 20' from such existing d. up to 122d St.; to 16', 122d St. up to forks of R.; to d. of 10' from the Forks up to a point one-half m. above Hammond; and that ex. be made for chans. of various d. bet. mouth and a point one-half m. above Hammond; est. for chans. from 122d St. to the Forks, \$498,822.50, with \$10,000 an. for mainten.; est. for chan. from the Forks to one-half m. above Hammond, \$65,000 an. expend. in maintaining one dr. outfit, 02, 2107.

Because of excessive bids for dr., incl. r. removal, proj. of 1902 modified, eliminating r. removal; and

d. fixed by the r. at 112th St. (14') accepted as limiting d. for chan. above that point; a 20' chan. proposed from mouth to a short distance above Cummings Slip, 03, 1901.

For restoring 20' chan. bet. mouth and 106th St., au. June 11, 1904, 04, 2928.

Act Mar. 3, 1905, au. chan. 20' x 200', mouth to 122d St., 16' x 200', 122d St. to the Forks, with 5 turning-basins; est., \$662,480.50, and \$10,000 an. mainten.; to acquire land for chan. 200' w. from the Forks to a point one-half m. above Hammond, by deeds, free of charge to U. S., and to acquire in a similar way lands necessary for 5 turning-basins below the Forks, 05, 2114; 06, 605.

Proj. au. act Mar. 3, 1905, modified by act June 25, 1910, to permit use of turning-basins above No. 1, of such shape and dimensions as would enable a vessel 650' l. to turn with ease (H. D. 172, 58th, 2d), and that it should be further modified to provide navigable d. of 20' from 122d St. to the forks of the R.; and a turning-basin at the Forks having a similar d. and a water-surface diameter of 750' (H. D. 349, 60th, 1st), 10, 790; au. obtained to increase est. cost of proj. by \$95,000 on account of dimensions of turning-basins Nos. 1 and 5 having been enlarged, 12, 1015.

SURVEYS.

Sur. au. act Congress June 10, 1872, assigned to Maj. D. C. Houston, and made under his direction by W. J. Bryson, 72, 36; 73, 36. R., 73, 252, 253. Ex. au. act Aug. 11, 1888; made, 1888, by Capt. Marshall (R. unfav.), 89, 2151.

Ex. Grand Calumet au. act Aug. 11, 1888; made, 1889, by Capt. Marshall, 89, 2158.

Description of, 89, 2156.

SURVEY.

Ex. au. act Aug. 11, 1888; made, 1889, by Capt. Marshall (R. unfav.), 89, 2154.

NN-18(c) BERRY LAKE, IND.

ENGINEERS.

Chief of Engineers. R., 89, 293.

In charge. Capt. W. L. Marshall, 1889. R., 89, 2157.

PHYSICAL CHARACTERISTICS.

Description of; not connected with Lake Michigan; separated by land one-fourth m. w., in sec-

tions 16, 17, 20, and 21 of township 37 n., range 99 of 2d principal meridian, 89, 2156, 2157.

SURVEYS.

Ex. for H. of refuge au. act Aug. 11, 1888; made, 1889, by Capt. Marshall (R. unfav.), 89, 2157.

NN-20 WOLF LAKE AND RIVER, ILL. AND IND. (Wolf Lake Cut; Wolf Lake Outlet.)

APPROPRIATION.

1896, \$8,000, act June 3, 1896.

COMMERCE.

Important; discussion as to, 75, 242.

H. of Calumet only 3 m. distant, 75, 242.

Not important, 1896-97, 97, 2889.

In charge:

Maj. G. L. Gillespie. R., 75, 241.

Maj. G. J. Lydecker, 1879. R., 80, 1999.

Maj. W. H. H. Benyaure. R., 85, 2056.

Capt. W. L. Marshall, 1893-98. R., 93, 2850; (Maj.) 97, 2887.

Assistant. G. A. M. Liljencrantz. R., 93, 2853; 97, 2890.

LEGAL PROCEEDINGS.

In 1892-93 private persons were arguing in the U. S. circuit court their claim to ownership of parts of the lake in Illinois, 93, 2853.

ENGINEERS.

Chief of Engineers. R., 75, 46; 80, 212; 85, 314; 93, 366; 97, 421.

PHYSICAL CHARACTERISTICS.

Description of, 75, 241 (Wolf, George, and Deer Lakes); 85, 2056; 93, 2851; 97, 2889.

No H. at Wolf R. R. and lake in 1890 considered as not being navigable waters of the U. S. Ownership of the whole or parts of the lake claimed by private persons in 1893. Lake one of a series of depressions in the low marshy ground in vicinity of Calumet R. 93, 2852; 97, 2889.

PLANS. (See Projects.)

By Maj. Gillespie, cut 1,000' l. connecting 15' curve of Lake Michigan and of Wolf Lake. N. p., 1,800 l. f. l., extending to 18' curve in Lake Michigan; s. p., 1,200' l., extending to 12' of water in Lake Michigan; also revet. of cut; est., \$249,150. 75, 242.

By Maj. Lydecker, 1880, imp. of Wolf Lake Outlet into Lake Michigan by excavation of chan. from shore to d. w. in latter, and constr. of ps. for protection of chan. Est., for first plan, \$156,000; for modification of same, \$162,000. Maj. Lydecker prefers second plan, but states that there is no occasion for a H. of refuge at this place and that C. does not warrant imp. 80, 2000.

PROJECTS. (See Plans.)

Maj. Marshall, 1896, est. \$1,395,042 to properly imp. R. for navigation in connection with Lake Michigan, 97, 2889.

SURVEYS. (H. D. 482, 55th, 2d.)

Ex., 1873. R., unfav.
Sur. (see Plans), 1874.
Resur. of outlet to Wolf Lake au. act Mar. 3, 1879; made, 1880, by Maj. Lydecker, 80, 1999.
Ex. Wolf Lake au. act July 5, 1884; made, 1884, by Maj. W. H. H. Benyaurd (R. unfav.), 85, 2056.
Ex. of Wolf R. and H. to determine whether Wolf R. and Lake were navigable waterways of the U. S. or covered in whole or in part by private ownership, au. act July 13, 1892; made by Capt. Marshall (R. unfav. to U. S. work), 93, 2850.
Sur. of lake and R. with reference to their navigation in connection with Lake Michigan au. act June 3, 1896; made same year by Maj. Marshall (R. unfav.; see Projects), 97, 2887.
Maps. 80, 2000.

NN-22

INDIANA HARBOR, IND.

APPROPRIATIONS.

1910,	\$62,000,	10,	2156.
1912,	25,000,	12,	2550.

Total, 87,000

COMMERCE.

Area about 24 sq. m. contiguous, with 50,000± pop. and an increasing number of large industries (steel, chemical, and railroad) valued at many millions and employing over 10,000 persons. (H. D. 1113, 60th, 2d.)

At 1912 no C. data available, but information from industries located on waterway indicates large tonnage will develop on completion of imp., giving decreased rates, 12, 1018.

CONTRACTS.

Great Lakes Dredge & Dock Co., dr. (\$55,940); prices given, 11, 2361.

ENGINEERS.

Chief of Engineers. R., 06, 608; 08, 682; 09, 718; 10, 792; 11, 849; 12, 1016, 1024.

Boards. BERH. Rs. concurring in recom. of D.O. that it is to the public interest for U.S. to take over the privately begun H. (H. D. 1113, 60th, 2d.)

In charge:

Lt. Col. W. H. Bixby, 06, 600; 08, 670; 09, 706.
Maj. T. H. Rees, 1910. R., 10, 2156.
Lt. Col. G. A. Zimm, 1911-. R., 11, 2358; 12, 2549.

LEGAL PROCEEDINGS.

No part of app. of \$62,000 to be expend. until Sec. of War is satisfied that the channelway of outer or inner H. shall have been deeded to and accepted by U. S. Deeds covering channelway 300' w. for outer H. and 200' w. for inner H. recorded Aug. 15, 1889; no evidence that they were accepted by U. S. Deeds and maps brought down to date tendered by parties interested for acceptance by U. S., 10, 2156. Title to right of way, incl. turning-basin, vested to U. S., 1910, 11, 850; 12, 1017.

OBSTRUCTIONS.

Sec. of War au. constr. of 4 R.R. and 4 highway brs., 11, 2360; 12, 2550.

OPERATIONS.

1910-11. 77,592 c. y. dr. from chan. in lake; 70% of chan. bet. ps. d., 11, 2359.

1911-12. 57,182 c. y. dr. from bet. ps.; work completed Aug. 11, 1911. Dr. in lake amounted to 177,181 c. y., and material dumped 8 m. from shore. Work through bars at approach to H. completed Nov. 23, 1911. Lighthouse Dept. placed 2 range lights, 1 on each p., and 10 buoys to replace the orig. spar buoys, 12, 2549, 2550.

PHYSICAL CHARACTERISTICS.

H. 6.5 m. se. of Calumet H., Ill., begun by private enterprise (see Private work), which built parallel ps. 300' apart and dr. 21' chan. bet. Both ps. extend landward from shore line of 1901 about 500', where the chan. is contracted to 65', the clear w. of span of 5 R.R. brs. at that point. There is also an inner H. 200' w. which extends from these R.R. crossings 1½ m. in a sw. direction, thence 2 m. s. to Grand Calumet R. From the bend in this chan. there is proposed a branch canal 1½ m. l. to connect with Lake George. At a point 1.1± m. from the lake is a turning-basin 400± sq., 12, 1017. (See also U. S. L. S. Bulletin 21 of 1912, pp. 186-188.)

Shoaling, 11, 2359.

Description of; bars at mouth, 12, 1016.

PRIVATE WORK.

The East Chicago Co. dr. 77,592 c. y., d. chan. from H. to Grand Calumet R., and branch to Lake George, 12, 2550.

PROJECTS.

Act June 25, 1910, au. completion and mainten. of 22' x 300' chan. in outer H., w. and d. to be gradually increased from ends of ps. out to d. w. in the lake and an inner H. or canal to extend finally to Calumet R. on s. with branch canal to Lake George on w.; est., \$62,000, and \$5,000 an. mainten. for 3 yrs. after completion (H. D. 1113, 60th, 2d), 10, 2156.

Proposed, 1912, that U. S. take over inner chan. and assume mainten. as fast as private interests shall complete chan. and equip it with suitable draws, 12, 1017.

L. and w. chan. (see Lake Survey under Surveys) and cutting through bars est. to increase cost \$35,000, 12, 1017.

SURVEYS.

Pre. ex. au. act Mar. 3, 1905, to ascertain what imp. required in the chans. affording access to H., and for protection of chans. and H. R., Lt. Col. Bixby, Dec. 8, 1905 (unfav.) (H. D. 721, 59th, 1st), 06, 608.

Pre. ex. and sur. au. act Mar. 2, 1907, to determine if imp. of H. be advisable (H. D. 1113, 60th,

2d). **R.**, Col. Bixby, Nov. 14, 1907, and Aug. 28 and Sept. 23, 1908, with plan and est., \$62,000, **08**, 682; **09**, 718.

Lake Survey Office. sur. locality as part of s. end of Lake Michigan; result, 1902, disclosed good reason for change in direction of entrance chan. and greater d. and w. than was considered in est. and proj. above, **12**, 1017.

Pre. ex. and sur. au. act Feb. 27, 1911, for break'r to protect entrance to H. **R.**, Lt. Col. Zinn, July 25, 1911, and Jan. 25, 1912; est., \$1,033,200, 1st constr.; and constr. of shore connections for both break'rs at addl. cost of \$310,000, subject to certain conditions (H. D. 690, 62d, 2d), **12**, 1024.
Map (H. D. 690, 62d, 2d). **11**, 2360.

NN-22(b)**GARY HARBOR, IND.****COMMERCE.**

New town of Gary constr. by Indiana Steel Co. (U. S. Steel Co.), for a large plant; production to be about 2,000,000 t. steel an. Expected that other large concerns will also locate there (H. D. 955, 60th, 1st).

ENGINEERS.

Chief of Engineers. **R.**, **08**, 681.

Boards. B. E. R. H. concurs in opinions on necessity for building a break'r, but as this is a H. benefit

linked so peculiarly with one large business it might not be general (H. D. 955, 60th, 2d).

In charge. Lt. Col. W. H. Bixby, **08**, 670.

SURVEY.

Pre. ex. and sur. au. act Mar. 2, 1907, to see if break'r be necessary. **Rs.**, Lt. Col. Bixby, 1907 and 1908; est., \$1,140,000 (H. D. 955, 60th, 1st), **08**, 681.

Maps. (H. D. 955, 60th, 1st.)

Boards:

Mentioned, S. D. 42, 35th, 1st, p. 74.

Convened, Milwaukee, Jan. 19, 1870. Decided outer H. not justified by local C., but that H. of refuge was necessary, and this best supplied by constr. of outer H. (See Projects.) R., 70, 124. (Col. Macomb, Lt. Col. Reynolds, and Majs. Wheeler, Weitzel, and McFarland.)

Convened, Chicago, Jan. 5, 1875. Recom. plan for constr. of break'r by cribwork in preference to pilework. R., 75, 238. (Majs. Weitzel, Houston, and Gillespie.)

Convened July 24, 1878. Recom. plan (see Projects) for constr. of a crib break'r on bearing piles, strengthened on the lake side by vertical timbers; also recom. extension of e. p. of the outer H., 79, 1588. (Majs. Houston, Robert, Smith, and Mansfield, and Capt. Lydecker.)

Convened, Michigan City, July 6, 1880, by S. O. No. 83, of E., to R. upon imp. of Michigan City H., 81, 2187. (Majs. Houston, Robert, Smith, and Lydecker.)

Convened, Milwaukee, Wis., May 22, 1882, by S. O. No. 19, C. of E., to R. upon proj. by Maj. Smith, for break'r and completion of outer H., 82, 2264. (Majs. Houston, Robert, Smith, and Lydecker.)

Convened, Chicago, Ill., Mar. 4, 1897, by S. O. No. 8, to ex. and R. on a proposed proj. for imp. of the H., 97, 2903. (Lt. Col. Lydecker, Maj. Marshall, Capt. Townsend.)

In charge:

Lt. Col. J. D. Graham, 1856-57. R., S. D. 42, 35th, 1st, p. 74.

Maj. J. B. Wheeler, 1866-70; 66, ii, 41. R., 67, 93, 96, 100; 68, 111, 115; 70, 107.

Capt. J. W. Cuyler, 1870; 70, 33.

Maj. W. E. Merrill, 1870; 70, 89; 76, ii, 450.

Maj. D. C. Houston, 1870-74; 70, 32. R., 70, 97; 71, 119; 72, 130; 73, 216; 74, 160.

Maj. G. L. Gillespie, 1874-77. R., 75, 234; 76, ii, 444.

Capt. G. J. Lydecker, 1877-79. R., 77, 896; 78, 1187.

Maj. J. A. Smith, 1878-85. R., 79, 1587; 80, 2003; 81, 2183, 2186, 2190; 82, 2257, 2260, 2263, 2267; 83, 1797; 84, 1965.

Capt. D. W. Lockwood, 1885-87. R., 85, 2088; 86, 1774; 87, 2202.

Maj. S. M. Mansfield, 1888-89. R., 88, 1919.

Maj. W. Ludlow, 1889-93. R., 89, 2197; 90, 2662; 91, 2708; 92, 2365; 93, 2858.

Lt. Col. G. J. Lydecker, 1893-96, 1898. R., 94, 2188; 95, 2778; 96, 2674; 98, 2489.

Capt. C. McD. Townsend, 1897. R., 97, 2895.

Capt. C. Harding, 1899-1901. R., 99, 2895; 00, 3873.

Capt. Chas. Keller, 1901-03. R., 01, 3074; 02, 2137.

Maj. J. G. Warren, 03, 498.

Lt. Col. M. B. Adams, 1903-07. R., 03, 1931; (Col.) 04, 2969; 05, 2156; 06, 1791.

Lt. Col. W. H. Bixby, 1907-08. R., 07, 1930; (Col.) 08, 1999.

Maj. T. H. Rees, 1908-10. R., 09, 1994; 10, 2157.

Maj. C. S. Bromwell, 10, 840.

Lt. Col. G. A. Zinn, 1910-. R., 11, 2361; 12, 2551.

Assistants:

Capt. A. Mackenzie. R., 67, 97.

Capt. D. P. Heap. R., 67, 93, 96; 68, 111; 70, 17.

Lt. F. A. Hinman. **R.**, 73, 216; 74, 160.

R. S. Littlefield, 77, 897.

F. W. Lehmartz. **R.**, 01, 3076; 02, 2137.

G. A. M. Liljencrantz. **R.**, 10, 2158.

ESTIMATES. (See Plans and Projects.)

By Capt. Heap, break'r and dr., \$578,500 and \$512,900, 70, 110.

By Maj. Smith, dr. and filling ps., \$69,175, 79, 1590, 1592.

LLEGAL PROCEEDINGS.

Land deeded to U. S. by city, 06, 1792.

Negotiations under way with Michigan City officials for trans. of land to U. S. free of cost, 08, 1999, 2000.

Land deeded to U. S. by Michigan City au., 10, 2157.

LEGISLATION.

Indiana Legislature allows city to build revet. and assess property benefited, 06, 554.

Public resol. No. 23, approv. May 13, 1905, au. use of unexpd. balance heretofore app. to be used for rebuilding w. revet. upon new alignment, 08, 1999.

OBSTRUCTIONS.

R. blocked by fallen highway br., 10, 2159.

OPERATIONS.

Mention of former operations, 67, 98.

1866-67. 9,235 c. y. dr.; 1,135 l. f. e. and 995 l. f. w. p. extension built (length previous to 1866), 67, 96, 98.

1867-68. 38,684 c. y. dr., 68, 32, 114.

1868-69. 111,080 c. y. dr.; 96 l. f. e. and 256 l. f. w. p. extension built; 708' sheath piling, 69, 28.

1869-70. Ps. built to 12'; sheath piling completed, 70, 37, 97.

1870-71. Some dr., 71, 36, 119.

1871-72. 70,000 c. y. dr., 72, 34, 130.

1872-73. 18,585 c. y. dr.; 1,226 l. f. pilework e. break'r built; 723 l. f. bridged, 73, 216.

1873-74. W. p. extended to line of proposed break'r; 503' bridged, 74, 41, 160.

1874-75. 50 l. f. crib and 45 l. f. pilework built on outer break'r, and 520 l. f. pilework built on e. break'r, 75, 46, 234; 76, ii, 444.

1875-76. 600 l. f. crib built on outer break'r, and 296 l. f. pilework built on e. break'r (repairs), 76, ii, 444.

1876-77. One course superstr. built over 12 cribs; repairs, 77, 104, 896.

1877-78. 4 courses superstr. laid; cribs displaced by gales; repairs, 78, 118, 1187, 1188.

1878-79. 64,119 c. y. dr.; 50 l. f. crib built on outer break'r; superstr. finished, 550', 79, 160, 1588, 1591, 1593, 1594.

1879-80. Outer H.: 6 cribs sunk in extension of break'r and 300 l. f. superstr. built; also repairs to ps., 80, 2003. Inner H.: 77,287 c. y. dr., 80, 2006.

1880-81. Outer H.: Break'r extended 150' on pile foundation; 5,924 c. y. dr., 81, 2183. Inner H.: 58,224 c. y. dr. by city, 81, 2193.

1881-82. Outer H.: Break'r extended 200 l. f.; extensive repairs to ps.; st. scows built and cribs framed, 82, 2257, 2258, 2259. Inner H.: 62,189 c. y. dr., 82, 2270.

1882-83. Outer H.: 150 l. f. cribwork built; 6,504 c. y. dr.; repairs to plant, break'r, and p., 83, 1798. Inner H.: 111,590 c. y. dr., 83, 1802.

1883-84. Outer H.: 100 l. f. cribwork, with superstr. added to e. break'r; ps. and break'r repaired, 84, 1965, 1966. Inner H.: 116,465 c. y. dr., 84, 1969.

1884-85. Outer H.: End wall of w. H. p. rebuilt; 1 crib sunk in extension of new break'r p.; 13,370 c. y. dr., 85, 2088. Inner H.: 21,890 c. y. dr., 85, 2089.

1885-86. Outer H.: 50 l. f. cribwork, with superstr. placed in extension of break'r p.; break in s. wall repaired; 2 new courses of superstr. added to w. p.; extensive repairs to plant, 86, 1774. Inner H.: 27,205 c. y. dr., 86, 1776.

1886-87. Repairs to w. p., 87, 2202.

1887-88. Outer H.: 542 l. f. of pile portion of w. p. rebuilt, entire w. p. filling replaced, and general repairs to break'r. Inner H.: 4,510 c. y. dr., 88, 1919, 1920.

1888-89. Outer H.: Outer end of w. p. decked over; "Breakwater Pier" completed by constr. and placing of 150 l. f. of cribwork. Inner H.: 64,085 c. y. dr., 89, 2199, 2201.

1889-90. Outer H.: 500 l. f. of new break'r work built; repairs to prior break'r constr. Inner H.: 24,740 c. y. dr., 90, 2665, 2666.

1890-91. Outer H.: Reconstr. of the 3 outer cribs of the break'r p. completed; repairs to outer 535' of the w. pile p.; leveling up of outer break'r superstr., 91, 2706.

1891-92. Outer H.: Repairs to break'r; superstr. completed over the 500' of cribwork in the outer break'r, 92, 2366. Inner H.: Repairs to dr. plant; 84,893 c. y. dr., 92, 2368.

1892-93. Outer break'r repaired, 93, 2859; 61,940 c. y. dr. from inner H., and repairs made to U. S. dr. plant, 93, 2861, 2862.

1893-94. Inner H.: Repairs made to w. pile p., and 27,231 c. y. dr., 94, 2188. Outer H.: Extension of exterior break'r in progress, 94, 2190.

1894-95. Inner H.: 25,582 c. y. dr., 95, 2776. Outer H.: Extension of exterior break'r in progress, and some repairs made, 95, 2777, 2779.

1895-96. Inner H.: 27,321 c. y. dr., and ps. repaired, 96, 2674. Outer H.: Extension of exterior break'r completed, 96, 2676; older portions of break'r repaired, 96, 2676.

1896-97. Inner H.: Minor repairs to ps., and mainten. of plant, 97, 2896. Outer H.: Break'r repaired, 97, 2897.

1897-98. Inner H.: 55,534 c. y. dr., 98, 2490.

1898-99. 18,771 c. y. dr. from inner H., and repairs made to break'r of outer H., 99, 2896.

1899-00. 3,253 c. y. dr., and w. p. repaired at inner H.; work in progress on break'r's at outer H., 00, 3874.

1900-01. 24,862 c. y. dr. from inner H., and work continued on break'r in outer H., 01, 3075.

1901-02. Work on break'r in progress, 02, 2137.

1902-03. Extension of break'r completed; work on constr. of detached break'r in progress; repairs made to entrance ps., 03, 1933.

1903-04. Constr. of break'r completed; work in progress on repairs to entrance ps.; 4,342 c. y. dr., 04, 2972.

1904-05. Repair work to entrance p. completed; 10,227 c. y. dr., 05, 2156.

1905-06. 176,753 c. y. dr. (contract); 11,435 c. y. dr. (U. S.); timbers, logs, snags, etc., removed, 06, 1792.

1906-07. 11,772 c. y. dr. (U. S.); 850 c. y. dr. (contract), 07, 1930.

1907-08. 17,027 c. y. dr. (U. S.); 9,088 c. y. dr. (contract); repairs to p., 08, 1999.

1908-09. Repairs to p. and break'r completed; work on p. constr. and placing crib at end of break'r in progress; st. placed around p.; 2,488 c. y. dr. (contract), 09, 2000.

1909-10. 600 l. f. p. built; 500 l. f. old p. removed; crib sunk at end of outer break'r; overturned crib removed; 666.3 cords st. placed in outer break'r; 33,678 c. y. dr. (contract), 10, 2157.

1910-11. 128,769 c. y. dr. (contract); constr. of new p. and removal of old p. completed; work on concrete superstr. in progress; repairs to damaged p.; 125 l. f. pile p. built; 4,194 c. y. dr. (U. S.), 11, 2364.

1911-12. 85,136 c. y. dr.; concrete superstr. work completed; pile p. constr.; work on superstr. in progress, 12, 2551.

PHYSICAL CHARACTERISTICS.

Character of lake bed, 67, 93, 95; 75, 235.

Record of rise and fall of Lake Michigan, 67, 100.

Formation of bars, 71, 119; 75, 235; 79, 1593.

Description of, 97, 2900.

Condition of works; water levels, 01, 3074; 02, 2137; 03, 1933; 04, 2972; 05, 2157; 06, 1793; 07, 1930; 08, 2000; 09, 2000; 10, 2158; 11, 2364.

Damage to works by storms, 04, 2972; 06, 1793; 09, 2000.

H. 32± m. e. of Calumet H., or S. Chicago, and 38± m. se. from Chicago R., 12, 1018; head of navigation upper turning-basin, 2 m. from end of w. p., 12, 1020.

PLANS. (See Estimates and Projects.)

By Capt. Heap, making 2 outer Hs. of basins with breakw'rs and dr.; 1st plan, 3,200' of p. work; 2d plan, 2,950', 70, 109, 110.

By Maj. Smith, dr., and refilling cribs with st., 79, 1590, 1593.

By Maj. Smith, 1882, modification in the constr. of the remaining 166 inner f. of the e. end of the breakw'r and also the constr. of an outer breakw'r nw. of the existing H. entrance, 82, 2260-2264.

PRIVATE: (PRIVATE, CITY, AND CORPORATE) WORK.

\$100,526.03 expend. by Michigan City Harbor Co., p. constr., dr., etc., 67, 23, 93, 96, 100.

Chan. protected by repairs put upon the old ps. by citizens, 72, 130.

Banks of chan. of the inner H. protected by revet. built by the direction of the city, 79, 1593.

W. p. repaired by owner of abutting property, 01, 3074.

Gas pipe under chan. and telephone cable placed by private corporations, 05, 2158.

Chicago, Lake Shore & South Bend Ry. obtained permission from Sec. of War for dr. chan. and constr. of water intake therein, 11, 2364.

Dock built by city in continuation s. of w. U. S. p., along w. bank of lower turning-basin completed 1912, but no dock had been built along e. bank, which should be done to prevent sand running into H. chan. (ownership of land needed in litigation), 12, 2552.

PROJECTS. (See Estimates and Plans.)

Work commenced by U. S. in 1836. Bet. this date and 1852 \$156,203.92 app., including relief claims, applied to dr. crib constr. at the entrance, and the commencement of a breakw'r covering the entrance, 67, 98; 76, ii, 447; S. D. 42, 35th, 1st, pp. 74, 175.

By B.E., 1857, breakw'r, est. \$384,376.50, S. D. 42, 35th, 1st, pp. 74, 175.

By Maj. Wheeler, extension of e. p. 288', w. p. 320' and dr. bet. them to 12'; est., \$52,577.40, 67, 95, 97. Modified to extend e. p. 242' and w. p. 498', 69, 38. An. dr., est., \$10,000, 68, 32. Sheath piling, 1,350' and dr. to give chan. 12' x 100' x 1,350'; est., \$35,422.50, 68, 112, 115, 117.

By Maj. Houston, dr. chan. up to the R.R. br. 200' x 1,800'; also for general dr.; est., \$40,000, 70, 97.

By B.E., 1870, outer H., to consist of, 1st, crib breakw'r, parallel with and a portion perpendicular to the shore, in all 1,700 l. f.; 2s, 320' of e. breakw'r perpendicular to the shore; 3d, 416' of e. breakw'r adjoining the shore; also for the purchase of a dr. outfit and for dr.; est., \$324,421.40, subsequently increased by Capt. Lydecker to \$355,000, 70, 125; 76, 449; 77, 898. Modified by Maj. Houston, to consist of a pile breakw'r in place of cribwork, 72, 130; 75, 236.

By B.E., 1875, a breakw'r of cribwork 1,400' l.; also completion of shore end of the e. p. of the outer basin; est., \$163,613.07, subsequently increased by Maj. Gillespie \$25,104.04, 75, 239, 240; 76, ii, 445. Modified in 1878 to have the cribs rest upon a foundation of bearing piles; est. completion, \$117,000.

Approv. (see Boards of Engineers, 1878). 79, 1589, 1590.

By Maj. Smith, dr. inner H. to give chan. 15' x 120' x 2,700'; est. \$50,000, 79, 1593.

In 1880 B.E. recom. extension of a p. 400' l. from the w. end of breakw'r, at right angles thereto, and a 2d p. 300' l. and 300' to the w., the w. extension to be connected with the outer end of the existing w. p. by fender piling; also the removal of the old e. (R.) p. to 1,100' s. of the inner face of the breakw'r, and the extension of the breakw'r e. to close the opening proposed at the ne. angle of the H. in 1877, 81, 2188; 82, 2263.

The B.E. of 1882 approv. Maj. Smith's plan for a masonry and concrete superstr. on the remaining e. 166 inner f., to be built in completion of the breakw'r; also the plan for an exterior breakw'r 2,000' l. and covering the entrance to the H. from n. and ne. gales, with the ultimate removal of about 500' of the existing w. p. at H. entrance, 82, 2264, 2266, 2270.

Bet. 1880 and 1886, incl., \$224,375 was app. for the outer and \$71,875 for the inner H., when it was est. that \$395,625 would be required for the completion of the former and \$3,125 for the latter, 86, 317; increased to \$5,125 in 1888, 88, 1921; est. for completion of outer H. increased by \$24,000 in 1889, 89, 2200.

A B.E., 1897, est. that it would cost \$282,150 to imp. the H., 97, 2904.

Act Mar. 3, 1899, provided for carrying on work by continuing contract, and permitted the Sec. of War to modify the proj. at his discretion. Sec. of War, as recom. by the B.E. of 1897, modified, 1899, the proj. to provide for extending the breakw'r p. by 600' and constr. new detached breakw'r 1,500' l., the existing detached breakw'r to be removed; est., \$282,150, 97, 2903; 00, 551. To comply with provision of act au. continuous contract, 100', on account of price of constr. being higher than orig. est., was deducted from proj. l. of 1,500' breakw'r (drawings), 00, 3875.

Citizens of Michigan City request constr. of new p. and w. of H., 04, 2973.

Act Mar. 3, 1905, au. turning-basin in inner H., 05, 2158.

Aug. 15, 1908, War Dept. approved proj. for w. inner H. entrance, redr. inner H. chan., upper end inner H., completion of exterior breakw'r, repair, mainten., and supervision to get 15' below Lake Sur. standard l. w., with w. and l. in inner H. 120'-150' bet. docks where estab. by city, and from Lake Erie & Western R.R. br. downstream to Lake Michigan, 10,500, ± including 2 turning-basins and with 225'± bet. lake ps.; est., \$180,000, 09, 716.

Act June 25, 1910, au. repair and mainten. of old abandoned p. and breakw'r structures, 11, 852.

Recom., 1912, that chan. d. should be at least 18' to accommodate boats, 12, 1018.

NN-24 LAKE MICHIGAN TO WABASH RIVER, IND. AND OHIO. (Canal.)¹

APPROPRIATION.

1875 (sur.), \$2,000, act Mar. 3.

COMMERCE.

Importance of a C. canal compared with the importance of a drainage canal, 76, ii, 461-463.

ENGINEERS.

Chief of Engineers. R., 76, 99.

In charge:

Capt. H. Stansbury, 1831, 76, ii, 455.

Maj. G. L. Gillespie, 1875. R., 76, ii, 454.

Assistant. G. Crocker. R. (extract), 76, ii, 461.

¹ Sur.—R., Oct. 17, 1831; est., \$1,860,468.07 and \$1,895,904.88. (H. D. 432, 55th, 2d.)

PHYSICAL CHARACTERISTICS.

General description of Wabash and Kankakee Rs., 76, ii, 454, 458, 461.

PLANS.

By Capt. Stansbury, 1831, canal with 37 locks, 157 m. and 716 y. l., 40' w. at surface, 28' w. at bottom, 4' d., and fed by waters from Devils Lake and Yellow R.; est., \$2,000,000. Maj. Gillespie's est., \$3,941,869.70, 76, ii, 455, 456.

By Maj. Gillespie: (1) Canal, via Trail Creek, Michigan City, Ind., route, 118 m. and 213 y. l., with 44 locks, summit level of 5 m. in l. and 170' above Lake Michigan, fed by the lakes n. of La Porte, Ind.; est., \$3,446,479.02, 76, ii, 457, 458, 459; (2) canal via Coffee Creek route, with a summit level, by a 30' cutting, 175' above Lake Michigan,

requiring 17 locks, impracticability shown, 76, ii, 459; (3) canal, via Wolf Lake route, from Grand Calumet R., but having an inferior water supply, 76, ii, 460; (4) canal via St. Joseph and Kankakee route, 148 m. and 2,062 y. l., and requiring 32 locks; est., \$3,945,791.60, 76, ii, 460, 461. Superiority of St. Joseph and Kankakee route, 76, ii, 460, 461.

PRIVATE (CORPORATE) WORK.

1870-71. Kankakee Valley Drainage Co. organized; considerable draining done, 76, ii, 460, 462.

SURVEYS.

By Capt. Stansbury, 1831, 76, ii, 455.

Total, 83,000

COMMERCE.

Considered as a H. of refuge, S. D. 42, 35th, 1st, pp. 76, 77.

Local requirements insignificant, 71, 120; 73, 35, 218; 74, 41; 75, 241; 76, ii, 451.

Objections to further imp., 73, 35, 218; 74, 41; 77, 899.

CONTRACTS.

1867. Carkin & Kimball, material and labor, and dr., 67, 103. R. N. Gere, materials, 67, 58, 103.

1871. R. A. Conolly, materials and labor, 71, 36, 120.

DOCUMENTS. (Not published in reports.)

H. D. 251, 25th, 2d; S. D. 1, 33d, 1st, part 3; S. D. 16, 34th, 3d. Containing records of operations previous to 1866.

ENGINEERS.

Chief of Engineers. R., 66, 7, iii, 14, 35; 67, 23; 68, 32; 69, 29; 70, 38; 71, 36; 72, 34; 73, 35; 74, 41; 75, 46; 76, 99; 77, 104; 78, 119; 79, 161; 80, 213; 81, 289; 82, 283; 83, 291; 84, 293; 85, 322; 10, 795.

Boards:

Recom. (1853) ps. to 10' water, each 300' l. and 300' apart. S. D. 1, 33d, 1st, pp. 213, 214; S. D. 42, 35th, 1st, p. 75.

Convened, Buffalo, N. Y., Jan. 22, 1868; reported in favor of abandoning the imp. for reasons stated. R., 68, 223. (Cols. Cram and Macomb, Lt. Cols. Raynolds, Newton, and Blunt, Maj. Wheeler, and Capt. Harwood.)

In charge:

Maj. J. D. Graham, 1857. R., S. D. 42, 35th, 1st, p. 74.

Maj. J. B. Wheeler, 1866-70. R., 67, 102; 68, 117.

Maj. W. E. Merrill in temporary charge, Feb. to Mar., 1870, 76, ii, 442.

Maj. D. C. Houston, 1870-74. R., 70, 97; 71, 119; 72, 131; 73, 217.

Maj. G. L. Gillespie, 1874-77. R., 75, 241; 76, ii, 451.

Capt. G. J. Lydecker, 1877-79. R., 77, 899; 78, 1189.

Maj. J. A. Smith, 1879-84. R., 79, 1596; 80, 2006; 81, 2195; 82, 2272, 2273, 2278; 83, 1803; 84, 1969.

Capt. D. W. Lockwood, 1885. R., 85, 2087.

Maj. T. H. Rees, 10, 781.

Assistants:

Lt. D. P. Heap, 1866-69. R., 67, 102; 68, 117.

O. L. Pettitdier. R., 82, 2276.

Capt. J. A. Manning. R., 84, 1970.

ESTIMATES. (See Plans and Projects.)

By Maj. Graham, 1857, 1st, for local use, \$98, 113.47; 2d, for general H. of refuge, \$167,607.79, the dr. by U. S. apparatus; S. D. 42, 35th, 1st, pp. 76, 80, 175.

By Maj. J. B. Wheeler, 1866, revised est. of Maj. Graham's 2d plan, \$384,020, 66, iii, 14, 35, iv, 154, 155.

By Lt. Heap, ps. and dr., \$108,587.60, 67, 102.

By B.E., and by Capt. Heap. For permanent completion with \$3,000 to \$8,000 addl. an. for dr., \$500,000; 68, 118, 223; 72, 131; 76, ii, 452; 77, 899.

By Maj. Houston, for completion, \$125,000, 70, 38, 98.

EXPENDITURES.

1857. Remainder of former app. expend., S. D. 42, 35th, 1st, p. 74.

OPERATIONS.²

1866-67. Dr. in cut, 11,250 c. y. dr., 67, 103; 72, 131.

1867-68. Dr. in cut, 70,563 c. y. dr., 68, 32, 118; 72, 131.

1868-69. Dr. in cut, 69, 29.

1869-70. Dam built across natural R. mouth, 70, 38, 97; 76, ii, 453.

1870-71. Pile p. begun, 71, 36, 119.

1871-72. 301 l. f. pile p. nearly completed, 72, 34, 131.

1881-82. Outer p. section removed to l. w. level; oak piling replaced in position and 20 new piles driven; new timber superstr. completed; repairs to other portions of p., 82, 2273.

1883-84. E. entrance p. extended 100 l. f. by close piling and crib superstr., 84, 1969, 1970.

1884-85. P. extension completed, 85, 2087.

PHYSICAL CHARACTERISTICS.

General, of Galien R., S. D. 42, 35th, 1st, pp. 74, 75.

Changes in position of outlet of R., 66, iii, 14, iv, 153.

Shore drift, 68, 118, 223; 69, 29; 76, ii, 453.

¹ Sur.—R., Aug. 10, 1854; est., \$46,805.25. (H. D. 482, 55th, 2d.)

² Dilapidated condition of the work in 1877, 77, 899.

PLANS. (See Estimates and Projects.)

BE., 1853, confined to commencement of the work, final opinion reserved. Recom. 2 parallel ps. to 10' of water, 300' apart, and each 700' l., S. D. 42, 35th, 1st, pp. 75, 76.

By Maj. Graham, 1857, (1) H. of refuge for the largest class of lake vessels; 2 parallel ps. 300' apart; through cut from Lake Michigan to Lake Pottawatomie; dr. to 13'; revet. of cut, S. D. 42, 35th, 1st, pp. 75, 175; (2) H. suitable to the local trade and the smaller class of lake vessels; 2 parallel ps. 300' apart, each 600' l., and dr. a chan. and basin, S. D. 42, 35th, 1st, pp. 75, 80, 175. Indorsed by Maj. Wheeler in 1866, 66, iv, 154; 76, ii, 451, 452.

By Capt. Heap, 1867, a plan very similar to Maj. Graham's first plan, 67, 102; 76, ii, 452.

By Maj. Houston, ps., revet., and dr., 70, 98; 76, ii, 453.

By Maj. Smith, 1881, H. of refuge with 3,500 l. f. of breakw'r and 3,000 l. f. of ps. from shore. Est., \$800,000, or if covered with superstr. and parapet of masonry, \$970,000, 82, 2275. Or, by d. a part of the swamp and creek and connecting the H. thus made with the lake by a chan. 300' w., protected by ps. Est., \$650,000, 82, 2276.

By Maj. Smith, 1881, H. imp., by extending e. p. 500' and w. p. 600'; also 1,000 l. f. of chan. revet. and dr. Est., \$150,500, 82, 2279.

PROJECTS.

The orig. proj., adopted 1857, proposed a chan. 12' x 200' through the sand bank bet. Lake Michigan and Lake Pottawatomie, 67, 102. The proj. was partly carried out in 1868, when a BE. recom. its abandonment, 68, 223; 85, 322.

By Maj. Houston, 1871, pile p. on n. side of chan., this work being preliminary to probable future work, 71, 36, 120.

SURVEYS.

By Lts. Berrien and Rose, 1835, S. D. 42, 35th, 1st, p. 75.

By Maj. Graham, 1857, S. D. 42, 35th, 1st, pp. 74, 79; 66, iv, 153.

By Maj. J. B. Wheeler, 1866, 66, iii, 14, iv, 155. Au. act Mar. 3, 1881; made, 1881, by Maj. Smith, 82, 2273.

Ex. au. act Mar. 3, 1909. R., Maj. Rees, June 12, 1909 (H. D. 310, 61st, 2d) (unfav.), 10, 796.

OO-1(a) LAKE MICHIGAN (East Shore).

(U. S. dredge *Gen. G. G. Meade*, formerly *Gen. Gillespie*.)

ENGINEERS.

Chief of Engineers. R., 09, 753; 10, 830; 11, 885; 12, 1056.

In charge:

Maj. Chas. Keller, 1909. R., 09, 2056.

Maj. C. S. Riché, 1910-. R., 10, 2217; (Lt. Col.) 11, 2414; 12, 2611.

OPERATIONS.

1908-09. The work of the seagoing suction dr. *Gen. Gillespie* was closely supervised and verified

since Mar. 1, 1909. From Mar. 19 to June 30, 1909, the total amount dr. was 189,737 c. y., at average unit cost of \$0.07618 c. y., 09, 2056-57. Name changed to *Gen. G. G. Meade*, 09, 753.

1909-10. 486,102 c. y. dr. from Hs. on e. shore of Lake Michigan by dr. *Gen. Meade*, 10, 2456-57.

1910-11. 464,380 c. y. dr., 11, 2414. Au. granted to change from coal to oil fuel; oil plant installed, 11, 2414.

1911-12. Repairs to U.S. dr. *Gen. Meade* completed, after dr. 484,566 c. y. from Hs. on e. shore of lake, 12, 2612.

¹ See note p. 1297.

PHYSICAL CHARACTERISTICS.

The Hs., for dr. of which the seagoing suction dr. was constr., are not deep enough, and the distance bet. the extreme Hs. is too large for the dr.; these circumstances affect the final cost of dr. unfav., **09, 2056.**

Details of boat, **10, 2217.**

Average capacity of dr. under all circumstances, 2,600 c. y. per day; max. capacity, 4,000 c. y. per day of 8 hours, **10, 2218.**

Great advantage of dr. *Meade* is the ability to work on entrance bars, Lake Michigan, in nearly all seasons, **12, 1057.**

Saving in expense through use of oil fuel, **12, 2612.**

00-1(b) LAKE MICHIGAN, MICH. AND WIS. (Effect of wave action.)**ENGINEERS.**

Chief of Engineers. **R., 06, 645.**

Boards. **BE., 06, 645.**

In charge. Col. M. B. Adams, **06, 613.**

SURVEY.

Ex. au. act Mar. 3, 1905, for BE. to inquire into effect of wave action as injuriously affecting Hs. at Ludington, Mich., Manitowoc, Two Rivers, Racine, Kenosha, and Sheboygan, Wis., and to **R.** what plan of imp. is desirable to overcome wave action, and as to use of cement or other permanent substance in future constr. and repair of ps. in said Hs. and others similarly situated. **R., BE., July 15, 1905 (H. D. 62, 59th, 1st), 06, 645.**

R. by Maj. Judson, Dec. 13, 1906, and **BERH.**, giving detailed ests. of imp. Hs. of Lake Michigan against effect of wave action, as follows:

Two Rivers H., Wis.....	\$10,000
Manitowoc H., Wis.....	514,000
Sheboygan H., Wis.....	253,000
Racine H., Wis.....	225,000
Kenosha H., Wis.....	35,000

BERH. recom. adoption of proj. for Manitowoc H., Wis., but that work at other Hs. be postponed until efficiency of work at this H. is demonstrated. (**R. and H. C., 3, 59th, 2d.**)

Maps. (**H. D. 62, 59th, 1st.**)

00-1(c) LAKE MICHIGAN. (Water levels.)**ENGINEERS.**

Chief of Engineers. **R., 02, 457; 03, 498; 04, 544; 05, 553; 06, 613; 07, 640; 08, 687; 09, 723; 10, 801; 11, 856; 12, 1025.**

In charge:

Capt. Chas. Keller, **02, 457; 03, 498.**

Col. M. B. Adams, **04, 544; 05, 553; 06, 613; 07, 640; 08, 686; 09, 723.**

Maj. Chas. Keller, **10, 801.**

Lt. Col. C. S. Riché, **11, 856; 12, 1025.**

PHYSICAL CHARACTERISTICS.

Level of lake surface of all Hs. e. coast of Lake Michigan varies considerably from time to time;

max. height is from 0.5' to 1' below m. l. w., obtaining from end of June to middle of Aug.; lowest stage bet. 1.5' to 2' below m. l. l. and obtains from early in Nov. to early in Apr., **02, 457; 03, 498; 04, 544; 05, 553; 06, 613; 07, 640; 08, 687; 09, 723; 10, 801; 11, 856; 12, 1025.**

Mean level for 1911 was about 1.4' lower than average for past 51 years and is lower than any year since 1897, drop in levels during 1909, 1910 having been 0.87, and during 1911, 0.35'; still falling rapidly. Equal drop per year for 1 or 2 more years will cause serious trouble in all lake Hs. from Superior to Ontario, incl., **11, 856.**

Proj. depths in an. **Rs.** are actual depths of water in the various Hs. on e. shore of lake unless otherwise stated, **12, 1025.**

F. W. Lehnartz. **R., 01, 3079.**

ESTIMATES. (See Plans and Projects.)

By Maj. Graham, 1857, repairs and dr., \$97,633.91, S. D. 42, 35th, 1st, p. 83, 175.
By Lt. Col. Cram, 1864, repairs and p. extension, \$7,500, **66, 5, 19.**
By Maj. Wheeler, 1866, addl. for completion, \$28,459.84, **66, iii, 11, iv, 111, 112; 76, ii, 517.**
By Capt. Heap, 1867, crib p., \$77,000, **67, 104; 74, 194.**
By Capt. Farquhar, 1869, completion, \$116,666, **69, 34, 97, 98; 74, 194; 76, ii, 518.**
By Maj. Mansfield, 1875, p. extension and R. work, \$50,215.47, **75, 262, 265; \$42,127.11, 75, 263.**

* Allotment.

¹ Sur.—R. Sept. 13, 1864; est., \$27,000. (H. D. 482, 55th, 2d.)

² Part of \$15,000; \$500 allotted to Grand Haven, **70, 44.**

³ Part of \$60,000; \$1,000 allotted to St. Joseph R.

For completion of R. and H. work, 1876, in addition to app. of 1876, \$16,320.26, **76**, 103, ii, 517. For completion, 1879, of existing proj., \$13,216.71, **79**, 166.

LEGISLATION.

Resol. of the legislature of Michigan, Apr., 1875, asking the Sec. of War to cause an ex. of the H., **76**, ii, 316.

OBSTRUCTIONS.

In 1893 public hearing was held relating to alleged obstr. of navigation of the Paw Paw by bns. of the Chicago & West Michigan and the Cleveland, Cincinnati, Chicago & St. Louis Rys., **93**, 2867.

OPERATIONS.

- 1864-65.** Repairs, **66**, 20.
1866-67. N. p. 409 l. f. superstr. built; s. p., 200 l. f. superstr. built; 409 l. f. old superstr. replaced on n. p. and 200 l. f. on s. p.; **67**, 24; **76**, ii, 518, 520.
1867-68. S. p., 200 l. f. pile p. built; **68**, 32; **76**, ii, 520.
1870-71. S. p. extension completed, **71**, 41; **74**, 195.
1871-72. S. p., 416 l. f. pile p. built; repairs to the n. p., **72**, 39, 183; **76**, ii, 518, 520.
1872-73. Pile protection for pierhead; repairs, **73**, 39, 281; **74**, 195.
1874-75. Wing dam begun; repairs, **75**, 50, 261.
1875-76. N. p., 300 l. f. crib p. built; R., 528 l. f. wing dam built, **76**, 103, ii, 516, 518.
1876-77. N. p., 50 l. f. crib p. built; n. p. ripped, **70**, 109, 919.
1877-78. N. p., 50 l. f. superstr. built; p. leveled and refilled, **78**, 124, 1214.
1878-79. N. p., 50 l. f. crib p. built; 6,740 c. y. dr., **79**, 166, 1631.
1879-80. P. extension under Gere's contract completed; dr. on outer bar completed; wing dam completed at mouth of Benton H. canal, **80**, 2030.
1880-81. N. p. extended 50'; 27,137 c. y. dr. in Benton H. chan., **81**, 2238.
1881-82. D. and revetting Benton H. chan. commenced, **82**, 2320.
1882-83. 180 l. f. of s. p. repaired and refilled, 700 l. f. of sand fence built on n. side of chan., and 760 on s. side, **83**, 1832.
1885-86. Breaks in the n. p. repaired, **86**, 1771.
1886-87. Repairs to pile revet. and plant. and renewal of s. p. superstr. commenced, **87**, 2200.
1887-88. Filling in pile revet. renewed; 476 l. f. of old r. filling and superstr. renewed; 14,850 c. y. dr., **88**, 1918.
1888-89. 176 l. f. of wing dam built; 24,840 c. y. dr., **89**, 2195.
1889-90. Repairs to n. p.; 11,905 c. y. dr., **90**, 2659.
1890-91. 27,000 c. y. dr., **91**, 2703.
1891-92. 57,520 c. y. dr.; repairs to n. revet. completed, and incomplete portion of s. p. superstr. finished, **92**, 2359.
1892-93. 89,044 c. y. dr., repairs made to dr. plant. and to chan. wall of the n. p.; extension of n. p. by cribwork in progress, and gauge readings made, **93**, 2865, 2866.
1893-94. Extension of n. p. completed, and break in n. p. repaired, **94**, 2193. 17,935 c. y. dr., **94**, 2194.
1894-95. Temporary repairs made to n. p., and 91,213 c. y. dr., **95**, 2783.
1895-96. Rebuilding of part of n. p. in progress, and 58,933 c. y. dr., **96**, 2880.
1896-97. Rebuilding of n. p. continued, and 105,241 c. y. dr., **97**, 2906.
1897-98. 35,542 c. y. dr., and rebuilding of n. p. completed, **98**, 2494.
1898-99. 34,096 c. y. dr.; s. p. repaired temporarily and permanent repairs begun (drawings), **99**, 2901.

1899-00. Extensive repairs made to part of s. p.; preparations made for p. extension, and 27,884 c. y. dr. (drawings), **00**, 3879-.

1900-01. 26,767 c. y. dr., repairs to n. p. completed, and work on n. and s. p. extension in progress, **01**, 3079.

PHYSICAL CHARACTERISTICS.

General, of St. Joseph R., **67**, 103; **76**, ii, 519; **77**, 920.

Shore drift, **75**, 264; **76**, ii, 520.

Description of, **93**, 2864; **97**, 2906; **98**, 2496.

Condition of work; water levels, **01**, 3080.

Breaks in chan. wall caused by collision of SS., **01**, 3080.

PLANS. (See Estimates and Projects.)

By Col. Cram, 1865, extension of s. p. 200 l. f., **66**, 19.

By Capt. Heap, 1867-68, s. p. extension: (1) By cribwork; (2) by pilework; pilework recom. on the score of economy; 1st plan approved, **67**, 24; **74**, 194.

PRIVATE (CORPORATE AND PRIVATE) WORK.

Dr. begun in 1891 by the Chicago & W. Michigan Ry. through its drawbr. completed in 1892, **93**, 2866.

Description of dock work done by private parties in 1894-95, **94**, 2194; **95**, 2783.

In 1894 the Cincinnati, Cleveland, Chicago & St. Louis Ry. Co. satisfactorily completed the rebuilding of 300 l. f. wing dam au. act 1892, **94**, 2194.

PROJECTS. (See Estimates and Plans.)

By Maj. Graham, 1857, repairs and dr., S. D. 42, 35th, 1st, pp. 83, 84, 175.

By Lt. Col. Cram, 1864-65, repairs, etc., **66**, 19, iv, 110.

By Maj. Wheeler, 1866, extension of the s. p. 200', with repairs to both ps.; est., \$28,459.84, **66**, iii, 11, iv, 111, 112; **76**, ii, 517; **79**, 1633. 1867. Extension of s. p. 700'; est., \$77,000, **67**, 104; **74**, 194; **76**, ii, 518.

By Capt. Farquhar, 1869, extension of the n. p. 940' and the s. p. 928'; est., \$116,600, **67**, 34, 97; **74**, 195; **76**, ii, 518.

By Maj. Mansfield, 1875, extension of the n. p. N. 78° W. (previous direction having been N. 374° W.) for a distance of 400'; est., \$42,215.47, **75**, 265; **76**, ii, 518.

1836 to 1865, incl., \$156,113 app., **66**, iii, 35. Proj. 1866 and 1874 proposed chan. of entrance not less than 16' d., **66**, iv, 111, 112; **75**, 265; **76**, ii, 518.

1880, proj. modified by the imp. of Benton H. Chan. to 12', together with the revet. of the n. bank for 2,500', **80**, 2031.

Est., 1886, \$41,015 required to complete proj., **86**, 316; **87**, 2201.

In 1891 Maj. Ludlow proposed reconstr. of 370' of old cribwork in the n. p., refilling n. revet., minor repairs to ps. and wing wall, and dr. and extension of n. p. 120'; est., \$145,000, **92**, 2360.

By Capt. Townsend, 1897, necessary repairs to existing ps.; extension of n. p. to 20' contour and of s. p. to 18' contour; dr. at H. entrance and in front of city for 150'; to 18'; and of Benton H. Canal, and a turning-basin at R. mouth to 15'; est., \$380,000, **98**, 2498; (H. D. 307, 55th, 2d). (With map, Act 1899 placed work under continuous contract, **99**, 2901.

SURVEYS.

By Maj. Graham, 1856, S. D. 42, 35th, 1st, p. 82.

By Maj. Reynolds, 1863, **76**, ii, 519.

By Col. Cram, 1865, **66**, 20.

By Capt. Farquhar, 1869-71, **76**, ii, 520, 521.

¹ Statement of condition of the work in 1857, S. D. 42, 35th, 1st, p. 82. Statement of condition of the work in 1867, **67**, 103; **68**, 119. Inference from old maps, plans, etc., that the total amount app., 1836 to 1866, expend. on 1,100 l. f. of n. p. and on 212 l. f. of s. p., **74**, 194; **76**, ii, 519. History of operations, 1866-74, **74**, 194; 1866-75, **76**, ii, 519; to 1878, **79**, 1632. Cribs lost, **76**, ii, 516; **77**, 109, 919. Abstracts of materials used and work done, **72**, 183; **79**, 1631.

By Maj. Mansfield, 1874, **74**, 45; **76**, ii, 521.
By Maj. Mansfield, 1875, **75**, 261, 264; **76**, ii, 316.
Au. act Mar. 3, 1879, of St. Joseph R., incl. chan.
to Benton H.; assigned to Maj. Mansfield, 1879,
79, 167.
Sur. to correct errors in existing maps made, 1893,
by Maj. Ludlow, **93**, 2866.

Resur. from entrance to the upper limit of in-
terior navigation at Benton H. made, 1894, by
Lt. Col. Lydecker, **94**, 2194.

Capt. C. McD. Townsend, 1897. **R.**, **97**, 2909.
Capt. C. Harding, 1899-1901. **R.**, **99**, 2905; **00**,
3883.
Capt. Chas. Keller. **R.**, **01**, 3083.

Assistant. J. A. Mitchell. **R.**; **80**, 2050.

OPERATIONS.

1889-90. 400 l. f. of log, brush, and st. dam
built by hired labor, **90**, 2661.
1890-91. 4 wing dams built, **91**, 2706.
1891-92. 4 wing dams built and 318 snags and
7 boulders removed, **92**, 2364.
1893-94. Dams constr. and repaired, and re-
pairs made to a training dike, **94**, 2197.

1894-95. Dams constr. and repairs at the
various shoals, and obstr. removed, **95**, 2786.

1895-96. Dams constr. and repaired and
obstr. removed, **96**, 2683.

1897-98. Dams constr. and repaired and
obstr. removed, **98**, 2500.

1898-99. Wing dams repaired and a few snags
removed, **99**, 2905.

PHYSICAL CHARACTERISTICS.

Description of, **80**, 2051.

In 1895 the lower part only of the **R.**, about 25
m. l., in use for C. purposes, **95**, 2786.

PLANS.

By Maj. Harwood, 1880, imp. of St. Joseph R. bet.
St. Joseph and Berrien Springs, 15 m., to give 4' slack-
water navigation, with 8 dams and 11 locks, with the
elevation of brs., and raising dams at South Bend and
Mishawaka; est., \$634,331.

Maj. Harwood considers cost of imp. not com-
mensurate with C. to be benefited, **80**, 2054.

PROJECTS.

By Maj. Harwood, 1880, imp. of **R.**, mouth to
Berrien Springs, with wing dams, dr., and removal
of snags and other obstr.; est., \$11,300, **88**, 258.

By Maj. Ludlow, 1889, d. of 3'-4', St. Joseph to
Berrien Springs, 25 m., by removal of snags and
boulders, and the constr. of wing dams, **92**, 2363.

SURVEY.

Au. act Mar. 3, 1879; made, 1880, by Maj. Har-
wood, **80**, 2049.

OPERATIONS.

1901-02. 277,047 c. y. dr. from H., 3 cribs in n. p. and 10 cribs in s. p. sunk, 89 foundation piles driven, and repairs made to break in n. p., **02**, 2141.

1902-03. (H.) 7 cribs sunk in n. p., 7 cribs sunk in s. p., and refilling n. and s. p. in progress **03**, 1938.

1903-04. (H.) Work on extension of n. and s. p. completed, repairs to ps. completed, and 44,572 c. y. dr., **04**, 2976.

1904-05. 35,170 c. y. dr. from H. Snags removed from R. and one wing dam built by hired labor, **05**, 2162.

1905-06. 77,380 c. y. dr. by U. S. plant from H., **06**, 1795.

1906-07. 56,427 c. y. dr. from H. New dam built in R. across chan. at Twin Springs Isld., **07**, 1948.

1907-08. 11,760 c. y. dr. from H., **08**, 2030.

1908-09. 51,905 c. y. dr. from H., and repairs made to n. and s. p., **09**, 2019.

1909-10. (H.) St. filling placed in n. and s. p., 14,364 c. y. dr. from shoal, 30,766 c. y. dr. at expense of U. S. Lighthouse Estab. (repairs to ps. paid for by owners of vessels which damaged p.), **10**, 2177.

1910-11. (H.) Repairs made to s. p. and n. p., and st. placed around outer portions of both ps., **11**, 2373.

1911-12. (H.) Repairs to damaged p., st. filling placed, 4,966 c. y. dr. from bar. Dams built in R. to close chan. and concentrate flow, and snags and leaning trees removed, **12**, 2561.

PHYSICAL CHARACTERISTICS.

Condition of work; soundings, **02**, 2143; **03**, 1938; **04**, 548; 2978; **05**, 2161; **06**, 1795; **07**, 1949; **08**, 2020; **10**, 2178; **11**, 2374.

Damages to ps. by vessels colliding, **10**, 802.

PRIVATE WORK.

Dr. by Graham & Morton Trans. Co. in H., and Ind., Ill. & Iowa R.R. Co. in R., **03**, 1938.

Sec. of War au. constr. of br. to replace old Napier Br. Further gives au. to renew viaduct over Morrison Chan. and Mich. Central R.R. in city of St. Joseph, **05**, 2163.

SURVEYS.

Pre. ex. au. act Feb. 27, 1911, of H., with view to further imp. by removal of shoal, and securing increased d. and w. of chan. below Pere Marquette R.R., R. by Lt. Col. Riché, Sept. 8, 1911 (H. D. 629, 62d, 2d) (unfav.), **12**, 1058.

ESTIMATES. (See Plans and Projects.)

By Maj. Graham, 1857, ps. and dr., \$39,180.61. S. D. 42, 35th, 1st, pp. 98, 175.

By Maj. Wheeler, 1866, completion, \$128,288.47, 66, iii, 35, iv, 148; 74, 192; 76, ii, 514.

By W. T. Casgrain, ps. to outer bar, \$66,693.90; to outer bar with dr., \$120,300; over outer bar, \$186,994, 66, iv, 153.

By Capt. Farquhar, 1869, ps., dr., and removal of old work, \$82,000, 69, 79; revised est., \$84,000, 70, 43, 142.

Revet. and dr., 1871, \$44,138.33, 71, 41, 154.

By Maj. Mansfield, 1875, p. extension and continuing revet. and dr., \$80,000, 75, 260; 76, ii, 513, 514. Amount of est. to 1877, \$202,000, 77, 918; 78, 1214. For completion of existing proj., \$52,500, 79, 166.

Hearing held relative to revet. being built on riparian property; petition of Thos. L. Wilkinson, 06, 619.

OPERATIONS.¹

1866-67. N. side, 288 l. f. crib p. built, 67, 106; 74, 192.

1867-68. N. side, 128 l. f. crib p. built; s. side, 256 l. f. crib p. built, 68, 121; 74, 192.

1868-69. N. side, 256 l. f. crib p. and 257 l. f. superstr. built; crib lost from n. p. replaced, 69, 33, 97; 74, 192.

1869-70. Damage to cribs from running ice, 70, 43, 142; 74, 192.

1870-71. N. side, 30 l. f. crib p. built; s. side, 50 l. f. crib p. built; pierhead built by hired labor; repairs to n. p., 71, 41, 153; 74, 192; 76, ii, 515.

1871-72. N. side, 100 l. f. crib p. built; s. side, 50 l. f. crib p. built; 26,102 c. y. dr. (nearly completed by U. S. dr.), 72, 39, 183, 193; 76, ii, 513.

1872-73. N. side, 50 l. f. crib p. built; repairs to superstr.; dr. by U. S. apparatus, 74, 45, 193; 73, 39, 279.

1873-74. N. side, 100 l. f. crib p. built; s. side, 50 l. f. crib p. built; displaced crib resunk, 74, 45, 193; 76, ii, 515.

1874-75. N. side, 100 l. f. superstr. built; s. side, 50 l. f. superstr. built, 75, 49, 259.

1875-76. N. side, 525 l. f. pile revet. built, 76, 102, ii, 511.

1876-77. 53,326 c. y. dr.; repairs to n. and s. revet., 77, 109, 918.

1877-78. 22,510 c. y. dr.; 316' revet. completed; slab dock removed, 78, 123, 1213.

1878-79. 33,854 c. y. dr.; repairs; 461' revet. completed, 79, 165, 1627.

1880-81. 11,571 c. y. dr. from chan. bet. lake and inner H.; extensive repairs to plant, 81, 2235, 2236.

1881-82. 661 l. f. of plank-beam revet. and 534 l. f. of catch-sand fence built, 82, 2317.

1882-83. Repairs to s. p. revet., and plank-beam wall, 85 l. f. plank-beam revet. and 592 l. f. sand fence built on n. side; 17,449 c. y. dr. from "middle ground," 83, 183.

1883-84. 1,905 c. y. dr. from chan. bet. ps., 84, 1992.

1884-85. 447 l. f. of n. p. and 210 l. f. of s. p. repaired, 85, 2085.

1885-86. 29,865 c. y. dr. from chan. bet. ps., 86, 1770.

¹ N. p., 600' cribwork, 986' pilework; s. p., 502' cribwork, 316' pilework, 79, 1628. Cribs damaged, lost, or displaced, 69, 33, 97; 72, 183; 73, 279; 74, 192; 76, ii, 512. Breach of 901 f. ins. p. during winter of 1876-77, 77, 109, 918. Extraordinary settlement of p., 70, 142; 76, ii, 512. 1877. 200 cords of st. washed out of ps., 78, 1213.

1886-87. Site dr. and foundation piles driven for 50 l. f. of cribwork and 14 courses of same built, 87, 2198.

1887-88. S. p. extended 50' under contract 1,750 c. y. dr., 88, 1916.

1888-89. 6,000 c. y. dr., 89, 2192.

1889-90. 24,960 c. y. removed by U. S. dr.; 4,390 c. y. dr. by citizens of South Haven; repairs to n. and s. ps., 90, 2656.

1890-91. Repairs to outer crib of n. p. in progress, 91, 2700.

1891-92. 11,670 c. y. dr. from chan.; repairs to outer crib of n. p. completed; double sheet piling driven along 520' of rear wall of n. pile revet.; 460 l. f. of n. plank beam changed to sheet-pile revet.; 192 l. f. of sand fence built, 92, 2354.

1892-93. Outer part of n. p. decked over; 462 l. f. n. plank-beam revet. converted into sheet-pile revet.; rebuilding of 356 l. f. of old cribwork in s. p. in progress, 93, 2871. A tool house built, soundings made, gauge readings taken, and 15,690 c. y. dr., 93, 2872.

1893-94. Part of s. p. rebuilt and 31,758 c. y. dr., 94, 2198.

1895-96. 30,715 c. y. dr., 96, 2684.

1896-97. Parts of the n. and s. p. rebuilt, 97, 2911.

1897-98. Extension of 300' to s. p. in course of constr., 98, 2501; and 13,766 c. y. dr., 98, 2502.

1898-99. 20,711 c. y. dr.; extension of s. p. in progress and p. temporarily repaired; preparations made for permanent repair of s. p. (drawings), 99, 2907.

1899-00. 13,390 c. y. dr.; about 1,004' of s. p. repaired and end protected by 50' crib; extension of n. p. in progress, 00, 3884.

1900-01. Extension of n. p. by 2 cribs, each 16½ x 24 x 100', capped with 6' superstr., and repair of 254' of this p. adjoining the new work. Contract completed, 01, 3084.

1901-02. 26,718 c. y. dr., 02, 2146.

1902-03. 33,384 c. y. dr., outer end n. p. and s. revet. repaired, 03, 1942.

1903-04. 56,012 c. y. dr., damages to s. p. repaired, 04, 2981-82.

1904-05. 22,148 c. y. dr., 05, 2166.

1905-06. 7,913 c. y. dr., 06, 1797.

1906-07. 55,647 c. y. dr. by U. S., 26,321 c. y. dr. by contract, st. placed in ps., 07, 1950.

1907-08. 84,190 c. y. dr. by U. S., 11,826 c. y. dr. under contract, 08, 2032, 2033.

1908-09. 17,586 c. y. dr. by U. S., 09, 2022.

1909-10. 78,745 c. y. dr. by U. S., 372.63 cords st. placed in p. under contract, 10, 2180.

1910-11. 59,630 c. y. dr. by U. S., 559 t. st. placed in p. under contract (mainten.), 107,475 c. y. dr. under contract (new work), 11, 2378.

1911-12. New work: 67,429 c. y. dr., repairs to ps., work on p. constr. in progress. Maintenance: 16,846 c. y. dr. by U. S., 10,447 c. y. dr. under contract, repairs to ps. and revet., 12, 2566-67.

PHYSICAL CHARACTERISTICS. (See note to title of work.)

General, of South R., 66, iii, 14, iv, 148, 149.

Lake bed around and bet. ps. generally blue clay, 66, iv, 151; 69, 97.

Treacherous sands, 74, 193.

Advance of shore line, 76, ii, 514.

Result of soundings in 1879, 79, 1628.

Description of, 93, 2870; 04, 550, 3057.

Storms damaging works, 99, 2907.

Condition of works, 01, 3085; 02, 2147; 03, 1942; 04, 2982; 05, 2166.

Damage to ps. and revet., 02, 2147; 03, 1943; 04, 2983.

PLANS. (See Projects.)

By W. J. Casgrain: (1) Extension of both H. ps. to 12' curve, and dr. chan. across exterior bar; est., \$120,300; (2) extension of both H. ps. over outer

bar to 12' curve; est., \$186,994. First plan adopted, and appears under Projects. 66, iv, 152; 74, 192.

PRIVATE AND CORPORATE WORK.

Pierwork and close-pile revet. built previous to 1866 by citizens of South Haven; p. light supported by private subscriptions; expend. by local au. in imp. bet. \$13,000 and \$20,000, 66, iv, 148, 149; 68, 120; 74, 192; 76, ii, 514.

Dr. done by citizens of South Haven, 90, 2656.

Sec. of War granted George Hannah permission to occupy 800' of s. revet. at inner end, upon condition that he maintain this portion in good repair, 02, 2147.

Conditions imposed on city by au. proj. having been fulfilled, contract for dr. entered into, 11, 2377.

Cost of repairs to damaged portions of revet. reimbursed by Bonding Co. for party responsible for damages, 12, 2567.

PROJECTS. (See Estimates and Plans.)

By Maj. Graham, 2 parallel crib ps. 180' apart; dr. to 8'; est., \$39,180, S. D. 42, 35th, 1st, pp. 98, 175.

Orig. proj. by Maj. Wheeler, 1866, proposed extension of 2 parallel ps. 120' apart from mouth of R. to 12' curve in lake, protection of R. banks by sheet-pile revet., and dr. a chan. 12' d. bet. ps. and across outer bars; est., \$128,288, 66, iv, 148; 74, 192; 76, ii, 513; 79, 1628.

By Capt. Farquhar, 1869, p. extension; dr. in chan.; removal of old slab p., 69, 97; 74, 192; 76, ii, 512. Renewed, 1870, 70, 43, 142; 74, 1892, 1871. In lieu of already recom. proj., to widen, deepen, and revet chan. Renewed, 1872-73, 72, 193; 76, ii, 513.

By Maj. Mansfield, 1875, 400 l. f. revet. on n. side and an extension of ps. for 300 l. f.; est., \$80,000, 75, 260; 76, ii, 513.

In 1879 the proj. modified, increasing chan. to 14', 79, 1628; 81, 2236.

Total amount app., 1867 to 1886, incl., \$182,000. Amount est. to complete proj., 1886, \$77,500, 86, 316; 87, 2199; 92, 2356.

In 1897 Capt. Townsend est. \$108,500 to imp. H., 97, 2949; (H. D. 279, 54th, 2d, with map.)

By Capt. Harding, 1899, applying part of app. of 1899 to extending n. p. 200', 99, 2907.

Act Mar. 3, 1905, au. proj. as per H. D. 119, 58th, 2d, and provided that none of the \$50,000 app. shall be used, except for mainten. of existing chans., until proper dock lines shall have been estab., and suitable bulkheads built along these lines by city or riparian owners, and property lying on chan. side of these lines shall have been deeded to U. S., 05, 559.

\$10,000 of 1905 app. made immediately available to secure 16' chan. by resol. June 29, 1906, 06, 619.

Col. Adams recom. extension of both ps. 500' each to properly maintain an 18' chan., 08, 2033.

SURVEYS.

Directed by Maj. Graham, made by J. R. Mayer, 1856 (S. D. 42, 35th, 1st, p. 96).

Directed by Maj. Wheeler, made by W. T. Casgrain, 1866, 66, iii, 14, iv, 148; 74, 192; 76, ii, 514.

By Maj. Wheeler, 1868, 76, ii, 514.

By Capt. Farquhar, 1869, 76, ii, 514.

By Capt. Farquhar, 1870-71, 76, ii, 515.

Sur. au. act June 3, 1896; made, 1897, by Capt. Townsend (see Projects), 97, 2948.

Ex. and sur., with view to obtaining 18', au. act June 13, 1902. R. by Capt. Keller, Oct. 15, 1902, and Jan. 10, 1903, with plan for imp.; est., \$279,370, and \$10,000 au. mainten. (H. D. 119, 58th, 2d), with map 04, 571, 3057.

Maps. 80, 2028; 84, 1992.

Total, 15,000

COMMERCE.

Description of, 95, 2844.
Important only from Lake Michigan to Saugatuck, 95, 2843.

ENGINEERS.

Chief of Engineers. R., 95, 396; 96, 356; 97, 426; 98, 414, 424; 99, 491, 492; 00, 555, 556; 01, 541.

In charge:

Lt. Col. G. J. Lydecker, 1895-96, 1898. R., 95, 2841; 96, 2739; 98, 2506, 2537.
Capt. C. McD. Townsend, 1897. R., 97, 2915.
Capt. C. Harding, 1899-1901. R., 99, 2910, 2912; 00, 3887, 3890.
Capt. Chas. Keller, 1901. R., 01, 3090.

Assistants:

B. H. Muehle. R., 95, 2843.
G. W. Bunker. R., 98, 2539.

PHYSICAL CHARACTERISTICS.

Description of, 95, 2842; 96, 2741; 98, 2538.
Borings, 98, 2540.
Gauge readings, 98, 2544.
Discharge observations, 98, 2542.

PROJECTS.

In 1896 Lt. Col. Lydecker est. \$172,645 or \$146,300 to imp. the R., 96, 2742.

By Lt. Col. Lydecker, 1896, making a new cut through to Lake Michigan to obtain entrance chan. of 12'; est., \$150,000, 97, 2915.

In 1897 Capt. Townsend est. \$5,000 to \$100,000 to imp. R., Saugatuck to New Richmond, by 4 different projcs., 98, 2537.

Capt. Harding, 1900, est. at least \$200,000, because of the rise in prices and labor, to complete proj. of 1896, 00, 3890.

SURVEYS.

Ex. of R., mouth to Kalamazoo, an. act Aug. 17, 1894; made, 1894, by Lt. Col. Lydecker (R. unfav., mouth to Saugatuck; fav., above Saugatuck), 95, 2841.

Sur., Lake Michigan to Saugatuck, an. by resol. of Feb. 13, 1895; made by Lt. Col. Lydecker, 1896 (see Projects), 96, 2739.

Sur., Saugatuck to New Richmond, an. act June 3, 1896; made, 1897, by Capt. Townsend (see Projects), 98, 2537.

ESTIMATES. (See Plans and Projects.)

By Maj. Graham, 1857, ps., revet., and dr., \$64,099.63, S. D. 42, 35th, 1st, pp. 100, 175.

By Maj. Wheeler, 1869, ps., dr. in chan. and B., and repairs to old work, \$203,295.80, **67**, 132; **74**, 190, 191; **76**, ii, 507, 509.

By Capt. Farquhar, 1869 (see Board of Engineers), revet., p. extension, and dr., \$86,398.48, **69**, 100; **71**, 41, 152; **72**, 38, 192; **74**, 190; protection of old slab p., \$6,000, **70**, 141; **74**, 190; **76**, ii, 507.

By BE., 1875, protection of revet., \$10,000, **75**, 259.

By Maj. Mansfield, 1877, addl. for completion of existing proj., \$38,458.74, **77**, 108, 917; \$39,058.74, **79**, 165, 1626.

OPERATIONS.

1867-68. Repairs, **69**, 100.

1869-70. 1,200 l. f. s. side pile revet. built, **70**, 141; **74**, 190; **76**, ii, 508, 510.

1870-71. Minor repairs; revet. on left side completed to e. end of slab p., **71**, 41, 151; **74**, 190; **76**, ii, 510.

1871-72. 365 l. f. built for protection of slab p.; 11,233 c. y. dr., **72**, 38, 182; **74**, 190; **76**, ii, 508.

1872-73. 280 l. f. s. side pile p., built; repairs to old work; pile protection completed, **73**, 39, 276; **74**, 190; **76**, ii, 511.

1873-74. Wing dam built in R., 243 l. f., **75**, 45, 191.

1874-75. 400 l. f. n. side pile p. built by hired labor, **75**, 49, 256; **76**, ii, 508, 511.

1875-76. 334 l. f. n. side pile revet. built; repairs to s. p., **76**, ii, 506, 508.

1876-77. Repairs to old work; decking, **77**, 108, 917.

1877-78. St. lightened from s. to n. p., **78**, 123, 1212.

1878-79. General repairs, **79**, 165, 1625.

1880-81. 520' of pile and edging revet. built; 10,818 c. y. sand dr. from lower reach of revet., **81**, 2233.

1881-82. 673 l. f. pile and edging revet. built; cut 12' x 24' x 1,560' dr. through sand deposit, **82**, 2315.

1882-83. Minor repairs to s. p., **83**, 1828.

1883-84. 175 piles removed from pile dike above the bend; 33,890 c. y. material dr. from bar at entrance and chan. bet. the ps., **84**, 1990.

1884-85. Repairs to s. p., pierhead beacon, and inner work, **85**, 2084.

1887-88. Superstr. reconstr. by hired labor completed, **88**, 1915.

1889-90. 25,594 c. y. dr., **90**, 2655.

1890-91. 6,615 c. y. dr., **91**, 2699.

1892-93. 47,820 c. y. dr., and gauge readings made, **93**, 2875, 2876.

1893-94. 17,706 c. y. dr., **94**, 2201.

1894-95. 40,000 c. y. dr., **95**, 2790.

1895-96. 19,000 c. y. dr., **96**, 2687.

1896-97. 108,388 c. y. dr., **97**, 2914.

1897-98. 24,553 c. y. dr., **98**, 2504.

1898-99. 11,518 c. y. dr., **99**, 2910.

1899-00. Dr., **00**, 3887.

1900-01. 36,416 c. y. dr. under contract, **01**, 3088.

PHYSICAL CHARACTERISTICS.¹

General, of Kalamazoo R., **67**, 128, 130; **69**, 100; **73**, 278; **76**, ii, 508, 509, 510.

Description of, **89**, 2189; **93**, 2874; **96**, 2687.

In 1894, on account of shoaling, H. practically closed to navigation, **94**, 2201. In 1896 boats that were in the H. detained by l. d. until a temporary chan. could be made, **96**, 2687.

Saugatuck and Douglas practically without an outlet, 1900, to Lake Michigan, **00**, 3887.

PLANS. (See Estimates and Projects.)

By Capt. Farquhar, 1869, revet., p. extension, close piling, and dr., **69**, 100.

Maj. Ludlow reported, after an ex. in 1888, that H. was not worthy of imp. to the extent of obtaining a chan. of navigable w., with a min. d. of 15' and reconstr. ps., as recom. by BE., **89**, 2204.

PRIVATE (CORPORATE AND PRIVATE) WORK.

Well-constructed slab p. built by a company of manufacturers and shippers with a subscribed capital of \$30,000, **67**, 130; **69**, 33, 190; **74**, 190; **76**, ii, 509. Repairs to, extension of, and protection of n. p., **69**, 100; **76**, ii, 509.

Attempt by citizens of Saugatuck to scour through bar at chan. mouth, **90**, 2655.

PROJECTS.

By Maj. Graham, 1857, parallel crib ps. 250' apart; close piling within R.; dr. to 8' in chan., S. D. 42, 35th, 1st, p. 100.

By Maj. Wheeler, 1867, parallel crib p. extension to 12'; dr. in chan. and B.; est., \$203,295.80, **67**, 27, 130, 132; **74**, 190; **76**, ii, 509.

By Capt. Farquhar, 1869, pile revet. on s. side 2,700' l.; also 1,600' on n. side, 770' close piling, 192' cribwork, and dr.; est., \$86,398, **69**, 96, 100; **74**, 190; **76**, ii, 507. Approv. by BE., **69**, 101; **76**, ii, 510.

¹ Damages by R. freshet, **69**, 99, 100; **76**, ii, 509.

To secure old slab p., 1870, by a facing and backing of pilework, **70**, 43, 141; **76**, ii, 507. Dr. outfit to be paid for from the app. for this and other Hs.; for the imp. of same, **69**, 85.

By Capt. Mansfield, 1873, wing dam within R., **73**, 277; **74**, 191.

Defects, 1875, of present plan of imp.; discussion of various proj., **75**, 258, 259.

Recom. of B.E., 1875, provided for the extensive repair of revet. already built, **75**, 258; **76**, ii, 509; **87**, 2196; **91**, 2699.

Lt. Col. Lydecker est., 1894, \$260,000 to further imp. H., with an an. cost of \$3,000 for mainten., **94**, 2203.

By Lt. Col. Lydecker, 1896, abandoning the lower part of the R., and making new cut through

to Lake Michigan to provide an entrance chan. with 12' (see Kalamazoo River), **96**, 2688.

By congress, 1899, keeping the old route open until the proposed new one could be estab., **99**, 422.

SURVEYS.

By Maj. Graham, 1856, S. D. 42, 35th, 1st, p. 95. By Maj. Wheeler, 1867-68, **69**, 101; **76**, ii, 508.

By Capt. Farquhar, 1869-71, **69**, 101; **76**, ii, 510. By Capt. Mansfield, 1872, 1876, **76**, ii, 511.

Ex. au. act Aug. 11, 1888; made, 1888, by Maj. Ludlow, **89**, 2202.

Sur. made, 1894, by Lt. Col. Lydecker, **94**, 2201; and an ex. made in 1895 and 1896, by Lt. Col. Lydecker, **95**, 2790; **96**, 2687.

Part (c), OO-15 Saugatuck Harbor and Kalamazoo River, Mich.

1906. Great Lakes Dredge & Dock Co., dr., 16.9¢ c. y., s. m., **06**, 1802. Bennett-Schnorbach Co., constr. sheet-pile revet. (prices given), **07**, 1956.

1907. Greiling Bros., dr., 15.8¢ c. y., **07**, 1955. Robt. Love, repairing s. p. and constr. revet. (prices given), **08**, 2038.

1909. The Green Stone & Quarrying Co., st. in place, \$13 cord, **09**, 2025. John Smith, dr., 16½¢ c. y., **10**, 2184.

1911. Great Lakes Dredge & Dock Co., dr., 20¢ c. y., p. m., **11**, 2381; and dr. at 17½¢ c. y., s. m., and 20¢ c. y., p. m., **12**, 2571.

ENGINEERS.

Chief of Engineers. **R.**, **02**, 462; **03**, 504; **04**, 551; **05**, 560; **06**, 620; **07**, 645; **08**, 691; **09**, 728; **10**, 806, 831; **11**, 861; **12**, 1031.

In charge:

Capt. Chas. Keller, 1901-03. **R.**, **02**, 2149.

Maj. J. G. Warren, **03**, 498.

Lt. Col. M. B. Adams, 1903-09. **R.**, **03**, 1945; (Col.) **04**, 2984; **05**, 2169; **06**, 1799; **07**, 1952; **08**, 2035.

Maj. Chas. Keller, 1908-09. **R.**, **09**, 2024.

Maj. C. S. Riché, 1910-1912. **R.**, **10**, 2183; (Lt. Col.) **11**, 2380; **12**, 2570.

LEGAL PROCEEDINGS.

Projecting land deeded to U. S. for removal, to secure better chan., **11**, 2380.

OPERATIONS.

1901-02. 15,151 c. y. dr. under contract, **02**, 2149.

1902-03. 31,129 c. y. dr., **03**, 1945.

1903-04. 48,155 c. y. dr.; piles driven, and work on new p. begun, **04**, 2984.

1904-05. 40,313 c. y. dr., and work continued on constr. of p., **05**, 2169.

1905-06. 293,305 c. y. dr., and work continued on new p., **06**, 1799.

1906-07. Dr. in new chan., and work in progress on p.; opening up new chan. bet. Kalamazoo R. and Lake Michigan, **07**, 1952.

1907-08. Dr., repairing p., and continuing work on new p., **08**, 2035.

1908-09. Dr. and work on p., **09**, 2024.

1909-10. Dr. and repairs to p., **10**, 2183.

1910-11. 6,766 c. y. dr., **11**, 2380.

1911-12. 203,854 c. y. dr. by contract (new work), and 36,153 c. y. dr. by U. S. plant for mainten., **12**, 2570.

PHYSICAL CHARACTERISTICS.

Effect of storms on constr. work, **05**, 2169.

Depths in chan., **07**, 1954.

PRIVATE WORK.

The Chicago & South Haven Line dr. cut through shoals to imp. their approach to dock, **07**, 1954.

PROJECTS.

Act June 25, 1910, modified proj. to provide 16' x 90'; est., \$36,000, **11**, 862.

SURVEYS.

Pre. ex. au. act Mar. 3, 1909, with view to securing increased d. to town of Douglas. **R.** by Maj. Riché, July 13, 1909, and Jan. 5, 1910; est., \$36,000 (H. D. 635, 61st, 2d), **10**, 831.

ESTIMATES. (See Plans and Projects.)

By J. R. Rowes, 1849, through cut and parallel ps. to 20' in Lake Michigan, \$105,225.78, **S. D.** 42, 35th, 1st, p. 84; **66**, iv, 104.

By Maj. Graham, 1857, ps., close piling, pile wharfing, excavation, and dr., \$128,343.02, **S. D.** 42, 35th, 1st, p. 86; **66**, iv, 104.

By Maj. Wheeler, 1866, completion of present chan., \$106,238.04, **66**, iv, 105, 107, 109; **70**, 145; **74**, 187.

By Lt. Mackenzie, 1866, imp. at the point recom. by Maj. Graham, \$242,272.75, **66**, iv, 107, 109.

By Maj. Farquhar, 1870, revet. and dr., \$30,801.75, **70**, 42, 43, 139; **74**, 188.

Extension of ps., revet., and dr., \$100,480.65, **70**, 148.

By Maj. Mansfield, 1873, p. extension, \$50,000, **73**, 275; **74**, 188, 189; **76**, ii, 501.

P. extension and repairs, \$16,033.80, **76**, ii, 500.

P. extension, \$32,000, **77**, 914.

Completion, \$37,833.40, **79**, 165.

OPERATIONS.¹

Operations suspended from 1852 to 1866, **66**, 5.

1867-68. N. side, 224 l. f. crib p. built; s. side, 128 l. f. crib p. built; 104,595 c. y. dr.; cribs sunk in gap; crib displaced, **68**, 33, 121; **74**, 188; **76**, ii, 503.

1868-69. N. side, 32 l. f. crib p. and 32 l. f. superstr. built; s. side, 160 l. f. crib p. and 160 l. f. superstr. built, **69**, 32, 94; **74**, 188; **76**, ii, 503.

1869-70. N. side, 575 l. f. pilework built; s. side, 32 l. f. crib p. and 32 l. f. superstr. built; repairs to ps., **70**, 42, 138; **74**, 188; **76**, ii, 503.

1870-71. N. side, 32 l. f. crib p. built; s. side, 100 l. f. crib p. built; s. p. extended inward to prevent breach, **71**, 40, 148; **74**, 188; **76**, ii, 503.

1871-72. N. side, 320 l. f. pilework and 32 l. f. superstr. built; s. side, 320 l. f. pilework and 100 l. f. superstr. built; protection to n. pierhead built, **72**, 38, 181; **74**, 188; **76**, ii, 504.

1872-73. N. side, 200 l. f. pilework built; s. side, 200 l. f. pilework built; 32,526 c. y. dr.; repairs to both ps., **73**, 39, 275; **74**, 188.

1873-74. S. side, 418 l. f. pilework built, **74**, 44, 189.

1874-75. N. side, 50 l. f. crib p. and 50 l. f. superstr. built; s. side, 100 l. f. crib p. and 100 l. f. superstr. built, **75**, 49, 255.

1875-76. N. side, 100 l. f. crib p. and 100 l. f. superstr. built; s. side, 50 l. f. crib p. and 50 l. f. superstr. built, **76**, 102, ii, 500.

1876-77. 14,297 c. y. dr.; minor repairs, **77**, 108, 914.

1877-78. S. side, 50 l. f. crib p. built; 35,775 c. y. dr.; 700' revet. repaired, **78**, 122, 1211.

1878-79. 15,000 c. y. dr.; 3 cribs built but not sunk; repairs, **79**, 164, 1622.

1879-80. 2 cribs placed in extension of n. and s. ps., **80**, 2026.

1880-81. Constr. sand-catch fences and repair of ps. by hired labor; 1,560 c. y. sand dr. from entrance chan. by U. S. dr., **81**, 2231.

1881-82. 1,042 l. f. sand-catch fence built and repair of ps. by hired labor; 9,330 c. y. dr. from chan. by U. S. dr., **82**, 2312.

1882-83. Repair of ps., **83**, 1827.

1883-84. 460 l. f. superstr. n. p. rebuilt by hired labor. Material furnished under contract with Dewar & Wing, **84**, 1988.

1884-85. Repairs to ps. by hired labor, **85**, 2083.

1885-86. Repairs to ps. by hired labor, **86**, 1769.

1887-88. Constr. of superstr. by hired labor commenced, **88**, 1914.

1888-89. Repairs to ps. and sand fences, **89**, 2187.

1889-90. 17,526 c. y. dr., **90**, 2652.

1890-91. 17,500 c. y. dr., **91**, 2697.

1891-92. Repairs to ps. and revets. and constr. of sand fence, **92**, 2348.

1892-93. 15,587 c. y. dr. and gauge readings made for the adjustment of the different gauges at the Hs. of Lakes Michigan and Huron, **93**, 2877.

1893-94. 12,584 c. y. dr., **94**, 2206.

1894-95. 13,997 c. y. dr., an old wreck removed, and repairs made to s. p., **95**, 2793.

1895-96. 24,733 c. y. dr., 84 c. y. st. removed, and 450 l. f. old ps. repaired, **96**, 2691.

1896-97. Over 10,571 c. y. dr., **97**, 2917.

1897-98. 12,088 c. y. dr. and 203 l. f. n. p. rebuilt, **98**, 2506.

1898-99. 17,061 c. y. dr., **99**, 2913.

1899-00. 1,513' of H. ps. and revets. repaired; 28,392 c. y. dr., **00**, 3892.

1900-01. 30,702 c. y. dr., **01**, 3092.

1901-02. 17,300 c. y. dr., **02**, 2152.

1902-03. 35,571 c. y. dr., **03**, 1949.

1903-04. 34,194 c. y. dr.; repairs to ps., **04**, 2989.

1904-05. 29,386 c. y. dr.; repairs to ps., **05**, 2175.

1905-06. Dr.; work on new ps. begun; repairs to damaged ps.; removing snags, **06**, 1808.

1906-07. Repairing and building extension to ps.; 61,081 c. y. dr., **07**, 1956.

1907-08. Work on ps. continued; 59,205 c. y. dr., **08**, 2088.

1908-09. 99,846 c. y. dr.; work on ps., **09**, 2026.

1909-10. 17,538 c. y. dr.; work on ps.; placing riprap along lake face and converging ps., **10**, 2185.

1910-11. 73,119 c. y. dr.; repairs to ps., **11**, 2388.

1911-12. 18,594 c. y. dr., **12**, 2573.

PHYSICAL CHARACTERISTICS.

General characteristics of Black Lake, **70**, 145; **76**, ii, 502, 503, 506; **77**, 915.

Bed of marsh lake, **66**, iv, 106.

Sand drift, **73**, 275.

Scour of sand bet. ps., **74**, 189.

Advance of shore line, **76**, ii, 505.

Description of, **93**, 2877; **97**, 2950.

Damages to structures by storms, **06**, 1804; **12**, 1033.

Damages and loss of lives by storm in 1906, **07**, 1957.

Injury to p., **10**, 2186.

H. 7± m. from Saugatuck on the s. and 20 m. from Grand Haven on n., **12**, 1033.

PLANS. (See Estimates.)

By J. R. Rowes, 1849, through cut dr. to 10' joining Black Lake with Lake Michigan; parallel ps. to 20' in Lake Michigan. Auxiliary br. p. in constr. permanent work. General plan approv. by B.E., 1853, and recom. by Maj. Graham; est., \$105,225.78, **66**, iv, 104; but afterwards modified,

¹ L. of ps. constr., Aug., 1867, to June, 1879, **79**, 1623.

Temporary pile wharfing built, 1852, to cover and protect possible subsequent work, but was mostly destroyed by storms before any permanent p. work had been begun, **S. D.** 42, 35th, 1st, p. 85. Damages to cribs and ps., **68**, 121; **69**, 33; **70**, 146. Artificial foundations for cribs, **66**, iv, 105, 106; **67**, 106; **68**, 121; **69**, 99; **70**, 145; **76**, ii, 503. Sand-tight backing for pile revet. work, **74**, 189; **76**, ii, 505. Dr. with a steam tug, cost per c. y., 30¢, **73**, 275; **74**, 188; **76**, ii, 505. History of operations, **70**, 146; **74**, 188; **76**, ii, 500, 502; **79**, 1624. Remarks on work, **76**, ii, 505.

Abstracts of materials used and work done, **67**, 107; **68**, 122; **70**, 139; **71**, 149; **72**, 181. Revet. rendered tight against sand, **79**, 1662.

limiting p. extension to 10' instead of 20', S. D. 42, 35th, 1st, pp. 84, 86.

By Capt. Farquhar, 1869, protection of displaced portion of s. p. by enrockment and close piling, 69, 98.

By Maj. Mansfield, repairs, 79, 1623.

PRIVATE WORK.

H. imp. by citizens of the village of Holland (about 1860, 70, 145) in opening a new outlet for the waters of Black Lake at the most n. of the 2 sites proposed by Maj. Graham, but not the one recom. by them. Poor condition of the work in 1866, 66, iv, 104, 105; 70, 145; 74, 184; 76, ii, 502. Expend. in imp. by H. commissioners of Holland, \$30,000, 66, iii, 10, iv, 106.

Dr. carried on by the citizens of Holland, 90, 2652.

Cost of repairs to ps. damaged by vessel of Graham & Morton Trans. Co. reimbursed by owners, 11, 2383.

PROJECTS. (See Estimates.)

By Maj. Graham, 1857, 2 parallel crib ps. to 12', and a through cut connecting Black Lake with Lake Michigan, revetted with close piling; the whole to be dr. to 12'; est., \$128,343, S. D. 42, 35th, 1st, pp. 85, 89, 175; 66, iv, 104.

By Maj. Wheeler, 1866, continuing the imp. begun by the citizens of Holland. P. extension to 12' in Lake Michigan. Close piling to 12' in Black Lake. Sheathing in cut. Dr. to 12' in chan.; est., \$106,238.04, 66, iv, 104, 106; 67, 24, 106; 68, 33, 121; 70, 145; 74, 187; 76, ii, 503. Reasons governing choice of site for imp. H. entrance, 66, iv, 104, 106; 67, 106.

By Capt. Farquhar, 1869, repairs to old n. and s. brush ps. Protection p. to sand hill, 69, 98. Approv. and recom. by B.E., 70, 146.

By B.E., 1869, protection of portion of the s. p. lately built by an enrockment, 69, 104. Dr. at head of cut, 69, 94; 70, 146; approv. by Chief of Engineers, 69, 105; 70, 146. Manner of constr. of pile p. proposed for this and other works on Lake Michigan approv. with certain provisos, 69, 104, 105.

By Capt. Farquhar, 1869, to apply \$4,000 from app. of this H. toward purchase of a dr. outfit for use at this and neighboring Hs., 69, 85.

By Maj. Farquhar, 1870, further p. extension, to depend on the relative cost each year of dr. and p. building, 70, 42, 139; 76, ii, 503.

By Maj. Mansfield, 1873, p. extension, 74, 188; 76, ii, 501, 506. 1876, extension of s. p. and repairs to old work, 76, 102, ii, 500. 1877, crib p. extension, 77, 108, 914.

Projects of 1866 and 1873 proposed chan. of entrance of navigable w. and not less than 12' d., by p. extension and dr. Est., 1866, \$106,238.04, 66, iv, 104; 83, 1827. From 1852 to 1884, \$238,673.23 had been expend.; resulted in obtaining chan. of entrance 9' d., 84, 1988, 1989.

In 1883 Capt. Lockwood proposed placing an addl. crib 50' l. at outer end of each p., and completing repairs to the ps.; est., \$35,000, 84, 1989.

In 1891 Maj. Ludlow proposed completion of the imp. by p. extension, repairs, and dr.; est., \$45,000, 91, 2697.

By Capt. Townsend, 1897, extending n. p. 800' and s. p. 700', and dr. 16' chan., and also repair of existing structures; est., \$240,000, 97, 2950; (drawings), 99, 2916.

Modified plan, 1905, by Col. M. B. Adams, to extend p. and w. entrance to 300' (see map), 05, 2176.

SURVEYS.

By Maj. Graham, 1856, S. D. 42, 35th, 1st, p. 84.

By Maj. Wheeler, 1866, made by Lt. Mackenzie, 66, iv, 104, 105; 67, 106; 76, ii, 502.

By Maj. Wheeler, 1868, 76, ii, 503.

By Maj. Farquhar, 1869, 1870, 1871, 76, ii, 504.

By Maj. Mansfield, 1874, 76, ii, 505.

Soundings taken, 1877, 78, 1211.

Sur. for d. of 16' au. act June 3, 1896; made, 1897, by Capt. Townsend (see Projects), 97, 2950.

Cong. docs., etc., relating to exs., sur., plans, etc., 12, 1033.

Maps. 66, No. 5. Showing p. extensions, 05, 2177.

Total, 1,065,251.15 (incl. receipts from sales, etc., and \$1,885 allotted, 1870, from Frankfort H., Mich., \$1,070,828.07, 12, 2576).

* Allotment.

¹ Sur.—R., Dec. 15, 1849; est., \$140,175.63. (H. D. 482, 55th, 2d.)

² S. Ex. D. 42, 35th, 1st, p. 92.

³ Allotted from St. Josephs H.

⁴ Allotted from Frankfort H., Mich.

COMMERCE.

H. of refuge, importance as, **67**, 109; **68**, 122; **75**, 253; **76**, ii, 495.
Importance, S. Ex. D. 42, 35th, 1st, p. 89; **67**, 109.

C. importance of H., S. Ex. D. 42, 35th, 1st, pp. 89, 90; S. Ex. D. 16, 34th, 3d, pp. 207, 209, 243, 251, 383, 394; **68**, 122; **69**, 93; **70**, 138; **71**, 147; **76**, ii, 496; **79**, 164, 1619.

Lumber interests, **67**, 108; **69**, 93; **76**, ii, 496; **80**, 2021.

Losses to shipping occasioned by forming of bar across H. mouth, **80**, 2019, 2020.

Importance of, **02**, 466.

Greater d. required in H. than provided by proj., which depends on proj. d. of Grand R., **08**, 2043.

Rates to Chicago by vessel about 14% lower than by rail, **09**, 733.

Increase in water-borne C., 1900-09. Local rates to Chicago 15% lower than by rail, **10**, 811.

In 1911, 641,816 t., **12**, 1035.

H. of considerable importance for years; w. terminus of Detroit, Grand Haven & Milwaukee branch of Grand Trunk R.R., in connection with which is run throughout year 2 lines of S.S. to Milwaukee, and one of these operating 2 large car ferries. There are other traffic lines.

Water traffic is 99±% through traffic; 156,000± t., 1900; 642,000± t., 1911.

Local rates to Chicago 15% lower than rail. Passengers, 1911, 78,738, **12**, 1035.

CONTRACTS.

1866. H. Squier, materials and labor, **66**, iv, 100.

1867. J. H. Ledlie, materials and labor, **67**, 109. R. A. Conolly, materials and labor, **67**, 109.

1868. R. A. Conolly, contractor, overpaid by mistake; 2 claims made; 1 disallowed, **68**, 124. Alleged frauds of P. A. Woolley and others, **68**, 124.

1869. Squier & White, materials and labor, **69**, 93.

1870. T. S. White, materials and labor, **71**, 146. Pierce & Whaling, materials, **71**, 146. G. P. Adams & Bro., materials, **71**, 146.

1872. T. S. White, materials and labor, **73**, 272, 274.

1873. Squier & White, materials and labor, **73**, 273, 274.

1874. Squier & White, materials and labor, **75**, 254.

1876. James Caldwell, materials and labor, **77**, 913.

1878. Henry S. Dale, materials and labor, **79**, 1618, 1621.

1880. H. S. Dale, p. extension, canceled, **80**, 2019. Squier & White, revet. constr., **81**, 2222.

1881. J. W. Dennis, pile foundation, **81**, 2222.

1882. Gillen & Kirby, p. constr. and dr., the latter at 40¢ c. y., **83**, 1825.

1884. H. B. Herr, p. constr., **85**, 2080.

1886. T. W. Kirby, st. and edgings, **86**, 1767. Kelly, Maus & Co., iron, 2½ lb., **86**, 1767. Cutler & Savidge Lumber Co., timber, **86**, 1767.

1889. Hagen & English, st., \$7.90 cord, **89**, 2186. T. W. Kirby, edgings, \$1.20 cord. Cutler & Savidge Lumber Co., timber, \$16.75 1,000 f. b. m.; and plank, \$13.50 1,000 f. b. m., **89**, 2186. Parkhurst & Wilkinson, driftbolts, 2.05 lb., **89**, 2186. C. Berner, p. constr., \$14.956, **89**, 2186.

1890. E. G. Crosby, timber crib constr., \$23,418, **91**, 2695. E. G. Crosby, pine piles, 10¢ l. f., and white pine timber, \$17 M f.; Gaylor & Wing, white pine plank, \$15 M f.; Parkhurst & Wilkinson, tie rods, 3¢ lb.; F. A. Hagen, st., \$2.24 cord, **91**, 2695.

1892. Truman & Cooper, extension and repair of s. p., \$2,047, **92**, 2345. Wisconsin Dredging & Dock Co., p. constr.; aggregate of bid, \$47,947.05, **93**, 2883.

1893. E. D. Weimer, pine timber, \$25.25 1,000'; oak timber, \$31 1,000', **93**, 2884. Parkhurst & Wilkinson, driftbolts, 2½¢ lb.; screw, 2½¢ lb., **93**, 2884.

1899. Green & Wenzell, p. repairs (removing old work, timber, ironwork, st.), \$8,185.66, **99**, 2919. Green's Dredging Co., dr., **99**, 2920.

1900. Green's Dredging Co., dr., **00**, 3898.

1901. S. O. Dixon, dr., 13¢ c. y., **01**, 3097.

1903. Robert Millen & Co., repair of n. p.; prices given, **03**, 1955.

1904. Chicago & Great Lakes Dredge & Dock Co., dr., 16.9¢ c. y., **04**, 2998. Robert Love, repair of s. p., prices given, **05**, 2183.

1905. Leatham & Smith Towing & Wrecking Co., 1,312 cords st. filling, \$5.90 cord, **06**, 1810.

1907. Century Fuel Co., coal (prices given), **07**, 1961.

1908. S. P. Bennett Fuel & Ice Co., coal (prices given), **08**, 2044. The Green Stone & Quarrying Co., st. (prices given); Burk, Smith & Nelson, repair of s. p. (prices given), **09**, 2032.

1909. S. P. Bennett Fuel & Ice Co., coal (prices given), **09**, 2031.

1910. Century Fuel Co., coal (prices given), **10**, 2190. J. E. Hathaway & Co., repair of s. revet. (prices given), **10**, 2191.

1911. Robert Love & Son, repairs to n. revet. (prices given); Leatham D. Smith, furnishing and placing st., 8,000 t., \$1.20 t.; Indian Refining Co., crude or fuel oil—crude, 2.7¢ gal.; fuel oil, 2.4¢ gal., **11**, 2387.

1912. Indian Refining Co., fuel oil for dr. Meade, 3.24¢ gal., **12**, 2577.

F. W. Lehnartz. **R.**, **00**, 3896; **02**, 2155.

ESTIMATES. (See Plans and Projects.)

By Asst. Rowes, 1849, sheath piling, \$21,950, S. Ex. D. 42, 35th, 1st, p. 91.

¹ Contract extended, **78**, 1208.

By Maj. Graham, 1857, extension of ps. to 12' of w., dr. and revet., \$160,185.60, S. Ex. D. 42, 35th, 1st, pp. 92, 95, 175; **66**, iv, 99.

By Maj. Wheeler, 1866, repairs to R.R. p., sheet piling, and extension of s. p., \$105,111.21, **66**, iv, 99, 100; **74**, 184.

By Lt. Mackenzie, 1866, completion, \$352,770.47, **66**, iv, 101; **76**, ii, 494.

N. p. extension, 1867, \$200,000, **67**, 108; **68**, 123; **69**, 32, 93; **70**, 138; **71**, 40, 147; **72**, 38; **74**, 184; **76**, ii, 494.

Revised by Maj. Wheeler, 1867, completion, \$200,111.21, **68**, 33.

By Capt. Mansfield, 1872, completion, \$233,300, **72**, 190; **74**, 185; **76**, ii, 495.

Extension of n. p. and pile revet., 1875, \$51,000, **75**, 254; **76**, ii, 495.

Completion of existing proj., 1879, \$20,148.96, **79**, 164, 1619.

LEGAL PROCEEDINGS.

U. S. dist. atty. requested to take steps to secure reimbursement for damage to ps. by SS. in 1902, **02**, 2156. Cost of repairs refunded by owners, **03**, 1953.

Condemnation proceedings instituted to acquire possession of R.R. lands bordering upon basin back of inner portion of s. p., to be used for storage and repair purposes, **10**, 811; **12**, 1035.

OPERATIONS.¹

1866-67. S. side, 192 l. f. crib p. and 500 l. f. pile revet. built (repairs to old work), **67**, 24, 108; **74**, 184; **76**, ii, 498.

1867-68. S. side, 100 l. f. crib p., 1,943 l. f. pile revet., and 192 l. f. superstr. built (repairs to old work), **68**, 33, 123, 126; **74**, 184; **76**, ii, 498.

1868-69. S. side, 100 l. f. crib p. built (repairs to old work), **69**, 32, 93; **74**, 184; **76**, ii, 498.

1869-70. S. side, 32 l. f. crib p. built (repairs to old work), **70**, 42, 137; **74**, 184; **76**, ii, 499.

1870-71. Repairs to old work, **71**, 40, 146; **74**, 185; **76**, ii, 499.

1871-72. Repairs to old work, **72**, 37, 181, 189; **74**, 185; **76**, ii, 499.

1872-73. S. side, 700 l. f. pile revet. built (repairs to old work), **73**, 38, 272; **76**, ii, 499.

1873-74. N. side, 1,506 l. f. pile revet. built; 45,488 c. y. dr., **74**, 185; **76**, ii, 499.

1874-75. N. side, 300 l. f. crib p. and 600 l. f. pile revet. built. S. side, 500 l. f. pile revet. built; 13,530 c. y. dr., **75**, 48, 252; **76**, ii, 499.

1875-76. N. side, 300 l. f. superstr. built (work unfinished at date of last an. R. completed), **76**, 101, ii, 493.

1876-77. Damages repaired; pierheads ripped, **77**, 107, 912.

1877-78. N. side, 150 l. f. crib p. and 150 l. f. superstr. built (cribs ripped; repairs), **78**, 122, 1208.

1878-79. N. side, 150 l. f. crib p. built (repairs; willows planted), **79**, 164, 1618, 1620.

1879-80. Chan. through bar at H. mouth redr.; superstr. on n. p. extension completed, **80**, 2019.

1880-81. Work commenced upon pile and slab revet. and s. p. extension; extensive repairs to ps. and revet. by day labor; wreck of schooner *Catchpole* removed; 5,910 l. f. catch-sand fence built, **81**, 2220, 2221.

1881-82. 1,633 l. f. pile revet. completed and reinforced by anchor ps.; pile foundation for 3 cribs driven and cribs placed; 6,470 l. f. catch-sand fence built; portions of n. and s. revets. refilled by hired labor, **82**, 2307, 2308.

1882-83. 3 cribs placed in extension of s. p., riprap placed along chan. face, and sheet piling along s. face of same; 100 l. f. of cribwork, with superstr., placed in extension of s. p.; repairs, by day labor, to pile p. and n. and s. revet.; 1,960 l. f. catch-sand aprons placed bet. piles and cuts; 1,960 l. f. catch-sand fence built, **83**, 1822, 1823, 1824.

1883-84. 700 l. f. superstr. on s. p. rebuilt, **84**, 1985.

1884-85. 710 l. f. s. p. and 2 outer cribs refilled and redecked; also 802 l. f. revet. repaired, by hired labor, **85**, 2079.

1885-86. S. p. extended by 200 l. f. cribwork; breaches in pierhead and revet. repaired, **86**, 1766.

1886-87. Completion of new superstr. to n. p.; repairs to ps.; progress on cribs for s. p. extension, **87**, 2191.

1887-88. S. p. extended 52' and n. p. 150' under contract; repairs to s. p. by hired labor, **88**, 1912.

1888-89. Extensive repairs to s. p. revet.; 100 l. f. cribwork built, **89**, 2184.

1889-90. N. p. extended 150'; 2,388 l. f. of s. p. revet. repaired; 600 l. f. sand fence built, **90**, 2647.

1890-91. 6,000 c. y. dr.; constr. of cribwork for p. extension begun; repairs to plant, **91**, 2694.

1891-92. Constr. of crib in extension of s. p.; sunken end of s. p. rebuilt, and repairs made to timber and filling of n. and s. ps., **92**, 2342.

1892-93. Repairs made to s. revet., **93**, 2880; and extension of n. and s. ps. in progress, **93**, 2881. Repairs made to U. S. dr. plant, **93**, 2881.

1893-94. P. extension in progress, and repairs made, **94**, 2209.

1894-95. P. extension completed, and general repairs made, **95**, 2796.

1895-96. S. p. repaired, **96**, 2694.

1896-97. Repairs made to s. p. and storehouse, and 8,320 c. y. dr., **97**, 2919.

1897-98. 40,942 c. y. dr., and ps. repaired, **98**, 2509.

1898-99. Minor repairs made to works, **99**, 2917.

1899-00. Repairs of works, **00**, 3896.

1900-01. Minor repairs to s. p., **01**, 3095.

1901-02. Slight repairs to s. p.; attempt made to remove shoal at entrance by scouring with SS. propeller, **02**, 2155.

1902-03. 14,533 c. y. dr. by U. S. plant; repairs to ps., **03**, 1952.

1903-04. Repairs to s. revet. and p., 480 cords riprap used; n. p. repaired; 76,577 c. y. dr. under contract; other repairs to works, **04**, 2994-95.

1904-05. Riprapping s. revet., 233.7 cords riprap placed, **05**, 2179. Further extensive repairs to s. p. by removing damaged portion, sinking new cribs, etc., 2,192 cords riprap and 367 cords brush placed; 23,423 c. y. dr. by contract, **05**, 2180. 23,949 c. y. dr. by U. S. plant, **05**, 2181.

1905-06. 70,060 c. y. dr. by U. S. plant; repairs to ps., **06**, 1807-09.

1906-07. 11,552 c. y. dr. by U. S. plant; repairs to ps., **07**, 1960.

1907-08. 19,289 c. y. dr.; repairs to ps., **08**, 2043.

1908-09. 34,221 c. y. dr.; repairs to ps., **09**, 2030.

1909-10. 32,637 c. y. dr.; repairs to ps.; sunken scow removed by U. S. plant, **10**, 2188-89.

1910-11. Repairs to ps.; 55,288 c. y. dr., **11**, 2384-85. U. S. warehouse moved, **11**, 2386.

1911-12. Repairs to n. revet. completed; removal of old s. p. and filling st. in new s. p. continued; 64,143 c. y. dr.; repairs to s. p., **12**, 2575.

PHYSICAL CHARACTERISTICS.

General characteristics of Grand R., **76**, ii, 496.

Shore accretion rapid, **66**, iv, 99; **74**, 186.

Beneficial effects of the n. p. in maintaining a suitable d. of H. chan., **74**, 186.

Bar across entrance to H. usually forms in the fall, **74**, 185; **75**, 253; **76**, ii, 493; **78**, 122, 1209; **79**, 164, 1618.

Description of, **89**, 2184, 2185.

Memoranda of soundings, 1844-66. Advance of shore line, **76**, ii, 496, 500.

The zero of the water gauge at the H. raised in 1894 0.28' to make it conform to the new plane of

¹ Operations suspended since 1852, **66**, 5. During the month of June, 1866, 309 l. f. of the R.R. pile p. burned, **66**, iv, 100; **76**, ii, 498.

Damage to the n. p. by a colliding vessel in 1875, **76**, ii, 493, 494. Dr. with a steam wrecking tug, **76**, ii, 493. Chan. 400' w., and available for any class of lake vessels, **76**, ii, 499; **77**, 107.

Histories of the operations, **74**, 184; **76**, ii, 496; **79**, 1620.

reference estab. for the Hs. of Lakes Michigan and Huron, **94**, 2209.

Gauge readings, **96**, 2695; **97**, 2919; **99**, 2917; **00**, 3897; **01**, 3096; **02**, 2157; **03**, 1954.

Shoal formation helped by sand blown in from adjoining dunes, **99**, 494.

Chan. d., **99**, 2917.

Damage to works by vessels, **01**, 3096; **02**, 2156; **03**, 1953; **04**, 2996; **06**, 1809.

Condition of works and d. available, **01**, 3095; **02**, 2156; **03**, 1953; **04**, 2995; **05**, 2181; **06**, 1807, 1809, 1810; **07**, 1960; **08**, 2043; **09**, 2030; **10**, 2189; **11**, 2885; **12**, 2575, 2576.

Sand blown into chan. from dunes, due to deterioration of sand fences, **02**, 2156.

Damage by flood, 1904, **04**, 555, 2994-95.

An. formation of bar at entrance to H., **04**, 556.

Settlement of repaired portion of s. p., **05**, 564.

At mouth of Grand R.—largest R. in Michigan—is 20 m. n. of Holland H., and 12 m. s. of Muskegon H., **12**, 1034.

PLANS. (See Estimates and Projects.)

By Lt. A. Mackenzie, 1866, extension of n. p. from a point 50' n. of Maj. Graham's proposed p., **66**, iv, 101; **67**, 108; **76**, ii, 494, 496.

By Asst. Mower, 1875, pile revet., **75**, 253.

Extending n. p. to 18', 1873, and breakw'r n. connected with pierhead, **78**, 1209.

By Maj. Ludlow, 1890, extension of n. bank revet.; repairing ps. and extending same 200' and 300', resp.; est., \$74,200, **90**, 2651.

PRIVATE (CORPORATE) WORK.

Br. p. built by the Detroit & Milwaukee R.R. Co. on the s. side of entrance, and with a direction 11° more w. than proposed by Maj. Graham, **66**, iv, 99; **76**, ii, 496, 498. Pile revet., **66**, iv, 100.

Dr. by SS. Co., 1877, **78**, 122, 1209.

Material for repairing s. p., damaged, 1900, by SS., furnished by owners, **01**, 3095.

Cost of repairs to ps. damaged by SS. refunded by owners, **03**, 1953.

PROJECTS. (See Estimates and Plans.)

By J. R. Rowes, 1849, sheath piling within R., approv. by BE., S. D. 42, 35th, 1st, pp. 89, 91.

By Maj. Graham, 1857, 2 parallel crib ps. 400' apart to 12' of w.; sheath piling on s. side of R.; dr. to 12', S. D. 42, 35th, 1st, pp. 91, 95, 175; **66**, iv, 99; **74**, 184; **76**, ii, 496. App. of 1866 based on this plan, and should be applied in accordance therewith, unless modifications be necessitated by the work of the R.R. Co., **66**, iv, 99.

By Maj. Wheeler, 1866, revised in 1867, 2 parallel cribwork ps., 2,208 and 608' l., resp., to afford a chan. of entrance of navigable w. and not less than 18' d.; est., \$352,770.47, **66**, iv, 100; **76**, ii, 494; **80**, 217, 2033.

By Maj. Wheeler, 1867, n. p. extension to 12', 200' chan., **67**, 24; **68**, 33; **69**, 32, 93; **72**, 38. Recom. renewed, **70**, 138; **71**, 147; **74**, 184.

By Maj. Mansfield, 1875, extension of n. p.; pile revet. and riprap, **75**, 49, 254. Recom. renewed, **76**, ii, 494. Recom. as to pile revet. renewed, **77**, 913.

Résumé of plans and proj., 1866-76, **76**, ii, 494.

Maj. Harwood proposed, 1880, the extension of ps. to 18', beach protection, and repairs to existing works; est., \$365,600, **80**, 2024.

SURVEYS.

Capt. Williams, 1844, **76**, ii, 496.

Col. Abert, 1849, **76**, ii, 496.

Maj. Graham, 1856, S. Ex. D. 42, 34th, 1st, **76**, ii, 496.

Maj. Reynolds, 1865, **66**, iv, 99; **67**, 108.

Capt. Farquhar, 1869, **76**, ii, 498.

Capt. Farquhar, 1870, **76**, ii, 498.

Maj. Mansfield, **74**, 186; **76**, ii, 499.

Resur. made in 1882, **82**, 2308.

Sur. of bar at head of ps., 1884, **84**, 1984.

Sur. au. act Mar. 3, 1909. R. delayed pending pledges by local au. that public dock and transfer facilities would be provided, **10**, 811, 832.

Pre. ex. and sur. au. act Feb. 27, 1911, to e. end of Fulton St., and incl. chan. into Spring Lake (R. to come), **12**, 1058.

Maps. **82**, 2310; **84**, 1984; **90**, 2650.

OO-25 GRAND RIVER (below Grand Rapids), MICH.

APPROPRIATIONS.

1881, \$10,000, **81**, 2225.

1882, 15,000, **82**, 2312.

1884, 25,000, **84**, 1987.

1896, 50,000, **97**, 2922.

1899, 75,000, **99**, 2927.

1902, 150,000, **02**, 2161.

1905, 100,000, **05**, 2187.

1907, 88,000, **07**, 1966.

Total, 513,000 (incl. misc., \$513,616.15, **12**, 2579).

COMMERCE.

Packet service maintained bet. Grand Rapids and Grand Haven, **01**, 3099; discontinued, 1901, and imp. chan. not in C. use at end of fiscal year, **02**, 2160.

C. purely prospective; little benefit will be derived until imp. is completed, **02**, 467; **12**, 1037.

Extent of imp. required to accommodate probable C., **04**, 3005-3006.

Two new boats put in operation, 1906, and freight-handling facilities installed at Grand Rapids, **06**, 628.

Steamer service discontinued in Sept., 1907. Upper 23 m. of imp. used only by gasoline launch pleasure boats, **08**, 2048-2049.

Imp. has no effect on rates, **09**, 736.

In 1911, 50,000 t., **12**, 2580.

No C. on 17.5 m. imp. R., Grand Rapids to Lamond; bet. Lamont and Grand Haven (21 m.) small side-wheel SS. in operation; below Bass R. 3 small tugs tow gravel to Grand Haven; improb-

able that imp. will fav. affect rates, because of better facilities of various contiguous rail lines, **12**, 1037, 1038.

CONTRACTS.

1882. Squier & White, dr., \$6 per hour, **83**, 1826.

1885. R. Finch, dr., 25¢ c. y., **85**, 2082.

1903. Thomas Johnston, steel hull and cabin for suction dr., \$21,000; and steam plant for dr., \$8,000, **04**, 3002.

1907. Century Fuel Co., coal (prices given), **07**, 1966.

1908. S. P. Bennett Fuel & Ice Co., coal (prices given), **08**, 2049.

1909. S. P. Bennett Fuel & Ice Co., coal (prices given), **09**, 2035.

1910. Century Fuel Co., coal (prices given), **10**, 2194.

Capt. C. Harding, 1899-1901. **R.**, **99**, 2920; **00**, 3899.

Capt. Chas. Keller, 1901-03. **R.**, **01**, 3098; **02**, 2159.

Maj. J. G. Warren (temp.), **03**, 498.

Lt. Col. M. B. Adams, 1903-09. **R.**, **03**, 1956; (Col.) **04**, 2999; **05**, 2184; **06**, 1811; **07**, 1963; **08**, 2045.

Maj. Chas. Keller, 1909-10. **R.**, **09**, 2033.

Maj. C. S. Riché, 1910-1912. **R.**, **10**, 2192; (Lt. Col.) **11**, 2389; **12**, 2578.

Assistant. G. W. Bunker. **R.**, **99**, 2922; **00**, 3902; **01**, 3100.

LEGAL PROCEEDINGS.

Purchase of land from Pere Marquette R.R. Co., bordering basin back of inner portion of s. p. at Grand Haven, completed, and deed executed, May 16, 1911, **12**, 2579.

Acquisition of adjacent land of Pa. R.R. Co. still in hands of dist. atty. \$5,892.40 expend. on account of land, **12**, 2579.

OPERATIONS.

1881-82. 7,267 c. y. dr.; 2 lighters built, **82**, 2311.

1882-83. 6,172 c. y. bowlders and 1,035 c. y. clay dr., **83**, 1826.

1883-84. 18,029 c. y. dr., **84**, 1987.

1884-85. 14,112 c. y. dr., **85**, 2081.

1885-86. 60,176 c. y. sand, gravel, and clay, and 1,707 c. y. bowlders removed; cleaning the chan. to a point 8 m. below mouth of Ganoe Canal at Grand Rapids, **86**, 1767.

1886-87. 6,158 c. y. dr. from vicinity of Haires Bar, **87**, 2194.

1896-97. 14,035 c. y. dr., **97**, 2921.

1897-98. 147,170 c. y. dr., **98**, 2511.

1898-99. Plant repaired and modified; 61,882 c. y. dr.; experimental contraction works built (drawings), **99**, 2921.

1899-00. 88,170 c. y. dr.; 12,622' training walls constr. (drawings and photographs), **00**, 3899.

1900-01. 72,037 c. y. dr. by U. S. plant; 40,468 l. f. training walls built, **01**, 3098.

1901-02. 40,442 l. f. training wall built; 36,939 l. f. old walls repaired, **02**, 2159.

1902-03. 67,679 c. y. dr.; 11,059 l. f. new walls built; repairs made to old walls; plant repaired, **03**, 1956-57.

1903-04. 121,514 c. y. dr.; new suction dr. built and put in operation; 12,443 l. f. new walls built, **04**, 2999, 3000.

1904-05. 619,259 c. y. dr.; 3,459 l. f. training walls completed; old walls repaired, **05**, 2185.

1905-06. 491,228 c. y. dr.; 8,495 l. f. new walls built; repairs to old walls; 632 snags removed; work of converting dr. *Saginaw* into a derrick conveyor and rebuilding tug *Gillmore* in progress, **06**, 1811-13.

1906-07. 526 snags removed; repairs to training walls; rebuilding of tug *Gillmore* and conveyor *Saginaw* completed, **07**, 1964-1965.

1907-08. 315,718 c. y. dr., 370 snags removed; repairing walls, **08**, 2047.

1908-09. 284,048 c. y. dr., 365 snags removed, and 21,980 l. f. walls repaired, **09**, 2033-2034.

1909-10. 80,331 c. y. dr. and 40 snags removed, **10**, 2192-2193.

1910-11. 45,171 c. y. dr. and 86 snags removed, **11**, 2390.

1911-12. Repairs to floating plant, **12**, 2579. Approv. proj. 96% completed, **12**, 1037.

PHYSICAL CHARACTERISTICS.

Description of, **98**, 2511.

Soundings of several bars before and after dr., 1899, **99**, 2926.

Effect of training walls, **01**, 3101-02.

Work delayed by h. w. due to long and frequent rains, **03**, 1957; **04**, 2999, 3000; **05**, 2184; **06**, 1812. R. discharge, **04**, 3000.

Shoaling of completed chan. due to loose sand deposited behind training walls being carried into chan. during h. w., **10**, 2193; **12**, 1037.

Unusual l. w., July, 1910, **11**, 2389.

Buoys marking training walls and lower shoals submerged on account of high stage of water, **12**, 2578.

PROJECTS.

By Maj. Harwood, 1881, excavation of chan. 100' x 4' l. w., Grand Rapids to d. w.; est., \$25,000, **81**, 2224. Increased by Maj. Heap, in 1882, to \$35,000, **82**, 2311, 2312.

In 1896 Congress au. dr. chan. 10' x 100', Grand Haven to Grand Rapids, 38 m.; est., \$670,500, **97**, 2921.

Contraction works, experiments with, details of cost, constr., etc. (drawings and photographs), **99**, 2921, 2924; **00**, 3900.

Act June 13, 1902, extended upper limit of imp. to Fulton St., Grand Rapids, **02**, 2160.

Proj. may be said to have been modified by act June 13, 1902, and cost increased to not less than \$774,000, **03**, 510.

BERH., in **R.** of Nov. 11, 1903, recom. modification of proj. for securing and maintaining a 6' x 100' chan. from Fulton St., Grand Rapids, to Grand Haven, Mich.; est., \$327,000 in addition to plant and funds on hand, and \$20,000 an. mainten. (H. D. 216, 58th, 2d), **04**, 3003; au. act Mar. 3, 1905, provided that no portion of the app. should be used in providing a turning-basin in city of Grand Rapids, **05**, 566; total est., existing proj., \$601,791.40, **12**, 1036.

SURVEYS.

Au. act June 14, 1880; made, 1881, by Maj. Harwood, **81**, 2225.

Special surs. to cover localities embracing shoals, **85**, 2081.

Ex. au. act Aug. 5, 1886; made by Capt. Lockwood (**R. unfav.**), **87**, 2206.

Ex. Grand Rapids to Lake Michigan, au. act Aug. 11, 1888; made, 1888, by Lt. Col. Mansfield (**R. unfav.**), **89**, 2206.

Sur. below Grand Rapids, act Sept. 19, 1890, by Maj. Ludlow, **92**, 2372.

From 1896-98, such sur. work as was thought necessary to preserve previous surs., made by Lt. Col. Lydecker and Capt. Townsend, **98**, 2512.

R., May 29, 1907, by a **BE.**, with view to regulation of floods in interest of navigation, made in compliance with act Mar. 2, 1907 (H. D. 72, 60th 1st), **08**, 715.

Cong. docs., etc., relating to exs., surs., plans, etc., **10**, 1037.

Drawings and photographs. (See Operations, 1899, 1900.)

ESTIMATES. (See Plans and Projects.)

By J. R. Bowes, 1849, ps., \$118,456.34, 66, 8, iv, 145; 76, ii, 490.
 By Maj. Wheeler, 1866, p. extension, \$58,450, 66, iii, 14, iv, 146, 155; 67, 110; 68, 127; 74, 182; 76, ii, 490.
 Renewal of superstr., 1867, slab p., \$64,000, 67, 25; 74, 182; 76, ii, 488.
 By Capt. Mansfield, 1873, p. extension, \$56,000, 73, 38, 271; 74, 183; 75, 251; 76, ii, 488.
 Addl. for completion, 1876, \$8,898.04, 76, 101, ii, 489; 77, 912; 78, 122, 1208. Recapitulation of, 1866-74, 74, 182; 76, ii, 488. For completion of existing proj., \$19,901.75, 79, 164, 1616.

EXPENDITURES.

For repairs, 1869-76, \$7,486.76; list of repairs, 76, ii, 489.

LEGAL PROCEEDINGS.

Title secured to land necessary for proj. imp., 06, 1814.

OPERATIONS.

1867-68. N. side, 192 l. f. crib p. built; s. side, 192 l. f. crib p. built; triangular crib placed in an angle bet. old and new work, 68, 34, 127; 74, 182; 76, ii, 491.
 1868-69. N. side, 64 l. f. crib p. and 256 l. f. superstr. built; s. side, 32 l. f. crib p. and 224 l. f. superstr. built, 69, 32, 91; 74, 182.
 1869-70. N. side, 320 l. f. crib p. built; repairs to s. p., 70, 42, 135; 74, 183; 76, ii, 491.
 1870-71. N. side, 64 l. f. crib p. and 320 l. f. superstr. built; repairs to both ps., 71, 40, 145; 76, ii, 491.
 1871-72. N. side, 30 l. f. crib p. and 64 l. f. superstr. built; s. side, 34 l. f. pile p. built; repairs by hired labor, 72, 37, 180; 74, 183; 76, ii, 492.
 1872-73. N. side, 30 l. f. superstr. built; repairs, 73, 38, 271; 74, 183; 76, ii, 492.
 1873-74. N. side, 250 l. f. pile p. built; s. side, 350 l. f. pile p. built; old slab ps. converted into pile p., 74, 183; 76, ii, 492.
 1874-75. N. side, 135 l. f. pile p. built; s. side, 50 l. f. crib p. and 50 l. f. superstr. built; 135' pile revet. rebuilt, 75, 48, 251.
 1875-76. S. side, 150 l. f. crib p. and 150 l. f. superstr. built, 76, 101, ii, 487.
 1876-77. Repairs, 77, 107, 911.
 1877-78. S. side, 100 l. f. crib p. and 100 l. f. superstr. built; repairs, 78, 122, 1207.
 1878-79. Repairs, 79, 163, 1616.
 1879-80. N. p. extended 50', 80, 2017.
 1880-81. Repairs to ps. and constr. of catch-sand fences, 81, 2216.
 1881-82. 150 l. f. cribwork in extension of n. p., 82, 2305.
 1882-83. Break in end of s. p. repaired; 115 l. f. superstr. rebuilt on pile p.; 3 cribs completed to the 16th course, 83, 1821.

1883-84. 100 l. f. cribwork sunk in extension of detached portion of n. p.; 250 l. f. s. p. superstr. rebuilt, 84, 1983.
 1884-85. Superstr. on detached portion of n. p. built; 100 l. f. cribwork in extension of detached portion of n. p., 85, 2077.
 1885-86. Breaks in s. pierhead and chan. wall repaired; pilework refilled, 86, 1764.
 1886-87. End of old n. p. repaired by hired labor; crib constr. in extension of n. p. commenced, 87, 2189.
 1887-88. Repairs to old n. p. completed by hired labor; displaced crib in n. detached p. replaced under contract, 88, 1910.
 1889-90. S. p. extended 250 l. f.; outer cribs ripped; 292 l. f. n. p. and 380' of s. p. rebuilt; 9,610 c. y. dr., 90, 2637.
 1890-91. 320 l. f. of n. p. removed and rebuilt; sunken crib of n. p. raised; 5,910 c. y. dr. by hired labor, 91, 2336.
 1892-93. Extension and repair of n. and s. ps. and extension of n. revet. toward Muskegon Lake in progress, 93, 2886. Inner end of old n. revet. strengthened and 13,855 c. y. dr. Gauge readings taken, 93, 2887.
 1893-94. P. extension and extension of the n. revet. completed; minor repairs made to old s. pile p.; 36,414 c. y. dr., 94, 2213.
 1894-95. General repairs made and 10,708 c. y. dr., 95, 2800.
 1895-96. 11,913 c. y. dr., 96, 2697.
 1896-97. 27,259 c. y. dr., 97, 2923. 323 l. f. superstr. on n. p. rebuilt and part of n. and s. p. faced with sheet piling; minor repairs made; constr. of 200 l. f. of extension to the s. p. in progress, 97, 2924.
 1897-98. 2,521 c. y. dr., and 200 l. f. extension to s. p. completed; about 250 l. f. old cribwork on s. p. repaired, 98, 2515.
 1898-99. 21,316 c. y. dr. for chan. mainten.; completion of p. repairs (drawings), 99, 2928.
 1899-00. 15,413 c. y. dr.; 694' revet. repaired; p. extension in progress, 00, 3905.
 1900-01. 17,334 c. y. dr.; 200' cribwork sunk for n. p. extension, and superstr. started; new cribwork on n. p. damaged by SS. *State of Michigan*, n. revet. strengthened, 01, 3103, 3104.
 1901-02. 200' extension to n. p. and 100' extension to s. p. completed; 20,117 c. y. dr., 02, 2162, 2163.
 1902-03. 26,958 c. y. dr.; work on revet. of s. bank and repairs to s. p. commenced, 03, 1959.
 1903-04. 8,350 c. y. dr.; constr. of 2 new sections of revet., aggregating 2,313', on s. bank, and rebuilding about 300' of s. p. completed; damage done to s. p. by SS. *F. & P. M. No. 1* repaired and cost collected from owners, 04, 3007, 3008.
 1904-05. 153 cords st. placed in s. p.; 21,875 c. y. dr.; s. p. damaged by SS. *Charles H. Hackley* repaired and cost placed in hands of U. S. atty. for collection; s. p. damaged by SS. *Naomi* repaired by owners, 05, 2187, 2188.
 1905-06. 65,002 c. y. dr. by U. S. dr. *Gen. Gillespie*; work commenced on removal of 328' section of old n. p. to new location and constr. of new section 1,672' l.; substr. for new s. revet., 308' l., completed, and superstr. begun; s. p. damaged by SS. *Iowa*, 06, 1814, 1815.
 1906-07. New s. revet., 308' l., completed; removal of section of n. p. to new position completed; 488' of new section completed and remaining 1,182' almost completed; 138 cords st. placed in old ps.; 20,517 c. y. dr., 07, 1967.
 1907-08. 2,000' of new n. p. completed; extensive repairs made to 630' section of s. p., incl. repairs to cribwork; new superstr. throughout and riprap in front; e. end of s. revet. strengthened with 33 piles; 15,328 c. y. dr. by U. S. dr. *Gen. Gillespie*, and 88,461 c. y. dr. under contract, 08, 2050, 2051.
 1908-09. Constr. of 1,200' n. revet. practically completed; 93,091 c. y. dr. under contract; 167,344

¹ Condition of the H., 76, ii, 493. Damages to ps. by colliding vessels, 71, 145; 76, ii, 491. Old slab p. breached; closed by pilework, 72, 180. 310' n. slab p. burned nearly to water surface, 73, 271, 272. Half of a crib carried away by ice, 76, 136. Histories of operations to 1874, 74, 182; 76, ii, 489; 79, 1616.

c. y. dr. by U. S. dr. *Gen. Gillespie*; narrow chan. of 20' d. secured, **09**, 2036, 2037.

1909-10. 114,962 c. y. dr. under contract; 23,910 c. y. dr. by U. S. dr. *Meade*; about 350' superstr. of n. p. rebuilt; 71 anchor piles driven to strengthen s. sheet-pile revet., **10**, 2195, 2196.

1910-11. U. S. dr. *Meade* removed 20,292 c. y. from bet. ps. and on the outer bar; sheet piles driven and strengthened; tie rods tightened; 3,500 c. y. dr. by contract; work on extension of n. revet., **11**, 2392.

1911-12. 149,960 c. y. dr. by contract from chan. bet. the ps. from Lake Michigan to Muskegon Lake; n. revet. completed and repairs to damaged e. end of revet. in progress; 32,270 c. y. dr. by U. S. dr. *Meade* from entrance bar in Lake Michigan; making of temporary repairs to damaged outer end of s. p. begun, and work was abandoned in Nov., 1911, on account of severe storms, **12**, 2581.

PHYSICAL CHARACTERISTICS.

General, of Muskegon Lake and R., **66**, 8, iii, 13, iv, 145, 146; **76**, ii, 490.

Shifting bar at entrance of H., **66**, iv, 145; **73**, 271; **76**, ii, 490.

Difficulty in entering H. owing to a combination of lake and R. currents, **73**, 271; **76**, ii, 492.

Lake bed unstable sand, **73**, 271.

In 1894 the zero of the water gauge at the H. raised 0.02' to make it conform to the new plane of reference estab. for Lakes Michigan and Huron, **94**, 2213.

Shoaling in winters, **00**, 3905.

Weather conditions made it very difficult to dr. on entrance bar in Lake Michigan, **12**, 2580, 2581.

D. bet. ps. 22' and on bar 20.5', **12**, 2580, 2581.

Ice in Muskegon Lake, **12**, 2580, 2581.

Severe storms in winter of 1911, **12**, 2580-81.

PLANS. (See Estimates and Projects.)

By J. R. Bowes, 1849, 2 parallel ps., 360' apart, **56**, 8; **76**, ii, 490.

By Maj. Mansfield, extension of n. p. 250', **79**, 1616.

PRIVATE (CITY) WORK.

Two converging slab ps., the s. projecting 350' beyond the n. These ps. did not conform in constr. or direction to those recom. by Asst. Bowes, 1849 (see Plans). In 1865 the pierheads were in 14' of w., **66**, iv, 146.

About 300 l. f. of old slab and log dock just inside of the U. S. revet. on the s. side of the chan. was repaired by the city of Muskegon at its own expense, **94**, 2213.

PROJECTS. (See Estimates and Plans.)

By Maj. Wheeler, 1866, extension of the H. ps. with cribwork to 17' of w.; est., \$58,450, **66**, iv, 145, 146; **67**, 24, 110; **68**, 34, 127; **74**, 182; **76**, ii, 488, 490; **79**, 1617. 1867, crib superstr. on old slab ps.; est., \$64,000, **67**, 25; **68**, 34; **71**, 145; **76**, ii, 488.

Amended in 1879 to \$168,901.75, **79**, 1616; **81**, 2217; **86**, 1765; **87**, 2190. Modified in 1880 to increase the w. of entrance from 190' to 300' by a detached n. p., **86**, 1764; **87**, 2189. From 1867 to 1884, incl., \$221,500 had been app., when it was est. that \$113,625 would be required to complete proj., **84**, 1984.

In 1890, after a further expend. of \$107,500, \$30,000 est. as required for completion, **90**, 2637; **91**, 2690.

By Capt. Mansfield, extension s. p.; est., \$56,000, **73**, 38, 271; **76**, ii, 488. Recapitulation of proj., 1866 to 1874, **74**, 182; **76**, ii, 488, 489.

By Maj. Ludlow, 1892, extending both ps. 800' to the 20' curve in the lake; excavation of a chan. 18' x 75' from the lake into the H., and bank revet.; est., \$260,000, **92**, 2336.

Act Mar. 3, 1899, provided that any part of the app. of that year could be used to prevent erosion and to preserve the chan. bet. Lake Michigan and Lake Muskegon, **99**, 2920.

Est. cost of proj., \$260,000; increased, 1899, by \$17,600, **00**, 560.

By Capt. Harding, 1900, for digging and protecting chan. bet. Lake Muskegon and Lake Michigan 20' x 300'; est., \$380,000 (H. D. 104, 56th, 2d), **01**, 3132; au. act June 13, 1902, **02**, 467.

SURVEYS.

1849. By Col. Abert, T. E., **76**, ii, 489.

1866. By Maj. Wheeler, **76**, ii, 489.

1869-70-71. By Capt. Farquhar, **76**, ii, 491.

Soundings, **1847**, **76**, ii, 489; **1866**, **76**, ii, 489, 490; **1868-69-70-71**, **76**, ii, 491.

Ex. and sur. for 20' chan. au. act June 6, 1900 **00**, 3907.

Au. act June 6, 1900, for chan. 20' x 300' w. bet. Lake Muskegon and Lake Michigan. **R.**, Capt. Harding (H. D. 104, 56th, 2d), **01**, 3131.

Au. act Mar. 3, 1909, for modification in exist. proj. **R.**, Capt. Keller (H. D. 210, 61st, 2d) (unfav.), **10**, 831.

For soundings made each year, see an. reports.

Maps:

Plat of soundings, **79**, 1616.

82, 2306; **84**, 1984; **90**, 2644.

00-36 MUSKEGON RIVER, MICH.

COMMERCE.

Description of. Logging business formerly large but nearly ended, 1900, **00**, 3926.

ENGINEERS.

Chief of Engineers. **R.**, **99**, 505; **00**, 569.

In charge. Capt. C. Harding, 1899. **R.**, **00**, 2934.

Assistant. L. W. Goddard. **R.**, **00**, 3936.

PHYSICAL CHARACTERISTICS.

Description of. About 190 m. l.; empties into Muskegon Lake at city of Muskegon, thence flows

into Lake Michigan. Head of navigation about 33 m. from mouth, **00**, 3935.

PRIVATE (STATE AND CORPORATE) WORK.

Outline of work done by State and by a private company, **00**, 3935.

SURVEYS.

Ex. from head of Muskegon Lake to Newaygo for a 5' chan. au. act Mar. 3, 1899; made by Capt. Harding, 1899 (**R.** unfav.), **00**, 3934.

OO-39 WHITE LAKE HARBOR (White River Harbor), MICH.

Lt. Col. M. B. Adams, 1903-09. R., 03, 1963; (Col.) 04, 3012; 05, 2191; 06, 1816; 07, 1970; 08, 2054.
Maj. Chas. Keller, 1909. R., 09, 2039.
Maj. C. S. Riché, 1910-12. R., 10, 2198 (Lt. Col.) 11, 2395; 12, 2583.

Assistants:

Capt. A. Mackenzie. R., 67, 111; 68, 128.
F. W. Lehnartz. R., 00, 3909; 01, 3107.

ESTIMATES. (See Plans and Projects.)

By Maj. Wheeler, 1866, revetted cut, \$170,530.80, 66, 13, iv, 144, 145, 155; 67, 25, 111; 68, 129; 74, 181, 182; 76, ii, 482, 484.
By Capt. Farquhar, addl. for completion, \$50,000, 69, 91; 76, ii, 482. Addl. for dr., \$10,000, 71, 39, 144; 76, ii, 482.
By Capt. Mansfield, 1873, p. extension, dr., and repairs, \$58,000, 73, 38, 270; 76, ii, 483. For completion, \$49,525.60, 74, 44; 76, ii, 483. Addl. to complete proj., \$34,525.60, 76, 101, ii, 483, 484; \$31,891.56, 76, ii, 482; 77, 107, 910; \$17,391.56, 79, 163.

OPERATIONS.

1867-68. 105,377 c. y. dr.; 1,000 l. f. pile revet. built; connection bet. White Lake and Lake Michigan made, 68, 34, 128; 74, 181; 76, ii, 485.

1868-69. H. in bad condition; a few piles driven, 69, 31, 90; 74, 181.

1869-70. N. side, 600 l. f. pile p. and 600 l. f. superstr. built; s. side, 852 l. f. pile p. and 852 l. f. superstr. built; 64,067 c. y. dr.; dr. outfit bought; pile driver built; 110' pile revet. built, 70, 41, 133; 74, 181; 76, ii, 485.

1870-71. N. side, 256 l. f. pile p. and 256 l. f. superstr. built, 71, 39, 143; 74, 181.

1871-72. N. side, 200 l. f. pile p. and 200 l. f. superstr. built; s. side, 96 l. f. pile p. and 68 l. f. superstr. built; work by hired labor, 72, 37, 179; 74, 181.

1872-73. S. side, 28 l. f. superstr. built; 20,680 c. y. dr.; dr. at 16½¢ c. y. by U. S. apparatus; repairs by hired labor, 73, 38, 269; 74, 181; 76, ii, 483.

1873-74. Repairs, 74, 181, 182.

1874-75. 13,570 c. y. dr.; repairs, 75, 48, 250; 76, ii, 483.

1875-76. S. side, 150 l. f. crib p. and 150 l. f. superstr. built; sand fences and sheath piling built by hired labor, 76, 101, ii, 481.

1876-77. 12,480 c. y. dr.; repairs; wreck removed, 77, 106, 910.

1877-78. 8,580 c. y. dr.; repairs, 78, 121, 1206.

1878-79. S. side, 50 l. f. crib p. and 50 l. f. superstr. built; 9,150 c. y. dr.; repairs, 79, 163, 1613.

1879-80. S. p. extended 100', 80, 2016.

1880-81. S. p. extended 100' and 200 l. f. superstr. built over same; 4,486 c. y. dr. from chan., 81, 2213, 2214.

1881-82. One crib and brush mattress foundation for bulkhead sunk, 82, 2302.

1882-83. Inner crib in s. p. leveled up; piles driven for s. wall foundation of second crib, 83, 1819.

1883-84. 3 cribs at end of s. p. superstr., 84, 1981.

1884-85. 752 l. f. of s. p. pile revet. rebuilt, 85, 2076.

1885-86. 45 l. f. of outer section n. p. cut down and rebuilt with superstr., 86, 1763.

1886-87. Superstr. placed on 459 l. f. of old pile-p. revet., 87, 2188.

1887-88. 300 l. f. of old n. p. superstr. removed; 4,190 c. y. dr. from H., 88, 1909.

1888-89. 6,343 c. y. sand dr., 89, 2179.

1889-90. 714 l. f. sand fence built; 6,313 c. y. dr., 90, 2634.

1890-91. Repairs and new superstr. to 377 l. f. of s. p.; repairs to outer end of n. p., 91, 2687.

1891-92. Repairs to ps. and superstr. constr. continued, 92, 2332.

1892-93. Repairs to ps. and revet. completed and water-gauge readings taken, 93, 2891.

1893-94. 14,216 c. y. dr., 94, 2216.

1894-95. Slight repairs made to s. p., 95, 2802.

1896-97. 32,979 c. y. dr., 97, 2927.

1899-00. 9,296 c. y. dr.; s. p. repaired; p. extension and repair in progress, 00, 2909.

1900-01. N. p. extended 200', s. p. 100'; crib of s. p. repaired; 5,802 c. y. excavated, 01, 546, 3107.

1902-03. 12,455 c. y. dr.; repairs to ps., 03, 1963.

1903-04. Repairs to ps. and 12,359 c. y. dr., 04, 3012.

1904-05. 15,429 c. y. dr., 05, 2191.

1905-06. 23,763 c. y. dr., 06, 1817.

1906-07. 844 c. y. dr., 07, 1970.

1907-08. 68,873 c. y. dr. by U. S. plant, 08, 2054.

1909-10. Refilling parts of ps. with st., 11,335 c. y. dr. under contract, 10, 2198-99.

1910-11. 56,518 c. y. dr. by U. S. plant, 11, 2395.

1911-12. 37,926 c. y. dr. by U. S. plant, 12, 2583-84.

PHYSICAL CHARACTERISTICS.

Lake Michigan; R. currents in general, 76, ii, 487.

General characteristics of White R. and Lake, 66, iii, 13, iv, 143, 144; 67, 112; 73, 270; 76, ii, 484.

Advance of shore line from sur. of 1871 to 1873, 202 l. f. on the n. side and 26 l. f. on the s. side of H. ps., 73, 270.

Description of the locality, 90, 2634.

An. shoaling, 00, 3910.

Condition of works and d. of water, 01, 546, 3107-08; 02, 469, 2166; 03, 512, 1963; 04, 561, 3012-13; 05, 569, 2191-92; 06, 632, 1817; 07, 655, 1970; 08, 702, 2054; 09, 739, 2039-40; 10, 817, 2199; 11, 871, 2395; 12, 1041, 2583.

11, 871, 2395; 12, 1041, 2583.

PRIVATE AND CORPORATE WORK.

Two parallel slab ps., 125' apart, of unequal l., chan. carrying 5' of water. No imp. at this point recom.; entrance blocked by wreck, 66, iii, 13, iv, 143, 144; 76, ii, 484.

66, iii, 13, iv, 143, 144; 76, ii, 484.

Maj. Chas. Keller, 1909-10. R., 09, 2040.
Maj. C. S. Riché, 1910-12. R., 10, 2199; (Lt. Col.) 11, 2395; 12, 2584.

Assistants:

A. Mackenzie. R., 67, 112; 68, 130.
F. W. Lehnartz. R., 00, 3913.

ESTIMATES. (See Projects.)

By Capt. Mackenzie, \$327,713.40, 67, 25, 113; 68, 130; 74, 179, 180; 76, ii, 478; 77, 908. Modified, 78, 1205; 79, 1610.
By Maj. Wheeler, dr., \$40,000, 69, 31, 89; 70, 41, 133; 74, 179.
By Capt. Farquhar, repairs and revet., \$54,780, 71, 141; 72, 187.
By Capt. Mansfield, addl. for completion, \$24,780, 72, 37, 187. Removal of old and constr. of new revet. on n. side, and p. extension, \$49,200, 75, 48, 249.

OPERATIONS.

1867-68. S. side, 320 l. f. crib p. built; 15,944 c. y. dr.; cribs built at Ludington and towed to Pentwater; work poorly done, 68, 34, 130; 74, 179; 76, ii, 479.
1868-69. S. side, 256 l. f. crib p. built; 22,632 c. y. dr., 69, 31, 89; 74, 179; 76, ii, 479.
1869-70. N. side, 160 l. f. crib p. and 440 l. f. pile p. built; s. side, 32 l. f. crib p. built; repairs; efficiency of n. p., 70, 41, 132, 133; 74, 180; 76, ii, 480.
1870-71. 450 l. f. superstr. completed; repairs, 71, 39, 140; 74, 180; 76, ii, 480.
1871-72. N. side, 30 l. f. crib p. built, 72, 37, 179; 74, 180; 76, ii, 480.
1872-73. S. side, 1,042 l. f. pile p. built; 62,882 c. y. dr.; 1,382' old p. removed and dr. to 12'; w. increased, 73, 37, 267; 74, 180; 76, ii, 481.
1873-74. N. side, 100 l. f. crib p. built; s. side, 95 l. f. pile p. built; 100' superstr. n. p.; revet. completed, 74, 43, 130; 76, ii, 481.
1874-75. 3,190 c. y. dr.; dr. by U.S. dr., 75, 48, 249.
1875-76. Repairs by hired labor, 76, 101, ii, 478.
1876-77. 7,230 c. y. dr.; repairs by hired labor, 77, 106, 907.

1877-78. N. side, 552 l. f. pile p. built; 15,901 c. y. dr.; pierheads rebalasted; 68 cords st. used; repairs, 78, 121, 1206; 79, 1611.

1878-79. N. side, 600 l. f. pile p. built; 18,022 c. y. dr.; repairs, 79, 63, 1609.

1880-81. 1,528 l. f. catch-sand fence built; ps. and revet. repaired; 20,000 c. y. dr., 81, 2211.

1881-82. 50 l. f. of cribwork sunk in extension of n. p.; 19,478 c. y. dr. from chan., 82, 2301.

1882-83. 50 l. f. of superstr. built; repairs to pier work; dr. under Squier & White's contract continued, 83, 1817.

1883-84. 12,838 c. y. dr. from bet. ps.; damage to n. p. end repaired, 84, 1979, 1980.

1884-85. 106 l. f. of filling removed and replaced; 150' of revet. backing overhauled and repaired; 1 crib sunk in extension of n. p.; filling placed in interval bet. s. p. cribs, 85, 2075.

1885-86. Extensive repairs to n. and s. ps., 86, 1763.

1886-87. One 50' crib placed on pile foundation in extension of s. p., 87, 2186.

1887-88. 50' p. extension under contract completed, 88, 1907.

1889-90. 9,917 c. y. dr.; 612 l. f. sand fence built; repairs to ps., 90, 2632.

1890-91. 7,200 c. y. dr. from chan. bet. ps.; 270 l. f. of s. revet. rebuilt; repairs to n. p. and s. revet., 91, 2685.

1891-92. Repairs to s. revet. completed, 92, 2329.

1892-93. 11,674 c. y. dr. and gauge readings made, 93, 2894.

1893-94. 14,575 c. y. dr., 94, 2218.

1894-95. Few repairs made to old ps., 95, 2804.

1895-96. 22,932 c. y. dr., 96, 2702.

1896-97. 16,075 c. y. dr., 97, 2928.

1897-98. Rebuilding of 440 l. f. of n. p. in progress, 98, 2520.

1898-99. Work of last year completed; 11,394 c. y. dr., 99, 2933.

1899-00. 30,147 c. y. dr.; 1,819' of ps. repaired, 00, 3913.

1902-03. 18,614 c. y. dr., 03, 1963.

1903-04. Repairs to n. p.; 11,337 c. y. dr., 04, 3012.

1904-05. 15,852 c. y. dr., 05, 2192.

1905-06. 11,496 c. y. dr., 06, 1817.

1906-07. 17,405 c. y. dr. under contract, and 59,730 c. y. dr. by U.S. plant, 07, 1970.

1907-08. 66,354 c. y. dr. by U.S. plant, 08, 2054.

1909-10. 14,415 c. y. dr. under contract, and 30,588 c. y. by U.S. plant, 10, 2199.

1910-11. Repairs to ps. by contract, 11, 2395.

1911-12. 53,541 c. y. dr. by U.S. plant, 12, 2584.

PHYSICAL CHARACTERISTICS.

General, of Pentwater H., 68, 130; 76, ii, 479.
Cause of shoaling of chan., 72, 179.
Advance and recession of shore line, 76, ii, 480, 481.
Effect of denuding the sand hills, 73, 267.
Peculiarities of the Hs. of Frankfort and Pentwater, 76, ii, 481.
Description of, 90, 2631.
Condition of works and d. of water, 02, 469, 2166; 03, 513, 1963; 04, 560, 3012-13; 05, 570, 2192; 06, 632-33, 1817; 07, 655-66, 1970; 08, 702, 2054; 09, 740, 2040; 10, 818, 2199; 11, 872, 2396; 12, 1042, 2584.
Available d. shown by soundings, May 28-31, 1904, 04, 3013.

PRIVATE (CORPORATE) WORK.

Previous to 1868. Br. p. on the n. side filled with slabs; also repairs, 68, 130. Very irregular and inferior work, 68, 130. Dr., 69, 31; 76, ii, 480. 250 l. f. substantial dock, joining U. S. revet.,

1868-69. Work damaged by storms, 69, 31, 90.

1870-71. S. p. breached, 71, 39. Bad condition of H., 71, 140.

1874. N. p. breached, 75, 249.

1875. Ps. damaged by colliding SS., 76, ii, 478. List of repairs made, 76, ii, 478.

built by the Chicago & Michigan Lake Shore R.R. Co., 1873, **73**, 267; **76**, ii, 481.

In 1894-95 old wreck in chan. struck by vessel belonging to Sands & Maxwell removed by them, **95**, 2804.

PROJECTS. (See Estimates.)

By Maj. Wheeler, extension of n. and s. ps. for 1,280'; abandonment of old slab p. recom., **67**, 112, 113; **68**, 130. Modified to increase w. of "present" outlet from 76' to 150', close piling 2,120 l. f., and 2,560 l. f. pierwork, utilizing portion of old work; also, dr. to 12'; est., \$327,713.40, **67**, 25, 113; **68**, 34, 130; **74**, 179; **76**, ii, 478, 479. Recom. of removal of old s. slab p. renewed, **69**, 31, 89; **70**, 41, 133; **74**, 179, 180.

By Capt. Farquhar, 1871, w. chan. and new revet., **71**, 39, 140, 141.

By Maj. Mansfield, 1875, removal of old n. slab revet., 1,500 l. f., replacing it with pile revet., **75**, 48, 249; **76**, ii, 478; **77**, 907.

For dr., 1876, and repairs, **76**, ii, 478. Résumé of plans and proj., **74**, 179. Comparison of finished work with that first proj., **76**, ii, 478, 481.

Orig. est. of 1866 amended, 1873, to \$192,020, **78**, 1205; **87**, 2186.

In 1884 Capt. Lockwood considered that completion of imp. would require constr. of 300 l. f. of pier work, dr. at entrance and bet. ps., and repairs; est., \$70,000, **84**, 1980.

In 1892 Maj. Ludlow proposed addition of 4 cribs to s. p. (in completion of the existing proj.), and reconstr. of 521' of n. p., 619' of s. p., and 417' of s. revet., 1,830 l. f. of sheet piling for n. p. and s. revet., and dr.; est., \$53,000, **92**, 2330.

Approv. proj., 1899, provided for further extending 200' of s. j., **99**, 2934; est., \$22,000, **00**, 3914.

Revised proj. (act Mar. 2, 1907) for d. of 16' and w. of 150' bet. ps. and revets., **07**, 655.

The DO., with concurrence of BERH., recom., 1909, that further apps. be discontinued; H. has outlived its usefulness (see Commerce), **09**, 741, 2041.

SURVEYS.

By Maj. Reynolds, 1866, **76**, ii, 479.

By Capt. Farquhar, 1869-70-71, **76**, ii, 480. Memoranda of soundings, **76**, ii, 479, 481.

Surs. of the waterway bet. the ps. made, 1894, by Lt. Col. Lydecker, **94**, 2218.

Pre. ex. and sur. au. act Mar. 3, 1905, with view to obtaining 16'. R. by Col. Adams, Nov. 8, 1905, presents plan for enlarging existing proj. to extent of providing 16' when maintain. dr. in H. be undertaken (H. D. 181, 59th, 2d), **06**, 645; **07**, 667. R. reviewed by BERH. (see Boards) (R. and H. Com. D. 11, 61st, 2d), **11**, 872.

Act Feb. 27, 1911, au. pre. ex. of this H., **11**, 872; **12**, 1058. (R. to come.)

Maps. **82**, 2302; **84**, 1980.

OO-43 LUDINGTON (Pere Marquette) HARBOR, MICH.

APPROPRIATIONS.

1910,	310,000, 10 , 2202.
1911,	229,087, 11 , 2400.
1912,	51,500, 12 , 2589.

Total, 1,582,022 (incl. misc., less amt. carried to surplus fund, \$1,582,127.81, **12**, 589).

COMMERCE.

Importance as H. of refuge, **68**, 132; **69**, 88; **70**, 40, 131; **76**, ii, 476.

Benefits of imp., **68**, 132; **75**, 47; **76**, ii, 477.

Vessels lost bet. Big and Little Point Sable, bet. 1848 and 1881, **82**, 2300.

In 1897 the H. had large local C., and was an important link in a line for moving freight to and from the Northwest and the Atlantic seaboard, **97**, 2952.

1911, 1,866,000± t.; 44,000 pass. Local rates to Chicago 27% less than by R.R. Terminus of car-

ferry lines. Imp. has produced traffic which otherwise could not have existed. H., by providing shorter route, reduces congestion usually found on R.Rs. of s. end of Lake Michigan. Rates have been materially reduced by new route, **12**, 1045.

CONTRACTS.

1867. P. M. Danaher, materials, **70**, 41. Lellie & Corse, materials; R. N. Gere, materials; Hasbrouck & Conro, labor and dr., **67**, 115.

1869. P. M. Danaher, materials and labor, **69**, 88.

1870. Pierce & Whaling, materials and labor; D. Dewar, materials and labor, **71**, 137, 138, 139.

1872. Dodge & Squier, materials and labor, **73**, 265, 266.

1873. W. Nicolls, materials and labor, **73**, 265.

1876. D. Dewar, materials and labor, **77**, 906, 907.

1877. D. Dewar, materials and labor, **78**, 1203.

1878. N. S. Gere, materials and labor, **79**, 1606, 1609.

1879. Dewar & Corlett, materials and labor, **80**, 2014. D. Dewar, p. extension, superstr., and dr., **81**, 2208.

1881. D. Dewar, p. constr. and dr., **82**, 2291.

1882. T. H. Smith, dr., 29¢ c. y., **83**, 1816.

1883. C. E. Mitchell, crib constr., **85**, 2074.

1889. Truman & Cooper, p. constr., \$52,417.97; pile-p. constr., \$55,568.16, **89**, 2175.

1896. W. A. Starke, dr., **97**, 2931.

1897. W. Brownrigg, p. repairs, \$8,851.31, **97**, 2703.

1899. Green's Dredging Co., dr.; N. J. Gaylord, p. repairs (removing old work, piles, lumber, ironwork, st.), \$14,777.35, **99**, 2938.

1900. Green's Dredging Co., dr., **00**, 3918.

1903. The Lydon & Drews Co., dr., 16¢ c. y., **03**, 1969.

1904. S. O. Dixon, dr., 17¢ c. y., **04**, 3021.

1906. N. J. Gaylord, repair of s. p., prices listed, **07**, 1975.

1907. Century Fuel Co., coal for U. S. dr. Gillespie, prices listed, **07**, 1975. L. E. Schnorr-

* Allotment.

1 Contract extended, **79**, 1606.

bach & Co., constr. of break'r, prices listed, 08, 2059.

1908. S. P. Bennett Fuel & Ice Co., coal for U. S. dr. Gillespie, prices listed; N. J. Gaylord, repairs to inner end of n. p., 08, 2059. Bennett-Schnorbach Co., st., 39 cord, 09, 2045.

1909. S. P. Bennett Fuel Co., coal, prices listed, 09, 2044.

1910. Century Fuel Co., coal for U. S. dr. Meade, prices listed, 10, 2205. T. H. Smith, st., 2.46 t., 11, 2401.

1911. Indian Refining Co., oil for U. S. dr. Meade, prices listed, 11, 2400. Leatham D. Smith, st., prices listed, 12, 2589.

1912. Indian Refining Co., oil, 3.44¢ gal., 12, 2589. G. W. Bunker Co., removing ps. and constr. break'r, prices listed, 12, 2590.

ENGINEERS.

Chief of Engineers. R., 67, 25; 68, 35; 69, 30; 70, 40; 71, 38; 72, 36; 73, 37; 74, 43; 75, 47; 76, 100; 77, 106; 78, 121; 79, 162; 80, 215; 81, 292; 82, 286; 2292; 83, 294; 84, 295; 801; 85, 317; 324, 2090; 86, 312; 87, 278; 88, 253; 89, 296; 90, 267; 2625; 91, 338; 92, 324; 93, 375; 94, 348; 95, 384; 96, 340; 97, 430; 435; 98, 418; 99, 499; 00, 562; 01, 548; 02, 470; 03, 514; 04, 562; 05, 571; 06, 634; 07, 657; 08, 704; 09, 742; 10, 819; 11, 873; 12, 1043.

Boards:

Convened, S. O. No. 181, C. of E., 1884, to R. upon a plan with est. for H. of refuge at Ludington, Mich., 85, 2073. (Lt. Cols. Poe and Barlow and Capt. Lockwood.)

Constituted by act Mar. 3, 1905, to inquire into effect of wave action on H., 05, 2197. R., July 15, 1905 (H. D. 62, 59th, 1st), recom. estab. of expansion basin in advance of pierheads; est., \$260,000, 06, 645, 1820.

BERH. R., Dec. 22, 1906; est. of adopted proj., \$839,087 (H. Com. D. 3, 59th, 2d).

In charge:

Maj. J. B. Wheeler, 1867-68. R., 67, 114; 68, 131.

Capt. F. U. Farquhar, 1869-72. R., 69, 88; 70, 131; 71, 137; 72, 178.

Capt. S. M. Mansfield, 1872-79. R., 72, 186; 73, 265; 74, 178; 75, 247; 76, ii, 474; 77, ii, 906; 78, 1203; 79, 1606.

Maj. F. Harwood, 1880-82. R., 80, 2013; 81, 2208; 82, 2293.

Maj. D. P. Heap, 1882-83. R., 82, 2290.

Capt. D. W. Lockwood, 1883-87. R., 83, 1815; 84, 1977; 85, 2072, 2091; 86, 1761; 87, 2184.

Maj. S. M. Mansfield, 1888-89. R., 88, 1905.

Maj. W. Ludlow, 1889-93. R., 89, 2173; 90, 2621, 2628; 91, 2682; 92, 2326; 93, 2395.

Lt. Col. G. J. Lydecker, 1894-96, 1898. R., 94, 2220; 95, 2806; 96, 2703; 98, 2522.

Capt. C. McD. Townsend, 1897. R., 97, 2930, 2951.

Capt. C. Harding, 1899-1901. R., 99, 2936; 00, 3916.

Capt. Chas. Keller, 1901-03. R., 01, 3112; 02, 2168.

Maj. J. G. Warren, 03, 498.

Lt. Col. M. B. Adams, 1903-09. R., 03, 1966; (Col.) 04, 3016; 05, 2195; 06, 1819; 07, 1974; 08, 2057.

Maj. Chas. Keller, 1909-10. R., 09, 2042.

Maj. C. S. Riché, 1910-12. R., 10, 2202; (Lt. Col.) 11, 2398; 12, 2587.

Assistant. Capt. A. Mackenzie. R., 68, 131.

ESTIMATES. (See Plans and Projects.)

By Maj. Wheeler, \$270,682.16, 67, 25, 114; 68, 35, 131; 74, 178, 179; 76, ii, 474, 475; 77, 906. For new cut, \$269,136.49, 67, 25; 74, 178; 76, ii, 475. For removal of old s. slab p. and constr. of revet., \$52,000, 69, 88; 70, 40, 131; 74, 178. Modified, \$35,440, 71, 138.

By Capt. Mansfield, p. extension, \$40,000, 72, 36, 187. Addl., \$36,000, 75, 247, 248. For completion, \$17,602.07, 79, 162, 1607.

OBSTRUCTIONS.

Grounded ss. released by U. S. dr., 09, 2043.

OPERATIONS.

1867-68. N. p., 64 l. f. crib built; s. p., 544 l. f. crib built; 8,900 c. y. dr.; damages to ps., 68, 35, 131, 132; 74, 178; 76, ii, 476.

1868-69. N. p., 128 l. f. crib built; s. p., 25 l. f. crib built; 544 l. f. superstr., 69, 30, 88; 74, 178; 76, ii, 476.

1869-70. N. p., 334 l. f. crib built; superstr. built, 70, 40, 131; 74, 178; 76, ii, 476.

1870-71. 384' superstr.; both ps. rebalasted, 71, 38, 137; 74, 178; 76, ii, 476.

1871-72. N. p., 30 l. f. crib built; s. p., 135 l. f. pile revet. built; dr. by U. S. dr.; removal of old s. p. begun, 72, 36, 178; 74, 178; 76, ii, 477.

1872-73. Removal of old s. p., dr., and constr. of revet., 73, 37, 265; 74, 178; 76, ii, 477.

1873-74. S. p., 250 l. f. crib built; 6,520 c. y. dr.; 1 crib lost from s. p., 74, 43, 178, 179; 76, ii, 477.

1874-75. S. p., 50 l. f. crib and 560 l. f. pile revet. built; 38,351 c. y. dr.; 300' superstr., slab p. removed, crib replaced, and dr., 75, 47, 247, 248.

1875-76. N. p., 100 l. f. crib built; 31,750 c. y. dr.; repairs to s. pierhead and dr., 76, 100, ii, 474.

1876-77. Repairs, 77, 106, 906.

1877-78. S. p., 100 l. f. crib built; 6,000 c. y. dr.; repairs to both ps., 78, 121, 1203.

1878-79. N. p., 100 l. f. crib built; s. p., 50 l. f. crib built; 18,720 c. y. dr.; repairs to dr., 79, 162, 1606.

1879-80. 100 l. f. cribwork placed in p. extension, 80, 2013.

1880-81. 122 cords st. used in refilling s. p.; ps. and revet. made sand-tight; s. p. extended 50', 81, 2208.

1881-82. 30' x 50' crib sunk in prolongation of s. p.; 150 l. f. superstr. built; 5,000 c. y. sand dr. from bar at mouth of chan., 82, 2290.

1882-83. Outer end of s. p. repaired; 100 l. f. superstr. built; 4,020 c. y. dr. from chan., 83, 1815.

1883-84. 10,338 c. y. dr. from bet. ps.; n. side of s. p. repaired, 84, 1977.

1884-85. S. p. extended 50' and part of superstr. for same built, 85, 2073.

1885-86. 9,990 c. y. dr. from bet. ps., 86, 1761.

1887-88. 3,780 c. y. dr. from chan., 88, 1906.

1888-89. 4 cribs for the n. p. begun, 89, 2174.

1889-90. 500 l. f. of cribwork added to n. p.; 17,018 c. y. sand dr.; 400 l. f. of cribwork added to n. p.; 592 l. f. of sand fence built upon s. beach, 90, 2621.

1890-91. Repairs to n. p., 91, 2683.

1891-92. 19,397 c. y. sand dr. by hired labor, 92, 2326.

1892-93. Gauge readings made, 93, 2396.

1893-94. 13,802 c. y. dr. and repairs made to s. p., 94, 2221.

1894-95. 26,489 c. y. dr., 95, 2306.

1895-96. General repairs made and 7,812 c. y. dr., 96, 2704.

1896-97. 58,827 c. y. dr. and parts of n. and s. ps. reconstr., 97, 2931.

1897-98. 510 l. f. old ps. rebuilt, 98, 2522.

1898-99. 18,262 c. y. dr., 99, 2936.

1899-00. 23,026 c. y. dr.; p. repairs in progress (drawings, 99, 2938), 00, 3916.

1900-01. 12,976 c. y. dr.; work on repair of ps. completed, 01, 5113.

1901-02. 19,964 c. y. dr., 02, 2169.

1902-03. 24,804 c. y. dr.; work on extension and repairs to p. begun, 03, 1966.

1903-04. 24,246 c. y. dr.; work on extension and repairs to p. and revet., 04, 3018.

1904-05. 20,417 c. y. dr. by U. S.; work on extension of p. and repairs to p. and revet. completed Sept. 3, 1904, 05, 2195.

1905-06. 31,308 c. y. dr., 06, 635, 1819.

1906-07. Old revet., inner end s. p., repaired and extended by a wall of close piles backed with brush and st., 07, 1974.

1907-08. 24,173 c. y. dr.; work on constr. of break'r commenced, 08, 2057.

1908-09. 14,830 c. y. dr.; constr. of break'r in progress; repairing damage to n. p.; filling vacancies in s. p. with st., 09, 2043.

1909-10. 31,460 c. y. dr.; work on break'r continued and repairs made to portions damaged by storms, 10, 2203.

1910-11. 25,879 c. y. dr.; constr. of break'r completed; repairs made to structures, 11, 2398.

1911-12. 43,128 c. y. dr. by U. S. (mainten.); riprap and st. placed in break'r; removing p.; repairs to lake face s. break'r completed, 12, 2587.

PHYSICAL CHARACTERISTICS.

Serious blocking of H. mouth, 73, 265.

Advance of n. shore line, 73, 265.

Similarity bet. Ludington and Frankfort Hs., 76, ii, 474.

Description of, 97, 2952.

Shoaling, 99, 2937; 00, 3916.

Damages to p. by Pere Marquette R.R. Co.'s car ferries, 05, 2196; 06, 1819; 12, 2588.

Damages to structures by storms, 10, 2202.

H. is outlet of Pere Marquette R., which expands into Pere Marquette Lake before emptying into Lake Michigan; 1½ m. from Pentwater H. on s., and 24 m. from Manistee H. on n., 12, 1043.

An. dr. necessary, 12, 1044.

PLANS. (See Estimates and Projects.)

By Maj. J. B. Wheeler, new cut at a point about a mile distant from the old entrance, 67, 25.

By Capt. Lockwood, H. of refuge through the constr. of an outer break'r; est., \$861,260, 85, 2091, 2029.

PROJECTS. (See Engineers, Estimates and Plans.)

By Maj. Wheeler, 1866, 2 parallel crib ps. 200' apart, extending into the lake 450' on the n. side and 640' on the s. side; repairs to old n. slab p.; removal of old s. slab p.; close piling in s. side of crib and dr. to 12', 67, 25, 114; 68, 131; 69, 88; 70, 40, 131; 74, 178; 76, ii, 474. Est. amended in 1879, \$213,787, 80, 2014; 85, 2074.

By Capt. S. M. Mansfield, extension, by crib-work, of both ps. to 12' of water, 250' each, 72, 36,

187; 76, ii, 477. Extension of both ps. 150 l. f., 75, 47. P. extension to 16' of water, 79, 162, 1607.

By Capt. Lockwood, 1884, forming H. of refuge by w. to 400' the entrance to Pere Marquette Lake by constr. of a new s. p. and dr. chan. to 18'; est., \$419,185, 84, 2001; 85, 2093. Recom. by BE., 1884, 85, 2093. Land adj. to s. p. deeded to U. S. to widen H., 89, vi, 2174.

In 1890 proj. amended by Maj. Ludlow, with approval of the Chief of Engineers, to retain the s. p. in its position as indicated in the proj. of 1866, 90, 2622.

By Capt. Townsend, 1897, 700' extension of n. p., and 300' extension of s. p., dr. and repairs; est., \$210,000, 97, 2952; 99, 2938.

Act Mar. 2, 1907, provides \$100,000 for the constr. of an exterior stilling basin, to be formed by 2 break'rs, each 1,800' l., 400' apart at outer ends, and diverging at an angle of 90°, the inner ends to be connected with the shore by suitable structures, and for an interior 18' chan. protected by ps. and revet.; for removal of lakeward ends of the 2 inside ps. and for dr. area in basin; est., \$339,087, 12, 1043. Est. increased by \$51,500, due to settlement of st., 07, 658, 1974. (H. D. 62, 59th, 1st, reviewed by R. and H. Com. D. 46, 61st, 2d.)

SURVEYS.

By Maj. W. F. Reynolds, 1866, 67, 114.

By Maj. J. B. Wheeler, 1868, 76, ii, 476.

By Capt. F. U. Farquhar, 1869-70-71, 76, ii, 476; 73, 265.

Memoranda of soundings, 76, ii, 475, 476, 477.

For H. of refuge, 82, 2290.

Minor sur., 1894, by Lt. Col. Lydecker, 94, 2221.

Sur. au. act June 3, 1896; made by Capt. Townsend, 1897 (see Projects), 97, 2951.

Maps. (H. D. 62, 59th, 1st, reviewed by R. and H. Com. D. 46, 61st, 2d.)

82, 2292; 84, 1977; 90, 2630; 11, 2400.

1871. C. S. Stevens, materials, 71, 135, 137; annulled, 71, 137; 73, 263. C. Fitzsimmons, materials; Pierce & Whaling, materials, 71, 135, 137. R. P. Thurber, materials, 71, 135, 137; annulled, 71, 137; 73, 263.

1872. Bird & Mickle, materials and labor, 73, 263.

1873. Squier & White, materials and labor, 73, 263; extended, 73, 263.

1875. Dewar & Butler, materials and labor; R. M. Steele, materials and labor, 75, 245, 247.

1877. Squier & White, dr. and revet., 77, 904.

1878. Squier & White, dr., 78, 1202. N. S. Gere, materials and labor, 79, 1603, 1606.

1879. H. S. Dale, p. extension, dr., 18½ c. y., 80, 2012.

1881. D. Dewar, p. constr., 81, 2206. Carkin, Stickney & Cram, p. constr., 81, 2206.

1882. Green Bay Dredge & Pile Driver Co., dr., 23½ c. y., 83, 1814. Dewar & Wing, p. extension, 83, 1814.

1884. D. Dewar, crib constr., 85, 2072.

1886. D. Drake, edgings, 86, 1760. S. Bedford, materials, 86, 1760.

1889. C. Berner, p. constr., \$9,331.02, 89, 2172.

1890. Truman & Cooper, dr., 14¢ c. y., 91, 2680.

1891. C. H. Starks, dr., 14¢ c. y.; Gaylord & Wing, white pine timber and plank, \$17 M f. b. m.; S. Bedford, plank, \$14.50 M f. b. m.; G. W. Crouter, bolts and spikes, 3¢ lb.; F. A. Hagen, st., \$2.24 cord, 91, 2681.

1892. Wisconsin Dredging & Dock Co., p. constr., \$25,597.15, 93, 2901.

1893. L. E. Allen, white pine timber, \$17.90, 1,000' (\$3,329.83), 93, 2901. Parkhurst & Wilkinson, driftbolts, 2½¢ lb. (\$331.50), 93, 2902.

1896. N. J. Gaylord, p. repairs, \$6,325.13, 96, 2709. W. A. Starke, dr., 97, 2934.

1897. Green Bay Dredging Co., dr., 98, 2525.

1899. Green's Dredging Co., dr., 00, 3921.

1900. W. Brownrigg, extension and repair of ps. (removing old work, dr., piles, timber, iron-work, st. filling, and riprap), \$13,818.62. Green's Dredging Co., dr., 00, 3921.

1901. S. O. Dixon, dr., 18¢ c. y., 01, 3118.

N. J. Gaylord, repair of p., prices listed, 02, 2173.

1902. T. J. Bennett & Co., extension of s. p., prices listed, 03, 1972.

1903. The Lydon & Drew Co., dr., 16½¢ c. y., 03, 1972.

1904. S. O. Dixon, dr., 17½¢ c. y., 04, 3024.

1906. Great Lakes Dredge & Dock Co., dr., 17¢ c. y., 06, 1824.

1907. Greiling Bros., dr., 21½¢ c. y.; Century Fuel Co., coal, prices listed, 07, 1978.

1908. Greiling Bros., dr., 20½¢ c. y.; S. P. Bennett Fuel & Ice Co., coal, prices listed, 08, 2062. Bennett, Schnorrbach Co., st., \$9 cord, 09, 2048.

1909. S. P. Bennett Fuel & Ice Co., coal, prices listed; Robert Love, repair of n. p., prices listed, 09, 2047, 2048.

1910. Century Fuel Co., coal, prices listed, 11, 2404.

1911. Indian Refining Co., oil, prices listed; Greiling Bros. Co., dr., 19.75¢ c. y., 11, 2404.

1912. Greiling Bros. Co., dr., 15¢ c. y.; Indian Refining Co., oil, 3.44¢ gal., 12, 2594.

ENGINEERS.

Chief of Engineers. R., 66, iii, 13, 34; 67, 25; 68, 35; 69, 30; 70, 40; 71, 38; 72, 36; 73, 37; 74, 43; 75, 47; 76, 100; 77, 105; 78, 120; 79, 162; 80, 215; 81, 291; 82, 286; 83, 293; 84, 295; 85, 316; 86, 311; 87, 279; 88, 253; 89, 296; 90, 266; 91, 338; 92, 323; 93, 376; 94, 342; 95, 385; 96, 340; 97, 431; 98, 419; 99, 500; 00, 563; 01, 549; 02, 471; 03, 516; 04, 563; 05, 572; 06, 636; 07, 659; 08, 706; 09, 744; 10, 822, 831; 11, 876; 12, 1046, 1058.

In charge:

Maj. J. B. Wheeler, 1866-68. R., 66, iv, 142; 67, 115; 68, 133.

Capt. F. U. Farquhar, 1869-72. R., 69, 87; 70, 129; 71, 135; 72, 177.

Capt. S. M. Mansfield, 1872-80. R., 72, 185; 73, 262; 74, 176; 75, 245; 76, ii, 463; 77, 904; 78, 1202; 79, 1603; (Maj.) 80, 214.

Maj. F. Harwood, 1880-82. R., 80, 2011; 81, 2205.

Maj. D. P. Heap, 1882-83. R., 82, 2287.

Capt. D. W. Lockwood, 1883-87. R., 83, 1813; 84, 1976; 85, 2071; 86, 1759; 87, 2182.

Maj. S. M. Mansfield, 1888-89. R., 88, 1904.

Maj. Wm. Ludlow, 1889-93. R., 89, 2171; 90, 2616, 2618; 91, 2678; 92, 2322; 93, 2897.

Lt. Col. G. J. Lydecker, 1894-96, 1898. R., 94, 2222; 95, 2808; 96, 2706; 98, 2525.

Capt. C. McD. Townsend, 1897. R., 97, 2933.

Capt. C. Harding, 1899-1901. R., 99, 2939; 00, 3919.

Capt. Chas. Keller, 1901-03. R., 01, 3116; 02, 2171.

Maj. J. G. Warren, 03, 498.

Lt. Col. M. B. Adams, 1903-09. R., 03, 1970; (Col.) 04, 3024; 05, 2199; 06, 1823; 07, 1976; 08, 2060.

Maj. Chas. Keller, 1909-10. R., 09, 2046.
Maj. C. S. Riché, 1910-12. R., 10, 2206; (Lt. Col.) 11, 2403; 12, 2591.

Assistants:

Capt. A. Mackenzie. R., 67, 115; 68, 133.

F. W. Lehnartz. R., 01, 3116; 02, 2171.

ESTIMATES. (See Plans and Projects.)

By Maj. Wheeler, \$180,949, 66, iii, 13, 34, iv, 143, 155; 67, 115; 68, 133; 74, 176; 76, ii, 469.

By Capt. Farquhar, p. extension and revet., \$79,000, 69, 30, 88; 70, 40; 74, 176; 76, ii, 469. Pile revet., \$13,812.50, 71, 136.

By Capt. Mansfield, dr. and revet., \$15,948, 72, 186. P. extension, \$112,000, 73, 37, 263; 74, 43, 177; 76, ii, 469; 77, 904. Dr. and pile revet., \$13,771, 75, 47; 76, ii, 469; 77, 904. Increasing height of s. p., \$1,200, 76, ii, 469.

EXPENDITURES.

In repairs, 1867-76, total, \$3,150.66, 76, ii, 470.

OBSTRUCTIONS.

R., 1894, crossed by 3 brs. bet. Lakes Michigan and Manistee; the last-built br. constr. by the city of Manistee under permission of the Sec. of War, on condition that the city should move back certain docks to the dock-head line, and that a 14½' chan. should be dr. through the s. draw. Conditions were not complied with at the expiration of the time limit, 94, 2226.

OPERATIONS.¹

1867-68. 320 l. f. n. p. crib built; 128 l. f. s. p. crib built; 18,326 c. y. dr.; 320 l. f. of superstr. n. p., 68, 35, 134; 74, 176; 76, ii, 472.

1868-69. 96 l. f. n. p. crib built; 256 l. f. s. p. crib built, 69, 30, 87; 74, 176; 76, ii, 472.

1869-70. 64 l. f. n. p. crib built; 96 l. f. s. p. crib built, 70, 40, 129, 130; 76, ii, 472.

1870-71. Repairs to old n. slab p.; superstr. built by hired labor, 71, 38, 135; 74, 176; 76, ii, 472.

1871-72. 158 l. f. n. p. crib built; 158 l. f. s. p. crib built; 115 l. f. s. p. superstr. built, 72, 36, 177, 185; 74, 177; 76, ii, 473.

1872-73. 600 l. f. n. p. pile revet. built; dr., 73, 37, 262, 263; 74, 177; 76, ii, 473.

1873-74. 355 l. f. s. p. pile revet. built, 74, 43, 177; 76, ii, 473.

1874-75. 318 l. f. n. p. pile revet. built; 140 l. f. s. p. pile revet. built; repairs by hired labor, 75, 47, 245, 246; 76, ii, 473.

1875-76. 150 l. f. n. p. crib built; 150 l. f. s. p. crib built; 150 l. f. superstr. n. p.; cribs on s. p. decked, 76, 100, ii, 468.

1876-77. 450 l. f. s. p. superstr. built; s. p. increased in height, 77, 105, 904; 79, 1605.

1877-78. 420 l. f. s. p. pile revet. built; 48, 610 c. y. dr.; cribs rebalasted; slabs removed, 78, 120, 1202.

1878-79. 100 l. f. n. p. crib built; 100 l. f. s. p. crib built; scow load of brick sunk in chan; st. washed out of cribs, 79, 162, 1603.

1879-80. 3 cribs framed and dr. in progress, 80, 2011.

1880-81. 3 cribs sunk and 11,260 c. y. dr., 81, 2205.

1881-82. 2 cribs constr.; 3 cribs in n. p. extension leveled; superstr. placed thereon; sand fence built along outer face of s. p. at beach line; superstr. to n. p. extension completed; 10,019 c. y. dr., 82, 2288.

1882-83. Dr. and p. extension continued, 83, 1813.

1883-84. S. p. extended 50 l. f. and 14,002 c. y. dr., 84, 1976.

1884-85. Repairs ps. damaged by collision, 85, 2071.

1885-86. S. p. extended 50', 86, 1760. Condition of imp., 86, 1759.

1886-87. Portions of n. and s. p. cribwork renewed, 87, 2183.

¹Timber belonging to the U. S. burned in 1870, 72, 177; 74, 176; 76, ii, 463. 100 l. f. of slab p. washed away, 67, 115.

115 l. f. of superstr. burned, 73, 263. Abstracts of work done and material used, 72, 177. History of operations, 74, 176; 76, ii, 470.

1887-88. S. p. extended 50', **88**, 1905.
1888-89. Constr. of 2 cribs begun under contract, **89**, 2171.
1889-90. S. p. extended 100'; repairs to n. p., **90**, 2616.
1890-91. 57,800 c. y. dr.; crib constr. in progress, **91**, 2678.
1891-92. 40,784 c. y. dr.; 200 l. f. of n. p. extension completed; 764 l. f. of n. revet. rebuilt; repairs to n. p., **92**, 2323.
1892-93. Extension of n. p. in progress, **93**, 2898, and repairs made to ps. and revet., **93**, 2899; 24,970 c. y. dr. and gauge readings made, **93**, 2900.
1893-94. N. p. extension completed, **94**, 2224; general repairs made to old structures and 45,798 c. y. dr., **94**, 2225.
1895-96. General repairs made, **96**, 2707.
1896-97. Parts of n. and s. ps. rebuilt, **97**, 2904.
1897-98. 11,664 c. y. dr., **98**, 2525.
1898-99. 11,891 c. y. dr., **99**, 2939.
1899-00. 27,639 c. y. dr.; extension and repair of s. p. and repair of n. p. in progress, **00**, 3919.
1900-01. S. p. extended 100'; renewing superstr. in parts of both ps., **01**, 3116.
1901-02. Rebuilding 253.8 l. f. superstr. on n. p. and 101.5 l. f. on s. p., **02**, 2171.
1902-03. Work on extension of s. p. 150' in progress, **03**, 1970.
1903-04. 15,083 c. y. dr.; constr. of crib for 150' p. extension completed, **04**, 3021.
1904-05. 14,513 c. y. dr. (contract); 150' p. extension completed; repairs made to damaged n. p., **05**, 2200.
1905-06. 68,222 c. y. dr. (U. S.), **06**, 1823.
1906-07. 6,447 c. y. dr. (U. S.); 29,250 c. y. dr. (contract); repairs to n. p. and to decking of both ps., **07**, 1976.
1907-08. 32,520 c. y. dr. (contract); repairs made to superstr., n. p., **08**, 2061.
1908-09. 7,140 c. y. dr. (contract); 22,080 c. y. dr. (U. S.); repairs to p., **09**, 2046.
1909-10. 73,374 c. y. dr. (U. S.); 1,698 c. y. dr. (contract); repairs to n. p., **10**, 2206.
1910-11. 86,652 c. y. dr. (U. S.); 13,646 c. y. dr. (contract), **11**, 2403.
1911-12. 62,387 c. y. dr. (contract), and 28,547 c. y. dr. (U. S.) for new constr.; 3,962 c. y. dr. (contract), and 17,731 c. y. dr. (U. S.) for mainten.; repairs to n. p., **12**, 2592.

PHYSICAL CHARACTERISTICS.

Soundings, **66**, iv, 142; **67**, 115; **76**, ii, 470, 471, 472, 473; **79**, 1605.
 General, Manistee H. and R., **66**, iv, 142; **67**, 116; **68**, 133; **76**, ii, 470.
 Damages to ps. by collisions of barges and vessels, **03**, 1970; **04**, 3022; **06**, 1823; **07**, 1977.
 Damage to n. p. by storms, **12**, 2593.
 24± m. from Ludington H. on s. and 8 m. from Portage Lake H. on n. Orig. condition, see 1st paragraph of Private work, **12**, 1046.

PLANS. (See Estimates and Projects.)

By Maj. Ludlow, 1889, extension of the n. p. 550' to 18' curve in the lake, and the s. p. 350' to the 14' curve; also for dr. 15' chan. bet. the ps.; est., \$115,000, **90**, 2619.

PRIVATE (CITY AND CORPORATE) WORK. (See Obstructions.)

Diverging slab ps. built, **66**, iii, 13, iv, 143; **76**, ii, 471.

Dr. in chan. bet. Lakes Michigan and Manistee; dr. owned by town, **73**, 263; **74**, 177; **76**, ii, 472.

In 1893 the Manistee & Northeastern R.R. Co. given permission by the Sec. of War to rebuild a part of the n. revet. and to build a dock on the n. bank of the Manistee R., **93**, 2900, on agreement to keep the revet. in repair, **94**, 2226. No disposition on the part of R.R. Co. to make repairs as agreed, **99**, 2940.

Private Co. granted permission to use part of s. p. on condition that part occupied would be repaired when needing repair, **00**, 3919.

Slight repairs to revet. by Manistee & Northeastern R.R. Co., **04**, 3022.

Repairs by U. S. to n. p., one-half cost to be paid by U. S. and other half by owners of colliding vessels, **05**, 2200.

Sec. of War grants permission to Mich. State Telephone Co. to lay a cable across R., **06**, 1823.

PROJECTS. (See Estimates and Plans.)

By Maj. Wheeler, parallel extension of ps. by cribwork to 12', 1,000 l. f. each, **66**, iii, 13, iv, 142, 143; **76**, ii, 471. Extension of both ps. 960'; to cut off point of old slab p.; also to cut down slab work to water surface and build crib superstr. thereon; dr. to 12', **67**, 25, 115; **68**, 35, 133; **76**, ii, 469, 471. Modification of the above (which was based on the sur. of 1866) caused by the destruction of 100 l. f. of n. p., **67**, 25, 26, 115.

P. extension and revet., 1869, **69**, 30, 88; **74**, 176; **76**, ii, 469.

For 850' of pile revet. on the n. side of chan., **71**, 136.

By Capt. Mansfield, dr. and revet. within entrance, **72**, 36, 186. P. extension to 16', n. p. 650 l. f., and s. p. 750 l. f., **73**, 37, 263; **74**, 43, 177; **75**, 246; **76**, ii, 469. To increase the height of 450 l. f. of the s. p., **76**, ii, 469. Orig. proj. stated to be a p. extension of 490 l. f. on each side of the chan. and dr. 27,898 c. y., **76**, ii, 469.

Proj. of 1866, with the modification of 1870 and 1874, proposed the parallel extension of crib ps. to obtain at least 12' d. of chan.; est., \$180,949, **76**, 469. Modified in 1870 and 1874 for extension of ps.; total est., \$234,000, **80**, 2012. In 1886, after app. of \$245,000, est. \$92,700 would be required to complete proj., **86**, 1760.

In 1890, after further app. of \$60,000, Maj. Ludlow est. \$75,000 as requisite for completion of proj., **90**, 2617; **91**, 2679.

Act Mar. 2, 1907, contemplates (H. D. 511, 59th, 1st) securing 18' p. extension, revet., and protection works, provided private and municipal work completed within reasonable time; land will be donated and U. S. shall be protected against claims; est., \$147,488, **08**, 706; pledges not given, **12**, 1046.

Act June 25, 1910, modified proj. (H. D. 705, 61st, 2d) to secure 18' bet. ps. and 16' through R. to Lake Manistee without any limiting requirements; est., \$25,000, **10**, 228.

Act July 25, 1912, contemplates (H. D. 599, 62d, 2d) constr. of s. break'r 1,300' l., with shore connection 1,200' l., removing 450' s. p., dr. entrance basin and chan. bet. ps. to 20' below l. w. dr. R. to 18' below l. w. extending n. p. 200' if required, mainten. of proj.; est., \$456,000, and \$6,000 an. mainten., contingent on donation U. S. of strip of land at shore line 200' x 200', 100' on each side of center line of shore connection of break'r, to insure free access to p. and control of same, **12**, 1046.

SURVEYS.

By Capt. G. G. Meade, 1861, **76**, ii, 470.
 By W. T. Casgrain, 1866, **66**, iv, 142; **67**, 115; **76**, ii, 470.

By Maj. Wheeler, 1868, **76**, ii, 472.
 By Capt. Farquhar, 1869-70, **76**, ii, 472, 473.
 Sur. made, 1893, by Lt. Col. Lydecker, **94**, 2225.
 Pre. ex. and sur. au. act Mar. 3, 1905, for uniform d. of 18'. R., Col. Adams, Nov. 1 and Dec. 7, 1905; est., \$147,488, with \$1,500 an. mainten. (H. D. 511, 59th, 1st), **06**, 644.

Pre. ex. and sur. au. act Mar. 3, 1909. R., Maj. Keller, Aug. 25, 1909, and Jan. 7, 1910; est., \$25,000 (H. D. 705, 61st, 2d), **10**, 831.

Pre. ex. and sur. for 20' chan. Lake Michigan to Lake Manistee, enlargement of outer H., incl. constr. of new break'r. R., Lt. Col. Riché, 1910 and 1911; est., \$456,000, and \$6,000 an. mainten., land to be donated free to U. S. (H. D. 599, 62d, 2d), **12**, 1058.

Maps. (H. D. 511, 59th, 1st; H. D. 599, 62d, 2d.) **82**, 2288; **84**, 1976; **90**, 2618.

1892-93. Water gauge readings made, 93, 2904.

1893-94. 24,870 c. y. dr., 94, 2229.

1895-96. 18,039 c. y. dr. and repairs made to
n. p., 96, 2710, 2711.1896-97. 34,542 c. y. dr., and reconstr. of n.
pile p. and revet. completed, 97, 2937.1897-98. 18,019 c. y. dr., 612 l. f. old s. p. re-
built, and 2' added to h. of 1,342 l. f. of n. p., 98, 2527.

1898-99. Repairs to ps. completed, 99, 2942.

1899-00. 27,428 c. y. dr.; extension of n. p. in
progress, 00, 3922.1900-01. 12,634 c. y. dr.; extension of n. p. in
progress, 01, 3119-20.1901-02. Extensions of ps. completed, 02,
2174.

1902-03. 24,404 c. y. dr., 03, 1973.

1903-04. 183,521 c. y. dr.; repairs to ps., 04,
3025-26.

1904-05. Repairs to s. p., 05, 2203.

1906-07. 16,831 c. y. dr. by U.S. plant, 07, 1979.

1907-08. 38,377 c. y. dr.; ps. repaired, 08, 2063.

1909-10. 39,486 c. y. dr., 10, 2209.

1910-11. 47,854 c. y. dr., 11, 2405.

1911-12. 30,485 c. y. dr., 12, 2595.

PHYSICAL CHARACTERISTICS.

General description, 79, 1635, 1637; 90, 2613.

Peculiar configuration of the coast; effects of, 79,
1637.In 1894 the zero of the water gauge at the H.
lowered 0.09' to make it conform to the new planes
of reference estab. for Hs. of Lakes Michigan and
Huron, 94, 2229.

Shoaling, 00, 3922.

Condition of works and d. of w., **01**, 550, 3120; **02**, 2174-75; **03**, 1973; **04**, 3026; **05**, 2203-04; **06**, 638, 1825; **07**, 661, 1979; **08**, 708, 2063; **09**, 747, 2049; **10**, 824, 2209; **11**, 878, 2405; **12**, 1049, 2595.

PRIVATE WORK.

Natural outlet being closed by a dam, which caused a rise in Portage Lake, a ditch was cut in 1871 across a narrow neck of land, which rapidly w. to 500' by the scour of the rushing waters, **79**, 1637, 1639.

PROJECTS.

By Maj. Mansfield, 1879, chan. 300' x 18' to connect Lakes Michigan and Portage, the dr. chan. to be protected by parallel pile and crib ps. extending to 18' curve in Lake Michigan; est., \$189,860, **79**, 1634, 1636, 1638; **87**, 2181.

Bet. 1879 and 1882, \$55,000 app. In 1883 Capt. Lockwood est., for completion of orig. proj., \$210,000, **84**, 1975; **92**, 2322.

Act Mar. 3, 1899, placed work under continuous contract, cost not to exceed \$160,000 added to the amount already app. up to 1899, **99**, 501.

Capt. Harding, 1899, est. \$33,000 beyond limit of expense set by act 1899, to dr. 18' chan. as required by existing proj., **00**, 3923.

In special R., May 6, 1912, Lt. Col. Riché reviews history of proj. On account of unimportance of local C. and nearness of other suitable Hs. of refuge, recom. abandonment of future work on proj. as H. of refuge, but believes entrance should be maintained by occasional dr. and repair of ps., **12**, 2595-2600. R. and H. Board, with concurrence of Chief of Engineers, recom. abandonment of all work, **12**, 1049, 2601.

SURVEY.

By R. Strohmman, 1878. **R.**, **79**, 1636.

Ex., 1894, by Lt. Col. Lydecker, **95**, 2812.

Maps:

Of sur. of Portage Lake, **79**, 1636. Sketch of Portage Lake and vicinity, **79**, 1638. **82**, 2286; **84**, 1974.

OPERATIONS.

1905-06. 17,047 c. y. dr., **06**, 1826.

1906-07. 8,237 c. y. dr., **07**, 1980.

1907-08. 32,503 c. y. dr., **08**, 2064.

1908-09. Chan. redr. to 12' x 50', **09**, 2050.

1910-11. Cut dr. 16' x 25', removing 7,466 c. y., **11**, 2407.

1911-12. 5,685 c. y. dr. from chan. bet. ps., completing contract, **12**, 2602; Meade dr. 8,112 c. y. from entrance bar, giving chan. 16' x 180'-200'; repairs by day labor and purchase of material made to both ps., **12**, 2602, 2603.

PHYSICAL CHARACTERISTICS.

Description of. Arcadia, a village 18 m. n. of Manistee H., having communication with Lake Michigan through Bar Lake, and through dr. chan. (see Private work), **00**, 3943.

Description of Bar Lake and Arcadia, **04**, 3042 3043.

Chan. fills up each year, **09**, 748.

Rapid shoaling, **10**, 2210.

Description of, **11**, 879, 2406; **12**, 1051.

Soundings, May, 1912, showed available d. of 14' on entrance bar and 10.3' bet. ps., **12**, 2603.

PRIVATE WORK.

Chan. connecting Arcadia with Lake Michigan dr. by private enterprise; cost, about \$50,000, **00**, 3943.

Description of pierwork and dr. done by Henry Starke Land & Lumber Co., **04**, 3043-45.

Dr. for local interests completed chan. 14' x 50' from inner lake to Lake Michigan, **11**, 2407.

PROJECTS.

By Capt. Keller, imp. of H.; est., \$90,390, and \$5,200 an. mainten. Such expense not justified by importance of place; recom. that 12' x 50' chan. be maintained; est., \$3,000 an. (H. D. 194, 58th, 2d), **04**, 570, 3039, 3040.

SURVEYS.

Ex. for 14' chan., 150' w., au. act Mar. 3, 1899; made, 1899, by Capt. Harding (**R.** unfav.), **00**, 3942.

Au. act June 13, 1902; made, 1902, by Capt. Keller (H. D. 194, 58th, 2d), **04**, 3037.

 Capt. Mansfield, dr., \$10,000, 72, 185. To increase l. of ps. and dr., \$40,536.58, 79, 162, 1601.

OPERATIONS.

1867-68. Close piling completed; 315' sheath piling; cribs refilled; superstr. built; 117,573 c. y. dr.; 514 l. f. s. p. built, 68, 35, 135; 76, ii, 466.
 1868-69. 382 cords of st. and 100 cords brush put in ps.; 12,641 c. y. dr., 69, 86; 74, 174.
 1869-70. 26,246 c. y. dr.; 320 l. f. n. p. built, 70, 39, 128; 74, 175.
 1870-71. 210 l. f. of wings built; dr.; 64 l. f. n. p. built, 71, 38, 132; 74, 175.
 1871-72. 64 l. f. superstr. built; 64 l. f. n. p. built; 64 l. f. s. p. built, 72, 36, 176; 74, 175.
 1872-73. P. extension; 65 l. f. s. p. built, 73, 36, 260.
 1873-74. P. extension; 150 l. f. s. p. built, 74, 42, 174.
 1874-75. Dr.; 2,400 c. y. removed; 50 l. f. s. p. built, 75, 47, 244.
 1875-76. Superstr. built; 18,195 c. y. dr.; 100 l. f. n. p. built, 76, 100, ii, 464.
 1876-77. Repairs, 77, 902.
 1877-78. Old work refilled with st.; 50 l. f. s. p. built, 78, 120, 1201.
 1878-79. P. extension; 50 l. f. n. p. built; 50 l. f. s. p. built, 79, 161, 1601.
 1879-80. 13,350 c. y. dr., 80, 2009.
 1880-81. 13,500 c. y. dr., 81, 2200.
 1881-82. 100 l. f. cribwork sunk in extension of s. p.; cribs at outer end of s. p. leveled up and superstr. built; 77 cords of st. placed in superstr., 82, 2283. Plan by Maj. Heap, 1883, for modified crib superstr., 83, 1808, 1801, 1811.
 1882-83. Work on modified superstr. completed; 10,028 c. y. dr.; 50 l. f. of cribwork added to s. p., 83, 1808.
 1883-84. Modified superstr. placed on end crib of s. p., 84, 1973.
 1884-85. 337 l. f. revet. on n. side of chan. and 187 l. f. on s. side rebuilt, 85, 2068.
 1886-87. 396 l. f. n. revet. completed; 230' s. revet. repaired; s. p. extended 50', 87, 2179.
 1889-90. S. p. extended 100', 90, 2612.
 1890-91. 3,900 c. y. dr., 91, 2674.
 1891-92. 22,770 c. y. dr.; repairs to ps. and revet., 92, 2318.
 1892-93. 37,106 c. y. dr. and gauge readings made, 93, 2906.
 1893-94. General repairs in progress and 6,933 c. y. dr., 94, 2231.
 1894-95. 16,175 c. y. dr. and p.-extension work in progress, 95, 2814.
 1895-96. P. extension continued, 96, 2714.

1896-97. P. extension completed and minor repairs made; 37,593 c. y. dr., 97, 2939.

1897-98. Minor repairs made to old ps. and two unserviceable parts rebuilt, 98, 2529.

1898-99. Completion of repairs to s. p.; filling of various parts of ps. with st.; 25,831 c. y. dr., 99, 2944.

1899-00. 17,457 c. y. dr.; extension and repair of n. p. and repair of s. p. in progress, 00, 3925.

1900-01. 3,540 c. y. dr.; repairs to ps. and extension of n. p. 200', 01, 3122.

1901-02. 8,316 c. y. dr., 02, 2176.

1902-03. 25,023 c. y. dr.; extension of n. p. and repairs to s. p. in progress, 03, 1975.

1903-04. 25,112 c. y. dr.; extension to n. p. and repairs to s. p. completed, 04, 3028.

1904-05. 8,008 c. y. dr., 05, 2207.

1905-06. 18,659 c. y. dr. by U. S. dr. Gen. Gillespie; repair of damage done by storm, 1905, to s. p.; repairs to dr., 06, 1826-27.

1906-07. 20,831 c. y. dr. by U. S. dr. Gen. Gillespie; repairs to ps., 07, 1981.

1907-08. 9,556 c. y. dr. by dr. Gen. Gillespie; repairs to ps., 08, 2066.

1908-09. 54,716 c. y. dr. by dr. Gen. Gillespie; repairs to ps., 09, 2052.

1909-10. Repairs to ps. completed; 39,795 c. y. dr. by U. S. dr. Meade, 10, 2211-12.

1910-11. 17,942 c. y. dr. by U. S. dr. Meade; repairs to ps.; work commenced on extension of n. p., 11, 2407-8.

1911-12. Extension of n. p. completed, 55,561 c. y. dr. by U. S. dr. Meade for mainten., 12, 2604-5.

PHYSICAL CHARACTERISTICS.

An. shoaling, 00, 3925.

Condition of works—damage to ps. by boats, 01, 3123; 02, 2176; 03, 1976; 04, 3029; 05, 2207; 06, 1827; 07, 1982; 10, 2212; 12, 2605.

D. of water, 12, 2605.

10 m. from Arcadia H. on s., 30 m. from South Manitou on n., 12, 1052.

PLANS. (See Estimates and Projects.)

By Capt. Farquhar, to change the p. constr. from crib to pile work, 69, 102. To extend the ps. 390' and dr. to 14', 70, 129.

PRIVATE (CORPORATE) WORK.

2 pile ps., filled with cord-wood and st., extending into the lake 600', built by a company for H. imp., cost, \$16,000, 66, 33.

In 1896 Toledo & Ann Arbor Ry. Co. received permission from the Sec. of War to add 400' to the s. p. extension under the supervision of the D.O., 96, 2714; work done, 1897, 97, 2939.

Damages to ps. by car ferry repaired by Ann Arbor R.R. Co., 01, 3124; 02, 2176.

Frankfort Hotel Co. given permission, 1903, to occupy 800' of n. p. at inner end on condition that they put in mooring posts and keep p. in repair, 04, 3028. Use of p. discontinued, 1904, 05, 2207.

PROJECTS. (See Estimates and Plans.)

By Col. Cram, 1866, dr. new outlet through strip of land separating Lake Aux Becs Scies from Lake Michigan, and building 2 parallel ps. 200' apart, from 12' in the inner lake to same d. in Lake Michigan; est., \$88,541, 66, 34, 36. Amended in 1875 and in 1879 to \$254,196, 81, 2201; 87, 2179.

By Maj. J. B. Wheeler, sheath piling and refilling cribs with st., 66, iv, 95. Increasing l. of ps. and dr., 67, 117.

By Capt. Mansfield, to extend the s. p. farther into lake than the n. p., 73, 261. For additional p. extension, 79, 161, 1601.

By Maj. Harwood, 1881, completion of imp. by dr., and 550 l. f. of p. extension; est., \$100,000, 81, 2201.

Act 1896 au. chan. d. of 18', 97, 2939.

SURVEYS.

By Lt. O. M. Poe, 1859, 66, 33.

By W. H. Hearing, 67, 117, 126; 68, 137. Soundings taken, 1872, 76, ii, 467; 77, 902.

Maps. 82, 2284; 83, 1808; 84, 1973.

OO-54(a) EMPIRE BAY AND HARBOR, MICH.

ENGINEERS.

Chief of Engineers. **R.**, 80, 221; 81, 301; 87, 286; 10, 832.

In charge:

Maj. F. Harwood, 1880. **R.**, 81, 2258.

Capt. D. W. Lockwood, 1887. **R.**, 87, 2209.

Maj. Chas. Keller, 10, 801.

PHYSICAL CHARACTERISTICS.

In Leelanau Co., Mich.; the B. is about 10 m. across, about 20 m. s. of S. Manitou Isld.; 2 small lakes adjacent to shore called South Bar and North Bar Lakes, 81, 2259.

Description of H., 87, 2210.

PLANS.

(1) By Maj. Harwood, 1881, for H. at North Bar Lake, chan. of entrance 200' x 15', made with 1,800 l. f. pile and brush p. and dr.; est., \$60,000, 81, 2260.

(2) Or for H., South Bar Lake, chan. of entrance 200' x 10', made with 1,400 l. f. pile and brush p. 20' w., and dr.; est., \$40,000, 81, 2261.

SURVEYS.

Au. act June 14, 1880; made, 1880, by Maj. Harwood, 81, 2258.

Ex. for cutting chan. across bar, Lake Michigan to Bar Lake, au. act Aug. 5, 1886; made, 1887, by Capt. Lockwood (unfav.), 87, 2211.

Ex. and sur. au. act Mar. 3, 1909. **R.** by Maj. Keller, 1909 and 1910 (unfav.) (H. D. 831, 61st, 2d) 10, 832.

OO-54(b) LELAND HARBOR, MICH.

COMMERCE.

Present requirements local, 70, 149.

Ample natural Hs. of refuge in the vicinity, 70, 44, 149.

ENGINEERS.

Chief of Engineers. **R.**, 70, 44; 10, 832.

In charge:

Capt. F. U. Farquhar, 1870. **R.**, 70, 148.

Maj. Chas. Keller, 10, 801.

ESTIMATES. (See Plans.)

By Capt. Farquhar, break'r, \$237,940.80, 70, 149.

PHYSICAL CHARACTERISTICS.

General, of Leland H. and Carp R., 70, 44, 149.

PRIVATE (CORPORATE) WORK.

Br. p. built at which vessels may lie during calm weather, 70, 149.

PLANS. (See Estimates.)

By Capt. Farquhar, break'r 1,200' x 34', and 1,300' from shore, 70, 149.

SURVEYS.

Ex. and sur. au. act Mar. 3, 1909. **R.** by Maj. Keller, Sept. 22, 1909, and Jan. 17, 1910 (unfav.) (H. D. 831, 61st, 2d), 10, 832.

OO-54(c) CARP RIVER, MICH.

ENGINEERS.

Chief of Engineers. **R.**, 87, 2208.

In charge. Capt. D. W. Lockwood. **R.**, 87, 2208.

SURVEY.

Ex., with view to affording an entrance to Carp Lake for H. of refuge, au. act Aug. 5, 1886; made, 1887, by Capt. Lockwood (**R.** unfav.—"impractical"), 87, 2208.

OO-55(a) TRAVERSE BAY (Grand Traverse Bay), MICH.

ENGINEERS.

Chief of Engineers. **R.**, 10, 831.

In charge. Maj. Chas. Keller, 10, 801.

SURVEY.

Pre. ex. au. act Mar. 3, 1909, of B. at Traverse City, with view to constr. of break'r. **R.** by Maj. Keller, Sept. 13, 1909 (H. D. 312, 61st, 2d) (unfav.), 10, 831.

OO-55(b) GRAND TRAVERSE BAY, MICH. (Torch Lake near Eastport, Mich.)

ENGINEERS.

Chief of Engineers. **R.**, 87, 286.

In charge. Capt. D. W. Lockwood, 1887. **R.**, 87, 2210.

PHYSICAL CHARACTERISTICS.

Description of, 87, 2211.

SURVEYS.

Ex. au. act Aug. 5, 1886; made, 1887, by Capt. Lockwood (**R.** unfav.—"local"—"too costly") 87, 2210.

OO-58 CHARLEVOIX HARBOR AND ENTRANCE TO PINE LAKE, MICH.

APPROPRIATIONS.

1876,	\$10,000,	77,	105.

ESTIMATES. (See Plans and Projects.)

By W. T. Casgrain, \$198,044.14, 69, 78, 82.

By Capt. Mansfield, 1873, \$192,780, 73, 283. In 1875-76, \$186,000; \$91,303.50, 76, ii, 523.

LEGISLATION.

16 sections of land granted by Michigan in aid of the imp., 73, 282.

OPERATIONS.

1872-73. Crib p., n. side 460' l., s. side 80' l., built by people of Charlevoix; superstr. built by the State. Dr. 14,000 c. y., 73, 282, 285.

1877-78. S. p. extended 190'; 159' of brush work; old p. partly refilled with st.; dr. 23,436 c. y., 78, 119, 1199, 1200.

1878-79. N. p. extended 150', s. p. 100'; old p. rebalasted, 79, 161, 1597. History of operations, 79, 1598. Cribwork compared with pilework, 73, 287; 76, ii, 522. Method of constr. proposed pilework, 73, 284.

1879-80. 5,083 c. y. dr., 150 l. f. of n. p. extension nearly finished, 80, 2007.

1880-81. 165 l. f. pile revet. repaired, superstr. over n. p. nearly completed, 8,203 c. y. sand dr. from chan., 81, 2197.

1881-82. 27,062 c. y. removed from chan., 82, 2281. 1,401 l. f. plank-beam revet. and 440 l. f. close-pile revet. constr.; minor repairs to cribwork, 83, 2282.

1882-83. 10,306 c. y. dr. from chan., 83, 1806.

1883-84. Backing placed behind revet., 84, 1972.

1884-85. 161' plank-beam revet. repaired, 75 l. f. plank-beam revet changed to close piling, chan. face of s. p. built up, 210 cords brush and 674 cords st. used in backing plank-beam revet., **85**, 2066.

1885-86. 330 l. f. of superstr. completed, **86**, 1756.

1886-87. 3,360 c. y. gravel dr. from lower chan., **87**, 2176.

1887-88. 354 l. f. of plank-beam revet. placed in n. side of chan.; 45,000 c. y. dr. from bet. the ps.; s. p. extended 50', **88**, 1900.

1888-89. 3 cribs built and repairs made to end of n. p. by contract; 2,500 c. y. dr. by hired labor, **89**, 2164.

1889-90. 5,760 c. y. dr. by hired labor, **90**, 2610.

1890-91. 33,500 c. y. dr. and repairs made to upper chan. revet., **91**, 2672.

1891-92. Repairs to revet. in lower chan., and gap bet. n. p. and revet. at shore line filled with brush and st., **92**, 2316.

1892-93. 14,105 c. y. dr. and gauge readings made, **93**, 2908, 2909.

1893-94. Repairs made to ps. and revet., and 16,945 c. y. dr., **94**, 2234.

1895-96. 35,348 c. y. dr., **96**, 2716.

1896-97. Rebuilding of n. p. in progress, **97**, 2943.

1897-98. Rebuilding of n. p. completed, the total amount of st. placed being 1,036 cords, and repairs to 723 l. f. of the s. revet. of lower chan. in progress, **98**, 2533.

1898-99. S. p. repairs completed, **99**, 2946.

1899-00. 11,673 c. y. dr., about 168' of revet. repaired, and about 400' more revet. under repair, **00**, 3929.

1900-01. 402 l. f. of s. p. repaired, **01**, 3126.

1901-02. 11,228 c. y. removed from H., **02**, 2178.

1902-03. 30,370 c. y. removed by dr. 19' chan. from Lake Michigan to Pine Lake, **03**, 1978.

1903-04. Repairs made to ps. in upper and lower chans.; 10,510 c. y. removed from lower chan.; damages caused by steam barge *Three Brothers* in collision with n. p. repaired by Lighthouse Dept., **04**, 3031.

1904-05. Repairs made to outer end of s. p. damaged by SS. *Three Brothers*, at cost of \$119.65, which amount collected from owners through dist. atty.; empty pockets at end of s. p. filled with st., **05**, 2210.

1905-06. Dr. *Gen. Gillespie* removed 12,969 c. y. from the lower chan.; sunken piles and logs removed; breach in n. p. repaired with piling and st.; repairs on 600' of n. p. begun, **06**, 1829.

1906-07. Dr. *Gillespie* removed 21,291 c. y.; repairs on 600 l. f. of n. p. continued; 321 l. f. of s. revet. and refilling of n. revet. completed; outer end pockets of both ps. refilled with st., **07**, 1983.

1907-08. Repairs to n. p. (lower chan.) and n. revet. (upper chan.) completed; 70 cords st. deposited in s. p. (lower chan.); inner end of s. p. (lower chan.) rebuilt and repaired; 227 cords st. placed in s. p., **08**, 2069.

1909-10. Dr. *Meade* removed 32,004 c. y. from outer bar, etc., **10**, 2214.

1910-11. 15,440 c. y. dr. by U.S. dr. *Meade*, **11**, 2410.

1911-12. 13,297 c. y. dr., timber work removed from damaged revet., and s. p. walk repaired, **12**, 2608.

PHYSICAL CHARACTERISTICS.

Charlevoix H. and vicinity, **69**, 78; **73**, 281.

Natural advantages of H., **73**, 284.

Description of drainage area, **89**, 2165.

Soundings, **73**, 281, 282; **79**, 1599, 1600; **11**, 2410.

Max. draft, 15.5', **12**, 1054.

H. 18 m. from Grand Traverse B. entrance, 47 m. from S. Manitou H., and 17 m. from Petoskey H., **12**, 1053.

PLANS. (See Estimates and Projects.)

By W. T. Casgrain, 1868, 2 parallel crib ps. 100' apart to 14' of water, each 672' l.; also to connect e. end of the s. p. with base of sand hills by cribwork, 160'; dr. in chan. to 12' of water, 2,466 l. f. of revet.; est., \$198,044.14, **69**, 80, 81, 82.

By Capt. Mansfield, 1873, crib p. extension; n. p. 500 l. l., s. p. if necessary, chan. w. to 150'; est., \$192,780, **73**, 282, 284.

By C. M. Webb, 1873, p. extension; n. p. 450 l. l., by pilework, s. p. 575', 50' crib pierhead for both ps.; completion of cribwork on n. side now partly built; pile revet. and dr., **73**, 284, 285.

PRIVATE (STATE AND CORPORATE) WORK. (See Legislation and Operations.)

\$2,000 expend. in constr. of pile p., 1865, extending 900' into the lake to 20' of water, ample accommodation for shipping interests.

Attempt to open cut across sand beach; work abandoned as too expensive, **69**, 79, 80.

Cut made, crib ps. built, dr. to 11' of water in R., **73**, 282.

Permission granted to Charlevoix Summer Home Assn. to occupy 45' of w. end of s. revet. as landing place for passenger steamer; p. to be kept in repair by assn., **04**, 3032.

PROJECTS. (See Estimates and Plans.)

By Maj. Mansfield, 1868, dr. chan. 100' x 12', both sides to be protected by close piling; modified in 1876 by substitution of crib for pile ps.; est., \$186,000, **69**, 80, 81, 82; **80**, 214; **87**, 2177.

By Maj. Mansfield, 1875-76, p. extension, by cribwork, on n. side, 925 l. f. to 20' of water, s. p. 625 l. f. to 12' of water, 2,550 l. f. of pile revet., and dr. in chan. to 12'; also removal of old n. p.; est., \$186,000, **76**, ii, 523. Modification of above to meet "present" requirements; n. p. to 12' of water, 600 l. f., s. p. 550 l. f., removal of old n. p., and dr.; est., \$91,303.50, **76**, ii, 523.

In 1896 Capt. Townsend est. \$160,000 to obtain 18' in H., **97**, 2953.

Orig. proj. of 1868 extended act June 13, 1902, to include imp. of entrance to Pine Lake, **03**, 519.

Assistant. Lt. J. E. Kuhn. R., 90, 2669.

OPERATIONS.

1894-95. W. break'r in course of constr., 95, 2819.

1895-96. 400' w. break'r constr. and 200' of n. break'r completed, 96, 2719.

1896-97. W. arm of break'r extended 200', 97, 2944.

1897-98. 70 cords of riprap st. placed on in-shore section of the w. break'r to supply voids caused by heavy seas, 98, 2536.

1898-00. Preparations made for repairing break'rs, 00, 3932.

1900-01. Break'rs repaired under contract, 01, 3129.

1903-04. Removal of n. break'r and extension of w. break'r commenced, 04, 3035.

1904-07. Work on break'rs, 05, 2213; 06, 1831-32; 07, 1986.

1907-08. Extension and repair of break'r, 08, 2072.

1910-12. Repairs to break'r, 11, 2412; 12, 2610.

PHYSICAL CHARACTERISTICS.

Description of, 90, 2674.

Condition of works, 01, 3129; 02, 476; 04, 3035; 05, 2213; 06, 1832; 09, 752; 10, 830; 11, 884, 2412; 12, 1050, 2610.

H. about 17 m. by water from Charlevoix H. to sw., and 4 m. to Harbor Springs on n. shore of Little Traverse B. In high gales dangerous to attempt a landing, 12, 1055.

PRIVATE WORK.

Permit granted, 1905, to build dock, 06, 1832.

Cost of repairs to break'r damaged by vessels, reimbursed by owners, 12, 2610.

PROJECTS.

By Maj. Ludlow, 1890, constr. break'r extending 550' offshore from point w. of landing to 26' of water, thence extending e. about 1,200', so as to overlap landing and inclose sheltered area open to the e. of about 12 acres; est., \$170,000, 90, 2675; 91, 2671.

In 1892 proj. modified and limited to reconstr. existing landing p. of solid cribwork, with an arm extending e.; est., \$70,000, 92, 2314.

Act June 13, 1902, au. change in location of the 200' of n. break'r already in place, 02, 476.

Modified plans provide for removal of n. break'r and extension of w. break'r, 03, 521, 1982.

Act June 25, 1910, app. \$5,000 for restoring efficiency of st. portion of break'r, and \$15,000 for addition of 100' to break'r, 10, 830.

SURVEY.

Surs. for H. of refuge au. act Aug. 11, 1888; made, 1889, by Maj. Ludlow, 90, 2673.

Pre. ex. au. act Feb. 27, 1911. R. by Lt. Col. Riché, Sept. 21, 1911 (H. D. 450, 62d, 2d). Further imp. by U. S. not deemed advisable "at this time." Recon. that break'r be not extended, and that funds app. by act of 1910 be reserved for mainten. and repair, 12, 1058.

Maps. 96, 2722.

1909,	* 25,000,	09,	2060.

Total, 3,365,000

COMMERCE.

In 1897 the Lake Carriers' Assn. wrote to the Sec. of War suggesting what further imp. deemed necessary for benefit of C., 97, 2960.

Very large and important, 91, 2811, 2817; 99, 505; 00, 569.

Increase in, 03, 533; 05, 591; 06, 665, 666; 07, 686, 2059.

Reduction in rates, 06, 666; 07, 686; 08, 717; 09, 755; 10, 834; 11, 887; 12, 1061.

Rules for navigation in St. Clair R., 07, 2008.

In 1911, 53,500,000 t. through St. Marys R. section, St. Clair Flats Canal 61,500,000 t., and Detroit R. 67,000,000 t., 12, 1061.

In 1900, rates averaged 1.18 mills per mile-ton; 1911, 0.67 mill. This enormous saving due to greater permissible draft, increasing carrying capacity permitted by U. S. works; 1900, greatest capacity was 8,000 t.; 1907, 13,000 t. per vessel, 12, 1061.

Tabular statement for each year, 1855-1911, 12, 2641, 2642.

CONTRACTS.

1892. Chan. excavation, c. y.: Bank measure—R. J. Cram, 44¢ (\$39,600); C. E. Mitchell & Co., 25.9¢ (\$98,420), 93, 2967. John Hickler, \$2.43 and 22¢ (\$219,589.38 and \$14,740), 93, 2968. Scoow measure—McCullum & Lee and R. J. Cram, 58¢ (\$148,480), 93, 2968. James Rooney, 16½¢ (\$156,750); Breyman Bros., 14½¢ (\$431,375); L. P. & J. A. Smith, 18¢ (\$195,480), 93, 2969.

1894. L. P. & J. A. Smith, excavating r., \$2.24 c. y., b. m.; other material than r., 95¢ c. y., s. m. (\$11,453.65), 95, 2866.

1895. W. A. McGillis & Co., earth excavation, 65¢ c. y.; r. excavation, \$3.75 c. y. (\$7,075), 96, 2755.

1897. M. Sullivan, dr. and submarine r. excavation, 52¢ and 98¢ c. y., b. m., 98, 2553.

1898. M. Sullivan, removal of obstrs., \$2.15 a. y., and \$2.60 s. t. (\$103,500). J. Rooney, fur-

nishing and operating dr. plant, \$9 per hour, 98, 2553.

1892-98. List of bidders for various misc. supplies, 93, 2970; 94, 2267; 96, 2755.

1900. E. J. Hington, time-work by dr., \$10.25 per hour, 01, 3161.

1901. Duluth Dredge & Dock Co., time-work by dr. plant, \$12 per hour, 01, 3161.

1902. G. H. Breyman & Bros., time-work by dr. plant, \$17 per hour; Hickler Bros., time-work by dr. plant, \$15 per hour; Lake Erie Dredging Co., time-work by dr. plant, \$30 per hour, 03, 2004.

1903. Hickler Bros., time-work by dr. plant, \$15 per hour; Lake Erie Dredging Co., time-work by dr. plant, \$30 per hour; M. Sullivan, time-work by dr. plant, St. Clair R., \$19 per hour, and Lake St. Clair, \$21 per hour; G. H. Breyman & Bros., time-work by dr. plant, St. Clair R., \$17, and Lake St. Clair, \$21 per hour, 03, 2004. Wm. E. Rooney, time-work by dr. plant, St. Clair R., \$11.75, and St. Clair Lake, \$14 per hour; Lake Superior Contracting & Dredging Co., time-work by dr. plant, \$24 per hour; Henry Hickler, hire of derrick boat, tug, etc.; derrick boat, \$5.50 per hour; tug, \$2.50 per hour; dynamite, 20¢ lb., 04, 3093.

1904. Walter H. Oades, repairing U. S. S. Hancock, \$3,053.62, 04, 3093. H. W. Hubbell & Co., hire of derrick boat, etc., \$6.15 per hour; dynamite, 18¢ lb., 04, 3094.

1905. Lake Superior Contracting & Dredging Co., time-work by dr. plant, \$25 per hour, 05, 2243. Great Lakes Dredge & Dock Co., time-work by dr. plant, \$30 per hour; Semande & Durocher, time-work by steam derrick boat, etc., \$5 per hour; dynamite, 14¢ lb., 06, 1853.

1906. Lake Erie Dredging Co., dr., prices given; M. Sullivan, dr., prices given, 06, 1853. Great Lakes Dredge & Dock Co., time-work by dr. plant, \$30 per hour; Semande & Durocher, time-work by steam derrick boat, etc., \$6 per hour; dynamite, 14¢ lb., 07, 2009.

1907. T. L. Durocher, time-work by steam derrick boat, etc., \$6.75 per hour; dynamite, 17¢ lb.; T. L. Durocher, time-work by steam derrick boat, etc., \$6.75 per hour; dynamite, 16¢ lb., 08, 2075.

ENGINEERS.

Chief of Engineers. R., 91, 362; 93, 389; 94, 361; 95, 397; 96, 351; 97, 435; 98, 424; 99, 505; 00, 569; 01, 563; 02, 483; 03, 532; 04, 581; 05, 590; 06, 664; 07, 685, 698; 08, 715; 09, 753; 10, 832; 11, 896; 12, 1059.

¹ Act Mar. 3, 1907, au. report on ex. of harbors of Great Lakes and elsewhere, in which a whole or a part of the H. is imp. at local expense; object to determine if such imp. should be undertaken or maintained by U. S.; and to establish uniform rules in making H. imp. H. D. 1067, 61st 3d.

Capt. G. R. Spalding, 08, 715; 09, 753.

OPERATIONS.

1892-93. Work on all 8 sections in progress, about 230,000 c. y. being dr., 93, 2965.

1893-94. About 1,800,000 c. y. dr., 94, 2265.

1894-95. Sections 1, 4, and 6 completed, and work on other sections in progress, about 3,000,000 c. y. in all being dr., 95, 2852.

1895-96. Nearly 3,000,000 c. y. dr., 96, 2753.

1896-97. Sections 2, 3, 5, and 7 completed, and work on section 8 in progress, about 1,300,000 c. y. in all being dr., 97, 2956.

1897-98. Increase of w. and d. of chans. through Round Isld. Shoals, St. Marys R., in progress; removal of bowlders, r., and other material from the chan. in the lower section of Detroit R. in progress; removal of dangerous shoal at foot of Mud Lake, St. Marys R., completed; part of Middle Ground Shoal, Port Huron, St. Clair R., removed; chan. through bar at mouth of Detroit R. completed; in all, 312,267 c. y. being dr., 98, 2548.

1898-99. 240,307 c. y. dr. from Round Isld. Shoals; over 80,000 c. y. removed from Detroit R.; about 44,000 c. y. removed from St. Clair R., 99, 2954.

1899-00. Over 50,000 c. y. removed from Round Isld. Shoals, and about 25,000 c. y. removed from Detroit R., 00, 3949.

1900-01. 76,258 c. y. dr. from St. Clair R. and Lake, and 56,324 c. y. from St. Marys R., 01, 3158-3159.

1901-02. 86,753 c. y. dr. from St. Clair R. and Lake, 02, 2198.

1902-03. 143,566 c. y. dr. from St. Clair R. and Lake, and 154,317 c. y. from St. Marys R., 03, 2002.

1903-04. 428,986 c. y. dr. from St. Clair R. and Lake and Lake Huron, and 113,542 c. y. from St. Marys R., 04, 582.

1904-05. 115,230 c. y. dr. from St. Clair R. and Lake and Lake Huron; 80 c. y. bowlders removed from St. Marys R., 05, 2242.

1905-06. 41,680 c. y. dr. in Lake St. Clair, and 15,774 c. y. in St. Marys R., 06, 666, 1852.

1906-07. 209,911 c. y. removed from St. Marys R., 07, 2008.

1907-08. 1,580 c. y. removed from St. Marys R., 08, 2074.

1908-12. Sur. work, 09, 2060; 10, 2220; 11, 2416; 12, 2616.

PHYSICAL CHARACTERISTICS.

Description of, 91, 2817; 98, 2551.

Monthly level varies 4' to 2' an., and daily variation may be 2' at times, or even 6' to 8' in severe storms on Lakes Erie and Superior, 12, 1061.

Slope of St. Marys R. affected by dr. of chans.; reduced elevation of lake levels, 08, 716. Little shoaling in chan.; available d., 19', 12, 2616.

This work covers navigation through chain of lakes known as Erie, St. Clair, Huron, Michigan, and Superior, and their connecting waters. Orig. the chan. was obstr. by rapids in St. Marys R. and by a number of shoals. In 1855 Michigan made a canal at Sault Ste. Marie, with 2 tandem locks 11½' x 70' x 350', each with a lift of 9'. Prior to Civil War chans. through Lake George in St. Marys R., and through the St. Clair Flats, at the outlet of St. Clair R., were d. to 12' by U. S. The Weitzel Lock at the Sault provided 18', making needful d. the connecting chans. accordingly (see St. Marys R. and Detroit R.), 1890, Poe Lock, giving 21' made needful another d. of the chans., 12, 1059.

PRIVATE WORK.

Permits given for constr. of docks, etc., 06, 1852.

PROJECTS.

In 1892 Congress au. plan of Col. Poe, 1891, for ship chan. with navigable d. of 20', to connect the waters of the Great Lakes bet. Buffalo, Chicago, and Duluth, at an est. of \$3,340,000, as follows:

St. Marys R.—(1) Round Isld. Shoals, (2) Little Mud Lake, (3) reef abreast of Sailors Encampment Isld., (4) and shoal below the isld., 21' x 300'; (5) 21' x 2,400' at the foot of Lake Huron; (6) 20' from d. w. in St. Clair R. through St. Clair Flats Canal to Lake St. Clair, with a w. above the canal not greater than 650', thence narrowing to the canal, thence for the full w. of the canal for its entire l., thence gradually w. to 800' at d. w. in Lake St. Clair; (7) 20' x 800' through Grossepont Flats, Lake St. Clair; (8) 21' x 800' through the bar at the mouth of the Detroit R., 93, 2962, 2963. (See Surveys.)

Detroit R. provided for by separate app., 1899, 99, 2955.

Lt. Col. Lydecker est., 1899, \$250,000 to supply data for reliable conclusions as to what would be needed for the preservation of lake chans. and H. ds. and suggested that such investigations be made in connection with sur. of the northern and northwestern lakes, 99, 2956.

Up to 1912, no modification of proj. save minor imp. of shoal areas more or less isolated, 12, 1060; 1902, datum planes were changed for Lakes Michigan, Huron, St. Clair, and Erie (previously 1877 levels), making necessary addl. d. at various places, 12, 1061.

SURVEYS.

Ex. au. act Sept. 19, 1890; made, 1891, by Col. Poe, 91, 2811.

System of triangulation along Detroit R., 96, 2757, 2758.

Minor sur. See references to each an. R. of officer in charge.

Pre. ex. and sur. au. act Mar. 3, 1905; for 22' and 25', resp., and sufficient w., made by Col. Davis. **R.**, 1905 and 1906, presented plan for imp. which contemplates excavation of auxiliary chan. in Detroit R. 22' d., designated as Plan B, e. route; est., \$6,670,950 (H. D. 266, 59th, 2d), 07, 698.

Cong. docs., etc., relating to exs., sur., plans, etc., 12, 1060.

Maps. (H. D. 266, 59th, 2d.) 93, 2962, 2964; 94, 2266; 95, 2866; 96, 2758; 03, 2002; 04, 3092.

1877. C. S. Barker, dr., 78, 1219.

1879. E. A. Wetmore & Co., timber, 14¢ c. y., 79, 1645. Larkin & Patrick, timber, 14¢ c. f., 79, 1645.

1880. C. S. Barker, furnishing dr., \$7.95 per hour; Williams & Upham, furnishing dr., \$12.50 per hour; C. S. Barker, canal excavation, 35¢ c. y.; W. S. Pope, furnishing brass and ironwork, 8¢ lb.; J. Hickler, furnishing dr., \$7.48 per hour, 80, 2070. Failure of Larkin & Patrick, 81, 2264.

1881. C. S. Barker, dr. St. Marys R., 15¢ c. y.; C. S. Barker, r. removal, \$1.80 c. y., and revet. constr., 12¢ c. f., in the canal, 81, 2266.

1883. J. Hickler, dr. on Middle Neebish, 72¢ c. y., 83, 1838.

1884. J. Hickler, dr. on Middle Neebish, 58¢ c. y., 85, 2098.

1885. Hickler & Green, dr. on Middle Neebish, 89¢ c. y., 85, 2098.

1886. Hickler & Green, hire of dr. on canal enlargement; C. E. Mitchell, constr. of crib ps.; Durcharme, Fletcher & Co., iron, 87, 2216, 2218; Hickler & Green, dr., \$1.95 c. y., on Neebish Rapids, 87, 2239, 2246.

1887. Carlin, Stickney & Cram, hire of dr. on canal enlargement, 87, 2216, 2218. H. D. Edwards & Co., ship chandlery, \$1,670.65, 88, 1942.

1888. Hickler & Green, drilling and blasting, \$4.47 per hole, 88, 1929. W. R. Santley, white oak timber, \$54 M f. b. m., 88, 1942.

1889. I. E. Allen, p. constr. \$49,042, 89, 2215. Collins & Farwell, lock-pit excavation, \$220,667; P. M. Church & Co., ship chandlery, \$1,089; S. C. Forsaith Machine Co., "Cameron" steam pump and equipment, \$1,137.11, 89, 2216. H. M. Loud, lumber, \$6,192.50, 89, 2228, 2243. Fletcher, Jenks & Co., round iron, \$1.93¢ cwt.; P. M. Church, hardware, \$1,032.56; Johnson & Goss, pine timber and lumber, \$2,682, 90, 2688, 2689, 2700, 2701.

1890. J. Hickler & Son, coal, \$1,358.80; Soo City Machine Co., machine work, \$2.20 per hour, 90, 2689, 2690, 2718.

1891. Hughes Bros. & Bangs, furnishing all materials and building the masonry of a lock at St. Marys Falls Canal, \$1,268,500, 91, 2720. G. Kemp, coal, \$1,292, 91, 2720. J. H. Killmaster & Co., white pine, \$22 M f., and hemlock timber, \$13.50 M f.; Fletcher, Jenks & Co., drift bolts, 2¢ lb., and spikes, 2¢ lb., 91, 2721. W. S. Pope, furnishing 2 lock valves, \$1,563.30; P. M. Church & Co., ship chandlery, \$1,087.66; E. D. Weimer, pine timber, \$7,310, 91, 2729. Russell Wheel & Foundry Co., 4 valve frames, \$4,367.30, 91, 2730.

The following contracts were entered into for Hay Lake Chan.: J. Hickler, dr., \$1.20 c. y. in bank; Dunbar & Sullivan, dr., 67¢ c. y.; Carlin, Stickney & Cram, dr., 14¢ c. y.; C. F. & H. T. Dunbar, dr., 14¢ c. y.; Carlin, Stickney & Cram, dr., 13 and 14¢ c. y.; Richmond & Backus Co., stationery, \$1,043.32, 91, 2763. King Iron Bridge & Manufacturing Co., ironwork, \$20,477; J. Ryan, delivering clay, \$2,632, 92, 2403.

1892. G. Kemp, coal, \$1,246; J. P. McGuire, 12 valve frames, \$26,862.96, 92, 2404.

The following contract was entered into under operation and care of canal: Chas. Hebard & Sons, lumber, \$1,057.50, 92, 2436.

1892. Dunbar & Sullivan, r. excavating, \$1.47 and \$1.53 c. y., b. m., 93, 2023.

1893. Hughes Bros. & Bangs, constr. floors of 800' lock, \$208,192, 93, 2997; mfg. and delivery of snub hooks, \$1,598.40; turbine power plant, \$37,691.04, 93, 2998. R. J. Cram, dr., 12.9¢ c. y., s. m., 93, 2999. W. S. Pope, gates for 800' lock, \$182,608.99, 94, 2294. Southward Foundry & Machine Co., pumping plant for 800' lock, \$24,935, 94, 2295.

List of bidders for various misc. supplies, 93, 2998.

1894. J. M. Lally, constr. clay dam, 800' lock, \$8,527.50. S. Dumond, excavating within cofferdam, 45¢ and \$1.25 c. y. (\$19,152); building cribs within cofferdam, framing 63¢ c. f., filling 40¢ c. y. (\$4,800). Michigan Brass & Iron Works, metal sill valves, \$2,390. 94, 2295-2296. J. V. Gearing, power house and office building for 800' lock, \$118,807. J. P. McGuire, operating machinery for 800' lock, \$59,400. 95, 2895.

List of bidders for various misc. supplies, 94, 2205.

1895. J. B. Donnelly, imp. R. at the falls; removing material from movable dam and constr. ps. for lock approaches, \$165,197.91, 95, 2896. F. S. Shurick, snubbing post, \$4.50 per 100 pieces white oak. Dunbar & Sullivan, earth excavating 25¢ c. y., r. excavating \$10 c. y. (\$45,396). W. A. McGillis & Co., earth excavating, 14¢ c. y. (\$1,735.65). 96, 2785.

List of bidders for various misc. supplies, 95, 2896.

1896. Manhattan Cement Co., Portland cement \$2.36 bbl. (\$2,360). Russell Wheel & Foundry Co., well gratings and snubbing bolts, \$2,313.52. 96, 2786.

List of bidders for various misc. supplies, 96, 2786.

1897. H. W. Hubbell & Co., dr. and submarine r. excavating, 94¢ c. y., b. m., 98, 2560.

1898. Hingston & Woods, dr. e. approaches to Weitzel Lock. S. Dumond, dr. w. approaches to Weitzel Lock. J. F. Arnott, grading, 99, 2960.

1902. The Soo Lumber Co., timber, \$26.80 M f., 03, 2008.

1903. Louis Belanger, clay, 39¢ c. y.; P. H. Sheppard, clay, 39¢ c. y., 03, 2008.

1904. M. Bennett, clay for cofferdam, \$1,386, 04, 3097.

1905. Municipal Contracting & Engineering Co., concrete mixer and engine, \$778.50, 05, 2246.

1906. Allis Chalmers Co., r. crusher, \$1,900; 06, 1855. J. A. Lamontagne, limestone r., \$3,360; Alpena Portland Cement Co., Portland cement, \$2,697.30, 07, 2012.

1907. Elk Cement & Lime Co., Portland cement, \$1.51 bbl.; H. B. Waite Lumber Co., timber, \$7,448.04; T. L. Durocher, steam derrick boat, with diving plant (4 contracts), prices given; O. G. Brubaker and A. McKechnie, excavating and building dike, \$4,355.94; The Soo Lumber Co., timber, \$5,974.30, 08, 2079-82.

1908. Great Lakes Dredge & Dock Co., excavating, channeling, building cribs, mixing and placing concrete, prices given; Fibron Limestone Co., crushed st., \$300; Louis Belanger, clay, \$1,470; The Soo Hardware Co., iron and steel, prices given; A. B. MacDonald and Geo. F. Fagan, excavating, constr. clay wall, etc., \$3,300; A. McKechnie, clay 52¢ c. y.; Great Lakes Dredge & Dock Co., time work by dr. plant, \$5,900; Pittsburgh Forge & Iron Co., bolts, rods, etc., \$1,000; Peninsula Bark & Lumber Co., timber, \$11,000; Henry Watson, excavating and depositing material, \$2,200, 08, 2079-82. Burt Portland Cement Co., Portland cement, \$9,000; A. McKechnie, filling and grading, \$887.69; Tynnon Lumber Co., timber, \$4,149.63; Alcis Moffatt, clay, \$2,567.40; J. E. Ogden, drift bolts and twisted steel bars, \$3,131.23; Hickler Bros., dr. for cofferdam, \$6,337.64; Great Lakes Dredge & Dock Co., excavating and depositing material, \$38,534.45; R. J. Clark, timber, \$22,490.81; Rye & Fleming, clay, \$2,511.33; N. G. De Haas, timber, \$4,081.98, 09, 2064, etc.

1909. Carmine Talarico and Henry Watson, excavating and depositing material, \$3,136.27; Minneapolis Steel & Machinery Co., steel, \$7,000; Lackawanna Steel Co., steel piling, \$5,468.56; T. L. Durocher, time work with steam derrick and diving plant, \$2,000; J. E. Ogden, driftbolts and steel bars, \$1,200; F. E. Carpenter Co., iron fence, \$1,178.92; Newbegin Lumber Co., timber, \$2,500; Lawrence D. Wearing, furn. material and constr. superstr. of movable dam, \$120,000, 09, 2064, etc. Lehigh Portland Cement Co., Portland cement, \$5,905.94; Alpha Portland Cement Co., Portland cement, \$5,183.35, and \$5,425; John Marsch, excavating lock pit, \$550,000; T. B. Spear & Sons, Portland cement, \$5,693.75; Great Lakes Dredge &

Dock Co., dr., \$4,683.98; T. L. Durocher, steam derrick boat, with diving plant, \$2,109.88, 10, 2225.

1910. G. Elias & Bro., pine timber, \$5,500; White Star Lumber Co., fir timber, \$11,200; Waterbury Co., electric-power cable and wire, \$3,450; Standard Underground Cable Co., light and telephone cables, \$1,477.09; E. D. Weimer, hemlock lumber, \$32,000; Pittsburgh Screw & Bolt Co., bolts, rods, etc., \$6,900; Jones & Langhin Steel Co., twisted steel bars, \$1,050; Northern Electric Co., transformers and oil switch, \$1,337; W. B. Earle, oak timber, \$815; Lehigh Portland Cement Co., Portland cement, \$4,817.32; Minneapolis Steel & Machinery Co., rods, clevises, etc., \$1,247.94, 10, 2225; Lawrence D. Weaning, steel, \$7,023.51; MacArthur Bros., excavating, channeling, building dike, cribs, etc., \$680,000, 11, 2421.

1911. Milwaukee Bridge Co., constr. sluice gates, \$26,000, 11, 2421. John Schroeder Lumber Co., fir timber, \$7,000; C. M. McCoy, fir timber, \$24,000; The Stearns Salt & Lumber Co., hemlock timber, \$7,246.46; Penn Bridge Co., steel and iron for lock constr., \$32,000; Great Lakes Dredge & Dock Co., furn. plant and materials and constr. concrete masonry of new lock, \$1,055,000 (prices given), 12, 2620, etc.

1912. American Steel & Wire Co., electric cables (prices given); Waterbury Co., telephone and series arc cables (prices given); Great Lakes Dredge & Dock Co., constr. a. approach to new lock (prices given); MacArthur Bros. Co., constr. w. canal, section 2 (prices given); Pittsburgh Screw & Bolt Co., manf. steel, etc., for canal ps. (prices given); Penn Bridge Co., furn. plant and materials and constr. lock gates, \$115,000; Berthold & Jennings Lumber Co., oak timber, \$5,000, 12, 2620, etc.

DOCUMENTS. (Not published in reports.)

Rs. of Capt. Whipple in 1855, 66, 4, iv, 63-66.

ENGINEERS.

Chief of Engineers. R., 66, 4, ii, 41, iii, 4, 7, 34, iv, 67; 62, 27, 252; 68, 36; 69, 34; 70, 44, 45, 162; 71, 47, 45; 72, 39, 40; 73, 40; 74, 45; 75, 50; 76, 103, 104; 77, 109, 110; 78, 124; 79, 167; 80, 222, 223; 81, 301, 302; 82, 295, 296; 83, 299, 300; 84, 301, 302, 303; 85, 325, 326, 332, 2105; 86, 315, 319; 87, 286, 287; 88, 259, 260, 261; 89, 307, 308; 90, 275, 276, 277; 91, 345, 346, 347; 92, 331, 332, 333; 93, 390; 94, 363; 95, 399; 96, 353; 97, 437; 98, 426; 99, 506; 100, 570; 101, 564; 102, 487; 103, 534; 104, 583; 105, 592; 106, 666; 107, 687, 698; 108, 717; 109, 755; 110, 834, 860; 111, 888, 914; 12, 1061, 1091.

Boards. Recom., 1858, abandonment of w. chan., Lake George, and adoption of middle chan., 66, iv, 63.

In charge:

Capt. A. Canfield, 1853; 77, 924.
Capt. A. N. Whipple, 1859, 66, 4, iv, 63-66.
Col. T. J. Cram, 1866-70; 66, ii, 41. R., 66, iv, 62-68; 67, 147, 148, 230-233, 253-255; 68, 139, 151, 152; 69, 105, 106, 113; 70, 162.
Maj. W. McFarland, 1870; 70, 150.
Maj. O. M. Poe, 1870-73; 70, 150.
Maj. G. Weitzel, 1873-83; 73, 40. R., 73, 286; 74, 196; 75, 266; 76, ii, 523; 77, 921; 79, 1641; (Lt. Col.) 80, 2067, 2071; 81, 2263, 2267; 82, 2341, 2355, 2358.

Capt. A. Mackenzie, in temporary charge, 1878. R., 78, 1217.

Maj. F. U. Farquhar, 1883; 83, 1835.
Capt. D. W. Lockwood, 1883; 83, 1835.
Lt. Col. O. M. Poe, 1883-. R., 83, 1836; 84, 2004, 2011, 2016, 2030; 85, 2098, 2104, 2108, 2124, 2186; 86, 1777, 1783, 1789, 1809, 1823; 87, 2214, 2220, 2227, 2238; (Col.) 88, 1924, 1930, 1932, 1937, 1953, 1954; 89, 2210, 2218, 2220, 2223, 2237, 2238; 90, 2684, 2690, 2695, 2710, 2714; 91, 2712, 2722, 2724, 2739, 2752, 2758; 92, 2398, 2421, 2426, 2430, 2443; 93, 2991; 94, 2287; 95, 2779.
Lt. Col. C. J. Lydecker, 1896-1901. R., 96, 2779, 97, 2963; 98, 2554; 99, 2960; 100, 3952; 101, 3161.
Maj. W. H. Bixby, 1902-04. R., 02, 2201; 03, 2006.
Lt. Col. C. E. L. B. Davis, 1904-08. R., 04, 3096; 06, 2244; (Col.) 06, 1853; 07, 2009.
Capt. G. R. Spalding, 08, 715.
Lt. Col. C. McD. Townsend, 1908-12. R., 08, 2075; 09, 2060; (Col.) 10, 2220; 11, 2410; 12, 2616.

Assistants:

Capt. F. U. Farquhar, 66, ii, 41.
Capt. G. J. Lydecker, 67, 147; 68, 140, 151.
Capt. H. C. Wharton, 69, 34, 114, 115. R., 70, 158.

J. Ripley. R., 99, 2962; 100, 3953; 01, 3171; 02, 2204; 03, 2008; 04, 3098; 05, 2246.
1st Lt. L. H. Rand, 04, 581; 05, 590.
Capt. G. R. Spalding, 08, 715; 09, 753.

ESTIMATES. (See Plans and Projects.)

By Capt. Whipple, 1859, dr. R., \$50,000, 66, 4. To complete middle chan., Lake George, \$71,010; and East Neebish Chan., \$14,290, 66, iv, 63.

By Col. Cram, 1866, complete the R. imp., \$445,000, 66, iii, 34; aggregate for R. imp., \$423,983, 66, iv, 66, 73; revised, in 1867, to \$437,313, 67, 255, 1867, to complete, \$323,983, 67, 148, 230, 1868, to complete, exclusive of canal, \$398,983, 68, 36, 140, 151, 1869, for various imp. of R., \$141,021, 69, 34, 106.

By Maj. Poe, 1870, R. imp., \$155,021.06; canal imp., \$1,000,000 to \$1,200,000, 70, 160, 161, 162, 1872-73, abstract of monthly ests. for materials and labor, 73, 288. 1872, new locks, \$1,159,330, 74, 197.

By H. A. Ulfers, 1874, imp. of Hay Lake Chan., \$3,136,977, 74, 199.

By Maj. Weitzel, 1876, complete proj., except locks, \$265,000, for proposed imp. of upper end of canal, \$210,000, 76, ii, 525. 1877, for completion of existing proj., \$570,000, 77, 925. 1879, for completion of canal, \$195,000, 79, 1623.

LEGAL PROCEEDINGS.

Suit was brought against the U. S. in 1895 by the contractors for the constr. of the lock pits of the 800' lock, 96, 2782.

Negotiations for securing land for w. above locks entered into, 03, 2007.

Land purchased from R. D. Perry, \$148,000, 04, 3096.

Land purchased from owners at total cost of \$122,600, 05, 2247.

Land purchased and deeded to U. S., 06, 1854; 07, 2010; 08, 2075; 09, 2060; 10, 2223; 11, 2419.

HISTORY.

See footnote to Operations.

LEGISLATION.

Michigan resolved to cede canal to the U. S., 69, 106; 70, 163. Addl. legislation necessary to secure right of way, or ownership of land by the U. S., 71, 166. Commissioners appointed by State au. to condemn lands needed for enlargement of canal, 71, 166, 167; 72, 39, 195-198; 73, 286; 74, 45.

Acts of State of Michigan trans. control of canal to the U. S., 81, 2267.

Acceptance of canal by U. S. au. by act June 14, 1880, under conditions stated therein.

State aid for constr. of canal, 82, 2360; 86, 1792.

Relating to operation of canal, 80, 278.

Relating to use of old lock as dry dock, 82, 388.

Relating to transfer of old canal, 80, 278.

Act June 13, 1902, diverted \$20,000 of unexpended balances of app. for imp. at Sailors Encampment, \$20,000 for expenses of a special commission, \$55,000 to St. Clair Flats Canal, the balance remaining to be expended in w. and imp. St. Marys Falls Canal; also gives au. to Lake Superior Power Co. to divert water from St. Marys R. into water-power canal now being constr. by them, 02, 2201, 2202.

Sec. of War approves plan for water-power canal of Michigan Lake Superior Power Co., Dec. 12, 1902, as au. by act June 13, 1902, 03, 641.

OBSTRUCTION.

Delays from accidents during 1899 and approx. money loss, S. Doc. No. 80, 56, 1.

OPERATIONS.

1866-67. Dr. in middle chan., Lake George; 80 c. y. removed, **67**, 147, 148.

1867-68. Dr. 138,415 c. y. from middle chan., **68**, 36, 140.

1868-69. Dr. 76,342 c. y. from middle chan., **69**, 34, 105.

1869-70. 26,397 c. y. removed from middle chan., **70**, 44, 158. Work begun on imp. and enlargement of canal to give 14', **70**, 160.

1870-71. Bowlders and earth dr.; ledge of limestone blasted and removed by diver; 30,383.17 c. y. r. and 4,307.19 c. y. gravel removed from canal, **71**, 42, 162, 165.

1871-72. 17,741.16 c. y. r. and 26,839.40 c. y. gravel removed from canal; 57,681.11 c. f. of revet. and the guard gates built, **72**, 40, 201.

1872-73. 40,404 c. y. r. and 20,572 c. y. gravel excavated from canal; 32,120 c. f. framing and 23,337 c. f. revet. built, **73**, 286, 287, 288.

1873-74. Work on old prism, of d. and w., p. revet. and lock pit for new lock nearly completed, **74**, 45, 46.

1874-75. Materials delivered and labor performed, **75**, 50, 266, 270.

1876-77. 54,637 c. f. of cut st. delivered; 113,373 c. f. of masonry laid; arm bet. s. p. at foot of new locks and the shore line filled to the level of the shore and banks of canal raised, **77**, 109, 110.

1877-78. Work on locks and s. p.; dr. a shoal below the canal, **78**, 124, 1219.

1878-79. Work on lock and s. p., **79**, 167, 1644.

1879-80. By hired labor and purchase in open market and also by contract, work was in progress on the locks and on the excavation of material over shallow areas in the canal, **80**, 2070. Under contracts the excavation of 5 shoals was in progress in St. Marys R., **80**, 2071.

1880-81. Progress on canal constr., **81**, 2267. Dr. and removal of bowlders from shoals in St. Marys R., **81**, 2267. Canal transferred to the U. S., **84**, 2030. Operation of canal by U. S., **81**, 2267.

1881-82. Progress on canal constr., **82**, 2343. Dr. and r. removal from E. Neebish, **82**, 2344. Tests of cement, **82**, 2345. Operation of canal by U. S., **82**, 2355.

1882-83. Extension of lock bulkheads and constr. of slope wall at locks; removal of 10,912 c. y. from chan. approaching lock and 14,361 c. y. from w. chan. of E. Neebish, **83**, 1839. Formation of a 17' dr. chan. through Lake George, **83**, 1840. Operations of canal by U. S., **83**, 1846.

1883-84. Repairs at locks and imp. of grounds, **84**, 2014, 2017. 118,180 c. y. dr. from Middle Neebish, **84**, 301, 2006; **86**, 1805. Operations of canal by U. S., **84**, 2016.

1884-85. 135,664 c. y. dr. from Middle Neebish, **85**, 2098, 2102; **86**, 1805. Operations of canal by U. S., **85**, 2108, 2111.

1885-86. 90,280 c. y. removed from Middle Neebish, **86**, 1779, 1805. Operations of canal by U. S., **86**, 1783, 1791, 1809.

1886-87. Canal enlargement commenced; 15,700 c. y. removed by dr.; operations of drilling scow, **87**, 2116. Operation and care of canal, **87**, 2227. 10,863 c. y. removed from Neebish Rapids, **87**, 2239-2241.

1887-88. Progress on new lock, **88**, 1925. 1,224 l. f. of p. extension and cofferdam cribwork completed, and 2,115 c. y. clay puddling placed in cofferdam; 32,165 c. y. dr. from chan. in front of Ft. Brady Reservation, **88**, 1925. Dr. in canal above movable dam, **88**, 1926. Operation and care of canal, **88**, 1937, 1943. Progress on dry dock, **88**, 1953. Dr. at Middle Neebish, **88**, 1955.

1888-89. 49,669 c. y. puddling clay placed in cofferdam, **89**, 2211. Excavation of lock pit begun and 10,589 c. y. removed; r. removal above movable dam completed, **89**, 2212. File p. at Ft. Brady

begun and 1,460 l. f. of piling driven, **89**, 2213. Operation and care of canal, **89**, 2223, 2229. 46,520 c. y. dr. from Hay Lake Chan., **89**, 2238. Progress in excavation of Middle Neebish Chan., **89**, 2239, 2240.

1889-90. 12,638 c. y. puddling clay placed in cofferdam, **90**, 2685. 95,261 c. y. earth and 9,956 c. y. r. excavated from lock pit; 4,961 c. y. st. removed from old lock walls and piled; 30,293 c. y. placed behind Ft. Brady p.; p. at Ft. Brady completed to 1,434', **90**, 2686. Operation and care of canal, **90**, 2695. Progress on Middle Neebish Chan., **90**, 2716.

1890-91. Repairs to break in cofferdam, **91**, 2713. 120,880 c. y. earth and r. removed in excavation of lock pit, 468 c. y. of retaining wall built, and 35,139 c. y. placed behind Ft. Brady p., **91**, 2715. Masonry constr. in progress, **91**, 2716. Operation and care of canal, **91**, 2724. 20,958 c. y. dr. from chan. at Middle Neebish, **91**, 2761.

1891-92. 5,764 c. y. removed in excavation of lock pit; 8,478 c. y. of concrete and 9,547 c. y. of cut st. and backing st. laid, **92**, 2399. 12,000 c. y. removed in excavation of a chan. around a vessel sunk in the canal, **92**, 2424. Operation and care of canal, **92**, 2426. 921,732 c. y. dr. at Hay Lake Chan., **92**, 2445, 2446.

1892-93. 9,242 c. y. concrete, 8,065 c. y. cut st., and 26,271 c. y. backing st. laid; 11,172 c. y. earth filling placed, **93**, 2993. 82,504 c. y. r. excavated from canal prism, **93**, 2993. Models of lock of 1881 and of 800' lock completed and sent to the Columbian Exposition at Chicago, **93**, 2994; cement, and other tests made, **93**, 3009.

1893-94. 1,280 c. y. concrete, 8,309 c. y. st., and 14,700 c. y. backing st. laid, **94**, 2289. 55,748 c. y. earth filling placed, 100,523 c. y. r. excavated; dam bet. the locks constr., and a 100' p. built at old Ft. Brady, **94**, 2290. Constr. of clay dam bet. canal and R. commenced; 59,843 c. y. earth excavated from "Elbow"; turbine plant, lock gates, and floor of 800' lock under constr.; 5,135 c. y. earth excavated for n. p. within cofferdam, **94**, 2291; 4,777 c. y. earth and 150 c. y. r. excavated for cribs within cofferdam, and 2,165 c. f. timber framed, **94**, 2292; cement, and other tests made, **94**, 2293.

1894-95. Masonry work in progress, 6,224 c. y. filling placed, 14,086 c. y. concrete laid, 4,379 c. y. r. removed, machinery of 800' lock in course of erection, constr. of cribs within cofferdam and of clay dam in progress, erection of lock gates in progress, **95**, 2890. Power house and office building under constr.; 71,712 c. y. r., b. m., excavated from canal prism, **95**, 2891; cement, and other tests made, **95**, 2891.

1895-96. Masonry work and constr. of lock floors and culverts in progress; erection of machinery continued and some parts tested; 1,240 c. y. earth and 1,098 c. y. r. excavated for cribs within cofferdams; 1,294 c. y. material excavated; 817 c. y. clay placed in puddle wall; 1,187 c. y. embankment built for clay dam, and over 11,310 c. y., b. m. r., etc., excavated from canal prism, **96**, 2782; 75,117 c. y. shoals removed, 105,620 c. y. earth and 20,362 c. y. r. removed, 10,169 sq. ft. of lock approaches, and large quantities of other materials placed for the constr. of the ps.; constr. of power house and office building continued, **96**, 2783; cement and other tests made, **96**, 2783.

1896-97. D. of canal prism almost completed, and 32,480 c. y. shoals removed, **97**, 2963; 42,225 c. y. r. and earth excavated from lock approaches, and large quantities of other materials placed in the constr. of the ps. for the approaches; power house and office building almost completed; 8,163 c. y. dr. from shoal below lock, and 3,956 sq. y. concrete walks constr., **97**, 2964; new lock opened to navigation Aug. 3, 1896; cement tests made, **97**, 2965.

1897-98. Over 39,263 c. y. excavated from w. approach to canal; sill of old movable dam removed and 4,082 c. y., b. m., of material removed in d. chan. in that vicinity; safety gates in canal

¹ Early history of imp., **66**, iv, 63. Historical and descriptive sketch, illustrated, **77**, 922-924; **79**, 1644, **86**, 1792. Historical notes, **12**, 2646. For details, see Rs. of Assistants.

to replace old movable dam completed, and power house and office building completed, **98, 2554.**

1898-99. 31,893 c. y. dr., completing w. approach to canal; e. and w. approaches to Weitzel Lock d. by excavation of 20,474 c. y.; about 20,000 c. y. handled in grading grounds; trees planted, and much misc. work done, **99, 2960.**

1899-00. 416' crib p. extension constr. in ne. approach to Poe Lock; minor work of dr., bowlder removal, concrete walk constr., etc., **00, 3952.**

1900-01. Building 240 l. f. cribwork in extension of ne. p., Poe Lock, erecting 3 st. buildings on lock walls, imp. of canal grounds, and ex. and sur. to ascertain condition of chans., **01, 3162.**

1901-02. Two st. buildings erected, footpaths built, ex. and sur. of chan., and office building moved, **02, 2203.**

1902-03. Work on 2,500' l. of first-needed portions of cofferdam commenced, plans prepared for movable dam, floors in power house raised 5' with concrete, sidewalk built, and other misc. work, **03, 2009.**

1903-04. 2,000' cofferdam constr., gauges read, sur. made, r. borings, etc., **04, 3006.**

1904-05. Work on cofferdam in progress, plans and sur. made and other misc. work, **05, 2245.**

1905-06. Specifications for w. canal prepared, bids to be opened July 24, 1906, and negotiations for purchasing land in progress, **06, 1854.**

1906-07. New plans and specifications prepared, purchase of land in progress, and st. crusher, cofferdam, etc., constr., **07, 2010.**

1907-08. Widening canal; 39,401 c. y. excavated, constr. of center p., abutments, and sill for dam finished, and plans for further work prepared. Lock and canal: Constr. of 1,600' cofferdam, 20,000 c. y. excavated from lock pit for use in cofferdam, and misc. work in connection therewith, **08, 2076.**

1908-09. Widening canal: 287,163 c. y. excavated, and 2,253 c. y. concrete placed in canal walls. Lock and canal: Constr. of cofferdam around lock pit; excavation of 97,733 c. y., **09, 2060.**

1909-10. Widening canal: 198,044 c. y. excavated, 21,134 s. f. channeling, 8,466 c. f. timber framed and placed, 1,812 c. y. filling, 26,449 c. y. concrete in canal walls, mitering gates for w. canal constr., extension of tunnel for passing electric wires under w. canal and riprapping old dock. Lock and canal: Constr. of cofferdam around lock pit and of excavation of 181,191 c. y. earth and r. and 38,526 s. f. channeling on site of new lock, **10, 2220.**

1910-11. Widening canal: 42,795 c. y. excavated, 3,733 s. f. of channeling, 36,411 c. f. timber framed and placed, 9,124 c. y. filling, 165 c. y. concrete in canal walls; work of canal w. completed. Lock and canal: Work on excavating lock pit consisted in excavating 194,086 c. y., channeling 57,054 s. f. r., constr. w. portion canal and new head race for power plant, removing 11,135 c. y. material, 187,157 c. f. timber framed, 3,170 c. y. filling placed and other misc. work, **11, 2416.**

1911-12. Work on w. canal completed, and work on new lock and canal in progress, **12, 2616.**

PERMITS.

See Surveys, part b, p. 1428.

PHYSICAL CHARACTERISTICS.

66, iv, 64; **69,** 113, 115; **70,** 44, 158; **71,** 163.

Mean elevation of water, **71,** 169; **72,** 202.

Of Hay Lake Chan., St. Marys R., **74,** 199.

Of R. and rapids, **77,** 922.

Sketch showing water curve of 1877-78, **78,** 1218. Stages of water and rainfall records, **82,** 2344; **83,** 1840; **84,** 2016.

Description of St. Marys R., **82,** 2358.

Description of bench marks, **84,** 2008; **87,** 2242.

Water-level observations, **87,** 2217, 2242.

Mean elevation of Lake Superior water surface above sea level for 1887-88, **88,** 1927. Mean elevation of Lake Superior water surface above mean tide at New York, **90,** 2692.

Lake levels, **93,** 2995, 2996; **94,** 2292; **95,** 2893; **96,** 2783; **97,** 2965; **98,** 2558; **99,** 2961; **00,** 3054.

Water levels (elevations), **01,** 3163, etc.; **02,** 2206; **03,** 2009; **04,** 3099; **05,** 2247; **06,** 1855; **07,** 2011; **08,** 2078; **09,** 2062; **10,** 2223; **11,** 2419.

Operations of private power companies inspected, and where necessary flow of water regulated, **07,** 2011; **08,** 2078; **09,** 2062; **10,** 2223; **11,** 2418; **12,** 2619.

PLANS. (See Estimates and Projects.)

By Col. Cram, 1866, imp. of R. by dr., revetting, and, perhaps, blasting, **66,** iv, 65, 67; **67,** 255; **69,** 106, 113-115. 1867. To d. and imp. canal, **67,** 255; **69,** 106, 107; **70,** 163.

By Maj. Poe, 1870, sheet piling 1,000 l. f. of dr. chan. in East Neebish; est., \$20,000, **70,** 158.

By H. A. Ulffers, 1874, imp. of Hay Lake Chan., St. Marys R., by dr. and blasting; est., \$3,136,977. **R., 74,** 198.

PRIVATE (CORPORATE) WORK.

Orig. canal, 12' d., built by a private company at a cost of about \$1,000,000, receiving 750,000 acres of land in payment that had been granted to Michigan by the U. S., **66,** iv, 66; **70,** 160; **77,** 922. Proposed transfer of the canal to the U. S., **78,** 1217; **79,** 1641.

Description of canal built by the State, **82,** 2360; **86,** 1792.

Misc. dr. by private parties (171,500 c. y. excavated), **03,** 2009.

See Legislation.

PROJECTS. (See Estimates and Plans.)

By BE., 1858, abandoning imp. of w. chan., Lake George, and adopting middle chan., **66,** iv, 63.

By Capt. Whipple, 1859, imp. of R. by dr.; est., \$30,000, **66,** 4, iv, 63-65.

By Col. Cram, 1866, dr. middle chan., Lake George, 14' x 300', **66,** iv, 65, 67.

By Maj. Poe, 1870, removing bowlders, **70,** 160. For imp. and enlargement of canal to 14' and new system of lockage; approx. est., \$1,200,000, **70,** 160. 1871. Modifications of, **71,** 163, 164.

By Maj. Weitzel, 1876, imp. upper entrance to canal; est., \$210,000, **76,** ii, 525. Historical and descriptive sketch of orig. proj. for canal and its enlargement illustrated, **77,** 922-924.

In 1852 a grant of 750,000 acres of public land was made to Michigan for the constr. of the canal. Grant trans. to a company who completed the canal and turned it over to the State in 1856, at a cost of \$999,802.46. The canal as thus built was 12' x 100', provided with 2 locks 70' x 350', with lifts of 9', **66,** iv, 66; **70,** 160; **77,** 922; **86,** 1792.

Previous to 1870 \$210,692 app. by Congress, and applied to the imp. of the chan. of the R. through Lake George and the w. chan. of E. Neebish, **82,** 2361; **86,** 1793.

In 1869 Michigan provided for the future trans. of the canal to the U. S., **69,** 106; **70,** 163.

In 1870 Congress made the first app. for the enlargement of the canal to a w. of 100'-500', with a d. of 16', together with the constr. of a new lock 18' x 80' x 515' lift; est., \$2,460,000, **70,** 160; **71,** 163; **77,** 923; **79,** 1644; **82,** 2361; **86,** 1795.

In 1881 canal trans. to the U. S. by Michigan, **84,** 2030.

Canal enlargement completed in 1883; cost, \$2,171,000; **82,** 2342; **86,** 1783, 1801, 1806.

In 1880 Col. Weitzel proposed further imp. of the chans. of St. Marys R., except through E. Neebish, to obtain chan. 16' x 300'; est., \$225,000, **80,** 2074.

In 1882 Col. Weitzel proposed chan. 17' x 300', passing through Sugar Isld. Rapids and Hay Lake, rejoining the American chan. via Middle Neebish; est., \$2,127,292, **82,** 2367; **83,** 1836; **84,** 2004, 2016; **86,** 1802, 1805.

In 1885 proposed d. increased to 20' and the est. cost to \$2,659,115, **85,** 2100; **86,** 1778; **87,** 2238, 2245.

By Lt. Col. Poe, 1884, new lock 21' x 70' x 700', built upon the site of the old locks with a d. of the canal above and below the lock; est., \$1,609,085, **84,** 2012. Increased in 1885 to \$1,750,000, **85,** 2105. Revised in 1886 to \$2,552,176, **86,** 1785.

By Lt. Col. Poe, 1884, dry dock 18' x 330', located near e. end of area trans. from Ft. Brady Military Reservation; est., \$323,872, **84,** 2033; **85,** 2125.

Objections against use of old locks for dry dock, **84,** 2031; **85,** 2125.

History of past operations, **86,** 1792.

In 1886 Col. Poe revised the plan and est. of 1881 for the canal enlargement, wherein the proposed new lock was increased to 800' bet. the gates, 100' w. throughout, with 21' of water on water sills; est., \$4,738,865, 87, 2215, 2217, 2220, 2223.

Act June 6, 1900, au. that \$100,000 from the remainder of the app. for St. Marys R. at the falls should be used to imp. Lake George Chan., 00, 3855.

Act June 13, 1902, au. w. and imp. St. Marys Falls Canal, 02, 2202.

Act Mar. 2, 1907, au. proj. for constr. of new lock, with separate canal; est., \$6,200,000 (H. D. 333, 59th, 2d), 07, 688.

Act July 25, 1912 au. proj. for constr. of 4th lock; est., \$3,275,000 (H. D. 64, 62d, 1st), 12, 1062.

SURVEYS.

Under direction of Capt. Whipple, by J. H. Forster, 1858, of middle chan., Lake George; map, 66, i.

Under direction of Lt. Col. Graham, by O. N. Chaffee, 1863, 66, iv, 64.

By Col. Reynolds, 1864, 66, iv, 64.

Under direction of Col. Cram, by H. C. Wharton and Lts. Green and Haupt and a party under direction of Col. Reynolds, 1868, of parts of St. Marys R., 69, 113.

Under Maj. Poe, by A. Noble, 1871, of canal, 71, 165.

Under direction of Maj. Weitzel, by H. A. Ulfers, 1874, of Hay Lake Chan., 74, 198-200.

By Maj. Weitzel, 1879, of approaches to canal for 16' chan., 79, 168, 1643.

Of navigable chans. of St. Marys R. au. act Mar. 3, 1879, 80, 223; made by Col. Weitzel, 80, 2071.

Bet. Middle Neebish and Sugar Isld., 1882, 83, 1836; 84, 2005.

R. of Lt. Col. Poe upon use of old locks at St. Marys Falls Canal as a dry dock, 85, 2186.

Bench marks. (See Physical characteristics.) Canal grounds resur., and an ice sur. of Bayfield Rock Shoal made in 1897 by Lt. Col. Lydecker, 97, 2765.

Minor surveys, 99, 2964; 00, 3953.

Ex. and sur. au. by act Mar. 3, 1899, of waters connecting Lakes Superior and Huron. R., by Col. Davis, Dec. 3, 1906; submits est. for a new lock, with canal; est., \$6,200,000 (H. D. 333, 59th, 2d), 07, 698.

R., by BERTH. Dec. 29, 1906, concurring in Col. Davis's plan for new lock to cost \$6,200,000. (R. and H. D. 44, 61st, 2d.)

Act Mar. 3, 1909, au. ex. and sur. with view to determining cost of constr. in the rapids filling basin or forebay, from which the ship locks shall be filled. R. by Col. Townsend, Dec. 7, 1909. As work already provided for amounting to \$1,000,000 was in progress, further expend. thought unnecessary (H. D. 716, 61st, 2d), 10, 860.

Pre. ex. and sur. au. act June 25, 1910, with view to constr. addl. lock. R. by Col. Townsend, Aug. 29 and Dec. 16, 1910; est., \$3,275,000, with \$45,000 an. mainten. (H. D. 64, 62d, 1st), 11, 914.

Pre. ex. and sur. au. act June 25, 1910, with view to removal of shoals and reefs near Detour (R. to come), 12, 1091.

Reference to ex. and surs. from 1855 to 1910, incl., 12, 1063.

Part (b), PP-3 St. Marys River, Hay Lake and Neebish Channels, Mich.

APPROPRIATIONS.

Lake George Channel (86, 1793).

1856,	\$100,000,	66, iii, 34, iv, 67.
1866,	50,000,	66, iii, 34, iv, 67.
1867,	50,000,	67, 27, 147.
1868,	110,000,	86, 1794, 1807. Act June 28, 1864.
1869,	210,692,	69, 22.
Total,	220,692	

Hay Lake Channel.

1882,	200,000,	83, 299.
1884,	125,000,	84, 2005.
1886,	150,000,	86, 1781.
1888,	500,000,	88, 1957.
1890,	400,000,	90, 2718.
1891,	300,000,	92, 2447.
1892,	115,000,	92, 2447.
1893,	225,000,	93, 3028.
1894,	150,000,	95, 3051.
1899,	100,000,	99, 2981.
1900,	250,000,	00, 3972.
1902,	144,115,	02, 2229.

Middle and West Neebish Channels.

1902,	500,000,	02, 2229.
1903,	800,000,	03, 3029.
1905,	1,200,000,	05, 2270.
1906,	1,000,000,	06, 1879.
1907,	1,000,000,	07, 2039.

Hay Lake and Neebish Channels.

1905,	\$500,000,	05, 2270.
1908,	315,000,	08, 2109.
1909,	395,000,	09, 2094.
1910,	40,000,	10, 2256.

Total, 8,409,115

Grand total, 8,629,807

In addition to the above there was spent on river imp. about \$10,000 of the \$150,000 app. in 1870, \$100,000 of the \$300,000 app. in 1879, \$40,000 of the \$250,000 app. in 1880, and an unknown portion of the \$150,000 app. in 1881; the balance being applied to lock and canal construction.

COMMERCE. (See pp. 1422, 1429.)

In 1896 the an. C. using the chan. value, \$195,-146,842.49, 97, 3008.

C. 1894 to 1900, incl. (practically doubled), 01, 567. About 30,000,000 t. a year, 02, 490.

In 1906 about 52,000,000 t., 07, 692.

CONTRACTS.

1893. List of contracts for various misc. supplies, 93, 3029. Hickler Bros. furnishing dr. plant \$13.50 per hour, 93, 3029.

1895. Dunbar & Sullivan, removing shoals, 65¢ s. y. (\$21,255); R. J. Cram, cleaning up shoals, 16¼¢

¹ Allotment. Part of \$250,000 app. for Great Lakes Hs.

² Allotment made in 1869 from general app. of Apr. 10, 1869.

s. y. (\$4,161.30); J. B. Sweatt, constr. quarters boat, \$3,300, 95, 3052. W. A. McGillis & Co., earth excavating, 10½ c. y. (\$35,726.79), 96, 2880.

1896. H. T. Dunbar, dr., 9.5¢ c. y., b. m. (\$18,424); Hickler Bros., dr., 21.9¢ c. y., b. m. (\$10,512); Hingston & Woods, dr., 34.5¢ c. y., b. m. (\$7,003.50), 96, 2880.

1897. H. W. Hubbell & Co., hire of dr. plant, \$12.25 per hour of actual work, 97, 3006. Hickler Bros., dr. and submarine r. excavating, \$2.14 c. y., b. m., 98, 2576.

1898. Thompson Towing & Wrecking Assn., tug, \$37 per day, 99, 2980.

1899. Hickler Bros., reinforcing dike; derrick scow with diver and crew, \$4 per hour; attending tug, \$1.80 per hour, 00, 3970.

1901. Hickler Bros., reinforcing dike—derrick scow with diver and crew, \$4.80 per hour; attending tug, \$2 per hour, 01, 3185.

1902. Henry Hickler, dr., 56¢ c. y. bank meas. (full rate), and 28¢ c. y., bank meas. (half rate); S. O. Dixon, dr., 11.4¢ c. y., bank meas. (full rate), and 5.7¢ c. y., bank meas. (half rate); Charles Simono, dr., 12¢ c. y., bank meas. (full rate), and 6¢ c. y., bank meas. (half rate), 02, 2230.

1903. The Lake Erie Dredging Co., dr., \$17.50 per hour; S. O. Dixon, dr., \$18 per hour, 03, 2032.

1904. H. W. Hubbell & Co., time work by dr. plant, \$15 per hour; MacArthur Bros. Co., r. and earth excavation, \$2,419.50; Chas. Simono, dr., \$56,800; H. W. Hubbell & Co., dr., \$67,404; S. O. Dixon, dr., \$685,312.50; The Lake Erie Dredging Co., dr., \$131,812.50; Chicago & Great Lakes Dredge & Dock Co., dr., \$466,915.50, 04, 3121.

1905. The Soo Lumber Co., fir timber, \$5-158.75; Frank Perry, hemlock timber, \$4,805.15; J. A. Lamontagne, piles, \$536.95, 05, 2272.

1906. W. J. Freeborn, piles, \$544.15; American Hoist & Derrick Co., one derrick outfit with engine and boiler, \$1,588; Semande & Durocher, time work by steam derrick boat and diving plant, \$5,785.04; The Soo Lumber Co., fir timber, \$5-156.28; Frank Perry, hemlock timber, \$4,713.80; Great Lakes Dredge & Dock Co., time work by dr. plant, \$46,818; Hickler Bros., dr., \$102,000, 06, 1880.

1907. The Soo Hardware Co., driftbolts, tie rods, washers, etc., \$2,400; Peninsula Bark & Lumber Co., hemlock timber, \$1,800; MacArthur Bros., excavations and constr. masonry wall ends, \$5,810; The Lake Erie Dredging Co., dr. (time work), \$65,000; Great Lakes Constr. Co., dr., \$23-962.50; H. W. Hubbell & Co., dr., \$45,325, 07, 2040.

1908. Great Lakes Dredge & Dock Co., dr., \$580,000; Chas. Simono, dr., \$80,000; Fiborn Limestone Co., crushed st., \$800; N. G. De Haas, timber, \$3,090.85; T. L. Durocher, time work by steam derrick boat with clamshell, \$6.75 per hour, and dynamite, 16 lb.; Peninsula Bark & Lumber Co., piles, \$1,698.30; T. L. Durocher, time work by steam derrick with diving plant, \$2,000; Elk Cement & Lime Co., Portland cement, \$981.50; T. L. Durocher, time work by steam derrick with diving plant, \$2,192.48; Peninsula Bark & Lumber Co., hemlock timber, \$12,735, 08, 2111.

1909. F. X. Payment, constr. wooden tugboat, \$7,668.50; Standard Contracting Co., earth excavation, \$242,000; Lake Erie Dredging Co., dr., \$83,000, 09, 2095.

ENGINEERS.

Chief of Engineers. R., 93, 391; 94, 364; 95, 400; 96, 354; 97, 438; 98, 427; 99, 508; 00, 573; 01, 567; 570; 02, 492; 03, 537; 04, 586; 05, 596; 602; 06, 670; 07, 691; 08, 722; 09, 760; 10, 839; 11, 892; 12, 1066.

In charge:

Col. O. M. Poe, 1883-95. R., 93, 3024; 94, 2367; 95, 3048.

Lt. Col. G. J. Lydecker, 1896-1901. R., 96, 2377; 97, 3006; 98, 2572; 99, 2979; 00, 3969; (Col.) 01, 3185, 3201.

Maj. W. H. Bixby, 1902-04. R., 02, 2228; 03, 2027.

Lt. Col. C. E. L. B. Davis, 1904-08. R., 04, 3118; 05, 2269, 2291; (Col.) 06, 1877; 07, 2036.

Capt. G. R. Spalding, 08, 715.

Lt. Col. C. McD. Townsend, 1908-12. R., 08, 2105; 09, 2092; (Col.) 10, 2253; 11, 2447; 12, 2648.

Assistants:

D. Molitor. R., 95, 3052.

B. Rohnert. R., 99, 2979; 00, 3970; 01, 3185.

1st Lt. L. H. Rand, 04, 581.

Capt. G. R. Spalding, 08, 715; 09, 753.

HISTORY.

Of Imp., 95, 3052.

LEGAL PROCEEDINGS.

Transfer of land to U. S., 01, 3186.

OBSTRUCTIONS.

Sunken SS. closes navigation, 10, 2255.

OPERATIONS.

1892-93. 1,537,303 c. y. dr., and a few dikes in course of constr., 93, 3027.

1893-94. 393,124 c. y. dr., 94, 2369, 2370.

1894-95. 433,582 c. y. dr., and chan. considered practically opened to traffic.

Historical sketch of the Imp. prepared, 95, 3052-3062.

1895-96. 90,876 c. y. dr., bank measure, 96, 2878.

1896-97. 611,713 c. y. dr., bank measure, 97, 3007.

1897-98. About 120,000 c. y. dr., 98, 2573, 2574.

1898-99. 68,445 c. y. r. excavated; signal station and tug service estab. to help vessels in narrow chan. during dr., 99, 2979.

1899-00. 10,744 c. y. r. excavated; dike reinforced by 2,300 c. y. r.; signal station and tug service discontinued, 00, 3970.

1900-01. Dike reinforced by 2,414 c. y. bowlders, 01, 3185.

1901-02. 918,983 c. y. dr., scow meas., 02, 2228.

1902-03. 2,104,814 c. y. dr., 03, 2028.

1903-04. 1,394,066 c. y. dr., 04, 3118.

1904-05. 3,144,146 c. y. dr., 05, 2269.

1905-06. 5,221,308 c. y. dr., and one steel SS. and 3 flat scows built, 06, 1877.

1906-07. 2,395,199 c. y. dr., and constr. of cribs commenced at W. Neebish Chan., 07, 2036.

1907-08. 1,113,447 c. y. dr.; constr. of dikes, deck scow, etc., 08, 2105.

1908-09. 1,219,907 c. y. dr.; constr. and placing cribs, and wooden tugboat built, 09, 2092.

1909-10. 1,219,341 c. y. dr., and wooden tug West Neebish constr., 10, 2255.

1910-11. 77,896 c. y. dr., 11, 2448.

1911-12. 1,480 c. y. dr., 12, 2649.

PHYSICAL CHARACTERISTICS.

Description of, 01, 3201.

Discharge of Middle Neebish and West Neebish Chans., 10, 2255; 11, 2449.

PROJECTS. (See History above.)

Proposed plans for 21' chan. bet. Lake Superior and Lake Huron, 00, 3971.

Act June 13, 1902, au. chan. 21' x 300', Hay Lake through the West Neebish to Mud Lake (H. D. 128, 56th, 2d), 02, 2228.

SURVEYS.

Minor sur., 95, 3049; 97, 3008; 98, 2574; 99, 2980; 00, 3971; 01, 3186; 02, 2231; 03, 2032.

Plans and est. for 21' chan. called for by act Mar. 3, 1899 (see Projects), 99, 2980.

Sur. au. act Mar. 3, 1899, of waters connecting Lakes Superior and Huron, incl. Hay Lake Chan., with view to securing 21' chan. R. by Col. Lydecker, June 4, 1900; est., \$9,000,000 (H. D. 128, 56th, 2d), 01, 570, 3200. Final R., Col. Davis, Dec. 3, 1904; est., \$10,160,000 (H. D. 215, 58th, 3d), 05, 602, 2290.

Maps. (H. D. 215, 58th, 3d.) 93, 3026; 96, 2880; 02, 2232; 05, 2270; 06, 1879; 07, 2038; 08, 2108; 09, 2094; 10, 2256; 12, 2649.

WATER POWER.

Statement of permits, licenses, or other privileges granted by War Dept. in St. Marys R., for creation of water power or for occupancy of waters of said R. (H. D. 261, 59th, 2d.)

Part (c), PP-3 St. Marys Falls Canal, Mich. (Operating and care.)

ACCIDENTS, STRIKES, ETC.

HISTORY.

See Physical Characteristics.

OPERATIONS.

1894-95. Lock floor and gates repaired, **95**, 2868.

1895-96. Repairs made to ps., **96**, 2759.

1896-97. Poe Lock opened for service and repairs made to ps. and machinery, **97**, 2997.

1897-98. Repairs made to machinery, **98**, 2561. Locks guarded by special details of deputy sheriffs and soldiers during war with Spain, **98**, 2561.

(For description of ordinary repair work performed, see references of officers' reports.)

1900-01. Repairs made to locks, **01**, 3173.

1901-02. Repairs to locks, etc., **02**, 2215.

1902-03. General repairs to locks and machinery, **03**, 2010.

1903-04. Extensive repairs to operating machinery, 10 new 12" valve engines installed, and minor repairs to locks, **04**, 3100.

1904-09. Ordinary repairs to locks and machinery, **05**, 2248; **06**, 1856; **07**, 2013; **08**, 2083; **09**, 2068.

1909-10. Repairs to works; special repairs to operating gate, Poe Lock, **10**, 2229.

1910-11. Repair and maintain. to locks; upper service gate at Weitzel Lock replaced with solid timber gate of Oregon fir; timberrevet, wall along slip, w. end of Ft. Brady Pier, repaired, **11**, 2423.

1911-12. Maintain. and repairs, s. canal gate completed and launched, and canal wall repaired, **12**, 2624.

PHYSICAL CHARACTERISTICS.

Height of water in locks and canal, **93**, 2971; **94**, 2268; **95**, 2867; **96**, 2759.

SS. W. R. Lynn caused considerable damage to Poe Lock by collision, **01**, 3173.

SS. Robert Fulton damaged gate on Poe Lock; canal service interfered with by strike of tugboat employees, **02**, 2215.

Historical notes on canal, **03**, 2024.

¹ Expend. under the permanent indefinite app. provided by act July 5, 1884, for operating and keeping in repair canals and other public works.

Tugboat men, on Sept. 4, 1902, settled their strike, **03**, 2013.

Longshoremen's strike ties up traffic, **06**, 1858.
(For accidents, delays, etc., see each an. R.).

PRIVATE (STATE) WORK.

In 1894 the Sec. of War au. Michigan State Fish Commission to occupy a portion of Isld. No. 3 and

part of the adjacent waters of the canal for a fish hatchery under a revocable license, **95**, 2868.

Owners of SS. *Robert Fulton* made repairs to lock damages by that SS., **02**, 2226.

Permits to private parties for various purposes, **02**, 2015; **03**, 2014; **04**, 3116; **05**, 2267; **06**, 1858; **07**, 2015.

PP-23

LAKE HURON. (Levels.)

ENGINEERS.

Chief of Engineers. R., **06**, 645.

In charge. Maj. L. H. Beach, **06**, 645.

PHYSICAL CHARACTERISTICS.

General statements as to usual variations in the level of the lake surface at all the Hs. on the w.

shore of Lake Huron, **06**, 645. Mean surface, above mean tide at New York City (1860-1905) 581.39'. During "past" year varied from 580.53' to 581.57', monthly variation, 1' to 1.7'. From head of St. Clair R. to foot of Detroit R. there is a progressive fall; monthly mean stages at Ft. Wayne varied during fiscal year bet. 573.29' and 574.38' above mean tide at New York City, difference in any one month varying bet. 1' and 2.3'. **06**, 645.

PP-29

MACKINAC HARBOR, MICH.

APPROPRIATIONS.

1910, \$25,000, **10**, 2257.

1912, 35,000, **12**, 2650.

Total, 60,000

COMMERCE.

Not important, **71**, 160.

Interests of, require protection, **80**, 2056.

Decadence of, **87**, 2272.

Description of, local and passenger traffic much larger in 1899 than 10 years earlier, **00**, 4009.

Large passenger traffic, **10**, 841; **12**, 1069.

1911, 13,000 ± t., **12**, 1070.

CONTRACTS.

1910. Great Lakes Dredge & Dock Co., furn. and placing 18,000 t. st., \$1.29 t., **11**, 2450.

1911. T. L. Durocher, furn. and placing 18,000 t. st., \$1.14½ t., **12**, 2651.

ENGINEERS.

Chief of Engineers. R., **79**, 170; **80**, 221; **85**, 332; **87**, 294; **00**, 587; **10**, 840; **11**, 894; **12**, 1068.

In charge:

Capt. F. U. Farquhar, 1870. R., **71**, 160.

Maj. F. Harwood, 1879-80. R., **79**, 170; **80**, 2055.

Lt. Col. O. M. Poe, 1885-87. R., **85**, 2180; **87**, 2271.

Lt. Col. G. J. Lydecker, 1899-1900. R., **00**, 4008.

Col. C. McD. Townsend, 1910-. R., **10**, 2257; **11**, 2450; **12**, 2650.

OPERATIONS.

1910-11. 13,715 c. y. st. placed in break'r, **11**, 2450.

1911-12. 17,349.9 t. st. placed in substr. of break'r at Mission Pt., completing same, **12**, 2650.

PHYSICAL CHARACTERISTICS.

Recession of beaches, **80**, 2055.

Description of, **71**, 160; **00**, 4009; **10**, 840.

H. on the s. shore of Mackinac Isld., **00**, 4009; located in Straits of Mackinac, at n. end of Lake Huron, 15½ m. from Cheboygan H., inclose 34 acres.

Protected from n. and s. winds, it is exposed to heavy seas through Straits of Mackinac. At m. lake l. there is 18' in H. to wharves, **12**, 1069.

PLANS.

By Capt. Farquhar, 1870, break'r 4,000' x 35' x 30'; est., \$761,333.76, **71**, 160, 161. "Not the slightest necessity for a H. of refuge at this point. At present not local importance enough to justify any expend. in building a H. of any kind."—Capt. Farquhar's R., **71**, 160.

By Maj. Harwood, 1880, converging ps. from Mission and Biddle Pts.; est., \$125,000, **80**, 2056, 2057.

In 1884 Col. Poe est. cost of break'r to afford a H. of refuge at not less than \$1,500,000; but C. requirements would not justify such expend., **85**, 2181.

Lt. Col. Poe, ex., 1886, repeats Maj. Harwood's est., \$125,000, as cost of break'r located off Biddle Pt., **87**, 2272.

Lt. Col. Lydecker, 1900, est. \$80,000 to constr. 2 break'rs, **00**, 4008.

PROJECTS.

Act June 25, 1910, au. 2 break'rs, 1 at Mission Pt. and 1 at Biddle Pt., 2,000' in the aggregate, of st. or boulders, where such will cost less than cribwork; est., \$80,000 (H. D. 646, 56th, 1st; map), **10**, 840; act Feb. 27, 1911, au. continuing contracts, **12**, 1069.

SURVEYS.

Ex. by Capt. Farquhar, 1870. R., **71**, 160.

Sur. in progress, by Maj. Harwood, **79**, 160.

Au. act Mar. 3, 1879, **80**, 221; made by Maj. Harwood, 1880, **80**, 2055.

Au. act July 5, 1884; made by Lt. Col. Poe, **85**, 2180.

Ex. of Biddle Pt. with view to break'r, au. act Aug. 5, 1886; made by Lt. Col. Poe, **87**, 2271.

Ex. and sur. for H. of refuge by means of 2 break'rs au. act Mar. 3, 1899; made, 1899-1900, by Lt. Col. Lydecker (R. fav.; see Projects), **00**, 4008.

Maps. (H. D. 646, 56th, 1st.)

ESTIMATES. (See Plans and Projects.)

By Maj. Poe, 1871, to complete straight chan. 12'
x 120' across the bar, without protection of its banks,
\$50,000, 72, 203.

By Maj. Weitzel, 1873, to complete chan. and
revet. about 2,500' of its banks, \$75,000, 73, 290; 74,
200.

By Maj. Harwood, 1879, to complete the imp.,
\$25,000, 79, 1666.

OPERATIONS.

1870-71. Dr. chan. 9' d. in progress, 71, 43.

1871-72. 32,000 c. y. removed; chan. 50' x 9',
72, 40, 203.

1872-73. Dr. continued; chan. 12' d. obtained,
73, 40.

1873-74. Dr. continued, making chan. 13' d.;
76,955 c. y. removed, 74, 46.

1874-75. 30,156 c. y. removed, 75, 51.

1875-76. 114,368 c. y. removed, 76, 104; ii, 529.

1877-78. 58,510 c. y. removed; entrance chan.
150'-175' w. 200' w. abreast of S.S. docks; clear d. of
13' obtained, 78, 127, 1236.

1878-79. Dr. continued; chan. 13' x 200', 79,
169.

1879-80. 9,843 c. y. dr. from chans., 80, 2035.

1880-81. 12,389 c. y. dr., 81, 2241.

1881-82. 12,000 c. y. dr. from chan., 82, 2327;
constr. of pierhead crib, 82, 2328.

1882-83. 28,000 c. y. removed, 83, 1850.

1887-88. 29,979 c. y. dr., 88, 1959.

1888-89. 28,472 c. y. dr., 89, 2244.

1889-90. 31,204 c. y. dr., proj. completed, 90,
2720.

1894-95. 36,086 c. y. dr., 95, 2824.

1895-96. 74,515 c. y. dr., 96, 2724.

1898-99. 106,115 c. y. dr., 00, 3974.

1902-03. 27,304 c. y. dr., 03, 522, 1983.

1906-07. Borings made bet. the br. and lock,
and specifications prepared, 07, 1989.

1907-08. 22,407 c. y. dr., 08, 2113.

1908-09. Dr. completed, 09, 2096; proj. com-
pleted with the exception of a stretch 900' l. extend-
ing downstream from the State Road br., 12, 2651.

PHYSICAL CHARACTERISTICS.

Description of, 71, 183, 184; 76, ii, 530; 00, 4013;
06, 645.

Most unusual scour, 1898-99, increasing d. by 3',
99, 2982.

15' chan. at 1912 had been secured, with w. of
200'; turning-basin 15' d. also provided, 12, 1070,
1071.

H. includes lower reach of Cheboygan R. and
its outlet into Straits of Mackinac, Lake Huron.
Proj. covers R. from d. w. in the straits to a lock
and dam built under State au., a distance of 11,720',
of which 6,000' are in the straits, 12, 1070. Above
lock R. is navigable through "Inland Route,"
36 m., for boats of 4-5' draft, 12, 1072.

Datum plane changed, 1912, from 581.67 to 579,
12, 1071.

PLANS. (See Estimates and Projects.)

By Capt. Farquhar, 1870, reducing w. of chan.
to 100', \$334,157.43, 71, 183-186.

PRIVATE WORK.

\$2,000 contributed by citizens to imp. R. by dr.
inside the inner end of imp. by U. S., 72, 204; 76,
ii, 531.

PROJECTS. (See Estimates and Plans.)

By Capt. Farquhar, 1870, dr. 14' x 200', mouth of R. to Cheboygan village, and protection of chan. by pile ps. with crib pierheads; est., \$395,000, **71**, 185, 186; **80**, 219; **87**, 2247.

By Maj. Poe, modification of Capt. Farquhar's plan for making chan. 9' x 50'; to increase chan. to 100' x 12'. **71**, 172; **72**, 203.

By Maj. Weitzel, revet. part of the cut to protect banks, dr. 13' d., and to increase w. to 180'. **73**, 290; **75**, 271; **76**, ii, 529.

History of proj.s., **76**, ii, 530, 531.

By Maj. Harwood, to dispense with the revet. (as unnecessary) and to increase chan. to 200' in w., **77**, 945. For addl. dr. about the axis of the chan. and a protecting p. on the w. border, **79**, 169, 1666.

Revised proj. by Maj. Harwood, 1882, providing uniform d. of 15' throughout chan. and of basin opposite SS. landing, **82**, 2328; **87**, 2247.

In 1885 Col. Poe reduced est. to \$218,000, **85**, 2128; **87**, 2248. In 1888 Col. Poe proposed continuation of 15' chan. upstream to the State Road Br. Proj., therefore, is for chan. 15' x 200', 15' curve in the Straits of Mackinac to the first br., and revet. of both sides of the chan. outside the shore line; est., \$218,000, **88**, 1959.

Proj. completed in 1890; cost, \$129,648, **90**, 2720; **92**, 2448.

In 1895 Lt. Col. Lydecker est. \$80,000 to imp. H. by dr. 18' x 200', 18' curve in the straits to the

outer end of the w. p., and inside of that point bet. lines parallel to and 25' from the ps.; plan of imp. adopted, **95**, 2823, 2824.

Lt. Col. Lydecker est., 1900, \$15,500 for 18' chan., **00**, 4014.

By Capt. Keller, 1905, plan for extending imp. up to lock and dam in Cheboygan R. by dr. chan. 8' x 60'; est., \$10,797.60 (H. D. 537, 59th, 1st), **06**, 664; au. act Mar. 2, 1907, **07**, 668.

SURVEYS.

Importance urged by Col. Cram, **69**, 113.

Under Capt. F. U. Farquhar, by R. J. Cram. **R.**, **70**, 44; **71**, 183-186.

Of chan., 1880, **80**, 2035.

Est. of amount required to d. existing chan., 1895, to 18', au. act Aug. 17, 1894; sur. made, 1895, by Lt. Col. Lydecker for that purpose (see Projects), **95**, 2825.

Ex. made, 1897, by Lt. Col. Lydecker, **98**, 2577.

Ex. and sur. for 18' chan., entrance to the first br., au. act Mar. 3, 1899; made by Lt. Col. Lydecker (**R.** fav.; see Projects), **00**, 4012.

Ex. of H., **05**, 2221.

Ex. au. act Mar. 3, 1905; made, 1905, by Maj. Beach (H. D. 537, 59th, 1st), **06**, 664.

Of H., **06**, 1836.

Maps. **82**, 2328; **95**, 2824; **03**, 1984.

Cong. docs., etc., relating to exs., surs., plans, etc., **12**, 1071.

1910, \$6,000, **10**, 2259.

CONTRACTS.

1911. James Davidson, dr., 75¢ c. y., **11**, 2452; annulled, **12**, 2653. Edward Bros., dr., \$30 per hour working time, and \$15 per hour lay time, **12**, 2653.

ENGINEERS.

Chief of Engineers. **R.**, **06**, 664; **10**, 843, 860; **11**, 897; **12**, 1072.

In charge:

Maj. L. H. Beach, **06**, 645.

Col. C. McD. Townsend, 1910-. **R.**, **10**, 2259; **11**, 2452; **12**, 2653.

OPERATIONS.

1911-12. Chan. 16' x 130' dr. by contractor, **12**, 2653.

PHYSICAL CHARACTERISTICS.

Town of 600 inhabitants, on Lake Huron, 37 m. e. of Cheboygan, Mich.

PRIVATE WORK.

Private parties have dr. around docks, **12**, 2653. Michigan Limestone & Chemical Co. dr. a 21' slip 90' w.; also constr. break'r and dock for loading st. on vessels at Calcite, 1½ m. below Rogers City, **12**, 2653.

PROJECTS.

Act June 25, 1910, au. chan. 16' x 200' across bar in front of town, at mean stage Lake Huron; est., \$6,000 (**R.** and H. Com. D. 28, 61st, 2d), **10**, 843.

SURVEYS.

Ex. au. act Mar. 3, 1905, with view to constr. H. of refuge. **R.** by Maj. Beach, July 24, 1905 (H. D. 162, 59th, 1st) (unfav.), **06**, 664.

Pre. ex. au. act Mar. 3, 1909. **R.** by Lt. Col. Townsend, June 18, 1909 (H. D. 352, 61st, 2d) (unfav.), **10**, 860.

Cong. docs., etc., relating to exs., surs., plans, etc., **12**, 1073.

PP-46 FALSE PRESQUE ISLE HARBOR, LAKE HURON, MICH. (Harbor of refuge.)

ENGINEERS.

Chief of Engineers. **R.**, 89, 319.

In charge. Col. O. M. Poe, 1888. **R.**, 89, 2276.

SURVEYS.

Ex. au. act Aug. 11, 1888; made, 1888, by Col. Poe (**R.** unfav.), 89, 2276.

PP-50 ALPENA HARBOR (Thunder Bay River); MICH.

APPROPRIATIONS.

1876, \$4,500, **77**, 111, 934.

Assistants:

H. A. Uffers. **R.**, 76, ii, 548.
R. Strohman. **R.**, 84, 2037.

OPERATIONS.

1877-78. Dr. by contract, completed, **78**, 126, 1235.
1882-83. 16,900 c. y. dr., **83**, 1852.
1883-84. 21,294 c. y. dr.; proj. completed, **84**, 2040; **87**, 2249.
1888-89. 5,290 c. y. dr., **89**, 2246.
1889-90. 5,254 c. y. dr., **90**, 2722.
1890-91. 6,871 c. y. dr. from H., and 7,421 c. y. from R., **91**, 2766, 2769.
1891-92. 17,083 c. y. dr. from H., 33,370 c. y. from R., **92**, 2452.
1892-93. 10,770 c. y. dr., **93**, 2923.
1893-94. 9,306 c. y. dr., **94**, 2241.
1899-00. 42,497 c. y. dr., **00**, 3976.
1907-08. 14,961 c. y. removed in 194 hours and 5 minutes, **08**, 2114.

PHYSICAL CHARACTERISTICS.

71, 158, 159.
Description of, **89**, 2289.
Shoaling, slowly, **99**, 2984; **00**, 3976.
Datum plane 1' to 2' higher, 1912, than m. surface elevation during preceding 2 yrs., changed to 579 to provide proj. d., **12**, 1074.
Navigation farther than upper limit of imp. interrupted by a dam, **10**, 843, 844.
Shoaling; chan. narrowing, **11**, 898, 2453.

PLANS.

By Maj. Farquhar, crib ps. 20' w., and pierhead cribs 32' w., \$53,496.30, **71**, 159.

PRIVATE (CORPORATE, PRIVATE) WORK.

Alpena Harbor Improvement Co. expended \$40,000 in ps. and dr.; collecting toll from vessels drawing over 4', **71**, 42, 158, 159.
Private parties expend., 1875, \$3,000 in dr., **76**, ii, 548.

PROJECTS.

By Maj. Weitzel, dr. chan. 13' x 200', 1,100' ou from p., \$4,764, **76**, ii, 548; \$4,500, **77**, 110, 934.
By Maj. Harwood, 1881, dr. chan. 14' d.; est., \$25,000, **81**, 2244; **84**, 2037.
By Maj. Harwood, 1881, excavation of entrance chan. 14' d. from B. into R.; est., \$25,000, **81**, 2244; **84**, 2037. Proj. completed in 1884, **87**, 2249.
In 1883 Col. Poe recom. redr. of partly deteriorated chan. to 16'; est., \$34,511, **88**, 1961; **91**, 2765.
In 1899 Col. Poe proposed imp. of Thunder Bay R. by excavating 16' chan., with w. from 50' to 200', from mouth to 1 m. above, requiring dr. of 109,356 c. y.; est., \$36,087.48, **89**, 2290.

SURVEYS.

By Maj. Farquhar, 1870, **71**, 158, 159.
Under direction of Maj. Weitzel, by H. A. Uffers, 1875, **76**, 106.
Sur. of Thunder Bay R., Alpena, Mich., for 16' chan. from mouth to 1 m. above, au. act Aug. 11, 1888; made, 1889, by Col. Poe, **89**, 2288.
Minor sur., **97**, 3011; **99**, 2984.
Cong. docs., etc., relating to exs., sur., plans, etc., **11**, 899; **12**, 1074.

Maps. **89**, 2290; **03**, 1985.

ESTIMATES. (See Plans and Projects.)

By Col. Cram, 1867, 10' d. of water, \$69,367, 67, 27, 147. For completion, \$20,000, and \$6,000 an. for dr., 68, 141.
By Maj. Poe, an. dr., \$3,000, 70, 153. Continuing work, \$20,000, 72, 206.
By Maj. Weitzel, 1876, break'r, off mouth of H., \$900,000, 76, ii, 550.
By Maj. Harwood, 1879, restoration and completion of H., \$35,000, 79, 1657. Revised to \$25,000, 79, 1658.

LEGISLATION.

Discussion of existing laws, showing addl. legislation necessary, 74, 203. Legislation required to prevent encroachments on R. chan., and damage to ps., 74, 202; 75, 273; 76, ii, 531; 77, 933.

OBSTRUCTIONS.

Conditions imposed by Sec. War for bridging R., 79, 1658.

OPERATIONS.

1868-69. 30 cribs, equal to 900 l. f. of p., placed; repairs, 69, 34, 35.
1869-70. Ps. extended 274 l. f., 70, 45.
1870-71. Constr. of superstr. and outer crib of n. p. repaired and replaced. Extension of s. p. 9 cribs 16' x 30', 71, 175.
1871-73. Constr. of superstr. on s. p., by purchase in open market and hired labor, 72, 40; 73, 40.
1873-74. Repairs, and dr., 74, 201, 205.
1874-75. Repairs, 75, 272.
1879-80. Constr. of revet. along ne. bank of R., 80, 2038.
1880-81. Revet. from the Oscoda Br. to U. S. piers completed, 81, 2245. Constr. by hired labor of training wall across bar at entrance to mouth of H., 81, 2246.
1881-82. Extension of s. p. by hired labor and dr. by contract of 3,000 c. y. of sand from bar at mouth of H., 82, 2330.
1882-83. Slight repairs by hired labor, 83, 1854.
1889-90. 12,864 c. y. dr., 90, 2724; 91, 2771.

PHYSICAL CHARACTERISTICS. (See Private work.)

Description, 66, iii, 8, iv, 76; sand brought down by current, 67, 149; R. long, rapid, and full of sand, deposit of sand at mouth, 69, 107. The 10' curve advanced 280', 72, 205; curve advanced 260', 73, 291.

PLANS. (See Estimates and Projects.)

By H. G. Rothwell, break'r, ¼ m. from ps., 73, 291.

PRIVATE WORK.

Private ps. injured by freshet, 69, 108. Character of work not substantial, 70, 151. Damage to H. from indiscreet dr. by private parties, 72, 205. Encroachments on R. chan., 73, 291; 74, 203. Necessary jurisdiction ceded to U. S. by owners of R. fronts, 79, 169, 1657.

PROJECTS. (See Estimates and Plans.)

By Maj. Reynolds, 1866, extension of p. to 12' curve and dr. for chan. to that d.; est., \$114,754, 66, iv; 77; 85, 2132.
By Col. Cram, modifications of Maj. Reynolds' plan, d. of chan. 10' adopted; est., \$82,898; 67, 147, 149, 151; 69, 107; 85, 2133.
By Maj. Poe, increase in w. of cribs to 18', sheet-piling the n. side of R. for 1,000', 70, 152, 153-158; 72, 206.
By Maj. Weitzel, extension of n. p., and dr. bar at mouth of R. as experiments, 73, 291.
After expend. of app. aggregating \$95,970, Maj. Harwood, 1879, proposed, at est. cost of \$35,000 for completion of imp., formation of chan. 10' x 100' d. w. in the lake to the State St. Br. in Ausable (S. Ex. D. 79, 45th, 3d), 79, 1657. Est., 1883, by Maj. Farquhar, \$32,121, 83, 1857.
In 1885 Lt. Col. Poe reported formation of bar at entrance to H. precluded its imp. at a cost commensurate with the advantages to be gained, 85, 2130; 86, 322. Expend. resulted in 4' on the bar and 8' in chan. from bar to Oscoda Br., 85, 2137.
In 1891 Col. Poe reported against any further attempts to secure permanent imp., 91, 2771.

SURVEYS.

By Maj. Reynolds, 1866, 66, ii, 41, iii, 8. R., 66, iv, 76, 90.
By Col. Cram, resur., 1866, 67, 147; 68, 141.
By Maj. Poe, 1872, of a bar 1 m. from ends of p., 72, 206.
By Maj. Weitzel, 1874, resur. of R., and estab. dock lines, 75, 272, 286.

By H. A. Ulfers, 1875, under direction of Maj. Weitzel, 76, ii, 550.

By Maj. Harwood, 1882, 82, 2330.

By Maj. Farquhar, 1883, 83, 1854.

Ex. of Ausable R. for 12' chan. and break'r, au. by act of Aug. 11, 1888; made, 1888, by Col. Poe (R. unfav.), 89, 2279.

Au. act Mar. 2, 1907; made, 1907, by Col. C. E. L. B. Davis (unfav.) (H. D. 71, 60th, 1st), 08, 743.

SAGINAW RIVER, MICH.

APPROPRIATIONS.

1866,	\$67,500,	66, iii, 7, 34, act June 23.
1867,	28,000,	67, 146.
1868,	*9,000,	68, 24.
1870,	1,500,	71, 177.
1874,	15,000,	74, 206.
1875,	30,000,	75, 274.
1876,	11,000,	76, 104.
1878,	25,000,	78, 126, 1233.
1879,	8,000,	79, 169, 1662.
1880,	15,000,	80, 2043.
1881,	10,000,	81, 2250.
1882,	125,000,	82, 2333.
1884,	50,000,	84, 2043.
1886,	33,750,	86, 1828.
1888,	65,000,	88, 1967.

1890,	\$75,000,	90, 2728.
1892,	100,000,	92, 2458.
1894,	40,000,	95, 2829.
1896,	40,000,	97, 3013.
1899,	40,000,	99, 2986.
1902,	50,000,	02, 2186.
1905,	30,000,	05, 2224.
1907,	75,000,	07, 1992.
1909,	*25,000,	09, 2099.
1910,	50,000,	10, 2261.
1911,	300,000,	11, 2455.
1912,	100,000,	12, 2656.

Total, 1,418,750 (incl. \$1.84 repayments, and less \$1,000 carried to surplus fund, \$1,417,751.84, 12, 2656).

COMMERCE.

Large and increasing, **68**, 142.
 Amount paid for lighterage, **68**, 142.
 Double the cost of the imp. already saved in lighterage, **69**, 110.
 Importance of H., **76**, ii, 547.
 Value of imp., **84**, 2043.
 Rates both to Bay City and Saginaw materially lessened by existence of imp., **06**, 650.
 Materially lessened, due to decrease in lumber trade, **07**, 672, 1901, 1,945,033 t.; 1906, 293,105 t., **07**, 672; 1911, 226,636 t., **12**, 2657. Saginaw R. is navigable for 23 m. from mouth, **10**, 846.

CONTRACTS.

1866. John Brown & Co., dr., 79¢ c. y., **66**, iv, 61, 62, 74; **67**, 232, 233; **68**, 152; **69**, 110.
1875. A. T. Wilcox, materials, labor, and dr., **75**, 274, 275; **76**, ii, 536.
1877. H. S. Dale, materials, labor, and dr., **77**, 944; **78**, 1233.
1878. Carkin, Stickney & Cram, materials, labor, and dr., **79**, 1664.
1878. Hemenway & Hayes, materials and labor, **79**, 1664.
1879. Castle Sutherland, materials and labor, **79**, 1664.
1879. E. H. French, dr., 11¢ c. y., **80**, 2043.
1880. T. M. Hubbell, dr., \$16 per hour, **81**, 2250.
1881. G. Talbot, dr., 60¢ c. y., **81**, 2250.
1883. C. Sutherland, dr., 25¢ c. y., **83**, 1862.
 Carkin, Stickney & Cram, dr., 37½¢ c. y., **83**, 1862.
1884. Carkin, Stickney & Cram, dr., 27½¢ c. y., **85**, 2138. L. P. & J. A. Smith, dr., 23¢ c. y., **85**, 2138. Carkin, Stickney & Cram, dr., 38¢ c. y., **85**, 2138.
1886. Carkin, Stickney & Cram, dr., 34¢ and 44½¢ c. y. O. J. Quinn, pilework. Ducharme, Fletcher & Co., iron. Hickler, Green & Co., dr., 34¢ and 44½¢ c. y. J. W. Owen, timber. **87**, 2251, 2252.
1887. Hubbell & Skeldon, dr., 30¢ c. y., **87**, 2251-2254.
1888. Hubbell & Skeldon, dr., 28¢ c. y. Q. Gillmore, dr., 49¢ c. y., **89**, 2249. Carkin, Stickney & Cram, revet. and beam-wall constr., and dr., 43¢ c. y., **89**, 2253.
1891. T. M. Hubbell, dr., 26¢ c. y. Hubbell & Stone, black ash and Norway pine piles, furnished and driven, 13¢ l. f. J. G. Owen, white pine timber and plank, \$20 and \$14 M. f. b. m. Carkin, Stickney & Cram, bolts and nails, 4½¢ and 3¢ lb. McCollum & Lee, dr., 34¢ c. y., **91**, 2775.
1892. T. M. Hubbell, dr., 26½¢ c. y., **93**, 2929, 2930. E. Hall, dr., 19 and 29¢ c. y., **93**, 2930.
1895. E. Hall, dr., 23¢ c. y. Hington & Woods dr., 30¢ c. y., **95**, 2830.
1899. G. H. Breyman & Bros., dr. bar at R. mouth, 25¢ c. y. Bay City Dredging Co., dr., 19.9¢ c. y., **00**, 3980.
1903. G. H. Breyman & Bro., dr., 16, 20, and 21¢ c. y., s. m., **03**, 1987.
1905. James Davidson, dr., 25¢ c. y., s. m., **06**, 1838.
1908. Central Dredging Co., dr., 16½¢ c. y., s. m.; Toledo Dredge & Dock Co., dr., 28¢ c. y., p. m., **08**, 2117.
1909. G. H. Breyman & Bro., dr., 131,942 c. y., 18 and 25¢ c. y., **10**, 2262.
1911. G. H. Breyman & Bro., dr., 3,025,000 c. y., 12½ and 17¢ c. y., **11**, 2455.

ENGINEERS.

Chief of Engineers. **R.**, **66**, ii, 41, iii, 7, 34, iv, 61; **67**, 27; **68**, 24, 37; **69**, 35; **70**, 45; **71**, 44; **72**, 41; **74**, 46, 206; **75**, 51, 53; **76**, 104, 106; **77**, 112; **78**, 126; **79**, 169; **80**, 220; **81**, 298; **82**, 293; **83**, 302; **84**, 304; **85**, 327; **86**, 322; **87**, 289; **88**, 263; **89**, 311; **90**, 280; **91**, 351; **92**, 336; **93**, 382; **94**, 355; **95**, 390; **96**, 345; **97**, 442; **98**, 430, 439, 440; **99**, 511; **00**, 576; **01**, 555; **02**, 478; **03**, 524; **04**, 572; **05**, 582; **06**, 648; **07**, 670; **08**, 727; **09**, 765; **10**, 844, 861; **11**, 899; **12**, 1075.

ENGINEERS.

Boards. Convened, Detroit, Mich., Oct. 19, 1882, by S. O. No. 82, to report upon proj. for imp. of Saginaw R. **R.**, **83**, 1863. (Majs, Robert, Farquhar, and Heap.)

In charge:

Capt. J. N. Macomb, 1856; **66**, iv, 59.
 Col. T. J. Cram, 1866-70. **R.**, **66**, iv, 58, 62, 73, 75; **67**, 146, 148, 230, 233; **68**, 141, 151, 152; **69**, 110. Maj. W. McFarland, 1870; **70**, 150.
 Maj. O. M. Poe, 1870-73. **R.**, **70**, 150; **71**, 177; **72**, 207.
 Maj. G. Weitzel, 1873-77. **R.**, **74**, 205; **75**, 273, 289; **76**, ii, 535, 547.
 Maj. F. Harwood, 1877-82. **R.**, **77**, 941; **78**, 1231; **79**, 1659; **80**, 2040; **81**, 2248; **82**, 2331.
 Maj. F. U. Farquhar, 1882-83; **83**, 1835.
 Lt. Col. O. M. Poe, 1883-92. **R.**, **83**, 1858; **84**, 2041; **85**, 2138; **86**, 1826; **87**, 2250. (Col.) **88**, 1963; **89**, 2248; **90**, 2724; **91**, 2772; **92**, 2454.
 Maj. W. Ludlow, 1893. **R.**, **93**, 2924.
 Lt. Col. G. J. Lydecker, 1894-1900. **R.**, **94**, 2243; **95**, 2828; **96**, 2727; **97**, 3012; **98**, 2579, 2600, 2604; **99**, 2985; **00**, 3978.
 Maj. W. L. Fisk, 1901. **R.**, **01**, 3139.
 Capt. L. H. Beach, 1902-05. **R.**, **02**, 2186; (Maj.) **03**, 1986; **04**, 3074; **05**, 2224.
 Capt. Chas. Keller, 1906. **R.**, **06**, 1837.
 Col. E. E. L. B. Davis, 1907. **R.**, **07**, 1991.
 Lt. Col. C. McD. Townsend, 1908-12. **R.**, **08**, 2115; **09**, 2098; (Col.) **10**, 2260; **11**, 2454; **12**, 2655.

Assistants:

Capt. G. J. Lydecker, **68**, 151.
 H. A. Ulfers. **R.**, **72**, 207.
 H. Gillman. **R.**, **74**, 208.
 Capt. A. N. Lee. **R.**, **75**, 273; **76**, ii, 536.
 H. Kallman. **R.**, **84**, 2044.
 B. H. Muehle. **R.**, **85**, 2140; **92**, 2458.
 Lt. J. F. McIndoe. **R.**, **98**, 2603.

ESTIMATES. (See Plans and Projects.)

By Capt. Macomb, 1856, dr. 159,000 c. y., at mouth of R., **66**, iv, 59.
 By Col. Cram, dr. a 12' chan., 250' w., \$95,417; chan. 195' w., \$75,044, **66**, iv, 61. 1869. For an. dr. \$1,500, **69**, 110.
 By Maj. Weitzel, 1874, imp. in vicinity of E. Saginaw, by dr. and protection of chan. banks by pile revet., \$56,000, **74**, 207. 1876. Addl. to complete the imp. in vicinity of E. Saginaw, \$51,920, **76**, ii, 535. 1874. D. mouth of R. to 14', \$100,000, **75**, i, 290; to 13', \$62,500, **75**, i, 290; **76**, ii, 547.
 By Maj. Harwood, 1869, complete existing proj., \$17,000, **79**, 169, 1662.

HARBOR LINES.

At Saginaw, **05**, 2235.

LEGISLATION.

Necessary, to obtain jurisdiction over proposed imp., **74**, 207; **79**, 1661.

OPERATIONS.

At mouth of river:
1866-67. 3,426 c. y. removed; dr. delayed by accident, **67**, 146.
1867-68. 79,804 c. y. removed by dr., **68**, 141.
1868-69. 24,693 c. y. removed by dr., completing a cut 12' x 195' x 6,800', **69**, 110.

At Carrollton and other bars in the vicinity of East Saginaw:

1874-75. 700' of piling completed, **75**, 273.
1875-76. 2,255 l. f. of pile revet. built and 33,643 c. y. dr. from Carrollton Bar during the year, **76**, 104.
1876-77. Work resumed on pile revet. opposite Carrollton Bar, **77**, 112.
1877-78. Carrollton revet. connected with the mainland at both extremities; portion of the work incomplete, **78**, 126, 1231.
1878-79. Carrollton imp. completed; wing dam at Zilwaukee Bar built. Carrollton Bar being imp. by a training wall, **79**, 169, 1660.

The whole river:

1879-80. 46,629 c. y. sand dr. from chan., **80**, 2041.
1880-81. Repair of Carrollton Bar training wall commenced; sand barrier at tail of Carrollton Bar dr. through, and dr. commenced under Talbot contract, **81**, 2249.

1881-82. In the upper R.: Carrollton Bar revet. completed and chan. restored; plank-beam wall built up; revet. and Zilwaukee wing dam repaired. In lower R.: 11,019 c. y. dr., **82**, 2332, 2333.

1882-83. 14,160 c. y. dr. in vicinity of Bay City and at mouth of R., **83**, 1859.

1883-84. 247,185 c. y. dr. from R. mouth and vicinity of Bay City, **84**, 2042.

1884-85. 97,410 c. y. dr. in vicinity of Bay City and at mouth of R., **85**, 2138.

1885-86. 10,200 c. y. dr. from mouth of Saginaw R., **86**, 1826.

1886-87. 5,998 c. y. dr. and repairs made to Carrollton revet., **87**, 2252.

1887-88. 23,200 c. y. dr. from e. chan. and chan. across bar; repair and extension of beam wall and pile revet. continued above Bay City, **88**, 1964.

1888-89. 23,980 c. y. dr.; Carrollton revet. completed to 1,145'; plank-beam training wall completed, **89**, 2249.

1889-90. 61,956 c. y. dr., **90**, 2727.

1890-91. 16,345 c. y. dr.; repairs to Carrollton revet. and Crow Isld. wing dam, **91**, 2774.

1891-92. 137,992 c. y. dr.; repairs to Carrollton revet. and wing dam at Crow Isld. completed, **92**, 2455.

1892-93. 15,728 c. y. dr., **93**, 2925.

1893-94. 148,790 c. y. dr., **94**, 2244.

1894-95. 36,226 c. y. dr., **95**, 2828.

1895-96. Repairs made to dikes, and 121,787 c. y. dr., **96**, 2728.

1896-97. 7,097 c. y. dr., **97**, 3012.

1899-00. 101,650 c. y. dr. from bar; 86,811 c. y. dr. from R., **00**, 3978.

1900-01. 38,831 c. y. dr., **01**, 3140.

1902-03. 27,845 c. y. dr., **03**, 524, 1986.

1903-04. 106,107 c. y. dr., and wreck removed, **04**, 3074.

1904-05. Wreck of schr. *Garrett Smith* removed, **05**, 2224.

1905-06. 51,753 c. y. dr., **06**, 1838.

1906-07. 31,669 c. y. dr., **07**, 1991.

1907-08. 40,549 c. y. dr., **08**, 2116.

1908-09. 110,736 c. y. dr. in section A; chan. 12' x 200' dr. from Interurban Br. to Michigan Central R.R. br., **09**, 2098.

1909-10. Dr. continued. One contract completed producing chan. 12' x 200' from Interurban Br. to Michigan Central R.R. br., also a chan. 12' x 150' 400' above Center St. Br. Under new contract 131,942 c. y. dr., **10**, 2260.

1910-11. 69,181 c. y. dr., **11**, 2455.

1911-12. 765,523 c. y. dr., **12**, 2655.

PHYSICAL CHARACTERISTICS.

Formation of bar at mouth of R., **66**, iv, 60.
Peculiar formation of conglomerate clay, forming bed of chan., **66**, iv, 60; **67**, 146.

Height of spring freshets, **74**, 208.

Action of winds on R. current, **74**, 208.

Reduction in general d., **00**, 3978.

PLANS. (See Estimates and Projects.)

By Capt. Macomb, 1856, dr. chan. through bar off mouth of the R.; est. dr., 159,000 c. y., **66**, iv, 59.

By Maj. Weitzel, 1861, d. chan. at mouth to 14'; est. dr., 100,000 c. y. D. chan. to 13'; est., 50,000 c. y. **75**, 290; **76**, ii, 547.

PRIVATE (CORPORATE) WORK.

\$80,000 raised by local taxation and expend. in dr. in vicinity of E. Saginaw, **74**, 208.

PROJECTS. (See Estimates and Plans.)

By Col. Cram, 1866, dr. entire new chan. through the bar off mouth 12' x 195' (or 250') x 3,274; est., \$95,417, **66**, iv, 59-61; **67**, 146; **68**, 141. L. of chan. as completed, 6,800', **69**, 110.

By Maj. Weitzel, 1874, removing Carrollton and other bars in vicinity of E. Saginaw by dr. and protection of banks by pile revet.; est., \$56,000, **74**, 205-209; **75**, 274. Experience proves that more extensive works will be required at Carrollton, Zilwaukee, and New York Bars; est., \$51,920, **76**, ii, 535.

By Maj. Harwood, 1877, bulkhead from the upper end of revet., across to Hoyt's mill site, thereby cutting off the current behind the revet. and confining it to the main chan., **77**, 941.

In 1881 Maj. Harwood proposed, at and below Bay City, securing 14' in that portion of chan. in front of Bay City, and restoring and d. the chan. of entrance from Saginaw B. to 14', **81**, 2250.

By B.E., 1882, removal of snags, logs, and store booms projecting into the chan.; excavation of chan. 12' x 200' bet. the junction of Tittabawassee and Shiawassee Rs. and Portsmouth Br. at Bay City; excavation of chan. 14' x 200' through shoals in vicinity of Bay City, and across bar at mouth of R.; est., \$446,000, **83**, 1866, 1867; **84**, 2041.

Amount app. 1882 to 1886, incl., \$208,750. Amount est. to complete proj., \$337,250. **86**, 1828.

By Gen. Poe, 1892, expend. app. of 1892, \$100,000, in dr. bar at mouth, Essexville Bar, West Chan., and above Bay City, **93**, 2925.

In 1897 Lt. Col. Lydecker est. \$482,625 to imp. R. as contemplated by act June 3, 1896 (see Surveys), **98**, 2602.

Lt. Col. Lydecker, 1899, believed that the best plan for imp. R. would be by U. S. plant, which would cost \$125,000 for constr. and mainten. and operation for 1 year, \$50,000 an. for the next 5 years, after which period the H. imp. could be maintained for about \$20,000 an., **99**, 2986.

Act June 13, 1902, au. imp. of Flint, Shiawassee, and Bad Rs., in connection with the Saginaw R.; est., not to exceed \$12,500, **02**, 479.

Act of 1905 diverted sums app. for Flint, Shiawassee, and Bad Rs. to imp. of Saginaw R., **05**, 583, 2224.

Act June 25, 1910, au. chan. 18' x 200', Saginaw B. to mouth of R., and 16' from that point to junction with the Tittabawassee R.; est., \$686,000, with \$20,000 an. mainten. (H. D. 740, 61st, 2d), **10**, 845.

SURVEYS.

By Capt. Macomb, T. E., 1856, **66**, iv, 59.

Soundings and borings through the ice by Col. Cram, 1867, **67**, 146.

Resur. under direction of Maj. Poe, by H. A. Uffers, 1871. **R.**, **72**, 207.

Sur. in vicinity of E. Saginaw, under the direction of Maj. Weitzel, by H. Gillman, 1874. **R.**, **74**, 206-209.

Sur. of mouth by Maj. Weitzel, 1875. **R.**, **75**, 289.

Under direction of Maj. Harwood, of Carrollton Bar, 1877. **R.**, **78**, 1234.

Resur. of upper R., 1881, **82**, 2332.

Sur. of a shoal in the vicinity of n. part of Bay City made, 1893, by Maj. Ludlow, **93**, 2928. Surs. made at various bars, 1894, by Lt. Col. Ludlow, **94**, 2244. Resur. of R. made, 1895, by the same officer, **95**, 2829. Ex. of chan. bet. Saginaw and d. w. in the B. made, 1898, by Lt. Col. Lydecker, **98**, 2579.

Sur. of R. from its head to a point in Saginaw B. with view to chan. 14' x 200' and 16', au. act June 3, 1896; made, 1897, by Lt. Col. Lydecker (see Projects), **98**, 2600, 2604.

Minor surs., **99**, 2985; **00**, 3978; **06**, 1837; **08**, 2115.

For estab. H. lines, **05**, 224.

Pre. ex. and sur. au. act Mar. 3, 1909, with view to securing 20', Saginaw B. to Tittabawassee R. by Col. Townsend, 1909 and 1910; est., \$686,000 (H. D. 740, 61st, 2d), **10**, 861.

Cong. docs., etc., relating to exs., surs., plans etc., **12**, 1076.

Maps. (H. D. 740, 61st, 2d.) Of the R., **79**, 1662; **84**, 2042; **85**, 2150; **03**, 1986.

PP-68 TITTABAWASSEE RIVER, MICH.**COMMERCE.**

Description of. For more than 30 years the R. has been in the possession of a logging company, and in 1894 there was no immediate or prospective demand for its imp., **95, 2849.**

ENGINEERS.

Chief of Engineers. **R., 95, 396.**

In charge. Lt. Col. G. J. Lydecker, 1894-95. **R., 95, 2848.**

Assistant. B. H. Muehle. **R., 95, 2849.**

PHYSICAL CHARACTERISTICS.

Description of. The R. a connection of the Shiawassee, the two together forming the Saginaw R., **95, 2849.**

SURVEY.

Ex. from Saginaw to head of navigation au. act Aug. 17, 1894; made, 1894, by Lt. Col. Lydecker (**R. unfav.**), **95, 2848.**

PP-69(a) SHIAWASSEE, BAD, AND FLINT RIVERS, MICH.**COMMERCE.**

Description of; that of Flint R. unimportant, **95, 2854.**

ENGINEERS.

Chief of Engineers. **R., 95, 396; 98, 439.**

In charge. Lt. Col. G. J. Lydecker, 1895-98. **R., 95, 2852; 98, 2600.**

Assistants:

Lt. J. F. McIndoe. **R., 98, 2603.**

B. H. Muehle. **R., 95, 2854.**

PHYSICAL CHARACTERISTICS.

Description of, **95, 2854, 2856.**

The Shiawassee unites with the Tittabawassee near the city of Saginaw, Mich., forming the Saginaw R. The Flint and Bad Rs. are tributaries of the Shiawassee, and respectively enter it about 6 and 10 m. above its mouth, **95, 2852.**

PROJECTS.

In 1897 Lt. Col. Lydecker est. it would cost \$21,000 to imp. the Shiawassee and Bad Rs., but that a temporary imp. could be made for \$5,000; and \$15,000 to imp. the Flint R. as far as practicable, **98, 2602, 2603.**

SURVEYS.

Ex. of the Shiawassee R. from Saginaw R. to Bad R., of Bad R. to the village of St. Charles, and of Flint R. to head of navigation, au. act Aug. 17, 1894; made, 1894, by Lt. Col. Lydecker (**R. unfav. to Flint R.**), **95, 2852.**

PP-75 QUANICASSEE RIVER, MICH.**ENGINEERS.**

Chief of Engineers. **R., 89, 319.**

In charge. Col. O. M. Poe, 1888. **R., 89, 2284.**

PHYSICAL CHARACTERISTICS.

"Impossible to d. chan."; Sebewaing not within 15 m. of R., **89, 2284.**

SURVEYS.

Ex. "of Quanicasssee R. to d. chan. from mouth to village of Sebewaing to 12'" au. act Aug. 11, 1888; made, 1888, by Col. Poe (**R. unfav.**), **89, 2284.**

Capt. A. N. Lee, 75, 290; 76, ii, 537.
B. H. Muehle. **R.**, 93, 2951.

OPERATIONS.

1875. Dr. chan. 6' x 100' x 2,000', 76, 104, ii, 537.
1880-81. 13,279 c. y. dr., 81, 2251.
1881-82. 11,332 c. y. dr., 82, 2334.
1899-00. 10,770 c. y. dr., 00, 3982.
1900-01. 46,828 c. y. dr., 01, 557.
1901-02. 53,257 c. y. dr., 02, 2188.
1902-03. 79,256 c. y. dr., 03, 1988.
1903-04. 16,789 c. y. dr., 04, 574, 3076.
1905-06. 16,735 c. y. dr. and cast over on n. bank of R., 06, 1839.
1907-08. Dr. plant worked 37½ hours, and completed cut 24' wide through the bar, 08, 2117.
1908-09. 7,886 c. y. dr.; chan. 75' w., 7' to 8' d., and 1,400' l., made through bar at mouth, 09, 2100.

PHYSICAL CHARACTERISTICS.

Description, 73, 307; 75, 275, 291; 91, 2805; 93, 2952.
Material removed: Clay mixed with sand and gravel, 76, ii, 537.
A small stream not over 60' w., 93, 2952.
Filling in chans., 03, 1938.
Shoaling, 05, 2225; 07, 1993.
Outer chan. in good condition for about 1½ m., beginning from outer end. Available d. over entire imp. not over 7'. Banks cast up on both sides of

cut further inshore have caved in, reducing w. of dr. chan., 07, 1993.
Max. draft, June 30, 1910, m. l. w. over shoalest part of R., was 6.5'; 10, 847.

PRIVATE WORK.

\$16,000 expend. by private enterprise in opening the R., 73, 307; 75, 291.

PROJECTS.

By Capt. Lee, 1874, concurred in by Maj. Weitzel, dr. cut. 100' w., 6' d. from mouth of R. to 6' curve in B.; expend. the app. of 1875, \$8,000, and sowing of wild rice on the banks; straightening and d. the R. as far as funds available would permit, 75, 291, 292.

By Maj. Harwood, 1880, excavation of a chan. 50' w. and 7' d. to Saginaw B.; est., \$7,000, 80, 2045. Work completed in 1881, 82, 2334.

In 1895, Lt. Col. Lydecker est. that it would cost \$37,000 to imp. the R., 96, 2744, by dr. at the entrance a chan. 100' w. and 8' d. for a l. of 15,000'; the plan of imp. adopted, 97, 3014.

R. is not regarded as worthy of continued imp., expend. being deemed out of proportion to C. involved; expend. for mainten. not to exceed \$2,000 per an., 08, 2117.

SURVEYS.

Under direction of Maj. Weitzel, by H. A. Ulfers, 1873. **R.**, 73, 306, 307.

Under direction of Maj. Weitzel, by Capt. A. N. Lee, 1874, 75, 290.

Under direction of Maj. Harwood, 1879, a resur. in progress, 79, 170.

An. act Mar. 3, 1879; made, 1880, by Maj. Harwood, 80, 2044. Resur., to obtain a 12' chan. (**R.** unfav.), 84, 2079.

Ex. au. act Sept. 19, 1890; made, 1890, by Col. Poe (**R.** unfav.), 91, 2804.

Ex. au. act July 13, 1892; made by Maj. Ludlow 1893 (**R.** fav.), 93, 2951.

Sur. au. act Aug. 17, 1894; made by Lt. Col. Lydecker, 1895 (see Projects), 96, 2743.

In Apr., 1908, an ex. of R. was made and chan. was found to be blocked by bar at mouth of R., with 2.5' of water over it, 08, 2117.

Ref. to ex. or sur. reports, maps, plans, H. D., etc., 12, 1078.

ENGINEERS.

Chief of Engineers. R., 70, 46; H. D. 60, 41st, 3d, p. 8, 71, 44; 72, 41; 73, 41; 74, 47; 75, 51; 76, 105; 77, 110; 78, 125; 79, 167; 80, 222; 81, 302; 82, 296; 83, 303; 84, 305; 85, 328; 86, 322; 87, 290, 291; 88, 264; 89, 312; 90, 281; 91, 353; 92, 337; 93, 384; 94, 356; 95, 391; 96, 346; 97, 444; 98, 432; 99, 513; 00, 578; 01, 557; 02, 480; 03, 526; 04, 575; 05, 584; 06, 652, 664; 07, 674; 08, 730; 09, 768; 10, 847; 11, 902; 12, 1078.

Boards. Convened Oct. 19, 1871, 72, 209; examined proposed sites, reported against them, recom. further ex. made near Ft. aux Barques, and adjourned, 72, 210. Reconvened July 17, 1872; recom. ex. be continued to the s. not to exceed 40 m. from Ft. aux Barques, and adjourned, 72, 212. Again reconvened Oct. 9, 1872; discussed the merits of various sites, adopted that at Sand Beach as the least expensive, and submits proj. for break'r there to cost \$1,452,550, 73, 294; but does not recom. so large an expend., 73, 294. (Cols. Macomb and Woodruff, Lt. Col. Foster, and Maj. Comstock, Poe, and Farquhar; the latter relieved before final action, 73, 295.)

In charge: Maj. O. M. Poe, 1870-73; 70, 46. R., 72, 209, 217; H. D. 60, 41st, 3d, p. 93.

Maj. G. Weitzel, 1873-82. R., 73, 292, 295; 74, 209; 75, 276; 76, ii, 538; 77, 925; 78, 1219; 79, 1645; 80, 2074; 81, 2270; 82, 2369.

* Allotment.

¹ Least amount required an., \$200,000, 73, 296; 75, 277; 76, ii, 540.

Lt. Col. O. M. Poe, 1833-92. **R.**, 83, 1870; 84, 2046; 85, 2151; 86, 1829, 1836; 87, 2256, 2261; (Col.), 88, 1968, 1972; 89, 2254; 90, 2729; 91, 2776; 92, 2464.

Maj. W. Ludlow, 1893. **R.**, 93, 2931.

Capt. Chas. Keller, 1906. **R.**, 06, 1840.

Col. C. E. L. B. Davis, 1907. **R.**, 07, 1994.

Lt. Col. C. McD. Townsend, 1908-. **R.**, 08, 2118; 09, 2101; (Col.), 10, 2263; 11, 2457; 12, 2658.

Assistants:

W. H. Harding, H. D. 60, 41st, 3d, pp. 93, 95.

Capt. J. A. Smith. **R.**, 72, 218.

H. A. Ulfers, 72, 217.

R. J. Cram, 72, 217; 75, 276.

Capt. A. N. Lee. **R.**, 74, 209; 75, 276; 76, ii, 538; 77, 931.

C. P. Gilbert, 75, 276; 77, 926; 78, 1220. **R.**, 78, 1220; 79, 1647; 80, 2076; 81, 2273; 82, 2370; 83, 1872; 84, 2048.

ESTIMATES. (See Plans and Projects.)

By Maj. Poe, break'r at Sand Beach, \$328,000. H. Ex. D. 60, 41st, 3d, p. 95; \$500,000, 71, 44; 72, 213.

By Capt. Smith, break'r at Port Hope, \$477,744, 71, 44; 72, 221.

By B.E., Sand Beach break'r, \$1,452,550, 73, 294; 78, 1120.

Est. and actual cost compared, 77, 927. Probable cost based on experience, \$885,000, 77, 929; 78, 1220; 79, 1646.

LEGISLATION. (See Appropriations.)

Act for government of H. submitted by Maj. Weitzel, 77, 927; 78, 1220.

Reasons for its necessity, 77, 929; 79, 1645.

OPERATIONS. (See Surveys.)

1872-73. Proposals advertised for Apr. 19, 1873. First contract awarded to Dale & Davidson May 20, 1873. 73, 296, 297, 298.

1873-74. Preparations; 4 cribs sunk, 74, 209.

1874-75. 1,435 l. f. of break'r (24 cribs) settled to June 30, 1875, 75, 276.

1875-76. 3,070 l. f. of break'r to June 30, 1876, 76, 105. Cribs 38' x 65', 25' x 50', and 18' x 45' sunk without superstr., 76, ii, 538; by Maj. Houston's method, 75, 276. P. light estab. Oct. 25, 1875, 76, ii, 538.

1876-77. 9 cribs sunk in 1877, 77, 931; and 2,310' of sea arm in place, 77, 110. Removal of wreck of *City of Buffalo*, 77, 930.

1877-78. Superstr. built over 13 cribs and 5 cribs built and sunk; boulders removed, 78, 125. Repairs, 78, 1219, 1220.

1878-79. Superstr. of 5 cribs completed, the bottoms for several more were finished, and a small quantity of dr. done, 79, 167.

1879-80. 585 l. f. cribwork placed in extension of lake arm of break'r; 650 l. f. superstr. built and filled, 80, 2074, 2075.

1880-81. 585 l. f. superstr. built; 580 l. f. cribwork sunk in extension of lake arm of break'r, 81, 2271.

1881-82. 520 l. f. cribwork added to lake arm of break'r, 82, 2369.

1882-83. 520 l. f. cribwork added to s. arm of break'r, 83, 1870.

1883-84. 2,755 l. f. cribwork placed in break'r; 49,039 c. y. dr., 84, 2046.

1884-85. 1,075 l. f. superstr. built, 27,740 c. y. dr., and 260 l. f. face wall built, 85, 2152.

1885-86. Extensive repair and reconstr. work done on ps. damaged by storm, 86, 1827. Constr. of steam launch commenced under contract, 86, 1829, 1836.

1886-87. Extensive repairs to cribs in progress, 87, 2256. Completion of steam launch; cost, \$5,901, 87, 2261.

1887-88. Chan. dr. continued, and low superstr. built over unprotected portion of s. p., 88, 1969.

1888-89. Extensive repairs made to main p., 89, 2255.

1889-90. Repairs to main and s. ps.; reconstr. of steam launch *Sand Beach*, 90, 2730.

1890-91. 6,164 c. y. dr.; repairs to ps., 91, 2777.

1891-92. 25,383 c. y. dr.; repairs to main, w., and s. ps., 92, 2465.

1892-93. Crib fenders repaired, 93, 2932; dr. in progress, and 330' of sea wall repaired, 93, 2933.

1893-94. General repairs to ps., and 70,160 c. y. dr., 94, 2248.

1894-95. General repairs to ps., and 85,832 c. y. dr., 95, 2831.

1895-98. General repairs, 96, 2730; 97, 3016; 98, 2583.

1898-99. Temporary repairs to storm damaged superstr. of the main break'r, 99, 2989.

1902-03. Advertisement made inviting bids for partly rebuilding superstr., 03, 1989.

1903-04. 110,585 c. y. removed, 04, 3079.

1904-05. Repairs made to portion of main p. not under contract; work on old superstr. in progress, 05, 2226-27.

1905-06. Old superstr. torn out and retimbered; concrete work in progress, 06, 1840.

1906-07. Total of 1,706 l. f. superstr. built and accepted under first contract with Hugo & Tims; work under second contract begun s. along main p.; old timber superstr. torn out and retimbered to station 3180; concrete blocks built in place; new deck plank put over s. 720' of s. p., 07, 1994.

1907-08. Rebuilding superstr. in concrete of part of main p. completed, making total of 3,542' since beginning; 12 monoliths built and 305' of completed structure provided under 3d contract with Hugo & Tims, and 250' new decking placed for s. p. by day labor, 08, 2118-19.

1908-09. Work under 1907 contract with Hugo & Tims completed Sept. 15, 1908; total of work done under this contract, 1,153 l. f. of concrete superstr. completed, making total l. f. of 4,685', completing work on main p.; repairs to s. p., 09, 2101.

1909-10. Some repairs made to wooden superstr. of s. p., 10, 2263.

1910-11. Replacing wooden superstr. of n. and s. ps. with concrete begun; 450 l. f. of n. p. leveled off to grade, and work on l. f. three-fourths completed, 11, 2457.

1911-12. Removing old wooden superstr. and replacing with concrete monoliths completed, 12, 2658.

PHYSICAL CHARACTERISTICS.

Of proposed sites, Port Hope, Sand Beach, and Blue Ledge, H. D. 60, 41st, 3d, pp. 93, 72, 218.

Unfav. holding ground along 80 m. of coast, 73, 293.

Soundings show gradual filling of H., 05, 2226.

Timber in n. p. in advanced stage of decay, 08, 2119.

On w. shore Lake Huron, 60 m. n. of its outlet into St. Clair R. H. built the only safe refuge on that coast from foot of lake to Tawas B., 115 m. above, 12, 1078.

PLANS. (See Estimates, Projects, and Surveys.)

Three, by Maj. Poe, break'r at Sand Beach, H. D. 60, 41st, 3d, p. 94. Ft. aux Barques the central point, 72, 221.

By Mr. Stafford, H. at Port Hope, 72, 220; H. D. 60, 41st, 3d, p. 93.

By Capt. Smith, crib break'rs, 4,800' l., to cost \$477,744, 72, 220; Maj. Poe approves, 72, 221; but asks for a B.E., 71, 44; 72, 222.

PROJECTS. (See Estimates and Plans.)

By B.E., 1871, H. of refuge formed by a break'r, composed of sea and shore arms (3) of an aggregate l. of 7,000', and consisting of timber cribwork, with st. filling, inclosing an area (650 acres) to be d. by dr. where necessary; est. by B.E., \$1,452,550, 73, 294; 77, 927; 85, 2156.

In 1877, under experience of work already done, Maj. Weitzel considered proj. might be accomplished for \$855,000, 77, 927; 86, 1832; 87, 2258.

Break'r completed, 1885, 12, 1079.

In 1887, after the app. of \$1,050,000, it was est. that \$130,000 would be required to complete the proj., inclusive of repairs, **87, 2257, 2258.**

In 1889 Col. Poe est. amount required for repairs to existing works, and dr., at \$230,000, **89, 2256.** Increased \$30,000 in 1890, **90, 2731.**

By Maj. Ludlow, 1893, expend. app. of 1892; \$20,000 for repairs to timber work, and \$60,000 for dr. to 21' mainly in the vicinity of the 2 entrances, and for general repairs, **93, 2933.**

By Lt. Col. Lydecker, 1898, for reconstr. of main break'r, new superstr. to be of st.; est., \$250,000, **99, 2989.**

Plan by Maj. Beach for imp. break'r, w. entrance chan. to 800', building an interior p., and dr., **03, 1989.**

Maj. Beach recom. changing name of imp. from Sand Beach to Harbor Beach, **03, 1990;** change au. act Mar. 3, 1905, to Harbor Beach, **05, 2226.** Pier Decay. (See Physical Characteristics.)

Act Mar. 2, 1907, app. \$150,000 for continuing work of rebuilding superstr. of main p., of n. and s. ps., in concrete, riprap protection of main p., closing n. entrance, and dr. and d. H. to 24' and entrance to 23'; est., \$970,000, and \$10,000 an. mainten. (H. D. 900, 59th, 1st), **08, 731.**

OPERATIONS.

1872-73. Dr. commenced Sept. 23 and closed for the season Nov. 25, 1872; resumed Apr. 13, 1873; to June 30, 1873, nearly 50,000 c. y. removed, 73, 300.
1873-74. 53,074 c. y. removed, 74, 212.
1874-75. 35,000 c. y. removed, 75, 279.
1875-76. 67,000 c. y. removed, 76, 105.
1878-79. Dr. of Port Huron middle ground completed to 15', 79, 169, 1657.

PHYSICAL CHARACTERISTICS.

A bar of sand and gravel at the junction of the R.; docks in St. Clair R. above the junction, causing the bar to form more rapidly, 71, 178, 179.

Part (b), PP-89 Black River, Mich. (at the mouth).

APPROPRIATIONS.

1888,	\$10,000,	89, 2260.
1890,	10,000,	90, 2736.
1892,	10,000,	92, 2472.
1894,	4,000,	95, 2837.
1896,	4,000,	97, 3022.
1899,	4,000,	99, 2993.
1902,	*1,000,	02, 2192.
1907,	*1,000,	07, 1999.

Total, 144,000, 12, 2661.

COMMERCE.

Benefit of imp. to general lake C., 89, 2260.
Rates probably reduced, 06, 654; 10, 849.
Slight local traffic only; no traffic otherwise, 12, 2661.

CONTRACTS.

1889. W. Richardson, dr., 20¢ c. y., 89, 2260.
1891. Bay City Dredging Co., dr., 16¢ c. y., 91, 2782.
1892. L. E. Allen, dr. 41,692 c. y., at 18½¢ c. y., 93, 2942.
1897. E. Hall, dr., 10¢ c. y., s. m., 97, 3022.
1907. Muir-O'Sullivan Dredge & Dock Co., dr., 15½¢ c. y., s. m., 07, 1999.

ENGINEERS.

Chief of Engineers. R., 87, 294; 88, 264; 89, 313; 90, 283; 91, 355; 92, 339; 93, 386; 94, 358; 95, 393; 96, 348; 97, 446; 98, 433; 99, 515; 00, 579; 01, 558; 02, 481; 03, 527; 04, 576; 05, 585; 06, 654; 07, 675; 08, 732; 09, 769; 10, 849; 11, 904; 12, 1080.

In charge:

Lt. Col. O. M. Poe, 1886-92. R., 87, 2279; (Col.) 89, 2269; 90, 2735; 91, 2782; 92, 2471.
Maj. W. Ludlow, 1893. R., 93, 2940.
Lt. Col. G. J. Lydecker, 1894-1900. R., 94, 2253; 95, 2836; 96, 2735; 97, 3021; 98, 2585; 99, 2992; 00, 3986.
Maj. W. L. Fisk, 1901. R., 01, 3147.
Capt. L. H. Beach, 1902-05. R., 02, 2191; (Maj.) 03, 1993; 04, 3031; 05, 2229.
Capt. Chas. Keller, 1906. R., 06, 1845.

PLANS.

By Maj. Poe, 1871, building a dam across Black R. and dr., \$66,924; for removing the middle ground to d. of 15', \$67,320; for removing the middle ground to d. of 18', \$167,320; for changing direction of outlet and obtaining 15' of water, \$134,244; for changing direction of outlet and obtaining 18' of water, \$244,444, 71, 44, 179.

PROJECTS.

By Maj. Poe, 1871, removing bar and middle ground by dr. to d. of 15'; est., \$67,320, 73, 300; 74, 47, 212; 75, 52, 278.

By Maj. Weitzel, 1876, to expend \$15,000 in dr. to remove a bar formed by a freshet in Black R. last spring, 76, ii, 541.

To complete work, 1877, dr. 4,000 c. y.; est., \$1,500, 77, 934.

SURVEY.

Au. act Mar. 3, 1871, 71, 44; assigned to Maj. Poe; made by H. A. Ulfers and R. J. Cram. R., 71, 177-180.

Map. Showing condition of the work Sept. 30, 1876, 77, 935.

Col. Chas. E. L. B. Davis, 1907. R., 07, 1998.
Lt. Col. C. McD. Townsend, 1908-. R., 08, 2121; 09, 2104; (Col.) 10, 2266; 11, 2460; 12, 2661.

OPERATIONS.

1888-89. 20,800 c. y. dr., 89, 2260.
1889-90. 26,000 c. y. dr., 90, 2736.
1890-91. 17,504 c. y. dr., 91, 2783.
1891-92. 40,011 c. y. dr., 92, 2471.
1892-93. 41,692 c. y. dr., and proj. completed, 93, 2941.
1896-97. 729 c. y. dr., 97, 3021.
1897-98. 45,720 c. y. dr., 98, 2585.
1906-07. 14,405 c. y. dr. from St. Clair R. adjoining, 07, 1998.
1907-08. 9,101 c. y. dr., 08, 2122.

PHYSICAL CHARACTERISTICS.

Description of, 90, 2735.
Tendency to shoaling, 99, 2992. (See Private work.)

PRIVATE WORK.

Contract dr. by private parties; about 250,000 c. y. removed, 1909; sand and gravel tending to retard shoaling, 09, 2104; 10, 2266; should be prohibited, 11, 2460; 12, 2661.

Canadian Govt. doing extensive work at Pt. Edward, opposite, 10, 2266.

Small amount of sand and gravel removed by private parties from mouth, thus imp. chan. in front of docks, 12, 2661.

PROJECTS.

By Lt. Col. Poe, 1887, removal of shoal at mouth to uniform d. of 17'; est. cost, \$69,300, 87, 2280.
Col. Townsend, in view of possibility of endangering entire C. of Lakes Huron and Michigan by enlarging cross section through dr. on bar, St. Clair R., recom. that dr. be suspended, 10, 2266; 12, 2661.

SURVEYS.

Ex. au. act Aug. 5, 1886; made, 1886, by Lt. Col. Poe, 87, 2279.

Minor sur., 99, 2992; 00, 3986.
Cong. docs., etc., relating to exs., sur., plans, etc., 12, 1080.

Maps. 03, 1993.

* Allotment.

1 Not including \$56,500 app., St. Clair R., mouth of Black R.

Part (c), PP-89 Black River (at Port Huron), Mich.¹**APPROPRIATIONS.**

* Allotment.

¹ Harbor lines, Port Huron, **98**, 2607.

² Imp. of junction of Pine and St. Clair Rs.

Assistants:

H. A. Ulfers. **R.**, 73, 306.
Capt. A. N. Lee. **R.**, 76, ii, 541.
O. B. Wheeler. **R.**, 85, 2184.
B. H. Muehle. **R.**, 93, 2955.

ESTIMATES. (See Plans and Projects.)

No original est. made; \$5,000 app., and work completed for that amount, **76**, ii, 542.

OPERATIONS.

1875-76. Dr. under contract awarded. Work commenced Dec. 1, 1875; suspended Dec. 20, 1875; resumed Apr. 20, 1876; completed June 10, 1876. Chan. through bar 12', and 9' d. of chan. in R. secured, ample to meet all requirements of navigation, **76**, ii, 541, 542.

1896-97. 46,326 c. y., s. m., dr., **97**, 3024.

1899-00. 36,652 c. y. dr., **00**, 3990.

PHYSICAL CHARACTERISTICS.

Described, **73**, 306; **75**, 280; **76**, ii, 541; **93**, 2955. Small stream, 150' w., flowing into St. Clair R., **93**, 2955.

PLANS.

In 1884 Lt. Col. Poe did not think that the C. of the R. justified imp. of stream, **85**, 2183.

In 1888 Col. Poe considered existing chan. facilities sufficient for existing C. requirements, and did not recom. further imps., **89**, 2283.

PROJECT.

By Maj. Weitzel, 1875, removal of a bar by dr. at mouth of Pine R., and clearing chan. up R. as far as app. would permit, **76**, 105, ii, 541, 542.

Lt. Col. Lydecker est., 1895, \$10,560 to imp. stream, **95**, 2745; by dr. upstream from mouth 2,500' a chan. 14' x 100', thence for 3,300' a chan. 12' x 75'; plan of imp. au., **97**, 3024.

SURVEYS.

Au. act Mar. 3, 1873; assigned to Maj. Weitzel, **73**, 41, 42; made under his direction by H. A. Ulfers, 1873. **R.**, 73, 306.

Reconnaissance by order of Maj. Weitzel, 1875, **75**, 280.

OPERATIONS.

1881-82. 40,873 c. y. dr. bet. mouth of R. and first br., **82**, 2335.

1882-83. 28,235 c. y. dr. bet. 1st and 2d brs., **83**, 1875.

1884-85. 8,100 c. y. dr., completing proj., **85**, 2158; **87**, 2262; **88**, 1972.

1896-98. 39,035 c. y., s. m., dr., **98**, 2590.

1899-00. 52,074 c. y. dr., **00**, 3991.

PHYSICAL CHARACTERISTICS.

Description of; small stream, 125' to 150' w., entering St. Clair R., **93**, 2957; **07**, 682.

Principal use of imp. is as a H. of refuge, **02**, 484.

Dr. chan. deterioration, **06**, 661.

PROJECTS.

By Maj. F. Harwood, 1880, chan. 13' x 50', mouth of R. to Marine City drawbr., thence to 2d br., 12' d.; est., \$14,465, **80**, 2060; **83**, 1875. Proj. completed, 1885; cost, \$14,000, **85**, 2158; **87**, 2262.

Lt. Col. Lydecker est., 1895, \$21,500 to imp. stream, **96**, 2746; by redr. R. from mouth to 2d br. above, chan. to be 15' x 75' to 1st br., thence 14', **97**, 3026.

SURVEYS.

Au. act Mar. 3, 1879; made by Maj. Harwood, 1880, **80**, 2059.

Ex., mouth to Broadway St. Br., au. act July 13, 1892; made by Maj. Ludlow, 1893 (R. fav.), **93**, 2956.

Sur. au. act Aug. 17, 1894; made by Lt. Col. Lydecker, 1895 (see Projects), **96**, 2746.

Minor surs., **99**, 2996.

Lt. L. H. Rand, 04, 581; 05, 590.

ESTIMATES. (See Projects.)

By Capt. Whipple, 1859, dr. chan., \$80,000, 66, 4.
By Col. Cram, 1866, entire and permanent completion, \$300,000, 66, iii, 34. For imp. existing chan., 1st plan, \$374,130; 2d plan, \$54,960, 66, iv, 51, 73. For straight ship canal 13' x 200' x 8,200', with dikes, \$351,133, 66, iv, 49. If 300' w., \$428,754, 66, iv, 57, 58; 67, 28, 145, 159, 254, 255.
By Col. Cram, 1868, cross-timber for canal dikes, \$25,000; protection to foot of outer slope of dikes, \$20,000, 68, 38, 144.
By Maj. Poe, 1872, d. 200' chan. to 16'; repairs and custodian, \$85,000, 72, 216. Repairs, \$40,000 addl., 72, 42.
By Maj. Harwood, 1877, repairs, \$5,000, 77, 940; 79, 1656.
By Maj. Harwood, 1879, completion of existing proj., \$5,000, 79, 1656.

HISTORY.

Of imp., 66, iv, 44, 45, 54; 96, 2882.

LEGISLATION.

Congressional, necessary for estab. and enforcing needful regulations for this work, 70, 168.

OBSTRUCTIONS.

Delays from accidents during 1899, and approx. money losses, Doc. No. 80, 56, 1.
U. S. S. *Hancock* sunk by S. *Binghamton*, necessitating its rebuilding at a cost of \$12,000, 06, 1883.

OPERATIONS.

1855-58. Dr. 150,000 c. y. from South Pass, 66, iv, 44, 54.
1867-68. Ship canal, 13' x 300' x 8,200', begun Aug., 1867, and work carried on to the end of fiscal year, 68, 37, 142-144.
1868-69. Work on canal continued, 69, 35, 110-112.
1869-70. Canal nearly completed, 70, 164-168.
1870-71. Completion of canal, 71, 45, 187.
1871-72. Repairs, 72, 41, 215, 216.
1872-73. Repairs and protection to embankments; d. chan. 16' x 200', 73, 41, 299.
73-74. D. canal; 194,657 c. y. excavated, 74, 47; 5,035 c. y. of sods and 16,504 c. y. of dr. material used in stopping leaks, 74, 212.
1874-75. Chan. completed; repairs, and 2,500 willow cuttings set on embankments, 75, 52, 280.
1875-76. 2,800 willow cuttings planted, 76, 105, ii, 542.
1876-77. Damage to p. repaired, 77, 939.
1877-78. Repairs to canal banks, 78, 125, 1225.
1878-79. Heads of canal banks secured by pile protection, and other repairs made, 79, 168, 1654.

1879-80. 3,626 c. y. dr. from shoal in canal, 80, 2047.
1880-81. Operations and mainten., 81, 2255.
1881-82. Minor repairs of revet., 82, 2339.
1882-83. Minor repairs to revet. and constr. of ice breaker, 83, 1876.
1883-84. Minor repairs of revet., 84, 2072.
1884-85. Minor repairs of revet. and 4,232 c. y. dr. from chan., 85, 2161.
1885-86. Minor repairs to revet. and 60,298 c. y. dr. from chan., 86, 1839.
1886-87. Repair of revet. in progress, 87, 2263. Care and operation of canal, 87, 2264.
1887-88. Operations limited to care of canal, 88, 1976.
1888-89. 56,117 c. y. dr.; 4,082 l. f. sheet piling built, 89, 2261, 2265.
1889-90. 4,385 l. f. sheet piling built, 90, 2738.
1890-91. 490 l. f. of sheet piling completed; 43,496 c. y. dr.; operation and care of canal, 91, 2780, 2787.
1891-92. 142,965 c. y. dr.; 3,160 l. f. of sheet piling and 90' of superstr. completed; operation and care of canal, 92, 2474, 2475.
1892-93. 10,477 c. y. dr., 93, 3030.
1893-96. Proj. considered completed. Historical sketch given, 96, 2882-2887.
1904-05. Work on new chan. in progress; 1,328,789 c. y. excavated to a w. of 150', d. of 18', and l. of 4,317', and 2,558' p. revet. built, 05, 2276, 2277.
1905-06. Work on new chan. in progress; 932,448 c. y. excavated, and 4,588 l. f. revet. built, 06, 1882.
1906-07. Work on new chan. in progress 783,564 c. y. excavated, and 74 l. f. revet. built. New chan. opened to navigation Sept. 5, 1906; work entirely completed Oct. 17, 1906, 07, 2041.

PHYSICAL CHARACTERISTICS.

66, iv, 44, 45, 54; 68, 143; 70, 165, 166; 90, 2737.

PRIVATE AND FOREIGN WORK.

3 range lights estab. and maintained by navigators, 66, iv, 44, 45, 54.
\$20,000 app. for dr. the South Pass by the Canadian authorities., 66, iv, 54.

PROJECTS. (See Estimates.)

Early proj., 66, iv, 53.
By Col. Cram, 1866, straight ship canal, 13' x 200' x 8,200, 66, iv, 47; afterwards changed to 300' w., 66, iv, 57; 67, 28, 145, 159; 68, 142.
By Maj. Poe, 1872, dr. chan. 16' x 200' through canal to d. w. above and below, 72, 216.
Proj. of 1866 and 1872 proposed chan. 16' x 200' x 7,221' protected on each side by revet. Est., \$428,754, 66, iv, 57; 67, 28; 72, 216. Canal completed, 1875, 75, 52, 280. Statement of cost of work, 83, 1878.
By Maj. Farquhar, 1883, rebuilding revet., est., \$132,908, 83, 1877, 1879, 1880; 84, 306.
By Col. Poe, 1885, rebuilding revet., est., \$153,300, 85, 2160; 86, 1838. Increased to \$200,000 in 1887, 87, 2263. Increased to \$256,000 in 1888, 88, 1976. Increased in 1889, for completion of sheet piling, renewal of decayed portions of H. superstr., and dr. chan. to 18' x 300', to \$276,250, 89, 2262; 91, 2785.
Lt. Col. Lydecker, 1899, recom. attention Congress be invited to great need for a doubling of the chan. capacity, 99, 2998.
Act June 13, 1902, au. constr. of 2d chan. 20' x 300' alongside existing chan.; est., \$330,000; also diversion from St. Marys Falls app. of \$80,000, or as much as might be needed, 02, 491, 492.
Special R. by Col. Davis on 2d chan., giving history of proj. and résumé of work, 07, 2041.

SURVEYS.

By Capt. Whipple, 1858, showing dr., 1857-58 (see Maps), 66.
By Lt. Col. Kearney, 1856, 66, iv, 44.

CONTRACTS.

1903. C. W. Kotcher, hemlock lumber, \$17 M f. b. m., 03, 2036. A. J. Dupuis Co., repairs to e. p. revet., \$5,890; Chas. Boston & Sons, repairs to e. dike, \$7,405; A. J. Dupuis Co., hire of pile-driver plant, \$1,560; Candler Dock & Bridge Bldg. Co., hire of pile-driver plant, \$1,560, 04, 3129, 3130.

1904. A. J. Dupuis Co., hire of pile-driver plant, \$900, 04, 3129, 3130. Chas. Boston & Sons, hire of pile-driver plant, at \$4.75 per working hour (\$885.87); C. S. Rose and F. X. Pouliot, constr. custodian's dwelling and boathouse, \$3,757, 05, 2279.

1907. O. E. Dunbar, hire of scow, \$12.50 per working day; The M. Rabbitt & Sons Co., furn. and delivering st., \$5,415.97 (\$2.45 c. y.); and tie rods, \$2,726.43, 07, 2048-49.

1910. J. D. Kennedy, furn. and placing 9,000 t. r., \$11,430, 11, 2465.

ENGINEERS.

Chief of Engineers. R., 93, 393; 94, 366; 95, 401; 96, 356; 97, 445; 98, 436; 99, 518; 00, 583; 01, 568; 02, 492; 03, 540; 04, 589; 05, 599; 06, 673; 07, 694; 08, 738; 09, 775; 10, 854; 11, 909; 12, 1085.

In-charge:

Col. O. M. Poe, 1883-95. 93, 3031; 94, 2373; 95, 3064.

Lt. Col. G. J. Lydecker, 1896-1901. R., 96, 2889; 97, 3019; 98, 2592; 99, 2999; 00, 3994; (Col.) 01, 3189.

Maj. W. H. Bixby, 1901-03. R., 02, 2234; 03, 2034.

Maj. W. L. Fisk, 04, 581.

Lt. Col. C. E. L. B. Davis, 1904-08. R., 04, 3126; 05, 2278; (Col.) 06, 1884; 07, 2047.

Capt. G. R. Spalding, 08, 715.

Lt. Col. C. McD. Townsend, 1908-. R., 08, 2127; 09, 2109; (Col.) 10, 2270; 11, 2464; 12, 2665.

Assistants:

E. S. Wheeler. R., 03, 2036; 04, 3130; 05, 2279.

Lt. L. H. Rand, 04, 581; 05, 590.

Capt. G. R. Spalding, 08, 715.

OPERATIONS. (General repairs made each year.)

1892-93. Repairs made to e. dike, 93, 3031.

1893-94. Repairs made to e. and w. dikes, 94, 2373.

1901-02. General repairs, mainten., etc., each year (see each, an. report).

1903-04. Repairs to e. dike, and rebuilding revet. p., 04, 3130.

1905-06. Repairs to e. dike, 100 elm trees planted, and well for water gauge made, 06, 1884.

1906-07. Repairs made to e. dike and e. and w. ps., 07, 2047.

1910-11. 7,442 t. st. placed around ps., 11, 2464.

1911-12. 8,456 t. st. placed around ps., 12, 2665.

PROJECTS.

By Lt. Col. Lydecker, 1898, extensive repairs to the 15,000' of old canal dikes; increased permanent force for care and supervision of the canal; a more efficient enforcement of the regulations governing the traffic; est., \$45,300, and after first year an an. cost of \$8,000, 98, 2592; 99, 2999. Not in operation in 1900, 00, 3994.

SURVEYS.

Map. 07, 2046.

¹ Expend. under the permanent-indefinite app. provided by act July 1, 1884, for operating and keeping in repair canals and other public works, 1899.

ESTIMATES. (See Plans and Projects.)

By Maj. Poe, dr. chan. from mouth of R., \$5,000, **70**, 161, 162; **71**, 180.

OPERATIONS.

1870. 20,454 c. y. dr., making chan. 9' x 98' x 2,700', **70**, 161; **71**, 181, 182.

1881-82. 2,700 l. f. of chan. 8' x 60' dr., 38 piles driven, and 600' mattress placed in bank protection, **82**, 2337.

1882-83. 800 l. f. brush mattress sunk, 23 pile clusters driven; pile crib constr. at terminus of line of piles; 3,275 brush mattresses and 23 cord st. placed in pile crib; 6,123 c. y. sand dr., **83**, 1880, 1881.

1886-87. App. held until au. to purchase necessary right of way be granted, **87**, 2266.

1887-88. Dr. of chan. under contract begun, **88**, 1973.

1889-90. 8,169 c. y. dr., **90**, 2743.

1890-91. 40,637 c. y. dr., completing removal of shoals at Green Fence, Tets and Fortons Bends, and Reimolds Bar, **91**, 2788.

1891-92. 23,374 c. y. dr., **92**, 2477.

1892-94. 2 sections of training dike on the n. side of entrance to R. built, **93**, 2943; **94**, 2254.

1896-97. 8,655 c. y., s. m., dr., **97**, 3027.

1897-98. 25,708 c. y., s. m., dr., **98**, 2595.

1903-04. 23,535 c. y. dr., **04**, 3087.

1906-07. Dr. shoals in progress, **07**, 2004.

1907-08. Chan. dr. 8' x 80'-100', mouth to Tucker's coal dock, **08**, 2128.

1908-09. Chan. dr. 8' d. bet. Market and Macomb St. Brs., Mt. Clemens, **09**, 2109.

1911-12. 31,744 c. y. dr.; contract completed, **12**, 2666.

PHYSICAL CHARACTERISTICS.

Description of, **72**, 214; **76**, ii, 549.

Shoaling of dr. chans., **99**, 3001; from freshets, **04**, 3087.

R. navigable considerable distance above Mt. Clemens; available d. does not exceed 8', **12**, 1087.

Datum plane, 1912, had been 1' to 2' higher than m. s. elevation of Clinton R. for prior 2 years; changed to 573.6 to provide chan. d. of proj., **12**, 1086.

PLANS. (See Estimates and Projects.)

By Maj. Poe, for curved chan., with banks protected by wild rice, 72, 214.

PROJECTS. (See Estimates and Plans.)

By Maj. Poe, 1870, dr. chan. of entrance 8' x 100' x 2,700'; est., \$5,000, 71, 180; 81, 300.

By Maj. Harwood, 1880, below Mt. Clemens, excavation of chan. 8' x 100', and constr. of pile revet.; est., \$25,000, 80, 2063.

By Lt. Col. Poe, 1885, entrance, dr. 10' x 100' x 3,400', and constr. of 3,230 l. f. of pile revet., and repairs to pile crib; est., \$32,926; 85, 2193, 2195; 86, 325; 91, 2783; revised, 1888 and 1889, 12, 1086.

By Lt. Col. Lydecker, 1899, applying available funds to redr. entrance chan., and to reinforcing and extending old dike adjoining entrance, 99, 3001.

SURVEYS.

Under direction of Maj. Poe, by H. A. Uiffers, Oct., 1871. R., 72, 214.

Au. act Mar. 3, 1875; assigned to Maj. Weitzel, 76, 106; made by H. A. Uiffers. R., 76, ii, 549.

Resur. in progress, by Maj. Harwood, 79, 170.

Resur., 1880, au. act Mar. 3, 1879; made by Maj. Harwood, 80, 2062.

Sur., 1885, au. act July 5, 1884; made by Lt. Col. Poe, 85, 332.

Minor surs., 95, 2838; 99, 3001; 00, 3996; 10, 2271.

Ex. of R. made Apr., 1911, showed d. of 7' over 3 shoals bet. mouth and Mt. Clemens, 11, 2465.

Cong. docs., etc., relating to exs., surs., plans, etc., 12, 1087.

McNaughton and O. E. Dunbar, earth and r. excavation, earth, 50¢ and r. \$2.80 c. y.; G. H. Breymann & Bro., dr., 25½¢ c. y., s. m., **08**, 2137.

1908. Hackett & Crumrine, hire of tug, \$25 per hour, **08**, 2136.

1909. L. S. Sullivan, hire of tug, \$24 per day, **09**, 2116.

1910. Hackett & Mullen, hire of tug, \$23 per day, **10**, 2278. Great Lakes Dredge & Dock Co., furnishing and operating dr. plant, \$22.50 per hour; est., \$50,000. G. H. Breymann & Bro., furnishing and operating dr. plant, \$24 per hour; est., \$47,118; M. Sullivan, furnishing and operating dr. plant, \$25 per hour; est., \$85,000, **11**, 2472. Grant Smith & Co. and Locher, pumping to maintain unwatered area of sec. 1 and 2, Livingstone Chan., \$130 p. d., **11**, 2473.

1911. M. Sullivan, dr. Ballards Reef (\$292,000), \$2.61 c. y., bank measurement; Hackett & Mullen, hire of tug, \$24 per day, **11**, 2472.

1912. The Buffalo Dredging Co., furnishing and operating steam drill boat, \$3.50 per drill hour; est., \$12,884.67; Dunbar & Sullivan Dredging Co., furnishing and operating steam drill boat, \$2.75 per drill hour; est., \$9,321.58; M. Sullivan, furnishing and operating dr. plant, \$20 per hour; est., \$20,000; Hackett & Mullen, hire of tug, \$24 per day; est., \$5,000; M. Sullivan, furnishing and operating steam drill boat, \$9 per hour; est., \$8,455.50, **12**, 2673.

ENGINEERS.

Chief of Engineers:

Orders that the imp. shall be made wholly in American waters, **76**, ii, 546.

R., 74, 47, 48; **75**, 52, 285, 286; **76**, 106, ii, 543; **77**, 111; **78**, 125; **79**, 168; **80**, 222; **81**, 803; **82**, 297; **83**, 305; 1885; **84**, 807; **85**, 331; **86**, 326; **87**, 293; **88**, 307; **89**, 317; **90**, 287; **91**, 361; **92**, 343; **93**, 393; **94**, 336; 367; **95**, 402; **96**, 356; **97**, 449; **98**, 437; **99**, 520; **00**, 584, 587; **01**, 599, 571, 3208; **02**, 492, 494; **03**, 540, 542; **04**, 589, 591, 3140; **05**, 600, 602, 2292; **06**, 674; **07**, 695, 698; **08**, 740; **09**, 777; **10**, 856, 861; **11**, 911; **12**, 1087.

In charge:

Majs. Comstock and Weitzel au. to make est. of cost, **74**, 48; joint **R.**, **74**, 213, 214. **R.**, Maj. Comstock, **75**, 283.

Maj. G. Weitzel, 1874-83. **R.**, **75**, 281; **79**, 1650; **80**, 2080; **81**, 2275; **82**, 2373. Correspondence, **76**, ii, 542-547; **77**, 935.

Capt. A. Mackenzie, in temporary charge, 1878. **R.**, **78**, 1223.

Maj. F. U. Farquhar, 1883. **R.**, **83**, 1885.

Lt. Col. O. M. Poe, 1883-95. **R.**, **83**, 1882; **84**, 2074; **85**, 2165; **86**, 1842; **87**, 2266; **88**, 1978; **89**, 2272; **90**, 2745; **91**, 2793; **92**, 2481; **93**, 3034; **94**, 2376; **95**, 3066.

Lt. Col. G. J. Lydecker, 1896-. **R.**, **96**, 2893; **97**, 3029; **98**, 2597; **99**, 3003; **00**, 3997, 4015.

Col. G. J. Lydecker, 1901. **R.**, **01**, 3190, 3209.

Maj. Wm. H. Bixby, 1902-03. **R.**, **02**, 2235; **03**, 2036; **04**, 3141, 3146.

Lt. Col. C. E. L. B. Davis, 1904-07. **R.**, **04**, 3130; **05**, 2280, 2293; (Col.) **06**, 1885; **07**, 2049, 2059.

Lt. Col. C. McD. Townsend, 1908-. **R.**, **08**, 2129; **09**, 2110; (Col.) **10**, 2272; **11**, 2466; **12**, 2661.

Assistants:

Capt. A. N. Lee, **75**, 282. **R.**, **76**, ii, 545; **77**, 935. H. A. Leavitt, **77**, 936. **R.**, **80**, 2080.

Capt. A. Mackenzie. **R.**, **79**, 1651.

Capt. B. D. Greene. **R.**, **80**, 2081.

H. Kallman. **R.**, **81**, 2277; **82**, 2374; **83**, 1883; **84**, 2076; **85**, 2168.

B. H. Muehle. **R.**, **99**, 3004; **01**, 3211.

C. Y. Dixon. **R.**, **00**, 4002; **01**, 3194, 3210; **02**, 2239; **03**, 242; **04**, 3135; **05**, 2284.

E. S. Wheeler. **R.**, **03**, 2040; **04**, 3133; **05**, 2282.

ESTIMATES. (See Plans and Projects.)

By Majs. Comstock and Weitzel, 1874, blasting and dr. chan. at Limekiln, if partly in Canadian waters, \$1,899,990; if wholly in American waters, 6% add.; at mouth of R., \$105,558, and 10% for contingencies, **74**, 214.

By Maj. Comstock, proposed imp. at Malden and mouth of Detroit R., \$100,000, **75**, 283, 284.

By Maj. Weitzel, 1875, imp. at Limekiln Crossing for 18" chan., wholly in American waters, \$500,000; if partly in Canadian waters, \$262,000; for a dr. shoal at mouth of R., \$300,000; for a 20' chan. addl., \$900,000 to \$1,000,000, **76**, ii, 544. Details, **76**, ii, 545. For completion of the work, chan. 20' x 300', \$200,000, **77**, 936. Revised, 1879, to \$250,000, to complete the work, **79**, 168.

HISTORY

Of imp., **91**, 2794.

LEGISLATION.

Resol. H. of R., directing est. to be made, Dec., 1873, **74**, 48. Proposed uniting of U. S. and Canadian Govts. in this work, **75**, 52, 286.

MISCELLANEOUS.

Nitroglycerin and dynamite exploded on Fox Isld. Dec. 1879, **91**, 2797.

Accidents to vessels, **02**, 2243; **07**, 2052; **08**, 2133; **09**, 2114; **10**, 2276.

18 t. dynamite accidentally exploded, June, 1906, **06**, 1887.

OPERATIONS.

1876-77. 2,632 c. y. r. removed by blasting and dr. **77**, 935, 936.

1879-80. 90,000 s. f. drilled and blasted, 3,262 c. y. dr., **79**, 168, 1652; 12,121 c. y. r. broken, 8,401 c. y. r. removed by dr., **80**, 2082.

1880-81. 5,065 c. y. solid r. blasted, 10,775 c. y. r. dr., **81**, 2277.

1881-82. 10,270 c. y. solid r. and 199 c. y. loose r. removed, **82**, 2374.

1882-83. 7,190 c. y. solid r. removed, **83**, 1884.

1883-84. 656 c. y. solid r. removed, **84**, 2076.

1884-85. 8,369 c. y. solid and 32 c. y. loose r. removed, **85**, 2166.

1885-86. 15,140 c. y. solid and 49 c. y. loose r. removed, **86**, 1843.

1886-87. 14,544 c. y. solid and 144 c. y. loose r. removed from the straight chan.; total amount of work done on the imp., **87**, 2267.

1887-88. 81,078 c. y. solid r. and 1,052 c. y. loose r. removed, **88**, 1979.

1888-89. 8,508 c. y. solid r. removed, **89**, 2272.

1889-90. 16,583 c. y. solid and 1,766 c. y. loose r. removed, **90**, 2745.

1890-91. 1,213 c. y. solid and 1,554 c. y. loose r. removed from chan., **91**, 2793.

1894-95. 2,230 c. y., s. m., large bowlders removed, **95**, 3067.

1895-96. 13,866 c. y., s. m., bowlders and other material removed, and a line of levels run from bench mark Trenton to Amherstburg, **96**, 2894.

1896-97. 5,174 c. y. dr. and 254 bowlders removed, **97**, 3029.

1897-98. About 10,000 t. bedrock and bowlders removed, **98**, 2597.

1899-00. R. excavating in progress at Limekiln Crossing; 780 bowlders removed from chan. below Limekiln Crossing, **00**, 4001.

1900-01. 93,704 c. y. r., bowlders, sand, clay, etc., dr.; 2,040 c. y. bowlders removed by hired labor, **01**, 3190, 3191.

1901-02. 163,520 c. y. r., bowlders, and other heavy material removed; 530 c. y. bowlders removed by hired labor, **02**, 2236.

1902-03. 136,286 c. y. r., bowlders, and other heavy material removed; 370 c. y. bowlders removed by hired labor, **03**, 2038.

1903-04. 20,461 c. y. bedr. and 7,500 c. y. overlying material removed; 65,568 c. y. dr. from chan. to Wyandotte; 775 c. y. bowlders removed by hired labor, **04**, 3131.

1904-05. 209,734 c. y., mostly r., removed; 259,900 c. y. dr.; 660 c. y. bowlders removed, **05**, 2280.

1905-06. 315,561 c. y. bedr., bowlders, sand, etc., removed; 859,112 c. y. sand, silt, small bowlders, etc., dr.; 485 c. y. bowlders removed by hired labor, **06**, 1885.

1906-07. 86,956 c. y., mostly bedr., removed; 588,810 c. y. sand, earth, small bowlders, etc., dr.; 125 c. y. bowlders removed by hired labor, **07**, 2049.

1907-08. 99,806 c. y., mostly r., removed; 220,551 c. y. bowlders, clay, sand, etc., dr., and 570 c. y. bowlders removed by hired labor from Amherstburg Chan., **08**, 2129. 19,074 c. y., mostly bedr., removed, and 2,471,943 c. y. sand, clay, bowlders, etc., dr. from Livingstone Chan., **08**, 2131.

1908-09. Cofferdams partly completed; 36,923 c. y., mostly r., removed; 2,545 c. y. sand, clay, bowlders, etc., dr., and 1,845 c. y. bowlders removed by hired labor from Amherstburg Chan., **09**, 2110. 625,826 c. y., mostly r., removed, and 2,649,420 c. y. sand, clay, bowlders, etc., dr. from Livingstone Chan., **09**, 2112.

1909-10. Ridge of loose r. along chan. removed, 444,892 c. y. sand, clay, bowlders, etc., dr., and 690 c. y. bowlders removed from Amherstburg Chan., **10**, 2272. 833,234 c. y., mostly bedr., removed, and 891,220 c. y. sand, clay, bowlders, etc., dr. from Livingstone Chan., **10**, 2273.

1910-11. Removal of clay, hardpan, bowlders, bedr., etc., in progress at Ballards Reef, Amherstburg Chan.; about 80% of work completed, **11**, 2466-2467. Work in progress on w. and d. Livingstone Chan.; about 90% completed, **11**, 2468-2470.

1911-12. Work under 9 contracts in progress at Ballards Reef in Amherstburg Chan., and under 2 contracts in Livingstone Chan.; work 85% completed in Amherstburg and 98% in Livingstone Chan.; details of work given, **12**, 1089.

PHYSICAL CHARACTERISTICS.

Bed of R. composed of r. Swift current, **74**, 213, 214.

Water-level curves at Limekiln Crossing, Detroit R. **88**, 1979.

Description of, **00**, 4016.

Water-gauge readings, **00**, 4003; **01**, 3197; **02**, 2237; 2243; **03**, 2038, 2046; **04**, 3131, 3138; **05**, 2281, 2287; **06**, 1888; **07**, 2052; **08**, 2133; **09**, 2115; **10**, 2276; **11**, 2471; **12**, 2671.

Description of chan. w. of Grosse Isle, **01**, 3209. Description of back chan. to Wyandotte, **04**, 3141.

Lowering of water surface, **05**, 2294.

Condition of Livingstone and Ballards Reef Chans., **11**, 912; **12**, 1080.

R. flows from Lake St. Clair into Lake Erie; about 31 m. from Windmill Pt. Lighthouse at Lake St. Clair to Detroit R. Lighthouse at Lake Erie, **12**, 1087.

PLANS. (See Estimates and Projects.)

By Majs. Comstock and Weitzel, blasting and dr. chan. 20' x 300' at various places in the R., Lakes Huron to Erie, **74**, 213, 214.

By Maj. Comstock, removing bowlders near Malden, dr., buoying, and a lightship at the mouth of Detroit R., **75**, 283-285.

By Lt. Col. Poe, 1885, increasing w. of chan. to 400'; addl. cost, \$167,986, **85**, 2166, 2167.

PRIVATE (FOREIGN) WORK.

Canada removed 120 c. y. of r.; cost, \$60 c. y., **77**, 936.

TUNNEL. Begun and abandoned 1873. See H. D. 369, 51, 1st, **74**, 598, 631.

BRIDGE. Report of B. E. on, **74**, 587. Act au. constr. across w. chan. to connect Belle Isle with mainland, **86**, 431. R. br. at Grosse Isl. and Stony Isl. unau., **74**, 598.

PROJECTS. (See Estimates and Plans.)

By Maj. Weitzel, 1876, imp., Limekiln Crossing, expend., by contract, the available balance in blasting and dr. r. wholly in U. S. waters, **76**, 105, ii, 546. In 1878, for a chan. 20' x 300', by drilling, blasting, and dr., **78**, 1223; **79**, 1652. Est., \$1,166,500, **80**, 222, 2080.

Modified, in 1883, by Maj. Farquhar to a straight chan. of same dimensions, at an addl. cost of \$40,000, **83**, 1885; **87**, 2268. Reduction, cost of the work, **86**, 326; **87**, 2268.

In 1886 Col. Poe proposed increasing the w. of straight chan. to 400'; est., \$168,000, **86**, 1843; **87**, 2268; **92**, 2481.

In 1895 Col. Poe est. \$180,000 to dr. chan. head of Limekiln Crossing to head of Ballards Reef, **95**, 3067.

Act Mar. 3, 1899, au. continuing contract, not to cost more than \$661,500 exclusive of the amount already app., **99**, 3003.

Descriptions of plans by Lt. Col. Lydecker, 1900, for 21' chan., **00**, 4017. Adoption of any proj. dependent upon settlement of the question of lake-level regulation, **00**, 4018.

Col. Lydecker, 1900, did not fav. imp. west of Grosse Isle, **01**, 3209.

By Maj. Lydecker, 1900 (au., 1902), known as "Plan A," for completing chan. 21' x 600'; est., \$1,750,000 (H. D. 712, 56th, 1st), **02**, 2236. Est. increased to \$3,750,000, **05**, 600, 2296.

Modified 1904 to allow slight shifting of proposed chan. at Bar Pt. Shoals, mouth of Detroit R., without increasing cost, **12**, 1088.

Act 1902 app. \$10,000 (from \$500,000 for "Plan A"), for imp. of chan. to Wyandotte, n. and w. of Grosse Isle, **02**, 2236.

By Maj. Bixby, 1902, w. and straightening entrances to back chan. to Wyandotte; est., \$57,500 (H. D. 160, 58th, 2d.), **04**, 3147.

Act Mar. 2, 1907, au. 2d chan. (Livingstone), to provide up and down routes known as "Plan B," at mouth, 22' x 300'-800' x 12 m.; est., \$6,670,950 (H. D. 266, 59th, 2d.), **07**, 698, 2049.

Lt. Col. Townsend recom., 1909, that section of chan., about 5 m. l., Detroit to Lake Erie, lying bet. Fighting Isl. and city of Wyandotte, be imp. by straightening; est., \$420,000, **09**, 2113.

Act June 25, 1910, modified proj. of Mar. 2, 1907, and app. \$630,000 for w. that portion of Livingstone Chan. inside cofferdam from 300'-450' (H. D. 676, 61st, 2d.), and au. 22' n. of junction with Livingstone Chan. and app. \$560,000, **10**, 857, 861, 2275.

SURVEYS.

By Canada, and by Maj. Weitzel, 1875, **75**, 281-285.

Under direction of Maj. Weitzel, by H. A. Ulfers, 1875, **75**, 1652.

At Grosse Pt., **90**, 2750.

Ex. of American Chan. au. act Sept. 19, 1890; made, 1890, by Col. Poe, **91**, 2809.

Ex. chan. from Ballards Reef to head of Limekiln Crossing; made 1892-94, by Col. Poe, **93**, 3035; **94**, 2377, and an ice sur. of the same locality made, 1896, by Lt. Col. Lydecker, **96**, 2894.

In 1896, a sur. made of the shoal abreast of Detroit, and in 1897 an ice sur. from Limekiln Crossing to

Bois Blanc Isld, and for 1,680' over the e. half of Bal-
lards Reef, 97, 3029.

Act Mar. 3, 1899, called for plans and est. of 21'
chan., Detroit to Lake Erie, 99, 3003; R. by Lt. Col.
Lydecker, 1900 (see Projects), 00, 4015.

Minor surs., etc., 00, 4002; 01, 3191, 3197; 02, 2237,
2242; 03, 2038, 2045; 04, 3131, 3138; 05, 2281, 2287;
06, 1887; 07, 2051; 08, 2182; 09, 2114; 10, 2275.

Ex. of chan. on w. side of Grosse Isle, for sufficient
d., au. act June 6, 1900; made, 1900, by Col. Ly-
decker (R. unfav.) (H. D. 32, 56th, 2d), 01, 3208.

Of back chan. from main ship chan. to Wyandotte,
au. act June 13, 1902; made, 1902, by Maj.
Bixby (H. D. 160, 58th, 2d), 04, 3140.

From Detroit to Lake Erie, au. act Mar. 3, 1899;
final R. by Lt. Col. Davis (H. D. 40, 58th, 3d),
05, 2292.

Au. act Mar. 3, 1905, for 22' and 25' chan.; made,
1905-06 (see ship chan. connecting waters of Great
Lakes bet. Chicago, Duluth, and Buffalo) (H. D.
266, 59th, 2d), 07, 698.

Ex. of Livingstone Chan., au. act Mar. 3, 1909;
made by special B.E. (H. D. 676, 61st, 2d), 10, 861.

Pre. ex. and sur. au. act June 25, 1910, of Wyandotte
Chan., for straightening same; R. by Col.
Townsend, 1910 and 1911; est., \$310,000 (H. D. 17,
62d, 1st), 11, 914.

Cong. docs., etc., relating to exs., surs., plans,
etc., 12, 1089.

HARBOR LINES:

At Detroit, 93, 3039.

Detroit to Ecorse, 96, 2900.

Modification, near Ecorse, 96, 2901.

Ecorse to below Trenton, 96, 2904.

Around Grosse Isle, 96, 2908.

Modification at mouth of Rouge River, 05, 2296.

Maps: (4 H. D. 266, 59th, 2d; H. D. 17, 62d, 1st);
Showing condition of the work June 30, 1877, 77,
939; 80, 2062; 81, 2278; 82, 2374; 83, 1882; 84,
2074; 85, 2168.

10, 2272; 11, 2466.

Part (b), PP-105 Detroit River, Mich. (Channel at Grosse Pointe.)

APPROPRIATION.

1888, \$5,000, 89, 2270.

COMMERCE.

Gross an. t. passing through Grosse Pointe Chan.,
89, 2268.

CONTRACT.

1889. Dunbar & Sullivan, hire of 1 tug and 2
dump scows, \$10 per hour, 90, 2741.

ENGINEERS.

Chief of Engineers. R., 88, 267; 89, 315; 90,
285, 289; 91, 359; 92, 342.

In charge. Lt. Col. O. M. Poe, 1883-92. R.,
88, 1978; (Col.) 89, 2267; 90, 2740; 91, 2790; 92,
2478.

OPERATIONS.

1889-90. 2,500 c. y. material dr., 90, 2741.

PLANS.

By Col. Poe, 1890, excavating a chan. through
the flats off Grosse Pointe, 800' x 20', requiring
removal of 3,140,000 c. y., at \$690,800; or for a chan.
800' x 19', the removal of 2,515,000 c. y., at a cost of
\$553,300, 90, 2742.

PROJECTS.

By Lt. Col. Poe, 1888, imp. of Grosse Pointe
Chan., at head of Detroit R., by dr. 19½' x 800',
involving removal of about 2,515,000 c. y.; est.,
\$553,300, 88, 1978.

In 1891 Col. Poe proposed excavating a chan.
800' x 5½ m. x 20', at a cost of \$956,825, 91, 2790; 92,
2479.

SURVEY.

Au. act Aug. 11, 1888; made, 1890, by Col. Poe,
90, 2750.

COMMERCE.

Description of, 98, 2605.

In 1897 its extent and nature seemed to justify
chan. of only 13' d. from Wabash R.R. br. to Maples
Road, 98, 2605.

Largest vessels should be able to enter R., 03,
1993.

As a result of imp. area available for mfg. plants
in vicinity of Detroit greatly extended, and these

plants enabled to receive raw material which they
use without transfer or reshipment, 06, 657.

Rates reduced 30 to 50%, 10, 851.

1911, 951,309 t., 12, 1082.

CONTRACTS.

1888. J. Rooney, dr., 11½¢ c. y., 89, 2274.

PHYSICAL CHARACTERISTICS.

Caving banks due to action of water, 11, 2461.

PRIVATE WORK.

Detroit Iron & Steel Co. dr. a chan. 21' d. mouth of R. to their wharf, 04, 3082.

Act June 25, 1910, au. private interests shall constr. suitable docks or revets. to protect caving banks, 10, 851.

PROJECTS.

By Lt. Col. Poe, 1886, dr. chan. from 240' to 100' w. and 16' d., from R.'s mouth to br. of St. Louis & Wabash R.R.; est., \$31,690, 87, 2278.

By Col. Poe, 1890, for turning-basin about 2 m. above junction of Rouge with Detroit, 250' x 500'; est., \$15,611.10, 91, 2823; 93, 2947.

In 1897 Lt. Col. Lydecker est. \$33,000 to dr. 16' chan. from Wabash Br. crossing to Maples Road, and \$5,000 for 13' chan., 98, 2605. The latter work provided for by Congress, 99, 3013.

Proj. for turning-basin abandoned au. act 1899, which diverted app., \$5,000, for this purpose, to app. for general imp. of R., 99, 3014.

(See Private work, 1910.)

Proj. modified by ad. Mar. 2, 1907, to increase d. to 21' from mouth to first bridge 07, 677.

SURVEYS.

Au. act Aug. 5, 1886; made by Lt. Col. Poe, 87, 2275.

Sur. from Wabash Br. crossing to Maples Road, au. act June 3, 1896, with view to chan. 16'; made by Lt. Col. Lydecker, 1897 (see Projects), 98, 2005.

Pre. ex. au. act Mar. 3, 1905. **R.** by Maj. Beach, Apr. 19, and Capt. Keller, Nov. 2, 1905; est., \$3,575, with \$3,000 an. mainten., for 21' chan. for about 1,400' from mouth (H. D. 289, 59th, 1st), 06, 664. Cong. docs., etc., relating to exs., sur., plans, etc., 12, 1081.

Maps. (H. D. 289, 59th 1st.) 87, 2278; 03, 1994.

PP-118(a) LAKES HURON AND ERIE. (Channel to connect.)**ENGINEERS.**

Chief of Engineers. **R.**, 74, 48.

Boards. Considered excavating necessary, 1874, at 4 different points, viz: 1st, St. Clair Flats Ship Canal; 2d, Lake St. Clair; 3d, Detroit R. at the Lime Kilns; 4th, mouth of Detroit R. **R.**, 74, 213. (Majs. Comstock and Weitzel.)

PLANS.

By BE., 1874, dr. at St. Clair Flats Ship Canal, Lake St. Clair, and mouth of Detroit R.; also

blasting r. at Limekiln Crossing, Detroit R.; est., if partly in Canadian waters, \$2,790,907; if wholly in American waters, \$3,930,901, 74, 214.

SURVEY.

Resol. of H. of R., Dec. 18, 1873, called for an approx. est. of expense of d. and w. the navigable chans. of the Rs. and waters connecting these lakes, for practical navigation for vessels drawing 20', 74, 48 213.

 1878-79. Both ps. thoroughly repaired and 612 l. f. of canal revet. renewed, **79**, 170, 1675.
 1879-80. 12,370 c. y. material and 53 logs, snags, and piles removed from chan., **80**, 2090.
 1880-81. Extensive repairs to ps., **81**, 2280.
 1881-82. 600 l. f. revet. renewed and 600 addl. f. strengthened; also repairs to s. p., **82**, 2378.
 1882-83. 1,733 l. f. old revet. of U. S. canal and n. and s. ps. repaired, **83**, 1888.
 1883-84. Extensive repairs to n. and s. ps.; 798 l. f. U. S. revet. repaired, **84**, 2082.
 1886-87. Extensive repairs to ps. and revet., **87**, 2282.
 1887-88. Repairs to ps., **88**, 1982.
 1888-89. Repairs to ps. and revet.; 7,500 c. y. dr., **89**, 2296.
 1889-90. Repairs to ps. and revet., **90**, 2754.
 1890-91. Repairs to ps. and revet., **91**, 2826.
 1892-93. Repairs to n. p. in progress, **93**, 3048.
 1893-94. Repairs of preceding year completed, **94**, 2384.
 1894-95. Repairs to n. and s. ps. in progress, **95**, 3072.
 1895-96. Repairs of previous year completed, **96**, 2914.
 1897-98. 9,845 c. y., s. m., dr., **98**, 2612.
 1898-99. 14' chan., 200' w. for 1,600', dr. from outer end of ps. eastward over the bar, **99**, 3018.
 1899-00. About 20,000 c. y. dr., **00**, 4020.
 1900-01. About 11,500 c. y. dr., **01**, 3216.
 1902-03. 4,663 c. y. dr., **03**, 529, 1995.
 1903-04. Repairs to ps., **04**, 3083.
 1905-06. Piles driven and repairs made to ps., **06**, 1847.
 1906-07. Slight repairs made to decking of ps., **07**, 2001.
 1907-08. Repairs to cribwork of n. p. and decking of both ps., **08**, 2124.
 1908-09. Repairs to ps. completed, **09**, 2106.
 1910-11. Decking of s. p. repaired, **11**, 2462.

PHYSICAL CHARACTERISTICS.

Description, **66**, 29; **68**, 145; **72**, 237; **77**, 947; **78**, 1239; **89**, 2295, 2338; **97**, 3038, 3040; **98**, 2690.

Mouth of Raisin R., situated at w. end of Lake Erie, about midway bet. mouth of Detroit R. and entrance to Maumee B. **97**, 3095.

In a narrow sense the H. is the part of Raisin R., Mich., that is opposite the wharves on the s. bank of R. for about 1,500', and in a broader sense extends from head of wharves to and into the lake for 2½ m., **98**, 2690, 2691.

Sand shoaling, **00**, 4020.

Description of; only second-class H., **01**, 3215-17.

PLANS. (See Estimates and Projects.)

By Capt. Gillespie, 1871, 11' chan. from ps. to Monroe wharves. Dr. 42,000 c. y., **72**, 239.

PP-125**LA PLAISANCE BAY, MICH.****APPROPRIATIONS.**

1826,	\$200. 00, act May 20.
1827,	3,977. 81, act Mar. 2.

1832,	8,000. 00, act July 3.
1834,	4,895. 00, act June 28.
1836,	323. 15, act July 2.

Total, 19,713. 96 (total by H. D. 120, 44th, 1st, \$19,603.07.)

By Maj. Overman, 1888, chan. 16' x 100' from 16' curve in lake to Monroe Dock, with r. excavation and p. and revet. repair; est., \$123,200, **89**, 2339.

PRIVATE (CITY CORPORATE) WORK.

Canals and ps. constr. in connection with Michigan Southern and Northern Indiana RR. Co., **66**, 29.

Inner or Monroe City Canal, built by town of Monroe, **72**, 238.

PROJECTS. (See Estimates and Plans.)

Earliest imp. proposed 1826 by Capt. T. W. Maurice, and provided for constr. of a break'r in La Plaisance B. Under an aggregate of \$19,014.87 this work completed in 1835, **80**, 2085.

In 1834 Capt. H. Smith proposed straightening Raisin R. at its mouth by making a direct connection with Lake Erie through a sand peninsula by canal 100' x 4,000', and protection of entrance by parallel ps. extending to 10' curve in the lake. (See act Feb. 24, 1835.) **80**, 2085.

From 1835-82, incl., \$213,515.27 app., when it was est. that \$20,000 would be required to complete proj., **82**, 2379; **86**, 327. Increased to \$27,000, **89**, 2297.

By Col. Cram, 1866, repairing ps. and imp., **66**, 32, 33; **67**, 145.

By Maj. McFarland, 1869, dr., and building deflector p., **69**, 115.

By Capt. Gillespie, 1872, d. chan. by dr. from outer bar to Monroe City, repairs to ps., and piling, **72**, 224.

By Maj. Harwood, 1873, thorough renewal of canal revet., **73**, 308; **74**, 215.

Lt. Col. Blunt, 1875, rebuilding revet. by hired labor, and dr., **75**, 293. In 1876, renewal of canal revet., and repairs to ps., hired labor, **76**, ii, 551.

By Maj. Michler, 1877, dr., and repairs to ps. and revet., hired labor, **77**, 948.

By Maj. Wilson, 1879, dr., and repairs to revet., **79**, 170, 1677.

Summary of, **77**, 947.

By Lt. Col. Smith, 1896-97, dr. chan. 13' through bar for about 1,800' and w. of 150', using app. of 1896, \$5,000, **97**, 3039.

In 1897 Lt. Col. Smith est. \$626,750 to secure 14' in H., **98**, 2692.

SURVEYS.

1834. By Capt. H. Smith. (See act Feb. 24, 1835.)

1866. By Col. Cram, **66**, 29.

1868. By Col. Cram, **68**, 145.

1871. Under direction of Capt. Gillespie, by Mr. Enright. **71**, 237-239.

Ex. of Monroe H. for 16' chan. au. act Aug. 11, 1888; made, 1888, by Maj. Overman, **89**, 2338.

Ex. of chan. made, 1892, by Lt. Col. Smith, **93**, 3048.

Ex. of R. mouth to U. S. canal to wharves au. act June 3, 1896; made by Lt. Col. Smith, 1896 (**H.** unfav.), **97**, 3094.

Sur. of bar with view to 14' made, 1896, by Lt. Col. Smith, **97**, 3038, and sur. of H. with view to 14' au. act June 3, 1896, made, 1897, by Lt. Col. Smith (**H.** unfav.) (see Projects), **98**, 2689.

Minor sur., **00**, 4020; **01**, 3216; **03**, 1995; **06**, 1847; **07**, 2001; **08**, 2124; **10**, 2268.

Reference to ex. and sur. **Rs.**, **12**, 1083.

Maps:

Showing location of works, **66**, i.

Sketch of canal and ps., **66**, i; **91**, 2827; **98**, 2692.

03, 1995.

PHYSICAL CHARACTERISTICS.

Condition in 1866, dilapidated; of comparatively little use since the R.R. terminus was abandoned, **66**, 30.

A little more than a mile to sw. of mouth of R. Raisin, **66**, 30.

SURVEYS.

Maps. Showing location of, **66**.

¹ Summary of, from commencement to 1877, **77**, 947.

Assistants:

Capt. G. J. Lydecker, 68, 151; 69, 112, 122.
 W. T. Blunt. R., 90, 2759; 94, 2390; 95, 3078; 96, 2921; 97, 3043; 98, 2619; 99, 3020; 00, 4026; 01, 3222; 02, 2252; 03, 2052; 04, 3152; 05, 2303.
 Lt. W. V. Judson. R., 92, 2491.

ESTIMATES. (See Plans and Projects.)

By Col. Cram, 1866, entire and permanent completion of chan. 12' x 200', \$20,000, in addition to \$20,000 app., 1866, 66, iii, 63, iv, 73.

By Col. Cram, 1867, chan. 200' to 300' w. and 15' d., \$470,000, 67, 28; \$469,664, 67, 144, 230, 254; 68, 146, 151. In 1869, ship canal 13' d., \$385,526, 69, 118, 123.

By BE., 1869, imp. of w. chan. to 13' in d. by U. S. dr. and hired labor, \$124,212; by contract, \$152,800; 69, 116, 118, 127.

By Maj. McFarland, 1869, to complete proj. of board, \$150,000, 69, 129. In 1870, addl. for completion of proj., \$70,000, and for beacon, \$5,000, 70, 171.

By Capt. Gillespie, 1871, completion of work, \$20,000, 71, 190.

By BE., 1872, 3 plans submitted, \$1,853,500, \$3,074,500, and \$450,000; the latter recom., 73, 314-319.

By Lt. Col. Blunt, 1875, completion of proj., \$200,000, 75, 294; \$140,000, 76, ii, 552.

By Maj. Wilson, 1879, complete existing proj., \$30,000; to obtain 16' chan., \$100,000, 79, 1680.

LEGAL PROCEEDINGS.

Rules and regulations for navigation in Maumee B., 00, 4028.

OPERATIONS.

1866-67. 16,236 c. y. dr., 67, 28, 144.

1867-68. 46,833 c. y. dr., 68, 38, 146.

1868-69. 19,100 c. y. dr., 69, 36.

1869-70. 55,000 c. y. dr., 70, 47.

1870-71. 54,573 c. y. dr., 71, 45.

1871-72. 332,791 c. y. dr. from sw. chan., making it 14' x 120', 72, 42.

1872-73. 43,000 c. y. dr. from sw. chan., 73, 311.

1873-74. Dr. on chan. from Toledo to the lake 15' x 100', 74, 48, 216.

1874-75. 364,428 c. y. dr., 75, 54, 294.

1875-76. 243,215 c. y. dr., 76, 106, ii, 552.

1876-77. 44,541 c. y. dr., 77, 953.

1877-79. Dr. by contract, 78, 127, 1247; 79, 170, 1670, 1678.

1879-80. 126,649 c. y. dr. from chan., 80, 2097.

1880-81. 167,453 c. y. dr. from chan., 81, 2283.

1881-82. 94,385 c. y. dr. from chan.; wreck of scow *Wellhouse* removed, 82, 2381.

1882-83. 229,070 c. y. dr. from chan., 83, 1890.

1883-84. 78,345 c. y. dr. from chan., 84, 2084.

1884-85. 155,085 c. y. dr. from chan., 85, 2211.

1885-86. 127,260 c. y. dr. from straight chan., 86, 1851.

1886-87. 45,397 c. y. dr. from old chan., 87, 2284.

1887-88. Straight chan.: 428,913 c. y. dr., 88, 1935.

1888-89. Straight chan.: 748,940 c. y. dr., 89, 2300.

1889-90. Old chan.: 28,000 c. y. dr., 90, 2756. Straight chan.: 659,970 c. y. dr., 90, 2757.

1890-91. Old chan.: 3,494 c. y. dr., 91, 2829. Straight chan.: 182,077 c. y. dr., 91, 2830.

1891-92. Old chan.: 20,356 c. y. dr., 92, 2488. Straight chan.: 548,599 c. y. dr., 92, 2488.

1892-93. 70,921 c. y., s. m., dr., 93, 3052.

1893-94. 308,458 c. y., s. m., dr., 94, 2386, 2387.

1894-95. 601,812 c. y. dr., 95, 3075, 3076.

1895-96. 432,901 c. y. dr., and 429 c. y. r. excavated, 96, 2918, 2919.

1896-97. 244,000 c. y. dr., 97, 3043.

1897-98. 643,058 c. y. dr., and wharf and storehouse erected, 98, 2615, 2616.

1898-99. Nearly 60,000 c. y. dr., 99, 3022.

1899-00. Plant enlarged and repaired; some obstr. removed; over 140,000 c. y. dr. from H., and 144,999 c. y. dr. from Maumee B., 00, 4023.

1900-01. Floating plant repaired, 184,996 c. y. dr. by U. S.; 961,552 c. y. dr. by contractor, 01, 3219.

1901-02. 147,449 c. y. excavated by U. S.; 1,151,300 c. y. dr. by contractor, 02, 2249.

1902-03. 182,270 c. y. excavated by U. S. dr. plant; 983,893 c. y. excavated by contractor, 03, 2050.

1903-04. 115,527 c. y. removed by U. S.; 771,679 c. y. dr. by contractor. Contract work about 54% completed, 04, 3150.

1904-05. 43,740 c. y. removed by U. S. dr. Maumee; 1,222,849 c. y. dr. under contract, 05, 2299, 2300.

1905-06. 548,211 c. y. dr. under contract, completing same Oct., 1905; 62,743 c. y. dr. by U. S. dr. Maumee; 14,322 c. y. by dr. Burton. Work on dike constr. under contract carried on, 06, 1894.

1906-07. Constr. of dike connecting range lights in B. completed; 54,019 c. y. dr. by U. S. dr. Maumee; 243,897 c. y. dr. by U. S. dr. Burton. Repairs to dr., 07, 2062.

1907-08. U. S. dr. Burton removed 402,528 c. y. (mainten. work), repairs to plant; 2 dump scows completed, 08, 2411.

1908-09. 90,866 c. y. dr. from inner section; 80,727 c. y. dr. from middle section; 69,508 c. y. dr. from outer section. U. S. dr. Burton, in mainten. work, removed 162,729 c. y. from Maumee R. and from outer division of B. chan. Repairs to dr. Maumee and other floating plant, 09, 2122.

1909-10. U. S. dr. Burton, removed 32,580 c. y. from Maumee R., and 85,839 c. y. from outer division of straight chan. through Maumee B. Rebuilding of U. S. dr. Maumee completed Aug. 19, 10, 2283-84.

1910-11. Mainten. dr. done by U. S. dr. Burton, removing 133,263 c. y. from chan. through Maumee B. and 11,371 c. y. from chan. through R., 11, 2477.

1911-12. 591,194 c. y. removed from outer end of chan., completing it for 13,900' and partly for 6,900'. Mainten. carried on by U. S. dr. Burton, removing 32,184 c. y. from chan. through Maumee B., and 53,347 c. y. from chan. through R. Wrecked dr. Maumee raised from Cleveland H. and cost charged in part to this app., 12, 2678.

PHYSICAL CHARACTERISTICS.

Description of, 69, 122, 125-127; 73, 315-318; 98, 2617.

Description of straight chan., Maumee B., 00, 4026.

Comparative soundings, 99, 3022; 00, 4031.

Improbability of arriving at any general principles which would govern deposit and scour in chan., 99, 3022-3026.

Stirring up of bottom of chans. by moving steamers helpful in maintaining depths, 99, 3022-3026.

Ice-covered R. and B., 1899-1900, taken advantage of to make H. fine sur., 99, 3027.

Bar at the R. mouth an obstr., 1900, owing to changes in the chan. due to extension of wharf front to H. lines, 00, 4023, 4030.

Actual scour occurring, while at other places, particularly toward inner end of chan., considerable fill; heaviest fill over 3' about 2 m. outward from mouth of R.; fill caused by silt brought down the R. during spring freshets; 01, 3219.

Severe storm wrecked and sunk dr. of contractor, placed on the work July, 1901, 02, 2249.

Tendency to fill, in dr. chan., 02, 495; 03, 2050. Violent freshet, ice dams form, damage to brs., wharves, and vessels in H., 04, 3150, 3153.

Water levels, 05, 2305.

Triangulation of Maumee B. and R., 05, 2306.

Continuous shoaling in dr. chan., 07, 2062.

June 30, 1908, max. draft over shoalest portion of chan. 20', 08, 744.

Extreme fluctuation due to wind, 7.9' above to 7.1' below m. lake level, 09, 781.

Deterioration of dike at range lights, 10, 2284.

Result of work, to create and maintain chan. through Maumee B. and R. 23' x 400' for outer 2 1/2 m., 21' x 400', thence 1 1/2 m. up to Fasset St. Br., and 20' x 100' for 1 m. above this br. Maumee R. navigable for launches to Ferrysburg, 15 m. above mouth, 12, 1093.

PLANS. (See Estimates and Projects.)

By Col. Cram, 1869, ship canal with ps. andrevet.; est., \$885,526, 69, 119, 123.

By Maj. McFarland, 1870, beacon; est., \$5,000, 70, 171.

By BE., 1872, straight cut through North Cape Pt.; est., \$1,853,500; and extension of R. through B. and North Cape to Lake Erie with revetted banks; est., \$3,074,500; not recom., 73, 314-318.

By Maj. Wilson, 1881, extension of Maumee R. on straight line through the B. and North Cape Pt. to Lake Erie, confining R. bed in a new chan. of about same dimensions as its natural bed, by dr. in B. and lake, and constr. of 2 parallel lines of revet. on either side of chan. Est., \$2,363,923. 82, 2385, 2386; 86, 1850; 87, 2291, 2296.

By Maj. Overman, 1887, chan. beginning at mouth of Maumee R. and extending straight through North Cape Pt. on a course n. 26° 36' 13" e. to 17' d. of water in Lake Erie, Ottawa R. to be diverted by a cut through North Cape Peninsula; the revet. of the cut to be determined by experience, 87, 2294, 2296. Plan considered by BE., 87, 2295.

PRIVATE WORK.

Dr., 1899, by Hocking Valley R.R., 99, 3020.

PROJECTS. (See Estimates and Plans.)

By Col. Cram, 1866, dr. existing chan. in Maumee B. for 1 m. to 12' x 200'; est., \$40,000, 66, iii, 6, 33, iv, 38.

By Maj. Wilson, 1879, 16' chan.; est., \$100,000, 79, 1679.

BE. in 1869 recom. adoption of present location of chan. Est., \$152,800. 69, 118, 125, 127; 80, 2093.

In 1872 BE. submitted 3 plans, of which the Sec. of War approv. that which provided for w. of "existing" chan. to 250' at top with d. of 15'; est., \$450,000, 73, 313-324; 77, 953; 80, 2094.

In 1880 the proposed d. was increased to 16', 80, 2097; 87, 2285.

In 1886 there had been obtained a chan. 200' w. at bottom and from 15' to 17' d. bet. Toledo and d. w. in the lake, under an aggregate of app., 1866 to 1884, incl., of \$704,700, 86, 327, 1850; 87, 2283.

In 1887 BE. recom. straight cut from mouth of Maumee R. to Lake Erie by extending crib reach at the present natural chan. outward into the lake and inward across the B. to the "present" natural chan. of the R., thereby utilizing about 2 m. of previously imp. chan., chan. to have 17' with bottom w. of 200'; est., \$1,875,000, 87, 2286, 2297. Approv. by Sec. of War, 87, 2299.

In 1890 est. \$45,000 would be required to complete proj. of 1872, for imp. of old chan., 90, 2757.

By Lt. Col. Smith, 1892, dr. in straight chan. at est. of \$100,000, and purchase of dr. plant at est. cost of \$48,000, 93, 3051; in 1893 for w. chan. to 300' in lake division or part outside the turn-out, 93, 3052, 3053.

By Lt. Col. Smith, 1894, dr. chan. through shoal at "Crossing" to 19' bet. the curves of 18' d., and with w. of 400', est., \$18,000, **94**, 2387.

By Lt. Col. Smith, 1895, dr. chan. 18' x 400' over shoal in vicinity of br. at Cherry St., **95**, 3076.

By Col. Smith, 1897, 21' chan, 400' w., throughout chan. in Maumee R., and B.; est. \$1,095,000, **98**, 2693; **99**, 3020. Proj. modified, 1899, providing for w. of 200' at upper end, reducing est. to \$1,005,000. Est. cost in addition to considerable amount for mainten., **99**, 3021.

By Col. Smith, 1899, application of \$100,000 of app. of 1899 to enlargement, operation, and mainten., of plant, **99**, 3021.

Act June 13, 1902, au. purchase of dr. for this district, and provides for payment of portion of its cost from the app. applicable to continuous contract at Toledo, **02**, 2250. Sec. of War au. constr. of a sea-going suction dr. for work in Hs. of Toledo, Sandusky, Cleveland, Fairport, Ashtabula, and Conneaut on Lake Erie, **03**, 979.

Act June 25, 1910, app. \$145,000 for continuing imp. by making chan. 23' d., m. l. l., and 400' w. from d. w. in Lake Erie to Fassett St. Br., Toledo; est., \$400,000, and \$25,000 an. mainten. (H. D. 865, 60th, 1st), **10**, 862.

SURVEYS.

By Lt. Col. Cram, 1863-64, for military defense, **67**, 144.

Under direction of Col. Cram, by Capt. Lydecker, 1868, **69**, 112, 122.

By Maj. McFarland, 1869, **69**, 117.

Au. act June 14, 1880; made, 1880, by Maj. Wilson, for d. of 16', **81**, 2286.

Au. act Mar. 3, 1881; made, 1881, by Maj. Wilson, for straight chan. to Lake Erie, **82**, 2383.

Resur. made by Maj. Overman, 1886, **87**, 2285, 2291.

Triangulation of Maumee B.; made, 1890, by Maj. Overman, **90**, 2759.

Ex. of straight chan. made by Lt. Col. Smith, 1893, **93**, 3050.

Geodetic surs. made, 1894, by Lt. Col. Smith, **95**, 3079.

Sur. made, 1894, of that part of R. above br. at Cherry St. as far as br. of Lake Shore & Michigan Southern Ry. Co., by Lt. Col. Smith, **95**, 3076.

H. lines verified on ice of H. (See Physical characteristics.)

Minor, **01**, 3219; **02**, 495, 2254.

Triangulation of Maumee B. and R., **05**, 2300.

Pre. ex. and sur. au. act Mar. 2, 1907, of Maumee R., Ohio, from d. w. in Lake Erie to the Fassett St. Br., Toledo, with view to obtaining greater d. and increased w. of approx. 100'. R. by Lt. Col. Townsend, Aug. 10, 1907, and Feb. 18, 1908, recom. chan. 23' d., m. l. l., and 400' w. from d. w. in Lake Erie to the Fassett St. Br., Toledo, with suitable easement of bends at range lights; est., \$400,000, and \$25,000 an. mainten. (H. D. 868, 60th, 1st), **08**, 761.

Pre. ex. au. act Mar. 3, 1909, of Maumee R., **10**, 879. At hearing held by BERR. in reference to said ex. the fact was developed that act June 25, 1910 (see Projects), was intended to correct certain ambiguity and to supersede act Mar. 3, 1909, in all respects, and consequently it was not deemed necessary or advisable to report further under act Mar. 3, 1909 (see H. D. 769, 62d, 2d).

Pre. ex. au. act June 25, 1910, of Maumee R., from Toledo, Ohio, to Ft. Wayne, Ind. R. by Col. Millis, Oct. 31, 1911 (H. D. 769, 62d, 2d) (unfav.), **12**, 1111.

Maps. (H. D. 769, 62d, 2d.)

89, 2304; **90**, 2766; **91**, 2831; **92**, Atlas, 114; **94**, 2390; **95**, 3080; **98**, 2646; **01**, 3226; **09**, 2122; **10**, 2284; **11**, 2477.

QQ-4 MAUMEE RIVER (above Toledo), OHIO.¹

APPROPRIATIONS.

1872, \$7,000, **72**, 225.

COMMERCE.

Important, **72**, 235, 236.

Toledo, situated on the R., has a large C.; in 1896 the registered t. over 2,250,000 t., **98**, 2701.

CONTRACT.

1872. H. T. Stock & Co., dr., 25¢ c. y., **73**, 324, 325.

ENGINEERS.

Chief of Engineers. R., **71**, 48; **72**, 43, 45; **73**, 42; **81**, 314; **98**, 455.

In charge:

Capt. G. L. Gillespie, 1871. R., **72**, 225, 235.

Capt. F. Harwood, 1873. R., **73**, 324.

Maj. J. M. Wilson, 1881. R., **81**, 2341.

Col. J. A. Smith, 1898. R., **98**, 2693.

Assistant. W. T. Blunt. R., **98**, 2701.

ESTIMATES. (See Plans and Projects.)

By Maj. Gillespie, 8' chan., Toledo to Maumee City, \$7,000, **72**, 237.

By Maj. Harwood, 1873, to complete chan., Perrysburg to Maumee City, \$15,000, **73**, 324, 325.

OPERATIONS.

1872-73. 23,159 c. y. dr., making chan. for vessels drawing 7', Toledo to Perrysburg, **73**, 324, 325.

PHYSICAL CHARACTERISTICS.

Description of, **72**, 236, 237; **81**, 2341; **98**, 2694.

PLANS. (See Estimates and Projects.)

By Maj. Wilson, 1880, chan. 100' x 8' l. w. Perrysburg to Toledo, by dr., r. removal, and dike constr.; est., \$124,748, **81**, 2342.

PRIVATE (STATE) WORK.

Canal embankment built by Ohio, 1840-41, an injury to the chan., **72**, 236.

PROJECTS. (See Estimates and Plans.)

By Maj. Gillespie, chan. 8' x 60', Maumee City to Perrysburg, and d. existing chan. over Delaware Flats, **72**, 225.

By Maj. Harwood, chan. for vessels drawing no more than 7', Toledo to Maumee City, **73**, 42.

In 1897 Col. Smith est. \$1,095,000 to obtain 21' x 400' m. l. throughout the chan. in the B. and R.; this cost could also be reduced probably by \$90,000, **98**, 2693.

SURVEYS.

Ex. and sur. au. act Mar. 3, 1871, **71**, 48; made by Capt. G. L. Gillespie. R., **72**, 235.

Au. act June 14, 1880; made by Maj. Wilson, 1880, **81**, 2341.

Sur. of the straight chan. in Maumee B. and R. au. act June 4, 1897; made by Col. Smith, 1897 (see Projects), **98**, 2693.

Maps. **98**, 2704.

ESTIMATES. (See Plans and Projects.)

By Col. Cram, 1868, entire imp., \$89,045.78, **68, 155.**

By Maj. McFarland, 1871, \$120,000, **71, 210.**

By Lt. Col. Blunt, 1875, \$122,000, **75, 296.**

By Maj. Wilson, 1879, completion of existing proj., \$55,000, **79, 171, 1682.**

LEGAL PROCEEDINGS.

In 1893 transfer of necessary portion of the sand beach adjoining the inner end of w. revet. at H. commenced, **93, 3059;** and completed in 1894; cost being \$1,200, as provided act 1892, **94, 2395.**

OPERATIONS.

1873. 20,302 c. y. dr., giving chan. 8' x 20', mouth of R. to lake, 73, 344.
1874. Catch-sand fence built on n. spit, 74, 217.
1875. Fence extended 840' by hired labor, 75 295.
1877. Constr. of e. revet. by hired labor begun, 77, 956.
1877-78. Constr. of revet., 78, 128, 1251.
1878-79. Extension of e. and w. ps. and dr. by hired labor, 79, 171, 1671, 1681.
1879-80. Pilework completed upon 300 l. f. of w. p. and 320' of e. revet., 80, 2102.
1880-81. W. p. extended 450' and e. p. 904', 81, 2289, 2290.
1881-82. W. p. extended 260 l. f. and 210' added to e. p., 82, 2388.
1882-83. 195 piles driven, forming 4,934 l. f. of p. foundation, 83, 1893.
1883-84. W. p. extended 150' and old portions of w. p. and e. revet. repaired, 84, 2087.
1886-87. Repairs to p. work commenced, 87, 2300.
1887-88. Repairs to ps. completed under contract, 88, 1987.
1888-89. 9,025 c. y. dr. from H. entrance, 89, 2306.
1891-92. 11,705 c. y. dr., 92, 2494.
1893-94. 35,491 c. y. dr., s. m., and some large boulders removed, 94, 2394.
1897-98. About 39,000 t. st. placed in repair and strengthening of ps., 98, 2648.
1900-01. 1,150 t. st. placed in j., 01, 3228.
1901-02. 3,250 t. st., placed in revet., 02, 2256.
1902-03. 33,764 c. y. dr., 03, 2055.
1906-07. 1,204 t. st. placed in js.; plant repaired, 07, 2065.
1907-08. 1,397 t. heavy riprap st. and 204 t. small riprap st. placed in js., 08, 2143. Two 500-yd. dump scows completed, 08, 2144.
1908-09. Scows overhauled, 09, 2124.
1910-11. Repairs made to ps. damaged by sea and ice, 11, 2481.

PHYSICAL CHARACTERISTICS.

Description of, 68, 153, 154; 71, 210.
Slight increase of d. of dr. chans. shown by soundings of 1900. Vessels drawing 10' could easily enter, 00, 4040.
Condition of works and d. of w., 01, 3228; 02, 2256; 03, 544, 2055; 04, 594, 3158; 05, 2315; 10, 2285; 11, 917.

PLANS. (See Estimates and Projects.)

By Col. Cram, 1868, dr. new outlet, 10' x 200', for Portage R., and protecting with 5,300' of pile revet. and 1,100' of pile ps.; est., \$80,045.78, 68, 154, 155.

PROJECTS. (See Estimates and Plans.)

By Maj. McFarland, 1871, d., by dr., entrance to Portage R. to 8', and protection of chan. by 2 parallel ps.; est., \$120,000, 71, 210; 80, 2100.
By Capt. Gillespie, 1872, d., by dr., entrance to Portage R., and 1,000' of timber revet. on n. side of entrance, to cost \$8,000, 72, 234.
By Maj. Harwood, 1873, building catch-sand fence for temporary benefit, 73, 344; 74, 217.
By Lt. Col. Blunt, 1875, extending catch-sand fence, by hired labor, as part of Maj. McFarland's proj., 75, 295, 296.
By Maj. Michler, 1877, constr. e. revet., 77, 956.
By Maj. Wilson, 1879, extending pile p. and revet., 79, 1681.
Efforts of 1872-73 to maintain chan. by dr. having failed, in 1875 Lt. Col. Blunt proposed pile revet. from n. shore, and parallel and 200' distant an e. pile p. extending to 10' curve in lake, 75, 295, 296; 80, 2100; 81, 2290.
From 1872 to 1886, incl., \$58,000 app., when it was est. that \$41,000 would be required to complete proj., 86, 330; 92, 2494.
By Lt. Col. Smith, 1892, w. chan. of 10' d. by dr., 93, 3059.
By Lt. Col. Smith, 1894, strengthening ps. by adding to riprap st. on each side with a view to securing piling below water, making ps. tight to confine the currents in and out, and to form a foundation upon which a st. superstr. or sea wall might be built at some future day, 96, 2927.
Efforts made by citizens to have app. of 1899 applied to dr. 12½ chan. instead of to repairs, 00, 4039.

SURVEYS.

Under Col. Cram, by H. G. Rothwell, 1867. R., 68, 150, 153-155.

1868-69. 27,353 c. y. dr., 69, 36.

1872-73. App. of 1872 expend. in dr. 9' chan. from R. mouth to the head of navigation, 73, 43.

1880-81. 44,976 c. y. dr. from the various bars, 81, 2297.

1881-82. 38,000 c. y. dr. from chan. through outer bar, 82, 2392.

1882-83. 25,000 c. y. dr. from chan. in the B., 83, 1897.

1889-90. 1,600 c. y. dr. from the R., 90, 2771.

1890-92. Dr. in progress, 91, 2841; 92, 2497.

1893-94. 25,569 c. y., s. m., dr., 94, 2398.

PHYSICAL CHARACTERISTICS.

Described, 66, iv, 36; 81, 2300; 90, 2771.

PRIVATE (COUNTY) WORK.

Sandusky County subscribed \$5,000 and individuals \$12,000, a total of \$17,000; expend. in dr., 66, iv, 36.

PROJECTS.

By Col. Cram, 1866, chan. from 160'-200', with d. of 12', from the mouth of the R. to Fremont; will require the excavation, by dr., of 185,075 c. y.; est., \$67,955.53, 66, iv, 36, 37; 67, 28.

By Capt. Gillespie, 1872, 9' chan., 72, 226; 73, 43. From 1867 to 1872, incl., \$30,000 app. and expend. in formation of a dr. chan. through the bars below Fremont, 80, 2112.

By Maj. Wilson, imp. of the R. by excavation of a chan. 9' x 100' through the various bars bet. the city of Fremont and the 9' curve in Sandusky B.; est., \$44,000, 81, 2297, 2298; 87, 2306.

SURVEYS.

Au. act. June 23, 1866, 67, 143; assigned to Col. Cram, 66, ii, 41; made by Capt. Farquhar, under direction of Col. Cram. R., 66, iv, 35-37; cost, \$468.90, 67, 143.

Of R. near Fremont, au. act. of June 14, 1880; made 1880, by Maj. Wilson, 81, 2299.

Ex. of the entire R. below Fremont, and surs. where dr. was needed over a long bar in the upper end of Sandusky B. at the mouth of the R. made, 1892-93, by Lt. Col. Smith, 93, 3066.

Pre. ex. au. act. June 13, 1902, of R. from its mouth to Fremont. R. by Maj. Kingman, Apr. 27, 1903 (H. D. 242, 58th, 2d) (unfav.), 04, 609, 3229.

Pre. ex. au. act. June 25, 1910, from mouth to Fremont, view to scouring 11', 12, 1111.

Maps. 94, 2398.

COMMERCE.

General C. of the lakes benefited by a H. of refuge
66, iii, 83.

Requirements, 73, 331; 87, 2340.

Description of, 96, 2980; 97, 3054; 98, 2652.

City thriving and well located for shipment by
water of the products of the coal fields of the State;
1896, C. increasing at rate of 100,000 t. per year, 96,
2880.

Steadily increasing with imp. of chan., 99, 3038;
01, 3232; 10, 866.

Marked reduction in rates, 06, 680.

1911, 2,279,318 t., 12, 2,685.

CONTRACTS.

ESTIMATES. (See Plans and Projects.)

By Lt. Col. Cram, 1864, entire imp., \$38,580; dr.

chan. on outer bar 12' x 400', \$6,580, 66, 5, 24, iv,

34, 73.

By Maj. McFarland, 1869, chan. over inner bar

12' x 250', \$10,000, 69, 37, 130, 131.

By Capt. Gillespie, 1873, imp. and protection of

old chan., \$578,050; dr. without protection of banks,

\$50,000; new chan. through Horseshoe Shoals,

\$412,500, 73, 330, 331.

By Maj. Harwood, 1873, w. inner chan., \$30,000;

constr. chan. through outer bar, \$100,000, 73, 327.

By Lt. Col. Blunt, 1876, complete chan. on outer

bar 15' x 150', \$25,000; imp. inner chan., \$80,000,

75, 297; dikes to protect chan., \$300,000; extend

the 15' chan. to the city wharves, \$105,000, 76, ii,

554.

By Maj. Wilson, 1879, completion of existing

proj., \$20,000, 79, 1684.

LEGAL PROCEEDINGS.

Rules and regulations for the government of

navigation in the chans. estab. by Sec. of War,

1889, 99, 3038; 00, 4048.

OPERATIONS.

1867-68. 17,632 c. y. removed by dr., 68, 39,

148.

1868-69. 17,685 c. y. removed by dr., 69, 130.

1870-71. 33,692 c. y. removed from inner

chan., cut 60' x 2,500', 71, 192.

1871-72. 30,784 c. y. removed from inner chan.,

72, 226.

1872-73. 34,000 c. y. removed, 73, 326, 327.

1873-74. Chan. 15' x 75' completed over the

shoal in the B., 74, 217.

1874-75. 84,808 c. y. removed from outer bar,

75, 54.

1875-76. 89,561 c. y. removed from outer bar,

76, ii, 554.

1877-78. Dr. by contract, 78, 128, 1253.

1878-79. Dr. by contract, 79, 171, 1672, 1683.

1879-80. 80,861 c. y. dr. from chan. and outer

bar, 80, 2109.

1880-81. 44,656 c. y. dr. from chan. on the

"Clock" and "Middle" ranges, 81, 2294.

1881-82. 49,934 c. y. dr. within the B. and

from chan. through outer bar, 82, 2390.

1882-83. 60,000 c. y. dr. from chan. parallel

to city docks and the "Clock" Range, 83, 1895.

1883-84. 10,000 c. y. dr. from outer bar, 84,

2089.

1884-85. 51,941 c. y. dr. from chan. through

the bar, 85, 2217.

1886-87. Dr. in progress, 87, 2303.

1887-88. Dr. under contract continued, 88,

1989.

1888-89. 75,050 c. y. dr., 89, 2308, 2309.

1889-90. 134,000 c. y. dr., 90, 2769.

1890-91. 67,952 c. y. dr., 91, 2838.

1891-92. 154,510 c. y. dr., 92, 2496.

1893-94. 200,093 c. y., s. m., dr., 94, 2397.

1894-95. 156,719 c. y. dr., 95, 3084, 3085.
 1895-96. 55,841 c. y. dr. and 300 bowlders removed, 96, 2929.
 1896-97. 97,952 c. y. dr. and constr. of j. in progress, 97, 3053.
 1897-98. 25,133 c. y. dr., bowlders removed, and 1,775 l. f. j. constr., 98, 2650.
 1898-99. Over 5,000 c. y. dr., 99, 3037.
 1899-00. About 35,000 c. y. dr. by U. S. plant belonging to Toledo H.; 145,000 c. y. dr. by contractor (photographs showing large bowlders); j. constr. in progress, 00, 4043-4045.
 1900-01. 74,579 c. y. dr. by contract, 27,355 c. y. dr. by U. S. plant, and 1,018' j. built, 01, 3231.
 1901-02. 6,035 c. y. dr. by U. S. plant, and soundings taken over entire chan., 02, 2259.
 1902-03. 60,297 c. y. dr. by contract, 03, 2061.
 1903-04. 351,436 c. y. dr., 04, 3162.
 1904-05. 50,929 c. y. dr. by U. S. plant, and 58,518 c. y. dr. by contract, 05, 2320.
 1905-06. 1,031,346 c. y. dr. by contract, and 202,271 c. y. by U. S. plant, 06, 1898.
 1906-07. 629,644 c. y. dr. by contract, 5,478 c. y. r. excavated, 4,014 c. y. dr. by U. S. plant, and 400 l. f. j. built by U. S., 07, 2067.
 1907-08. 277,176 c. y. dr., 14,081 c. y. earth and r. removed by contract, and U. S. dr. cast over st. on j. for 1,305', 08, 2146.
 1908-09. 93,387 c. y. earth and r. removed by contract, and 16,907 c. y. dr. by U. S. plant, 09, 2125.
 1909-10. 959 c. y. earth and r. removed by contract, and 119,899 c. y. dr. by U. S. plant, 10, 865, 2286.
 1910-11. 71,988 c. y. dr. by U. S. plant, and 750' e. j. shaped by U. S. dr. *Maumee* and hired labor, 11, 2483.
 1911-12. 2,949.1 t. st. placed in j. by contract, and 75,267 c. y. dr. by U. S. plant, 12, 2683.

PHYSICAL CHARACTERISTICS.

Description of, 66, iii, 6, iv, 34, 36; 68, 39; 69, 130; 72, 226, 227; 73, 328-331; 88, 1991; 93, 3063; 94, 2397; 95, 3087, 3088; 96, 2930; 97, 3053; 98, 2651, 2708-2715.
 Soundings in straight chan., 97, 3055-3061.
 Comparative soundings, 99, 3041; 00, 4049.
 Chan. over outer bar in better condition, 1899, than ever before known. Shoaling and narrowing at one place caused by efforts of SS. to get free after running aground, 99, 3037.
 Injuries to chan. from unskillful navigation, 00, 4043.
 Effect of j. constr. on currents, etc., all that could be expected, 00, 4045.
 Condition of chan. and permanent works, 03, 2059; 04, 3162; 05, 2320.
 Triangulations, 05, 2320.

PLANS. (See Estimates and Projects.)

By Lt. Col. Cram, 1864, 2 parallel ps. to protect the chan., 66, iv, 34; 67, 143.
 By Maj. Gillespie, (1) 1872, recom. imp. of w. chan., 72, 226; (2) 1873, dr. old chan. 14' x 200' x 8,000' of protection piers; (3) new and more direct chan. through Horseshoe Shoals, and 4,500' of protection piers; (4) continuation of imp. to existing chan. and dr. an. instead of building protection ps., 73, 330, 331.
 Maj. Harwood, 1873, considers permanent completion can not be effectual without confining chan. bet. canal dikes, 73, 327; 74, 217.
 By Maj. Wilson, 1882, increasing chan. d. to 16'; est., \$61,000, 82, 2390; 87, 2337.
 By Maj. Overman, 1887, increasing chan. d. to 17'; est., \$111,000, 87, 2337.
 By Maj. Overman, 1887, straight chan. by dr. from the n. end of Cedar Pt. to the e. end of the existing chan. in front of the city, chan. to be 200' x 17'; est., \$96,712, 87, 2337, 2339.

PRIVATE WORK.

Citizens of Sandusky dr. nearly 35,000 c. y., 1899, employing U. S. plant, 99, 3037.

PROJECTS. (See Estimates and Plans.)

Orig. cribwork for protection of Peninsula Pt., 75, 296, 297.
 By Col. Cram, 1864, 800' of p. and dr. to 12' d. the outer bar, 66, 24.
 By Maj. McFarland, 1870, dr. inner bar, 70, 173.

By Maj. Gillespie, 1873, d. w. chan. to 14', 73, 42, 327, 331.

By Lt. Col. Blunt, 1876, d. to 15', 79, 1683.

From 1844 to 1879, incl., \$222,580 app. and expend. on the protection of Peninsula Pt., and in dr. on the outer and inner bars, 80, 2105, 2109; 87, 2305.

History of operations and proj. prior to 1880, 80, 2105.

By Lt. Col. Michler, 1887, extend. as to limits of chan. 15' x 200' through the outer bar and in the B. up to within 50' of the dock line and then parallel to the docks, with 15' x 100', 80, 2110; 87, 2302, 2336.

From 1880 to 1886, incl., \$67,500 was app. and applied upon the proj. of 1880. In 1887 \$61,000 est. as required for completion of the entire proj., 87, 2305.

By Maj. Overman, 1888, excavation of a straight chan. 17' x 200' l. w., from the n. end of Cedar Pt. to the e. end of the existing chan. in front of the city, involving removal of 538,000 c. y. of material; est., \$96,712. This, with \$10,000 est. as required for the completion of the existing chan., makes a total for the proj. of \$106,712, or including the app. of 1883, of \$66,712 for completion, 88, 1991, 1993.

By Lt. Col. Smith, 1894, dr. chan. with d. of 18' on the outer bar; est., \$5,000, and dr. chan. of 17' along the dock front; est., \$25,000, 95, 3084.

In 1894 Lt. Col. Smith est. \$225,000 to complete the imp. of the H., 95, 3089; comprising the dr. of a chan. 18' x 400' or more from Deep Hole to the lake, and a chan. 17' x 200' along water front; chan. over the outer bar to be partly obtained and wholly maintained by confining the currents by a j. and dike of st. upon a foundation of mattresses, 96, 2928-2929; the j. from Cedar Pt. to be 2,500' l., and the dike to be on the opposite side of the chan., 97, 3053.

By Lt. Col. Smith, 1896, expend. balance of 1896 app. in constr. part of the j. from Cedar Pt., in dr., and in paying a small amount toward the constr. or purchase of a small SS., 96, 2930.

In 1898 Col. Smith est. \$425,796 to secure and maintain a permanent navigable chan. of sufficient d. next to Cedar Pt., 98, 2716.

By Col. Smith, 1898, enlarging proj. by extension of the parallel js. to about 5,000' from shore, and protection of the bar crest by a low dam of brush and st., these parts suppl. by a few small works of brush and st. to direct the currents and maintain the chans (map, 98, 2716) 98, 2708-2717; 99, 3037; est., incl. \$185,000 to complete the proj. of 1896, \$425,796, 00, 4043.

Act June 13, 1902, au. securing and maintaining chan. 21' x 400' at entrance and 300' in H. chan.; est., \$781,000, 01, 3276; 02, 496.

Act Mar. 3, 1905, modified proj. to exclude excavation of r. in dock chan., diminishing cost by \$320,000, 05, 606.

SURVEYS.

By Maj. McFarland, 1869, 69, 131.

By Maj. Gillespie, 1873, 73, 328-331.

Of H. made, 1879, 80, 2109.

Sur. au. act of Aug. 5, 1886, from n. end of Cedar Pt. to e. end of existing chan.; made by Maj. Overman, 87, 2336.

Sur., with a view to a straight chan. from the n. end of Cedar Pt. to e. end of the existing chan., au. act Aug. 5, 1886; made, 1887, by Maj. Overman (see Projects), 88, 1991.

Hydrographic sur. made 1892-93, by Lt. Col. Smith, 93, 3062, 3063; and another made, 1895, 95, 3085.

Sur. and est. required by act 1894; in 1895 Lt. Col. Smith submitted R., 95, 3089.

Sur. of the bar at the mouth of Sandusky H. au. act June 3, 1896; made, 1898, by Col. J. A. Smith, 98, 2708.

Minor ex., 99, 3037.

Ex. and sur. for 21' chan., m. l. l., 400' w. at entrance and 300' in H., au. act June 6, 1900. R. by Col. Smith, Aug. 22 and Nov. 17, 1900; est., \$781,000, and \$10,000 an. mainten. (H. D. 120, 56th, 2d), 00, 4045; 01, 585, 3270, 3275.

Ex. for further imp. au. act June 25, 1910. R. by Col. Millis, Aug. 22, 1910 (H. D. 78, 62d, 1st) (unfav.), 11, 933.

1905,	68,500.00,	05, 2325.
1906,	150,000.00,	06, 1900.
1907,	63,000.00,	07, 2071.
1910,	3,000.00,	10, 2289.

Total, 561,773.71 (incl. misc., \$561,800.38, 10, 2289).

COMMERCE.

Not extensive, but increasing, 96, 2934; 97, 3067.
Almost entirely iron ore and coal, 00, 4053.
Large and increasing, 01, 3237.
Marked reduction in rates noted, 06, 681; 12, 1098.
Decrease, 1910, over previous years, 10, 867.
In 1911, 1,257,724 t., an increase of 66,000± t. over 1910, 12, 1098.

CONTRACTS.

1866. W. H. Mott, labor, 66, iv, 74. F. D. Ketchum, st., spike, and timber, 66, iv, 74. J. Loveday, iron, 66, iv, 74.
1867. Brooks & Adams, timber, 67, 142, 232, 233. Brooks & Adams, materials and labor, 68, 152.
1869. W. Nicolls, materials, labor, and dr., 70, 174, 176; 71, 192.
1880. J. Stang, pile protection constr., 81, 2304.
1882. J. Stang, removal and reconstr. of old superstr., 83, 1900.
1884. L. P. & J. A. Smith, p. repairs and dr., 85, 2221.
1886. Stang & Gillmore, dr., 25¢ c. y., 87, 2307.
L. P. & J. A. Smith, repair to ps., 87, 2309.
1889. Stang & Kerr, p. repair, \$4,685.20, 89, 2315. W. St. John & Son, dr., 28¢ c. y., 89, 2313.
1890. J. Stang, for repairs to ps., \$5,270, 91, 2845. Carlin, Stickney & Cram, dr., 25¢ c. y., 91, 2847.
1893. Q. Gilmore, extension of ps., \$9,410.01±; Sadler & Allen, dr., 25¢ c. y., s. m., 93, 3069.
1895. J. Stang, p. extension, \$6,390.86±, 95, 3095.
1900. I. R. Churchyard, removing and rebuilding w. p. (annulled Apr. 25, 1901, at contractor's request), 01, 3239.
1906. The Hunkin Bros. Cons. Co., constr. concrete superstr. and building rubble mound j. on e. side of entrance, 1,800', 06, 1901.

DOCUMENTS. (Not printed in reports.)

Details relating to this imp. previous to 1867, S. D. 42, 35th, 1st, containing R. of Col. J. D. Graham, in 1857, 66, 5.

ENGINEERS.

Chief of Engineers. R., 66, 5, ii, 41, iii, 5, 6, 33, iv, 31; 67, 29; 68, 39; 69, 37; 70, 43; 71, 46; 72, 43; 73, 43; 74, 49; 75, 54; 76, 107; 77, 113; 78, 129; 79, 171; 80, 225; 81, 307; 82, 302; 83, 310; 84, 313; 85, 337; 86, 332; 87, 298; 88, 272; 89, 324; 90, 293; 91, 367; 92, 347; 93, 398; 94, 372; 95, 407; 96, 361; 97, 455; 98, 445; 99, 527; 00, 593; 01, 576; 02, 498; 03, 546; 04, 596, 609; 05, 607; 06, 680; 07, 703; 08, 748; 09, 785; 10, 866; 11, 920; 12, 1097.

Boards. BERH. reviews Maj. Kingman's R., recom. plan; est., \$315,500, with \$2,500 an. mainten., 04, 3214.

In charge:

Maj. J. D. Graham, 1857. R., S. D. 42, 35th, 1st. Col. T. J. Cram, 1866-69. R., 66, iv, 30, 73; 67, 142, 148, 230-233.
Maj. W. McFarland, 1869-71. R., 69, 131; 70, 174.
Capt. G. L. Gillespie, 1871-73. R., 71, 192; 72, 228.
Maj. F. Harwood, 1873-74; 73, 331; 74, 218.
Lt. Col. C. E. Blunt, 1874-76. R., 75, 297; 76, ii, 555.
Maj. N. Michler, 1876-78. R., 77, 959; 78, 1255; 79, 1673.
Maj. J. M. Wilson, 1878-83. R., 79, 1686; 80, 2117; 81, 2302; 82, 2393.
Maj. L. C. Overman, 1883-92. R., 83, 1898; 84, 2092; 85, 2219; 86, 1858; 87, 2307; 88, 1997; 89, 2313; 90, 2772; 91, 2843.
Lt. Col. J. A. Smith, 1892-1900. R., 92, 2498; 93, 3067; 94, 2400; 95, 3092; 96, 2931; (Col.) 97, 3064; 98, 2653; 99, 3051; 00, 4051.
Col. S. M. Mansfield, 00, 571.
Maj. Dan C. Kingman, 1901-06. R., 01, 3236; 02, 2260; 03, 2061; 04, 3163, 3209; (Lt. Col.) 05, 2323.
Maj. C. McD. Townsend, 1906-08. R., 06, 1899; (Lt. Col.) 07, 2070.
Lt. Col. John Millis, 1908-. R., 08, 2148; 09, 2127; 10, 2288; 11, 2485; (Col.) 12, 2687.

Assistants:

Capt. F. U. Farquhar, 66, ii, 41, iv, 30, 31.
Capt. G. J. Lydecker, 68, 151.
Capt. M. B. Adams, 75, 292.
W. T. Blunt. R., 02, 2262; 03, 2063; 04, 3165; 05, 2326.

ESTIMATES. (See Projects.)

By Maj. Graham, imp. of H., \$39,000; repairs of ps., \$26,782.
By Col. Cram, for an. preservation, \$2,000, 68, 149, 151.
By Maj. McFarland, \$1,500, 69, 131.
By Maj. McFarland, repairs, \$2,500; an. repairs, \$1,500, 69, 131.
By Capt. Gillespie, an. repairs, \$1,000, 71, 193.
By Maj. Harwood, entire and permanent completion of repairs, \$2,000, 73, 331; \$1,000, 74, 218.
By Maj. Michler, repairs to p., \$1,000, 77, 959.
By Maj. Wilson, rebuilding superstr. to both ps. and break'r, \$25,000, 79, 171, 1686.

LEGAL PROCEEDINGS.

Suit against U. S. by owner of land adjacent to p., 11, 2486.

* Allotment.

¹ Sur.—R., July 27, 1826; est. \$15,349.12. (H. D. 482, 55th, 2d.)

OPERATIONS.

1866-67. Both ps. repaired and cribs replaced; amount expend., \$10,960.24, 67, 142, 148; 68, 40.

1870. Ps. repaired and sand and r. removed from chan. by dr., 70, 48; 71, 192.

1873-74. Repairs to ps. by day labor, 73, 331; 74, 49.

1875-76. Repairs and dr., 75, 298; 76, ii, 555.

1878-79. Repairs to ps., 79, 171, 1673, 1686. Partial history of operations from 1826 to 1877, 77, 958.

1879-80. Repairs to ps., 80, 2121.

1880-81. 219 l. f. pile protection completed; repairs to ps., 81, 2302, 2303.

1881-82. 300 l. f. e. p. superstr. completed; p. repairs, 82, 2393.

1882-83. 250 l. f. old work removed and rebuilt; 182 l. f. superstr. removed and rebuilt; repairs to ps. by hired labor, 83, 1899.

1884-85. 501 c. y. dr., 185 l. f. of w. p. rebuilt, and 576 l. f. repaired; 48 l. f. pile protection built and 72 l. f. repaired; repairs to ps., 85, 2220.

1886-87. 4,147 c. y. dr. from bar; repair of ps. in progress, 87, 2307.

1888-89. P. repair under contract begun; 1,366 c. y. dr., 89, 2313.

1889-90. P. repair continued, 90, 2772.

1890-91. 8,092 c. y. dr.; repairs to ps. and extension of w. p., 91, 2844.

1891-92. W. p. extended 120'; minor repairs to superstr. of old ps., 92, 2499.

1892-93. Building of cribs for extension of e. and w. ps. in progress, 93, 3068.

1893-94. Work of last year completed, comprising extension of the e. p. by 80' and of w. p. by 40'; repairs made to superstr. of w. p., 94, 2401, 2402.

1894-95. 4,000 c. y. dr., and extension of e. p. by 72' in progress, 95, 3093, 3094.

1895-96. P. extension of last year completed, 96, 2932.

1896-97. 188' of old w. p. entirely removed, the site dr., and 180' of new p. 16' w. constr., 97, 3065.

1897-98. 9,347 c. y. dr., 98, 2654.

1902-05. Work of renewal on w. j., 02, 2260; 03, 2062; 04, 3163; 05, 2323.

1905-06. 131,206 c. y. dr.; work of renewal on w. j. completed, 2 cribs placed in extension of w. j. and foundations for pierheads constructed, 06, 1599.

1906-07. Progress of work on concrete superstr. and js., 07, 2070.

1907-08. 26,783 c. y. dr.; work under contract for concrete superstr. and building of js. completed, 08, 2148.

1908-09. 65,986 c. y. dr.; overhauling scows and tug, 09, 2127.

1909-10. 14,142 c. y. dr., 10, 2288.

1910-11. 14,220 c. y. dr.; minor repairs to ps., 11, 2486.

1911-12. Minor repairs to ps., 12, 2687.

PHYSICAL CHARACTERISTICS.

Description of 93, 3068; 96, 2933; 97, 3067.

H. so situated that the chan. d. vary but little from year to year; 19' 1900, 99, 3051, 3053; 00, 4053.

Description of chan. since new proj. was started, 07, 704.

Deterioration of ps., 10, 2288.

H. is lower mile of Huron R., 48± m. w. from Cleveland, Ohio, 8' chan. to Milan, 8 m. above mouth, but practically no navigation thereon, 12, 1097, 1098.

PRIVATE WORK.

The Wheeling & Lake Erie Ry. Co. given revocable license by the Sec. of War, 1896, for removal of a part of an old p. to enable them to constr. a dock 250' x 1,200' near the shore and parallel to the e. side of the harbor, 96, 2933. Dr. by the company, 99, 3051.

Wheeling & Lake Erie RR., dr. chan., 02, 2261.

PROJECTS.

History of the orig. proj., 77, 959.

By Col. Cram, repairs to the ps.; est., \$26,782, 66, iv, 31; 67, 142; 68, 149.

By Maj. McFarland, repairs to ps. and dr., 69, 131; 70, 174.

By Maj. Harwood, repairs and dr., 73, 331; 74, 318.

By Maj. Michler, repairs to ps., 77, 959.

By Maj. Wilson, rebuilding superstr. to both ps. and break'r at inner end of the w. p., 79, 1686.

The proj. adopted, 1826, and modified 1871, proposed extension of 2 parallel ps. 140' apart, to afford chan. for entrance not less than 14', 80, 2127; 85, 332. 1826 to 1880, \$101,273.71 had been app., 80, 2121.

In 1879 Maj. Wilson proposed rebuilding the superstr. to both ps. and reconstr. of a short break'r at the shore end of the w. p.; est., \$25,000, 79, 1686; 80, 2121. Increased in 1885 by \$6,500, 85, 2220; 87, 2308.

By Maj. Overman, 1890, 17' chan. d. by extension of ps. to 17' curve in the lake; est., with necessary dr., \$40,000, 90, 2773; 92, 2498.

In 1892-93 Lt. Col. Smith est. that after revising the proj. it would cost \$125,000 to extend the ps. to 16', 93, 3068.

By Col. Smith, 1899, application of available funds to renewal of parts of old ps., 99, 3051. After completion of this work, est. that \$206,400 would be required for further work of this character, 00, 4053.

Col. Smith recom., 1900, as in preceding years, and because of the increasing demand for d. chans., that no further extensions of the ps. be made under the plans and limitations of the proj. of 1890, 00, 4052.

Act Mar. 3, 1905, au. extension of w. j. 240' with pierhead 50' square; also another pierhead, same dimensions, 300' e. of 1st one; connecting it with shore by new j. of st.; chan. to be dr. to 21', and renewal of old e. j.; est., \$315,500 (H. D. 122, 58th, 2d), (see Surveys, 1902), 05, 607.

SURVEYS.

Of H., 1879, 80, 2121; 1882, 82, 2393.

A hydrographic sur. made to cover the chan. and approaches at Huron, 1892-93, by Lt. Col. Smith, 93, 3068.

Sur. chan. made in 1895, by Lt. Col. Smith, 95, 3094.

Minor sur., 00, 4053.

Pre. ex. and sur. au. act June 13, 1902, for 20' d. R., Maj. Kingman, Feb. 12 and Aug. 1, 1903; est., \$315,500, and \$2,500 an. mainten. (H. D. 122, 58th, 2d), 04, 609, 3209.

1909,	*2,000.00,	09, 2128.
1910,	1,000.00,	10, 2290.

Total, 167,601.28 (less \$1,323.73 returned to Treas., \$166,277.55, 12, 2689).

COMMERCE.

Is rapidly growing, 74, 218; no apparent increase since the ps. completed, 77, 961.

Not a C. port, but used to a small extent by fishing boats, and vessels often lie up at the H. for the winter or for repairs, 96, 2936; 97, 3070.

At 1898 C. for several years back averaged about 4,000 t. an., 98, 2656.

Place a resort for fishing boats, 99, 3053.

Insufficient to warrant d. chan., 04, 3239.

Letters from interested C. parties, 04, 3239.

In 1904, 4,900 t., 05, 609; in 1911, 1,608 t., 12, 1099.

Imp. has little effect on rates, as t. of port is small, 08, 750.

CONTRACTS.

1866. W. Nicoll, repairs to ps., 66, iv, 74; 67, 29, 143. J. Loveday, iron, 66, iv, 74; 67, 29, 143. Standart & Richardson, timber and lumber, 66, iv, 74; 67, 29, 143. F. D. Ketchum, st. and spikes, 67, 232, 233.

Lt. Col. John Millis, 1908-. R., 08, 2150; 09, 2128; (Col.) 10, 2289; 11, 2488; 12, 2689.

Assistants:

Capt. G. J. Lydecker, 68, 151.

Capt. M. B. Adams, 75, 63; 76, ii, 555.

W. T. Blunt. R., 04, 3167.

ESTIMATES. (See Projects.)

By Col. Cram, 1865, repairs to ps., \$15,315.94 (erroneously stated as \$16,461.94, 66, 27-29), 66, 5, iii, 5, iv, 27, 73. 1866, for repairs of w. p., \$6,511, 67, 143, 148, 230. 1867, \$8,000 to \$9,000, 67, 217.

By Capt. Gillespie, 1872, extension of ps. 400', \$25,000, 72, 228.

By Maj. Harwood, 1873, completion of repairs, \$5,000, 73, 332.

By Lt. Col. Blunt, 1874, to w. chan. to 100' and d. to 14', \$10,000, 74, 219. 1875, to complete chan. and repairs to ps., \$5,000, 75, 298. 1876, \$9,000 addl., 76, ii, 556.

By Maj. Wilson, 1879, completion of existing proj., \$5,000, and \$1,000 an. for mainten., 79, 1688, 1689.

OPERATIONS.²

1853-54. Some repairs made, 66, 26, 27.

1867-68. Repairs to old ps. above and under water, raising them to 5' above water, filling with st. and planking over all, 68, 40.

1872-73. 2,216.45 c. y. of solid and loose r. removed by drilling, blasting, and dr., 73, 332.

1873-74. E. p. extended 132', w. p. 66', blasting and dr. chan. completed, 74, 218.

1874-75. Repairs to ps. by day labor, 75, 298.

1875-76. 4,000 c. y., mostly r., blasted and removed from chan. by contract, 76, ii, 555.

1876-77. Fs. repaired and a cut at shore end of w. p. closed, 77, 961.

1877-78. Repairs to ps., 78, 129, 1256.

1878-79. Blasting r. and dr. r., gravel, etc.; chan. 70' x 12' obtained, 79, 172, 1673, 1688.

1879-80. Minor repairs to ps., 80, 2125.

1880-81. 5,656 c. y. shale r. dr. from chan., 81, 2305.

1881-82. 125' breach in e. p. repaired; 66 l. f. e. p. superstr. rebuilt, 82, 2395.

1882-83. Crib built and sunk in repair of w. p., 83, 1901.

1883-84. 106 l. f. of w. p. removed and rebuilt; 330 l. f. superstr. repaired, 84, 2093.

1886-87. Repairs to ps., 87, 2310.

1889-90. Repairs to ps. by hired labor, 90, 2774.

1892-93. 317 l. f. of the superstr. of e. p. rebuilt and 365 plank on the w. p. removed and replaced with new, 93, 3071.

1896-97. W. p. repaired by removing 3 cribs and superstr. and replacing these by an entire new section of p. after dr. the site, 97, 3069.

1898-99. Minor repairs to end of w. p., 99, 3053.

1900-01. Break around shore end e. j. repaired, 01, 3240.

1905-06. 217 l. f. inner end w. p. built up with a vertical face, and succeeding 755 l. f. reinforced and built up with sloping face. Work entirely completed, 06, 1901.

1907-08. Reinforcing and repair of js.; work completed, 08, 2150.

1910-11. Minor repairs to ps., 11, 2488.

* Allotment.

¹ \$1,323.73 returned to Treas.

² Suspended since 1838, 66, 5.

PHYSICAL CHARACTERISTICS.

Description of, **96**, 2935.
 Chan. d. bet. ps. vary less than at most other places on the lake, **95**, 3096.
 Damage to e. j. by storm, **01**, 3240; **02**, 2064.
 Deterioration of ps., **02**, 2263.
 Result of expend. provides chan. 11½' d. to inner end of ps. Chan. 8' extends to Lake Shore R.R. br., ½ m. above, **06**, 683.
 Slight deterioration of ps., **10**, 2289.

PRIVATE WORK.

Portion of superstr., 504 l. f. of the e. p., rebuilt by the citizens; much dr. done by them in times past, **66**, 27.

PROJECTS. (See Estimates.)

Orig., for ps. and dr. at mouth of Vermilion R.; details unknown (see Map, **66**, 1); partial history of, **66**, 26-29; **77**, 960.

By Col. Cram, 1865, repairs to e. and w. ps. by contract, **66**, 26-29, iv, 26; **67**, 143. For repairs and protection to w. p., **67**, 216; **68**, 40.

By Capt. Gillespie, 1872, d. chan. by blasting and dr., and repairs to ps., **72**, 228.

By Maj. Harwood, 1873, extension of e. and w. ps., **73**, 332.

By Lt. Col. Blunt, 1874, w. and d. chan. to 14' x 100'; blasting and dr. by contract, **74**, 219; **75**, 298; **76**, ii, 555.

By Maj. Michler, completing existing proj. by hired labor, **77**, 960.

Earliest proj. 1836, proposed extension of 2 parallel ps. from each side of R.'s mouth to 10' curve in lake. In 1838 proj. amended to provide for dr. bet. ps. Proj. subsequently amended to provide for increase of d. to 12', involving r. removal from chan. bet. ps. **66**, 27; **72**, 228; **73**, 332; **74**, 219; **77**, 960; **80**, 2122.

In 1880 proj. expanded to provide for an increase of chan. d. to 14' from d. w. in lake to city wharves, **80**, 2126; **86**, 1860.

Total amount app., 1836 to 1886, incl., \$123,701.28; est. cost of completion of existing proj., \$11,000, **86**, 1860, 1861; **87**, 2311.

In 1892 Lt. Col. Smith did not consider C. of H. sufficiently extensive to justify any further expend. other than such as would be required for the preservation of existing works, **92**, 2500.

Est. cost, 1899, to put the ps. and chan. in good condition, \$50,000, an expense that could not be justified by importance of the place, **99**, 3053.

Act Mar. 3, 1905, au. proj. for repair of existing js. in a durable and permanent manner; timber superstr. to be removed down to level of water, side walls of cribs to be reinforced by riprapping of heavy st. having a slope of 1 on 1½; slopes to be carried up above the surface of water so as to give j. height of 5'; cost, \$42,350 (H. D. 252, 55th, 2d), **05**, 609.

SURVEYS.

By Maj. Reynolds, 1865, **66**, 25.

Ex. of chan. made, 1892-93, by Lt. Col. Smith, **93**, 3071; and of chan. and ps., 1898, by same officer, **98**, 2656.

Pre. ex. au. act June 13, 1902. R. by Maj. Kingman, Sept. 17, 1902, and Aug. 26, 1903 (H. D. 252, 55th, 2d); est., \$42,350 for repairs to ps., \$2,400 for dr. chan., **04**, 609, 3236, 3241.

BERH. recom. repairs to ps. and no dr., **04**, 3239.

Pre. ex. au. act June 25, 1910, with view to securing addl. w. of H. entrance. R. by Col. Mills, Aug. 20, 1910 (H. D. 283, 62d, 2d) (unfav.), **12**, 1111.

Maps:

Of northern and northwestern lakes, showing location of imp., **66**, i.

1874. Cartwright, McCurdy & Co., iron, **73**, 334-337; **74**, 220. John Stang, materials and labor, **75**, 299, 300. Cartwright, McCurdy & Co., iron, **75**, 299, 300.

1875. Smith & Sims, dr., 28¢ c. y., **75**, 299, 300; **76**, ii, 557.

1881. J. Stang, constr. of pile revet., **81**, 2308; modified in 1883 to cover repairs, **83**, 1902. James Rooney, jr., dr., 24¢ c. y., **81**, 2308.

1884. J. Stang, p. repairs, **85**, 2224. Stang & Gillmore, dr., 21¢ c. y., **85**, 2224.

1886. Stang & Gillmore, dr., 25½¢ c. y., and repairs to ps., **87**, 2313, 2315.

1888. B. S. Horton, p. extension and repair, **89**, 162, 90, **89**, 2319.

1889. O. Townsend, dr., 35¢ c. y., **90**, 2776.

1890. J. Stang, p. extension and repair, **92**, 184, 75.

1891. J. Stang, p. extension and repair, **97**, 029, 80, **91**, 2851.

1893. J. Stang, repair and extension of ps., approx. total of bid, **16**, 000, **93**, 3074.

1895. J. Stang, p. extension, approx. total of bid, **85**, 390, 86, **95**, 3099.

1899. E. J. Hirston, dr., 14¢ c. y. (\$25,000), **00**, 4058.

1900. Patrick Keohane, constr. of js. and w. break'r, **01**, 3243.

1901. Patrick Keohane, suppl., moving e. j. 100' e., **02**, 500.

1904. Patrick Keohane, completion of e. break'r, **142**, 782, 50, **05**, 2331.

1905. The Buckeye Contracting Co., reconstr. and repairing parts of w. p., **06**, 1905.

1907. Patrick Keohane, suppl., substituting 5' of selected quarry-run st. for paving st. called for in orig. plans for w. break'r, **07**, 2075.

1910. The Breakwater Co., extending outer break'rs toward shore, **11**, 2491.

DOCUMENTS. (Not printed in Rs.)

R. of Col. Cram, dated Mar. 31, 1865, **66**, 23.

ENGINEERS.

Chief of Engineers. **R.**, **66**, 5, ii, 41, iii, 5, 33; **67**, 29; **68**, 40; **69**, 37; **70**, 48; **71**, 46; **72**, 43, 44; **73**, 43, 122; **74**, 49; **75**, 55, 151; **76**, 107, 108, 142; **77**, 114; **78**, 129; **79**, 172; **80**, 226; **81**, 309; **82**, 303; **83**, 311; **84**, 314; **85**, 339; **86**, 333; **87**, 299; **88**, 273; **89**, 325; **90**, 294; **91**, 369; **92**, 349; **93**, 400; **94**, 374; **95**, 408; **96**, 362; **97**, 457; **98**, 446, 454; **99**, 529; **00**, 594; **01**, 577; **02**, 499; **03**, 547; **04**, 593; **05**, 609; **06**, 633; **07**, 706; **08**, 750; **09**, 787; **10**, 868; **11**, 922; **12**, 1099.

In charge:

Col. T. J. Cram, 1864-68. **66**, 13. **R.**, **66**, 13, 23-25, iv, 26, 73-75; **67**, 142, 143, 230-233; **68**, 150-152.

Assistants:

Capt. G. J. Lydecker, **68**, 151.

Capt. M. B. Adams, **75**, 53; **76**, 106.

G. T. Nelles. **R.**, **01**, 3243; **02**, 2267; **03**, 2069; **04**, 3171 (R. on flood and on sediment and discharge observations, **04**, 3807); **05**, 2332.

ESTIMATES. (See Plans and Projects.)

(Orig. not known.)

By Col. Cram, for repairs to e. and w. ps.; **19**, 883, 09, **66**, 23. For an. repairs, **1**, 500, **68**, 150, 151.

By Maj. McFarland, an. repairs, **1**, 000, **69**, 132; **70**, 176.

By Maj. Gillespie, an. repairs, **1**, 000, **71**, 193. Extension of ps. and dr., **61**, 000, **72**, 239.

By Maj. Harwood, completion, **3**, 000, and an. repairs and dr., **4**, 000, **73**, 335. Addl. for completion, **10**, 000, **74**, 220.

By Lt. Col. Blunt, break'r for new II. of refuge, **1**, 000, 000. Not recom., **75**, 300.

OPERATIONS.¹

1865-66. Repairs of ps. and extension of inner end of e. p., **66**, iv, 26.

1869-70. Slight repairs to ps., by contract, **70**, 176.

1870-71. Slight repairs, **71**, 46.

1872-73. Extension of e. p. 165', and w. p. 150', and dr. 23,000 c. y., by contract, **73**, 334.

1873-74. P. extension by contract, 7 cribs sunk, and superstr. over 12 cribs completed; also dr. the outer bar, by hired labor, **74**, 220.

1874-75. 7 cribs sunk, completing the e. p., **75**, 55.

1875-76. Completion of w. p. extension, and dr. 21,996 c. y.; repairs, by day labor, to w. p., **76**, ii, 557.

1876-77. Repairs and extension of inner end of e. p., **77**, 962.

1878-79. Repairs to e. and w. ps., **79**, 172, 1674, 1690.

1879-80. Repairs to ps. by hired labor, **80**, 2131.

1880-81. Minor repairs to ps., **81**, 2306.

1881-82. 10,637 c. y. dr., 400 l. f. pile revet. built at inner end e. p., and minor repairs made to ps., **82**, 2396.

1882-83. Minor repairs to ps., 423 l. f. w. p. superstr. removed, **83**, 1903.

1883-84. 693 l. f. of superstr. of w. p. removed, 308 l. f. pile revet. at inner end e. p. rebuilt, 133 l. f. w. p. superstr. repaired; minor repairs to both ps., **84**, 2095.

1884-85. 3,331 c. y. dr. from chan., 656 l. f. of e. p. superstr. removed, 262 l. f. pile revet. placed on chan. side of w. p., and 225 l. f. of pile revet. placed on both sides of e. p., **85**, 2224.

1886-87. 3,994 c. y. dr. from bar at entrance, and repairs made to ps., **87**, 2313.

1887-88. P. repair continued under contract, **88**, 2000.

1888-89. Extension of w. p. and repairs to e. and w. ps. continued under contract, **89**, 2317.

1889-90. 2,000 c. y. dr., **90**, 2776.

1890-91. 6,400 c. y. dr. from chan. bet. ps.; e. p. extension and dr. in progress, **91**, 2849.

1891-92. E. p. extension completed; minor repairs to superstr. of old ps., **92**, 2501.

1892-93. 2,974 c. y. dr., **93**, 3073.

1893-94. E. and w. ps. repaired, and dr. done through bar, **94**, 2406-2407.

1894-95. Both ps. repaired, extension of w. p. in progress, and 9,405 c. y. dr., **95**, 3098.

¹ History of operations to 1879, **78**, 1258; **79**, 1689.

1895-96. P. extension of previous year completed, **96**, 2937.

1896-97. 39,684 c. y. dr., and reconstr. of w. p. in progress, **97**, 3072.

1897-98. W. p. extended, **98**, 2658, and 4,184 c. y. dr., **98**, 2659.

1898-99. 66,780 c. y. dr., **00**, 4055.

1900-01. 41,974 c. y. dr., **01**, 3241.

1901-02. 5 cribs, aggregate l. of 992', built and sunk for new e. j.; 4 cribs under constr.; 36 concrete blocks molded for superstr., **02**, 2264.

1902-03. 1,135' of crib substr. for js. sunk in place; 729 l. f. of concrete superstr. built on e. j.; timber cribs for pierheads of break'r partly constr. and 9,212 t. st. deposited in break'r. Rate of progress not satisfactory, **03**, 548, 2066.

1903-04. 1,192 l. f. of concrete superstr. completed; 17,903 t. of foundation st. and 21,989 t. of shale core st. placed; 49,000 c. y. s. m., of shale dumped by private parties on the line of the proposed e. break'r; brush mattress and stone placed for shore protection e. of e. pier. **04**, 599, 3168.

1904-05. Over 50,000 t. st. placed w. break'r; mainten. dr. by dr. *Maumee*; 951 c. y. concrete and 3,825 t. st. placed in pierhead and ps.; 11,123 c. y. shale core filling and 17,634 t. st. placed in e. break'r, **05**, 2332, 2333.

1905-06. Work on w. break'r and pierheads continued; st. placed in e. break'r, cost \$47,282.65; reconstr. w. p., **06**, 1904.

1906-07. St. to value of \$24,504 placed in w. break'r; concrete costing \$3,900 used in e. and w. p. reconstr. and pierheads; st. costing \$30,173 placed in e. break'r; concrete st. and iron placed in reconstr. w. p. at cost of \$18,329.77; mainten. dr. continued by dr. *Maumee*; proj. 75% completed, **07**, 707, 2075, 2076.

1907-08. Contract of Oct. 27, 1900, for constr. of w. break'r, ps., and pierheads 95% completed; contract of Aug. 3, 1904, for constr. of e. break'r 85% completed; contract of July 3, 1905, for reconstr. w. p. completed Jan. 31, 1908; mainten. work continued by dr. *Maumee*, proj. 90% done, **08**, 751, 2152.

1908-09. Contract of Oct. 27, 1900, for w. break'r, 2 pierheads, and removing and rebuilding parts of e. and w. ps. completed Aug. 4, 1908; contract of Aug. 3, 1904, for e. break'r completed Aug. 4, 1908; 41,760 c. y. material removed from Black R. bet. certain limits by dr. *Maumee* at cost of \$4,901.91; proj. 95% done, **09**, 788, 2129, 2130.

1909-10. Dr. *Burton* removed 19,379 c. y. of material from entrance chan. at cost of \$3,049.22, **10**, 2291.

1910-11. Dr. *Burton* removed 5,234 c. y. from entrance chan. at cost of \$978.09; work of extending break'r's shoreward begun and about 19% completed; H. lines estab., **11**, 2490.

1911-12. Dr. *Burton* removed 29,432 c. y. from area sheltered by break'r (imp. work); extension of break'r in progress and contract thereon 58% completed; whole project 88% done, **12**, 1100, 2691.

PHYSICAL CHARACTERISTICS.

Drift of sand from e. beach into H., with the usual drift of sand in the littoral current around the end of the w. p., **72**, 239; **73**, 335; **75**, 300.

Description of, **96**, 2938; **98**, 2718, 2721.

Chan. 20' d. existed bet. js. and outward to d. w. of lake, **01**, 577.

Rapid recession of shore line occurring near shore end of e. break'r, augmented by freshet conditions Jan., 1904, raising R. 8' to 10'; mattresses, dr. material, and riprap st. placed; freshet conditions shoaled chan. bet. js., **04**, 3168.

Report on rainfall and run-off, and movement of silt, **04**, 3171, 3803, 3807.

Water surface fluctuations similar to those at Cleveland, **08**, 751.

All ds. referred to m. l. l. 1860-75, **11**, 923.

PLANS. (See also Estimates and Projects.)

Break'r for H. of refuge, submitted by Lt. Col. Blunt, but not recom., **75**, 300.

PRIVATE WORK.

City of Lorain app. \$200,000 for w. and straightening R. from shore line to U. S. Steel Corporation

works, **03**, 2067; 160,000 c. y. dr., dumped bet. j. and beach to re-form latter, **04**, 3168.

See R. of operations, **04**, 3168.

Chan. 21' extends 3 m. up R. to steel plant, maintained by city, **09**, 788.

Inner H., consisting of about 3 m. of Black R., with turning-basin, under imp. by dr. at expense of city, **12**, 2691.

PROJECTS. (See Estimates and Plans.)

History of work, 1828 to 1880, **80**, 2131.

Orig., by Capt. Maurice, 1828, for parallel ps. of cribwork, brushwood, and loose st., running nearly at right angles to coast line, into lake. See map, **66**, and partial history of, **66**, 23; **77**, 962; **79**, 1680.

By Col. Cram, in 1865, repairs to ps. and extension of inner end of e. p., **66**, iv, 26; **67**, 142.

By Maj. Gillespie, repairs and extension of ps. and dr. to obtain 14', **72**, 229, 239.

By Lt. Col. Blunt, to obtain 15', **74**, 220. Completed in 1876, **76**, ii, 557. For repairs to e. p., and shore protection at the inner end, **76**, ii, 557.

Projs. bet. 1828 and 1880 proposed, by p. extension and dr. formation of chan. entrance of navigable w. and not less than 14' d. In 1880 expend. of \$175,138.92 resulted in chan. not less than 15' d., **80**, 226, 2132.

In 1880 Maj. Wilson proposed extension of ps. to 16' curve in lake, with renewal of 2,000 l. f. of old superstr.; est., \$42,000, **80**, 2131; increased 1882 to \$45,000, **82**, 2397; increased 1884 to \$64,000, on account of unexpected repairs, **84**, 2096.

In 1892 understood by officer in charge that Congress by app. of 1892 approved proj. for extending ps. to 17', **93**, 3072.

By Lt. Col. Smith, 1896, expend. app. of 1894 in extending w. p., and dr. and repairs, using \$7,500 for former and \$2,500 for latter, **96**, 2938.

By Lt. Col. Smith, in 1896, dr. chan. bet. ps. and into lake to 19', and w. of 150', at an actual cost of about \$6,000, **97**, 3072.

By Lt. Col. Smith, 1896, expend. app. of 1896 in removing and rebuilding 396 l. f. of w. p., **97**, 3072.

In 1897 Col. Smith est. \$590,500 or \$695,500 to imp. H., **98**, 2721.

By Col. Smith, 1897, extension of e. break'r 1,500' and w. break'r 1,800'; for 2 pierheads; extending and rebuilding ps.; and dr. anchorage and chan.; est., \$695,000, **98**, 2721; **99**, 3055; **00**, 4054-4062. Drawings, **00**, 4054. Act June 6, 1900, provided that cost of any part of work should not exceed by more than one-tenth the orig. est., **00**, 4056.

Est. of entire proj., 1900, \$705,350, **00**, 4057.

Type of work found, 1889, most suitable for break'rs, **00**, 4055.

Proj. of 1894 au. Mar. 3, 1899, provides 2 break'rs 500' apart and prolongation of axial line in jettied chan., rebuilding js., and dr. protected areas to d. of 20'. Proposals invited on this work but lowest bid in excess of amount allowed by law. Act June 6, 1900, au. expend. not to exceed 10% increase over orig. est., which would cover all the proposed works except e. break'r; est. for latter, \$190,000, **01**, 577.

Plans modified to allow 300' instead of 200' chan. bet. js., **02**, 499.

\$135,000 remains after completion of proj. au. June 6, 1900; to be applied to constr. of e. break'r, **04**, 599.

Sheathing of j., costing \$50,000, recom. in mainten. **04**, 3169.

Outer thickness of 5' selected quarry st. substituted for paving w. break'r in accordance with finding of B.E. which studied Cleveland Break'r, **07**, 2075.

Act of Mar. 2, 1907, au. \$15,000 for dr. e. side of Black R. from inner end of e. U. S. p. to East Erie Ave. Br., **07**, 706.

In the 5 years prior to 1908, nearly \$24,000 spent for mainten., **08**, 751.

Act Mar. 3, 1909, au. extension of the w. arm of break'r toward shore, **09**, 788.

Act June 25, 1910, au. extension of both e. and w. arms of break'rs toward the shore, and dr. in the H.; est., \$248,129; with \$5,000 for an. mainten. (H. D. 644, 61st, 2d), **10**, 868.

SURVEYS.

By Maj. Reynolds, 1865, **66**, 25.
By Lt. Col. Blunt, 1874, for break'r for H. of refuge, **R.**, **75**, 300.

In 1892-93, a hydrographic sur. and sur. of chan. and its approaches made by Lt. Col. Smith, **93**, 3073, and another sur. of chan. made, 1895, by the same officer, **95**, 3098.

Sur. of H., with view to providing better access for boats and for their safety, au. act June 3, 1896; made by Col. Smith, 1897 (see Projects), **98**, 2717.

Ex. bet. js. showed d. of 20' had been maintained, **01**, 577.

Comprehensive sur. for basis of comparison, **02**, 2269.

Pre. ex. and sur. of Lorain H., incl. portion of Black R. from inner end of the U. S. ps. to East Erie Ave. Br., au. by R. and H. act Mar. 2, 1907; est., \$23,000 (H. D. 560, 60th, 1st), **08**, 761.

Pre. ex. and sur. of Lorain H. with view to enlarging and imp. outer H. area, also dock wall at e. side of R. extending e. of U. S. p.; **Rs.** 1909 and 1910; est., \$248,129 (H. D. 644, 61st, 2d), **10**, 879.

Maps. (H. D. 644, 61st, 2d):

Oin. and n.w. lakes, showing location of H., and of H., showing its condition Sept., 1865; **66**, 6.

81, 2308; **91**, 2850; **94**, 2407; **12**, 2692.

Cross section of proposed e. break'r, **04**, 3172.

Lorain H., Ohio, **09**, 2130.

Lorain H. and Black R., showing extension of break'r, **10**, 2291; **12**, 2692.

Photographs. **98**, 2660, 2722.

Drawings. (See Projects, 1897.)

Cong. docs., etc., relating to exs., sur., plans, etc., **01**, 3244; **11**, 922, 923; **12**, 1100.

QQ-24

ROCKY RIVER HARBOR, OHIO.

APPROPRIATIONS.¹

1872, \$10,000, **72**, 45.
1874, 10,000, **74**, 50; **75**, 301.
1875, 15,000, **75**, 165.
1880, 4,000, **80**, 2134.

Total, 39,000

COMMERCE.

Unimportant, **72**, 235; **74**, 221; **75**, 301; **76**, ii, 557.

Requirements of C. discussed, **73**, 345; **74**, 221; **76**, ii, 557.

Not great; H. mostly used by yachtsmen and pleasure craft, **04**, 3225.

CONTRACTS.

1872. Hemenway & Garfield, materials and labor, **73**, 345; contract extended, **73**, 345.

1874. J. Caldwell, materials and labor, **75**, 302. Cartwright, McCurdy & Co., iron, **75**, 302.

1876. J. Caldwell, dr., materials, and labor, **75**, 302; **76**, ii, 558. Wm. H. McCurdy, iron, **75**, 302; **76**, ii, 558.

ENGINEERS.

Chief of Engineers. **R.**, **70**, 32, 50; **71**, 48; **72**, 45; **73**, 45; **74**, 50; **75**, 55, 165; **76**, 108; **80**, 226; **81**, 309; **82**, 304; **83**, 312; **84**, 315; **85**, 339; **86**, 334; **87**, 300; **88**, 273; **04**, 609; **08**, 760.

Boards. BERH. reviews Maj. Kingman's sur. R. of 1902, and states locality not worthy of further imp. **R.**, **04**, 3226.

In charge:

Maj. W. McFarland, 1870; **70**, 50. **R.**, **71**, 211-213.

Maj. G. L. Gillespie, 1872. **R.**, **72**, 235.

Maj. F. Harwood, 1873-74; **73**, 42. **R.**, **73**, 345; **74**, 221.

Lt. Col. C. E. Blunt, 1874-76; **74**, 215. **R.**, **75**, 301; **76**, ii, 557.

Maj. J. M. Wilson, 1879-83. **R.**, **80**, 2132; **81**, 2309; **82**, 2398.

Maj. L. C. Overman, 1883-88. **R.**, **83**, 1905; **84**, 2097; **85**, 2227; **86**, 1862; **87**, 2315; **88**, 2001.

Maj. D. C. Kingman, 1904. **R.**, **04**, 3223.

Lt. Col. C. McD. Townsend, **08**, 743.

Assistants:

I. Camp, **71**, 211.

D. Enwright, **71**, 211.

Capt. M. B. Adams, in immediate charge of operations, **75**, 292.

ESTIMATES. (See Plans and Projects.)

By Maj. Harwood, 1873, entire and permanent completion, \$250,000, **73**, 345; 1874, \$240,000, **74**, 221.

OPERATIONS.

1871-72. At close of the working season, cribs were ready to sink for p. on the e. side of chan., **73**, 345.

1872-73. 360' of p. completed, **74**, 221.

1873-74. 288' added to the p., **75**, 301.

1874-75. 180' of p. built, making it "now" 828' l.; 31,820 c. y. removed from chan. by dr., **76**, ii, 557.

1880-81. 120 l. f. of cribwork built, 135 l. f. top-course superstr. removed, and 175 l. f. replanked, **81**, 2310.

1883-84. Repairs to ps. with hired labor, **84**, 2097.

PHYSICAL CHARACTERISTICS.

Description of, **71**, 211; **72**, 235.

PLANS. (See Estimates and Projects.)

Maj. Overman, 1888, reported "existing" imp. sufficient, **88**, 2001.

PRIVATE WORK.

Small amount of dr., **71**, 212.

PROJECTS. (See Estimates and Plans.)

By Maj. McFarland, 1871, 500' p. extension, dr., and blasting if required, \$93,347.30, or \$212,226.60, **71**, 212.

By Maj. Gillespie, 1872, expend app. by building p. on e. side of chan., and pilework, **72**, 235.

By Lt. Col. Blunt, 1875, further p. extension, d. chan. by dr., **75**, 301.

Proj. of 1871 proposed formation of chan. of entrance from Lake Erie 100' w. and from 6' to 12' d. by constr. of an e. p. and dr., **71**, 212; **80**, 2133; **81**, 2310.

SURVEYS.

Sur. and ex. au. act July 11, 1870, **70**, 32; assigned to Maj. W. McFarland, **70**, 50. **R.**, **71**, 211.

Pre. ex. au. act June 13, 1902. **R.** by Maj. Kingman, Sept. 6, 1902 (H. D. 37, 58th, 2d) (unfav.), **04**, 609, 3222.

Pre. ex. au. act Mar. 2, 1907. **R.** by Lt. Col. Townsend, June 14, 1907 (H. D. 559, 60th, 1st) (unfav.), **08**, 761.

Maps. **81**, 2310.

¹ Statement of app., **75**, 301. Recom. concerning further app., **72**, 235; **73**, 345; **74**, 221; **76**, ii, 345.

 Report of Board of Industry upon development of lake C. and necessity for increased H. facilities, 88, 2008.
 Description of, 96, 2950; 98, 2728-2731.
 Large shipments of coal, 96, 2947; more than 7,000,000 t. of freight carried, 1896, 96, 2950.
 Large and increasing, 98, 2670, 00, 4067.
 7 new vessel lines estab., 05, 2341.
 Marked reduction in rates, 06, 686; 10, 871.
 Diagram showing relation of tonnage, value, and app., 11, 2496-2498.
 Tonnage, 1911, 10,949,760 t., 12, 1103.

CONTRACTS.

1866. J. E. & D. E. Bailey, st. and labor, 66, iii, 74; 67, 142, 232. Patrick Smith, piles, 66, iii, 74; 67, 142, 232. J. D. Palmer & Wright, timber and

lumber, 66, iii, 74; 67, 142, 232. James Loveday, iron, 66, iii, 74; 67, 142, 232.

1871. A. Spaulding, dr., 25¢ c. y., 71, 194; 72, 229.

1874. Hemmingway & Garfield, materials and labor, 75, 303. Cartwright, McCurdy & Co., iron, 75, 303.

1875. C. H. Strong, materials and labor, 76, ii, 559. W. H. McCurdy, iron, 76, ii, 559.

1877. W. H. McCurdy, iron, 77, 964. Ferris & Garfield, materials and labor, 77, 964; 79, 1697.

1878. W. H. McCurdy, iron, 79, 1697. F. H. Colton, timber and labor, 79, 1697.

1879. C. H. Strong, timber and labor, 79, 1697. O. Sherwood and J. Geissendorfer, break'r constr., 80, 2145. G. Worthington & Co., iron, 80, 2145.

1880. P. Smith, dr., 30¢ c. y., 80, 2146. J. Barrett, iron, 81, 2314. J. C. Williams, break'r constr., 81, 2315.

1881. J. Stang, pile protective works, 81, 2315. C. G. Hubbell, iron, 81, 2316. Sherwood, Strieber & Geissendorfer, material and workmanship, 81, 2317.

1882. W. H. McCurdy, iron, 83, 1909. L. P. & J. A. Smith, materials and labor, 83, 1910. W. P. Stanton, driftbolts and boat spikes, 2 $\frac{1}{2}$ ¢ and 2 $\frac{1}{2}$ ¢ lb., resp., 83, 1910.

1884. J. Stang, repair of lake arm of break'r, 85, 2232.

1885. L. P. & J. A. Smith, filling st., \$5.50 cord, 86, 1868.

1886. L. P. & J. A. Smith, foundation st. for break'r, 87, 2318, 2322.

1887. L. P. & J. A. Smith, break'r constr., 87, 2318, 2322. B. S. Horton constr. of break'r parapet, 87, 2319, 2322.

1888. W. M. Pattison, driftbolts and spikes, spikes, 2 $\frac{1}{2}$ ¢ lb., 89, 2323. Kelley Island Lime and Transport Co., foundation st., \$4.39 cord. J. B. Donnelly, st. and timber, \$65,268, 89, 2324. A. Lacour, iron, \$3,926, 89, 2324.

1890. Kelley Island Lime & Transport Co., st., \$10,680, 91, 2857. L. P. & J. A. Smith, break'r extension, \$47,954, 91, 2857. W. M. Pattison, iron, \$3,147, 91, 2857. Carlin, Stickney & Cram, dr., 25¢ c. y., 91, 2859.

1892. L. P. & J. A. Smith, constr. of break'r, approx. total, \$59,825.37, 93, 3080.

1893. Sadler & Allen, dr., 14¢ c. y., 93, 3080.

1896. J. B. Donnelly, constr. of e. p., approx. total, \$27,484.77, 96, 2948.

1897. Hunkin Bros., repair of break'r, approx. total, \$413,843.78, 97, 3081.

1898. J. B. Donnelly, furnishing st. in place for foundation of e. break'r, 92¢ t., 98, 2671.

1899. W. A. McGillis & Co., dr., 11.95¢ c. y. (70,000), 99, 3063.

1902. The L. P. & J. A. Smith Co., dr.; Hughes Bros. & Bangs, imp. and enlargement of H. (e. division); Hughes Bros. & Bangs, imp. and enlargement of H. (w. division); the L. P. & J. A. Smith Co., imp. of main entrance to H., 03, 2075.

1905. The Hunkin Bros. Constr. Co., repairing shore end of w. break'r; The L. P. & J. A. Smith Co., dr., 06, 1910, 1911.

1907. The Great Lakes Dredge & Dock Co., dr., 08, 2160.

1909. The Breakwater Co. (successors to Hughes Bros. & Bangs), further extension of break'r, 09, 2135; The Great Lakes Dredge & Dock Co., dr., 10, 2294.

1910. The Great Lakes Dredge & Dock Co., dr., 17¢ c. y., 163, 812 c. y., 10, 2496; Great Lakes Constr. Co., break'r repairs, 31,366 t. st., 30,646 t. in place at \$1.30 and 720 t. in place at \$3, 11, 2496; 12, 2697. The Breakwater Co., break'r constr. and removal, 237,000 t., at \$1.30 t. in place; removing 1,725 l. f. break'r, at \$10 l. f., 11, 2496; 12, 2697.

* Allotment.

Boards:

1875. To consider subject of break'r; various plans discussed. Recom. a closed break'r with area of 200 acres. Adjourned to await ex. of lake bed, 75, 308. Reassembled and selected the w. side of the city front for its location, and recom. its constr. as follows: W. side, 1,000' pile p. from shore line to 15' of water, thence 1,400' of cribwork extending to 27' water. N. side, 4,700' of cribwork nearly parallel with the shore. E. side, extension of the w. H. p. 600', leaving an entrance 300' in w. to new H. Est., \$1,373,000. R., 75, 308. (Col. Woodruff, Lt. Col. Blunt, Maj. Comstock and Wilson.)

Constituted by S. O. No. 98, 1884, Corps of Engineers (Lt. Col. McFarland and Wilson and Maj. Overman), 85, 2234.

Appointed to review plans under which e. break'r is being constr., revision made necessary by settlement of sand core break'r (DO.'s plan. approv.), 07, 2080.

In charge:

ESTIMATES. (See Plans and Projects.)

By Col. Cram, proposed extension, \$59,806, 66, 23, iv, 73; addl. to complete existing proj., \$3,691; addl. for chan. for vessels drawing 14' water, \$130,000, 67, 252.

By Maj. Harwood, break'r for H. of refuge, \$500 l. f.; aggregate, \$4,000,000, 74, 237.

By Lt. Col. Blunt, break'r in 4-fathom water, \$521,000; in 5-fathom water, \$1,155,000, 75, 305, 306.
By B.E., break'r, \$1,373,000; softness of the lake bed might increase the cost 25%, 75, 310.

By Chief of Engineers, modified to \$1,800,000, 75, 303. To complete existing proj., \$1,500,000, 79, 173, 1695.

LEGAL PROCEEDINGS.

Part of proj. delayed because of difficulty in obtaining necessary land, 97, 3078; 98, 2666; 00, 4067.

Claim in hands of Dept. of Justice for collection, against owners of barge *John Fritz*; damages (\$2,315.67) done in collision with w. p., 01, 3247.

Petition submitted to War Dept. by property owners for estab. of H. lines along the H. front from East 9th St. to Gordon Park; referred by the Chief of Engineers to mayor of Cleveland; a R. and H. commission appointed by mayor, 11, 2495.

Lease of water front of U. S. Marine Hospital by Cleveland Yacht Club should be terminated; pre-vents constr. of storehouse provided for by act Mar. 2, 1907, 12, 2695.

OBSTRUCTIONS.

Filling of H., 1900, preventable, 99, 3078.

OPERATIONS.

1865. Repairs to w. p., 66, 22.

1867-68. 450 l. f. of w. p. built, 68, 41.

1868-69. 50' added to w. and 400' to e. p., 69, 133.

1869-70. 175' added to e. p., making ps. of equal length; w. p. repaired, 70, 178.

1870-71. Repairs to e. pierhead, dr. 9,500 c. y., 71, 47.

1871-72. 65,664 c. y. sand and gravel removed; e. and w. ps. repaired by day labor, 72, 229.

1874. Repairs to ps., 74, 222.

1875-76. Repairs to ps. by contract, 75, 303. Repairs to e. p. in progress, 77, 964. 333' of pile p. for break'r completed, 76, ii, 558.

1876-77. 1,150' of pile p. nearly completed, 77, 964.

1877-78. Substr. of break'r extended 300' by 6 cribs, each 50' l.; repairs to e. p., 78, 129, 130, 1261, 1263.

1878-79. 600 l. f. of cribwork sunk, 500 l. f. of superstr. built, and st. foundation prepared for 1,000 l. f. of cribwork for break'r; repairing ps. and dr. at mouth of R., 79, 172, 1693.

1879-80. 800 l. f. cribwork sunk, 1,054 l. f. superstr. built, 208 c. y. st. placed in pile portion of break'r, 550 l. f. foundation completed upon new break'r, 80, 2142; 737 l. f. w. p. superstr. rebuilt, 80 l. f. e. p. repaired, 12,302 c. y. dr. at mouth of Cuyahoga R., 80, 2143.

1880-81. Method of break'r constr.: 700 l. f. cribwork sunk and 700 l. f. of superstr. built, 81, 2312.

1881-82. 620 l. f. pile protection built, repairs to 541 l. f. of e. p. and 500 l. f. of w. p., 700 l. f. superstr. filled with st., 350 l. f. ripped with heavy st., 1,800 l. f. foundation completed, 1,100 l. f. cribwork, 82, 2399, 2400. Abstract of materials used in constr. of 1,004 l. f. of break'r, 82, 2403.

1882-83. Repairs to U. S. boathouse, 4,000 c. y. dr. bet. ps. minor repairs to new break'r, 950 l. f. foundation built, 1,600 l. f. cribwork sunk, 1,350 l. f. superstr. completed, 83, 1906, 1907, 1908.

1883-84. 21,122 c. y. dr. from bet. ps. repairs to break'r injured by collision, repairs to settled part of break'r, 505 l. f. foundation built, 950 l. f. cribwork placed, 1,900 l. f. of break'r ripped, 1,912 l. f. superstr. built, 84, 2098, 2099, 2100, 2101. Proj. of 1875 completed, 85, 2228.

1884-85. 163 l. f. decking of e. p. renewed, 80' of decking of w. p. renewed. Repairs to e. p. cribs, repairs to U. S. Engineers' boathouse, repairs to break'r, junction of crib top, and lower course of superstr. closed by boiler-iron plating, 85, 2228, 2229.

1885-86. 988 cords st. placed in lake arm superstr., 86, 1864. 150 cross-ties spliced and replaced, 2,120 t. st. placed in break'r, 86, 1865.

1886-87. Progress on formation of foundation of break'r, repairs to ps. and break'r, 87, 2318.

1887-88. Foundation of 1,200 l. f. of break'r completed by deposit of 4,620 cords of st.; 600 l. f. of break'r parapet and superstr. completed; 3,530

l. f. of parapet wall built; repairs to ps. and superstr. by hired labor, 88, 2002, 2003.

1888-89. Superstr. placed on 7 cribs by hired labor; 7 cribs placed and filled under contract; repairs to ps. and break'r by hired labor, 89, 2320, 2321.

1889-90. 550 l. f. of break'r completed under contract; repairs to ps. by hired labor; 3,256 c. y. dr., 90, 2778.

1890-91. 13,300 c. y. dr. from chan. bet. ps. and from break'r basin; extension of e. break'r begun, 91, 2854.

1891-92. 4,786 c. y. dr.; repairs to break'r, 92, 2503.

1892-93. 4,252 c. y. dr., 93, 3076; dr. in progress, and extension of e. break'r in progress, 93, 3077.

1893-94. In connection with previous year, 142,998 c. y., s. m., dr., and 450 l. f. e. break'r extended, 94, 2410.

1894-95. W. break'r repaired, 95, 3105; removal of 200 l. f. of w. break'r in progress, 95, 3104; and H. line on e. side of R. changed, 95, 3105.

1895-96. Opening of w. break'r, commenced in previous year, completed, 96, 2940; and 11,033 c. y. dr., 96, 2941.

1896-97. Old e. p. removed and replaced with new p., 97, 3075; 64,323 c. y. dr., and repairs made to break'r, 97, 3077.

1897-98. Repair of w. break'r in progress, 98, 2662; storehouse erected on w. p., small SS. purchased, and extension of e. break'r in progress, 98, 2664, 2665.

1898-99. Concrete superstr. of w. break'r under constr.; foundation of riprap st. for e. break'r extension completed; 15,648 c. y. dr.; constr. of part of w. p. in progress; damaged works repaired (photographs), 99, 3057.

1899-00. Concrete superstr. of w. break'r in progress of constr. (photographs; sketch map); completion of e. break'r and reconstr. of w. p. in progress; repairs made to old w. break'r; 520,792 c. y. dr. (photographs), 00, 4064.

1900-01. Work in progress on the renewal of superstr. of w. break'r, extension of e. break'r, repair and renewal of js., and dr.; damages to w. p. by barge *John Fritz* repaired, cost, \$2,315.67, 01, 3245, 3247, 3249.

1901-02. Work in progress on renewal of superstr. of w. break'r and extension of e. break'r; damage done by SS. *Superior* in collision with e. p. repaired (cost, \$90, refunded by owners), 02, 2269, 2272, 2275.

1902-03. Renewing superstr. of w. break'r, repairs to e. break'r and dr. continued, 03, 2072.

1903-04. Renewing superstr. of w. break'r completed; repairs on e. break'r continued; work on new entrance to H. in progress and about 17% completed; break'r extension continued and about 13% completed, 04, 3174, 3176, 3180.

1904-05. W. break'r repairs completed, total cost \$438,725.13; sheathing e. break'r continued; e. j. at mouth of Cuyahoga R. repaired; work on main entrance and break'r extension continued; dr. *Burton* completed and delivered, 05, 2335, 2341.

1905-06. Repair and reconstr. of 662' shore end of w. break'r with concrete begun; imp. of main entrance and break'r constr. continued; 256,580 c. y. dr. from w. basin; dr. *Burton* removed 68,080 c. y. from e. basin, 06, 1906, 1909, 1910.

1906-07. Repairs to shore end of w. break'r completed; main entrance work and break'r extension continued; 980,820 c. y. dr. and 26,474 c. y. removed by dr. *Maumee*, 07, 2079, 2081.

1907-08. Main entrance imp. continued; e. break'r constr. continued; 55,295 c. y. dr. from w. basin; 33,185 c. y. dr. from e. basin, completing contract, a total of 1,270,585 c. y. having been removed, 08, 2155, 2157.

1908-09. Main entrance imp., consisting of 2 pierheads, w. break'r, e. break'r, w. protection and e. protection, completed; extension of main break'r continued, w. division completed, 1908; 746,333 c. y. removed from w. basin, completing contract, a total of 801,628 c. y. having been removed; wharf constr. at foot of Erie St. begun, 09, 2132-2134.

1909-10. Further extension of e. break'r continued; 232,803 c. y. dr. from shoals in e. and w.

basins and entrance chan.; constr. of wharf at foot of Erie St. completed (cost, \$84,628.15); dr. *Maumee* removed 2,290 c. y. from shoal at foot of E. 9th St., 10, 2292, 2293.

1910-11. 122,220.9 t. riprap placed in extension of break'r; 163,812 c. y. dr. from e. and w. basin and entrance chan.; 1,686.7 t. st. used in repairs to timber section e. break'r; 14,448 c. y. dr. from shoal in e. basin; 63,385 t. riprap, etc., used in closing gap bet. timber and rubble mount section e. break'r, 11, 2493.

1911-12. 124,788.3 t. large st. and quarry run st. placed in extending main break'r eastward; 93,911.1 t. riprap st. and quarry waste used in closing gap bet. timber section of e. break'r and rubble mount section; 20,946 c. y. dr., 12, 2694.

PHYSICAL CHARACTERISTICS.

D. of water on outer bar diminished 5' during violent storms, 71, 194.

Character of lake bottom, 75, 304.

Description of, 74, 233; 75, 309; 93, 3077; 94, 2410; 95, 3102; 97, 3078; 98, 2665, 2669, 2670, 2726.

In 1897 the officer in charge did not deem it advisable for physical reasons to abandon constr. of shore arm of break'r, as at that time planned, 98, 2725.

Storms damaging works (photographs), 00, 4065. Surs. made 1901-02 indicate an. deposit of silt amounts to 40,000 c. y., 02, 502.

Silt deposit, floods and discharge, 04, 3176, 3186. Silt shoals in H. too light to be removed efficiently by dr. *Burton*, 06, 2336, 2343.

Storm on Lake Erie, Oct. 26, 1906, caused considerable settling in the 2,000' of completed e. break'r where much sand had been used as core filling, 07, 2080.

A 25' chan. at R. mouth provided; large outer H. available for docks, and an anchorage nearly constr., 11, 925.

U. S. dr. *Maumee* wrecked near main entrance; raised and towed to local shipyard, and hull repaired, 12, 2696.

PLANS. (See Estimates and Projects.)

Sketches of, suggested for a H. of refuge by Board of Trade of Cleveland, 74, 234.

By P. C. Watmough and Maj. Harwood, 74, 235.

By Lt. Col. Blunt and Maj. Harwood, 75, 306.

Discussion of pile ps., 66, iv, 19, 20, 69-72; 68,

156; 69, 133-136; 73, 338.

Bids received for break'r constr. considered excessive; readvertised with substitution of lake sand as core of break'r; privilege also allowed to quarry st. on West Sister Isld. in Lake Erie belonging to U. S., 03, 2072.

By Maj. Kingman, imp. of land owned by U. S. in Cleveland H. and used by marine hospital; plan presented for dock constr., etc.; est., \$500,000, 03, 2073.

Specifications for break'r called for a sand core; upon constr. 20% of sand escaped through the st.; plans modified, 04, 3176.

By Lt. Col. Townsend, approv. by a BE., for completing e. break'r by using quarry-run st. containing not more than 25% st. weighing less than 1 ton in substitution for sand filling of orig. spec., 07, 2080.

PRIVATE (CITY AND CORPORATE) WORK.

Dr. by the city on bar, 66, 22.

E. p. in possession of private parties, 66, 22, 23, ii, 37.

The Cleveland & Pittsburgh RR. Co. permitted to use a portion of the e. p., agreeing to keep it in repair, 77, 965.

Dr. by city, 90, 2778; 94, 2410.

Dr. and other work, by city, 01, 3246; 02, 2270; 03, 2083; 04, 3187; 05, 2348.

Considerable amount of filling in rear of U. S. wharf done by city, with an. of U. S.; area so reclaimed will be valuable to the U. S., 12, 2695.

Cuyahoga R. has navigable d. of 20' for 5½ m. above H., and is maintained by local authorities, 12, 1103.

PROJECTS. (See Estimates and Plans.)

Orig. ps. at mouth of Cuyahoga R. and dr.; details not known (see map), **66**, 23.

By Col. Cram, repairs of ps. **66**, 13, 22. Extension of w. p. 500' and e. p. 575', 18' w. and 5' above water, **66**, 23. Pile-pier constr. adopted for p. extension instead of cribs, **66**, iii, 5, 20.

By Maj. Gillespie, repairs of ps. by day labor, and dr. to 18' by contract, **71**, 193, 194; completed, **72**, 229.

By Maj. Harwood, repairs to ps. by day labor, **73**, 337; **74**, 222.

By Lt. Col. Blunt, repairs to e. p., **77**, 965.

By B.E., as finally adopted, **75**, 303.

By Lt. Col. Blunt, shore arm of break'r by contract as far as available funds would allow, **75**, 303.

By B.E., 1875, break'r on w. side of mouth of Cuyahoga R.; est., \$1,800,000, **80**, 2141, 2143; **85**, 2228. Modification by Chief of Engineers, **75**, 303; **80**, 2141. Completed in 1883; cost, \$800,000, **85**, 2228. Modified in 1884 by B.E., by addl. break'r with parapet; est., \$500,000, **85**, 2235; **87**, 2317, 2319. Amount required, in 1888, for completion of above proj., incl. app. of 1888, \$219,250.

In 1888 Maj. Overman proposed to extend lake arm of e. break'r from about 1,100' to 3,500' in l., then incline toward the shore on a line parallel with the "present" proj. break'r, and constr. 2,000 l. f. of break'r, making total of 5,500 l. f. for e. break'r, and increasing anchorage space beyond the 16' curve from 75 to 200 acres. Est., proposed extension, \$300,000. Total in 1888, for completion of orig. and revised proj., \$519,250, **88**, 2004, 2006.

By Lt. Col. Smith, 1892, dr. chan. and approach to anchorage, and extension of break'r, at cost of about \$25,000, **93**, 3076.

In 1892-93 Lt. Col. Smith est., after revising the existing proj., that it would cost \$568,000 to imp. the H., **93**, 3078.

By Lt. Col. Smith, 1894, removal of 200' of superstr. of w. break'r, that currents might pass through w. anchorage to remove and prevent settlements of sewage; est., \$5,000, **95**, 3104.

By Lt. Col. Smith, 1895-96, rebuilding the e. p. as far as could be done with available funds, substr. to be built of cribwork filled with st., the superstr. of concrete masonry, **95**, 3105.

By Lt. Col. Smith, 1896, renewing 322 l. f. of the e. p. and 1,478 l. f. of the w. p.; w. chan. to 260' for dr.; constr. of 5,440 l. f. w. break'r, and sheathing faces of cribs of e. break'r; est., \$860,000, **96**, 2946, 2952.

By Col. Smith, 1898-99, d. the H. to 21' bet. ps. n. of the R.R. br., and from H. line to a line 50' from break'r and to 25' over shoal at entrance on the e.; est., \$181,000. Est., 25' d. instead of 21', \$368,000 (not adopted), **99**, 3077; 25' adopted act June 13, 1902; est., \$478,400, **99**, 3061, 3076-78; **12**, 1101.

Break'rs of st. commended, **00**, 4065.

(See Legal proceedings.)

History of, **01**, 578.

By Col. Smith, 1900, au. act June 13, 1902, new entrance to H. and extension of break'r, e. to city limits (for full proj. see **01**, 3278); modified in above act by a proviso requiring that work be discontinued on the shoreward return of the e. break'r, and also by requiring that extension should be in the pro-

longation of center line of main break'r; \$500,000 app. and addl. expend. au. not exceeding \$2,300,000; act also app. \$125,000 for imp. of H. and mainten., and au. expend. of \$40,000 for dr.; total est., \$4,481,456. **01**, 3277-3299; **02**, 501, 2269.

\$2,800,000 au. act June 13, 1902, increased by \$900,000 by act Mar. 3, 1907; also au. by same act, \$98,000 for constr. of U. S. dock at foot of Erie St. (H. D. 270, 59th, 2d), **07**, 708.

Au. act June 25, 1910, for timber portion of e. break'r, with new e. break'r extension, and removal of inclined break'r, **10**, 870.

SECRETARY OF WAR.

Approves recom. of Chief of Engineers for proj. for H. of refuge, **75**, 308.

Au. act Aug. 14, 1876, to make agreement with RR. company for use and occupancy of the e. p., **76**, ii, 139.

SURVEYS.

By Col. Reynolds, 1865, **66**, 25.

For H. of refuge, 1873, by Maj. Harwood. **R.**, **74**, 232.

For break'r, 1874, by Lt. Col. Blunt. **R.**, **75**, 304.

Of chan. bet. ps., 1881, **81**, 2311.

Ex., 1885, of condition of superstr. of break'r, **86**, 1864.

Hydrographic sur. made, 1892, by Lt. Col. Smith, **93**, 3076; one of the chan. break'rs to the Lake Shore & Michigan Ry. br., made by the same officer, 1895, **95**, 3105.

Entire bottom of the w. side of the H. shoreline to the break'r, ex., 1895-96, by Lt. Col. Smith, **96**, 2942.

Sur., break'r at H., with view to determining advisability of changing the plan so as to abandon the proposed e. shore arm, and in lieu thereof extending break'r e. in a general direction parallel with the shore. Au. act June 3, 1896, made by Col. Smith, 1897, **98**, 2724.

Minor sur., **99**, 3059.

Resolution of Congress, 1899, called for **R.** on necessity and probable cost of partly restoring H. d. **R.** by Col. Smith (see Projects), **99**, 3075.

Au. act June 6, 1900; made by Col. Smith (H. D. 118, 56th 2d), **01**, 585, 3278, 3285.

Made by Maj. Kingman, **02**, 502; **03**, 2083; **04**, 3175, 3176.

Au. act Mar. 3, 1905, for obtaining wharf room for storage of U. S. property; made, 1905, by Maj. Kingman; est., \$98,000 (H. D. 270, 59th, 2d), **07**, 717.

Sur. and est. au. act Feb. 27, 1911, for imp. Cuyahoga R. from mouth to a more s. connection with the Ohio Canal; sur. made, **R.** 1912, by Col. Millis, **12**, 1111, 2696.

Cong. docs., etc., relating to exs., sur., plans, etc., **12**, 1101.

COMMERCE.

H. of refuge much-needed, **66**, 22.

Local C. not important, **67**, 219.

Description of, **95**, 3111.

1895-96 the H. 3d on the lake for shipments of coal and iron ore, and 5th in the total of all freight, **96**, 2955.

1896-97, 2,000,000± t., **97**, 3084.

Increasing, **06**, 689.

Marked reduction in rates, **10**, 874; **12**, 1106.

1911, 1,456,000± t., a decrease of 915,000± t. from 1910, **12**, 1106.

CONTRACTS. (m.=material; l.=labor.)

1866. J. Loveday, iron, **66**, iv, 74.

1867. J. Loveday, iron, **67**, 232, 233. J. E. & D. E. Bailey, m. and l., **67**, 232, 233. Brooks & Adams, m., **67**, 232, 233.

1872. Hemenway & Garfield, m., l., and dr., **72**, 230, 232; **73**, 339.

1874. Hemenway & Garfield, m. and l., **75**, 311, 312. Cartwright & McCurdy, iron, **75**, 311, 312; **76**, ii, 562.

1875. Wilcox & Merry, m. and l., **75**, 311, 312; **76**, ii, 562. W. H. McCurdy, iron, **75**, 311, 312; **76**, ii, 562.

1879. C. Schulz, m. and l., **79**, 1698. S. A. Sprague, iron, **79**, 1699.

1881. D. M. Averill, p. repairs, **81**, 2321.

1882. E. H. French, dr., 27¢ c. y., **82**, 2409. J. Bennett, iron, **83**, 1915. C. T. Dennis, p. extension, **83**, 1914.

1885. W. E. Rooney, dr., 23½¢ c. y., **85**, 2236. C. D. Merry, p. extension and repairs, **85**, 2236.

1886. W. J. Starkweather, dr., 28¢ c. y., **87**, 2324. L. P. Smith, repair to ps., **87**, 2324.

1887. Kerr, Stang & Gillmore, p. extension, **87**, 2324.

1888. B. S. Horton, p. extension and repair, \$6,144, **89**, 2328.

1889. Q. Gillmore, dr., 25¢ c. y., **89**, 2328.

1890. J. R. Irwin, dr., 23¢ c. y., **90**, 2781. American Transportation Co., dr., 17½¢ c. y., **91**, 2862. Q. Gillmore, p. extension and repair, \$14,724, **91**, 2862.

1891. J. R. Irwin, dr., 17½¢ c. y., **92**, 2507.

1893. J. B. Donnelly, p. extension, \$19,033.32±, **93**, 3084. Sadler & Allen, dr., 20¢ c. y., s. m., **93**, 3084.

1895. J. B. Donnelly, removal of and replacing portion of p., \$10,921±, **95**, 3112.

1899. E. J. Hingston, dr. (circular letter), 18¢ c. y., **99**, 3065. J. B. Donnelly, part of w. break'r (dr., 30¢ c. y.; timber, st., ironwork, and mattress work), \$24,428, **99**, 3067.

1902. Buffalo Dredging Co., dr. through bars at entrance, 32¢ c. y., **02**, 2279. The Donnelly Contracting Co., reconstr. and repairing parts of e. and w. ps.; quantities and cost (est.) given, **03**, 2088, 2090.

1903. Rogers & O'Brien, excavating 15,000 c. y., 31¢ c. y., **03**, 2091.

1904. (See Operation, 1904-05.)

1905. The Federal Contracting Co., constr. shore end of w. break'r, **06**, 1913.

1907. Sea Coast Construction Co., extension of w. break'r lakeward, constr. st.-filled timber crib pierhead, w. side of entrance, and connecting this

with timber crib break'r by rubble mound, 08, 2163.

1910. Great Lakes Construction Co., break'r and pierheads; st., \$1,329 t., 11, 2499.

DOCUMENTS. (Not printed in reports.)

R., Lt. Col. Cram, 1864, and all reports of early operations.

ENGINEERS.

Chief of Engineers. R., 66, 5, ii, 41, iii, 4, iv, 15, 19; 67, 30, 220; 68, 41; 69, 37; 70, 48; 71, 47; 72, 44, 230; 73, 44, 339; 74, 51; 75, 56; 76, 108; 77, 115; 78, 130; 79, 173; 80, 227; 81, 311; 82, 305; 83, 313; 84, 317; 85, 341; 86, 336; 87, 302; 88, 275; 89, 326; 90, 295; 91, 371; 92, 350; 93, 401; 94, 376; 95, 410; 96, 365; 97, 459; 98, 449; 99, 532; 00, 598; 01, 580; 02, 502; 03, 551, 979; 04, 602, 1209; 05, 613; 06, 688; 07, 711; 08, 755; 09, 792; 10, 873; 11, 927; 12, 1105.

Boards. Date unknown; approv. plan suggested by Col. H. Bache, 1853, for extension of e. p. to l. of w. p., 66, iv, 15. Convened, Feb. 26, 1872, at Buffalo. Recom. (Lt. Col. Woodruff not concurring) extension of w. p. 600' and e. p. 300'; est., \$53,000, 72, 243, 244. (Lt. Col. Woodruff, Maj. McFarland and Wilson, and Capt. Farquhar and Gillespie.)

In charge:

Maj. J. D. Graham, T. E., 1857. R., S. D. 42, 35th, 1st.

Lt. Col. T. J. Cram, 1864-67. R., (Col.) 66, 21, iv; 16; 67, 141, 217, 220.

Maj. W. McFarland, 1868-70, 68, 158; 69, 137; 70, 178.

Capt. G. L. Gillespie, 1871-72; 71, 189. R., 71, 195; 72, 230, 240.

Lt. Col. I. C. Woodruff. R., 72, 241, 243.

Maj. F. Harwood, 1873-74. R., 73, 338; 74, 222.

Lt. Col. C. E. Blunt, 1874-77; 74, 215. R., 75, 310, 312; 76, ii, 561; 77, 965.

Maj. W. McFarland, 1878. R., 78, 1263.

Maj. J. M. Wilson, 1878-83. R., 79, 1698; 80, 2147; 81, 2320; 82, 2407.

Maj. L. C. Overman, 1883-92. R., 83, 1914; 84, 2108; 85, 2235; 86, 1868; 87, 2324; 88, 2011; 89, 2326; 90, 2781; 91, 2859.

Lt. Col. J. A. Smith, 1892-1900. R., 92, 2506; 93, 3081; 94, 2414; 95, 3107; 96, 2953; (Col.) 97, 3082; 98, 2676; 99, 3064; 00, 4070.

Maj. Dan C. Kingman, 1901-05. R., 01, 3255; 02, 2279; 03, 2084; 04, 3188; (Lt. Col.) 05, 2349.

Maj. C. McD. Townsend, 1906-07. R., 06, 1912; (Lt. Col.) 07, 2086.

Lt. Col. John Millis, 1908-. R., 08, 2160; 09, 2136; (Col.) 10, 2295; 11, 2499; 12, 2700.

Assistants:

Capt. F. U. Farquhar, 67, 217.

Capt. M. B. Adams, in immediate charge, 75, 282.

F. S. Burrowes. R., 94, 2416.

G. T. Nelles. R., 01, 3259; 02, 2281; 03, 2089; 04, 3190; 05, 2352.

ESTIMATES. (See Plans and Projec s.)

By Maj. Graham, 1857, extension of p. 716', \$32,819.39; tearing away old work and repairs, \$6,179.55; dr., etc., \$2,500; total, \$41,498.94; S. D. 42, 35th, 1st.

By Lt. Col. Cram, 1864, extension of e. p. 510', \$24,072.66, 22, 24, iv, 73.

By Lt. Col. Cram, 1867, extension of e. p. 320', \$21,631, 67, 141.

By Capt. Gillespie, 1872, extension of w. p. 360', \$21,716; extension of w. p. 490' and e. p. 130', \$37,000, 72, 241.

By BE., 1872, extension of w. p. 600' and e. p. 300', \$53,000, 72, 243.

By Maj. Harwood, 1873, entire completion, \$30,000, 73, 44.

By Lt. Col. Blunt, 1875, 3 plans for converting the old bed of the R. into a H. of refuge: (1) \$6,778,000;

(2) \$4,413,000; (3) \$2,295,000, and for ice H., \$350,000, 75, 313.

By Maj. Wilson, 1879, completion of existing proj., \$5,000, 79, 1699.

LAW MATTER, LEASES, ETC.

In 1899 the e. p. licensed by the Sec. of War to a corporation for 1 year; an. rental, \$2,000, which was paid for the 1st year, but after that the corporation still retained and made use of the p., refusing, however, to pay rental. In 1891 matter referred to the Dept. of Justice; 1894, nothing had been done in the matter, 94, 2415, 2418; 95, 3111.

In 1894 the American Transportation Co. made claim for an amount which had been forfeited under the terms of a contract for dr., 1890-91. 95, 3109.

In 1895 information given to the U. S. district attorney that a dock company was engaged in placing permanent obstr. in Grand R. beyond the dock line, 95, 3111.

Reference to unsettled question relating to ownership of portion of old e. p., 12, 2700.

SS. *Spokane* struck e. j., doing considerable damage, 01, 3257.

OPERATIONS.

1865. Ps. repaired, 66, 12, 21.

1866-67. Extension and repairs of ps., 67, 141.

1867-68. Repairs to old ps.; extension of e. p.; 4 cribs placed, 68, 41.

1868-69. 6 cribs placed and superstr. built, completing the e. p. extension, 69, 137.

1871-72. Ps. repaired by day labor, 72, 230.

1872-73. Extension of e. p. 240'; 120' superstr. built on it; extension of w. p. 450', and 96' of superstr. built; repairs made and removal of wreck, 73, 44, 338.

1873-74. Extension of ps. by contract, 75, 310.

1874-75. Completion of both ps. as proj.; w. p. repaired, 75, 56.

1875-76. Extension of w. p. 136' by contract, 76, ii, 562.

1876-77. Piling at inner ends of ps. and catch-sand fence built; ps. repaired, 77, 965, 966.

1879-80. 575 l. f. e. p. superstr. rebuilt, 6,975 c. y. dr. from bar, and repairs to ps., 80, 2153.

1881-82. 376 l. f. e. p. superstr. rebuilt and extensive repairs made; 10,000 c. y. dr. through bar, 82, 2407.

1882-83. 4 cribs completed, 83, 1914.

1883-84. W. p. extended 160' and settled part rebuilt; minor repairs to e. p., 84, 2109.

1884-85. 10,082 c. y. dr., 85, 2236.

1885-86. E. p. extended 80', w. p. superstr. repaired, 86, 1869.

1886-87. 4,930 c. y. dr. through bar and bet. the ps.; repairs made to ps.; extension of e. p. in progress, 87, 2324.

1887-88. E. p. extended 200' under contract, 88, 2012.

1888-89. 8,240 c. y. dr. bet. the ps.; w. p. extension begun, 89, 2326.

1889-90. W. p. extension completed; 3,000 c. y. dr., 90, 2781.

1900-91. 42,001 c. y. dr.; 3 cribs sunk in extension of w. p., 91, 2860.

1891-92. 51,353 c. y. dr., 92, 2506.

1892-93. 10,562 c. y. dr. and extension of e. and w. ps. in progress, 93, 3082.

1893-94. 2,263 c. y. dr., 94, 2414; and in connection with previous year the extension of the e. p. 120 l. f. and the w. p. 160 l. f. completed, 94, 2415.

1894-95. Part of the w. p. removed and rebuilt, 95, 3108; 7,041 c. y. dr., 95, 3109; and H. lines estab., 95, 3111.

1895-96. 7,968 c. y. dr., 96, 2955.

1896-97. 56,985 c. y. dr., 97, 3083.

1897-98. Dr. in progress, 98, 2678.

1898-99. Soundings made through ice for break'r foundations; 9,966 c. y. dr., 99, 3065.

1899-00. Part of w. break'r in progress; about 40,000 c. y. dr., 00, 4072.

1900-01. Inner 828' w. break'r completed; method of constr., dimensions of parts, and object of arrangement described; 43,500 c. y. dr. from outer bar, 01, 3256, 3259-60.

1901-02. Damage to outer end of e. j. repaired; 617' of w. p. and 520' e. p. strengthened; 21,500 c. y. dr., **02**, 2279.

1902-03. Reconstr. and repair of js. commenced, **03**, 2091. 15,831 c. y. dr. from bar at entrance to jettied chan., **03**, 2092.

1903-04. 1,540 l. f. sheathing placed in w. p. and 309 l. f. in e. p.; cost during year, and total cost given, **04**, 3191. Concrete work during year given; U. S. dr. *Mauvee* removed 30,500 c. y., at 12½ c. y., forming chan. 21' x 300', **04**, 3192.

1904-05. Repairs to e. and w. ps. completed; extent, character, quantities, and cost given, **05**, 2352-2355. 10 112 c. y. dr. by B. & O. R.R. and Detroit Dredging Co.'s dr., at 18¢ to 25¢ c. y., and 21,016.5 c. y. dr. by dr. *Burton* at 8.4¢ c. y., producing chan. 21' x 250', **05**, 2354.

1905-06. Extension of w. break'r to shore 30% completed; outer 600 l. f. of subtr. ready for st. covering and footing course placed in lake side; inner 225' completed; work done and cost given, **06**, 1912. Dr. *Burton* removed 55,722 c. y. from chan. to d. of 20-23' across bar, **06**, 1912-1913.

1906-07. Extension of w. break'r to shore 74% completed; outer 600' and inner 900' completed, leaving 200' built above w. surface; 34,248 c. y. dr. by dr. *Burton* through bar, **07**, 2086.

1907-08. The joining of inner end of timber crib, w. break'r, with shore by rubble mound structure 1,500' l., completed; work done and cost given; work done and cost of extension seaward during year stated, **08**, 2161. 19,168 c. y. dr. by dr. *Burton* from outer bar, **08**, 2162.

1908-09. Pierhead crib, w. break'r, constr., sunk in place and filled with st., and break'r built up to within 4' of m. l. l. for 850'; 10,616 c. y. dr. from outer bar by dr. *Burton* at field cost of \$1-, 998.61, **09**, 2136. Dr. *Burton* repaired, **09**, 2137.

1909-10. Concrete superstr. placed on pierhead crib; subtr. 1,000' completed and work on superstr. advanced; 10,823 c. y. dr. from chan., **10**, 2296.

1910-11. Outer 1,000' w. break'r and w. pierhead completed; st. placed in e. break'r and pierhead crib commenced; tables of quantities and cost of work completed and commenced given; 8,927 c. y. dr. by dr. *Burton*, **11**, 2499.

1911-12. Pierhead crib, e. break'r, completed and placed and work on superstr. begun; break'r built up to -4' throughout its l.; work about 45% completed; detailed statement of work given, **12**, 2700. Dr. *Burton* dr. 7,121 c. y. from entrance chan. and dr. site for pierhead, **12**, 1106, 2700. 21' obtained across bar; proj. 71% completed, **12**, 1106.

PHYSICAL CHARACTERISTICS.

Description of, **93**, 3082; **94**, 2415; **95**, 3108; **96**, 2955, 2956; **98**, 2677; **05**, 614, 2349, 2354, 2355; **12**, 1106.

The H. exceptionally subject to the formation of sand bars, **95**, 3108; **99**, 3066.

The H. simply a part of Grand R., Ohio, near its mouth, where it flows into Lake Erie, **96**, 2956.

Shore line w. of js. advanced about 1,700' since imp., **01**, 3256.

Difficulty of entering H. during storms, **01**, 3257. Sand movement at entrance more marked than at any other H. in district; observations in progress, **02**, 2279-2280.

Effect of storm of Nov., 1901; current not sufficient to hold up sand, **02**, 2280.

Observations for nearly 50 years show no change e. of js., **02**, 2280.

Discussion of causes of bar formation, **03**, 2084-2087, 2092.

Flood and ice gorges in Jan., 1904, caused scouring under js. and unequal settlement, and left d. of w. on bar not greater than 8' or 9', **04**, 3188.

H. suffers from movement of sand, **06**, 688.

Draft of largest vessels using H., **20**, **06**, 689.

All depths referred to m. l. l. 1860-1875-572.77 above m. t. at New York, **12**, 1106.

PLANS. (See Estimates and Projects.)

By Col. Cram, 1866, to abandon a portion of w. p. and rebuild it parallel to e. p., and for dr. through outer bar, **66**, 21.

By Capt. Gillespie, 1872, removal of flare in w. p., and extension of 360'; est., \$21,716. Extension of w. p. parallel to e. p., and extension of e. p.; total extension, 460'; est., \$27,000. Total extension of ps., 770'; inclining w. p. extension toward e. p.; est., \$46,000. Removal of superstr. of flare of w. p., and extension of both ps. to the general line of the bar; total extension, 620'; est., \$37,000. **72**, 240, 241.

By Lt. Col. Blunt, 1875, converting the old bed of the R. into a H. of refuge by dr. a basin with an area of 492 acres, constr. of ps., etc.; est., \$6,778,000. For a basin of smaller dimension, ps., etc.; est., \$4,413,000; or for still smaller basin, ps., etc.; est., \$2,295,000. For an ice H. by dr., revet., etc.; est., \$350,000. **75**, 313.

PRIVATE (CORPORATE) WORK.

Dr. by Painesville & Youngstown R.R. Co., **80**, 2153.

PROJECTS. [See Estimates and Plans.]

By Lt. Col. Cram, 1864, repairs of old ps., **66**, 13.

By Col. Cram, 1867, extension of e. p. 510', **67**, 221.

By B.E., 1872, removal of superstr. from flare of w. p. and extension of both ps. an aggregate of 900'; est., \$53,000, **72**, 230, 244.

By Maj. Harwood, 1874, protection of the inner ends of the ps., **74**, 222.

By Lt. Col. Blunt, 1875, extension of w. p. 150', **75**, 311.

By Maj. Wilson, 1879, removal of superstr., **79**, 173, 1698.

By Capt. Maurice, 1825, removal of bar at mouth of R. with parallel ps. 200' apart, extending out to 10'; the w. p. to be longer than the e. and to flare to the w.; est., \$26,997.81, **80**, 2147. For extension and changes in orig. proj., see history of work, **80**, 2147.

In 1879 the w. p. had reached 1,060±' and the e. p. 1,250', **81**, 2320.

By Maj. Wilson, 1880, extension of the w. p. 500' and e. p. 600'; renewal of superstr., and dr. in chan. to maintain d. 15' at H. entrance; est., \$80,300, **80**, 2153. Increased in 1882 to \$93,000, **82**, 2407; **87**, 2325.

In 1890 Maj. Overman proposed increased d. of 18' by extension of both ps. lakeward 600', with dr. bet. ps., beyond their ends, and in Grand R.; est., \$114,100, **90**, 2782.

In 1892-93 Lt. Col. Smith revised cost of completing 2 parallel ps. in accordance with the existing proj., making the total \$212,000, **93**, 3081.

By Lt. Col. Smith, in 1895, removing nearly 138 l. f. of the w. p. and replacing the removed portion with new; cost, \$10,921, **95**, 3108.

By Lt. Col. Smith, 1896, for 2 break'rs converging toward the lake, with 500±' bet. outer ends to form an entrance, and the dr. of an area bet. to 20'; est., \$510,000; the e. break'r to be 1,350 l. f. and the w. break'r 2,050', **96**, 2956.

By Lt. Col. Smith, in 1896, expend. only such part, not exceeding \$10,000, of the app. of 1896, for mainten. of the chan. as might be required, balance to be held for further app. before beginning the constr. of the break'rs as proposed above, **97**, 3084.

In 1900 Col. Smith est. that because of the advance in the price of materials and necessary changes in constr. methods it would cost \$480,000 to complete proj., **00**, 4071; and for that year also \$184,825 would be required for mainten. and repair, **00**, 4073.

By Maj. Kingman, mainten. and repairs; est., \$184,825, **01**, 3256, 3257.

By Maj. Kingman, modification of proj. for extension of w. break'r (rubble mound type) to connect with shore; est., \$273,000, **03**, 2087, 2092. Modi. au. by act. Mar. 3, 1905; rubble mound structure adopted, top and sides to be covered with heavy blocks of st., **05**, 614, 2349. Est., \$120,000, **12**, 1105.

SURVEYS.

By W. J. Casgrain, 1865, under direction of Col. Reynolds, **66**, 25; **69**, 135.

By Col. Cram, **R.**, **67**, 217.

By Capt. Gillespie, **R.**, **72**, 240.

By Lt. Col. Blunt, **R.**, **75**, 312.

By Maj. Wilson, **R.**, **79**, 173, 1698.

Ex. H., 1881, **81**, 2320.

Sur. H., 1882, **82**, 2407.

Hydrographic sur. made, 1892, covering the chan. and the bar outside to 18' in the lake, by Lt. Col. Smith, **93**, 3081.

In 1893 an ex. and sur. of the e. p., occupied by a private corporation, made by Lt. Col. Smith, **94**, 2415.

Ex. of the ps. made, 1894, **95**, 3108, and sur. of the bar made in 1894-95 by Lt. Col. Smith, **95**, 3109.

Resur. of the port with an est. of the cost of imp. that might be recom. au. by resolution of Congress Mar. 24, 1896; and a R. was submitted, 1896, by Lt. Col. Smith, **96**, 2956.

Ex. of bar made, 1896-97, by Lt. Col. Smith, **97**, 3083.

Sur. and map of the chan. and bar made, 1897, by Col. Smith, **98**, 2677.

Maps:

Of n. and n.w. lakes, showing location of H., **66**, i. Of the H., by Col. Cram, in 1865, **66**, i; **81**, 2320; **91**, 2361; **94**, 2418; **95**, 3112; **99**, 2136; **10**, 2296; (photographs) **04**, 3192.

Total, \$2,080,499.31 (\$2,094,256.36—12, 2704).

COMMERCE.

Rapidly increasing, 79, 1702.

Increase in t., 1884 to 1890, 91, 2864.

Development of H. as shipping point for ore and coal thought remarkable, amount of such freight handled, 1892, being about 4,500,000 t., 93, 3087; in 1893-94, port considered greatest shipping point on the lake for coal and ore, 94, 2422; 97, 3087; 98, 2681; 99, 3069.

Would be greatly benefited by completion of break'rs, 00, 4078.

Marked reduction in rates, 10, 876.

Chart showing relation of an. app. to tonnage and value of latter, 11, 2503.

Traffic, 1911, 13,000,000+t., a decrease of 3,000,000+t. from 1910. Impracticable to determine how much of lowered freight rates due to this particular imp., 12, 1108.

CONTRACTS.

1866. K. McKenzie, and J. Loveday, materials and labor, 67, 232, 233.

1868. R. R. Dodge, dr. sand, \$0.30; r., \$1.20, 69, 140; 70, 179.

1871. Lee & Dunbar, blasting and dr. r., \$2.25, 71, 195; 72, 232; \$2.75 and \$0.50, 73, 341.

1872. Lee & Dunbar, dr. sand, \$0.35, 73, 341.

1873. F. A. Seymour, drilling, blasting, and removing r. and sand, \$2.35, \$0.50, and \$0.35, 74, 223; 73, 341.

1874. Hemenway & Garfield, materials and labor. Cartwright, McCurdy & Co., iron, 75, 314.

1875. Case & Jennings, drilling, blasting, and dr. r. and sand, \$1.80 and \$0.50, 75, 315; 76, ii, 562.

1877. Charles H. Strong, materials and labor. W. H. McCurdy, iron, 77, 967.

1878. Kenneth McKenzie, timber and labor. Pratt & Co., iron, 79, 1704. K. McKenzie, crib constr., 80, 2166.

1879. Cleveland, Brown & Co., iron. Hemenway & Hayes, crib constr., 80, 2166; contract annulled as to principals and continued by bondsmen, 81, 2324.

1880. J. Barnett, iron; G. W. and A. T. McKenzie, materials and work; J. Caldwell, materials and work; F. Wilson, iron; D. B. McCoy, dr., 20¢ c. y., 81, 2324, 2327.

1883. G. B. Rasher, dr., 30¢ c. y., 84, 2115.

1884. McKenzie & Barrett, dr. and p. constr., 85, 2244.

1886. L. P. & J. A. Smith, dr. and p. constr., 85, 2244.

1887. Carlin, Stickney & Cram, r. removal and dr., 87, 2331.

1888. Carlin, Stickney & Cram, r. excavation, \$1.90 c. y., 89, 2332. B. S. Horton, p. extension and repair, \$8,920, 89, 2333.

1890. Q. Gilmore, p. extension and repair, \$9,733.12, 91, 2867.

1892. Carlin, Stickney & Cram, removal and rebuilding p., and p. extension; total, \$61,056.20, 93, 3088.

1893. Sadler & Allen, dr., 20¢ c. y., s. m., 93, 3088.

1895. Carlin, Stickney & Cram, r. excavation, 97¢ c. y.; furn. dr. plant, \$10 per hour, \$28,857, 95, 3116.

1897. L. P. & J. A. Smith, break'r constr., \$43,139.63, 97, 3088.

1899. E. J. Hingston, dr., 20¢ c. y. (circular letter), 99, 3069.

1900. Donnelly Contracting Co., constr. break'rs of st. and pierheads of timber, st., and concrete, \$407,410, 00, 4083; 01, 3263.

1903. W. A. McGillis & Co., dr., 30¢ c. y., 03, 2097.

1904. Detroit Dredging Co., dr., 30¢ c. y., 04, 3199.

1905. U. S. Fidelity & Guaranty Co., constr. e. and w. break'rs (to complete contract of Donnelly Contracting Co.); Federal Contracting Co., constr. shoreward end of w. break'r, \$142,480, 06, 1917.

1909. Edward Gillen Dock, Dredge & Construction Co., extending and repairing break'r, st. \$1.45 per t., 10, 2298, 2299.

1911. Edw. Gillen Dock, Dredge & Construction Co., break'r constr., unit prices given, 12, 2704.

ENGINEERS.

Chief of Engineers. R., 66, iii, 32, iv, 13, 67, 30; 68, 42; 69, 38; 70, 49; 71, 47; 72, 44; 73, 44; 74, 51; 75, 56; 76, 108; 77, 115; 78, 130; 79, 173; 80, 227; 81, 311; 82, 306; 83, 314; 84, 318; 85, 342; 86, 337; 87, 302; 88, 276; 89, 327; 90, 296; 91, 372; 92, 351; 93, 402; 94, 376; 95, 411, 413; 96, 366; 97, 460; 98, 450; 99, 533; 00, 600; 01, 581; 02, 503; 03, 553; 04, 604; 05, 615; 06, 689; 07, 712; 08, 757; 09, 794; 10, 875, 879; 11, 929; 12, 1106.

Boards:

Convened, Cleveland, Ohio, Oct. 25, 1899, S. O. No. 55, Oct. 6, 1899, to consider and report on use of st. in break'rs for Hs. of Black R., Ashtabula, Conneaut, and Fairport, Ohio, 00, 4084. R., 00, 4086. (Col. J. A. Smith, Maj. C. B. Sears, Maj. T. W. Symons.)

In charge:

Assistants:

Capt. F. U. Farquhar, 66, ii, 41, iv, 10, 11.

W. T. Blunt. R., 95, 3126.

H. E. Smith. R., 01, 3263; 02, 2286; 03, 2096; 04, 3197; 05, 2359.

ESTIMATES. (See Plans and Projects.)

By Maj. Graham, for 22 cribs, repairs and dr., to complete the work, \$39,015.56. S. D. 42, 35th, 1st.

By Col. Cram, for completion of work, \$54,000 addl., 66, iii, 4, 32, iv, 12.

* Allotment.

1 \$3,000 less \$141.55 redeposited Apr. 19, 1902.

2 Does not include \$10,200 claim, 1901, and \$3,557.05 received 1905 "from other sources."

For entire and permanent imp., completion, \$78,464, 66, iv, 73.

By Capt. Farquhar, repairs of ps. and dr., \$20,753.91; p. extension, \$57,710.28, 66, iv, 11, 12.

By Maj. McFarland, completion of the work, \$2,073.98, in addition to Col. Cram's est.; for w. chan. 30' or 40', \$15,000, 68, 159, 160; 69, 140; 70, 180.

By Maj. Gillespie, an. repairs, \$800, 71, 195; 72, 232.

By Maj. Harwood, extension of w. p. 500' and dr., \$65,000; repairs to ps., \$6,000; prolonging chan., \$9,000, 73, 340. Completion of work, \$45,000, 74, 223.

By Lt. Col. Blunt, completion of work, \$20,000, 75, 314.

By Maj. Wilson, completion of existing proj., \$50,000, 79, 173, 1702.

LEGAL PROCEEDINGS.

SS. *M. A. Hanna* struck and damaged outer end of e. j.; suit entered against owners of SS. to recover cost of repairs, \$1,843.67, 04, 605, 3195. Owners of SS. offered \$3,375.75; accepted to cover damages to p., etc., 05, 2357.

OBSTRUCTIONS.

Ex. by E.E. officers, of dumping in the R. by Pennsylvania Co., 99, 3069.

OPERATIONS.

1852-55. Repairs and extension of ps., S. D. 42, 35th, 1st.

1866-67. Contracts for ps. let, 67, 140.

1867-68. Repairs and extension of ps.; 8 cribs, total of 240', placed, 68, 159, 160.

1868-69. Completion of p., 12 cribs, and superstr. built; dr., 69, 139, 140.

1869-70. Blasting and dr. completed; chan. 60' w., 70, 179.

1871-72. Removal of 4,505 c. y. solid r., and 3,436 c. y. loose st. and sand. Chan., 13' x 30'. 72, 232.

1872-73. Removal of 9,306 c. y. r. and 4,212 c. y. sand, 73, 44.

1873-74. Blasting and dr.; chan. from H. to lake, 14' x 60', 74, 223.

1874-75. Extension of w. p. by 9 cribs, 270'; 10,455 c. y. sand removed from bar; 400' of sand-catch fence built, 75, 314.

1875-76. Extension of w. p. 190'; chan. 14' x 100', 76, ii, 562.

1876-77. Repairs to ps. and dr., by open purchase and day labor, 77, 967.

1877-78. Repairs to ps. by hired labor. Extension of w. p. by contract, 78, 130, 1264.

1878-79. Repairs to ps., extension of e. p. 80', and dr., 79, 173, 1701.

1879-80. 120 l. f. of substr. and 2021 f. of superstr. built; extensive repairs to w. and minor repairs to e. ps.; 7,989 c. y. dr. from shoal at entrance to H., 80, 2162, resulting in formation of chan. d. bet. ps. of from 14½'-18', with chan. of entrance from 15' to 17' d., 80, 227.

1880-81. E. and W. ps. each extended 200 l. f.; 4,433 c. y. dr. from bar at entrance to ps., resulting in chan. 15'-17' d., 81, 2323, 2324.

1881-82. W. p. extended 403' and e. p. 121'; 5,447 c. y. removed from chan. and repairs made to ps., 82, 2411.

1882-83. 7 crib substr. built and ready to place in position, 83, 1918.

1883-84. Extension of w. p. shoreward 285 l. f.; 2,968 c. y. dr. from chan.; repair of e. p. by hired labor, 84, 2114.

1884-85. Extension of w. p. shoreward 282½ l. f.; repairs to e. p. and to shore protection at inner end of w. p., 17,173 c. y. dr. from chan. and bank in rear of old p.; chan. 15½' d. obtained from d. w. outside, 85, 2240.

1885-86. 400 l. f. of shore end of w. p. removed and 380 l. f. of same partly revetted; slight repairs by hired labor to shore protection, 86, 337, 1871.

1886-87. 8,483 c. y. of sand dr. from bar. and chan.; repair of old ps.; r. removal from chan. commenced, 87, 2328.

1887-88. 12,731 c. y. dr., 88, 2013.

1888-89. 2,414 c. y. dr.; extension of e. ps. and repairs to both ps. begun, 89, 2330.

1889-90. 2,800 c. y. dr.; extension of e. p. completed, 90, 2784.

1890-91. 2,957 c. y. ledge r. and 4,101 c. y. loose r., sand, and gravel removed from chan., 91, 2864.

1891-92. 24,000 c. y. dr., 92, 2509.

1892-93. Extension of e. p. in progress, and 1,189 c. y. dr., 93, 3086.

1893-94. In connection with previous year 242' of old e. p. torn out and reconstr., and e. and w. each extended 240', 94, 2420. Renewal of superstr. of w. p. in progress, 94, 2421.

1894-95. Renewal of superstr. of w. p. completed, 95, 3114.

1895-96. 24,179 c. y. r. and 22,375 c. y. of other material removed, 96, 2960.

1896-97. About 24,000 c. y. r. and other material removed, 97, 3086; and constr. of w. break'r commenced, 97, 3086.

1897-98. Portion of w. break'r constr., 98, 2680, and 4,860 c. y. dr., gauge readings made, repairs made to small storehouse (drawings), 98, 2681.

1898-99. Break'r lines laid out on ice; soundings made through ice; 18,152 c. y. dr., 99, 3068.

1899-00. Over 1,000 c. y. dr., 00, 4077.

1900-01. 12,000 c. y. dr. from bar, chan. redr., and framework on pierheads completed, 01, 3261.

1901-02. Work in progress on break'r and pierheads, outer end of w. j. repaired, and chan. at entrance to H. dr., 02, 2283.

1902-03. Constr. of break'r continued, and chan. at entrance to H. dr., 03, 2093.

1903-04. Constr. of break'r continued, repairs made to outer end of e. j., and chan. at entrance to H. dr., 04, 3193, 3195.

1904-05. Constr. of break'r continued, chan. at entrance to H. dr., 05, 2355. Contractor quits work, claiming that changed conditions owing to work done by R.R. company with permission of U.S. had deprived him of storage ground and interfered with his work, 04, 3193, 3195. Contractor financially involved and receiver appointed, 05, 2355. 1,900 t. small st. lost from break'r charged to contractor, 05, 2356.

1905-06. Constr. of break'r continued, constr. of shoreward extension of w. break'r begun, and chan. at entrance to H. dr., 06, 1914.

1906-07. Constr. of e. and w. break'r's continued, constr. of shore end of w. break'r continued, and chan. at entrance to H. dr., 07, 2089.

1907-08. Constr. of break'r's continued, about 90% completed; shoreward end of w. break'r completed, 08, 2164.

1908-09. Break'r's completed, 09, 2138.

1909-10. 430' timber sec. w. break'r protected with riprap, and st. break'r extended 280' shoreward, 10, 2298.

1910-11. Dr. *Burton* removed 5,953 c. y., 11, 2502.

1911-12. Portions of each sec. of new work on the break'r's entirely built, and removal of old work commenced, 12, 2703. Detailed statement of work, 12, 2704.

PHYSICAL CHARACTERISTICS.

Described, 67, 140; 70, 180; 93, 3123; 97, 3087; 98, 2681; 08, 757; 12, 1108.

Advance of outer bar proportionate to p. extension, 82, 2410.

Advantage taken, 1899, of heavy ice formation to lay out break'r lines and to make soundings along its situation, 99, 3068.

Formation of bars checked slightly by small section of break'r in existence in 1899, 99, 3069.

Bar formation, 00, 4077.

Bar beyond js. constantly re-forming by shifting sand, and chan. shoaled by sand blown over w. j., 01, 3261.

Gauge readings, 03, 2098.

Imp. resulted d. of bar increased to 21', and 20' chan. extends up R. 1½ m. above mouth, 12, 1107.

PLANS. (See Estimates and Projects.)

By Col. Cram, repairs to ps., ignoring the "flare," and carrying them parallel with each other to 12' curve, and dr. 7,329 c. y. of sand, and 7,158 c. y. of shale work, 66, iv, 13; 67, 140; 69, 140.

By Maj. McFarland, blasting and dr. chan. from 60' to full w. bet. ps., about 100', **70, 180.**

By Maj. Gillespie, blasting and dr. chan. to 14', **\$15,000, 72, 232.**

By Maj. Harwood, extension of w. p. 500' to 14' of water, repairing ps., and l. chan. by blasting and dr., **73, 340; 74, 223; 75, 314.**

By Lt. Col. Blunt, repairs to ps. and dr., **\$5,000, 77, 967.**

By Maj. Wilson, extension of w. p. 400 l. f. and e. p. 600 l. f., **79, 1701.**

PRIVATE (CORPORATE) WORK.

Part of old e. p., 116' l., removed, 1893-94, by Lake Shore & Michigan Southern R.R. Co., **94, 2420; and 380', 1896-97, by au. of Sec. of War, 97, 3086.**

Lake Shore & Michigan Southern Ry. Co., under au. of Congress, removed inner end of old e. U. S. p., **02, 2234, 2289.** P. replaced with new bulkhead 45' farther e. by Ry. company, **03, 2094.**

Pittsburgh, Youngstown & Ashtabula R.R. Co., au. Sec. of War (**03, 2093, 2098**), removed first 1,000' (**04, 3195**) and later the remainder of w. j. (**05, 2356**), and replaced it with bulkhead 60' farther w., and dr. area bet. to 21', reclaiming 16 acres of land, and made various other imp., **06, 1915; 07, 2090; 08, 2164.**

Lake Shore & Michigan Southern R.R. Co., under au. of Sec. of War (**06, 1916**), took possession of e. p., extended it n. 720', thence e. 900', thence s. to their property, reclaiming about 15 acres; also extended e. break'r and made various other imp., **07, 2090; 08, 2165.**

20' chan. for $\frac{1}{2}$ m. up R. maintained by local au., **12, 1107.**

PROJECTS. (See Estimates and Plans.)

By Lt. Col. Wilson, 1880, further extension of ps. to 16' curve, with removal of 1,100 l. f. of old w. p., revetting R. bank, and removal by dr. of 20,000 c. y. of material; est., **\$88,000, 80, 2163.** In 1882 Lt. Col. Wilson est. \$62,000 would be required, in addition to \$60,000 app. since 1880, to complete work, **82, 2411; impossible to maintain d. at entrance to p. of 16' without continual dr., 82, 2411.**

In 1883 Maj. Adams increased foregoing est. to **\$91,800, 83, 1918.**

In 1884 Maj. Maguire increased previous est. to **\$102,750, 84, 2117; 85, 342.**

In 1890 Maj. Overman proposed securing 20' d. by extension of ps. to 22' curve in lake, involving constr. of 1,360 l. f. of p., with repairs to existing works; est., **\$265,650, 90, 2785.**

In 1891 Maj. Overman proposed removal of 242 l. f. of lake end of e. p. and relocation of the same 45' to e. of its "present" position, with addl. r. excavation as required by such change of p.; est., **\$23,492, making total cost of revised and approv. proj. \$289,142, 91, 2864.**

Lt. Col. Smith, 1892-93, revised est., making it **\$225,000, 93, 3086.**

By Lt. Col. Smith, 1896, 2 break'rs converging toward lake, 400' apart at outer ends, to be protected by pierheads, w. break'r to be 1,800' l. and e. break'r 1,200' l., excl. of pierheads; est., **\$530,000, 95, 3128; 96, 2963.**

By Col. Smith, 1899, chan. mainten. by dr. with allotment of **\$5,000, 99, 3068.**

Change made in proj. of 1896 to provide for break'rs of st., with timber crib pierheads (drawings), **00, 4076.**

Existing works badly in need of repair, 1900; est., incl. restoration, mainten., etc., for one year, **\$205,520, 00, 4078.**

Description of break'rs of st. recom. by Board of 1899 (drawings), with est. of cost of the various types, **00, 4086.**

Maj. Kingman recom., 1901, that U. S. acquire land w. of and adjoining j. in order that an attempt might be made to arrest or control movement of sand, **01, 3261; plan obviated by purchase and imp. of land by Pennsylvania R.R. Co., 02, 2283.**

Act June 13, 1902, app. \$200,000 for repairs to js. and purchase of dr. (**\$20,000**), **02, 2284.** Proposed reconstr. of w. j. obviated by action of R.R. company (see Private work), **03, 2093.** Plan by Maj. Kingman, for expend. of unexpended balance (about \$159,000) of above app. in extending w. break'r by rubble-mound constr. 1,500' shoreward, **03, 2093; au., 1903, 05, 2356.**

Slight change in design of break'r on recom. of Maj. Kingman, **04, 3194.**

Maj. Townsend, 1906, did not consider extension of break'r by U. S. advisable at that time (H. D. 86, 59th, 2d), **07, 717.**

By Col. Millis, 1910, extending w. break'r at both ends, building new e. break'r and removing part of old; est., **\$1,385,529, and \$5,000 an. mainten. (H. D. 654, 61st, 2d), 10, 875, 879.**

SURVEYS.

Under direction of Lt. Col. Reynolds, by W. T. Casgrain, 1865, **66, iv, 10; 67, 140.**

By Maj. Wilson, 1879, **79, 1701.**

Sur. to determine what imp. should be made with view to constr. H. of refuge, and to enlarging capacity of port for purposes of C., au. act Aug. 17, 1894; made by Lt. Col. Smith, 1895, **95, 3122.**

Minor sur., **93, 3085; 98, 2681; 00, 4077; 01, 3264; 03, 2097; 04, 3198; 05, 2360; 07, 2089.**

Au. act Mar. 3, 1905; made, 1907, by Maj. Townsend (H. D. 86, 59th, 2d), **07, 717.**

Au. act Mar. 3, 1909; made, 1909-10, by Col. Millis (H. D. 654, 61st, 2d), **10, 879, 2298.**

Cong. docs., etc., relating to exs., sur., plans, etc., **12, 1108.**

Maps (H. D. 654, 61st, 2d):

81, 2324; 84, 2116; 91, 2866; 94, 2422; 95, 3126; 96, 2964; 09, 2138; 10, 2298.

Total, 1,272,597.59 (incl. sales, etc., and less amounts redeposited, \$1-277,450.22, 12, 2708).

COMMERCE.

Description of, 95, 3120; 96, 2968; 97, 3091. Shipments of coal and ore, large, 94, 2425; 95, 3120.

Tonnage in 3 years rose from nothing to 500,000 t., 96, 2968; the average an. increase exceeding 100,000 t., 98, 2686.

Phenomenal growth, 99, 3072; 01, 3266. Marked reduction of rates due probably to imp. of this H., 06, 692; 10, 878; 12, 1110.

Chart showing relation of tonnage, value, and app., 11, 2506.

Statistics show considerable increase in freight traffic over previous years, 12, 2709.

Tonnage, 1911, 8,879,000 t., embracing 1,626 cargoes, 12, 2709.

CONTRACTS.

1866. Kenneth & McKenzie, materials and labor, 66, iv, 8, 74; 67, 232. J. Loveday, iron, 66, iv, 8, 74; 67, 232.

1871. H. W. Smith, materials and labor, 71, 196; 72, 233.

1881. J. W. Dennis, pile constr., 81, 2329.

1893. L. P. & J. A. Smith, p. constr., \$35-906.40, 93, 3093.

1895. C. M. Carrier, hemlock timber, \$10 M f.; E. D. Weimer, white pine timber, \$21.37 M f.; Wm. Pattison, ironwork, \$2,447.86; Kelley Island Lime & Transport Co., st., \$5.55 cord, 95, 3121.

1897. E. F. Loud, hemlock timber, \$10.98 M f.; C. H. Carleton, white pine timber, \$19.40 M f., 97, 3092. T. C. Gill & Co., ironwork, \$1,871.65; Breckinridge & Uber, riprap st., 95¢ t. (\$2,375); Kelley Island Lime & Transport Co., filling st., \$1.18 t. (\$7,788), 97, 3093.

1899. J. B. Donnelly, break'r constr. (dr., timber, st., ironwork), \$23,404.20, 99, 3073. E. J. Hington, dr., 18¢ c. y. (circular letter), 99, 3072.

1902. The Donnelly Contracting Co., constr. e. and w. break'rs, and the extension and reconstr. of e. and w. ps., 03, 2099, 2101.

1903. G. H. Breyman & Bros., dr., 27¢ c. y., 03, 2103.

1905. Empire State Surety Co., continuance of contract for break'r constr. and reconstr., of ps., 06, 1920.

1906. Great Lakes Construction Co., constr. 256 l. f. of shoreward end of e. break'r, 06, 1920.

1910. Breyman Bros., dr. outer H., 19.9¢ c. y., 11, 2505; 12, 2708. The Edward Gillen Dock, Dredge & Construction Co., constr. break'r, 58,975.1 t. st., at \$1.55 t., 11, 2506; 12, 2708.

1911. Great Lakes Dredge & Dock Co., removing 439 l. f. break'r, at \$15 l. f.; constr. break'rs, 150,000 t. st., at \$1.38 t., 12, 2708.

ENGINEERS.

Chief of Engineers. R., 66, 4, iii, 32, iv, 7; 67, 30; 68, 42; 69, 22, 38; 70, 49; 71, 47; 72, 44; 73, 44; 74, 51; 75, 56; 76, 108; 77, 115; 78, 130; 79, 173; 80, 228; 81, 312; 82, 307; 83, 315; 84, 319; 85, 343; 86, 338; 87, 303; 88, 276; 89, 328; 91, 373; 92, 352; 93, 403; 94, 377; 95, 412; 96, 367; 97, 461; 98, 451; 99, 534; 00, 601; 01, 582; 02, 605; 03, 555; 04, 605; 05, 616; 06, 691; 07, 714; 08, 759; 09, 795; 10, 877, 879; 11, 931; 12, 1108.

In charge:

Capt. Howard Stansbury, 1856, S. D. 42, 35th, 1st.

Lt. Col. J. D. Graham, 1857. S. D. 42, 35th, 1st. Col. T. J. Cram, 1866-68. R., 66, iv, 6-10, 69, 72-75; 67, 139, 148, 230-233.

Maj. W. McFarland, 1868-71. R., 68, 160; 69, 141; 70, 180.

Capt. G. L. Gillespie, 1871-73; 71, 89. R., 71, 196; 72, 233.

Maj. F. Harwood, 1873-74; 73, 42. R., 73, 342; 74, 224.

Lt. Col. C. E. Blunt, 1874-78; 74, 215. R., 75, 292, 315; 76, ii, 563; 77, 963, 968.

Maj. W. McFarland, 1878. R., 78, 1265.

Maj. J. M. Wilson, 1878-82. R., 79, 1705; 80, 2166; 81, 2328; 82, 2412.

Capt. M. B. Adams, 1883-84. R., 83, 1920.

Capt. E. Maguire, 1884-85. R., 84, 2118.

Maj. L. C. Overman, 1885-92. R., 85, 2245; 86, 1873; 87, 2332; 88, 2015; 89, 2340.

Lt. Col. J. A. Smith, 1892-1900. R., 92, 2515; 93, 3089; 94, 2423; 95, 3117; 96, 2965; (Col.) 97, 3090; 98, 2683; 99, 3071; 00, 4091.

Maj. D. C. Kingman, 1901-05. R., 01, 3264; 02, 2290; 03, 2090; 04, 3200; (Lt. Col.) 05, 2361.

Assistants:

Maj. F. U. Farquhar submitted est., 66, iv, 7.

Capt. M. B. Adams, 75, 53, 292.

H. E. Smith. R., 01, 3268; 02, 2291; 03, 2102; 04, 3203; 05, 2365.

ESTIMATES. (See Plans and Projects.)

By Lt. Col. Graham, extension of ps. 600' to 12' of water, repairs, and dr., \$31,559.60, S. D. 42, 35th, 1st.

By Maj. Farquhar, under direction of Col. Cram, repairs and extension of w. p. and dr. 12' x 115', \$31,112.66, iv, 7, 73.

By Col. Cram, addl. to complete the work, \$10,638.67, 140, 148.

By Maj. McFarland, repairs of injury caused by freshet, \$9,000, 68, 161; to complete the work, \$6,000, 69, 142.

By Maj. Harwood, permanent completion, \$3,500, 73, 342; \$1,000, 74, 224.

By Maj. Wilson, completion of existing proj., \$26,092, 79, 173, 1706.

LEGAL PROCEEDINGS.

Claim against owners of SS. *Mecosta* for damages to w. break'r, \$1,345.84, 04, 3201.

U. S. atty. collected \$1,000 in satisfaction of damages to w. break'r by SS. *Mecosta*, and \$600 in payment for damages to e. j. by SS. *W. D. Rees*, 05, 2362.

OPERATIONS.

1856. 890' of p. rebuilt on old foundations; 120' of p. repaired, S. D. 42, 35th, 1st.

1867-68. Repairs to ps. continued and material collected for extension of w. p., 68, 160.

1868-69. E. p. repaired and extension to w. p. completed, 69, 141.

1869-70. Repairs and extension to p., 70, 180.

1870-71. Repairs of w. pierhead completed, 71, 196.

1871-72. Extension of e. p. 90', 72, 44.

1873-74. W. pierhead rippedrap, 74, 224.

1874-77. Slight repairs of ps., 75, 315; 76, ii, 563; 77, 968.

1881-82. 473 l. f. pile protection finished, 82, 2413.

1893-94. Extension of old w. p. completed, 94, 2423.

1894-95. A device to throw large waves from the end of the p. erected and p. constr. in progress, 95, 3118.

1895-96. Misc. dr. done, repairs made to outer end of new w. p., and in connection with preceding year 600 l. f. of e. break'r constr., 96, 2965.

1896-97. Break'r constr. commenced, 97, 3090.

1897-98. 282 l. f. w. break'r completed in connection with previous year, 15,776 c. y. dr., and repairs made to e. p., 98, 2685, 2686.

1898-99. Lines of break'rs laid out on heavy ice formation; 9,000 c. y. dr., 99, 3071.

1899-00. 16,500 c. y. dr.; preparations made for break'r constr., **00, 4092.**

1900-01. 4 cribs sunk in constr. of w. break'r, 16,000 c. y. dr. from bar, restoring chan. to full d. in fall of 1900; bar re-formed again in spring and was redr., 10,057 c. y. having been removed, **01, 3266.**

1901-02. Superstr. over cribs built, completing contract for 774' of w. break'r; 10,420 c. y. dr. from chan. outside of ps. and 680 c. y. removed from reported shoaling, **02, 2291, 2292.**

1902-03. Plant and materials assembled for prosecution of work on e. and w. break'r's, 10,500 c. y. dr., and damages to w. p. made by SS. *Mecosta*, temporarily repaired, **03, 2099, 2102, 2103.**

1903-04. 8 cribs, 1,377' l., built and sunk in renewal of shoreward end of js.; temporary spur j. constr. for protection of trenches for reception of cribs; one crib, 163' l., placed at outer end of w. j.; 745 l. f. concrete superstr. completed; work done on preparing foundations for e. and w. break'r's; damage done by SS. *Mecosta* repaired at cost of \$1,345.84; 9,956 c. y. dr., **04, 3200, 3203.**

1904-05. W. break'r extension completed; timber crib pierheads for e. and w. break'r's in place; substr. for 750' e. break'r sunk and 264 l. f. concrete superstr. built (contractor became involved financially, and work ceased in Nov.); dr. *Burton* removed 14,000 c. y. from chan., **05, 2361, 2365.**

1905-06. 71% of work of break'r constr. and reconstr. completed by failing contractor, and work continued by their surety, the Empire State Surety Co.; foundation prepared for new cribs, shoreward end e. break'r; dr. *Burton* removed 14,089 c. y., **06, 1917, 1919.**

1906-07. Constr. of break'r's and the extension and reconstr. of parts of e. and w. ps. completed (tabulated statement of work for year and contract); 256 l. f. shoreward end of e. break'r completed; dr. *Burton* removed 14,291 c. y., **07, 2093, 2094.**

1907-08. Minor repairs made to concrete superstr. by hired labor; dr. *Burton* removed 16,242 c. y., **08, 2167.**

1908-09. Dr. *Burton* removed 20,584 c. y., **09, 2140.**

1909-10. Dr. *Burton* removed 18,698 c. y. and dr. *Maumee* 21,030 c. y., **10, 2299.**

1910-11. 275,173.2 c. y. dr. under contract; 8,943 c. y. dr. by U. S. dr. *Burton*, **11, 2505.** 13,393.1 t. quarry-run st. placed in rubble-mound protection and 30,117.9 t. st. in rubble-mound break'r, **11, 2505.** Protecting e. break'r, extending it shoreward, about 70% completed under contract, **11, 932.**

1911-12. 8,220.4 t. st. placed in rubble-mound protection, and 7,243.7 t. in rubble-mound break'r, completing e. break'r and extending it shoreward; lakeward extension of e. break'r and of the new w. break'r in progress; removal of part of old w. break'r begun, 26% completed; 22,140 c. y. dr. by U. S. dr. *Burton*, **12, 2707.**

PHYSICAL CHARACTERISTICS.

Description of, **66, iv, 6; 67, 139; 93, 3090; 96, 2970, 2971.**

Beach at inner end of w. p. washed away in a remarkable way by sea, **99, 3072.**

Action of break'r's at the H. on sand movement, **00, 4092; bar formation, 00, 4092.**

Shoaling of chan., **04, 3200; 06, 1919; 07, 2094.**

Outer break'r deteriorated, will be partly abandoned, **11, 2506.**

As a result of U. S. imp. an entrance chan. of 21' and an outer H. have been provided, **12, 1109, 1110.** H. 74 m. from Cleveland, Ohio, **12, 1108.**

PLANS. (See Estimates and Projects.)

By Lt. Col. Graham, repairs, dr., and extension of ps. to 12' of water, S. D. 42, 35th, 1st.

By Col. Cram, pile p. proposed, description of, **66, iv, 69.**

Maj. Overman reported, 1888, that unless the facilities of H. were increased further imp. would be unnecessary, **88, 2015.**

In 1889 Maj. Overman est. repair and removal of ps. and revet. and dr. to 16' d. through H. entrance would cost \$115,000, **89, 2341.**

In 1891 Maj. Overman, recom. constr. of new ps. and dr. bet. them to 17', each p. to be about 2,000 l.

and to extend to 17' curve in lake; est., \$418,140, **92, 2519.**

Orig. plans for e. break'r were for rubble-mound constr., but contractor submitted est. of timber crib with concrete superstr., which method of constr. approv., **04, 3201.**

PRIVATE WORK.

Description of work done by the Pittsburgh, Shenango & Lake Erie R.R. Co. for imp. of H., **98, 3091; 94, 2425; 95, 3120; 97, 3090; 99, 3072.**

W. break'r, injured by SS. *George Stephenson*, repaired by Pittsburgh Steamship Co., **04, 3206.**

PROJECTS. (See Estimates and Plans.)

Orig., **75, 315; 76, ii, 563; 77, 968.**

By Capt. Maurice, 1829, closing existing chan. through sand bar at mouth of R. by means of parallel ps. of cribwork; est., \$20,001.65, **80, 2166.** Proj. completed in 1835, **80, 2167.**

By Col. Cram, 1866, repair of existing p. work, prolongation of w. p. 350', and dr. chan. 115' x 12'; est., \$31,112, **66, iv, 7; 67, 139; 80, 2169.** Proj. completed in 1872, **80, 2170.**

By Maj. Wilson, e. p., 480 l. f. of p. and 381 l. f. of superstr.; w. p., 791 l. f. of superstr., **79, 1706.**

History of early proj's., **79, 1705.**

By Maj. Wilson, 1880, restoration of p. and constr. of pilework; est., \$35,090, **80, 2171; 86, 1873; 87, 2332.**

By Lt. Col. Smith, 1892-93, w. and d. existing old chan. to 17' by extension of e. and w. ps. each 480'; est., \$500,000, **93, 3090.**

By Lt. Col. Smith, 1892-93, expend. available funds in extending w. p. into lake as far as possible from old w. p., with the usual type of crib and superstr. filled with st. and resting upon foundation riprap st., **93, 3090.**

By Lt. Col. Smith, 1896, constr. 480' of p. on the w. side, for extending e. p. 450' and w. p. 150', for 2 break'r's—one on the w. side 1,250' l., one on the e. 1,050' l.—and removal of r. and other material at an est. cost of \$530,000, to obtain 25.5' in an entrance of 350' w. and d. of 20' or more in the protected area, **96, 2971; est., \$610,000, excl. of mainten., 12, 1109.**

By Col. Smith, 1897, expend. \$35,000 of app. of 1896 on constr. of the break'r's, and reserving \$5,000 for mainten. and contingencies, **97, 3091.**

\$8,000 reserved from app. of 1899 for mainten. of ps. and chan. d., **99, 3072.**

Method of constr. break'r to avoid extensive repairs, **00, 4092.**

Act June 13, 1902, au. expend. of \$450,000 on proj. of 1896; \$10,000 of which for purchase of hydraulic dr., **03, 555; modified by act June 25, 1910, au. expend. of \$144,900 in mainten. and continuing imp. in accordance with plans; est., \$1,338,681, with \$10,000 an. for mainten. (H. D. 653, 61st, 2d), 10, 877.**

Existing proj., 1912, that of 1896, modified by act 1910, **12, 1109.**

SURVEYS.

By Capt. Stansbury, in 1856, S. D. 42, 35th, 1st.

By Maj. Wilson, in 1878-79, **79, 1705.**

Ex. made in 1879, **80, 2170.**

Ex. for d. and w. chan. au. act Aug. 11, 1888; made, 1889, by Maj. Overman, **89, 2340.**

Sur. of Conneaut H.; made, 1891, by Lt. Col. Smith, **92, 2517.**

Complete hydrographic sur. of the H. and the lake inside the 25' contour made in 1894 by Lt. Col. Smith, **96, 2966.**

Ex. of the chan. made, 1898, by Col. Smith, **98, 2685.**

Minor sur's., **99, 3071; 00, 4093.**

Of chan., **02, 2292; 03, 2102; 06, 1919.**

Borings and soundings along line of new ps., **02, 2292.**

Au. act Mar. 3, 1909, for enlarging and imp. the outer H. area, made, 1909, by Lt. Col. Millis; est., \$1,338,681 (H. D. 653, 61st, 2d), **10, 879.**

Maps (H. D. 653, 61st, 2d):

Of n. and nw. lakes, showing location of this H., **66; 81, 2330; 93, 3090; 95, 3120; 96, 2972; 09, 2140; 10, 2300.**

Cong. docs., etc., relating to exs., sur's., plans, etc., **12, 1110.**

CONTRACTS.

1866. J. Loveday, iron, 66, iv, 74; 67, 232, 233.

1867. Brooks & Adams, timber, 67, 232, 233.

Vincent & King,³ materials and labor, 67, 232, 233; 68, 168-177, 188. Lee & Dunbar, dr., 67, 232, 233; 72, 233.

1868. Lee & Dunbar, dr., 68, 163, 168. William Nichols, repairing ps., 68, 163, 168.

1871. Lee & Dunbar, dr., 23¢ c. y., 71, 198; 73, 343. H. W. Smith, p. work, completed, 71, 198; 72, 233.

1872. Lee & Dunbar, dr., 29½¢ c. y., 73, 343; 74, 224.

1877. O. J. Jennings, dr., tug, and scows, \$5.44 per hour, 77, 970.

1878. W. H. McCurdy, iron, 78, 1266. Ferris & Garfield, materials and labor, 78, 1266.

1879. O. J. Jennings, dr., 15¢ c. y., 79, 1710. Hemenway & Hayes, p. constr., 81, 2187; amended, 81, 2331. Cleveland, Brown & Co., p. constr., 80, 2188.

O. J. Jennings, dr., 15¢ c. y., 80, 2189.

1880. G. W. & A. F. McKenzie, pile j. constr., 80, 2188. H. H. Hine, p. constr., 81, 2334; annulled, 81, 2331. H. B. Strong, p. constr., 81, 2335. J. Barnett, iron, 81, 2334. G. W. & A. F. McKenzie, p. constr., 81, 2335.

1881. G. Talbot, dr., 23¢ c. y., 81, 2336.

1882. J. L. Linn, removing and replacing old superstr., 82, 2418; dr., 22½¢ c. y., 82, 2418.

1886. J. Rooney, dr., 26¢ c. y., 87, 2346.

1887. D. McNaughton, iron, 87, 2346. G. Elias & Bro., timber, 87, 2346.

1888. J. L. Linn, dr., 23¢ c. y., 89, 2347. O. Gilmore, dr., 28¢ c. y., 89, 2347.

1890. Hingston & Wood, dr., 18½¢ c. y., 90, 2792. Benham & Doville, transporting material, 90, 2793.

1891. J. B. Donnelly, p. extension, \$61 l. f., 91, 2876.

* Allotment.

¹ Surs.—Rs., Oct. 4, 1823, est. \$39,617.47; Oct. 1, 1835, est. \$97,000; Sept. 30, 1839, est. \$326,150; 1855, est. \$269,105.37; Nov. 12, 1864, est. \$15,000. Ex.—R. (indefinite), Nov., 1833.

² Statement of app. from 1823, with method of expend., 83, 1926.

³ Called \$22,500, 69, 38, 144.

⁴ Called \$6,080, 72, 44, 234. Allotted from app. for ex. and sur. of northern and northwestern lakes, etc., 72, 4, 234.

⁵ Controversy between Col. Cram and contractors; history of the case, and plan for settlement submitted by Col. Cram, 68, 168-177. Report of a B.E. in relation to, 68, 180-183.

1892. J. B. Donnelly, p. extension, \$25,620, 93, 3100.

1896. Hingston & Woods, dr. 29,399 c. y., at 19¢ c. y., s. m.; riprap st., 781 c. y., at \$2.45 t., measured on boat, 97, 3102.

1898. Carlin, Stickney & Cram, dr., 17¢ c. y., \$1,110.95, 98, 2746.

1899. Breymann Bros., dr., 8½¢ c. y., \$33,000, 99, 3094. J. B. Donnelly, concrete superstr. of n. p., and extension of p., timber crib j. constr. (removing old works, furn. st. concrete, ironwork, dr., timber), \$78,458.70, 00, 4107.

1902. Buffalo Dredging Co., dr. (18½¢ c. y.) and constr. concrete superstr., s. p., timber crib j., and placing riprap st. in n. p. (unit prices listed), 03, 2122-23.

1905. Lake Erie Dredging Co., dr. chan., 23¢ c. y., s. m., and dr. basin, 25¢ c. y., p. m.; William H. Shelton, extending n. p. and concrete superstr. on n. p., unit prices listed, 05, 2372.

1907. Great Lakes Dredge & Dock Co., extending s. p. and st. superstr. on s. break'r, unit prices listed, 07, 2100.

1909. Buffalo Dredging Co., dr. chan., 10, 2303. The Central Dredging Co., dr. basin, 18¢ c. y., s. m., 10, 2305.

DOCUMENTS. (Not printed in reports.)

Report of B.E. of 1874 to consider plan for shore protection for Peninsula Pt., 75, 316.

ENGINEERS.

Chief of Engineers. R., 66, 4, ii, 41, iii, 4, 31, iv, 2; 67, 31, 252; 68, 42, 177, 178; 69, 22, 38; 70, 49, 71, 45, 47; 72, 42; 73, 45; 74, 51; 75, 56; 76, 109, 142; 77, 116; 78, 130; 79, 173; 80, 228; 81, 313; 82, 308, 2420; 83, 316; 84, 319; 85, 344; 86, 339; 87, 304; 88, 277; 89, 328; 90, 297; 91, 373; 92, 352; 93, 404; 94, 378; 95, 413; 96, 369; 97, 463, 473; 98, 455; 99, 536; 00, 604; 01, 585; 02, 507; 03, 557; 04, 609; 05, 619; 06, 694; 07, 717; 08, 761; 09, 797; 10, 879; 11, 933; 12, 1111.

Boards:

Convened, Detroit, Mar. 18, 1868, to consider causes of careening of cribs and remedy for. Adjourned, and reconvened at Erie, Mar. 23. Ex. the work and adjourned. Reconvened, Detroit, and recom. the use of cribs 24' instead of 18' w., grillage instead of tight bottoms, and riprap. R., 68, 179-183. (Col. Macomb, Lt. Cols. Newton, Reynolds, and Blunt; Maj. Wheeler, and Capt. Harwood.)

Convened, Erie, Oct. 18, 1870. Recom. brush and st. constr. in places, protection of beach by planting slips of poplar, beech, etc., and legislation to prevent the removal of standing or fallen timber, etc. R., 71, 206-208. (Lt. Cols. Woodruff and Foster, and Maj. McFarland.)

Convened, S. O. No. 49, C. of E., 1882, 82, 2422. The Board did not consider the danger of a break through the peninsula of Presque Isle imminent, 82, 2422.

In charge:

Capt. T. W. Maurice, 1824, 67, 138; 79, 1707. Col. Wm. Turnbull, 1855-56. R., S. D. 42, 35th, 1st.

Maj. J. D. Graham, 1857. R., S. D. 42, 35th, 1st. Lt. Col. T. J. Cram, 1864-68. R., 66, 13, 20, iv, 1-5, 73-75; 67, 138, 148, 230-233, 254; 68, 168-177, 183-185.

Maj. W. McFarland, 1868-71. R., 68, 162-168; 69, 142; 70, 181; 71, 200.

Capt. G. L. Gillespie, 1871; 71, 189. R., 71, 198, 200; 72, 223.

Maj. F. Harwood, 1873-74. R., 73, 342; 74, 225. Lt. Col. C. E. Blunt, 1874-78; 74, 215. R., 75, 316; 76, ii, 563; 77, 963, 968.

Maj. W. McFarland, 1878. R., 78, 1266.

Maj. J. M. Wilson, 1878-83. R., 79, 1707; 80, 2172; 81, 2331; 82, 2414, 2422.

Capt. M. B. Adams, 1883-84. R., 83, 1923.

Capt. E. Maguire, 1884-86. R., 84, 2120; 85, 2253; 86, 1879.

Capt. C. F. Palfrey, 1886. 87, 2343.

Capt. F. A. Mahan, 1886-90. R., 87, 2343; 88, 2017; 89, 2343.

Maj. A. Stickney, 1890-92. R., 90, 2789; 91, 2869.

Maj. E. H. Ruffner, 1892-95. R., 92, 2522; 93, 3096; 94, 2427; 95, 3135.

Maj. T. W. Symons, 1896-1902. R., 96, 3097; 97, 3097, 3237; 98, 2737; 99, 3091; 00, 4099; 01, 3295; 02, 2295.

Maj. Theo. A. Bingham, 1903. R., 03, 2115.

1st Lt. P. S. Bond, 1904. R., 04, 3243.

Col. H. M. Adams, 1905-07. R., 05, 2369; 06, 1923; 07, 2097.

Lt. Col. W. L. Fisk, 1908-10. R., 08, 2169; (Col.) 09, 2143; 10, 2303.

Lt. Col. J. G. Warren, 1911-. R., 11, 2509; (Col.) 12, 2711.

Assistants:

Capt. F. U. Farquhar, 66, ii, 41, iv, 2.

I. Camp, 68, 169, 172, 180. R., 71, 202, 205.

Capt. M. B. Adams. R., 79, 1710.

ESTIMATES. (See Projects.)

By B.E., date not known, entire and permanent completion of e. entrance, \$56,760; w. entrance, \$212,345.37; total, \$269,105.37. S. D. 1, 34th, 1st.

By Maj. Graham, 1857, immediate repairs of ps., \$8,638. Est. of B.E. revised to \$83,091.86 for e. entrance and \$334,408.09 for w. entrance; total, \$417,499.95. S. D. 42, 35th, 1st.

By Col. Cram, 1865, for dr. to 13', \$15,126.90, and extension of n. p. 500' to 13' of water, \$21,835; total, \$36,961.90. 66, 4, 20, 21, 24, iv, 1, 73.

By Col. Cram, 1866, permanent completion, \$25,000, 66, iii, 4, 31.

By Col. Cram, 1867, repairs and dr. to 14', \$69,000, 67, 31.

By Maj. McFarland, 1868, repairing p., \$16,000; dr. outer bar, \$5,000; dr. inner bar, \$35,000, 68, 164.

By Maj. McFarland, 1869, completion of work, \$45,900, 69, 143; 70, 182.

By Maj. Harwood, 1873, entire and permanent completion of chan., beach protection, and repairs of ps., \$75,000, 73, 343. In 1874, \$80,000, 74, 225.

By Lt. Col. Blunt, 1875, extension of s. p., \$50,000, 75, 317.

By Lt. Col. Blunt, 1876, protection of shore, etc., \$56,000, 76, 106, ii, 566.

By Maj. Wilson, 1879, completion of existing proj., \$90,000, 79, 1710.

LEGISLATION.

Detailed history of efforts made by various persons to obtain the right to occupy the peninsula by State legislation. Letter sent by the Sec. of War to the governor of Pennsylvania in 1897 asking that the rights of the U. S. to ownership of the peninsula be confirmed. 98, 2743.

Maj. Symons reports effort again being made to secure title or possession of Presque Isle Peninsula. Bill introduced in Legislature of Pennsylvania au. city of Erie to "improve, use, or sell" defeated; correspondence covering case, 01, 3299, 3300.

Act of Legislature of Pennsylvania, 1903, gave commissioners of waterworks of Erie all rights of State in about 175 acres of land on peninsula of Presque Isle. Plans for extension of intake to and across Presque Isle were submitted to Sec. of War for approv., and permission asked to use the 175 acres of land for settlement basins. Sec. of War approv. plans and offered lease for 2 years of portion of Presque Isle. Conditions of permission and lease declined; no further action taken, 03, 2117-2120.

Act approv. Apr. 27, 1904, grants to the commissioners of waterworks of city of Erie the right to use and occupy as much of the land of the U. S. on Presque Isle Peninsula, not exceeding 175 acres, as may be necessary for proj. imp. of water supply for city of Erie, including intake pipe, reservoirs, settling basins, filter beds, etc.; usual rights reserved to the U. S., 04, 3248.

OPERATIONS.

History of early operations, 79, 1707; 80, 2172; 82, 2423.

1855-56. Closing breach in peninsula and protection of beach by brush work, S. D. 42, 35th, 1st.

1866-67. Repairs of ps. and protection of shore completed, 66, 20.

1867-68. Repairs, p. extension, and dr., **67**, 31, 139; **68**, 164.
1868-69. 380' of damaged p. repaired, **69**, 142.
1869-70. Removal of 60,000 c. y. from inner bar, chan. 14' x 200'; 110' of ps. rebuilt, **70**, 49, 181.
1870-71. Removal of 25,317 c. y. from inner and outer bars; repairs to break'r completed, **71**, 47, 48, 108.
1871-72. Extension of n. p. 120'; removal of 63,877 c. y. from bars; n. and s. ps. repaired; 51,800 assorted trees and roots planted on the neck of the peninsula, and shores protected by brush and st., **72**, 44, 233, 234.
1872-73. Dr., **73**, 45, 342.
1873-74. Dr., **74**, 51, 224.
1874-75. About 18,000 c. y. dr.; n. p. repaired; 1,472' of n. spit protected by piles, brush, and st., and 1,480' of beach protected by piles and plank bulkhead, backed by rubble, **75**, 57, 316.
1875-76. Dr. 52,800 c. y. from inner chan., 3,056' of pile-plank rippaped fence built, repairs to ps., and 500' of superstr. rebuilt over break'r, **76**, 109, ii, 565.
1876-77. Extension of catch-sand fence 1,461', 415' of n. p. rebuilt, and 28,594 c. y. of sand dr., **77**, 116, 968.
1877-78. Dr., rebuilding part of n. p., and extending catch-sand fence, **78**, 130, 1266.
1878-79. Dr. and rebuilding 400 l. f. of superstr. of n. p.; ps. repaired, **79**, 173, 1708.
1879-80. 102,763 c. y. sand dr. from chan.; 10 snags removed, **80**, 2182.
1880-81. 160 l. f. cribwork placed in n. p. and 150 l. f. on s. p.; 455 l. f. superstr. rebuilt on s. p.; 11,808 l. f. piling driven in spur js.; 2,000 l. f. brush and st. protection renewed, **82**, 2332.
1881-82. N. p. extended 242 l. f. and rippaped with 1,200 t. large st.; strengthened by driving oak piles along 380 l. f. of chan. face; s. p. extended 423 l. f.; 25,000 c. y. material dr., **82**, 2415.
1882-83. 385 l. f. n. p. superstr. rebuilt and 90' redecked; 18,000 c. y. sand dr.; 193 piles driven for catch-sand j.; pile protection at neck of peninsula completed, **83**, 1924.
1883-84. Extension of j. at e. end of peninsula, **84**, 2121.
1884-85. Minor repairs to n. p. and s. break'r, **85**, 2253.
1886-87. Dr. bet. and in front of ps., **87**, 304, 2344.
1887-88. General repairs to ps. and break'r, **88**, 2021.
1888-89. 10,700 c. y. dr.; steam launch and boathouse built; minor repairs to ps. and break'r, **89**, 2347, 2349.
1889-90. 2 breaches in break'r repaired; minor repairs to break'r and ps.; 20,000 c. y. dr., **90**, 2792, 2793.
1890-91. Repairs to s. break'r and n. p.; 125,471 c. y. dr. from inner and outer chans., **91**, 2870.
1891-92. 2,800 c. y. dr. in outer chan.; n. p. extended 452'; repairs to break'r and ps., **92**, 2522.
1892-93. Repairs to p. and break'r, **93**, 3096, and extending of n. p. in progress, **93**, 3097.
1893-94. Repairs to p. and break'r, **94**, 2428; extending of n. p. for 301.4' completed, and boat-house removed to another location, **94**, 2429.
1894-95. Repairs to ps. and break'r, **95**, 3136, 6,235 c. y., s. m., dr., and steam launch repaired, **95**, 3137.
1895-96. Repairs to ps. and break'r, **96**, 3099.
1896-97. Repairs in progress at beginning of year completed, **97**, 3099, 29,399 c. y. dr. and 781 c. y. rippap st. placed along n. p., **97**, 3099; 2 wrecks removed, H. lines estab., and 2,400 locust trees planted **97**, 3100.
1897-98. Repairs to ps. and break'r, **98**, 2739; 6,535 c. y. dr., **98**, 2739; 2,000 locust trees planted on the peninsula, **98**, 2742.
1898-99. Presque Isle Peninsula watched and trees on it tended; preparations made for work on existing proj., **99**, 3093.
1899-00. Extending of n. p. completed; 203,174 c. y. dr.; timber crib j. built at Presque Isle Peninsula, and the peninsula watched, etc. (photographs), **00**, 4102-4.
1900-01. 236,499 c. y., s. m., dr. in H., over area 21' x 750' x 1,600', except where r. occurred; work completed, **01**, 3297. Repairs made to 750' of n. p.

and to s. break'r at cost of \$776.89, **01**, 3297-98. Automatic water gauge installed on n. p.; watchman on peninsula throughout year, **01**, 3298.
1901-02. Minor repairs, protection of property, and surveillance of Presque Isle Peninsula, **02**, 2296.
1902-03. 20,735 c. y. dr. from chan. and 286,871 c. y. from H.; s. p. superstr. and crib walls above grade removed for 421.7' from e. end, 210', or 7 crib lengths, from e. end leveled and repaired for reception of concrete blocks, 31 side-wall blocks and 2 cross-wall blocks placed, flagstone removed and deposited in deck of s. break'r for 571' from n. end. Timber crib j. commenced and practically completed; minor repairs made to structures; surveillance of peninsula and automatic water gauge observations continued, **03**, 2116-17.
1903-04. Reconstr. of superstr., s. p., completed, and underlying cribs repaired, **04**, 3244. Timber crib j. completed, **04**, 3246. 272.5 c. y. placed in n. p.; minor repairs made to H. structures and U. S. property; 1,200 l. f. deck, n. p.; repaired, **04**, 3247. Surveillance of peninsula, and automatic gauge observations continued, **04**, 3248.
1904-05. Minor repairs to j. No. 2, **05**, 2369. Work under dr. contract started, **05**, 2370.
1905-06. 8,069 c. y., s. m., dr. from chan. and 178,386 c. y., p. m., from basin; 500 l. f. cribs filled and sunk on extension of s. p.; timber superstr. on 750' of n. p. partly torn out, and making of concrete blocks for new superstr. in progress, **06**, 1924.
1906-07. Dr. completed; total excavated from basin 189,050 c. y., p. m., and from chan. 8,069 c. y., s. m., **07**, 2097. Extending s. p. 500' completed; replacing 750' of timber superstr., n. p., continued, **07**, 2098.
1907-08. 750' of n. p. repaired with concrete superstr.; st. superstr. on 1,200 l. f. of Smith Break'r completed, **08**, 2169. All of the 500' crib, s. p., sunk and filled; making concrete blocks for superstr. in progress; repairs to deck of timber portion (1,262') of n. p. made by hired labor, **08**, 2170.
1908-09. Extension of s. p. 500' lakeward completed; minor repairs on n. p. and s. break'r made by hired labor, **09**, 2143. Fires on peninsula extinguished; peninsula watched to prevent fires and settlement of squatters, **09**, 2144.
1909-10. 51,926 c. y., s. m., dr. from chan. at cost of 10,802.04, **10**, 2303. 7,111 c. y., s. m., dr. from basin; watch of peninsula continued, **10**, 2304.
1910-11. 133,067 c. y., s. m., removed from H. basin, **11**, 2509. Dr. inner chan. and e. and w. ends of H. basin completed at cost of \$40,554.20, **11**, 2509-10. S. break'r repaired, and minor repairs made to machinery of launch *Guenndolen*, **11**, 2510.
1911-12. Surveillance of Presque Isle and care of property continued; minor repairs made to boat-house, and specifications prepared and approv. for replacing 755' of timber superstr. on n. p. with concrete, **11**, 1113, 2711. Proj. 95% completed, **12**, 1113. Condition of work and proposed operations, **12**, 2712.
PHYSICAL CHARACTERISTICS.
Description, **71**, 200, 208; **75**, 316; **76**, ii, 564; **77**, 969; **88**, 2022; **96**, 3099, 3100, 3102; **97**, 3238-45; **12**, 1111, 1112.
Discussion of, **79**, 1713.
Table of gauge readings from 1875 to 1879, **79**, 1714.
Retrograde movement of shore line, **82**, 2420, 2423.
Water gauge raised 1.56', **97**, 3100.
Current observations made, **97**, 3100; **98**, 2740.
Shoaling along the Presque Isle Peninsula, **00**, 4105.
Description of, condition of and effect of structures on shore erosion, **01**, 3297-98.
Max. draft carried, 1902, 18½'; variation of water surface, 2', **02**, 507.
Shoaling of dr. area under influence of gales, **03**, 2116.
Beach erosion on n. side of peninsula corrected to some extent by js. built out from the shore, **03**, 2121.
Chan. 20' x 300', **04**, 3249.
Jetty No. 2. damaged by storm, 1904, **05**, 2369.

Weakest portion of peninsula at w. end; danger exists during storms, **05**, 2370.

Some trees planted on peninsula washed out by heavy sea, **06**, 1924.

Storm in 1907 made some changes in shore line of peninsula, **07**, 2098.

Beach erosion along the body of the peninsula has not been materially corrected by js. built out from the shore, **08**, 2170.

250 acres of woods on peninsula burned over, 1908, destroying underbrush and small trees, **09**, 2143. Shoaling of entrance chan. in 1908 by sand hummocks formed by churning of propellers of vessels running aground on chan. banks, **09**, 2144.

On s. shore Lake Erie, in Presque Isle B.; l. from e. to w., $\frac{1}{2}$ m.; w. from n. to s., $1\frac{1}{2}$ m.; H. basin 2 m. l., $\frac{1}{2}$ m. w., $18'24'$ d.; 80 m. from Buffalo, N. Y., and 99 m. from Cleveland, Ohio, **12**, 1111.

PROJECTS. (See Estimates.)

By BE., date not known, repair and extension of ps. at e. entrance to 12' of water; ps. to form a w. entrance at or near the breach in Peninsula Pt., and checking abrasion and restoring the orig. water line of the isld.; est., \$269,105.37, S. D. 42, 35th, 1st.

By Col. Cram, 1865, dr., repairs, and extension of ps. by pile work to 13'; modified by Chief of Engineers, ordering cribs instead of pile ps.; est., \$36,961.90, **66**, 20, 21, iii, 4, iv, 1, 2.

By Col. Cram, 1867, 14' d. chan.; est., \$54,666, **67**, 31, 139, 254; **68**, 43.

By BE., 1868, increasing w. of cribs from 18' to 24'; grillage and riprap, **67**, 179-183. Plans and specifications for this proj. by Col. Cram, **68**, 163, 183-185.

By Maj. McFarland, 1868, dr. inner chan. 14' x 300', **68**, 164.

By Maj. McFarland, 1869, rebuilding s. break'r, **69**, 143; **70**, 181.

By BE., 1870, protection and preservation of peninsula by planting slips of silver poplar or beech, brush and st. protection in places; est., \$10,000, **71**, 48, 208.

By BE., 1874, protection of n. spit by constr. of pile work and rubble st., **75**, 316.

By Lt. Col. Blunt, 1875, extension of beach protection of pile and plank bulkhead or fence backed with rubble, **75**, 57, 316.

By Lt. Col. Blunt, 1876, extension of s. p. beach protection, thorough repairs of ps., and dr., **76**, ii, 564-566; **77**, 969.

By Maj. Wilson, 1879, extension of n. p. 800', s. p. 1,600'; est., \$120,000, **79**, 1708.

By Capt. Adams, 1879, shore protection by log and pile js., **79**, 1713.

In 1886 Capt. Maguire est. that \$84,120 would be required to extend the p. to the 16' curve and maintain a chan. 16' d. bet. the H. and d. w. in the lake, **86**, 339.

In 1890 the proj. was modified by Maj. Stickney, extension of the n. p. to the 18' curve; est., \$96,000, making the revised est. for completion, incl. the app. of 1890, \$47,657, **90**, 2796, 2797.

By Maj. Symons, 1897 (new and extended proj.), for repair and mainten. of existing structures; the extension of the n. p. 500' and the s. p. 1,000'; for

dr. 20' chan. at entrance, and at e. end of B. a part needed for access to docks; for 4 protection js. along the outer side of Presque Isle Peninsula; and for mainten. of structures on and care of Presque Isle Peninsula; est., \$377,000, **97**, 3238 **99**, 3094.

Proj. modified by Chief of Engineers and by act June 25, 1910, to give 20' at all stages in the entrance chan. and e. and w. ends of basin; est., \$75,625, making total of proj. in force \$452,625 (R. and H. Com. D. 26, 61st, 2d), **10**, 880.

Existing proj. with modifications described, **12**, 1112.

SURVEYS.

By Maj. John Anderson, 1819, **79**, 1707.

By Capt. T. W. Maurice, 1823, **79**, 1707.

By Capt. Williams, 1830, **79**, 1707.

By Col. T. J. Cram, 1864, **79**, 1707.

By J. De La Camp, under direction of Col. Raynolds, 1865, **66**, 25; **71**, 200, 202.

By I. Camp, 1870, under direction of Maj. McFarland, **R.**, **71**, 202-205.

By Lt. Col. Blunt, **75**, 317.

Beach line sur., **80**, 2184.

Ex. of H., 1881, **81**, 2332.

Ex. of outer beach of peninsula, 1881, **81**, 2333.

Sur. of peninsula, **85**, 2253.

Sur. of Presque Isle Peninsula, made, 1888, by Capt. Mahan, **88**, 2021; **89**, 2346.

Sur. of e. end of the peninsula and H. entrance by Maj. Ruffner, 1893, **94**, 2429.

Ex. of the chans. made, 1894-95, by Maj. Ruffner, **94**, 2429; **95**, 3136.

Sur. of the inner and outer chans. made, 1895, by Maj. Symons, **96**, 3099.

Ex. into the feasibility and advisability of imp. the H. by dikes to prevent closing by sand of the entrances au. by joint resol. of Cong.; **R.** submitted by Maj. Symons, 1896 (unfav.), **96**, 3101.

Sur. au. act June 3, 1896; made, 1897, by Maj. Symons (see Projects), **97**, 3237.

Ex. of the chans. made, 1898, by Maj. Symons, **98**, 2739.

Sur. of outer bar made, 1903, by Maj. Bingham, **03**, 2116.

Ex., for 22' d., and protecting Presque Isle Peninsula, au. act Mar. 2, 1907; made by Col. Adams (**R.** unfav.) (H. D. 83, 60th, 1st. Reconsidered by BERR. in R. and H. Com. D. 26, 61st, 2d), **08**, 770.

Ex., for extension of ps., au. act Mar. 3, 1909; made, 1909, by Col. Fisk (**R.** unfav.) (H. D. 394, 61st, 2d), **10**, 890.

Cong. docs, etc., relating to exs., surs., plans, etc., **12**, 1113.

Part (b), RR-5 Erie Harbor, Presque Isle Peninsula, Pa.

APPROPRIATIONS.

1888, \$60,000, **88**, 278.

CONTRACTS.

1888, J. Friday, shore protection, \$75,830, **89**, 2356.

ENGINEERS.

Chief of Engineers. **R.**, **88**, 278; **89**, 329; **90**, 298; **91**, 374; **92**, 353; **93**, 405; **94**, 379; **95**, 413; **96**, 370.

Boards. Convened New York City, Jan., 1890, to ex. and report upon Capt. Mahan's proj. for shore protection. **R.**, **90**, 2800. (Cols. Abbot and Comstock and Lt. Col. Gillespie.)

In charge.

Capt. F. A. Mahan, 1888-90. **R.**, **89**, 2353.

Maj. A. Stickney, 1890-92. **R.**, **90**, 2799; **91**, 2877.

Maj. E. H. Ruffner, 1892-95. **R.**, **92**, 2526; **93**, 3101; **94**, 2433; **95**, 3142.

Maj. T. W. Symons, 1896. **R.**, **96**, 3104.

LEGISLATION.

Permission was given to the water commissioners of Erie, Pa., by Congress, to extend an intake pipe of the city water-supply system across the B. H., and peninsula, and thence out into Lake Erie, **93**, 3602, 3603.

OPERATIONS.

1888-89. 805 l. f. of shore protection built, **89**, 2354.

1889-90. 3,695 l. f. of shore protection built, **90**, 2800.

1892-93. Experiments in tree planting made, **93**, 3102.

1895-96. About 2,000 trees planted, and experiments made with grasses, **96**, 3105, 3106.

PHYSICAL CHARACTERISTICS.

Description of, **90**, 2801; **93**, 3102; **96**, 3104.

PLANS.

By Capt. Mahan, 1889, 6,000 l. f. of crib protection; est., \$360,000, **90**, 2800.

PROJECTS.

By Capt. Maguire, 1885, protection of the peninsula with pile and sheet pile work 6,000' l., parallel with and about 100' from the shore; est., \$173,000, **89**, 2353, 2355.

In 1890 proj. was abandoned; recom. by the BE. that \$20,000 be held in reserve to repair any possible breach through the peninsula, the further constr. of shore protection being considered inadvisable, **90**, 2803, 2804. (Cols. Abbot and Comstock and Lt. Col. Gillespie.)

SURVEYS.

Ex. with a view to planting trees on the peninsula for the purpose of increasing the growth thereon and strengthening of the neck made, 1893, by Maj. Ruffner, **93**, 3102.

COMMERCE.

Requirements of, discussed, **75**, 318; **76**, ii, 557; **77**, ii, 971. Requirements of, will not justify further extension of break'r, **77**, ii, 971.

Statistics, S. D. 42, 35th, 1st, **66**, iii, 31, iv, 157; **67**, 231; **68**, 197; **69**, 149; **70**, 189; **72**, 247; **73**, 348; **74**, 225; **75**, 318; **76**, ii, 567; **78**, 1268; **79**, 1717.

Description of, **93**, 3121, 3130; **95**, 3174.

Local, and not large, 1899, but arrangements made for its increase, **00**, 4149.

Small; not increasing, **05**, 2373; **08**, 2173.

Rates have not been affected by proj., **06**, 696; **10**, 882.

1905, 65,000 t.; 1908, 3,000 t.; 1911, 6,000 t., **12**, 1115.

CONTRACTS.

1867. Alex. McDonnell, labor and materials, **67**, 232, 233; **68**, 197. R. N. Gere, iron, **68**, 197.

1868. Hart & Jennings, labor and materials, **69**, 150; **70**, 189. Pratt & Co., iron, **69**, 150; **70**, 189.

1869. Bailey & Denny, materials, **69**, 150; **70**, 189.

1871. O. J. Jennings, materials and labor, **71**, 213; **72**, 247.

1872. O. J. Jennings, materials and labor, **73**, 350; **74**, 226.

1873. O. J. Jennings, materials, labor, and dr., **73**, 350; **74**, 226.

1874. Cartwright, McCurdy & Co., iron, **73**, 350; **74**, 226. O. J. Jennings, materials and labor, drilling, blasting, and dr., **75**, 319. Cartwright, McCurdy & Co., iron, **75**, 319.

1875. Spaulding & Bennett, materials and labor, **75**, 319. William H. McCurdy & Co., iron, **75**, 319.

1876. Case & Jennings, drilling, blasting, and dr., **76**, ii, 568.

1877. O. J. Jennings, materials and labor, **77**, ii, 971. William H. McCurdy, iron, **77**, ii, 971.

1878. O. J. Jennings, removal of wreck and dr., **79**, 1716.

1881. G. W. White, material and labor, **81**, 2419. F. B. Gay, iron, **81**, 2419.

1884. Hingston & Woods, dr. and break'r repair, **85**, 2248.

1887. G. Elias & Bro., timber, **87**, 2349. D. McNaughton, iron, **87**, 2349.

1889. Hingston & Woods, dr., 27¢ c. y. for mud and \$1 for loose r., **89**, 2358.

1891. G. C. Grimard, constr. and repair of break'r and ps., \$14,970, **91**, 2880.

1892. D. E. Horton, repairs to break'r and p., bid, at \$12,859.18+; H. K. Gustin, extension of break'r, \$15,114.56+ (annulled, **94**, 2435), **93**, 3106.

1893. J. B. Donnelly, break'r extension, bid, \$14,749.65+, **94**, 2435.

1894. Hingston & Woods, dr., \$9.67 per hour; J. B. Donnelly, break'r extension, \$13,752.28+, **95**, 3145.

1897. E. J. Hingston, chan. and H. excavation, repairs to w. p., constr. of break'r, and extension of, \$321,386.85+, **97**, 3106. Supple. contracts for extra work, **98**, 2749, 2753.

1906. Wm. H. Shelton, repair of w. p., st. \$2.60 c. y., concrete \$11.70 c. y., **06**, 1927.

1909. Great Lakes Construction Co., repair of w. p. (removing old work, timber, ironwork, concrete), \$4,574, **10**, 2308.

DEFENSE.

This H. necessary for U. S. Navy in time of war, S. D. 42, 35th, 1st.

ENGINEERS.

Chief of Engineers. **R.**, **66**, 7, ii, 41, iii, 15, 31; **67**, 31; **68**, 43, 198, 201; **69**, 39, 162; **70**, 50, 190; **71**, 48, 214; **72**, 45; **73**, 45; **74**, 57; **76**, 109; **77**, 116; **78**, 131; **79**, 174; **80**, 229; **81**, 315; **82**, 309; **83**, 316; **84**, 320; **85**, 343; **86**, 338; **87**, 304; **88**, 278; **89**, 330; **90**, 298; **91**, 374; **92**, 353; **93**, 405; **409**; **94**, 379; **95**, 414, 418; **96**, 370, 376; **97**, 464; **98**, 456; **99**, 537, 543; **00**, 605, 611; **01**, 586; **02**,

1st Lt. W. L. Guthrie, **09**, 797.

ESTIMATES. (See Plans and Projects.)

By BE., 1854, completing the work, \$192,600.81; revised by Lt. Col. Graham to \$401,818.66, S. D. 42, 35th, 1st.

By Capt. Tardy, cribwork, \$267,130.20, **66**, iii, 15, 31; cribwork, with masonry superstr., \$433,977.46, **66**, iv, 157.

By Col. Cram, to complete work, \$148,584, **67**, 138.

By Capt. Harwood, permanent completion, \$404,500, **68**, 197; opening e. chan. and for an auxiliary break'r, \$155,684.78, **68**, 204; for entire and permanent completion, \$407,894.10, **69**, 149; \$505,213.06, **70**, 188; buttress cribs, 8' x 30', \$326.93; 10' x 30', \$367.89, **69**, 159.

By BE., \$331,000, **71**, 216.

By Capt. Harwood, to complete proj. of the BE., \$306,000, **72**, 247; \$275,000, **73**, 348; \$100,000, **74**, 226.

By Lt. Col. Blunt, necessities of C. require, \$18,000, **76**, ii, 567; to complete existing proj., \$31,000, **77**, ii, 971.

By Maj. McFarland, to complete existing proj., \$262,000, **79**, 174, 1717. Modification proposed and recom. to meet requirements, \$31,000, **79**, 1716.

OPERATIONS.¹

1855-56. 8 cribs, 19' x 30', placed in position; 5 of them injured by ice; injury repaired, S. D. 42, 35th, 1st.

1867-68. Repairs of p. connecting beacon light with mainland, 68, 43.

1868-69. 7 cribs, 210 l. f., of the w. p. carried away, repaired; reinforcement in consequence. Constr. of the new break'r begun, 69, 39, 148.

1869-70. W. p. finished; removal of old outer break'r; 390' of new break'r constr., 70, 50, 193.

1870-71. W. p. repaired and reinforced; removal of outer break'r completed; reconstr. of day beacon and building about 200' of break'r under contract, 71, 213.

1871-72. "Dummy" and 210' of break'r built; repairs to w. p.; dr. in chan. and approaches begun, 72, 45, 246.

1872-73. 360' break'r completed; bar removed by dr., making chan. 13' d., 73, 45, 347.

1873-74. 2,375 c. y. r. removed; 8,500 c. y. sand dr.; break'r extended w. to its edge; 60' of substr. added to e. end, 74, 62, 225.

1874-75. 4 cribs, 120'; sunk; 60' superstr. built, and 120' of superstr. without oak slope or decking, 75, 57.

1875-76. 120' superstr. completed; 7 cribs, 210', break'r finished; total length, 828'; 4,465 c. y. mostly r., removed from chan., 76, 109, ii, 567.

1876-77. Chan. completed 13' x 170'; w. p. repaired, 77, 116, ii, 970.

1877-78. Break'r extended 251', 78, 131, 1268.

1878-79. Repairs to w. p.; removal of wreck and dr., 79, 1715, 1716.

1881-82. 150 l. f. of cribwork placed and superstr. commenced, 82, 2430.

1884-85. 13,318 c. y. dr. for chan., 100 l. f. of face timbers removed, 85, 2246.

1885-86. 23,317 c. y. excavated, 86, 1875.

1886-87. Repairs to w. break'r, 87, 2348. History of work, 87, 2348.

1887-88. 9 cribs sunk in repair of w. p.; break'r H. wall rebuilt, and decking repaired, 88, 2026.

1888-89. Repairs to w. p. by hired labor, 89, 2358.

1889-90. Extensive repairs to w. p. by hired labor; 14,370 c. y. of mud and 120 c. y. loose st. removed under contract, 90, 2805.

1891-92. Constr. of w. p. superstr.; 2,900 c. y. dr., 92, 2528.

1892-93. P. and break'r superstr. repaired, 93, 3103, 3104.

1893-94. 250' of extension to break'r completed, minor repairs made to w. p., and 22,727 c. y. dr., 94, 2435.

1894-95. Minor repairs were made to w. p. and break'r extended 400', 95, 3143.

1896-97. 111,612 c. y., p. m., dr. and break'r constr. in progress, 97, 3105.

1897-98. 442,629 c. y. p. m., excavated and removed, 98, 2751; 582' of break'r constr., 98, 2751, 2752; repairs to w. p. in progress, 98, 2752; and minor repairs made to structures, 98, 2755.

1898-99. 91,415 c. y. dr.; work on concrete superstr. of w. p. completed and protected with riprap st.; break'r extension completed; minor repairs made. Proj. completed, 99, 3097-3100. Photographs, 00, 4108.

1899-00. Repair of w. p. 00, 4110.

1900-01. Office work, 01, 3303.

1902-03. Two breaches in w. p. closed by sinking cribs 7' x 9' x 29', and 8' x 8' x 56', and rebuilding timber superstr.; 365 l. f. deck, stringers and plank w. end of main break'r rebuilt, 03, 2124.

1905-06. Minor repairs made to timber portion of w. p., 06, 1927.

1906-07. Repairs to concrete apron, w. p., completed; repairs made by hired labor to timber portions of p. and break'r, 07, 2101.

1907-08. Break'r: Timber back wall and deck on 860 l. f. rebuilt; 660 c. y. st. placed in this section; 71 l. f. of timber lake slope replaced with concrete; 481 l. f. deck plank replaced. W. p.: 167 l. f. timber p. at shore end rebuilt; broken back wall timbers and deck plank of superstr. replaced, 08, 2173.

1908-09. Break'r: 285 c. y. st. placed; 97 l. f. of decayed slope timbers removed whole length of

slope, and 171 l. f. removed 6' down from top; al replaced with concrete, and plank deck repaired. W. p.: Lower half of old timber slope removed for 30 l. f., and 25 st. blocks placed along breached crib front under water; 150 c. y. st. placed in superstr., and new concrete slope laid; 20 l. f. concrete apron removed and 36 l. f. new concrete apron laid; slope repaired with concrete, 09, 2146.

1909-10. 30 l. f. wrecked cribwork of w. p. removed; new crib built in contractor's yard and towed to the site; foundation made ready for sinking new crib, 10, 2807.

1910-11. Foundation for crib (w. p.) completed; crib sunk; concrete superstr. placed; contract completed, 11, 2512. Condition of works, 11, 2513.

PHYSICAL CHARACTERISTICS.

Description of, 66, iii, 15, iv, 155; 68, 199, 205; 69, 156, 162; 70, 194-196; 88, 2027; 93, 3121, 3122; 95, 3175; 96, 3128; 98, 2755; 00, 4148-4150.

Storms damaging w. p., 99, 3097.

Max. draft carried, 1901, over shoalest part, 16', 01, 587.

New repair cribs fully settled upon their foundations, 04, 3252.

Max. draft carried, 1904, 16'; variation of water surface, 2', 04, 611; max. draft carried, 1910, 16'; variation of water surface, 2', 10, 882.

P. and break'r damaged by storms, 07, 2101.

H. is break'r protected; indentation of s. shore Lake Erie, 36 m. w. from Buffalo, 44 m. from Erie, Pa., 12, 1114.

PLANS. (See Estimates and Projects.)

By Col. Cram, various plans for n. p., basin, etc., 68, 198-205.

By Maj. Harwood, for buttress cribs to reinforce p., 70, 193-197.

Lt. Col. Blunt considers the building of the break'r to the full l. unnecessary, 75, 318; 76, ii, 567; 77, 971.

PRIVATE WORK.

A sur. of the H. made by citizens of Dunkirk in 1895-96, 96, 3128.

PROJECTS. (See Estimates and Plans.)

Orig., for a w. p. and break'r of cribwork in from 8' to 12' of water, 66, iv, 155.

By BE., 1854, 3 distinct break'rs, e., middle, and w., on a line from Lighthouse Pt. to Battery Pt., in 18' of water, 66, iv, 155; 67, 221; est., \$192,600.81; increased by Lt. Col. Graham, 1857, to \$401,818.66, S. D. 42, 35th, 1st.

By Capt. Tardy, 1866, refers to former projs. and recom. returning to the orig.; urges superstr. of masonry; est., for wood superstr., \$267,130.20; for masonry, \$433,977.46, 66, iv, 156, 157.

By Col. Cram, 1867, recom. Capt. Tardy's plan, except in preferring wood to masonry superstr.; est., \$148,584, 67, 137, 138, 221.

By Capt. Harwood, 1868, removing old outer break'r to 14' of water, 68, 43, 196; repair and reinforcement of p. by buttress cribs on lake side, 69, 155, 162; buttress cribs on land side instead of lake side, 70, 189, 190; riprap on land side instead of buttress cribs, 70, 190.

By BE., 1869, increasing the w. of the cribs from 20' to 24' and constr. them with grillage bottoms, 70, 191.

By BE., 1870, reconstr. "dummy" crib as a day beacon; constr. 2,860' of break'r and an e. p.; also blasting and dr. in the chan. to 13'; est., \$331,000; revised est., \$275,000, 71, 216; 76, ii, 567. Modified in 1873 to extension of break'r 180' w., 73, 45, 347; 80, 229; 81, 315; 87, 2348.

By Maj. McFarland, 1879, proposed modifications, by extending the break'r 510' instead of 1,109'; est. to complete, \$31,000, 79, 174, 1716.

By Capt. Adams, 1883, 860 l. f. of break'r extension. Est., \$60,200, 83, 1928.

In 1890 Maj. Stickney est. that to complete the imp. as projected, without repair to existing structures, would require, including the app. of 1890, \$147,916, 90, 2807; 91, 2878.

¹ Early history of, 66, iv, 155.

By Maj. Ruffner, 1896, completing the break'r by the addition of 360' to its e. end and adding to the chan. arm 560', and in addition thereto dr. entrance chan. to H. basin, containing in all about 65 acres, to a d. at m. l. l. suitable for vessels drawing 16'; est., \$408,258, 96, 3107.

In 1899 Maj. Symons est. \$74,827.50 for a 1,300' arm to existing break'r, 00, 4152.

By Maj. Bingham, completing concrete superstr. on w. p., rebuilding superstr. on break'r with concrete, and mainten. of structures and chans.; est., \$57,000, 03, 2125.

Proj. modified by act June 25, 1910, provides for removal of rocky reef to 18' at m. l. l.; est., \$99,275, provided local au. builds concrete dock or terminal facilities satisfactory to Sec. of War., 10, 882; 12, 1114.

Break'r compared (detail drawings) with break'rs of lakes and other famous break'rs of the world, 04, 3818.

SURVEYS.

Soundings by Lts. Brown and Morell, 1835, 68, 203.

Under direction of Capt. Tardy, by J. S. Lawrence, 1866, 66, ii, 41, iii, 15. R., 66, iv, 155.

By Maj. Harwood, 1872, 72, 246.

Ex. for 16' d. au. act July 13, 1892; made, 1892, by Maj. Ruffner (R. of D.E. unfav.), 93, 3119.

Ex. au. act Aug. 17, 1894; made, 1894, by Maj. Ruffner (R. of D.E. unfav.), 95, 3173.

Sur. au. act Mar. 4, 1895; made, 1895, by Maj. Ruffner (see Projects), 96, 3127.

Hydrographic sur. to determine location of the 19' curve, made, 1898, by Maj. Symons, 98, 2755.

Ex. and sur. for e. break'r au. act Mar. 3, 1899; ex. made (sur. not required) by Maj. Symons (R. fav.; see Projects), 00, 4148.

Pre. ex. and R., Col. Adams; locality not considered worthy of imp. (H. D. 81, 60th, 1st), 08, 770.

Pre. ex. and sur. au. act Mar. 3, 1909; made, 1909, by Col. Fisk (H. D. 720, 61st, 2d), 10, 890.

Cong. docs., etc., relating to exs., sur., plans, etc., 12, 1115.

Maps. (H. D. 720, 61st, 2d.) 79, 1716; 81, 2418; 84, 2124; 97, 3106; 98, 2754; 03, 2124.

Photographs. (See Operations, 1899, and Projects, last paragraph.)

COMMERCE.

C. of Buffalo, 89, 2383.

Amount of grain (flour included) delivered in New York City by various routes during 1890, 91, 2888.

Buffalo considered one of the greatest ports of the U. S., 95, 3154. Congestion of the H. at times very great, 96, 3113; 97, 3110; 98, 2781.

Erie Canal important factor in C. of the port, 98, 2780.

Enormous, 99, 538.

Details, Black Rock H., etc., 01, 3347-3348.

Proj. has material effect in controlling rates on bulk commodities, 09, 801.

1911, 13,000,000+ t., 12, 2721.

Diagram showing relation of app. to tonnage, etc., 11, 2517.

CONTRACTS.*

1869. Baileys & Denny, materials and labor, 69, 147, 150; 70, 184; 71, 217; 74, 228; 75, 321.

1870-71. D. E. Bailey, materials and labor, 71, 217; 74, 228; 75, 321.

1874. Spaulding & Bennet, materials, labor, and dr., 74, 228; 75, 321.

1875. J. F. Blair, materials and labor; W. H. McCurdy, iron, 75, 321.

1876. George T. Talbot, dr., 26¢ c. y., 76, ii, 569.

1877. W. H. McCurdy, iron; Ambrose Clark, materials and labor, 78, 1269.

1878. Pratt & Co., iron; F. B. Colton, materials, labor, and dr., 79, 1725.

1880. Messrs. Pratt & Co., iron for crib constr.; D. E. Bailey, crib constr., 80, 2193, 2204. Gibson & Granger failed to enter into contract, 80, 2193.

1881. Frank Wilson, ironwork; D. E. Bailey and E. J. Kingston, crib constr., 81, 2421, 2425.

1882. A. J. Packard, ironwork, 83, 1932, 1934.

1884. C. E. Williams, crib constr., 84, 2127.

D. E. Bailey, repairs to break'r, 84, 2128. I.

Farnsworth, iron; D. E. Bailey, repairs to ps., 85, 2264.

1885. D. E. Bailey, break'r repairs, 85, 1882.

1888. Williams & McConnell, broken st., \$1.84 c. y.; H. Fleming, Portland cement, \$2.09 bbl.; F. O. Norton, natural cement, \$1.20 bbl., 88, 2034.

1889. Union Akron Cement Co., Portland cement, \$2.45 bbl.; Fox & Holloway, sand, 80¢ c. y.; D. McNaughton, iron moorings, \$1,852; J. M. McCarthy, recovering concrete blocks washed off the break'r, \$2 block; J. Longprey & Co., furn. and driving piles, 88 pile, 89, 2386.

1890. W. E. Carroll, pebbles, \$1.40 c. y., 90, 2837. J. H. Ross, Portland cement, \$2.45 bbl.; Ira Farnsworth, broken st., \$2 c. y.; Fox & Holloway, sand, 70¢ c. y., 90, 2837.

1891. J. Donnelly, break'r extension, \$66, 271.16, 91, 2884. Emil Thiele, Portland cement, \$2.58 bbl., 91, 2885. D. McNaughton, iron moorings, \$65 mooring, 91, 2886. J. B. Donnelly, rubble st., \$1.16 c. y., 91, 2886. P. G. Straub, broken st., \$1.47 c. y., 91, 2886. Fox & Holloway, sand, 90¢ c. y., 91, 2886. J. MacGregor, pebbles, \$1.75 c. y., 91, 2886.

1892. J. J. Churchyard, break'r constr., \$107, 067.94, 92, 3110.

1893. Daniel Bros., break'r constr., \$92,879.83, 93, 3110.

1894. Wm. S. Bartlemas and W. C. Hiam, test borings, 74¢ l. f. (\$5,000), 95, 3149.

1895. C. A. Dennis, break'r repairs; actual cost, \$2,340.97, 96, 3113.

1896. C. A. Dennis, break'r repairs, actual cost, \$2,933.26, 97, 3108.

1897. Hughes Bros. & Bangs, break'r constr. and sand-catch p. extension, \$1,765,450.63, 97, 3113. Supple. contracts made for increased quantities of material brought from Canada, 98, 2780. Extra work on crib, 99, 3111.

1899. Buffalo Dredging Co., constr. of concrete superstr. on break'r (removal of old work; timber, st., concrete, dr., ironwork), \$70,169.25, 99, 3111.

1900. Buffalo Dredging Co., new concrete superstr. on s. p., prices given, 01, 3320.

1901. Chas. A. Dennis, repairing deck of break'r, Stony Pt. sec., prices given; Buffalo Dredging Co., new concrete superstr. on break'r, prices given, 01, 3320.

1903. Hughes Bros. & Bangs, repairs to restore superstr. of sunken break'r, to receive actual force account, plus 15%, and rental for plant employed; rubblest. 80¢ t. addl., capping st. \$1.25 c. y., 03, 2128, 2140.

1904. James B. Donnelly, riprapping n. end of old crib break'r, 05, 2375.

1905. The Grattan Contracting Co., concrete superstr. on s. p., 05, 2379. Buffalo Dredging Co., dr., 29¢ c. y., s. m., 05, 2379. C. M. Handy, st. superstr., sea slope, and riprap, South H. sec. of break'r, \$93,160, 06, 1932.

1906. Canal Quarry Co., constr. of st. break'r, s. chan. arm, \$130,000, 06, 1932.

1907. Great Lakes Construction Co., st. concrete superstr. on break'r, \$259,148.80; Buffalo Dredging Co., dr. s. end of H., 14¢ c. y., s. m.; Lake Erie Dredging Co., removing shoals outside n. entrance to H., \$1.74 c. y., s. m., 07, 2106.

1909. The Breakwater Co., completing constr. of st. break'r, s. chan. arm, \$51,298.75, 09, 2151.

1910. The Breakwater Co., supple., addl. st., 11, 2515.

1911. Empire Engineering Corporation, dr. in n. entrance chan., removing r. shoals outside n. entrance, removing Watson elevator site, prices given, 12, 2719.

ENGINEERS.

Chief of Engineers. R., 66, 2, 4, 49, 50, ii, 38, 39, iii, 15, 30; 67, 31, 32; 68, 43, 44, 219; 69, 39; 70, 51; 71, 49; 72, 45; 73, 46; 74, 52, 53; 75, 57; 76,

* Allotment.

1 Erroneously called \$52,500, 66, iii, 30.

2 Erroneously called \$90,000, 69, 39, 147.

3 Transf. from app. for Buffalo entrance to Erie Basin and Black Rock H.

4 Au. to be used from other allotments for H.

5 Au. to make contracts and instructions in regard to, 68, 219.

109, ii, 573; 77, 116; 78, 131; 79, 174; 80, 229; 81, 315; 82, 309; 83, 317; 84, 321; 85, 345; 86, 840; 87, 305; 88, 279; 89, 330; 90, 299; 91, 375; 92, 354; 93, 406; 94, 380; 95, 414; 96, 371; 97, 466; 98, 458; 99, 538; 00, 606; 01, 587; 02, 509; 03, 559; 04, 612, 618; 05, 621; 06, 696, 703; 07, 720; 08, 764; 09, 800; 10, 883, 890; 11, 936; 12, 1115.

Boards:

1845. For consideration of plans for imp. of H., 68, 228.
(Gen. Swift, Col. Kearney, and Maj. Turnbull.)

1868. To consider plans submitted by Col. Cram. Recom. repair of lighthouse p. and its extension 300', repair of n. p., removal of portion of s. end of Erie break'r; dr. H. entrance to allow draft of 15'. Constr. of break'r of cribwork should conform to principles already laid down by Board of 1854 for similar localities as to dimensions of cross sec. and l. 68, 220, 224. Col. Cram dissents; see letter and memoir. 68, 225-231. Reconvened to consider letter and memoir of Col. Cram; reconsider whole subject, submit plans and est. for sec. of break'r; est., 100', \$19,828.40. Met at Detroit Mar. 27, 1868, and after general discussion and balloting submitted R. 68, 232-235. Col. Cram again dissents; see letter and memoir. 68, 236. (Cols. Cram and Macomb, Lt. Cols. Reynolds, Newton, and Blunt, Maj. Wheeler, and Capt. Harwood.)

Apr., 1873. To consider proj. of Maj. Harwood to prevent displacement of cribs in break'r. Concur in his proj., except in regard to dimensions of st. foundations; report that the st. foundations need only be raised about 4' above bottom of lake, and should be extended 25' exterior to the work and 15' on the interior. R. 73, 353, 354. (Col. Macomb and Majs. Houston, Wilson, and Harwood.)

Nov., 1873. To consider question of accretions of sand, and constr. of break'r. Report that a sur. necessary to furnish requisite data. 74, 229-232.

Mar., 1874. Approve plan of Maj. Harwood for arresting progress of sand along the beach, viz, by p. of pile and cribwork, and building submerged end of break'r to full height; report borings necessary to furnish data for final report; submit preliminary R. 74, 229-232. (Col. Woodruff, Majs. Comstock, Wilson, and Harwood.)

Aug., 1874. Board locates position of catch-sand ps. Objects to proposed private ps. or transfer of U. S. property near lighthouse to private parties. Recom. preparing artificial foundation for portion of break'r by dr. trench 50' x 2,500', filling it with gravel and st. Break'r should be prolonged s. on its "present" line to 7,600'. At s. end of break'r an air-weather exit should be left bet. the break'r and catch-sand p. W. of the cribs should, in all cases, be equal to their height. 76, ii, 569. (Col. Woodruff, Lt. Col. Blunt, and Majs. Comstock, Wilson, and Harwood.)

Sept., 1874. Board consider question of changing location of catch-sand p.; recom. change in location of shore end of p.: Starting from a point on the beach about opposite the s. end of Blackwell Canal, extending to 16' water in a line at right angles to the shore, oblique branch of break'r to be changed to correspond to this new position. R., 76, ii, 573. (Col. Woodruff, Lt. Col. Blunt, and Maj. Wilson.)

Convened, New York, 1886-87, to consider reconstr. of superstr. of break'r. R., 87, 2362, 2363. (Cols. Casey and Abbot, Lt. Cols. Comstock and Houston.)

Convened, Buffalo, N. Y., Dec. 21, 1888, by S. O. No. 69, to report upon constr. of a plant for building superstr. of Buffalo Break'r. First R., 89, 2388. (Lt. Col. King, Maj. Overman, and Capt. McC. Derby.)

Convened, Buffalo, N. Y., Mar. 6, 1889, to ex. and report upon plant for new break'r superstr. Second R., 89, 2391. (Lt. Col. King, Maj. Overman, and Capt. Mahan.)

Convened, Buffalo, May 27, 1895, S. O. No. 13, 1895, to consider and report upon plan and est. by

Maj. Ruffner for extending p. and break'r at Buffalo, N. Y. R., 95, 3153. (Gen. H. L. Abbot, Maj. H. M. Adams, Capt. D. C. Kingman.)

BERH. reviews report of Maj. Symons on ex. and sur. of Erie Basin; not desirable to imp. this place until chan. shall have become a navigable waterway of the U. S. R., 04, 3309.

In charge:

Capt. Williams, 1839, 67, 227; 68, 221, 222.

Capt. I. C. Woodruff, 1856, 67, 227.

Col. William Turnbull. (See S. D. 1, 34th, 1st.)

Col. J. D. Graham, 1857. R., S. D. 42, 35th, 1st.

Capt. John A. Tardy. R., 66, 49, 50, ii, 38, 39,

v, 161-164; 67, 32, 135-137, 227-229; 68, 222.

Col. T. J. Cram, assigned to charge, 1867. R., 67,

135-137, 148, 224-233; 68, 150, 205-219, 225-231,

236-244.

Capt. Franklin Harwood, 1868. R., 68, 193-195,

197, 198; 69, 145-150, 163-170; 70, 183; 71, 217;

72, 244; 73, 350; 74, 226.

Lt. Col. Charles E. Blunt, 1874, 74, 215. R.,

75, 319; 76, ii, 568; 77, 972.

Maj. W. McFarland, 1878-83. R., 78, 1269; 79,

1717; 80, 2192; 81, 2420; 82, 2431.

Lt. Col. H. M. Robert, 1883. R., 83, 1931.

Capt. E. Maguire, 1883-86. R., 84, 2126; 85,

2255; 86, 1881.

Capt. C. F. Palfrey, 1886, 87, 2351.

Capt. F. A. Mahan, 1886-90. R., 87, 2351; 88,

2028; 89, 2361.

Maj. A. Stickney, 1890-92. R., 90, 2808; 91,

2882.

Maj. E. H. Ruffner, 1892-95. R., 92, 2529; 93,

3107; 94, 2438; 95, 3146.

Maj. T. W. Symons, 1896-1902. R., 96, 3110;

97, 3107; 98, 2756; 99, 3101; 00, 4113; 01, 3305;

02, 2300; 04, 3305, 3309.

Maj. Theo. A. Bingham, 1903. R., 03, 2126.

Lt. P. S. Bond, 1904. R., 04, 8253.

Col. H. M. Adams, 1905-07. R., 05, 2374; 06,

1928; 07, 2103.

Lt. Col. W. L. Fisk, 1908-10. R., 08, 2174;

(Col.) 09, 2148; 10, 2309.

Lt. Col. J. G. Warren, 1911-. R., 11, 2514;

(Col.) 12, 2716.

Assistants:

J. S. Lawrence, 66, iv, 164.

Capt. Franklin Harwood, 67, 31, 137, 229; 68,

150, 206.

W. Griswold, 68, 150.

G. E. Fell, 74, 233; 75, 320.

G. U. Mayo. R., 79, 1719.

ESTIMATES. (See Plans and Projects.)

By Col. Turnbull, 1856, repairs of towpath of s. p. and rebuilding sea wall, \$20,209.85, S. D. 42, 35th, 1st.

By Col. Graham, 1857, repairs, dr., etc., \$27,679.35, S. D. 42, 35th, 1st.

By Capt. Tardy, 1865, repairing lighthouse p., repairs and completion of sea wall, \$131,000, 66, 4, 49, 50. 1866, extension of lighthouse p. and a new break'r with st. superstr., \$1,697,194.78, 66, iv, 163; 67, 228.

By Col. Cram, 1867-68, repair and protection of H. ps., extension of S. H. p., removal of portion of break'r, constr. of break'r 4,000' l., and navigable ship chan. bet. lake and Buffalo Creek, \$6,484,415.12, 68, 205, 207, 243.

By BE., 1868, section of break'r 100' l., \$19,828.40, 68, 235.

By Capt. Harwood, 1869, completion of H. work and break'r, constr. of s. chan. and Buffalo sea wall, \$926,803.17, 69, 149.

By BE., 1874, catch-sand p. and repairs to break'r, \$83,000, 74, 232.

By Lt. Col. Blunt, 1875, proj. of BE. for extension of break'r, \$1,987,700, 75, 321.

By Maj. McFarland, 1879, complete existing proj., \$1,635,000, 79, 1719.

LEGAL PROCEEDINGS.

In 1893-94 the officer in charge knew of nothing having been done to regain possession of the n. p. from Delaware, Lackawanna & Western RR., which had taken unau. possession of it, 94, 2439;

95, 3147. Detailed description of the case, and of efforts made to obtain withdrawal of the company from occupancy of the p., 98, 2774.

Failure of city of Buffalo to transfer site of Watson elevator to the U. S., 11, 2515. Trans. of site completed by city of Buffalo, 12, 2716.

LEGISLATION.

In 1897-98 New York Legislature au. city of Buffalo to use for highway purposes the sea-wall strip on portions of which the U. S. had built a sea wall in 1830-36, 98, 2781.

Laws of New York affecting Erie Basin, 04, 3315.

OPERATIONS. (See also Private work.)

1857. S. D. 42, 35th, 1st.

1864-65. Repairs in progress on H. and sea wall, 66, 4. Details of, 66, 49, 50, 51.

1865-66. On lighthouse p. several cribs placed in position; 16,710 l. f. of piling driven, and 594 cords of st. for riprap; 1,303' of sea wall built, 357' of it coped, 66, 38, 39.

1866-67. Work on sea wall continued, 66, iv, 164; 67, 136.

1867-68. Repairs of pierhead and towpath; extension of p. and building about 900' of break'r under contract, 68, 44.

1868-69. Interior works of repair nearly completed; s. p. extended nearly 318'; 150' of break'r built to l. w. level, 69, 39, 145, 146.

1869-70. Repairs of interior H. works and dr. chan. to inner H. completed; total l. of break'r, 950'. Superstr. over 400' of same, 70, 51, 183.

1870-71. Break'r extended 783'; total l., 1,183', 71, 49, 217.

1871-72. Repairs to n. pierhead and other completed work; 425' added to break'r, partly covered with superstr., 72, 45, 244.

1872-73. Extension of break'r. Rectification of injury to 6 cribs, 73, 350.

1873-74. Break'r repaired and extended 100'; dr. done under special app., and work of repair continued to amount of over \$23,000 after app. exhausted, 74, 52, 226-228.

1874-75. 180' of s. end of break'r rebuilt, 1,500' of its lake face protected by oak and iron sheathing, 650' of pile p. built, 3,956 c. y. dr., and foundation trench for cribs in break'r commenced, 75, 57, 320.

1875-76. Break'r extended 250', with superstr. over 200' of same; pile p. extended 220', and about 10,000 c. y. dr. from shoal outside of s. p., 76, 109, ii, 568.

1876-77. Break'r extended 150'; total l., 2,924'; chan. s. repaired and pile p. refilled, 77, 116, 972.

1877-78. S. end of break'r extended 150', 78, 131, 1270.

1878-79. Break'r extended, making total l. 3,076', 79, 1718.

1879-80. Break'r extended by contract 350 l. f.; total "present" l., 3,426 l. f., 80, 2193.

1880-81. Break'r extended 694 l. f., making total l. 4,120 l. f., 81, 315, 2420.

1881-82. Break'r extended 317 l. f., making total "present" l. of 4,437 l. f., 82, 2431.

1882-83. Break'r extended 454 l. f., making total "present" l. of 4,891 l. f. Repairs break'r and lighthouse p., 83, 1932, 1933.

1883-84. Break'r extension in progress, with repairs to break'r, 84, 2127, 2129. Removal of wreck, 84, 2130.

1884-85. Break'r extended 805.9', making total "present" l. of 5,696.9 l. f., 85, 2262. Repairs to break'r and s. p., 85, 2265.

1885-86. Break'r extended 659.9', making total extension of 6,349.8', 86, 1881. Repairs to break'r 86, 1882. Cost of break'r extension, 86, 1883.

1886-87. Repairs to structures, 87, 2354.

1887-88. Repairs to s. p. by hired labor; 750 l. f. of break'r parapet rebuilt with concrete and masonry superstr.; repairs to break'r and boat-house, 88, 2034, 2046.

1888-89. S. p. repaired by hired labor; break'r reconstr. continued, and manf. of concrete blocks begun by hired labor; minor repairs to the break'r, 89, 2363, 2372.

1889-90. Work continued on reconstr. of break'r superstr., 90, 2332.

1890-91. 950 concrete blocks manf., entire break'r superstr. removed, and 800 concrete blocks placed in position in reconstr. of same, 91, 2383.

1891-92. 362 concrete blocks washed from break'r recovered and replaced; reconstr. of break'r continued, 92, 2530.

1892-93. Break'r constr. in progress, 93, 3108.

1893-94. S. p. repaired, 800' of extension of break'r in progress of constr. at beginning of year completed, 94, 2439.

1894-95. Minor repairs made to the break'r, 95, 3148, and H. lines estab., 95, 3149.

1895-96. Older portions of break'r repaired, 96, 3112, 3113; 5,385 c. y. r., etc., dumped along front of break'r, 96, 3113.

1896-97. Older portions of superstr. of break'r repaired, 97, 3108; 100,865 c. y. clean r. dr. and waster r. placed along front of break'r, 97, 3108, 3109. Supervision maintained over dumping of dr. of other than U. S. work, and care of property, and other misc. work performed, 97, 3109. 13,861 t. st. placed in break'r, and extension of sand-catch p. in progress, 97, 3110.

1897-98. 100,000 c. y. r. and other filling material dumped along front of break'r, 98, 2758. Supervision maintained over dumping by other than U. S. contractors, 98, 2758. In connection with previous year, sand-catch p. extended 278', 98, 2759. 145,304 c. y. st. and 92,279 c. y. gravel placed in break'r, and timber-crib break'r jutting out from Stony Pt. under constr., 98, 2763.

1898-99. S. p. and break'r repaired; preparations made for constr. of concrete superstr. on old break'r; printing of charts of Buffalo H. and Niagara R.; constr. of rubble-mound break'r in progress, about 80,000 t. st. being placed; entire Stony Pt. sec. of timber-crib break'r completed (see also Private work), 99, 3102-3108.

1899-00. Over 100,000 t. st. placed in break'r extension to Stony Pt.; work in progress on South H. sec.; constr. of concrete superstr. on old break'r in progress. (Photographs.) 00, 4114.

1900-01. 65,615 t. revet. and capping st. placed in extension of break'r to Stony Pt.; contractors' plant and break'r damaged by storms of Sept. and Nov.; Stony Pt. timber-crib break'r damaged by storm, Nov.; 901 l. f. of break'r redecked; timber-crib break'r, s. H. sec., damaged by storm, 1900; repairs made by contractors on unaccepted secs. and by U. S. on accepted secs. with hired plant; gale of Nov. 21, 1900, further damaged timber superstr. of work; plans made to build superstr. of concrete; concrete superstr. on old break'r finished Oct. 28, 1900; work commenced on concrete superstr. of s. p. (photographs), 01, 3306-3317.

1901-02. 75,556 t. revet. and capping st. placed in extension of break'r to Stony Pt.; 1,400 l. f. concrete superstr. placed in s. p.; about 1,800' timber superstr., s. H. section of break'r, replaced with concrete; wreck of SS. *Gov. Cushman* removed, at cost of \$3,300.89, 02, 2300-2308.

1902-03. Break'r extension to Stony Pt. practically completed Dec., 1902; storm of Dec. 10-15, 1902, caused soft clay bottom to give way, and the structure settled about 10'; building up of this settled work and strengthening of st. break'r, and timber crib concrete break'r continued; work of drilling, blasting and removal of small r. shoal on n. side of entrance chan. to Buffalo R. and City Ship Canal completed, 1,994 c. y. r. removed at cost of \$4,482.33, 03, 2126-33. Proj. of 1895, modified act June 3, 1896, practically completed, except maintain. of existing structures, 03, 560.

1903-04. Building up of settled break'r extension completed, about 43,000 t. capping and rubblest. used; total cost of st. break'r, \$965,002.99; lake face of s. H. section timber crib concrete break'r reinforced by riprap of large st.; Stony Pt. timber crib break'r completed, 1901, at cost of \$277,425.12; statement of st. obtained for break'r constr. from Windmill Pt. Quarry, Ontario, Canada, and U. S., 04, 3253-59.

1904-05. Minor repairs made to old timber crib break'r at cost of \$229.40, n. side of superstr. of it repaired under contract by placing 4,982.7 t. st. at cost of \$11,460.21, 05, 2374.

1905-06. Timber superstr. of s. p. removed and replaced with concrete; work completed at a cost of

\$11,320.25, 06, 1928, 1929. 50,002 c. y. dr. from Buffalo R. entrance chan. to 23' m. l. with w. of 200'-300' for 2,200' outward from outer end of n. p., completing work at cost of \$14,500.58; extension of Stony Pt. Break'r raised to 12' below m. l. with st. excavated from Lake Erie entrance to Black Rock H., and contract entered into for constr. above this level; 13,886 t. riprap placed in superstr. and sea slope of s. H. section; minor repairs made to Stony Pt. and old break'r sections, 06, 1928, 1929.

1906-07. Work commenced on extension of Stony Pt. section of break'r and in progress at the close of year, about half the rubble placed; about 14,000 t. riprap, 458 t. rubble, and 1,382 t. capping placed in s. H. section of break'r; work started on repairing 1,910' timber superstr. of old break'r damaged by storm Jan. 20, 1907; dr. at s. end of H. and excavating rocky shoals outside n. entrance to H., 07, 2103.

1907-08. Work on Stony Pt. section of break'r continued, and that on s. H. section completed at cost of \$101,805.43; reconstr. of break'r damaged by storm of 1907 continued; 100,273 c. y. material removed from s. end of H. and work completed; excavating shoals outside n. entrance to H. continued, 08, 2174-76.

1908-09. Work continued on s. entrance arm of break'r; repairing old break'r, and removal of shoals outside main entrance to H., 09, 2148, 2149.

1909-10. Work continued on s. entrance arm; 1,910' of old section of break'r, damaged by storm of 1907, completed at cost of \$283,438.19; shoals outside of n. entrance excavated and blasted r. removed, and work completed except for isolated points of r. developed by sur., 10, 2309, 2310.

1910-11. Work on 1,000' extension of Stony Pt. section of break'r suspended Dec. 7, 1910, resumed Apr. 24, 1911, and completed June 29, 1911, 11, 2514. Work on excavation of shoals outside n. entrance, 11, 2515. Inspection and care of public property, and condition of works, 11, 2516.

1911-12. Removal of Watson elevator site 43% completed; 170 c. y. loose r. removed outside n. entrance; 1,640 c. y. loose material and 4,928 c. y. ledge r. excavated from n. entrance chan.; repairs made to break'r; inspection and care of public property and condition of work, 12, 2716, 2717.

PHYSICAL CHARACTERISTICS.

Description of, 66, iv, 162; 67, 135, 225, 226; 69, 165-168; 70, 194; 72, 245; 73, 351; 76, i, 568, 569, 571; 94, 2240; 95, 3150, 3153, 3158; 11, 938.

Foundation so unstable as to cause doubling of the est. cost and to require dr. 19' below bed of lake to obtain good foundation for cribs, 74, 236; 79, 1718.

Level of lake during sw. gale of Oct. 14, 1886, 87, 2352.

Wind observations, 87, 2351.

In 1893-94 the shore arm of the break'r showed evidence by sinking that it was located on the edge of a preglacial R., 94, 2440.

Storms damaging and delaying works, 00, 4123. Severe gales Sept. 11 and Nov. 21, 1900, velocity 80 m., caused a variation in m. l. of 9.4', 01, 3308, 3309.

Storm Dec. 10-15, 1902, caused settlement of 910 l. f. st. break'r, 03, 2127.

Description of Erie Basin, 04, 3309.

Good H. gained by 1912. Entrance 23' x 200'-300', and 150' bet. ps., 12, 1317.

PLANS. (See also Estimate and Projects.)

Early history of plans, 67, 224-229; 68, 222.

By Capt. Williams, 1839, extension of p. 2,040' to 23' of water, and a detached break'r 3,690' l., 66, iii, 15, iv, 161, 162.

By Capt. Tardy, 1866, urging adoption of Capt. Williams' plan, 66, iv, 161, 162.

Discussion of above plans by Col. Cram, viz: Extending the s. p. from 300' to 600', removing 200' or 400' of s. end of Erie break'r, and a new break'r 4,000' l., and modifications proposed, 67, 31, 135-137, 224-229. For a cut or canal 200' w., with p. or ps. extending into lake to 15', lake to Buffalo Creek, 67, 229; 68, 205, 206, 214-216.

By Maj. T. W. Symons for work yard and shop for loading and unloading of timber and material, and for storage of floating plant, by the reclamation of ground "now" under water, 03, 2136-38.

By Maj. Theo. A. Bingham on revised plans and est., 03, 2136-38.

PRIVATE (STATE, CORPORATE) WORK.

State of New York, 1819, loaned \$12,000 to a committee of citizens on security, to build certain ps.; cost \$14,000. The s. p., 1/4 m. l., ended in 13' water; begun in 1820, finished, 1821, under superintendence of S. Wilkinson, 67, 225.

Erie break'r, built by New York at great expense, 67, 226. Dr. by city of Buffalo, 67, 225.

Claims of R.R. company to U. S. p., 80, 2195.

Agreement made with U. S., 80, 2201.

Question reopened 1884, 85, 2255.

Improper use of break'r by parties mooring rafts thereto, 81, 2421, 2422.

Description of, 95, 3153.

Large part of lake frontage owned by the Lehigh Valley and Buffalo Creek R.R.s., who constr. wharves and warehouses thereon, 95, 3150.

In 1895 the Sec. of War au. private persons to dump clean r. dr. along lake face of break'r, 96, 3113.

Dr. in Buffalo R. and Erie Canal by city and State au. and private persons, 97, 3109; 98, 2758; 99, 3105.

S. p. repaired by owners of a vessel which had injured it, 98, 2757.

PROJECTS. (See Estimates; Plans; Private work.)

Prior to 1866 app. expend. in building and repairing 2 ps. at mouth of Buffalo Creek, dr. and constr. masonry sea wall to protect the beach s. of H. entrance.

By Capt. Williams, 1839, 66, iii, 15, iv, 161; 67, 227; 68, 221, 222.

By Capt. Woodruff, 1856, 67, 227.

By Col. Turnbull, S. D. 1, 34th, 1st.

By Maj. Graham, 1857, S. D. 42, 35th, 1st.

By Capt. Tardy, 1865, 66, 49, 50, ii, 38, 39, iii, 30, iv, 161.

By Col. Cram, 1866, repairs and protection of the n. and s. ps., and extension of the s. p. 300', 67, 32, 68, 137, 193, 194.

By BE., 1868, repairing end of the lighthouse p. and extending it about 300', removing a portion of the s. end of the Erie Canal basin break'r, dr. at H. entrance 15', and constr. break'r s. from H. entrance 4,000' l. (est. section of 100', \$19,828.40, 68, 235), of cribs 50' x 34' base and 29'-37' in height, 68, 222, 232.

By BE., 1873, st. foundations for cribs in the break'r to prevent displacement, 73, 353.

By BE., 1873, increasing l. of break'r to 7,600', with cribs 32' x 34' x 50', and an artificial foundation for about 2,500' of the distance, dr. to hard bottom, 50' w., filled with gravel and st. Pile p. 1,000' l. continued by cribwork 3,100', commencing at point on shore opposite head of Blackwell Canal, and extending toward s. end of break'r, leaving chan. bet. it and break'r 150' w.; est., \$2,000,000, 76, ii, 570; 77, 972; 79, 1718.

Detailed history of, 88, 2028.

Scheme of imp., as modified at various times, provides for 2 ps. at entrance to Buffalo Creek, for a masonry sea wall running s. from s. p.; for break'r about one-half m. from and parallel with the shoal, and for shore arm to the break'r from its s. end, 87, 305, 2351, 2366.

In 1866 a masonry and concrete superstr. adopted for break'r, 87, 2353, 2365.

Est. for completion of proj., \$1,117,500, 87, 2357; 91, 2882.

By BE., 1895, for abandonment of shore arm, and for extension of break'r from its s. end at that time to Stony Pt., leaving necessary openings for convenience of C.; est. \$2,200,000, 95, 3157. Addition made by Congress, 1896, providing for extension of catch-basin p. to the estab. pierhead line under continuous contract, 96, 3111.

By Maj. Symons, 1896, modification of plan and location for break'r, to provide for constr. of a sec-

tion of break'r 9,700' l., beginning at s. end of old break'r, leaving fair-weather entrance bet., thence extending s. in straight line, 5,000' of n. part to be of rubble-mound type, and remaining portion to be timber-crib type, mounted upon artificial foundation extending down to solid r. Another section of timber-crib break'r, 2,800' l., to extend out from shore at Stony Pt. nw., leaving entrance 600' w. bet. the 2 structures, also au. **98**, 2760.

By Maj. Symons, 1899, repair of s. p., **00**, 4114.

Acts June 6, 1900, and June 13, 1902, made special provisions for d. entrance to Buffalo H., and the city ship canal, **04**, 612.

By Col. H. M. Adams, continuing imp. by constr. of an extension to Stony Pt. sec. of break'r, to be of st. similar to the st. break'r already built, 1,000' l. Proposed to raise this to h. of 12' below m. l. l. with st. excavated from Lake Erie entrance to Black Rock H. and Erie Basin. After being raised to above h., balance of structure to be built under contract; est., \$204,884.50 (approx., 1904-05) **05**, 2376.

By Col. Adams, for reconstr. with concrete of 1,910' of old break'r damaged by storm 1907; \$350,000 app. for this work act Mar. 2, 1907; same act app. \$25,000 for dr. entrance to canals at S. Buffalo, and \$56,100 for excavating r. shoals at entrance to Buffalo H. to 23' **07**, 2103.

By Col. Fisk, expend. of \$37,400 for removal of addl. r. shoals outside n. entrance, **10**, 2310, au. act June 25, 1910, **10**, 883, 884; same act au. proj. for removal of Watson elevator site; est., \$62,205, **10**, 883, 884.

Act Feb. 27, 1911, au. that \$15,000, or as much thereof as necessary, could be taken from previous app. to be applied to completion of Stony Pt. break'r, **12**, 1116.

By Col. Warren, proposed operations, and remarks, **11**, 2517.

Act July 25, 1912, au. proj. to secure 23' in outer H. and 23' and 25', resp., over areas D and C at n. entrance (H. D. 550, 62d, 2d) (see Surveys, 1910), **12**, 1118.

SURVEYS.

By William Peacock, 1818, **67**, 224.

By Capt. Williams, 1839, **67**, 227.

Under direction of Col. Cram, 1867, by Capt. Harwood, assisted by W. Griswold, **68**, 150, 206; **69**, 164.

By direction of BE. under Maj. Harwood, **74**, 52, 53.

Pre. ex. and sur. of Scajacuada Creek, **85**, 2283, 2284.

Sur. for lake sur. charts, made in 1893-95, by Maj. Ruffner, **94**, 2442; **95**, 3149.

In 1894-95 investigations made by Capt. Kingman to ascertain probable cost of st. suitable for use in extension of Buffalo Break'r, **95**, 3157.

Plan and est. for extending break'r from s. end of H. to Stony Pt. asked by act Aug. 17, 1894; necessary sur. made, and R. submitted, 1895, by Maj. Ruffner, **95**, 3149.

Soundings made, 1896, through ice to ascertain character of lake bottom on line of proposed break'r, by Maj. Symons, **96**, 3113.

Misc. soundings, exs., and sur. made, 1897-98, by Maj. Symons, **97**, 3109; **98**, 2759.

In 1897-98 soundings taken by means of a specially constr. sounding scow, by Maj. Symons, **98**, 2758.

Pre. ex. and sur. au. act June 6, 1900, Lake Erie entrance Black Rock H. and Erie Basin. **Rs.**, Maj. Symons; est., chan. to Erie Basin, \$188,743; branch chan. and basin to Black Rock H., \$625,900. Latter expense to care only for future C., **01**, 3342.

Pre. ex. and sur. of Erie Basin, au. act June 13, 1902; **Rs.** by Maj. Symons, 1902 and 1903; est. \$475,426.82 and \$257,684.46 (H. D. 35, 58th, 2d), **04**, 618, 3304-3316.

Au. act Mar. 3, 1905, to ascertain modifications, if any, required; made, 1905, by Col. Adams; plan presented; est., \$1,296,875.85 (H. D. 240, 59th, 1st), **06**, 703.

Au. act Mar. 3, 1909, with view to w. chan. at entrance to inner H., together with R. and est. of cost of removal of Watson elevator site, etc., excl. of cost of acquiring title to same. **Rs.** June 26 and 29, 1909, submitted. (H. D. 298, 61st, 2d.) Locality not considered worthy of imp. in manner indicated in either case, but BE. reported fav., Jan. 10, 1910, a plan of imp.; est., \$62,203 (R. and H. Com. D. 2 61st, 2d), **10**, 890.

Au. act Mar. 3, 1909, pre. ex. Buffalo H., with view to w. and imp. entrance to Erie Basin (**R.** unfav.) (H. D. 327, 61st, 2d), **10**, 890.

Ex. shoals outside of s. entrance, **11**, 2515.

Ex. and sur. au. act June 25, 1910, with view to increasing d. in outer H. and entrance thereto; **Rs.** by Lt. Col. J. G. Warren, 1910 and 1911; plan presented for imp. at cost of \$624,750 for 1st constr. and \$1,000 an. mainten. (H. D. 550, 62d, 2d), **12**, 1125.

Cong. docs., etc., relating to exs., sur., plans, etc., **12**, 1119.

Maps. (H. D. 240, 59th, 1st; H. D. 298, 61st, 2d; H. D. 327, 61st, 2d; H. D. 550, 62d, 2d.) Of N. and NW. Lakes, showing location of H. **66**; of H. and vicinity, **66**.

Map of H., June 30, 1879, **79**, 1720.

1902. Buffalo Dredging Co., dr. and r. removal; chan. excavation, 66¢ c. y., p. m.; basin excavation, \$1.84 c. y., p. m.; placing r. with derrick, \$1.25 t., **03**, 2143.

ENGINEERS.

Chief of Engineers. **R.**, **01**, 592; **02**, 511; **03**, 562; **04**, 615; **05**, 624; **06**, 699; **07**, 722; **08**, 766; **09**, 802; **10**, 885.

In charge:

Maj. T. W. Symons, 1901-02. **R.** (sur.), **01**, 3345.
Maj. T. A. Bingham, 1903. **R.**, **03**, 2142.
1st Lt. P. S. Bond, 1904. **R.**, **04**, 3264.
Col. H. M. Adams, 1905-07. **R.**, **05**, 2381; **06**, 1934; **07**, 2108.
Lt. Col. W. L. Fisk, 1908-. **R.**, **08**, 2180; (Col.) **09**, 2153; **10**, 2314.

OPERATIONS.

1902-03. Removal of overlying material begun on June 20, **03**, 2142.
1903-04. Over 200,000 c. y. overlying sand re-

moved; 18,785 c. y. r. drilled, blasted, and removed, **04**, 3264.

1904-05. 5,897 c. y. earth and 32,222 c. y. r. removed; progress unsatisfactory, **05**, 2381.

1905-06. 50,490 c. y. r. and 20,020 c. y. earth removed, **06**, 1935.

1906-07. 176,647 c. y. removed, **07**, 2108.

1907-08. 55,896 c. y. sand and r. removed, **08**, 2180.

1908-09. Work of excavation of basin and chan., which is the whole proj., was completed Dec. 29, 1908; total amount of material removed from chan., 245,494 c. y. earth and 61,000 c. y. r., and from basin 34,276 c. y. earth and 286,835 c. y. r., at total cost of \$814,643, **09**, 2153.

PHYSICAL CHARACTERISTICS.

Lt. Col. W. L. Fisk, 1908-10. R., 08, 2182; (Col.) 09, 2155; 10, 2315.

Lt. Col. J. G. Warren, 1911-. R., 11, 2519; 12, 2722.

Assistant. J. C. Quinten, 04, 3303.

LLEGAL PROCEEDINGS.

A list of lands, structures, and right of way required; application therefor to land office, State of N. Y., 06, 2384. Grant made 1905, Atty. Genl. U. S. recognizing validity, 06, 1937. 169 different occupants; permits and leases for occupation, water-power rights, etc. (considered restriction on title), requested from State of N. Y., 06, 1938.

OPERATIONS.

1904-05. Acquiring adjoining land, structures and rights of way, 05, 2384.

1905-06. Lands, structures and rights of way were granted to the U. S. by State of New York; contractor engaged in the constr. of working plant, 06, 1937.

1906-07. Little progress in r. removal, owing to constant breaking of steel drills; filling of 300' gaps in Bird Isld. begun, 07, 2110.

1907-08. 138,990 c. y. overlying material and 15,551 c. y. r. removed under contract with Empire Engineering Co.; 34,469 c. y. overlying material, 31,002 c. y. r., and 2,950 l. f. canal wall removed under contract with Buffalo Dredging Co.; steel piling for 947 l. f. e. wall of cofferdam had been driven under contract with MacArthur Bros. Co.; filling in of gap in Bird Isld. P. section completed at cost of \$3,581.25; proj. 8% done, 08, 768, 2183.

1908-09. 77,057 c. y. overlying material and 50,023 c. y. bed r. removed under contract with Empire Engr. Co.; 27,868 c. y. overlying material and 119,501 c. y. bed r. removed under contract with Buffalo Engr. Co.; cofferdam completed, using 6,546,116 t. steel sheet piling and 170,705 lbs. steel walling and braces, and dr. within cofferdam carried on, under contract with MacArthur Bros. Co. (detailed), 09, 2157.

1909-10. 18,422 c. y. overlying material and 96,265 c. y. bed r. removed under contract with Empire Engr. Co.; 8,978 c. y. overlying material, 66,319 c. y. bed r. and canal wall removed, under contract with Buffalo Dredging Co., and chan. completed except trunk-sewer section, to be finished when sewer obstr. chan. is removed by city of Buffalo; constr. of concrete walls for ship locks continued, under contract with MacArthur Bros. Co.; table of material placed, proj. 38% done, 10, 887, 2318-18.

1910-11. 733,096 c. y. dr., 2,974 c. y. blasted r. excavated, constr. of concrete walls, machinery, etc., for ship lock in progress, and repairs made to Bird Isld. F., proj. 55% done, 11, 2519.

1911-12. 1,310,338 c. y. dr., constr. of steel lock gates, valves, machinery and removing cofferdam for ship lock in progress, and constr. of timber crib concrete wing wall in progress, 12, 2722.

PHYSICAL CHARACTERISTICS.

Details, 04, 3273, 3285.

Effect on Lake levels, 04, 3275.

Max. draft overshooted sec., 1905, m. l. l., 8', 05, 626.

PRIVATE WORK.

City of Buffalo, removal of old and constr. of new sewer below grade of new chan., saving \$100,000 of proj. est., 10, 2316.

PROJECTS.

R. and H. act Mar. 3, 1905, au. \$700,000 for work on basis of ex. and sur. (q. v.) by Maj. Symons and Bingham and BE., namely, chan. 23' x 200' m. lake l. joining at foot of Maryland St., Buffalo, the 23' chan. under existing contract—the chan. to extend w. and n., through Black Rock H. and the Erie Canal combined, to existing lock, where ship lock is to be built—the chan. to extend from the foot of ship lock through Niagara R. to d. water above Tonawanda, 400 x 23 m. R. l. A specific delaying of expend. until there be assurance projected large canal of N. Y. State shall be built; also steps to be taken to see if portion of cost of imp. may not be borne by abutting properties, 05, 626, 2383.

Chief of Engineers au. building lock, 70' x 650' instead of 60' x 600', 07, 2111.

Act Mar. 2, 1907, au. continuing contracts in sum of \$2,700,000 for prosecuting proj. of Nov. 4, 1905, 09, 804.

SURVEYS.

Pre. ex. and sur. au. under act June 13, 1902, made, 1902, with view to obtaining d. draft chan. around rapids and shoals at head of Niagara R., made by Maj. Symons and Bingham; est. \$4,500,000 (not fav. by BE., increased expense) (H. D. 428, 58th, 2d), 04, 617, 3271-3304.

¹ Subject to provision that no part of app. be expend. until assurance be given that barge canal would be constr. by State of New York.

² Com. R. and H., H. D. 36, 61st, 2d.

R., au. by act Mar. 3, 1905, as to whether any portion of the expense of imp. should be borne by abutting owners of property (H. D. 913, 59th, 1st), **06**, 703.

Pursuant to resol. of H. R. Com. R. and H., the BERH. reported Dec. 2, 1904, that new matter since report of Dec. 22, 1903, gave reason for providing d. draft chan. around rapids and shoals of Niagara R. Board recom. this be done on condition—(1) Part

of Erie Canal, etc., bet. Tonawanda, and Buffalo, as might be needful, be trans. free of cost to U. S.; and (2) that part of Erie Canal bet. Tonawanda and Buffalo be abandoned by N. Y. to aid in full development of max. frontage in Tonawanda Reach. (Com. R. and H., H. D. 36, 61st, 2d.)

Cong. docs., etc., relating to exs., surs., plans, etc., **04**, 328, 617, 3301; **05**, 626; **12**, 1121.

Description of, 81, 2427; 88, 2066; 97, 3119; 98, 2789; 00, 4153.

Tonawanda Cr. enters Niagara R. about 11 m. below its head at Lake Erie and forms boundary

bet. Tonawanda and North Tonawanda, 00, 4153-4155.

H. obstr. by sediment deposits, 1900, 00, 4155.

PROJECTS.

By Maj. McFarland, 1881, imp. of Tonawanda Cr. by excavating bars at head of Tonawanda Isld., mouth of cr. opposite Smith & Fassett's dock, and cutting off point at mouth of Tonawanda Cr.; est., \$15,000, 81, 2428.

By Capt. Mahan, 1887, imp. of Niagara R. bet. Tonawanda and Black Rock H., giving 16' chan. 400' w., by dr. and r. removal at Horseshoe Reef, at head of Strawberry Isld., and in R. front at Tonawanda; est., \$593,538.

In 1891 est. for an 18' chan. 400' w. revised on account of excess of r. removal required over that orig. est., to \$1,152,987, 91, 2890.

Act 1896 extended proj. to include R. to n. line of village of North Tonawanda, 96, 3117.

In 1899 Maj. Symons est. \$27,000 to imp. H. and cr., 00, 4156.

Proj. extended, 1902, to include dr. Tonawanda H. and Cr., 02, 2314.

1899, 15,000.00, 99, 3122.

1910, 10,000.00, 10, 2322.

1912, 27,562.50, 12, 2731.

Total, 97,562.50

COMMERCE.

Description of, 97, 3124; 98, 2794.

During the season of 1892 the practicability of constant navigation of the R. by vessels drawing more than 6' demonstrated, and app. 1892 held by au. of Sec. of War until further action in the matter could be taken looking to a greater d. (see Projects), 95, 2166.

C. in 1896 considered small, and chiefly confined to excursion traffic, 96, 3124. No change 1900, 00, 4146.

None except excursion boats, 01, 591.

Wood pulp the only freight, carried down to paper mills at Niagara Falls. For 1911, 56,176 t., 12, 2732.

CONTRACTS.

1894. Hingston & Woods, hire of dr. plant, \$112.64 per day of 8 hours (\$30,000), 95, 3167.

1896. Hingston & Woods, furnishing and operating dr. plant, \$168 per day of 8 hours, 97, 3125.

1899. Hingston & Woods, drill boats, \$80 per day; drs., \$76 per day, 99, 3122.

1911. The Buffalo Dredging Co., excavation at Cayuga Isld. Shoal, 76¢ c. y., 11, 2527.

1899-00. 18,800 c. y. blasted and removed from Cayuga Isld., 00, 4146.

1911-12. 10,680 c. y., s. m., blasted r. excavated, completing contract, 12, 2731.

PHYSICAL CHARACTERISTICS.

Description of, 92, 2542; 96, 3124; 97, 3123.

PROJECTS.

By Maj. Stickney, 1891, chan. 8' d. m. l. l., 300' w. Tonawanda to Connors Isld., 200' w. thence to Grass Isld., and from 200' to 400' w. thence to Port Day; also const. of r. embankment, Connors Isld. to Port Day to inclose lower end of chan.; est., \$257,829, 92, 2544. Act 1892 limited d. to 6', 92, 2544; 93, 3113.

By Congress, 1894, imp. of R., on recom. of Maj. Rufner, Tonawanda to Port Day, with view to 12' d. to Schlossers Dock, by cutting through shoal at head of Connors Isld. App. 1892 reapp., and an addl. app. of \$10,000 made, 95, 3166.

In 1896 Maj. Symons est. cost of this proj. would be \$180,000, 96, 3123, and in 1897, \$95,000, 97, 3123.

By Lt. Col. Fisk, expend. of \$10,000 to complete proj. as specified act June 25, 1910, by w. cut across Cayuga Isld. Shoal to 200' (H. D. 75, 60th, 1st), 10, 2322.

Act July 25, 1912, au. proj. for a 14' chan.; est., \$55,125, and \$1,000 an. mainten. (H. D. 549, 62d, 2d). U. S. app. \$27,562.50, and act provides that like sum shall be contributed by local interests, 12, 2731.

SURVEYS.

Au. act Sept. 19, 1890; made, 1891, by Maj. Stickney, 92, 2541.

Hydrographic sur. made, 1896, by Maj. Symons, 97, 3123.

Ex., Tonawanda to Gill Cr., N. Y., au. act Mar. 2, 1907. R., by Col. H. M. Adams, and plan presented; est., \$10,000 (H. D. 75, 60th, 1st), 08, 770.

Pre. ex. au. act June 25, 1910, view to securing 18' from Black Rock H. to foot of Sugar St., Niagara Falls, N. Y. R. by Lt. Col. Warren, Oct. 17, 1910, and Jan. 23, 1911 (H. D. 286, 62d, 2d) (unfav.), 12, 1125.

Pre. ex. and sur. au. act Feb. 27, 1911, view to securing 14' in chan. bet. Navy and Grand Islds. leading to foot of Sugar St., Niagara Falls, N. Y. R. by Lt. Col. Warren, May 20 and Dec. 2, 1911; est., \$55,125, and \$1,000 an. mainten. (H. D. 549, 62d, 2d), 12, 1127, 1128.

Cong. docs., etc., relating to exs., sur., plans, etc., 12, 1124.

ENGINEERS.

Chief of Engineers. R., 85, 352.

In charge. Capt. E. Maguire. R., 85, 2283.

SURVEY.

Ex. au act July 5, 1884; made by Capt. Maguire (R. unfav.), 85, 2283.

Part (f), RR-15 Niagara Falls, N. Y. (Canal around.)¹

COMMERCE.

Important, 68, 47, 272.

DEFENSE.

Facilities for defending Eighteenmile Creek route, 68, 47. Difficulties of defending proposed extension from Tonawanda to Buffalo, 68, 47.

ENGINEERS.

Chief of Engineers. R., 67, 18; 68, 47; 89, 337.

In charge:

Lt. Col. C. E. Blunt, 1867-68, 67, 18. R., 68, 271.
Capt. C. F. Palfrey, 1888-89. R., 89, 2434.

Assistants:

J. E. Lawrence, 68, 271.
S. F. Gooding, 68, 271.

PLANS.

By Lt. Col. C. E. Blunt, canal around Falls of Niagara: (1) Lewiston line; 1, 7.05 m., 21 lifts; est.

¹ From Lake Erie to Lake Ontario. Sur.—R., Mar. 17, 1836, est. \$2,568,899.36 and \$5,041,725.50. (H. D. 482, 55th, 2d.)

cost, \$12,095,438, 68, 273. (2) Lewiston line; l., 9.39 m., 21 lifts; est. cost, \$11,128,438, 68, 274. (3) Lewiston line; l., 7.8 m.; 21 lifts; est. cost, \$11,031,916, 68, 275. By Fourmile Creek line; l., 14.43 m.; 21 lifts; est. cost, \$12,673,520, 68, 275. By Wilson or Twelvemile Creek; l., 18.35 m.; 21 lifts; est. cost \$13,993,638, 68, 276. By Olcott or Eighteenmile Creek; l., 25.28 m.; 21 lifts; est. cost, \$12,893,170, 68, 277. From Tonawanda to Buffalo H.; l., 15 m.; est. cost., \$23,893,170, 68, 278. No particular route recom., 68, 271, 272.

By Capt. Palfrey, 1889, for waterway around Niagara Falls of capacity and facilities sufficient to float merchant ships and ships of war of modern build drawing 20' of water, waterway to commence

in navigable part of Niagara R., at or near Tonawanda, and to end in the navigable waters of said R. below the falls. Est. cost of route No. 4, known as Wilson or Twelvemile Creek line, with 18 lifts, would be, if single locks, \$24,201,550; if double locks, \$29,347,900. Est. cost of route No. 5, known as Olcott or Eighteenmile Creek route, with 18 lifts, would be \$23,617,900, 89, 338, 2436.

SURVEYS.

By Capt. W. G. Williams, 1835, 68, 47.
By J. E. Lawrence and S. F. Gooding, C. E., 1867, under direction of Lt. Col. C. E. Bhunt, 68, 271.
Ex. au. act Aug. 11, 1888; made, 1889, by Capt. Palfrey, 89, 2434.

RR-18 SCAJAQUADA CREEK. (At Buffalo, N. Y.)

ENGINEERS.

Chief of Engineers. R., 85, 352.

In charge. Capt. E. Maguire. R., 85, 2283.

OBSTRUCTIONS.

Brs. obstr. navigation, 85, 2285.

PLANS.

By Capt. Maguire, 1884, dr. chan. 1 m. x 100' x 104'; est., \$26,000, 85, 2286.

SURVEY.

Au. act July 5, 1884; made by Capt. Maguire, 85, 2283.

RR-19(a) ERIE CANAL, N. Y.

COMMERCE.

C. aspects, detailed description, and discussion of, 97, 3263.

ENGINEERS.

Chief of Engineers. R., 97, 473.

In charge. Maj. T. W. Symons, 1897. R., 97, 3250.

PHYSICAL CHARACTERISTICS.

Description of the canal, 97, 3251.

PRIVATE WORK.

Imp. under way and those contemplated by the State of New York, which owns the canal, 97, 3254.

PROJECTS.

Detailed est. for enlargement of locks of the canal by U. S. to allow of the passage of torpedo boats; total, \$3,840,000 or \$5,941,000, 97, 3260.

SURVEY.

In 1896 the Committee on Railways and Canals of the H. of R. requested the Sec. of War to have made an ex. to ascertain the practicability and probable cost of a proposed proj. contained in a House bill of the 54th Cong., 1st sess., for w. the locks of the Erie Canal to permit the passage of torpedo boats for the protection of lake cities. R. by Maj. Symons, 1896. (See Projects.) 97, 3250.

RR-19(b) NORTH TONAWANDA, N. Y.

ENGINEERS.

Chief of Engineers. R., 12, 1126.

In charge. Col. J. G. Warren, 12, 1111.

SURVEY.

Pre. ex. and sur. au. act Feb. 27, 1911, of a d. w. connection with suitable terminals that may be estab. at North Tonawanda, at head of New York State Barge Canal (R. to come), 12, 1126.

RR-19(c) GREAT LAKES TO NEW YORK CITY. ("Transportation Routes to Seaboard.")

APPROPRIATION.

1874 (allot. for sur.), \$60,000, 75, ii, 535.

COMMERCE.

National character of the work, its object, and benefits to C., 75, ii, 535, 538.

Cost of transportation on Erie Canal reduced by enlargement of locks, 75, ii, 555.

ENGINEERS.

Chief of Engineers. R., 75, 37; 97, 472, 3128.

In charge:

Maj. J. M. Wilson. R., 75, ii, 534.

Maj. T. W. Symons. R., 97, 3131.

Assistants:

O. Blanc. **R.**, 75, ii, 549.
M. King, 75, ii, 537, 555.
J. S. Lawrence. **R.**, 75, ii, 561.
C. A. Fuller. **R.**, 75, ii, 586.

ESTIMATES. (See Plans.)

By Maj. Wilson, 1875, imp. of E. ie Canal, \$8,173-596, 75, ii, 539, 552; without d., \$6,676,231, 75, ii, 539; summary, 75, ii, 548, 561. For imp. of Oneida Lake Ship Canal, \$25,213,857, 75, ii, 542; summary, 75, ii, 585. Imp. of Lake Champlain Ship Canal to Troy, \$11,152,916, 75, ii, 546. Canal from Hudson R. above Troy to d. w. at Albany, \$2,962,976, 75, ii, 546, 605.

By W. Shanley, proposed Caughnawaga Canal, \$5,500,000, and imp. of Richelieu R., \$35,000, 75, ii, 543, 588.

PLANS. (See Estimates.)

By O. Blanc, 1875, enlargement of one tier of locks on Erie Canal, except at Lockport and Lockville, to 7' x 26' x 225' lift. Recom. by Maj. Wilson, including changes in brs., aqueducts, etc., incident thereto, and d. of canal so that there would be nowhere, except upon mechanical structures, a less d. than 8'. 75, ii, 537, 538, 549, 550, 551.

By Maj. Wilson, 1875, enlargement of the Oneida Canal by constr. of ship canal from Oswego to Oneida Lake, the "cross-cut line" being recom., 75, ii, 540, 541, 561, 567-586. Enlargement of Champlain Canal, including ship canal from Caughnawaga, on the St. Lawrence, to St. Johns, on the Richelieu R.; the Richelieu R. and Lake Champlain to Whitehall, N. Y.; a ship canal from Whitehall to Ft. Edward, on the Hudson R.; and slack-water navigation from Ft. Edward to Troy, 75, ii, 586.

MEMORANDA:

History of the Erie Canal, 75, ii, 536, 549, 550, 551.
Description of canal, 75, ii, 536, 549, 550, 551.

Of routes, S. D. 307, part iii, 43d, 1st. Profile of Erie Canal, 75, ii, 554. Profile of Oneida Canal from Oswego to Albany, 75, ii, 566. Diagram of locks and dams of Hudson R. division, 75, ii, 594.

PHYSICAL CHARACTERISTICS.

3 probable routes for a ship canal entirely within the U. S. from Great Lakes to the Hudson, and 1 route not wholly within the U. S., 97, 3129.

Detailed description of possible routes: Oswego route, 97, 3135; Oswego-Hudson route, 97, 3142; Erie Canal route, 97, 3147; St. Lawrence-Champlain route, 97, 3149.

(See Summary, 97, 3235.)

PROJECTS.

In 1897 Maj. Symons est. \$200,000,000 to build canal of the character contemplated by act of 1896, 97, 3129; of opinion that enlargement of Erie Canal of the State of N.Y. was worthy of being undertaken by the U. S., as the benefits to be derived therefrom would be properly commensurate with the cost, which was est. to be approx. one-fourth that of a ship canal; and that the C. advantages would be practically equal to those of a ship canal as proposed, 97, 3130. (See Summary, 97, 3235.)

SURVEYS.

Act June 3, 1896, directed the Sec. of War to cause to be made accurate ex. and ests. of constr. of ship canal by the most practicable route wholly within the U. S. from Great Lakes to Hudson R., of sufficient capacity to transport the tonnage of the lakes to the sea. Ex. made by Maj. Symons in 1896-97 (see Projects, 97, 3128.)

¹ See also H. D. 149, 56th, 2d, for report on sur. and exs. of deep waterways "between the Great Lakes and the Atlantic tidewaters, as recommended by the report of the Deep Waterways Commission, transmitted by the President to Congress Jan. 18, 1897." The sur. to be made by a board of 3 engineers" (1 from Corps of Engineers). Board consisted of Gen. C. W. Raymond, Corps of Engineers, president; Mr. Alfred Noble, and Mr. G. Y. Wisner. (Considerable of the data on locks collected by the Board, for its voluminous report, used as a basis for the construction of the locks of the Panama Canal.)

J. C. Quintus. R., 95, 3169.

ESTIMATES. (See Plans and Projects.)

By Lt. Col. Blunt, 1868: 1st proj., \$155,000, 68, 48, 288; 2d proj., \$50,000, 68, 289.
By Maj. Wilson, 1873, \$90,000, 73, 392; 75, 324; 76, ii, 575, 576.
By Maj. McFarland, 1877, addl. for dr., \$10,000, 77, 975.

OPERATIONS.

1874-75. Dr. 4,326½ c. y., 75, 324.
1875-76. W. p. extended 60 l. f.; e. p. extended 30 l. f., 77, 975.
1877-78. W. p. extended 120 l. f.; 14,302 c. y. dr., 78, 131, 1271.
1878-79. Superstr. of e. p. rebuilt, 79, 1725.
Old w. p. breached in fall of 1876; sand and gravel barrier, extending from p. to p., formed in consequence, rendering H. worthless until its removal, 77, 975.
1881-82. W. p. extended 302 l. f. and e. p. 213', 82, 2437.
1882-83. 90 l. f. of p. work placed in extension of w. p.; 3,473 c. y. dr. from chan., 83, 1939.
1883-84. W. p. extended 30' and e. p. 120', 84, 2133, 2134.
1887-88. 80' of e. p. rebuilt by hired labor, and minor repairs made to e. and w. ps., 88, 2057.
1888-89. Constr. of st. protection begun; 150 l. f. of w. p. rebuilt; 24,930 c. y. dr., 89, 2397.
1891-92. Repairs to lake end of w. p., 92, 2534.
1896-97. 24,025 c. y. dr., and ps. repaired, 97, 3127.
1899-00. 10,036 c. y. dr.; e. and w. ps. repaired, 00, 4162.
1902-03. Most necessary repairs to superstr. and decks of both ps. made, using 12,846' hemlock timber and planks, 03, 2147.
1903-04. Necessary repairs made to decking and wall timbers of superstr. of both ps. Bulkhead placed of 10" x 12" timber at outer end of w. p.; 84 c. y. filling st. and 11,360' hemlock timber and plank used in repairs, 04, 3319-20.

PHYSICAL CHARACTERISTICS.

General, of Twelve mile or Wilsons Cr., 73, 391.
H. bottom, 73, 392; 76, ii, 575.
Description of, 93, 3115; 95, 3169.
Chan. believed to be unstable; it fills in quite rapidly with sand driven in by storms, 97, 3127.
H. at mouth of Twelvemile Cr. In orig. condition there was 1' on the bar. Max. draft carried into the H., 1901, 8', 01, 592.
Chan. bet. p. fills rapidly with sand driven by storms, 02, 2319.
Chan., 1903, 9½', m. l. l., and 7' d., l. w., 03, 2147.

PLANS. (See Estimates and Projects.)

1852. Plan of imp. submitted, 75, 323.
By Lt. Col. Blunt, 1868, in case the Niagara Ship Canal should end here; 2 parallel ps. of 1,000 l. f. l., and dr. to 14'; est., \$155,000, 68, 288, 289.

PRIVATE (CORPORATE) WORK.

About \$26,000 expended by private enterprise. In 1846 company constr. 2 parallel ps., 150' apart, extending 360' into the lake; 540 l. f. of wharfing, and also purchased a dr., 68, 48; 73, 391; 75, 323; 76, ii, 575.

PROJECTS. (See Estimates and Plans.)

By Lt. Col. Blunt, extension of each p. 400 l. f. and dr.; est., \$50,000, 68, 288, 289.
By Maj. Wilson, 1873, extension of both ps. to 12', repairs and dr.; est., \$90,000, 73, 392; 75, 58, 323; 76, ii, 575, 576. Transfer of the old ps. to the U. S. necessary before beginning operations, 73, 393.

By Lt. Col. McFarland, 1877, dr., increasing est. to \$100,000, **77, 975.**

By Capt. Fitch, 1899, applying app. of 1899 to maintain, p. repairs, and redr. 10' chan. 60' w., extreme l. w., **99, 3130.**

Jan. 10, 1900, proj. modified to obtain and maintain 10' at extreme l. w. without further extension of ps. for the "present," **01, 592.**

Owing to insignificance of this port, and its proximity to Niagara R. and Olcott, suggested to abandon it as a port to be maintained by U. S., **02, 2320.**

Act Mar. 7, 1905, repealed all previous provisions for work at this H., and directed that unexpended funds be turned into Treas., **05, 2389.**

SURVEYS.

By Maj. Turnbull, 1852, **75, 323; 76, ii, 575.**

By Lt. Col. Blunt, 1868, **68, 48.**

Description of, 88, 2061.

Damage to work by storms, 03, 2152.

PRIVATE WORK.

Previous to 1846. P. 250 l. f., 74, 238. "Short ps. at entrance of cr. built many years ago, but now (1866) completely gone," 66, iv, 157.

Repairs made by Buffalo, Lockport & Rochester Transit Co. to portion of e. p. occupied by them under permit, 12, 2736.

PROJECTS. (See Estimates.)

By Col. Turnbull, 1848, 74, 238; 76, ii, 577.

By Capt. Tardy, 1866, 2 parallel crib ps., 200' apart, each 1,000 l. f. in l., and extending to 11' of water in the lake, and dr. in chan. and bet. ps.; est., \$117,927, 66, iii, 15, iv, 158, 159; 67, 32; 74, 239; 76, ii, 577.

By Maj. Bowen, completion of operations by hired labor, 69, 40, 181.

By Maj. Wilson, removal of r. and dr., 72, 46, 248; 74, 239.

Résumé of plans and proj., 74, 238; 76, ii, 577.

Original proj. was adopted in 1866 and proposed to connect d. w. in Lake Ontario with d. w. in Eighteen mile Creek by the extension of 2 parallel ps. from the mouth of the creek to the 11' curve in the lake, with the formation of a dr. chan. bet. the ps.; est., \$117,927, 66, iii, 15, iv, 158, 159; 74, 239; 76, ii, 578; 81, 2434.

Proj. was modified in 1872 to provide for the removal of r. in the chan. bet. the ps., 72, 46, 248; 74, 239; also in 1881 to provide for addl. p. extension, at an est. cost of \$30,000 in excess of the orig. est., 81, 2434.

In 1890, after a total expend. of \$163,000, it was est. that \$33,065 would be required for p. repair and w. of the chan., 90, 2846.

Proj. completed in 1892, 92, 2537.

D.O. recom. certain necessary imps., 03, 2152.

SURVEYS.

By Col. Turnbull, 1846, 74, 238; 76, ii, 577.

Under direction of Capt. Tardy, by J. S. Lawrence, 1866, 66, iii, 15, iv, 157; 74, 239.

Under direction of Maj. Bowen, by W. P. Judson, 1870, 70, 213; 76, ii, 577.

Under direction of Maj. Wilson, 1872, 72, 248; 76, ii, 578. Memoranda of soundings, 70, 199; 74, 239; 76, ii, 577, 578.

Pre. ex. and sur. au. act June 13, 1902. R. by Maj. Symons, Jan. 12 and Apr. 14, 1903; plan of imp. at est. cost of \$60,000 presented (H. D. 232, 58th, 2d), but B.E.R.H. concludes undertaking not warranted at present time, 04, 630, 3354, 3358-3359.

Pre. ex. and sur. au. act June 25, 1910, view to securing increased d. R. by Col. Warren, Mar. 28, 1911, and Jan. 16, 1912; est., \$3,000, and \$2,500 for mainten. of w. p. for 5 years, subject to certain local cooperation (H. D. 780, 62d, 2d), 12, 1137.

Maps. (H. D. 780, 62d, 2d.) 76, ii, 576. Map of H. June 30, 1879, 79, 1726; 81, 2434; 91, 2893.

J. S. Lawrence, 74, 245.

ESTIMATES. (See Projects.)

By Maj. McFarland, for occasional dr. and repairs, \$1,000, 79, 1727.

OPERATIONS.

1836. 650' w. break'r built, 74, 243.
1838. 300 l. f. e. and 300 l. f. w. chan. ps. built; 100' e. break'r built, 74, 243; 76, ii, 580.
1844. 425 l. f. e. and 210 l. f. w. chan. ps. built, 74, 243.
1853. 290 l. f. w. chan. p. built; repairs to w. p., 74, 243.
1857. 11,116 c. y. dr.; condition of ps.; S. D. 42, 35th, 1st, pp. 127, 129.
1866. Condition of ps., 66, iii, 16, iv, 159.
1868-69. 300 l. f. e. chan. p. built; chan. dr.; repairs, 69, 40, 179.

1869-70. 313 l. f. e. and 150 l. f. w. chan. ps. built; 72,829 c. y. dr.; total l. of w. p., 836'; 300' superstr. on e. p., 70, 52, 201.

1870-71. 150 l. f. e. and 180 l. f. w. chan. ps. built; 40' superstr. on w. p.; repairs to superstr., 71, 50, 225.

1871-72. 150 l. f. e. and 120 l. f. w. chan. ps. built; 8,418 c. y. dr.; 969' superstr. completed, 72, 46, 230.

1872-73. 8,019 c. y. dr.; general repairs, 73, 47, 358.

1873-74. 3,503 c. y. r. removed and 1,958 c. y. dr.; method of doing work, 74, 53, 245, 246.

1874-75. 10,960 c. y. r. removed and 10,011 c. y. dr.; repairs to w. p., 75, 58, 328, 329.

1875-76. 200 c. y. r. removed, 76, 110, ii, 579.

1877-79. Repairs, 78, 133, 1272; 79, 175, 1727.

1881-82. 129 l. f. of outer part of e. p. leveled up, filled, and redecked; vacant space filled with cribwork; 69' of inner part of w. p. rebuilt, 82, 2443.

1884-85. 1,072 l. f. of w. p. superstr. rebuilt and redecked, 85, 2270.

1887-88. E. p. rebuilt by hired labor, 88, 2063.

1888-89. 91 l. f. of timber and st. shore protection built, 89, 2405.

1889-90. 10,230 c. y. dr. from chan., and slight repairs made to e. p., 90, 2847.

1891-92. 3,388 c. y. dr., 92, 2538.

1892-93. Proj. deemed completed, 93, 3118.

1902-03. Repairs to superstr. and decks of both p., 03, 2149.

1904-05. Repairs to ps., 05, 2390.

PHYSICAL CHARACTERISTICS.

Character of bottom of H., 72, 250, 251.
General description of Oak Orchard Creek, 74, 243.
Description of, 88, 2063; 97, 3315.
H. Oak Orchard Creek, which flows into Lake Ontario 32 m. w. from Genesee R., 97, 3315.

PRIVATE WORK.

\$1,000 raised and expend. by citizens of Oak Orchard for dr. H., under direction of U. S. officials, S. D. 42, 35th, 1st, pp. 127, 131, 74, 244.

PROJECTS. (See Estimates.)

BE., 1857, dr. chan. to 12', and extension of ps. to 15' curve; est., \$51,761.90.
By Lt. Col. Graham, repairs, to cost \$9,736.65, S. D. 42, 35th, 1st, pp. 127, 136, 137.
By Capt. Tardy, p. extension, dr., and repairs; est., \$86,587.66, 66, iv, 160.
Increased \$50,000 by Maj. Bowen, completion, 69, 40. Correspondence relative to imps., S. D. 42, 35th, 1st, p. 128 et seq.
By Maj. Wilson, dr. chan. and repairing ps.; est., \$30,000, 72, 251.
To contract entrance of H., 1838, by break'rs, approaching each other, leaving opening of 200', and then to define the chan. by parallel ps. extending from outer ends of break'rs into lake, 74, 243.
1836 to 1880, incl., \$173,500 app. and applied to extension of 2 ps., dr. in chan. bet. ps., and repairs, 74, 243; 76, ii, 579; 80, 2206.
In 1881 Lt. Col. McFarland proposed further extension of both lines of 500', or to 12' curve in Lake Ontario, d. chan. bet. ps. to 12' by dr.; est., \$100,000, 81, 2435.
Maj. Stanton est., 1897, \$10,500 or \$38,000 to imp. H., 97, 3315, 3316.
Act Mar. 3, 1905, repeals all previous provisions for work at this H., and directs all unexpended funds be turned into Treas., 05, 2390.

SURVEYS.

Mentioned, 1836, 74, 243.
By Capt. Tardy, 1866, 66, iv, 159.
By W. A. Judson, 1870-72, 70, 213. R., 72, 251.
Sur. au. act June 3, 1896, made by Maj. Stanton, 1896 (R. unfav.). (See Projects.) 97, 3314.
Ex. au. Mar. 3, 1909. R. by Col. Fisk, May 1, 1909 (unfav.). (H. D. 412, 61st, 2d.) 10, 900.

Col. J. G. Warren, 1912-. **12**, 2737.

ESTIMATES. (See also Projects.)

By Maj. Turnbull, 1853, repairs, \$24,000, **76**, ii, 584.
By Lt. Col. Blunt, d. H. to 14' at mouth of Genesee R., \$25,000, **67**, 252.
By Maj. McFarland, rebuilding superstr. of ps., \$45,000, **79**, 1728. Excess of app. over est. accounted for, **74**, 249.

OPERATIONS.

1829-33. Constr. of e. and w. ps. 2,407' and 2,305' l., resp., **74**, 247.
1833-34. Ps. extended to l. of 2,876' each, **74**, 247.
1842. 60' of both ps. carried away, **74**, 248.
1852-53. Repairs; condition of ps. S. D. 42, 35th, 1st, p. 138.
1857. E. p. is 2,034' l., w. p. 1,943' l. S. D. 42, 35th, 1st, p. 138.
1864-65. Repairs, e. p. 2,400' l.; condition of ps., 66, 51.
1866-67. Repairs to w. p., **66**, ii, 39, iv, 161; **67**, 32, 240.
1867-69. Repairs in general, **68**, 45, 249; **69**, 40, 179.
1869-70. Repairs completed; e. p. 2,345' l., w. p. 2,454' l., **70**, 52, 202.
1870-71. Superstr. raised; 2 cribs (60') sunk in extension of e. p., **71**, 50, 228.
1871-77. Repairs; e. p. 2,450' l. and w. p. 2,700' l., **72**, 46, 253; **73**, 47, 259; **74**, 54; **75**, 58, 330; **76**, 110, ii, 582; **77**, 117, 978.
1878-79. Repairs; e. p. 2,425' l., **79**, 175, 1727.
1879-80. Repairs to e. and w. ps., **80**, 2207.
1880-81. Repairs to w. p.; 707' of superstr. of e. p. rebuilt, **81**, 2436.
1881-82. 43' of e. p. superstr. rebuilt, **82**, 2444.
1883-84. 16 cribs (30' l.) placed in e. and w. ps. and 600 l. f. superstr. built over same, **84**, 2137.
1884-85. One and one-half cribs framed, **85**, 2272.
1885-86. 350 l. f. of p. extension completed, **86**, 1887.
1886-87. 800 l. f. superstr. e. p. built, **87**, 2372.
1887-88. 1,400 l. f. of w. p. superstr. rebuilt; breaches in w. p. repaired; pocket in e. p. rebalasted; 156 detached piles removed; work done by hired labor, **88**, 2070.
1888-89. 20,000 c. y. dr.; repairs to e. and w. ps., **89**, 2409.
1889-90. 98,377 c. y. dr., **90**, 2851.
1890-91. Superstr. of section E of e. j. rebuilt for 995 l. f.; repairs to outer end of e. p.; 18,680 c. y. dr. from chan., **91**, 2901.
1891-92. 83,513 c. y. dr.; w. j. superstr. renewed; repairs to superstr. on e. and w. js., **92**, 2555.
1892-93. 54,960 c. y. dr.; and extension of w. j. in progress, **93**, 3134.
1893-94. In connection with previous year the w. j. extended 365', **94**, 2458.
1894-95. 67,650 c. y. dr., **95**, 3186.

1895-96.¹ E. p. extended 121', **96**, 3135; 1,920 c. y. dr. and repairs made to ps., **96**, 3135.
1896-97. Over 18,840 c. y. dr. and w. p. repaired, **97**, 3270.
1897-98. 49,973 c. y., s. m., dr., **98**, 2799; and minor repairs made to the js., **98**, 2800.
1898-99. Repair and fitting out of dr. plant, **99**, 3131.
1899-00. 53,865 c. y. dr., e. and w. ps. repaired, **00**, 4103.
1900-01. 145 cords st. deposited in pockets of e. and w. ps.; 14,790 c. y. removed from entrance to H. by U. S. dr. plant, **01**, 3356.
1901-02. 7,675 c. y. removed, completing chan. 15' x 80'; planking replaced in deck of w. p., **02**, 2323.
1902-03. 55,969 c. y., s. m., removed, resulting in a chan. 164' x 150' m. l. w. for entire l. of ps., and 220' w. outside of ps.; repairs made to superstr. of ps., **03**, 2153.
1903-04. 301' of w. p. rebuilt with concrete; decking and deck cross ties renewed in e. and w. ps.; dr. *Frontenac* removed 12,835 c. y. of material, **04**, 3332, 3334.
1904-05. 316' of w. p. reconstr. with concrete; breach repaired in e. p.; dr. *Frontenac* removed 15,095 c. y. from chan., **05**, 2392.
1905-06. 541 l. f. of w. p. and 297 l. f. of e. p. rebuilt; minor repairs made to timber work of ps. and breach in e. p. closed; dr. *Frontenac* removed 12,675 c. y. from entrance chan., **06**, 704, 1942.
1906-07. 583 l. f. of w. p. and 240 l. f. of e. p. reconstr. with concrete, completing work under proj. of 1905; dr. *Frontenac* removed small shoal to 16', **07**, 726, 2115.
1907-08. 270 l. f. of e. p. rebuilt, and 1,000 l. f. of cribs sunk; dr. *Frontenac* assisted in p. repairs and also removed 10,835 c. y. from chan., **08**, 2189.
1908-09. 460 l. f. of new cribs sunk and concrete superstr. placed on 811 l. f. of cribs sunk 1907 and 1908; 58 l. f. of timber superstr. under fog-signal house replaced with concrete; dr. *Frontenac* removed 36,070 c. y. from chan., **09**, 2163.
1909-10. Dr. *Frontenac* removed 54,830 c. y. from chan., **10**, 2325.
1910-11. 9,850 c. y. removed, making chan. bet. ps. 16' x 150', and completing proj.; specifications prepared for excavating 160,000 c. y. under proj. of June 25, 1910, **11**, 2530.
1911-12. 90,410 c. y. dr.; 150 l. f. concrete superstr. on w. p. and 301' on e. p. completed; oil house for Lighthouse Service reset on p., **12**, 2738.

PHYSICAL CHARACTERISTICS.

Injuries to ps. by collisions and gales, **75**, 331.
Shoal off outer end of e. p., **73**, 359.
Effect of p. extension upon d. of chan., **74**, 247; **76**, ii, 583.
Advance of shore line, **76**, ii, 585.
Description of **74**, 247; **78**, 2072; **96**, 3134; **97**, 3270.
Good H. of refuge near middle of the American shore of the lake and about midway bet. the Niagara and St. Lawrence Rs., **97**, 3271; on Lake Ontario, 7 m. below Rochester, N. Y., **12**, 1127.
The sediment deposited by freshets of the Genesee R., on which the H. is situated, necessitates more or less dr. an. to maintain d. of 16' in chan., **98**, 2800.
Silt, currents, and freshets, **01**, 3356.
Shoaling of chan. and condition of ps., **04**, 3334, 3335; **09**, 2164.
Storm of Oct. 29, 1906, carried away 90 c. y. of st. filling and displaced 10 concrete blocks from e. p., **07**, 2115.
Filling, limiting d. to 15', **11**, 2530; **12**, 1128.

PROJECTS. (See Estimates.)

By Capt. T. W. Maurice, 1829, constr. of parallel ps., **74**, 247.
For masonry superstr., 1836, to supersede wooden one; ultimately abandoned, **74**, 247.
By Maj. J. D. Graham, 1857, general rebuilding of e. p.; est., \$41,084.34. S. D. 42, 35th, 1st., p. 138.
By Capt. J. A. Tardy, 1865, repairs and dr.; est., \$75,607.30; increased by Lt. Col. Blunt to \$85,607.30, **66**, 4, 51; **67**, 33.

¹ History of operations from 1829, **96**, 3131.

By Maj. N. Bowen, extension of e. p.; est., \$45,000, **69**, 40, 179; **70**, 203.

By Maj. J. M. Wilson, repairs to cost \$5,000, **74**, 249; **75**, 59.

By Maj. W. McFarland, an. repairs to ps., \$1,000, **76**, ii, 582.

Proj. of 1829-80, modified, 1881, by Maj. McFarland, to provide for extension of the ps. to the 15' curve in the lake, with formation, by dr., of a chan. bet. the ps. 15' d.; est., \$154,000, **81**, 2437; **86**, 343. Modified in 1889 to provide for mainten. of existing works and of a chan. 16' x 200' at extreme l. w. Est. for completion, incl. app. of 1890, \$31,400, **90**, 2852.

By Capt. Kingman, 1891, to secure and maintain, by p. extension and dr., chan. of navigable w. and 15' d. at extreme l. w.; est. for completion, \$109,650, **92**, 2556.

By the Chief of Engineers, 1896, for modification of the proj. to obtain and preserve d. of 16' at l. w. by dr. without further extension of the ps. at that time, **97**, 3270; **98**, 2799.

By Capt. Fitch, 1899, for applying app. of 1899 to redr. chan. bet. ps. to provisional w. of 150', and to repairs of ps., **99**, 3131.

By Maj. Symons, 1901, to reduce cross section of R. by laying mattresses lengthwise bet. ps., sink and cover with st. to 7' below l. w. and fill behind with dr. material; est., \$15,000, **01**, 3357; **02**, 2323.

Act June 13, 1902, an. laying 3,600' of mattress and st.; narrowing chan. to 200' abandoned at

request of C. interests and app. (\$15,000) turned over to mainten., **03**, 2153.

Act Mar. 3, 1905, an. expend. of \$80,000 in reconstr. of 865 l. f. of w. p. and 363 l. f. of e. p. by day labor and purchase of material, **05**, 2393.

By Col. Adams, 1907, rebuilding 1,300 l. f. of e. p. by hired labor, au. Mar. 26, 1907, **07**, 2115.

By Capt. Guthrie, 1909, chan. 20' (for vessels with draft of 18') d. below l. w. zero of Oswego gauge; au. act June 25, 1910 (H. D. 342, 61st, 2d); est., \$41,800, **10**, 891. (This is a modification of previous projs.)

SURVEYS.

By Capt. T. W. Maurice, 1828, **74**, 247.

By Maj. J. M. Wilson, **73**, 359; **74**, 248.

Minor sur., **94**, 2459; **97**, 3270; **98**, 2800; **99**, 3131; **00**, 4163.

By Col. Fisk, indicates chan. shoaling to d. of 15', **09**, 2164.

Au. act Mar. 3, 1909; made by Capt. Guthrie; est., \$31,680 (H. D. 342, 61st, 2d), **10**, 900.

Minor sur., Apr., 1911, showed filling had limited d. to 15', **11**, 2530.

Maps. (H. D. 342, 61st, 2d.)

RR-40(a) GENESEE RIVER, N. Y.

ENGINEERS.

Chief of Engineers. **R.**, **89**, 337.

In charge. Capt. C. F. Palfrey, 1888. **R.**, **89**, 2424.

SURVEYS.

Ex. au. act Aug. 11, 1888; made, 1889, by Capt. Palfrey (**R.** unfav.), **89**, 2424.

RR-40(b) NEW YORK HARBORS. (Harbors on the southern shore of Lake Ontario, between Genesee and Oswego Rivers.)

APPROPRIATION.

May 23, 1828, \$400 (sur.).

RR-41 IRONDEQUOIT BAY, LAKE ONTARIO, N. Y.

COMMERCE.

That of adjacent ports not large enough to warrant imp. of the B. to make a H. of refuge, **90**, 2854.

Description of, **95**, 3225.

ENGINEERS.

Chief of Engineers. **R.**, **89**, 337; **90**, 2853; **95**, 2424.

In charge:

Capt. C. F. Palfrey. **R.**, **89**, 2425.

Maj. M. B. Adams, 1890. **R.**, **90**, 2854.

Capt. D. C. Kingman, 1895. **R.**, **95**, 3222.

PHYSICAL CHARACTERISTICS.

Description of. B. is on the s. side of Lake Ontario, about midway bet. the mouth of Niagara R. and head of the St. Lawrence; of irregular shape, extends inland for about 4 m., and is separated

from the lake by a bar at its mouth, the latter being about 6,000' w., **95**, 3223.

PLANS.

In 1889 Capt. Palfrey did not consider, in view of the neighborhood of Charlotte H., that a H. of refuge was a necessity at Irondequoit B., **89**, 2426.

SURVEYS.

Ex. for H. of refuge au. act Aug. 11, 1888; made, 1889, by Capt. Palfrey (see Plans), **89**, 2425.

Special **R.** on probable advantages of the B. as a H. of refuge to aid the C. of adjacent ports called for by H. of R., Apr. 5, 1890; made by Maj. Adams, 1890 (**R.** unfav.), **90**, 2853.

Ex. for chan. to connect with Lake Ontario au. act Aug. 17, 1894; made, 1895, by Capt. Kingman (**R.** unfav.), **95**, 3222.

RR-41(b) BEAR CREEK HARBOR, LAKE ONTARIO, N. Y.

COMMERCE.

Entirely local, **73**, 385-387.

ENGINEERS.

Chief of Engineers. **R.**, **72**, 48; **73**, 49.

In charge. Maj. J. M. Wilson, 1872-73, **72**, 48.
R., **73**, 385.

Assistant. J. S. Lawrence. **R.**, **73**, 386.

ESTIMATES.

By Maj. Wilson, p. extension and r. excavation,
\$250,181.93, **73**, 386, 388.

PHYSICAL CHARACTERISTICS.

General, of Bear Creek, **73**, 385, 386.

PRIVATE (CORPORATE) WORK.

Imp. by a H. company, **73**, 386, 387. Two ps.
60' apart, constr., **73**, 386.

PLANS.

By Maj. Wilson, extending w. p. to 12' of water;
removing e. p. and constr. new one parallel to and
200' from w. p.; also, excavating r. bet. the ps.
and in the creek to 12'; est., \$250,181.73, **73**, 385-
388.

SURVEY.

Under the direction of Maj. Wilson, by J. S.
Lawrence, 1872. **R.**, **73**, 386.

ESTIMATES. (See Plans and Projects.)

By Capt. Maurice, 1829, ps., \$30,896, **74**, 249; **76**,
ii, 586.

OPERATIONS.

1871-72. 180 l. f. w. p. extension; 180' w.
superstr. completed, **72**, 47, 255.

1872-73. 180 l. f. e. p. extension; 180' e. su-
perstr. completed, **73**, 47, 360.

1873-74. 212 l. f. e. p. extension, **74**, 54, 250.

1874-75. 230 l. f. w. p. extension; 14,189 c. y.
dr.; 110' w. superstr. completed, **75**, 59, 333.

1875-76. 9,873 c. y. dr.; 120' w. superstr. com-
pleted, **76**, 110, ii, 585, 587.

1877-78. 90 l. f. e. p. extension; repairs, **78**,
132, 1274.

1879-80. W. p. extended 92'; gap of 86' bet.
e. p. and Reynolds's wharf closed by p. work;
20,000 c. y. sand and st. dr. from chan. entrance,
80, 2208.

1881-82. W. p. extended 183', **82**, 2445.

1884-85. Repairs to w. p., **85**, 2273.

1891-92. 200 l. f. of sand-tight sheet pile j.
constr., **92**, 2561.⁽¹⁾

¹ Sur.—**R.**, Jan 22, 1829: est. \$30,896.69. (H. D. 482, 55th, 2d.)

- 1892-93.** 10,706 c. y. dr., **93**, 3138.
1894-95. Extension of sand-catch bulkhead in progress, **95**, 3190.
1895-96. Work of previous year continued, **96**, 3138.
1896-97. E. and w. ps. redecked and repairs made to both, **97**, 3273.
1899-00. 12,022 c. y. dr., **00**, 4165.
1900-01. 3,390 c. y. dr., **01**, 3360.
1907-08. Repairs to ps. and chan. 8' x 14' dr., using centrifugal pump on float, **07**, 2192-93.
1908-09. Repairs to ps., **09**, 2166.

PHYSICAL CHARACTERISTICS.

- General description of Salmon Creek, **67**, 239; **76**, ii, 586.
 Iron ore beds in vicinity, **67**, 240.
 Description of, **96**, 3137.
 Chan. very unstable, **01**, 3360.
 Condition of works and depths, **01**, 594, 3360; **07**, 727, 2117; **08**, 772, 2192, 2193; **09**, 805; **10**, 892; **12**, 1128.
 H. at mouth of Salmon Creek, 22 m. e. of Charotte H., **12**, 1128.

PLANS. (See Estimates and Projects.)

- By Capt. Maurice, 1829, system of ps. inclosing a portion of the lake, **74**, 249; **76**, ii, 586.

PRIVATE WORK.

- \$30,000 had been expend. by private enterprise for the imp. of the H., by which several small cribs and

one long wharf, jutting boldly into the lake, had been constr., but the works failed to be permanent, **67**, 240; **74**, 250.

PROJECTS. (See Estimates and Plans.)

- By Lt. Col. Blunt, ps. and dr. in the chan.; est., \$37,000, **67**, 33, 239.
 By Maj. Bowen, 1872, p. to be connected with the w. shore by a break'r, both to be 20' w.; also dr.; est., \$27,000. Modified, 1872, by addition of e. p. parallel to and 200' from the w. p., **72**, 255. Orig. proj. for H. est. to cost \$59,000, **74**, 250; increased in 1875 to \$71,000, **76**, 334; **84**, 2138.
 By Capt. Fitch, 1899, application of app. 1899 to redr. 8' chan. bet. the ps., with w. of 40' m. l. w., **99**, 3133.
 By Col. Adams, 1907, application of app. 1907 to general repairs of ps., filling space bet. inner end of e. p. and shore with st., and dr. about 7,500 c. y. from chan., **07**, 2118.

SURVEYS.

- Included in the ex. of the s. shore of Lake Ontario, and made separately in 1829 by Capt. Maurice, **74**, 250.
 Resur. by Maj. Turnbull, 1846, **74**, 250.
 By Lt. Col. Blunt, 1867, **67**, 238.
 By Maj. Wilson, 1873-75, **74**, 250; **75**, 333.
 Ex. of the chan. made, 1894, by Capt. Kingman, **94**, 2462.

Maps:

- Of Pultneyville H., **76**, ii, 586.
 Of the H., June 30, 1879, **79**, 1728; **80**, 2208; **81**, 2440; **94**, 2462.

1904,	*1,250.00	04 , 3338.
1906,	1,588.00	06 , 1495; 12 , 2741.
1907,	50,000.00	07 , 2120.
1910,	30,000.00	10 , 2329.
1911,	30,000.00	11 , 2532.

Total, 607,784.80 (Incl. misc., and less \$12 returned to Treas. in 1907, \$607,489.75, **12**, 2741).

COMMERCE.

- Does not warrant hasty action, **66**, iv, 171.
 Importance of Great Sodus B. C., S. D. 42, 35th, 1st, p. 140; **66**, iv, 174-175; **79**, 1730. As a H. of refuge, S. D. 42, 35th, 1st, p. 140; **66**, iv, 174, 175; **69**, 178.
 C. interests mainly local, **69**, 178.
 98% of C. in 1895, 42,669 t. of coal, **96**, 3139; value of the total C., \$169,847±; **96**, 3143. In 1896, 34,540 t. of coal shipped, **97**, 3274. Total C., 1897, 53,548 t., **98**, 2802.
 Coal chiefly, **99**, 3134.
 Not large, **03**, 2156.
 Imp. had material effect on freight rates on bulk commodities, such as coal, grain, lumber, and ore, **06**, 705.
 1911, 55,693 t., increase over 1910 of 24,000± t., **12**, 1130.

CONTRACTS.

- 1866.** A. P. Grant, dr.; J. W. P. Allen, towing scows; Ontario Iron Works, materials; J. N. Collins & Co., materials; R. N. Gere, materials and labor, **66**, iv, 178.
1867. R. N. Gere, dr., **24c**, **67**, 243. T. Parsons, dr., **24c**; W. Burke, dr., **24c**; R. R. Dodge, dr., **24c**; Caldwell & French, labor, **68**, 253.
1868. Z. Moore, removal of wreck, **68**, 250.
1870. C. P. Morse, removal of wreck; C. P. Morse & Co., dr., **24c**, **70**, 207.
1872. C. P. Morse & Co., repairs to break'r; E. H. French, dr., **35c**, **73**, 364.
1874. H. J. Mowry, dr., **22c**; C. J. De Graw, break'r extension, **75**, 337.
1875. S. B. Robinson, repairs to break'r, **75**, 338.
1881. C. F. Dunbar, dr., **23c** c. y., **81**, 2443.
1882. G. Kellogg & Co., p. constr., **83**, 1946.
1883. A. J. Packard, iron, **83**, 1946.
1884. A. F. Chapman, p. extension, **86**, 1890.
1886. W. S. Malcolm, dr., **16c** c. y., **87**, 2377.

* Allotment.

¹ Sur.—R., Jan. 22, 1829; est. \$71,931.20. (H. D. 482, 55th, 2d.)

ENGINEERS.

Chief of Engineers. R., 66, 4, ii, 41, 42, iii, 16, 29; 67, 33; 68, 45; 69, 40; 70, 53; 71, 50; 72, 47; 73, 47; 74, 54; 75, 59; 76, 111; 77, 118; 78, 133; 79, 176; 80, 231; 81, 318; 82, 312; 83, 320; 84, 324; 85, 349; 86, 344; 87, 309; 88, 282; 89, 334; 90, 303; 91, 380; 92, 358; 93, 411; 94, 385; 95, 420; 96, 377; 97, 475; 98, 464; 99, 545; 00, 614; 01, 594; 02, 516; 03, 568; 04, 622; 05, 631; 06, 705; 07, 727; 08, 772; 09, 808; 10, 893; 11, 946; 12, 1129.

In charge:

Capt. T. W. Maurice, 1828; 74, 253.
Capt. J. L. Smith, 1836; 74, 253.
Maj. W. Turnbull, 1853-56; S. D. 42, 35th, 1st, p. 139; 74, 254.
Maj. J. D. Graham, 1856; 66, 4, R., S. D. 42, 35th, 1st, p. 139.
Maj. C. E. Blunt, 1866-69; 66, ii, 41, 42, R., 66, iv, 170; 67, 238, 243, 256; 68, 248, 250, 253.
Maj. M. D. McAlester, 1869; 69, 170.
Capt. F. Harwood, 1869; 69, 170.
Maj. N. Bowen, 1869-71; 69, 170. R., 69, 178; 70, 204; 71, 232.
Maj. J. M. Wilson, 1871-75. R., 72, 256; 73, 364; 74, 253; 75, 337.
Maj. W. McFarland, 1875-83. R., 76, ii, 538; 77, 980; 78, 1275; 79, 1729; 80, 2209; 81, 2441; 82, 2446.
Lt. Col. H. M. Robert, 1883-85. R., 83, 1945; 84, 2140.
Capt. E. Maguire, 1885-87. R., 85, 2274; 86, 1890.
Capt. C. F. Palfrey, 1887-90. R., 87, 2376; 88, 2075, 2078; 89, 2411.
Maj. M. D. Adams, 1890-91. R., 90, 2855.
Capt. D. C. Kingman, 1891-95. R., 91, 2906; 92, 2564; 93, 3140; 94, 2464; 95, 3192.
Maj. W. S. Stanton, 1896-98. R., 96, 3139; 97, 3274; 98, 2801.
Capt. G. D. Fitch, 1899-1901. R., 99, 3133; 00, 4166.
Maj. T. W. Symons, 1901-03. R., 01, 3360; 02, 2325.
Maj. T. A. Bingham, 1903-04. R., 03, 2155.
1st Lt. P. S. Bond, 1904. R., 04, 3337.
Col. H. M. Adams, 1904-08. R., 05, 2395; 06, 1944; 07, 2119.
Lt. Col. W. L. Fisk, 1908-09. R., 08, 2194; 09, 2167.
Capt. W. L. Guthrie, 1910-11. R., 10, 2328; 11, 2531.
Col. J. G. Warren, 1912-. R., 12, 2740.

Assistants:

W. S. Malcolm, captain of U. S. dr. boat on Lake Ontario, 1857, S. D. 42, 35th, 1st, p. 142 et seq.
Capt. J. A. Smith, 1866, 66, iv, 170.

ESTIMATES. (See Projects.)

Est., 1838, masonry superstr., \$50,000, 74, 254.
By Maj. Bowen, dr., \$35,000; repairs, \$10,000; closing the entrance bet. e. p. and e. shore, \$30,000, 69, 41, 178.
By Maj. McFarland, dr., \$15,000; an. repairs, \$2,000, 79, 1730.

EXPENDITURES.

1857. Repairs to dr. and scows, \$164.44, S. D. 42, 35th, 1st, p. 140.

OPERATIONS.¹

1829-33. 640' of w. p., 80' e. p., 150' j., and a portion of the break'r constr., 74, 253.
1833-35. Ps. completed; 300' crib protection built; dr. in H., 74, 253.
1835-38. Dr., 74, 253, 254.
1844-45. Repairs; operations suspended, 66, 4; 74, 254.
1852-53. Repairs to e. chan. and H. ps.; condition of the work, S. D. 42, 35th, 1st, pp. 139, 145; 74, 254.
1856-57. 6,233 c. y. dr., S. D. 42, 35th, 1st, pp. 140, 144.

1866-67. 400' w. p. rebuilt; dr.; condition of work, 66, iii, 16; 67, 238.
1867-68. 440' w. p. rebuilt; wreck removed from chan., 68, 45, 248.
1868-69. 776' w. p. rebuilt; dr. in chan., 69, 40, 178.
1869-70. 6,209 c. y. dr.; 130' added to w. p.; condition of ps., 70, 53, 204, 205.
1870-71. 312' e. break'r rebuilt; repairs, 71, 50, 232.
1872-73. 24,391 c. y. dr.; 433' e. break'r rebuilt, 73, 47, 364.
1873-74. 16,808 c. y. dr.; 158' e. break'r rebuilt, 74, 54, 254.
1874-75. 44,977 c. y. dr.; 353' e. break'r rebuilt; condition of work, 75, 59, 337, 338.
1875-77. Repairs; sand-catcher constr., 76, 111, ii, 588; 77, 118, 980.
1877-78. 200' w. p. rebuilt; sand-catcher constr., 78, 133, 1275.
1879-80. 825 l. f. w. p. superstr. rebuilt, 80, 2209.
1880-81. 13,000 c. y. sand dr., 81, 2441.
1881-82. 29,000 c. y. sand dr.; 100 l. f. catch-sand fence built, 82, 2446, 2447.
1882-83. Foundations for cribs and constr. of same in progress; 1,245 c. y. dr., 83, 1945.
1883-84. 330 l. f. p. extension built; 1,991 c. y. dr., 84, 2140.
1884-85. 200 l. f. p. extension completed, 85, 2275.
1885-86. 200 l. f. p. superstr. completed; sand fences repaired, 86, 1890.
1886-87. 13,224 c. y. dr. and ps. extensively repaired, 87, 2377.
1887-88. Dr. by centrifugal pump; reconstr. of e. p. superstr. begun by hired labor, 88, 2076.
1888-89. E. break'r deck completed; repairs to scow, and to e. and w. ps., 89, 2412.
1889-90. Renewal of w. p. superstr. completed; 23,386 c. y. dr., 90, 2856.
1890-91. 500 l. f. of superstr. renewed on e. p.; repairs to outer end of w. p.; minor repairs to existing works, 91, 2907.
1891-92. 640 l. f. of e. break'r superstr. renewed; repairs to lighthouse crib on w. j.; 11,219 c. y. dr., 92, 2570.
1892-93. 94,071 c. y. dr., 93, 3144; and 800 trees planted on the beach w. of the js., 93, 3145.
1893-94. 16,379 c. y. dr., 94, 2462.
1894-95. 355 l. f. superstr. of w. break'r renewed and dr. plant repaired, 95, 3196.
1895-96. 45,783 c. y. dr., 96, 3143.
1896-97. 48,620 c. y. dr., 97, 3274.
1897-98. 1,000 c. y. dr. and repairs and alterations made to dr. plant., 98, 2802.
1898-99. E. and w. ps. repaired; nearly 5,000 c. y. dr., 99, 3133.
1899-00. 3,305 c. y. dr., repair of ps. completed, and dr. plant repaired, 00, 4166.
1900-01. 21,602 c. y. dr.; ps. repaired, 01, 3361.
1901-02. 19,505 c. y. dr.; ps. repaired, 02, 2325.
1902-03. 6,060 c. y. dr.; ps. repaired, 03, 2155-2156.
1903-04. 10,045 c. y. dr.; ps. repaired, 04, 3337-3338.
1904-05. 14,260 c. y. dr.; ps. repaired, 05, 2396.
1905-06. Repairs to ps. and e. break'r, 06, 1944.
1906-07. 7,380 c. y. dr., 07, 2119.
1907-08. Repairs to ps., 08, 2194.
1908-09. Repairs to ps., 09, 2167.
1909-10. Repairs to ps. and plant; 4,815 c. y. dr., 10, 2328-2329.
1910-11. Repairs to ps.; 6,885 c. y. dr., 11, 2531-2532.
1911-12. Repairs to ps.; 19,125 c. y. dr.; building of material scow begun, 12, 2740.

PHYSICAL CHARACTERISTICS.

Bar at entrance of B., as shown by sur. of 1828, 74, 258.
Shoaling as shown by surs. of 1844 and 1848, 74, 254.
Formation of bar and spit of sand, 66, iii, 16, iv, 170; 75, 338. Cause of formation of spit, 66, iv, 172.

¹ History of work, 74, 253; 76, ii, 588.

Character of bed of H., 73, 364.

The principal obstacle to the maintain. of chan. the sand borne into its outer end by the prevailing n.w. winds, 97, 3274.

Condition of works, and d. of water, 01, 3361; 06, 705, 1945; 11, 2532.

Shoaling; limiting d. 12' m. l. w., 12, 2740.

Nearly landlocked B., 27 m. w. of Oswego H.; 2½ m. l., ½ to 1½ m. w., with d. 18'-40', connected with Lake Ontario by lake, 1,800' l., bet. and beyond parallel ps., 12, 1180.

PLANS. (See Projects.)

For a masonry superstr., 1838, 74, 254.

By Maj. Bowen, renewal of all decayed superstr., finishing e. break'r, completion of shore end of w. p., and dr. chan. to 12', 70, 205.

By Maj. McFarland, dr. chan. to 12', and for an. repairs to eventually replace the superstr., 79, 1730. Correspondence relative to the imp., S. D. 42, 35th, 1st, pp. 142-147.

PRIVATE WORK.

Dr. in front of Northern Central Railway Co. coal trestle done; 700 c. y. removed by U. S. dr. *Frontenac*, cost paid by R.R. co., 12, 2740.

PROJECTS. (See Plans.)

By Capt. T. W. Maurice, 1828, 2 break'rs from the e. and w. shores, 1,400' and 2,200', respectively, approaching each other, leaving an opening of about 500'; and parallel ps. from the ends to define chan. nelway; est., \$71,931.26, 76, ii, 589. Results expected not realized, 74, 253. 1833, for dr. chan. 15' x 150' x 1,500'; est., \$20,000, 74, 253.

By Maj. J. D. Graham, 1857, repairs to existing ps. and for dr.; est., \$40,806, S. D. 42, 35th, 1st, pp. 139, 141, 176; \$53,151.80, 66, 4. Modified by Maj. Blunt to extend the w. p. and dr. chan. to 12'; est., \$80,000, in addition to Maj. Graham's est., 66, iv, 171, 173, 174; 67, 238.

After app. \$351,771.80, Maj. McFarland proposed, 1881, extension of the e. and w. ps. to 15' curve and d. chan. to 15' by dr.; est., \$100,000, 81, 2442; 87, 2376.

In 1889 Capt. Palfrey est. that for maintain. of existing works, dr. entire space bet. ps. to hard bottom, giving a chan. 15' x 200' e. l. w., would require over and above prior app., \$54,000, 89, 2413, 2414.

In 1891 Capt. Kingman est. \$58,000 for completion of proj., 91, 2908.

By Chief of Engineers, 1896, modification of proj. to project that when the 2 ps. had been extended to 539', d. of 15' was to be obtained and maintained by dr. without further extension of the ps.; funds then available to be applied to dr. 15' x 150' bet. the ps., flaring to 250' at the 15' curve; and for maintain. of ps. and the U. S. dr. plant, 97, 3274; 98, 2801, 2802.

By Capt. Fitch, 1899, redr. 15' x 150', e. l. w., flaring to 250' at the 15' curve; and for repairs to ps.; est., \$9,300. Remainder of app. of 1899 intended for maintain., 99, 3133.

By Col. Adams, 1907, rebuilding with concrete superstr. of about 584' of w. p. and 854' of e. p.; est., \$42,500, 07, 2119.

SURVEYS.

By Capt. Maurice, 1828, 74, 253; 1844 and 1848, 74, 254.

Ex. by Capt. Smith, 66, iv, 170. Results, 66, iv, 174.

By Maj. Wilson, 72, 256; 75, 338.

Soundings by Capt. Kingman, 1894, 94, 2468.

 1896-97. 21,080 c. y. dr., 97, 3276.
 1897-98. 28,384 c. y. dr. and minor repairs made to both ps., 98, 2804.
 1898-99. Over 8,000 c. y. dr.; e. and w. ps. repaired, 99, 3135.
 1899-00. Dr. plant repaired, 00, 4168.
 1900-01. 7,950 c. y. dr., 01, 3363.
 1901-02. 5,440 c. y. dr.; decking of both ps. repaired, 02, 2327.
 1902-03. 19,345 c. y. dr.; work on repair and extension of ps., 03, 2157.
 1903-04. Work on p. extension in progress, 04, 3339.
 1904-05. P. extension work in progress; repairs to ps. and break'r made; 4,210 c. y. dr. from e. side of chan., 05, 2397.
 1905-06. Extension of 300' e. p. completed; replacing of 635' superstr. completed; repairs made to old ps.; 18,335 c. y. sand dr., 06, 1947.
 1906-07. Minor repairs made to ps., 07, 2121.
 1907-08. 150' concrete superstr. placed on w. p. and 120' placed on e. p., 08, 2196.
 1908-09. 176' superstr. placed on w. p., 150' on e. p., and 60 l. f. old superstr. torn out on e. p., 09, 2168.
 1909-10. 21,780 c. y. dr.; 418 l. f. superstr. put in w. p. and 362 l. f. in e. p., 10, 2330.
 1910-11. 27,875 c. y. dr.; 540 l. f. superstr. placed in w. p., 11, 2533.
 1911-12. 150 l. f. concrete superstr. placed in e. p. and 150 l. f. in w. p.; 17,240 c. y. dr.; repairs to floating plant, 12, 2742.

PHYSICAL CHARACTERISTICS.

General description, S. D. 42, 35th, 1st, p. 148.
 Condition of the B. as shown by the sur. of 1828, 74, 256.
 D. of water, 66, iii, 16, iv, 175.
 Chan. requires more or less dr. an. because of sand movement, 00, 4168.
 Description of, 01, 595.
 Chan. d. 15', m. l. w., 07, 2121.
 High seas washed 16 face-wall blocks from e. and w. ps. into lake, 15 of which were recovered, 08, 2196.
 Nearly landlocked B., 13 m. w. of Oswego, 2 m. x $\frac{1}{4}$ m. x 18-50', connected with Lake Ontario by chan. 2,300' l., and beyond parallel ps., 12, 1130.

PLANS. (See Estimates and Projects.)

By Maj. Bowen, restoration of ps. and the rebuilding of the break'rs, 69, 41, 175.
 By Maj. McFarland, extension of ps. to 12' curve, 79, 1731.

PRIVATE (CORPORATE) WORK.

Organization of Ontario Bay Harbor Imp. Assn., 1857, to aid in the imp. of Little Sodus B., by joining its capital (about \$6,000) to the U. S. app., S. D. 42, 35th, 1st, pp. 148, 150, 152, 153.

PROJECTS. (See Estimates and Plans.)

By Capt. Maurice, 1829, to close one of 2 openings into the B. by a dike 130 y. long; also for the constr.

of 2 parallel ps., each 290 y. long; est., \$32,327.59, 74, 256.

By Maj. Graham, 1857, (1) completion of w. p.; (2) constr. of an e. p., with cribs 10' x 20' x 32'; (3) dr. chan. to 12'; est., \$52,002.18, S. D. 42, 35th, 1st, pp. 147, 148; 76, ii, 592.

By Maj. Blunt, extension of w. p. and connection with w. shore and dr. a chan. 12' x 400' (deeming an e. p. unnecessary); est., \$80,000, 66, iii, 16, iv, 170, 175.

By Maj. Bowen, constr. of an e. p. parallel to and 250' from the w. p., connected at its inner end with the e. shore by a break'r; est., \$62,100, 71, 234; 72, 257.

The proj., adopted in 1881, was an expansion of the earlier proj., and proposed to furnish a chan. of entrance not less than 15' by the closure of one side of the B. by a lateral p. of cribwork filled with st., in connection with 2 parallel ps. extending out into the lake, 79, 1731; 81, 2444; 87, 2379. Amount est. to complete proj., \$32,500, 86, 344, 1892; 87, 2381. Increased to \$46,600 in 1889, 89, 2417; and to \$58,500 in 1891, 91, 2911.

In 1896 the Chief of Engineers au. that the then available funds might be applied to redr. in main-ten. to 15' x 150' bet. the ps. and 170' through a hardpan shoal toward the outer ends and in advance of them, and to making necessary repairs to and maintain. of ps. and break'r, and to dr. plant, 98, 2804.

Act June 13, 1902, au. extension of e. p. 300', 02, 2328.

Act Mar. 3, 1905, au. rebuilding 600' e. p., 05, 2397.

Act Mar. 2, 1907, au. rebuilding 1,747' w. p. and 461' e. p. with concrete; est., \$70,000, 07, 2121.

At 1912, ps. 250' apart; w. p. 1,747' l. e. p. 1,810' l., projecting beyond shore 1,550' and 1,810', resp.; w. break'r 469' l., but entirely buried in sand and not maintained; e. break'r 1,680' l., 12, 1131.

SECRETARY OF WAR.

Circular from War Dept. stating conditions upon which operations may be carried on under direction of the officer in charge to the limit of funds provided by the State, by municipal, or private parties, S. D. 42, 35th, 1st, p. 151.

SURVEYS.

Included in sur. of Hs. on the s. shore of Lake Ontario, bet. the Genesee and Oswego Rs., made by Capt. Maurice, 1828, 74, 255, 256; 76, ii, 591.

By Maj. Turnbull, 1845, 74, 256.

Resur., 1852, 74, 256.

Soundings, 1866, 66, iv, 175.

By Lt. Greene, 1870, 70, 208.

By Maj. Wilson, 1872, 74, 257.

Minor sur., 95, 3202; 97, 3276; 99, 3135; 00, 4168.

Cong. docs., etc., relating to exs., sur., plans, etc., 12, 1132.

COMMERCE.

Importance as a H. of refuge, S. D. 42, 35th, 1st, 154; 66, iv, 169; 67, 237; 68, 46, 247; 69, 172; 70, 214, 218, 267; 71, 237, 238, 242; 72, 261, 266; 73, 372.

Oswego 7th in rank in the collection of U. S. customs, 70, 215.

2d in rank, 79, 1737.

Public right of free access to new H., 70, 221.

Discussion of expediency of increasing d. of H. so as to admit vessels of 14' draft, 67, 257.

In 1895 the extension of d. w. up the R. had increased the number of vessels visiting the H., 95, 3211; and Oswego considered the most important H. on Lake Ontario, its C. being greater than all the other American ports put together, 95, 3214.

In 1896 a BE. considered that for the safety of vessels entering the H., as well as for the convenience of vessels and the transaction of business in the inner H. during storms, the proj. for constr. an e. break'r was a worthy one, but the board did not believe that any increase in C. had taken place at the H. during the past few years; on the contrary, that a decrease had occurred, there having been a falling off of about one-half, approx., 97, 3281.

In 1897, 706,805 t.; entered and cleared, 98, 2807. Chiefly coal, 99, 3144.

Declining, 04, 3367.

Proj. reported to have material effect in controlling rates on bulk commodities, 07, 730.

Diagram showing relation bet. C. and app., 11, 2538.

1910, 758,196 t., 1911, 869,965 t., 12, 1134.

CONTRACTS.

1866. A. P. Grant, dr., material, and labor; J. W. P. Allen, towing scows; H. Gleason, hire of scows; Ontario Iron Works, materials; J. N. Collins & Co., materials, 66, iv, 177.

1867. Edwin Allen, dr., removing old crib and st., 67, 242.

1868. D. C. Gunn, materials, 68, 250.

1869. W. M. Platt, materials; Pratt & Co., materials, James Caldwell, materials, 69, 174.

1870. Post & Henderson, materials, 70, 211.

1871. T. Keeler, labor and materials; E. H. French (declined to accept), labor and materials; R. N. Gere, labor and materials, 71, 337, 240; Lever-

ich & Gardiner, timber; C. J. De Graw, timber; J. King, materials; J. Caldwell, materials, 72, 260.

1872. H. J. Mowry, p. constr., 73, 371, 377; 74, 267.

1881. J. H. Case, timber and st. filling, \$1.10 c. y., and dr. 75¢ c. y. F. B. Gay, iron. G. Kellogg, removal of r., \$7 c. y., and other material, 70¢ c. y., resp. G. Kellogg, timber and st. filling, \$1.35 c. y., and dr., \$1.25 c. y.. F. Wilson, iron, 81, 2451.

1882. F. Wilson, iron, 83, 1948.

1883. F. Lee, dr., 30¢ c. y., 84, 2143.

1884. Post & Henderson, timber, 84, 2146.

1893. Hington, Rogers & O'Brien, 3,000 c. y. r. excavation, \$2.75 c. y., p. m., 93, 3160.

1909. Adams & Duford Co., riprap st., 70¢ t., 09, 2171. John J. Sullivan, 15,000 net t. riprap st. (contract annulled subsequently for nonfulfillment), 10, 2332-2333.

1910. A. W. Adams, 10,809.21 net t. riprap st., 70¢ t.; A. R. Hinckley, to transport st. from quarry, at 35¢ t., 11, 2535. Picton Island Red Granite Co., 75,000 t. riprap st., 65¢ t., 11, 2537.

DEFENSE.

Ft. Ontario, situated on e. side of H., completely commands entrance, S. D. 42, 35th, 1st, p. 154, 70, 210. Break'r wanted to form a H. for U. S. Navy in time of war, 76, ii, 599.

DOCUMENTS. (Not published in reports.)

H. D. 20, 41st, 2d, 70, 209; H. D. 263, 41st, 2d, 70, 209.

ENCROACHMENTS.

Constr. of coal trestle by Delaware, Lackawanna & Western R.R. Co. in H. formed by w. break'r, 83, 1949.

ENGINEERS.

Chief of Engineers. R., 66, 2, 4, 55, ii, 40, 41, iii, 17, 29, iv, 171; 67, 33, 252; 68, 46; 69, 41; 70, 54, 291; 71, 51, 242, 246, 247; 72, 47, 269; 73, 48; 74, 55; 75, 59; 76, 111; 77, 118; 78, 133; 79, 176; 80, 232; 81, 319; 82, 313; 83, 321; 84, 325; 85, 350; 86, 345; 87, 310; 88, 284; 89, 335; 90, 304; 91, 382; 92, 360; 93, 412; 94, 386; 95, 421; 96, 379; 97, 476; 98, 456; 99, 546; 00, 615; 01, 595; 02, 517; 03, 570; 04, 625, 631; 05, 633; 06, 707; 07, 729; 08, 775; 09, 811; 10, 895; 11, 948; 12, 1132.

Boards:

Board recom., 1853, enlargement of H. by 2 detached break'rs, 700' in advance and parallel to the orig. work, and 400' apart, and afterwards to be connected with the shore, 74, 263. (Lt. Col. Kearney and Majs. Long, Bache, and Turnbull.)

Board considered, 1870, that the existing H. works were insufficient for the accom. and protection of C., and that wharf room could only be obtained by a new outer H. and recom. Maj. Bowen's proj., 70, 54, 219-222. (Lt. Col. Woodruff and Majs. McFarland and Bowen.)

Board recom., 1871, that the work be commenced on e. sec. and extended w. to shore, 71, 245. (Lt. Col. Woodruff, Maj. Wilson, and Capt. Harwood. Maj. Wilson dissenting, submits minority R., 71, 248.)

Board reconvened, 1871, to consider the expediency of beginning work on the proposed p. at the w. end. Board recom. that request of the town of Oswego (viz. that the work be commenced at the w. end) be acceded to, although still adhering to their

opinions as to the advantage of beginning at the e. end, 71, 242. **R.**, 71, 243-246. (Lt. Col. Woodruff, Maj. Wilson, and Capt. Harwood.)

Convened, New York, Feb. 15, 1887, to report upon removal of e. break'r in Oswego H. **R.**, 87, 2390. (Cols. Casey and Abbot and Lt. Col. Houston.)

BERH., June 6, 1903, reviewed **R.** of Maj. Symons on pre. ex. (see Surveys), 04, 3369. Review of **R.** of Maj. Bingham on est. of cost, Sept. 14, 1903, 04, 3371.

In charges:

Capt. Wm. Smith, 1827; **76**, ii, 596.
Capt. T. W. Maurice, 1829; **74**, 261.

ESTIMATES. (See Projects.)

1829. Capt. Maurice, break'r and pierhead, \$12,720, **74**, 261.

1833. Col. J. G. Totten, paving break'r and pierhead, \$43,000, **74**, 262.

1833. Col. J. G. Totten, masonry superstr. for p., \$56,802, **74**, 262.

1836. Lt. Smead, completing break'r and superstr., \$111,942, **74**, 262; **76**, ii, 597.

1857. Maj. Graham, for repairs of break'r, \$46,391, S. D. 42, 35th, 1st, pp. 154-156.

1861. Maj. Graham, an outer break'r, \$463,765, **76**, ii, 599.

1861. W. S. Malcolm, repairs of U. S. dr., \$545, S. D. 42, 35th, 1st.

1866. Maj. Blunt, for an. repairs, \$10,000 to \$12,000, **66**, iv, 173; **67**, 34, 237.

1866. Maj. Blunt, dr. to 12', \$100,000 to \$120,000, **66**, iv, 173.

1867. Maj. Blunt, d. H. to 15', \$25,000, **67**, 252, 257.

1867. Maj. Blunt, extension of lighthouse p., \$50,000, **67**, 237; **68**, 46, 246.

1869. Maj. Bowen, new H. break'r, \$2,500,000, **69**, 172.

1870. Maj. Bowen, new H. break'r, \$1,650,000, **70**, 219.

1870. B.E., new H. break'r, per l. f., \$232.89, **70**, 221.

1870. Maj. Bowen, new H. break'r, per l. f., \$275, **74**, 264.

Statements of est., 1827 to 1874; **74**, 261-264.

EXPENDITURES.

Repairs, \$14,588.17, **66**, ii, 40.

Repairs, \$17,420.96, **66**, ii, 40.

Repairs and dr., \$35,705; **67**, 237.

Repairs, **79**, 1736.

LEGAL PROCEEDINGS.

Title to land of isld. bet. Schuyler and Van Buren Sts. ready for transfer to U. S., **99**, 3139; **00**, 4171.

LEGISLATION.

Of New York, 1861, ceding jurisdiction to the U. S. of land on which masonry p. and storehouses stand, **76**, ii, 599.

OPERATIONS.

1827. Break'r commenced, **74**, 261.

1829. Break'r completed, **74**, 261.

1830. St. break'r commenced, **74**, 261.

1831. St. break'r continued and counterforts built, **74**, 261.

1833. St. break'r raised as high as top of p., **74**, 261.

1835. 1,115 t. of limest. pavement added to break'r, **74**, 262.

1836. 600' of break'r finished, **74**, 262.

1837. Work in progress, **74**, 262.

1838. Superstr. completed, break'r and p. repaired, **74**, 262.

1844. Both pierheads rebuilt from water line; face of ps. repaired, **74**, 263.

1845. 155' of superstr. on w. p. built, **94**, 263.

1853-55. Repairs continued, **74**, 263.

1855. Breach fully repaired; 420' of w. p. to be rebuilt, **74**, 263.

1857. Repairs as far as funds would permit, S. D. 42, 35th, 1st, p. 153.

1858. Repairs continued, **74**, 263.

1860-63. 800' of p. rebuilt and cribwork protection thrown around the angle, **74**, 263.

1864. Repairs continued; 30 new cribs put in and ballasted; 500' of p. planked, and 150' raised and leveled, **66**, 55.

1865. 3 new cribs put in section of old works; 649' of plank placed on outer face; 70' of p. raised and leveled; 800' of new cribwork, **66**, ii, 40.

1866. Repairs and dr. in progress; chan. and H. partially available for vessels, **67**, 33, 236; **74**, 263.

1867-68. Repairs and dr. in progress; greater part of H. will have 12' d., **68**, 246; **74**, 264.

1868-69. Repairs and dr. continued; work on extension of p. commenced, **69**, 41, 171; **74**, 264.

1869-70. 437' of cribwork completed and leveled up for superstr., excepting 60' at end; repairs of old break'r, **70**, 54, 208, 209.

1870-71. One crib completed; old break'r repaired; lighthouse p. finished, **71**, 51, 237.

¹ Statements of material used, **72**, 261; **73**, 372; **74**, 265, 266; **75**, 345-347; **76**, ii, 594, 595. Average cost for the first 600' of p. for a d. of 19', \$701 f., next 1,705' of p. for a d. of 20' to 28', \$159 l. f., **74**, 265; **75**, 346; **78**, 1279. Cost per l. f., 1874, 21' to 22' in d., \$105, **74**, 265; **75**, 346; **78**, 1279. U. S. dr. sold, 1861, for want of funds to work it, **76**, ii, 599.

1871-72. 1,050' of cribwork and 640' of superstr. completed; old p. repaired; short break'r placed in angle, **72**, 47, 259-261.

1872-73. 750' cribwork and 570' superstr.; old p. fully repaired, **73**, 43, 371, 372.

1873-74. 400' of cribwork and 1,125' of superstr. completed; counterforts built; old p. repaired; sur. made, **74**, 55, 264-266.

1874-75. 1,025' of cribwork and 494' of superstr. completed; counterforts built; 300' addl. superstr. partially finished, **75**, 59, 345-347.

1875-76. 445' of cribwork and 470' of superstr. completed; also 300' of superstr. partly finished; repairs of old and new ps.; counter forts built, **76**, 111, ii, 594, 595.

1876-77. 210' of superstr. built; repairs of old and new ps.; counterforts built, **77**, 118, 982.

1877-78. 423' of superstr. completed; repairs of old and new ps.; counterforts built, **78**, 133, 1277, 1278.

1878-79. 430' of cribwork and 250' of superstr.; new and old break'r repaired, **79**, 176, 1732-1737.

1879-80. 747 l. f. cribwork sunk in extension of new break'r and 677 l. f. of same covered with superstr.; minor repairs made to new break'r, se. portion of old break'r heavily ripped; 400 l. f. of n. half rebuilt from foundation up, and 220' more repaired; also repairs to derricks and working plant, **80**, 2212, 2216.

1880-81. 463 l. f. of cribwork added to e. break'r, **81**, 2447.

1881-82. 441 l. f. cribwork added to w. break'r, completing the same; 7 cribs sunk in extension of the e. break'r; chan. d. by dr. to 15' on w. side of R., **82**, 2450.

1882-83. Extensive repairs to break'r, U. S. wharf, and Engineer property; 5,000 c. y. dr. from inner H., **83**, 1948.

1883-84. 32,194 c. y. dr. from inner H.; repairs to break'r and breaches therein, **84**, 2144.

1884-85. 1,929 c. y. dr. from inner H.; w. break'r spur built; breach in break'r arrested by constr. of bulkheads on either side of the injured portion, **85**, 2278, 2280.

1885-86. 2 partial breaches in break'r repaired; buttress built against parapet in H. face, **86**, 1892.

1886-87. Lake face of w. break'r parapet strengthened; superstr. on shore arm repaired; repairs to lake arm and e. break'r, **87**, 2383.

1887-88. 846 l. f. of shore-arm superstr. renewed; breaches in break'r closed and minor repairs to ps. and break'r, **88**, 2084.

1888-89. Minor repairs to outer w. break'r; repair and extension of lighthouse p., **89**, 2419.

1889-90. Spur crib built and placed on lake front of outer break'r; 277 c. y. riprap placed; repairs to breaches, decking, and lake arm of outer break'r; work done by hired labor, **90**, 2864, 2866.

1890-91. 1,300 l. f. of outer break'r superstr. rebuilt; repairs to wharf and outer break'r, **91**, 2914.

1891-92. 170 l. f. of outer break'r superstr. rebuilt; 26,845 c. y. dr.; repairs to outer break'r, **92**, 2581.

1892-93. Minor repairs made to ps. and break'r, **93**, 3159. Superstr. on the lighthouse p. extension renewed, **93**, 3159, 3160. H. lines estab., About 2,500 c. y. r. excavated, **93**, 3160.

1893-94. About 1,000 c. y. r. excavated, 2,806 c. y. dr., and break'r repaired, **94**, 2482, 2483.

1894-95. 3,351 c. y. r. excavated, and repairs made to outer break'r, **95**, 3211, 3212.

1895-96. Break'r repaired, **96**, 3156, 3157.

1896-97. Dr. in progress, face of the break'r cleared and superstr. of the s. part rebuilt, and outer break'r repaired, **97**, 3278, 3279. Some loose st. removed from the chan. and r. excavation in progress, **97**, 3279.

1897-98. 976 c. y. r. excavated; 14,320 c. y. dr.; outer break'r repaired; 35' of inner break'r rebuilt, and minor repairs made, **98**, 2806.

1898-99. About 8,000 c. y. dr.; 3,602 c. y. r. excavated; outer break'r repaired, and p. repairs in progress, **99**, 3138.

1899-00. W. spur crib cut down to extreme l. l.; narrowing of opening in outer break'r in progress; preparations made for removal of isld. in H.; plant repaired, **00**, 4170, 4171.

1900-01. Reduction of breach and general repairs to outer break'r, and removal of portion of upper isld. in progress, **01**, 3366-67.

1901-02. Removal of upper portion of isld. completed; 5,196 c. y. gravel and boulders removed; repairs to break'r and floating plant, **02** 2330.

1902-03. Repairs to break'rs; 21,445 c. y. dr. in outer H. by U. S. plant; 87 c. y. bowlders and loose st. removed near head of upper isld., **03**, 2160.

1903-04. Repairs to break'rs and lighthouse p.; 7,285 c. y. dr., **04**, 3342-43.

1904-05. Repairs to break'rs; 5 shoals removed by U. S. dr.; 2,500 c. y. r. removed under contract, **05**, 2400.

1905-06. Repairs to break'rs; new storehouse built, **06**, 1948-49.

1906-07. Repairs to break'r; dr. repaired and scows built, **07**, 2123.

1907-08. Temporary repairs to break'r under plan B.; 5,154.9 t. rubblest. and 356 t. capping st. placed under plan A, **08**, 2199.

1908-09. Repairs to break'r, under plan A, 5,585 t. rubblest., 5,127 t. capping st., and 14,092 t. riprap placed; concrete blocks built and placed; timber work repaired, **09**, 2171.

1909-10. 38,471.9 c. y. riprap placed; 86 c. y. concrete placed; floating plant repaired and new scows built, **10**, 2332-33.

1910-11. 25,130 t. riprap placed; plant repaired, marine ry. built, st. crusher purchased and installed; repairs to inner break'r and p., **11**, 2535-37.

1911-12. 35,561.16 t. riprap placed on outer break'r; crib built for narrowing breach; redr. outer H.; plant repaired; new dr. under constr.; inner break'r repaired, **12**, 2744-45.

PHYSICAL CHARACTERISTICS.

Force of storms, S. D. 42, 35th, 1st, p. 154, **66**, 56; iii, 17; iv, 169; **72**, 267; **73**, 371; **74**, 265; **76**, ii, 595; **79**, 1735.

Advance of shore line, **68**, 246; **70**, 54, 209, 210, 214, 217, 218; **72**, 260, 266; **74**, 261; **75**, 345; **76**, ii, 595.

Water curve of Lake Ontario, **73**, 372, 373. Great changes in d., **74**, 262.

Local prevailing winds from w. to nw., **72**, 267. Measurements of height, velocity, and force of waves, **85**, 2279.

Description of, **95**, 3214; **96**, 3150; **97**, 3282.

The H. a most difficult one to make in certain winds, and a great many wrecks have occurred about the entrance, **95**, 3214.

Inadequacy of break'r to resist wave action during storms, **04**, 3364-3366.

Damage by storms, **07**, 2213; **08**, 2198.

H. e. of Charlotte H., comprises lower part of Oswego R., **12**, 1132.

PLANS.

By B.E., 1853. (See Board of Engineers.) For extending lighthouse p. n. into the lake 400' to 500'; not recom. by Maj. Blunt, **67**, 237.

PRIVATE (CITY AND STATE) WORK.

City voted \$10,000 for dr. H., S. D. 42, 35th, 1st, p. 166.

1846-55. Repairs of ps. and dr. by city of Oswego, **74**, 263.

Description of, **95**, 3211; **97**, 3279. Dr. done by N. Y., **97**, 3279.

PROJECTS. (See Estimates.)

Early proj. since 1827, **74**, 261, 262. By J. W. Judson, 1838, removing shoal in chan.; recom. that the constr. of the break'r be discontinued and the st. applied to the superstr. of p., **74**, 262; **76**, ii, 596.

By Maj. Graham, 1857, repairs and preservation of H., extension of wooden p. 600', repair of w. p. and dr.; est., \$46,391; S. D. 42, 35th, 1st, p. 154. Repairs required an.; amount an. for mainten., \$10,000 to \$12,000, **66**, 55, ii, 40, iv, 169, 173; **67**, 34, 237, 263; **68**, 46.

For repairs to preserve lighthouse and dr., 1866, to give at least 12' d.; est., \$100,000 to \$120,000, **66**,

56, iv, 169. For a small experimental j. to detain moving material, 66, iv, 169.

By Maj. Blunt, 1867, extension of lighthouse p. n.; est., \$50,000, 68, 46, 247, 254; 69, 41, 171.

By Maj. Bowen, 1869, repairs of old break'r, completion of new p. and commencement of work on new outer H., by a break'r of cribwork (cribs of same model as old ones) 6,000' l., giving 100 acres of anchorage bet. break'r and 12' curve; est., \$2,500,000, 69, 172; 70, 209, 210. Est. revised to \$1,650,000, 70, 219. Recom. by BE., 70, 54, 220.

By Maj. Bowen, 1870, break'r 5,800' l. on the line generally to and about 1,100' in advance of the present w. p., leaving an entrance of 700' bet. the e. end of the new work and lighthouse p. now building. Approv. by BE.; est., \$1,650,000, 70, 54, 220, 221; 74, 264; 76, ii, 600.

By Maj. Wilson, 1872, constr. a H. on the e. side of the Oswego R.; small H. room on e. side of R.; various considerations involved, 72, 265-269.

By Maj. McFarland, 1878, constr. of e. break'r, 79, 177, 1734, 1735; 86, 345.

The BE. of 1887 recom. removal of the part of the break'r already built, 87, 2391.

In 1889 Capt. Palfrey est. \$192,000 as required for parapet superstr. and general repairs to existing works, 89, 2421.

By Capt. Kingman, 1893, imp. the inner H. by the removal of r. to afford d. of 15', extreme l. w. for several hundred f. up the R., 93, 3152; and in 1894 for the removal of about 3,000 c. y. r. from the inner H., 95, 3211.

In 1895 Capt. Kingman est. \$197,000 to imp. the H. (95, 3216) by building an e. break'r 1,435' l., 96, 3156; the plan of imp. adopted.

By Chief of Engineers, 1896, reducing the breach in the outer break'r from about 100' to about 75' in w., at a cost of \$17,000; to reduce the exposure of the wharves opposite and yet permit circulation bet. the lake and H. essential to prevent stagnation of water in the latter with attendant ill effects, 96, 3156.

By Congress for w. and d. the inner H. by r. excavation, 96, 3156; 97, 3280. (Not definite, but the Chief of Engineers au. excavation of about 4,000 c. y., 97, 3280.)

The proj., 1899, was (1) for e. break'r, 1,435' l.; est., \$197,000; (2) the narrowing of the breach of 1884 in outer break'r from 175' to 75'; est., \$18,500; (3) removal of r. from the R. beyond the limits fixed, 1897, and also for such dr. as might be necessary to

increase the H. capacity; and (4) removal of part of an isld. bet. Schuyler and Van Buren Sts. to 15' d., and also the excavation of r. and dr. bet. the isld. and the w. bank; est., \$12,000, 99, 3138.

By Capt. Fitch, 1899, repairing outer break'r; est., \$3,500; cutting down w. crib (spur) to extreme l. w., 99, 3139; also partial removal of isld. near Schuyler St. (est., \$8,000) and partial closing of breach of 1884 (est., \$10,000), the balance of the app. of 1899 to be held for contingencies and repairs of outer break'r, 99, 3139.

Description and history of outer break'r, and condition at 1899 (drawings), 99, 3140, 3141.

In 1899 Capt. Fitch est. cost, by 4 methods, from \$676,300 to \$887,700, to place outer break'r in a stable condition (drawings), 99, 3143.

Proj. outlined by Lt. Bond, 1904, for extension of d. w. area farther upstream, 04, 3344.

Act Mar. 3, 1905, makes app. for continuing repairs to break'r under existing method printed as plan B (see Surveys), 04, 3368; 05, 634, 2401.

Act Mar. 2, 1907, au. further repairs under plan A, which contemplates a st. superstr. and sea slope, at est. cost of \$900,000 (see Surveys), 04, 3368; 07, 730, 2123.

Modification of plan, 1910, provides for concrete superstr. and riprap sea slope, 10, 896.

SURVEYS.

By Capt. Canfield, 1839, 74, 262.

Of H. by R. J. Dickson, 1861, 70, 213; 74, 264.

Resur. and soundings, 1866, 66, iii, 17, iv, 173.

Sur. made through the ice, 1873, 74, 262.

Minor sur., etc., 95, 3213; 00, 4171.

Pre. ex. and sur. au. act June 13, 1902, with view to ascertaining cost of necessary repairs to outer break'r. R. on pre. ex. by Maj. Symons, Feb. 3 and Apr. 9, 1903, and supple. R. by Maj. Bingham, with detailed est. of cost, Aug. 31, 1903. Plan A for imp. at est. cost of \$900,000 presented; also alternative plan B for repairs under existing method, at est. cost of from \$60,000 to \$100,000 (H. D. 55, 58th, 2d), 04, 631, 3363-3378.

RR-49(b)

OSWEGO CANAL, N. Y.

COMMERCE.

In 1896 canal navigated by boats wider than the boats for whose passage provision was contemplated by Congress, and Maj. Stanton believed that, therefore, no alteration would have to be made to permit the passage of torpedo boats, etc., 97, 3325.

ENGINEERS.

Chief of Engineers. R., 97, 483.

In charge. Maj. W. S. Stanton, 1896-97. R., 97, 3324.

PHYSICAL CHARACTERISTICS.

Description of. Oswego Canal joins the Erie Canal at Syracuse and connects it with Lake Ontario through the mouth of the Oswego R. at Oswego, N. Y., 97, 3324.

SURVEYS.

In 1896 the Chief of Engineers ordered that a report be made as to the practicability and cost of a proj. contained in House bill, 54th, 1st, for w. the locks of the Oswego Canal to permit the passage of modern torpedo boats and war vessels of similar size. R. by Maj. Stanton, 1896 (see Commerce), 97, 3324.

RR-50(a)

MEXICO BAY. N. Y.

COMMERCE.

In 1892 Capt. Kingman thought value of a H. of refuge at this place was measured by value of the entire C. on Lake Ontario, but the D.E. and the Chief of Engineers did not consider the work a worthy one for the U. S. to undertake, 93, 3169, 3173, 3174.

ENGINEERS.

Chief of Engineers. R., 93, 3169.

In charge. Capt. D. C. Kingman, 1893. R., 93, 3169.

PHYSICAL CHARACTERISTICS.

Description of: B. comprises that part of Lake Ontario lying e. of a straight line joining Stony Pt. with Ninemile Pt. e. of Oswego, 93, 3169.

SURVEYS.

Ex. for H. of refuge au. act July 13, 1892; made by Capt. Kingman, 1892 (see Commerce), 93, 3169.

RR-50(b)

SANDY CREEK (Big), N. Y.

APPROPRIATION.

1828 (sur.), \$300, act May 23.

COMMERCE.

Benefits as a H. of refuge, 76, ii, 604, 605.
Local C. interests, 76, ii, 604.

ENGINEERS.

Chief of Engineers. R., 76, 112.

In charge:

Capt. T. W. Maurice, 1828; 76, ii, 603.
Maj. J. M. Wilson, 1876. R., 76, ii, 603.

Assistant. W. P. Judson. R., 76, ii, 606.

PHYSICAL CHARACTERISTICS.

General, of Big Sandy Creek, 76, ii, 604-606.

Velocity of current, 76, ii, 605.

Dangers of Mexico B., 76, ii, 604.

PLAN.

By Maj. Wilson, H. of refuge; 2 parallel crib ps. 150' apart, and each 1,800' l., 500 l. f. pile revet., and 80 l. f. pile protection; est., \$182,600, 76, ii, 605, 606.

SURVEYS.

For H. at the mouth of the creek. (Treas. D. 373, 1882.)

Sur.—R., Jan. 22, 1829; est., \$36,465.30. (H. D. 482, 55th, 2d.)

By Capt. Maurice, 1828, 76, ii, 603.

Under direction of Maj. Wilson, by W. P. Judson, 1875. R., 76, ii, 606.

RR-51 PORT ONTARIO HARBOR (Salmon River),¹ N. Y.

APPROPRIATIONS.

1836, \$5,000, act July 4.
1837, 10,000, act Mar. 3.
1838, 30,000, act July 7.
1844, 5,000, act June 11.

Total, 50,000

COMMERCE.

Heavy expend. not warranted by the wants of C. and navigation, 68, 47.

Importance of the imp. as a H. of refuge, 68, 292; 71, 251.

ENGINEERS.

Chief of Engineers. R., 68, 47; 70, 32, 55; 71, 52; 85, 352; 89, 337.

In charge:

Lt. R. C. Smead, U. S. Army, 1836; 68, 290, 292.
Lt. Col. C. E. Blunt, 1868. R., 68, 289.
Maj. N. Bowen, 1870. R., 70, 211.
Maj. J. M. Wilson, 1871. R., 71, 251.
Lt. Col. H. M. Robert, 85, 2291.
Capt. C. H. Palfrey, 1888-89. R., 89, 2427.

Assistant. Lt. B. D. Greene. R., 71, 252.

OPERATIONS.

Former operations referred to, 68, 290. Condition of old ps., 71, 252.

PHYSICAL CHARACTERISTICS.

General, of Salmon R., 68, 290; 71, 252.

Action of drifting sands, 68, 290.

Character of R. bed, 71, 253.

Description of. Enters Mexico B., Lake Ontario, about 20 m. e. of Oswego. Port Ontario and Selkirk are situated on this R. 89, 2428.

PLANS.

By Lt. Col. Blunt, closing chan. with dike; cutting new chan. through sandspit to 12'; protection of sides of cut with cribwork; extension of 2 ps. into lake, 200' apart; dr. chan. of R., and also middle of Selkirk Pond to 10', so increasing H. and anchorage room; est., \$209,000, 68, 290, 291; 71, 52.

By Lt. Greene, to omit dr. Selkirk Pond, reducing est. to \$113,000, 71, 252, 253.

SURVEYS.

Sur.—Rs.: Nov. 30, 1829, est., \$17,060.95; Sept. 20, 1836, est., \$72,081.13. (H. D. 482, 55th, 2d.)

Ex. by Lt. Col. Blunt, 1868, 68, 47. R., 68, 289.
By Lt. Greene, 1870, 71, 52. R., 71, 252.

History of previous surs., 85, 2291.

Ex. au. act July 5, 1884; made by Lt. Col. Robert (R. unfav.), 85, 2291.

Ex. for H. of refuge au. act Aug. 11, 1888; made, 1889, by Capt. Palfrey (R. unfav.), 89, 2427.

Maps. 89, 2428.

¹ This R. enters Mexico B., Lake Ontario, about 20 m. e. of Oswego. There is another Salmon R. in the State, which empties into St. Lawrence R.

Col. J. G. Warren, 1912-. **12, 2747.**

Assistant. J. C. Churchill, jr. **R., 97, 3289.**

OPERATIONS.

1899-00. About 5,000 c. y. dr. for break'r crib foundations; over 1,400 y. st. laid in excavation, **00, 4173.**

1900-01. Under contract, foundation trench was filled with st., 4 R. arm cribs each 90' l., and a shore-arm crib 50' l. built; work completed, **01, 3371.**

1901-02. Oak fender placed on outer face of break'r and cast-iron mooring cleat placed on parapet, **02, 2332.**

1902-03. Excavation of trench for 300 l. f. bulkhead extension completed; placing of st. begun, **03**, 2162.

1903-04. Placing of foundation st. completed, 4,892 c. y. being placed; 3 cribs 100' l. completed; repairs made to cribs damaged by vessels, **04**, 3349.

1904-05. 300 l. f. extension completed except repairing of damage to crib fender, **05**, 2402.

1905-06. Crib fenders repaired; 2 100' cribs sunk and filled under new contract, and placing of concrete superstr. in progress, **06**, 1950.

1906-07. 200' of break'r extension completed, **07**, 2125.

1907-08. Minor repairs to fenders, at cost of \$21.77, **08**, 2202.

1910-11. 1,523 c. y. mud, clay, and sand removed in excavating a trench for foundation of proposed break'r extension; 897.36 t. st. placed in foundation trench, **11**, 2539.

1911-12. 2,606 t. st. placed in foundation of break'r; constr. of first crib 110' l. begun, **12**, 2747. Proj. about three-fourths completed, **12**, 1135.

PHYSICAL CHARACTERISTICS.

Description of, **89**, 2432; **97**, 3286, 3287; **01**, 3370. Cape Vincent, on St. Lawrence R., 2½ m. below its head at the foot of Lake Ontario; chan. in that

distance nearly three-fourths to 1¼ m. w., straight and clear, **97**, 3287; dangerous to navigate at night, **97**, 3288.

PROJECTS.

By Capt. Palfrey, 1889, break'r 1,600' parallel to and 600' from the front of the R.R. dock; est., \$320,000, **96**, 3162.

By Maj. Stanton, 1897, for a timber crib break'r 1,500' l., incl. 100' return at the upper end; cribs to be 22' x 27' x 100', each to be ballasted with about 2,500 t. of st. (drawings); est., \$200,000, **97**, 3287; **99**, 3145.

By Capt. Fitch, 1899, for application of available funds to constr. of about 350' of break'r, **99**, 3145.

SURVEYS.

Ex. for break'r, au. act Aug. 11, 1888; made, 1889, by Capt. Palfrey (Chief of Engineers' R. unfav.), **89**, 2432.

COMMERCE.

Important, **67**, 236; **68**, 258, 259, 261, 263, 264, 265, 267, 268.

Detailed description of, **97**, 3233.

In 1898 it amounted to 645,201 t., chiefly coal, grain, and lumber, **99**, 3150; in 1899 to 670,383 t., **00**, 4178.

Rates on bulk shipments controlled, **06**, 711; **10**, 899; **12**, 1136.

Tonnage, 1911, less than in 1910 by 204,630 t.; t., 1911, 799,587; **12**, 1136, 2750.

CONTRACTS.

1867. Albert A. Dodge,² dr., 17¢ c. y., **67**, 242; **68**, 245.

1868. Cornelius Daly, dr., \$1.45 and 20¢ c. y., **69**, 170; **70**, 212.

1871. Cornelius Daly, dr., 19¢ c. y., **71**, 249; Cornelius Daly, dr., 15¢ c. y.; Cornelius Daly, removing boulder, at \$125; William S. Malcom,³ dr., 15¢ c. y., **72**, 264.

1872. Cornelius Daly, dr., \$1.25 and 37½¢ c. y., **73**, 381, 382.

1873. Cornelius Daly, dr., 39¢ and 37¢ c. y., **73**, 383.

1874. Cornelius Daly, dr., 24¢ c. y., **75**, 347.

1875. Edwin H. French, dr., 17¢ c. y., **75**, 348; **76**, ii, 601.

1882. F. Lee, dr., 22¢ c. y., **83**, 1955.

1892. W. J. Daly, dr., 44.9¢ c. y. (\$32,328), **93**, 3191.

1894. W. J. Daly, 10¢ and 35¢ c. y. (\$17,750), **95**, 3231.

1897. W. J. Daly, 13¢ and 40¢ c. y., **97**, 3294.

1899. W. J. Daly, dr., hardpan 35¢ other material 11¢ c. y. (\$9,887.50), **00**, 4178.

1902. Daly & Hannan Dredging Co., dr. hardpan and boulders 39½¢ c. y., and sand 18¢ c. y., **03**, 2167.

1905. Daly & Hannan Dredging Co., dr., 25¢ c. y., **05**, 2406.

1907. Central Dredging Co., dr. 310,000 c. y., 16.4¢ c. y., **08**, 2203; **09**, 2175.

1911. Duluth Marine Contracting Co., dr., 13¢ c. y., **12**, 2749.

ENCROACHMENTS.

Deposit of sawmill refuse in Oswegatchie R. by mill owners, **85**, 2294.

ENGINEERS.

Chief of Engineers. R., **66**, ii, 41, iii, 18, 29, iv, 178, 179; **67**, 34; **68**, 46; **69**, 41; **70**, 55; **71**, 52; **72**, 47; **73**, 48; **74**, 55; **75**, 60; **76**, 111; **77**, 119; **78**, 134; **79**, 177; **80**, 233; **81**, 319; **82**, 313; **83**, 323; **84**, 327; **85**, 353; **86**, 346; **87**, 312; **88**, 285; **89**, 338; **90**, 305; **91**, 383; **92**, 362; **93**, 415; **94**, 389; **95**, 425; **96**, 382; **97**, 479; **98**, 468; **99**, 548; **00**, 618; **01**, 598; **02**, 519; **03**, 573; **04**, 629; **05**, 636; **06**, 710; **07**, 732; **08**, 777; **09**, 814; **10**, 898; **11**, 951; **12**, 1135.

Boards:

Convened June 18, 1867, to consider plans for imp. The board consider that for the present the imp. should be confined to dr. selected chans. and removing therefrom all boulders, etc. **R.**, **67**, 248. (Col. Hartman Bache, Lt. Cols. Thom and Blunt.)

Convened May 15, 1868, to devise a plan of imp.; members not all present, **68**, 255. Reconvened May 16, 1868. Resolve that Lt. Col. Blunt be requested to make a new sur., etc., **68**, 256. Reconvened May 18, 1868. Submit a pre. report upon the operations considered immediately necessary, recom.: (1) Dr. at the wharves of the Northern R.R. and Northern Transportation Co. to 12' at the lowest stage of water; also dr. the bar about 400 y. n. of the lighthouse, to obtain chan. 12' x 300' at lowest stage of water; (2) dr. the chan. of the Oswegatchie R. below the br., bet. the wharf lines, to 12' l. w., **68**, 257. The board are of the opinion that the dr. at the wharves should be done by the owners, **68**, 257.

Reconvened June 24, 1868; recom., in addition to pre. **R.** of May 18, 1868: (1) The excavation of a chan. 12' x 50' from the mouth of the Oswegatchie to the St. Lawrence; (2) constr., if it proved necessary, of 2 ps., **68**, 270. **R.**, **68**, 255, 256, 258, 270. (Lt. Cols. Newton and Blunt, Maj. Houston, and Capt. Holgate.)

In charge:

Capt. C. B. Reese, 1866-67, **66**, ii, 41, iii, 17; **67**, 233. **R.**, **66**, iv, 180, 181.

Lt. C. J. Allen, temporarily in charge, 1866, **66**, iv, 178.

Lt. Col. C. E. Blunt, 1867-69, **67**, 32, 233; **69**, 39, 170. **R.**, **67**, 236, 242; **68**, 245, 260, 265, 269.

Maj. M. D. McAlester, 1869, **69**, 170.

Capt. F. Harwood, 1869, **69**, 170.

Maj. Nicolas Bowen, 1869-70, **71**, 49. **R.**, **69**, 170; **70**, 211.

Lt. B. D. Greene, 1870-71, **71**, 49.

Maj. J. M. Wilson, 1871-75, **71**, 49; **76**, 110. **R.**, **71**, 249; **72**, 264; **73**, 381; **74**, 269; **75**, 347.

Maj. W. McFarland, 1875-82, **76**, 110. **R.**, **76**, ii, 601; **77**, 983; **78**, 1280; **79**, 1737; (Lt. Col.) **80**, 2218, 2219; **81**, 2451; **82**, 2461.

Lt. Col. Robert, 1883-85. **R.**, **83**, 1954; **84**, 2153.

Maj. M. B. Adams, 1885-92. **R.**, **85**, 2293; **86**, 1895; **87**, 2393; **88**, 2089; **89**, 2440; **90**, 2871; **91**, 2923; **92**, 2601.

Capt. S. S. Leach, 1892-96. **R.**, **93**, 3190; **94**, 2491; **95**, 3229; **96**, 3164.

Maj. W. S. Stanton, 1897-98. **R.**, **97**, 3292; **98**, 2812.

Capt. G. D. Fitch, 1899-1901. **R.**, **99**, 3149; **00**, 4177.

Maj. T. W. Symons, 1901-03. **R.**, **01**, 3374; **02**, 2335.

Maj. Theo. A. Bingham, 1903. **R.**, **03**, 2165.

1st Lt. Paul S. Bond, 1904. **R.**, **04**, 3353.

Col. H. M. Adams, 1905-07. **R.**, **05**, 2405; **06**, 1952; **07**, 2127.

Lt. Col. W. L. Fisk, 1908-09. **R.**, **08**, 2203; **09**, 2174.

Capt. W. L. Guthrie, 1910-11. **R.**, **10**, 2336; **11**, 2540.

Col. J. G. Warren, 1912-. **R.**, **12**, 2749.

ESTIMATES. (See Projects.)

By Capt. Reese, dr. Oswegatchie Chan., removing obstrs., and constr. of ps., \$81,313.34. For increasing the w. of the Oswegatchie Chan. to 150' by dr., \$44,162.80, 66, iv, 184.

By B. E., dr. and p. constr., \$100,000, 68, 271.

By Maj. Bowen, for completion of existing proj., \$175,000, 69, 170.

LEGAL PROCEEDINGS.

Judgment for \$500 damages obtained by city of Ogdensburg against mill owners on Oswegatchie R. for obstr. of same by refuse matter, 85, 2294.

OPERATIONS.

1867-68. 1 bowlder removed and 12,469 c. y. dr., 68, 265, 267.

1868-69. 7,127 c. y. dr., 70, 212.

1869-70. 11,431 c. y. dr., 70, 212.

1870-71. 69,204.14 c. y. dr., 71, 249.

1871-72. 1 bowlder removed and 73,669.12 c. y. dr., 72, 264.

1872-73. 95,841.9 c. y. dr., 73, 381, 382.

1873-74. 9,130 c. y. dr., 74, 55, 271.

1874-75. 21,560.3 c. y. dr., 75, 347.

1875-76. 24,004 c. y. dr., 76, ii, 602.

1882-83. 9,648 c. y. dr. from the chan., 83, 1954.

1883-84. 25,697 c. y. dr. from the chan., completing the 1882 contract, 84, 2153.

1884-85. 48,194 c. y. removed from chan., 85, 2295.

1885-86. 14,988 c. y. dr. from chan., 86, 1897.

1886-87. Dr. in progress along the city front, 87, 2394.

1887-88. Excavation continued in chan. along city front, 88, 2090.

1889-90. Dr. in the H. resumed, 90, 2872.

1890-91. Dr. in progress, 91, 2924.

1891-92. 108,455 c. y. dr., and 9,286 c. y. of hardpan removed, 92, 2602.

1893-94. About 70,000 c. y. dr., 93, 3191; 94, 2491.

1894-95. 61,395 c. y. dr., 95, 3230.

1895-96. 87,375 c. y. dr., 96, 3165.

1896-97. 23,951 c. y. dr., 97, 3293.

1897-98. 107,621 c. y. dr., 98, 2812.

1899-00. 89,860 c. y. dr. and 793 c. y. hardpan and bowlders removed, 00, 4177.

1900-01. 20,000 c. y. sand dr., 01, 3375.

1902-03. 47,775 c. y. soft material and 18,979 c. y. hardpan and bowlders dr., 03, 2166.

1903-04. Dr. of all chan. completed, 2,971 c. y. hardpan and 3,241 c. y. sand, mud, clay, etc., removed, 04, 3353.

1905-06. 56,000 c. y. dr. for mainten., 06, 1953.

1906-07. 42,496 c. y. dr., 07, 2127.

1907-08. 158,937 c. y. dr., 08, 2203.

1908-09. 143,420 c. y. dr., 09, 2174.

1909-10. 38,643 c. y. dr., 10, 2336.

1910-11. All chans. sur. in May, 1911. Advertisement made inviting bids for dr., 11, 2540.

1911-12. 380,518 c. y. dr., 12, 2749.

PHYSICAL CHARACTERISTICS.

Extensive alluvial deposits, 66, iv, 182.

Description of bottoms of the St. Lawrence and Oswegatchie Rs., 68, 261, 262; 74, 270.

Description of, 97, 3292.

Condition of works and d. of water, 01, 598; 12, 1136.

On St. Lawrence R., 62 m. from Lake Ontario, 12, 1135.

PRIVATE (CORPORATE) WORK.

B. E. of opinion that dr. at wharves should be done by the owners, 68, 257.

Suits by the city to prevent mill owners from depositing their refuse in the R., 73, 382.

PROJECTS.

By Capt. Reese, dr. the chan. of the Oswegatchie, removing obstr. at the Northern R.R. depot, and building ps. to aid in keeping the chan. open, 66, iv, 182, 183, 184.

By B. E., d. chan. at wharves of Northern R.R. & Northern Transportation Co., and dr. chan. of the Oswegatchie below the br., 68, 257, 270. Connecting the mouth of the Oswegatchie with the St. Lawrence, and the constr. of 2 ps., if necessary to keep the chan. open, 68, 270.

From 1852 to 1881, incl., \$110,005.56 was app., 82, 2461.

In 1882 proj. modified to provide for 15' in the Oswegatchie and St. Lawrence chans. and 16' on the outer bar. Est., \$76,000, 82, 2461; 85, 2294. Increased in 1885 to \$108,000; 85, 2295; 87, 2394.

In 1890 Maj. Adams proposed to afford 16.5' in all the chans., involving the removal of 362,000 c. y. of hardpan and solid r., est., \$158,950, 90, 2872; 92, 2602. In 1897 the Chief of Engineers au. d. of 16' below the zero of the Oswego gauge in the 2 lower entrance chans.; est. of proj. of 1890 not being increased thereby, 97, 3293.

By Capt. Fitch, 1899, dr. and redr. various parts of the H., including the removal of hardpan at the mouth of the Oswegatchie R., 99, 3149.

Act June 25, 1910, au. d. the several chans. of the H. to 19' below zero of Ogdensburg gauge, and removing middle ground bet. lower entrance chans. to same d.; est., \$187,970 (H. D. 920, 60th, 1st) (see Surveys), 10, 899.

SURVEYS.

Sur. au. act June 23, 1866, 66, ii, 40, 41, iii, 29.

By Capt. C. B. Reese, 1866, 66, iv, 180, 182; 74, 269.

By W. P. Judson, 1855, 66, iv, 180. Accuracy of, considered doubtful, 68, 260, 266.

By Lt. B. D. Greene, 70, 213.

By Maj. Turnbull, 1855, 74, 269.

Resur. au. act Mar. 3, 1879; made, 1880, by Lt. Col. McFarland, 79, 177; 80, 2219.

Minor sur., 95, 3230; 97, 3293; 99, 3149.

Pre. ex., with view to obtaining d. of 19', au. act Mar. 2, 1907. R. by Lt. Col. Fisk, Apr. 22 and Aug. 2, 1907; est., \$187,970 (H. D. 920, 60th, 1st), 08, 779.

 1890. Daly Bros., dr., 91, 2927.

ENGINEERS.

Chief of Engineers. R., 80, 233; 81, 320; 83, 323; 84, 327; 85, 353; 86, 347; 87, 313; 88, 286; 89, 338; 90, 306; 91, 384; 01, 599.

In charge:

Maj. W. McFarland, 1880-83. R., 81, 2457.
 Lt. Col. H. M. Robert, 1883-85. R., 85, 1956; 84, 2154.
 Maj. M. B. Adams, 1885-91. R., 85, 2296; 86, 1898; 87, 2396; 88, 2092; 89, 2442; 90, 2874; 91, 2926.
 Maj. T. W. Symons, 1901-. R., 01, 3377.

Situated on the St. Lawrence R., about 18 m. below Ogdensburg; dam across the R. at Waddington that furnishes excellent water power, 95, 3242.

PLANS. (See Estimates and Projects.)

By Maj. Wilson, canal with 1 lock of a lift of 11½' (12') x 45' x 270', and imp. of approaches by dr. to gain 13' x 100' chan. 76, ii, 607-610. Comparison bet. proposed canal and Morrisburg Canal on the Canadian side, 76, ii, 608.

PRIVATE WORK.

St. dam 800' l., a small lock, "now" abandoned, and a canal carrying water to the mills constr., 73, 389.

Wing dams, to furnish water power, built by the citizens, 1806, 76, ii, 607.

Counterdam, 650' l.; a st. dam, connecting Ogdens Isl. with the American shore, and a small st. lock, subsequently partly destroyed, all constr., 1809, 76, ii, 607.

PROJECTS. (See Estimates and Plans.)

Orig. proj. by Maj. Wilson for opening chan. through bar at head of Little R., and to carry it to the docks by dr.; est., \$17,000, 73, 390; 74, 272; also for cleaning chan. by dr. and r. excavation; est., \$5,000, 75, 0, 350. Est. increased, 1880, by Maj. McFarland to \$22,000 for completion, on account of the character of r. developed, 78, 1280; 79, 1739; 80, 2226.

Maj. Adams, 1886, reports a general imp. unadvisable in view of the requirements of C., 87, 2415.

SURVEYS.

Ex. by Maj. Wilson, 1872. R., 73, 388.

Under the direction of Maj. Wilson, an ex. of the practicabilities attending the constr. of a canal around the rapids at Waddington made by J. S. Lawrence, 1875. R., 76, ii, 607, 609.

By Maj. McFarland, 1878, 79, 1738.

Ex. au. act Aug. 5, 1886; made, 1886, by Maj. Adams, 87, 2414.

Ex. au. act Aug. 17, 1894; made, 1894, by Capt. Leach (R. unflav.), 95, 3242.

Maps. 79, 1738; 81, 2452; 82, 2468.

Assistants:

F. T. Hampton. R., 81, 2458.
 J. C. Churchill. R., 01, 3386.

OPERATIONS.

1888-89. 1,670 c. y. dr., 89, 2442.

1890-91. 5,165 c. y. dr., 91, 2927.

PHYSICAL CHARACTERISTICS.

Description of, 01, 3379, 3387.

PROJECTS.

By Maj. McFarland, 1881, R. mouth to Haskell Wharf, dr. 4' l. w., est., \$12,000, 81, 2458.

Increased, 1885, \$7,000, 85, 2297.

Increased, 1886, \$1,600, 86, 1899; 87, 2396.

By Capt. G. D. Fitch, 1900, 12' from a pt. about 1,400' below St. Lawrence Power Co.'s power house at Massena to confluence of Grasse R. with St. Lawrence R., 01, 3378.

SURVEYS.

Au. act June 14, 1880; made, 1881, by Maj. McFarland, 81, 2457.

Pre. ex. and sur. au. act June 6, 1900, from confluence with St. Lawrence R. to Massena, for 21', made by Capt. G. D. Fitch. Rs., Aug. 2 and Nov. 29, 1900, resp.; est., \$200,000 for 12' (H. D. 151, 56th, 2d), 01, 599, 3377, 3384, 3386.

RR-78 SALMON RIVER, N. Y. (Below Fort Covington, N. Y.)

ENGINEERS.

Chief of Engineers. R., 85, 352; 89, 344.

In charge:

Col. H. M. Robert. R., 85, 2286.

Maj. M. B. Adams, 1888-89. R., 89, 2460.

Assistants:

Lt. S. W. Roessler. R., 85, 2367.
L. C. Easton. R., 01, 3406.

ESTIMATES. (See Plans and Projects.)

By Lt. Payson, removal of obstr. and rectification of chans., \$97,269; not recom. by Lt. Col. Stewart, 79, 1774, 1780.

LEGISLATION.

To aid Capt. Trueworthy in perfecting navigation of Colorado R. below Calville, 68, 1195.

OPERATIONS.

1884-85. 1,074 t. st. removed from R. bed; 614 l. f. cobble dam built, 85, 2367.

1885-86. 2,848 l. f. cobble dam built; top of Explorer's Rock blasted off; 1,240 t. r. removed, 86, 1931.

1886-87. Property and supplies sold at auction and proceeds turned in to Treas., 87, 2449.

1893-94. 53,807 c. y. material placed in levee, 94, 2521; proj. considered completed, 95, 3278.

¹ The list of U. S. waterways at this point begins with the waterways of the Pacific coast, after finishing with the waterways of the Great Lakes system on the preceding pages.

² Colorado River of the West.

PHYSICAL CHARACTERISTICS.¹

Description, **68**, 1188-1190, 1194, 1195; **79**, 1773, 1775, 1776; **91**, 2975; **93**, 3235; **96**, 3186; **97**, 3339.
R. navigable to Calville by light craft, **68**, 1188; **79**, 1779.

Description by C. C. Parry, geologist, **68**, 1191.

Descriptive narrative of R., **68**, 1192, 1193.

Topography, **76**, iii, 343-345.

Table of distances, **79**, 1776.

Slope and discharge of R., **79**, 1776, 1777.

List of obstr., **79**, 1782.

Yuma, situated at the junction of the Gila and Colorado Rs., subject to floods of those Rs., **93**, 3234.

For a considerable part of the year the R. bed of the Gila at Yuma is dry, **93**, 3235.

Country bordering on R. rich in mineral deposits; gold, gypsum, silver, and copper existing, **04**, 3393.

Irrigation of bottom lands expected to produce large growth in population and C., **04**, 3399.

PLANS. (See Estimates and Projects.)

By Lt. Bergland, **176**, diverting Colorado R. for purposes of irrigation, **76**, iii, 337.

PRIVATE WORK.

To protect village of Yuma from floods the au. several years previous to 1892 built small levees along the banks of the two Rs., **93**, 3234.

PROJECTS. (See Estimates and Plans.)

By Lt. Payson, 1879, removing obstr., protecting banks, and constr. chan.; est., \$97,269, **79**, 1780.

In 1886 it was reported that any noteworthy imp. would be at an enormous cost not required by C., **86**, 1932; **87**, 2449.

By Lt. Col. Benyaure, 1893, levee 3,200' l. with average h. of 10' along margin of slough near the a. boundary of Yuma, starting from Penitentiary Hill and connecting with an old embankment of the Southern Pacific RR. near the s. limits of town, to confine the waters of the 2 Rs. to their chans., **93**, 3235.

SURVEYS.

By Lt. Ives, exploration, 1857, **68**, 1188, 1191, 1195.

Ex. by Lt. Bergland, **76**, 120, iii, 329.

Sur., by Lt. Col. Stewart, to El Dorado Canyon, **79**, 180, 1773, 1774.

Ex. Camp Mohave to El Dorado Canyon, Ariz., au. act Aug. 11, 1888; made, 1888, by Lt. Col. Benyaure (**R.** unfav.), **89**, 2481.

SS-6**GRAND RIVER, UTAH.****ENGINEERS.**

Chief of Engineers. **R.**, **10**, 910.

In charge:

Capt. A. A. Fries, **10**, 900.

1st Lt. C. T. Leeds, **10**, 900.

SURVEY.

Pre. ex., mouth to Moab (jointly with Green R., Utah), au. act Mar. 3, 1909. **R.**, 1st Lt. Leeds, 1909 and 1910 (unfav.) (H. D. 953, 61st, 2d), **10**, 910.

SS-7**GREEN RIVER, UTAH.****ENGINEERS.**

Chief of Engineers. **R.**, **10**, 910.

In charge:

Capt. A. A. Fries, **10**, 900.

1st Lt. C. T. Leeds, **10**, 900.

SURVEY.

Pre. ex., mouth to town of Greenriver, Utah, au. act Mar. 3, 1909 (jointly with Grand R., Utah). **R.**, 1st Lt. Leeds, 1909 and 1910 (unfav.) (H. D. 953, 61st, 2d), **10**, 910.

¹ Navigable from a short distance below Yuma, Ariz., to the Laguna Dam, 11 m. above Yuma. Above the Laguna Dam it is also navigable at certain stages of the R. up to the Grand Canyon, and also in short stretches through the Grand Canyon. Its tributaries are the Gila R., Bill Williams Fork, Little Colorado R., Rio San Juan, Grand, Green, and Virgin Rs., none of which are navigable except the Grand and Green and perhaps the Virgin for a short distance above its mouth. The Grand R. is navigable from its junction with the Green R. to form the Colorado R., to Moab, a distance of 65 m. The Green R. is navigable from its junction with the Grand R. to Greenriver Station, a distance of 125 m. The navigable portions of these Rs. lie wholly within the State of Utah. In 1910 a pre. ex. and sur. was made of the Grand and Green Rs. with view to their imp. by the U. S., reports of which are printed in H. D. 953, 61st, 2d. A report relative to the diversion of water from the Green R. for irrigation purposes was submitted to the dept. Dec. 21, 1912 (86717/9). The waters of the Colorado R. are used principally for irrigation, there being little or no commerce on the R.

1st Lt. A. R. Ehrnbeck, 09, 815.

ESTIMATES. (See Plans and Projects.)

For changing the course of the San Diego R. into False B.:

By Lt. Heuer, \$92,428, 70, 515.

By Capt. Handbury, \$61,167 (coin), 72, 1005.

By Maj. Mendell, \$30,000, 73, 1144.

By Lt. Col. Stewart, \$23,000; 76, ii, 622, 631.

By Lt. Col. Stewart, \$74,300, \$86,500, \$111,900,

\$157,950, 76, ii, 627, 628.

By Maj. Benyard, \$394,400, 88, 2117.

OPERATIONS.

1853-54. Levee built across San Diego R. to divert it into its former chan. in False B., 68, 886. Levee carried away, 73, 1143.

1876-77. Work completed by contract; 7,734.6' of levee built, 77, 121, 999.

1877-78. Levee damaged by rain repaired, 78, 1301.

1878-79. Repairs of damages to levees, 79, 179, 1764.

1879-89. Repairs to levee embankments, 80, 2247; 81, 2525; 82, 2641; 83, 1995; 84, 2213; 85, 2349; 89, 2477.

1890-91. Repairs to levee embankment and dr. in progress at Middle Ground, 91, 2961.

1891-92. Chan. 250' x 22' completed through the Middle Ground, 92, 2629.

1893-94. Over 1,860' of j. constr., 94, 2515.

- 1894-95.** Over 600' of j. constr., **95**, 3274.
1895-96. At the end of the year the j. had been carried 3,347' seaward, **96**, 3184.
1896-97. Dike across the mouth of the old R. repaired and j. extended over 600', **97**, 3337.
1899-00. 2,544 c. y. brush mattress laid, and 5,613 t. st. placed, **00**, 4182.
1900-01. 22,408 t. st. deposited in j., completing contract; 200 bents of trestle removed, **01**, 3396.
1902-03. Preparations made for commencing work on j., quarry opened, and 1,050' single-track R.R. constructed, **03**, 2172.
1903-04. 104,850 t. st. for j. delivered; 123,567 c. y. dr. from outer bar and 34,343 c. y. from Middle Ground, **04**, 3383.
1904-05. 3,887 t. st. for j. delivered, completing contract, and 52,745 c. y. dr. from Middle Ground, **05**, 2409.
1906-07. 15,625 c. y. dr. from outer bar, **07**, 2131.
1907-08. 37,750 c. y. dr. from outer bar, **08**, 2207.
1909-10. 100,904 c. y. dr. from outer bar, **10**, 2330.
1910-11. 88,593 c. y. dr., **11**, 2543.
1911-12. 700,548 c. y. dr., completing contract, **12**, 2751.

PHYSICAL CHARACTERISTICS.

San Diego R. not navigable. Formerly flowed into San Diego B., creating a delta. Diverted into False B. by dike built by U. S. in 1876.
 Current observations, **72**, 999, 1000; **74**, ii, 372.
 Table of rainfall, **74**, ii, 375.
 Description of the H. entrance and outer bar, **88**, 2114.
 Description of, **72**, 1003; **93**, 3232.
 Changes in d. effected by constr. of j., **95**, 3274; **97**, 3337.
 Considerable changes at the entrance since 1888 shown by Coast and Geodetic Sur. of 1898 to be of a fav. nature, **99**, 3154.
 Trestle piles eaten away by the teredo and limnoria, **01**, 3396.
 Increase in velocity of tide over bar, **02**, 2341.
 Erosion, **03**, 2171.
 Storm causes outer bar chan. to shoal, **05**, 638.

PLANS. (See Estimates and Projects.)

By Lt. Derby, turning San Diego R. into its old chan. in False B., **70**, 514.
 By Lt. Heuer, turning San Diego R. into False B. by means of a bulkhead and canal, **70**, 515.
 By Capt. Handbury, changing course of R. by means of a dam and dr., **72**, 1005.
 By Lt. Col. Stewart, changing the course of the R. by means of a system of js., **76**, 631.

PRIVATE WORK.

Residents in the vicinity of the levee, in 1895, piled up sandbags to secure it from danger during a high flood in that year, **95**, 3275.

About \$1,000, raised by chamber of commerce, expend., 1899, in an attempt to increase the d. on the bar with water jets. Different opinions as to the success of the method, **99**, 3153.

PROJECTS.

By Lt. Col. Stewart (as modified by BE.), imp. of San Diego H. by changing the course of San Diego R. into False B. by cutting a new chan. and closing the old one by an earthen embankment 6' x 23' at the top, riprappd with st., **76**, ii, 631.

Proj. of 1875 proposed the imp. of San Diego H. by changing the R. back into one of its former outlets in False B. by cutting a new chan. and closing the old one by an embankment, **76**, ii, 630.
 Proj. completed, 1877, **77**, 999. Subsequent operations confined to repairs to embankments, **86**, 1917; **87**, 2431; **90**, 2902.

By Lt. Col. Benyaard, 1888-93, j. 7,500' l. at Zuniga Shoals at the entrance to the H., to gain 26' m. l. w. over the outer bar; mainten. of chan. of 24' m. l. w. through the middle ground; and repair of the dike across the mouth of the San Diego R. to divert the waters of that stream into False B.; est., \$394,400, **88**, 2116, 2117; **93**, 3231, 3232.

By Maj. Davis, 1896, extension of j. and repairs to dike, **97**, 3337.

Capt. Meyler est., 1900, \$267,850 then to complete the proj.; the increase over the orig. est. being \$148,450, on account of scour, **00**, 4183.

Act June 25, 1910, au. dr. chan. through outer bar 30' x 600' and through middle ground to 30' x 400' at s. end, and w. out at n. end to accommodate vessels using U. S. Navy coaling station at La Playa (H. D. 961, 60th, 1st), **10**, 901.

SECRETARY OF WAR.

Approves recom. of BE., **76**, ii, 629.
 Harbor lines modified, **12**, 1139.

SURVEYS.

By Lt. Derby, 1853, **70**, 514.
 By Lt. Heuer, 1869, **R.**, **70**, 512.
 By Capt. Handbury, 1872, **R.**, **72**, 1001.
 By Lt. Weeden, 1875, **75**, ii, 724.
 Au. act Aug. 5, 1886; made, 1888, by Lt. Col. Benyaard, **88**, 2114.
 Ex. of the dike, 1892-93, by Lt. Col. Banyard, **93**, 3233.
 The U. S. Coast and Geodetic Sur. sur. H. in winter of 1898, **99**, 3154.
 Pre. ex. and sur. au. act Mar. 2, 1907. **R.** by Capt. Fries, May 7 and Oct. 22, 1907; submits plan to dr. chan. 30' across outer bar and middle ground; est., \$259,250 (H. D. 961, 60th, 1st), **08**, 785.
 Map. (H. D. 961, 60th, 1st.) **11**, 2544.

SS-13 NEWPORT HARBOR, CAL.

ENGINEERS.

Chief of Engineers. **R.**, **88**, 293; **08**, 785; **12**, 1150.

In charge:

Maj. W. H. H. Benyaard, 1886. **R.**, **88**, 2118.
 Capt. A. A. Fries, **08**, 779.
 Capt. Chas. T. Leeds, **12**, 1137.
 Capt. W. P. Stokely, **12**, 1137.
 Lt. Col. C. H. McKinstry, **12**, 1137.

PHYSICAL CHARACTERISTICS.

Description of, **88**, 2118.

SS-16 SAN GABRIEL R., CAL.¹

¹ Navigable for small boats for a distance of about 7 miles. Flows to Alamitos Bay, but there is a flood channel (called the Rio Hondo) which leaves the San Gabriel River near Azusa and joins the Los Angeles River near Workman.

SS-18 LONG BEACH HARBOR, CAL.**ENGINEERS.**

Chief of Engineers. R., 11, 964.

In charge. Capt. C. T. Leeds, 11, 953.

SURVEY.Pre. ex. au. act June 25, 1910. R., Capt. Leeds,

Total, 2,333,000

COMMERCE.

Cost of lighterage very great, 69, 482; 71, 943; 74, ii, 370.

Rapid increase of, 74, ii, 370; 75, ii, 692.

Advantages of imp., 79, 1748.

1893, C. appeared to demand that an interior basin should be dr. bet. H. lines to d. sufficient for any vessel that could enter the H., 93, 3230.

Description of. Future probably to be very great, 00, 4198.

30% increase in 1903 over previous year, 04, 635.

1911, 1,720,711 t., principally lumber, crude oil, and general merchandise, 12, 1145.

Effect of the imp. shows an increase in C. of about 300% in 10 years, 12, 1145.

CONTRACTS.

1872. E. M. Benjamin, 3,700' of break'r, 72, 1006; failed, 72, 1006. G. W. Prescott & Co., timber, 72, 1007. Benton, Smith & Co., timber, 72, 1006.

1873. G. D. Nagle, st., 73, 1131.

1874. Mr. Boschke, dr.; contract extended twice, 75, ii, 693.

1878. Mappa & Gay, st., 79, 1747, 1749; annulled, 79, 1747. T. B. Hays, st., 79, 1747.

1880. J. Hackett, reef and sand removal, \$3 and 50¢ c. y., resp., 81, 2469.

1881. Tilford & Terkelson Bros., st., \$2.50 t., 81, 2469.

1882. Pacific Coast & Reclamation Co., reef and sand removal, \$2.49 and 50¢ c. y., resp., 83, 1967.

1885. E. A. Von Schmidt, st., \$1.97 t., 85, 2336.

1886. A. W. Von Schmidt, dr., 29, 24¢ c. y., 87, 2430. E. A. Von Schmidt, st., \$2.23 t., 87, 2430.

1890. R. Axman, dr., 55¢ c. y., 90, 2901. P. O'Neil, r., \$2.27 t., 91, 2957.

1891. A. A. Polhamus, r., \$2.09 t., 91, 2958.

1892. P. O'Neil, st., \$1.77 t. (\$31,860), 93, 3231.

1903. F. D. Lanterman, repair of e. j., \$3-564.69; R. A. Perry, dr. division A 50¢ c. y. and division B 16¢ c. y., 03, 2176.

1904. Ellicott Machine Co., constr. dr., \$98,400; H. E. Carse, hardware for pontoons, \$1,049.09; Baker Iron Works, 2,048' 20" discharge pipe and 4 elbows, \$3,023.08; New Jersey Car Spring & Rubber Co., 25 rubber sleeves, \$1,275; H. E. Carse, gasoline launch, \$1,732.50, 04, 3389. W. S. Miller (3 contracts), 3,000 gals. gasoline, \$375; lubricating oils, \$1,410.70; 16,000 bbls. crude oil for fuel for dr., \$9,920, 05, 2416. W. S. Miller (2 contracts), 13,063 bbls. oil, 46¢ bbl., and 1,108 gals. gasoline, \$138.50, 06, 1960.

1905. A. A. Polhamus, dr., 46¢ c. y., 06, 1960.

1906. H. T. Harper, 8,500 bbls. crude oil, 48¢ bbl., 06, 1960. A. A. Polhamus, dr. 52,500 c. y.

46¢ c. y.; H. T. Harper, 21,000 bbls. crude oil, 50¢ bbl., 07, 2137.

¹ Navigable for small boats for a short distance only. Under Department permit of March 19, 1906 (57525/29), the mouth of the river has been improved by the Los Angeles Dock & Terminal Co. and now forms part of Long Beach Harbor, with depths of water of 18 feet at mean lower low water.² Designated Los Angeles, June 4, 1910. See also footnotes, p. 1549 of this Index.

1907. H. S. Botsford, 20,000 bbls. oil for fuel, 85¢ bbl., **08**, 2213.
 1908. H. S. Botsford, 20,000 bbls. oil for fuel, 90¢ bbl., **09**, 2182.
 1909. H. S. Botsford, 20,000 bbls. oil for fuel, \$1 bbl., **10**, 2343.
 1910. H. S. Botsford, 20,000 bbls. oil for fuel, \$1 bbl.; Tacoma Dredging Co., dr. 2 20' lateral chans., \$0.089725 c. y.; Standard American Dredging Co., dr. 30' chan., 42¢ c. y., **11**, 2548.
 1911. Standard American Dredging Co., dr., \$0.415 c. y., **12**, 2756.

OPERATIONS.

1871-72. 330 l. f. break'r and 8 wings built, **72, 1008.**
1872-73. 3,700 l. f. break'r built, 18,561 t. st. deposited, 360 l. f. washed away, 120 l. f. of wings repaired with st., flood gates put in, 350 l. f. crib and 300' st. wings built, 24,000 c. y. gravel riprap, **73, 108, 1130, 1132.**
1873-74. 25,778 t. st. deposited, 1,680 l. f. of js. break'r ballasted with st., **74, 118, ii, 369.**
1874-75. 24,087 c. y. dr., 4,075 t. st. deposited, flood gates closed, head of work rippedrap, 192 l. f. crib wings built, **75, 122, ii, 693.**
1875-76. 21,888 c. y. dr., 3,610 t. st. deposited, dr. by contract, **76, ii, 616.**

1876-77. 11,435 c. y. dr., 3,249 t. st. deposited, st. and clay dr. used to extend training wall, **77, 120, 989.**

1877-78. 330 l. f. of the timber work seriously damaged by teredo navalis; js. injured by sea; d. of water, 9', **78, 135, 1292.**

1878-79. 6,166 t. st. deposited, timber line protected with st., main j. raised, extending w. training wall, filling crib groins, **79, 178, 1747.**

1879-80. 4,483 t. st. deposited on the H. js., **80, 2232.**

1880-81. 13,242 c. y. dr. from reef, 1,448 t. st. delivered on js., **81, 2466.**

1881-82. 11,492 t. st. delivered and placed on lines of work, repairs made on 970 l. f. of inner portion of timber j., wreck of A. Cooper removed from chan., **82, 2531, 2532.**

1882-83. 26,550 c. y. hard material and 1,870 c. y. sand removed from reef, 1,313 c. y. sand dr. upon inner bar, **83, 1967, 1968.**

1883-84. 11,851 c. y. dr. from chan., **84, 2186.**

1884-85. 5,284 t. st. delivered and placed in work, **85, 2334.**

1885-86. 12,011 t. st. delivered in e. j., extending same 280', **86, 1913.**

1887-88. 8,198 t. st. delivered in w. j., dr. of inner chan. begun, **88, 2112.**

1888-89. Part of j. on e. side of H. raised and strengthened, repairs to plant, **89, 2475.**

1889-90. 13,498 c. y. dr. from inner chan., **90, 2901.**

1890-91. 62,295 c. y. dr., 15,123 t. st. delivered in w. j., **91, 2957.**

1891-92. 21,309 t. of r. deposited in extending e. j. and in strengthening w. j., **92, 2626.**

1892-93. 7,458 t. of st. placed in e. j., **93, 3229.**

1893-94. 12,385 t. of st. placed in e. and w. j., completing j. constr., **94, 2511, 2512.**

1894-95. A new chart of the approv. H. lines made to replace 1st chart, **95, 3268.**

1902-03. 320' e. j. repaired, 19,146 c. y. material removed from division A, and 104,589 c. y. from division B, **03, 2175.**

1903-04. 89,588 c. y. removed from division A and 144,751 c. y. from division B; work on constr. of dr., barges, and pipe pontoons in progress, **04, 3387.**

1904-05. Constr. of 20' suction dr. and of 30' gasoline launch completed; 24 pontoons and 3 barges constr., 4 skiffs built, boat landing 106' l. built, 2 sets inclined ways built, and U. S. warehouse repaired by day labor; 14,236 c. y. dr., under contract, from division A, completing contract; 243,914 c. y. removed by U. S. dr., **05, 2413-14.**

1905-06. 180,500 c. y. dr. under contract, and 702,810 c. y. by U. S. dr., **06, 1959.**

1906-07. 52,315 c. y. dr. by contract and 827,320 c. y. by U. S. dr.; repairs to floating plant, **07, 2135.**

1907-08. 843,785 c. y. dr. by U. S. dr., and floating plant repaired, **08, 2211.**

1908-09. 819,234 c. y. dr. by U. S. dr., and floating plant repaired, **09, 2180.**

1909-10. 885,298 c. y. dr. by U. S. dr., and floating plant repaired, **10, 2342.**

1910-11. 779,471 c. y. dr. by contract and 764,250 c. y. dr. by U. S. dr., **11, 2545.**

1911-12. 910,780 c. y. dr. by contract and 692,087 c. y. dr. by U. S. dr., **12, 2753.**

PHYSICAL CHARACTERISTICS.

Description of, **71, 944; 94, 2512; 95, 3269; 00, 4197, 4199, 4207.**

Current observations were made in 1893-94, **94, 2512.**

PLANS. (See Estimates and Projects.)

By Maj. Williamson, imp. of Wilmington H. by closing 2 sloughs, and to build an artificial bank of st. or granite on the s. end of Rattlesnake Isld., **69, 480.**

By E. A. Flint, 7,000' of break'r, cribwork filled with st., **69, 483, 484.**

PROJECTS. (See Estimates and Plans.)

By Lt. Col. Mendell, 1871, protection of H. and chan. entrance at Wilmington by constr. of 6,700 l. f.

of timber and st. break'r; est., \$400,000, 71, 947. Protection of work, \$30,000, 74, ii, 370. Completion, \$100,000, 76, ii, 617; 80, 2232.

By Lt. Col. Mendell, 1881, increase in chan. d. from 10' to 15' at l. w. by excavation of reef to w. of 400', extension of js. beyond Deadmans Isl. in the B. of San Pedro to a d. of 18', excavation of sand bet. js., and the elevation of existing works to 2' above h. w.; est., \$291,766, 81, 2467; 86, 1912. Causes for increased cost, 85, 2335, 2336; 86, 1913. From 1871 to 1886, incl., \$780,000 has been app.; est. cost of completion of proj., \$175,000, 86, 1914; 87, 2430.

By Lt. Col. Benyard, 1894, 18' chan.; est., \$392,725. Congress app. \$50,000, but provided that no work should be done if H. of refuge would, on recom. of B.E., be constr. at San Pedro, 95, 3272; 96, 387.

Capt. Meyler est., 1900, it would cost \$2,159,100 to imp. H. further, or \$550,000 for the first 3 years after commencing the work, 00, 4206, 4207.

Act June 13, 1902, au. securing chan. 20' x 400' from ocean to lower end of wharves, 24' bet. H. lines from lower to upper end of wharves, dr. turning-basin 1,600' in diameter bet. upper end of wharves to lower end of Mormon Isl., to 24', repairs to e. j., and building restraining dike at head of lagoon (H. D. 357, 56th, 1st.). Constr. or purchase of suitable dr. au., 02, 2344.

Capt. McKinstry recom. dr. material deposited in chan. from time to time, thus doing away with restraining dike, 04, 3388.

Act June 25, 1910, au. d. chan. to 30' up to and incl. turning-basin, and for dr. 2 chans. 20' x 200' from turning-basin into e. and w. basins (H. D. 114, 60th, 2d, and H. D. 768, 61st, 2d), 10, 905.

SURVEYS.

Incl. in Coast Survey, 1859, 69, 479, 483.

By Maj. Williamson, 1868, ex., 69, 479; 71, 98.

By Mr. White, 1871, 71, 944.

By Lt. Sears, 1874, 74, ii, 369.

Hydrographic sur. of H. made, 1888, by Lt. Col. Benyard, 88, 2112.

Misc. sur., etc., 93, 3230; 94, 2512.

Ex. and sur. au. act Mar. 3, 1899, made, 1900, by Capt. Meyler (R. fav.), 00, 4205; D.E. recom. that imp. be deferred, 00, 4209. (See Projects.)

R. by B.E.H., Feb. 7, 1907, in pursuance with resol. of R. and H. C. to consider advisability of increasing d. to 30'. Board feels it is not advisable to increase d., and renders unfav. opinion. (R. and H. C. D. 16, 59th, 2d.)

Ex. and sur. au. act Mar. 2, 1907, with view to obtaining increased d. R. by Capt. Fries, Apr. 24 and Dec. 17, 1907; est., \$420,000 (H. D. 1114, 60th, 2d), 09, 822.

Ex. and sur. au. act Mar. 3, 1909, with view to obtaining chan. 20' x 200'. R. by Capt. Fries, May 21, 1909, and Lt. Leeds, Jan. 10, 1910; est., \$390,000 (H. D. 768, 61st, 2d), 10, 910.

Maps. (H. D. 768, 61st, 2d.). 03, 2176; 06, 1960.

Part(b), SS-20 San Pedro Harbor, Cal.¹

APPROPRIATIONS.

1890,	\$ 5,000,	92, 2631.
1892,	2 10,000,	93, 3238.
1896,	2 50,000,	98, 2929.
1898,	400,000,	98, 2929.
1899,	200,000,	99, 3157.
1901,	146,000,	01, 3399.
1902,	311,085,	02, 2343.
1903,	500,000,	03, 2174.
1904,	350,000,	04, 3386.
1905,	460,000,	05, 2412.
1906,	280,000,	06, 1958.
1907,	92,915,	07, 2134.
1909,	100,000,	09, 2179.
1910,	178,000,	11, 2547.
1912,	327,250,	12, 2755.

Total, 3,420,250 (incl. misc., and less \$15,000 for sur., \$3,405,250.05, 12, 2755).

COMMERCE.

C. and naval relations, 93, 3239.

C. history of possible locations for d. w. H. considered by the board of 1892, 93, 3245.

Advantages of the compared sites for arrival and departure, for shelter, and for handling freight, 93, 3253; communication with the C. center, 93, 3255.

B.E., 1892, preferred the anchorage at the w. side of San Pedro B., about Pt. Fermin, as a site for the location of a H. of refuge, on account of its w. and capacity to accommodate the largest ocean vessels, and the benefit to be derived by the C. and naval interests of the country, 93, 3259.

Diagram, freight value and tonnage in comparison with app., 11, 2548.

CONTRACTS.

1898. Heldmaier & Neu, break'r constr.; est., \$1,303,198.54, 99, 3156. Annulled, 00, 4189.

1900. California Construction Co., break'r constr.; substr., 84.4¢ t.; superstr., \$3.10 t.; concrete, 86¢ c. y.; est., \$2,375,546.05, 00, 4190.

1910. California Constr. Co., supple., extension of superstr. to w. end of break'r, 10, 2341.

1911. W. S. Russell, constr. of break'r extension, \$230,000, 11, 2547.

ENGINEERS.

Chief of Engineers. R., 84, 334; 88, 293; 91, 426; 92, 370, 399; 93, 425; 98, 470; 99, 550; 00, 621; 01, 600; 02, 522; 03, 576; 04, 632; 05, 639; 06, 714, 07, 735; 08, 780; 09, 816; 10, 902; 904, 906; 11, 955; 12, 1140, 1150.

Boards:

Convened, San Francisco, Dec. 8, 1891, to determine upon location for a d. w. H. on the Pacific coast. R., 92, 2631. Lt. Col. Mendell and Lt. Col. Gillespie and Benyard.)

Convened, San Francisco, July 8, 1892, S. O. No. 20, to report upon the estab. of H. lines at San Pedro in Wilmington H. R., 91, 2976; 92, 2638. (Col. Mendell, Lt. Col. Benyard, and Maj. Hener.)

Convened, San Francisco, Sept. 2, 1892, S. O. No. 33, to consider and report upon a proposed d. w. H. at San Pedro or Santa Monica Bs. R., 93, 3238. (Col. W. P. Craighill, Lt. Col. H. M. Robert, Lt. Col. F. C. Hains, Maj. C. W. Raymond, and Maj. T. H. Handbury.)

B.E. (Rear-Admiral J. G. Walker, U. S. Navy, chairman; Ang. F. Rodgers, Richard P. Morgan, Wm. H. Burr, and Geo. S. Morison) au. act June 3, 1896, to decide on a location for a d. w. H. for C. and refuge on the Pacific coast. Board, Mar. 1, 1897, decided on San Pedro and submitted est. only for break'r (\$2,901,787). (See S. D. 13, 55th, 1st.)

In charge:

Lt. Col. G. H. Mendell. R., 84, 2209.

PHYSICAL CHARACTERISTICS.

Description of, 89, 2479.

PLANS. (See Projects.)

In 1882 Lt. Col. Mendell, in view of the fact that the locality had no C., did not consider the imp. a public necessity, 84, 2210.

By Maj. Benyaured, 1888, imp. of San Pedro B. by forming a protected anchorage ground through the constr. of a w. st. break'r 3,300' l. and an e. one 2,600' l.; est., \$4,045,700; 88, 2125.

By B.E., 1891, of a d. w. H. at San Pedro by constr. of a rubble and concrete break'r; cost, \$4,594,494; or one entirely of rubblest.; cost \$4,137,591, 92, 2636.
 Col. Mendell and Lt. Col. Gillespie and Benyaured.

PRIVATE WORK.

Permit given to build wharves, ps., warehouses, etc., to private parties, 06, 1958.

Wharves, warehouses, etc., constr. by Outer Harbor Dock & Wharf Co., and the Pacific Wharf & Storage Co., 12, 1142.

PROJECTS. (See Boards of Engineers; Plans.)

1892, B.E. est. \$2,885,324 to constr. of st. at San Pedro B. a break'r 10' above highest h. w. and a w. of 20' on top, with an interior and exterior slope of 1 on 0.75, the cross-section to be subject to modification if found necessary during the progress of the work, (see Plans) 93, 3262.

B.E. appointed under act June 3, 1896, decided in fav. of d. w. H. at San Pedro B. (S. D. 18, 55th, 1st) (see Boards of Engineers), 93, 2929.

Act June 25, 1910, au. extension of break'r by 1,887' 11, 956.

Act June 25, 1912, au. proj. for dr. to 35' in outer H., 12, 1141.

H. of refuge not necessary, **79**, 1770.

ENGINEERS.

Chief of Engineers. **R.**, **75**, 124; **78**, 137; **79**, 180; **12**, 1150.

In charge:

Lt. Col. C. S. Stewart, 1875-79. **R.**, **75**, ii, 724;
79, 1769.
Capt. C. T. Leeds, **12**, 1137.

PLANS.

No plan submitted in 1875, as Lt. Col. Stewart considered the making of a permanent available H. at this point as hopeless, **75**, ii, 725.

By Lt. Col. Stewart, break'r 1,320 y. l.; est., \$3,571,232, **79**, 1770.

SURVEY.

Ex. by Lt. Col. Stewart (see Plans), **79**, 1769.
Pre. ex. au. act Feb. 27, 1911. **R.** by Capt. Leeds. July 28, 1911 (H. D. 464, 62d, 2d) (unfav.), **12**, 1150, Map. (H. D. 464, 62d, 2d.) Of Santa Barbara, 1870, and sketch of plan and section of break'r, **79**, 1770.

SS-25(b) EL ESTERO (Estero Bay) (near Santa Barbara), CAL.

COMMERCE.

Unimportant, **73**, 1149, 1150.

ENGINEERS.

Chief of Engineers. **R.**, **73**, 109.

In charge. Lt. Col. C. S. Stewart. **R.**, **73**, 1148, 1149.

PHYSICAL DATA.

About 1 m. from Santa Barbara. This waterway is distinct from Estero B.

PLANS.

By Lt. Col. Stewart, excavating basin, st. js., break'r, and fender piling, \$3,145,954 to \$9,537,454, **73**, 1150.

SURVEY.

Ex. by Lt. Col. Stewart, **73**, 1148.

SS-25(c) POINT SAL, CAL. (Harbor of refuge.)

COMMERCE.

None, except that passing on the coast, **68**, 888.

ENGINEERS.

Chief of Engineers. **R.**, **67**, 17; **68**, 74.

In charge. Maj. R. S. Williamson. **R.**, **68**, 887.

Assistant. Lt. W. H. Heuer, **68**, 887.

ESTIMATES.

Est., by Maj. Williamson, 2 break'rs, \$9,944,438, **68**, 889.

PHYSICAL CHARACTERISTICS.

To make a H., 2 arms would have to be built out into the sea, probably costing \$10,000,000, **68**, 888.

PROJECTS. (See Physical characteristics.)

SURVEY.

Proj. and est. called for 1867. Submitted by Maj. Williamson, **68**, 887.

SS-28 SAN LUIS OBISPO HARBOR, CAL.

APPROPRIATIONS.

1888,	\$25,000,	88 , 292.
1890,	40,000,	90 , 2900.
1892,	30,000,	92 , 2625.
1894,	40,000,	95 , 3267.
1896,	40,000,	96 , 3180.
1899,	55,000,	99 , 3160.
1902,	50,000,	02 , 2346.
1905,	25,000,	05 , 2419.
1907,	63,660,	07 , 2138.
1908,	60,000,	08 , 2214.
1909,	30,000,	09 , 2183.
1911,	64,000,	11 , 2550.

Total, 522,660 (incl. misc., \$522,660.95, **12**, 2758).

COMMERCE.

Loss of vessels and steamers, **79**, 1768.
In 1895 break'r as far as constr. at that time was of great benefit to C., **95**, 3266.

Influence of proj. on rates; shipments of oil, **05**, 643.

Diagram of app., freight, tonnage, and value, etc., **11**, 2550.

CONTRACTS.

1888. R. Axman, furnishing and placing st. in break'r, \$3.44 t., **89**, 2474.

1890. San Francisco Bridge Co., break'r constr., \$3.38 t., **91**, 2952.

1893. A. A. Polhamus, r., \$1.94 l. t., **93**, 3226.

1895. P. O'Neill, r., \$2.23 l. t., p. m., **95**, 3266; annulled in 1896, **97**, 3334.

1897. City Street Improvement Co., 22,613 t. st., \$1.99 l. t., **97**, 3335.

1899. A. A. Polhamus, break'r constr., 31,590 t. st., \$1.66 t., **99**, 3159.

1903. A. A. Polhamus, st., \$1.86 t., **03**, 2180.

1905. City Street Improvement Co., st., \$2.65 t., **05**, 2420.

1907. San Francisco Bridge Co., st., \$1.57 t., **08**, 2215.

ENGINEERS.

Chief of Engineers. **R.**, 78, 137; 79, 180; 81, 324; 87, 320; 88, 292, 293; 89, 346; 90, 311; 91, 391; 92, 368; 93, 422; 94, 394; 95, 432; 96, 386; 97, 485; 98, 472; 99, 552; 00, 623; 01, 602; 02, 524; 03, 578; 04, 635; 05, 642; 06, 717; 07, 738; 08, 784; 09, 820; 10, 908; 11, 962; 12, 1147.

In charge:

Lt. Col. C. S. Stewart. **R.**, 79, 1765; 81, 2526.
Maj. W. H. E. Benyaard, 1887-95. **R.**, 87, 2433; (Lt. Col.) 89, 2473; 90, 2899; 91, 2955; 92, 2624; 93, 3226; 94, 2509; 95, 3265.
Maj. C. E. L. B. Davis, 1896-98. **R.**, 96, 3179; 97, 3333; 98, 2932.
Capt. J. J. Meyler, 1899-1901. **R.**, 99, 3159; 00, 4192; 01, 3401.
Lt. Col. C. E. L. B. Davis, 02, 521.
Lt. Col. T. H. Handbury, 02, 521.
Capt. Edgar Jadwin, 1902-03. **R.**, 02, 2345.
Maj. J. H. Willard, 1903. **R.**, 03, 2179.
Capt. C. H. McKinstry, 1903-06, 1912-. **R.**, 04, 3390; 05, 2419; (Lt. Col.) 12, 2757.
Col. W. H. Heuer, 06, 712.
Capt. A. A. Fries, 1906-09. **R.**, 06, 1961; 07, 2138; 08, 2214; 09, 2183.
1st Lt. C. T. Leeds, 1909-11. **R.**, 10, 2345; (Capt.) 11, 2549.
Capt. W. P. Stoker, 12, 1137.

Assistants:

Lt. A. H. Payson. **R.**, 81, 2527.
1st Lt. C. T. Leeds, 10, 900.
1st Lt. A. R. Ehrnbeck, 10, 900.

OPERATIONS.

1888-89. 2,812 t. i. deposited in break'r, 89, 2473.
1889-90. 3,784 t. r. deposited in break'r, 90, 2899.
1891-92. 7,870 t. of r. placed in break'r, 92, 2624.
1892-93. Over 2,812 t. of st. placed in break'r, 93, 3226.
1893-94. 9,620 t. placed, 94, 2510.
1894-95. In connection with previous year, 3,875 t. st. placed, 95, 3266.
1895-96. 7,524 t. st. placed, 96, 3180.
1896-97. About 2,758 t. placed, 97, 3333.
1897-98. 22,595 t. st. placed in break'r for extension and repair, 98, 2932.

SS-29 EL MORO HARBOR, ESTERO BAY, CAL.**COMMERCE.**

Not large, 73, 1141.
C. unimportant, but in 1895 the locality was thought worthy of imp. by U. S., on account of the large supply of st. to be obtained from it for R. and H. work at a comparatively low cost if the H. were imp., 95, 3281.

ENGINEERS.

Chief of Engineers. **R.**, 73, 108; 95, 435.

In charge:

Maj. G. H. Mendell. **R.**, 73, 1140.
Lt. Col. W. H. H. Benyaard, 1895. **R.**, 95, 3278.

PHYSICAL CHARACTERISTICS.

Description of, 95, 3279.
Situated about the middle of the coast boundary of San Luis Obispo County, about 200 m. s. from

1899-00. 12,888 t. st. placed, 00, 4193.
1900-01. 18,180 t. st. delivered, finishing contract, 01, 3400.
1902-03. 4,711 t. st. placed in break'r, 03, 2179.
1903-04. 20,476.5 t. st. placed in break'r, 04, 3390.
1905-06. 8,835 t. st. placed in break'r, 06, 1961.
1908-09. 9,205 t. st. delivered, 09, 2183.
1910-11. 16,837 t. st. delivered, closing entrance to Morro B., 11, 2549.
1911-12. 60,309 t. st. placed, 12, 2757.

PHYSICAL CHARACTERISTICS.

Conditions changed for the better after the end of the break'r had been sluiced round by heavy sea, 99, 3159.

PLANS. (See Projects.)

By Lt. Col. Stewart, for break'r; est., \$7,269,476, 79, 1767. Did not consider a H. of refuge at this point necessary, 79, 1769.

In 1879 Col. Stewart est. imp. would cost over \$7,000,000, and that a H. of refuge at this point was not required, 79, 1767.

In 1881 the same views were repeated, 81, 2526; 87, 2434.

PROJECTS. (See Plans.)

By Lt. Col. Benyaard, 1887, st. break'r, about 2,300' l., along the sunken reef near Whalers Isld., extending from Pt. San Luis to Whalers Isld., thence to a point where the outer reef rises above h. w.; the purpose of the break'r to afford a protected anchorage and landing at Port Harford, est., \$284,898, 87, 2434, 2435; 90, 2899.

In 1893 Lt. Col. Benyaard est. \$538,660 to constr. proposed break'r, using a trestle or other similar structure, 93, 3227.

SURVEYS.

Ex. au. act June 18, 1878; assigned to Lt. Col. Stewart, 73, 137. **R.**, 79, 1765.

Ex. au. act Mar. 3, 1881; made by Col. Stewart, 81, 2526.

Sur. au. act Aug. 5, 1886; made by Maj. Benyaard, 87, 2432.

Maps. Of the B. and H., and plan and sections of break'r, 79, 1766.

San Francisco B. The basin which forms the H. is about 4 m. l. 95, 3279.

Description of changes effected in the H. since sur. by Col. Mendell in 1873, 95, 3279.

PLANS.

By Maj. G. H. Mendell, closing the s. chan., 73, 1141.

SURVEY.

Pre. ex. au. act June 10, 1872; made, 1872, by Maj. Mendell, **R.**, Sept. 23 (unfav.), H. D. 421, 57th, 2d, 73, 1140.

Ex. au. act Aug. 17, 1894; made by Lt. Col. Benyaard (**R.** fav.), 95, 3278.

SS-30 SAN SIMEON BAY, CAL.**ENGINEERS.**

Chief of Engineers. **R.**, 89, 348; 91, 393.

In charge. Maj. W. H. H. Benyaard, 1888.

R., 89, 2480; 91, 2971.

SURVEYS.

Ex. au. act Aug. 11, 1888; made, 1888, by Maj. Benyaard (**R.** unfav.), 89, 2480.

Ex. au. act Sept. 19, 1890; made, 1890, by Lt. Col. Benyaard (**R.** unfav.), 91, 2972.

 Interest of C. in a H. of refuge, 81, 2640, 2698.

ENGINEERS.

Chief of Engineers. R., 77, 123; 81, 333, 2679.

Boards:

B.E. for Pacific coast met Aug., 1876, to ex. the Hs. of Mendocino, Humboldt B., Trinidad, and Crescent City, with view of estab. break'r and H. of

¹ See footnote on page 1577 of this Index.

² By act of June 3, 1896, the remainder was made available for wharf at Graveyard Point, Port Orford.

refuge. Board reported H. of very limited capacity could be built at Mendocino. **R.**, 77, 1052. That a H. at Maek Arch, Oreg., would be small but tolerably secure, 77, 1054. That Bodega B., Cal., is not well adapted for H. of refuge on account of the frequent fogs, 77, 1051. That a safe H., $\frac{1}{2}$ m. sq., could be made at Cape Gregory, Oreg., 77, 1055. That when the C. increases it may be necessary to constr. H. at Drakes B., but not "at present," 77, 1051. That it would be almost impossible to constr. a break'r or js. at Humboldt B., 77, 1052; 79, 1785. That H. at Crescent City is not well adapted for a H. of refuge, 77, 1053; 79, 1785. That Trinidad H., for a H. of refuge, is preferable over any other site bet. San Francisco and Puget Sound, 77, 1052. That Port Orford is well located for H. of refuge, the objections being the great d. of water on line of proposed break'r and the danger of approach from the n. due to Orford Reef, 77, 1054. (Lt. Cols. Alexander, Williamson, and Stewart, and Maj. Mendell.)
BE. for Pacific coast reported upon proposed H. of refuge bet. Straits of Fuca and San Francisco, 81, 2621, 2681. (Lt. Cols. Stewart, Williamson, and Mendell, and Maj. Gillespie. Minority report of Lt. Col. Williamson, 81, 2651.)

PHYSICAL CHARACTERISTICS.

Description of n. Pacific coast, 81, 2626.
Storms of the coast, 81, 2634.
Description of Port Orford, 81, 2647.

PLANS.

By BE., break'r at Mendocino, Cal., est., \$3,455,-100, 77, 1052, 1058; Maek Arch, Oreg., est., \$5,748,-875, 77, 1059; Bodega B., Cal., est., \$6,614,300, 77, 1058; Cape Gregory, Oreg., est., \$3,710,168, 77, 1059; Drakes B., Cal., est., \$6,785,800, 77, 1058; Crescent City, Cal., est., \$6,022,940, 77, 1059; Trinidad, Cal., est., \$7,694,500, 77, 1058; Port Orford, Oreg., est., \$10,507,343, 77, 1059.
By Lt. Heuer, break'r at Crescent City, Cal., est., \$2,178,008, 67, 518.
By Lt. Col. C. S. Stewart, break'r at Trinidad, est., \$13,432,320 to \$19,000,000, 73, 1147.
By Maj. Robert, break'r at Port Orford, Oreg., est., \$2,902,000, 73, 1127, 1129.
By Maj. Wilson, break'r at Port Orford, Oreg., est., \$3,427,000, and \$9,405,000, 79, 1804, 1805.
Comparison of sites, 81, 2643, 2647.
BE. recom. Port Orford as site of H. of refuge, 81, 2648, 2694.
Minority report, Lt. Col. Williamson, 81, 2651.

TT-6 MONTEREY BAY AND HARBOR, CAL.

APPROPRIATIONS.

1912, \$200,000, 12, 2769.

COMMERCE.

Insignificant, 75, ii, 709.
In 1911, 615,014 t., 12, 2770.

ENGINEERS.

Chief of Engineers. **R.**, 75, 123; 06, 719; 10, 926; 11, 983; 12, 1161.

In charge:

Maj. G. H. Mendell. **R.**, 75, ii, 707.
Maj. C. H. McKinstry, 06, 712.
Lt. Col. John Biddle, 10, 910; 11, 983.
Maj. S. A. Cheney, 1912-. **R.**, 12, 2769.

PHYSICAL CHARACTERISTICS.

H. 3,000' l. x 1,700' w., with varying d. from 18' inner to 60' outer. About 125 m. from San Francisco, 12, 1161.

PLANS.

By Maj. G. H. Mendell: (1) break'r 2,640' l. and j. 1,650' l.; est. cost, \$7,680,000; (2) break'r 3,300' l., with a j. 1,000' l.; est., \$9,540,000; (3) break'r 3,300' l., with a j. 1,650' l.; est., \$11,988,000, 75, ii, 709. Acreage of sites suggested, 75, ii, 708.

TT-11 SANTA CRUZ BAY, CAL.

COMMERCE.

Whole C. of the coast would be greatly benefited by the imp., 71, 920.
Water rates about 15% less than R. R., rates.

ENGINEERS.

Chief of Engineers. **R.**, 71, 97; 74, 119; 91, 393, 2968; 04, 337.

Boards. BERH. concurs in Capt. Jadwin's **R.** on undesirability of imp. this place, 04, 3403.

In charge:

Maj. R. S. Williamson. **R.**, 71, 917.
Lt. Col. C. S. Stewart. **R.**, 74, ii, 376.
Lt. Col. W. H. H. Benyaud, 1891. **R.**, 91, 2968.
Capt. Edgar Jadwin. **R.**, 04, 3400.

ESTIMATES. (See Plans.)

By commission appointed by the legislature, for a break'r, \$5,702,400, 71, 919.

PRIVATE WORK. (See Projects.)

PROJECTS.

Act July 25, 1912, au. proj. for break'r 2,000' l., 10' above m. l. w., and 15' w. at top; est, \$800,000; \$200,000 contributed by local interests with condition that rail connection be provided bet. Monterey and San Joaquin Valley shortly (H. D. 557, 59th, 1st; H. D. 1084, 61st, 3d), 12, 1161.

SURVEYS.

Included in Coast Sur., 75, ii, 707.
Pre. ex. and sur. of Monterey H. au. act Mar. 3, 1905. **R.**, Maj. McKinstry, July 31, 1905, and Jan. 22, 1906 (H. D. 557, 59th, 1st) (unfav.), 06, 719.
R. by BERH. Jan. 11, 1907, and Feb. 17, 1908, in pursuance of resol. of R. and H. Com. for constr. of break'r. As it does not appear essential to development of port, break'r constr. is not recom. (R. and H. C. D. 10, 59th, 2d; R. and H. C. D. 25, 61st, 2d.)
Pre. ex. and sur. of Monterey B. au. act Mar. 3, 1909. **R.**, Lt. Col. Biddle, June 17 and Dec. 16, 1909; est., \$800,000, local interests to contribute \$200,000 (H. D. 1084, 61st, 3d), 11, 983.

LEGISLATION.

Act of Cal., Feb. 11, 1870, appointing a commission to ex. the H. of Santa Cruz. **R.**, 71, 918.

PHYSICAL CHARACTERISTICS.

Description of, 91, 2968.

PLANS. (See Estimates.)

By commission, break'r of st., three-fourths of a m. l., 71, 919.
By Lt. Col. Stewart, break'r, \$11,285,226, 74, ii, 377.

SURVEYS.

The H. included in the Coast Sur., 71, 918.
Ex. au. act Sept. 19, 1890; made, 1890, by Lt. Col. Benyaud (R. unfav.; cost too great), 91, 2970.
Pre. ex. au. act June 13, 1902. **R.** by Capt. Jadwin, Dec. 27, 1902 (H. D. 214, 58th, 2d) (unfav.), 04, 637, 3400.

TT-15 SAN FRANCISCO HARBOR, CAL.

Part.	Title.	Period.	Appropriations.
a	San Francisco Bay-Golden Gate.....	1892-1893

Part (a), TT-15 San Francisco Bay, Cal. (Entrance to, Golden Gate.)**ENGINEERS.**

Chief of Engineers. **R.**, 93, 420.

In charge. Col. G. H. Mendell, 1893. **R.**, 93, 3221.

PHYSICAL CHARACTERISTICS.

Description of, 93, 3222.

The Golden Gate is opposite and bet. Lime Pt. on the n. and Fort Pt. on the s. side of the entrance

to San Francisco H., and is almost exactly 1 m. w. In 1892 the officer in charge thought that nowhere could there be found a better entrance, and because of its excellence considered it was not worthy of imp. by the U. S., 93, 3222.

SURVEY.

Ex. of the entrance au. act July 13, 1892 (**R.** unfav.), submitted by Col. Mendell, 1892 (see Physical characteristics), 93, 3221.

Part (b), TT-15 Blossom Rock, San Francisco Harbor, Cal.**APPROPRIATIONS.**

1868, *\$50,000.00, 68, 73; 69, 471.

1869, **29,927.27, 69, 64, 471, 473; 71, 931.

Total, 79,927.27

COMMERCE.

Blossom Rock in the track of vessels approaching the city, 71, 923, 927.

CONTRACTS.

A. W. Von Schmidt, removal of Blossom Rock, to 24', \$75,000, 69, 485; 70, 510; 71, 922.

ENGINEERS.

Chief of Engineers. **R.**, 66, iii, 27, 36; 67, 51; 68, 73; 69, 64; 70, 83; 71, 98.

In charge. Lt. Col. R. S. Williamson, 1866-71. **R.**, 66, iv, 332; 67, 507; 68, 471, 473, 485; 70, 510; 71, 905, 922.

Assistant. Capt. W. H. Heuer, 71, 905. **R.**, 71, 924.

ESTIMATES. (See Plans and Projects.)

By T. D. Parkinson, C. E., removal of Blossom Rock, \$46,080, 66, iv, 334.

By Lt. Heuer, removal of Blossom Rock, \$60,000, 67, 51, 507; 68, 885. Removal of the r. by surface blasting to a d. 25', \$300,022, 68, 885. Removal by drilling and blasting, \$56,228, 68, 885, 886.

By Lt. Col. Alexander, removal of Blossom Rock by means of shaft and tunnels excavated in the r. through the aid of a cofferdam, \$41,132, 69, 490; 71, 929.

By A. W. Von Schmidt, C. E., entire removal of Blossom Rock to 24', \$75,000, 69, 485.

OPERATIONS.

1866-67. \$3,148.52 expend. on experiments, 67, 51, 507.

1869-70. Rock removed by contract to 22', 70, 510.

1870-71. Continuation of contract and completion of the work to required 24', 70, 510; 71, 922, 934, 937.

PHYSICAL CHARACTERISTICS.

General, of, 71, 923.

Current observations of San Francisco H., 78, 34, 1304.

PLANS. (See Estimates and Projects.)

By A. W. Von Schmidt, C. E., removal of Blossom Rock by removing the whole inside of the r. by means of a shaft, heavy charges of powder placed in the chambers and exploded simultaneously, 69, 485, 490.

PROJECTS.

By Lt. Col. Alexander, removal of Blossom Rock by means of a shaft and tunnels and excavation in the r. through the aid of a cofferdam, heavy charges of powder to be placed in chambers, the whole to be simultaneously exploded by electricity and the r. to be subsequently removed by dr.; est., \$41,132, 69, 485, 486; 71, 926.

R. subsequently removed under the plan of A. W. Von Schmidt for \$75,000, 69, 485, 490; 71, 932.

SURVEYS.

By T. D. Parkinson, C. E., 1866. **R.**, 66, iv, 333.

By Lt. Heuer, 1867, 67, 51, 507.

By Capt. Heuer, 1871, 71, 938.

* Allotment. ¹ \$3,470.32 of this amount turned into Treas., 12, 2760. ² Stated in report as \$80,000.

Part (c), TT-15 Rincon Rock, San Francisco Harbor, Cal.

APPROPRIATION.

1872, \$50,000, **73**, 108.

COMMERCE.

Rincon Rock a dangerous obstr. to navigation, **73**, 1136.

CONTRACT.

1874. J. N. Risdon, removal of Rincon Rock to 24', for \$43,000, **74**, ii, 371. Contract extended, **74**, ii, 371; **75**, 122, ii, 694. Completed by one of the sureties on his bond, **76**, ii, 617; **77**, 992.

ENGINEERS.

Chief of Engineers. **R.**, **73**, 108; **74**, 119; **75**, 122; **76**, ii, 617; **77**, 120.

In charge. Maj. G. H. Mendell, 1873-77. **R.**, **73**, 1133; **74**, ii, 371; **75**, ii, 694; **76**, ii, 617; **77**, 992.

ESTIMATES. (See Projects.)

By board of underwriters, for the removal of Rincon Rock, \$65,000, **68**, 73.

By Maj. Mendell, removal of 1,830 c. y. of Rincon Rock, \$45,750, **73**, 1139.

LEGISLATION.

Act of Cal., Mar. 26, 1851, fixing a boundary line for the water front of San Francisco, **73**, 1134.

OPERATIONS.

1873-74. Disastrous explosion; 2 lives lost; large amount of property destroyed; **75**, ii, 695; 1,650 c. y. r. removed, **74**, ii, 371.

1874-75. 1,570 c. y. r. removed, **75**, ii, 695.

1875-76. Operations suspended on account of legal injunction, **76**, ii, 617.

1876-77. Work completed by one of the contractor's sureties, 1,128 c. y. r. removed, **77**, 120, 992.

PROJECT.

By Maj. Mendell, removal of Rincon Rock by drilling and blasting; est., \$45,750, **73**, 1137; **74**, ii, 371.

SURVEYS.

Rincon Rock included in the Coast Sur. of 1864, **73**, 1133.

By T. D. Parkinson, C. E., 1866, **68**, 73.

By Maj. Mendell, 1873, **73**, 1133.

By Maj. Mendell, 1875, **75**, ii, 695.

By Maj. Mendell, 1877, **77**, 992.

Part (d), TT-15 Noonday Rock, San Francisco Harbor.

APPROPRIATION.

1874, \$25,000, **75**, 123, ii, 716.

COMMERCE.

Noonday Rock dangerous to navigation, **75**, ii, 716.

CONTRACT.

With E. Moore, to remove the r. to 47', \$20,000, **75**, ii, 711, 718.

ENGINEERS.

Chief of Engineers. **R.**, **75**, 123.

In charge:

Lt. Col. B. S. Alexander, 1874; **75**, ii, 716.

Lt. Col. C. S. Stewart, 1874. **R.**, **75**, ii, 711, 715, 720, 722.

Assistant. Lt. J. H. Weeden. **R.**, **75**, ii, 715, 721.

ESTIMATES. (See Projects.)

By Lt. Col. Stewart, removal of Noonday Rock, \$20,000, **75**, ii, 716. For sur. of rs. in vicinity of Noonday Rock, \$1,500, **75**, ii, 722.

By Lt. Weeden, sur. of rs. near Noonday Rock, \$10,000, **75**, ii, 723.

OPERATIONS.

1875-76. Noonday Rock removed to 47' by contract, **75**, ii, 720.

PHYSICAL CHARACTERISTICS.

Noonday Rock a submerged peak, **75**, ii, 716, 717.

PROJECTS. (See Estimates.)

By E. Moore, removal of Noonday Rock by placing a chain around the r. at the required d., and to suspend therefrom explosives (nitroglycerin) to be exploded simultaneously by electricity, **75**, ii, 719, 720.

SURVEYS.

Included in the Coast Sur., 1863, **75**, ii, 716.

By Lt. Weeden, 1874. **R.**, **75**, ii, 715, 721.

Part (e), TT-15 Patrician, San Francisco Harbor. (Removal of the wreck.)

APPROPRIATIONS. [See TT-15(g).]

ENGINEERS.

Chief of Engineers. **R.**, **75**, 123.

In charge. Lt. Col. C. S. Stewart. **R.**, **75**, ii, 710, 712.

Assistant. Lt. J. H. Weeden. **R.**, **75**, ii, 715.

OPERATIONS.

Wreck of the *Patrician* removed by hired labor, **75**, ii, 714.

PROJECT.

By Lt. Col. Stewart, removal of the wreck of the *Patrician*, by blasting, **75**, ii, 715.

ESTIMATES. (See Projects.)

BE., for 2 training walls, \$479,094; for canal, dam, and tidal basin, \$1,335,435.20, **74**, ii, 383.

LEGAL PROCEEDINGS.

Opinion of Atty. Gen. as to rights of U. S., **81**, 2462.

LEGISLATION.

Provision of act of Mar. 3, 1879, requiring release to title of certain lands, **80**, 2229.

Release from building br. at Washington Ave., secured by payment of \$50,000 to Central Pacific Ry. Co., **01**, 605.

U. S. district atty. decided U. S. had no title to land purchased, 1882, from A. A. Cohen; land condemned and purchased again, **03**, 2186.

OBSTRUCTIONS.

Complaint made, 1895-96, that drawbrs. crossing H. at Webster and Alice Sts. were obstr. navigation, and Sec. of War after public hearing ordered brs. should be reconstr. with draws of 150' clear span, to be operated by other than hand power, **96**, 3175.

New county br. opened, and old Alice St. R.R. br. removed, **00**, 4219.

OPERATIONS.

1875-76. 9,400 l. f. n. training wall and 10,807 l. f. s. training wall built, 12,451 c. y. dr., **76**, 112, ii, 612.

1876-77. 400 l. f. s. training wall built, 196,465 c. y. dr., **77**, 986.

1877-78. 540 l. f. n. training wall and 960 l. f. s. training wall built, 13,420 c. y. dr., **78**, 134, 1285, 1288.

1879-80. No operations in consequence of failure to close negotiations with Oakland Water Front Co., **80**, 2229.

1880-81. 33,900 t. st. delivered in work, raising n. wall to h. w. mark for 5,700' and s. wall to 5' above l. w. for 9,300'; 42,300 c. y. dr. from chan., **81**, 2462.

1881-82. 46,552 t. st. delivered in js.; 243,735 c. y. dr. from chan., **82**, 2529.

1882-83. 32,351 t. st. delivered in js.; 92,055 c. y. excavated from channelway and tidal basin, **83**, 1965.

1883-84. 12,586 t. st. delivered and placed in j.; 503,223 c. y. dr. from channelway and tidal basin, **84**, 2178.

1884-85. 16,685 t. st. delivered in js.; 59,089 c. y. dr. from ship chan. and 30,047 c. y. from tidal basin, **85**, 2331.

1885-86. 698,312 c. y. dr. from tidal basin, **86**, 1909.

1886-87. 322,882 c. y. dr., **87**, 2420.

1888-89. 126,548 c. y. dr. from tidal basin; 96,530 c. y. excavated from tidal canal; 116,748 c. y. dr. from j. chan.; 3,954 t. st. delivered on s. j.; 15,489 s. f. dry masonry laid, **89**, 345, 2469.

1889-90. 495,387 c. y. dr. from tidal basin; 5,446 t. st. placed in js.; 25,197 s. f. dry masonry laid and 450,000 c. y. excavated from tidal canal, **90**, 310, 2887.

1890-91. 250,820 c. y. dr. from e. end of canal; 3,552 t. of rubblest. delivered upon n. j., and 30,101 s. f. of masonry laid, **91**, 2944.

1891-92. 9,815 t. st. delivered upon n. j. and 31,528 s. f. of masonry laid; constr. of concrete br. ps. and highway br. completed; 142,088 c. y. dr., **92**, 2618.

1892-93. 418,733 c. y., p. m., dr.; 20,684 s. f. masonry laid on s. j.; tide water admitted to canal in front of town of Alameda, and 30,078 s. f. canal revetted with st. laid 12" thick, **93**, 3217, 3218.

1893-94. 28,206 s. f. masonry laid on s. j.; 144,854 c. y., p. m., dr., **94**, 2502, 1,410 t. of st. placed in s. j., **94**, 2503.

1894-95. 350,017 c. y., p. m., dr., **95**, 3248.

1895-96. 174,480 c. y., p. m., dr., **96**, 3174.

1896-97. Floor of Park St. Br. renewed, **97**, 3328.

1898-99. 647,715 c. y. dr. and placed behind s. j. in inclosure built by Southern Pacific Co., **99**, 3163.

1899-00. High St. and Fruitvale Ave. Brs. under constr., and diversion of chan. of Sausal Creek under way, **00**, 4219.

1900-01. High St. and Fruitvale Ave. Brs., and Sausal Creek Chan. completed; Park St. Br. refloored, **01**, 3413.

1901-02. 1,100,861 c. y. dr. from tidal canal; 31,733 c. y. dr. from San Leandro B., **01**, 2350.

1902-03. 198,000 c. y. dr. from j. chan.; 336,535 c. y. dr. from tidal canal, **03**, 2187.

1903-04. 1,376,239 c. y. dr., **04**, 3410.

1904-05. 1,192,331 c. y. dr.; small repairs made to bulkhead and Fruitvale Ave. Br.; borings made, **05**, 2424.

1905-06. 708,317 c. y. dr.; Fruitvale Ave. Br. and small washout at High St. Br. repaired, **06**, 1964.

1906-07. 674,977 c. y. dr., **07**, 2141.

1907-08. 658,848 c. y. dr., **08**, 2217.

1908-09. 1,301,725 c. y. dr., **09**, 2185. High St. Br. damaged by fire, **09**, 2188.

1909-10. 870,976 c. y. dr.; High St. Br. repaired, **10**, 2350.

1910-11. 561,778 c. y. dr.; in addition 125,400 c. y. allowed for overdepth; repairs to 3 U. S. brs. across tidal canal begun; 6 systems of automatically operated highway gates installed with equipment; machinery overhauled, cleaned, and put in good order; electrical machinery control house installed on each br.; flooring of Fruitvale Ave. Br. patched

and renewed; reflooring of Park St. Br. in progress, 11, 2554-2555.

1911-12. 744,991 c. y. dr., d. the 25' chan. to 30', and extending 30' contour in San Francisco B. to Webster St. Drawbr.; 3 drawbrs. across tidal canal placed in good working order, and after their completion custody tendered to au. of Alameda Co., in accordance with act of June 25, 1910, but they declined acceptance until pile dolphins had been placed to protect draw spans and abutments (U. S. not obliged to do this work); 391,130 c. y. dr. from along s. side of Oakland Chan., 12, 2762-2763.

PHYSICAL CHARACTERISTICS.

General, of Oakland H., 74, ii, 380; 96, 3173.

Description of, 01, 3435, 3446.

Difficult dr. caused by hard sandst. foundation of H. bottom, 04, 3410.

Shoaling in main ship chan., in chans. around tidal basin, and in chan. e. and w. of Webster St. Drawbr., 11, 2555.

PRIVATE (CITY AND CORPORATE) WORK.

By city of Oakland, 2 lines of cribs, each 500' or 600' l., and filled with st. Subsequently partly removed to make place for js., 76, ii, 612.

In 1896 Sec. of War ordered Southern Pacific Co. to build new RR. br. at Harrison St.; work in progress, 1898. Alameda Co. authorities commenced in 1898 the work of reconstr. Webster St. Br., 98, 2936.

PROJECTS. (See Estimates.)

By BE., 1874, ship-chan. entrance 18' to 20' d. l. w. by constr. of 2 training walls extending from shore to d. w. in San Francisco B., formation of a tidal basin at head of H., and connection by a canal of the Oakland Estuary with that of San Leandro for purpose of increasing tidal basin; est., \$1,814,529, 74, ii, 382, 383.

Subsequent excavation of Oakland C. necessitated excavation of chan. bet. the js., and an extension of the d.-w. chan. along water front of Oakland. W. of Oakland Estuary and the San Leandro Canal also increased 300' to 400', 86, 1907, 1908. In 1887 Col. Mendell est. \$1,590,074 as amount required for completion of revised proj., 87, 2422.

By Col. Suter, 1896, leaving out of the existing proj. constr. of canal to San Leandro B., thereby reducing est. cost of whole proj. by \$512,000, 97, 3328.

Letters concerning proposed imp. from John L. Howard, Balfour, Guthrie & Co., Oakland Board of Trade, E. C. Sessions, and Edson F. Adams, 01, 3441-3444.

By Col. Heuer, 1900, imp. by extending s. j. 550' and dr. from San Francisco B. up to and around tidal basin; 3 alternate ests. submitted for w. of 300' and 500' and d. varying from 12' to 25'—No. 1, \$646,293; No. 2, \$1,687,818; No. 3, \$968,203 (H. D.

262, 56th, 2d), 01, 3448. Congress not having specified which plan it approv., Col. Heuer recom., 1902, that app. be expended on work common to the 3 plans, 03, 2187. Act Mar. 3, 1905, approv. plan No. 3; est., \$968,203, calling for chan. from San Francisco B. to Chestnut St., Oakland, 25' x 500'; thence 300' w., 25' d., to Fallon St., and 17' d. up to and 12' d. around tidal basin, 05, 647. Act Mar. 2, 1907, au. proj. (No. 3) as recom. by BERH., but extended as follows: Extending s. j. 500', w. chan. up to Fallon St. to 500', d. chan. up to tidal basin to 25', and around tidal basin to tidal canal and along Alameda to 10th St. to 17'; est. addl. cost, \$500,000, 07, 741; 08, 2218.

Building of dr. recom., 09, 2187.

Lt. Col. Biddle recom., 1908, that br. over tidal canal be turned over to local authorities on account of demand for more water front, 08, 2220.

Act June 25, 1909, au. turning over brs., also for installing electric operating machinery; est., \$17,150, 10, 2350.

By Col. Biddle, 1909, for securing chan. 30' x 500' B. to tidal basin, 25' x 300' around tidal basin, and 18' d. in tidal canal; est., \$1,100,000, and \$25,000 an. mainten., 30' chan. to drawbr. (\$600,000) to be constr. first, and remainder as C. demands (H. D. 647, 61st, 2d), 10, 915, 926. This is the "present" proj. and is au. by act June 25, 1910.

Act Feb. 27, 1911, made a provision that, should the bids for dr. be unreasonable, so much of the app. of \$150,000 as may be necessary may be expended for purchase or constr. of a suitable dr. plant, 11, 969.

SURVEYS.

Sur. of entrance to San Leandro B. and a line for a tidal canal, 1874, 74, ii, 378.

By L. J. Leconte, 1878, 78, 1287, 1288.

Hydrographic sur. of entrance and vicinity, 81, 2462.

Ex. of chan. bet. js. and in front of Oakland, 81, 2462.

Hydrographic sur. of entrance, 82, 2529.

Hydrographic sur. made, 1892-94, by Col. Mendell, 93, 3218; 94, 2501; 95, 3248.

Surs. made, 1895-96, by Col. Suter, 96, 3174; and, 1897-98, by Maj. Heuer, 98, 2936.

Au. act June 6, 1900; made, 1900, by Col. Heuer (H. D. 262, 56th, 2d), 01, 3434.

R. by BERH., Jan. 11, 1907, in pursuance with R. and H. Com.'s request for information as to which projs. should be changed or eliminated from present undertakings. Board is of opinion that all work included in adopted projs. be completed, and any amounts still required be provided. (R. and H. Com. D. 9, 59th, 2d.)

Au. act Mar. 3, 1909; made, 1909, by Col. Biddle (H. D. 647, 61st, 2d), 10, 926.

1891-92. 21,972 c. y. dr. and 32 snags removed 92, 2622.

1893-94. H. lines estab., 94, 2508.

1895-96. 12,065 c. y. dr., 96, 3178.

1898-99. 25 dangerous snags blasted and removed, 99, 3182.

1900-01. 27,648 c. y. dr., 01, 3428.

1904-05. 27,682 c. y. dr., 05, 2437.

1905-06. Chan. 75 x 4' completed, 06, 1971.

1907-08. 20,362 c. y. dr., 08, 2227.

1908-09. Obstr. removed, 09, 2195.

1909-10. 31,977 c. y. dr.; rocky shoal broken up and removed, 10, 2362.

1910-11. 9 trees removed from portion of sliding bank, 11, 2565.

1911-12. 24,456 c. y. dr., 79 stumps, logs, and snags, and 62 l. f. sheet piling removed; full proj. dimensions of au. chan. recovered, 12, 2768.

PHYSICAL CHARACTERISTICS.

Description of, 85, 2344; 94, 2508; 95, 3264, 3286; 97, 3374; 00, 4255; 04, 3428.

In 1895 the officer in charge did not believe a permanent imp. could be effected. Any chan. dr. would be liable to obliteration by the floods of the succeeding winter, 95, 3264; 99, 3182; 00, 4234.

Strip of R. bet. North and South Vallejo known as Mare Isld. Strait. It connects Napa Creek with the Strait of Karquinez, and the latter affords communication with the Bay of San Francisco. Mare Isld. Navy Yard is on the w. bank of the strip, 95, 3286.

A tidal stream. At Napa City the tides vary from 5 to 7'; thought to give the R. a permanent value for navigation, 97, 3374.

An. freshets add detritus to old, and form new bars, 03, 2199.

Car Bend and Jack Bend are pronounced bends, and consequently make navigation difficult even with good d.; shoaling at these bends, 11, 2565.

PROJECTS.

By Col. Mendell, 1885, formation, by dr. and removal of obstr., of chan. 4 x 75', mouth of R. to Napa City; est., \$27,600, 85, 2346; 88, 290. Proj. completed in 1892; cost, \$17,500, 92, 2622.

Maj. Heuer est., 1899, \$3,600 to make chan. through several bars, 00, 4255.

SURVEYS.

Au. act July 5, 1884; made by Lt. Col. Mendell, 85, 2343.

Ex., with view to imp. of R. bet. North and South Vallejo, au. act Aug. 17, 1894; made, 1894, by Lt. Col. Benyard (R. fav.), 95, 3286.

Ex., 1895, by Lt. Col. Benyard, 95, 3264.

Ex. with view to straightening chan. from Napa to a point s. of Carrs Bend, and to making cut through Carrs Bend, au. act June 3, 1896; made, 1896, by Maj. Davis (R. fav. to limited imp.), 97, 3374.

Ex. for imp. and submission of plan and est., au. act Mar. 3, 1899; made, 1899, by Maj. Heuer (R. fav.; see Projects), 00, 4253.

Au., with view to straightening chan. above Mare Isld. Navy Yard, by act June 13, 1902; R. by Lt. Col. Heuer (unfav.) (H. D. 178, 58th, 2d), 03, 2198; 04, 651, 3427.

Minor surs., 04, 3421; 07, 2148; 10, 2362.

Ref. to ex. and sur. reports, 12, 1160.

* Allotment. 1 \$2,000 of this amount withdrawn and allotted to Petaluma Creek, Cal., 09, 2195.

Maj. S. A. Cheney, 1912-. R., 12, 2766.

OPERATIONS.

1880-81. 21,135 c. y. dr. from cut-offs and chan., 81, 2478.

1882-83. 25,290 c. y. dr., 83, 1982.

1883-84. 43,267 c. y. dr., completing proj., 84, 2198.

1887-88. Dr. chan. completed under contract, 88, 2134.

1891-92. 37,025 c. y. dr., 92, 2656.

1892-93. 37,171 c. y. dr., 93, 3276.

1893-94. 50,864 c. y. dr., 94, 2538.

1895-96. 172,517 c. y. dr., 96, 3206.

1899-00. 22,562 c. y. dr., 00, 4236.

1901-02. 26 old piles removed, 02, 2358.

1904-05. 31,250 c. y. dr., 05, 2436.

1907-08. About 40,000 c. y. dr., 08, 2226.

1908-09. Dr. under contract with Bay & River Dredging Co. completed Oct. 21, 1908; 159,063 c. y. removed, of which 32,080 c. y. removed prior to June 30, 1908, at 8.4¢ c. y., and the remainder, 104,519 c. y., were at 8.4¢ and 22,464 c. y. at 14.8¢ c. y.; total cost, \$14,717.48, 09, 2193.

1909-10. Dr. under contracts with J. S. McAnany completed, 10,247 c. y. dr. under 1st at 13.5¢ and 12,000 c. y. dr. under 2d contract at 17.5¢ c. y., 10, 2360.

1910-11. 80,862 c. y. dr., obtaining full proj. w. and d., 11, 2563.

1911-12. 247,340 c. y. dr. from shoal in San Pablo B. at mouth of creek, 12, 2766.

PHYSICAL CHARACTERISTICS.

Description of, 80, 2243.

Stream subject to shoaling, 95, 3309; 97, 3365, 3376.

Depths not permanent; winter floods an. cause dr. chan. to partly refill, 03, 2197.

Deterioration due to ordinary shoaling in chan., 10, 2360.

PLANS. (See Projects.)

By Maj. Heuer, 1888, increasing chan. d. to 4 or 5' by removal of about 60,000 c. y. of material; est., \$30,000, 88, 2134.

PROJECTS. (See Plans.)

By Lt. Col. Mendell, 1879, imp. below Petaluma by dr. chan. to 3' l. w., and also shortening existing chan. 5,820' by a cut 3' x 50' l. w.; est., \$25,868. Total expend. to completion of work in 1884, \$27,656, 85, 2339; 87, 2446.

By Maj. Heuer, 1892-93, using U. S. dr. to excavate chan. 50' w. and as long and deep as available funds would permit, 93, 3276.

* Allotment.

¹ Allotted by trans. of funds.

In 1897 Capt. Gillette est. \$50,000 to straighten chan. bet. R.R. br. and Donohue Landing, **97**, 3376.

Lt. Col. Heuer est., 1900, it would cost \$4,000 every 2 years for mainten., **00**, 4236.

Enlarged by act Mar. 2, 1907, to provide for dr. chan. 6' x 50' at bottom, mouth to McNears Canal, and 4' x 50' thence to head of navigation; est. (addl. cost), \$15,239 (H. D. 387, 59th, 1st), **08**, 793.

SURVEYS.

Au. act Mar. 3, 1879, **79**, 179; made, 1870, by Lt. Col. Mendell, **80**, 2243.

Minor sur., **93**, 3276; **99**, 3183.

Ex. with view to straightening chan. from R.R. br. to Donohue Landing, au. act June 3, 1896; made by Capt. Gillette, 1897 (**R.** unfav.), **97**, 3375.

Pre. ex. and sur. au. act Mar. 3, 1905, with view to straightening and otherwise imp. creek. **R.** by Lt. Col. Heuer, July 27 and Dec. 26, 1905; est., \$15,239, and \$2,600 an. mainten. (H. D. 387, 59th, 1st), **06**, 731.

Minor sur., **04**, 3420; **07**, 2147.

Ex. and sur. in San Pablo B. at mouth of Petaluma Creek, **09**, 330.

Boards:

Of the Pacific coast, met Aug., 1876, to ex. Hs.
of Mendocino, Humboldt B., Trinidad, and Cres-
cent City, Cal., with view of estab. H. of refuge.
BE. did not deem it necessary to make any plan
or est.; almost impossible to build a break'r
or js. at this place. R., 77, 1052; 79, 1785. (Lt.
Cols. R. S. Williamson, B. S. Alexander, and
C. S. Stewart, and Maj. G. H. Mendell.)

Convened, San Francisco, Cal., Oct. 13, 1882, to
R. upon imp. of Humboldt B., 83, 1992. (Col.
Stewart, Lt. Cols. Mendell, Craighill, and Com-
stock, and Capt. Powell.)

Convened, San Francisco, Mar. 13, 1891, by S. O.
No. 72, to consider and R. upon proj. for imp.
of Humboldt B. R., 91, 3129. (Col. Mendell, Lt.
Col. Benyaure, and Maj. Heuer.)

Convened, San Francisco, June 8, 1891, by S. O.
No. 55, to R. upon estab. of H. lines, Humboldt B.

R., 91, 3141. (Col. Mendell, Lt. Col. Benyaure,
and Maj. Heuer.)

BE., 1890, reconvened Dec. 16, 1892, to consider
and R. upon change suggested by Maj. Heuer in
proj. for imp. of Humboldt H. R., 93, 3288.

In charge:

Lt. Col. B. S. Alexander, 1878. R., 79, 1786.

Lt. Col. G. H. Mendell, 1880-85. R., 81, 2480,
2481; 82, 2539; 83, 1983, 1986; 84, 2199.

Capt. A. H. Payson, 1885-87. R., 85, 2351; 86,
1919; 87, 2447.

Maj. W. H. Heuer, 1888-95; 1898-1906. R., 88,
2135; 89, 2490; 90, 2918; 91, 3120, 3138, 3140; 92,
2656; 93, 3278; 94, 2540; 95, 3310; 98, 2948; 99,
3185; (Lt. Col.) 00, 4237; 01, 3431; 02, 2360; 03,
2199; (Col.) 04, 3422; 05, 2439; 06, 1972.

Capt. C. E. Gillette, 1896-97. R., 96, 3207; 97,
3366, 3377.

Maj. W. W. Harts, 07, 740, 748.

Lt. Col. John Biddle, 1907-11. R., 07, 2149; 08,
2228; 09, 2197; 10, 2364; 11, 2566.

Lt. Col. T. H. Rees, 12, 1150, 1162.

Maj. S. A. Cheney, 1912-. R., 12, 2770, 2772.

Assistants:

A. Boschke. R., 82, 2540; 83, 1984; 84, 2200.

Lt. H. Deakynne. R., 94, 2543; 95, 3317; 96,
3211.

Lt. J. J. Meyler. R., 97, 3369.

D. E. Hughes. R., 98, 2951.

1st Lt. Douglas MacArthur, 05, 644; 06, 719.

OPERATIONS.

1881-83. 95,744 c. y. dr. from Eureka and
Arcata Chans.; protection from erosion of n. spit
by brush js., 82, 2539, 2541.

1882-83. 75,904 c. y. dr. from Arcata, Hook-
ton, and Eureka Chans., 83, 1984.

1883-84. 26,080 c. y. dr. from Eureka Chan.,
84, 2200.

1888-89. 1,152 l. f. shore protection built, con-
taining 1,672 c. y. brush and 2,748 t. r., 89, 2491.

1889-90. 24,512 t. r. and 14,669 c. y. brush de-
livered in the j., and 2,767 l. f. of p. built, 90, 2919.

1890-91. 8,168 t. r. placed in j.; wharf and
approaches built on s. spit, 91, 3122.

1891-92. 300 l. f. of brush and st. shore pro-
tection built at n. spit; 8,777 c. y. brush mattress
and 15,930 t. st. placed in n. j.; 4,759 c. y. brush
mattress and 30,778 t. st. placed in s. j.; 1,486 l. f.
trackway laid in st., and trestle and track over the
water extended 1,480', 92, 2658.

1892-93. Repairs made to n. spit protection
work, 93, 3278; and n. j. extended to 2,293', 93,
3280.

1893-94. N. j. extended to 5,178', and spurs
built at s. j. to prevent encroachment of chan.,
94, 2542.

1894-95. Extension of s. j. in progress, and
mainten. of j. carried on, 95, 3312, 3313; n. j. com-
pleted for 6,329', 95, 3316. (Summary of constr.
by months on n. and s. js. for the year, 95, 3316.)

1895-96. N. j. work carried to about 8,100',
and various repairs made, 96, 3209, 3210; work on
s. j. carried to about 5,000', and various repairs
made to it, 96, 3210.

1896-97. N. j. completed; portions of s. j.
rebuilt, 97, 3366; and s. j. work carried to about
5,500' from shore, 97, 3367.

1897-98. 67,755 t. of st. placed in s. j. for its
extension, 98, 2949.

1898-99. 228,211 t. r. placed in s. j., 99, 3185.

1899-00. 26,179 t. st. placed in s. j.; 8,733 t.
placed in n. j. (brief history of j. work—r. and
brush delivery, method of building js., etc.); 387,265
c. y. dr., 00, 4237-4243.

1900-01. Minor repairs to property, 01, 3431.

1907-08. 65,000 c. y. dr., 08, 2228.

1908-09. 278,407 c. y. dr., 09, 2196.

¹ See proviso of act of 1886, 87, 2447.

² Chan. front of Eureka.

³ Rebuilding js.

⁴ \$15,000 for chan. front of Eureka.

1910-11. Plant for st. work on rebuilding j. under constr., 11, 2567.

1911-12. Constr. of plant completed; 1,695' of s. j. rebuilt, 12, 2771.

PHYSICAL CHARACTERISTICS.

Description of, 81, 2482; 83, 1987; 91, 3129; 93, 3279; 95, 3317; 97, 3377; 00, 4238.

Damage to js. by action of waves and teredo, 03, 2200.

Deterioration of chan. by bar formation, 05, 656. Chan. depths, 09, 833.

H. 272± m. n. of San Francisco; max. draft, 1912, over shoalest part of chan., 21' m. l. w. Length of j. chan., 1½ m. Head of navigation is principally at Eureka, 12, 1162, 1163.

PROJECTS.

By Lt. Col. Mendell, 1881, securing, by dr., chan. 13 x 200' to the upper end of Eureka wharves, with chan. 10 x 100' to Arcata and Hookton; est., \$135,220, 81, 2480, 2485; 87, 2447.

In 1882, after app. of \$80,000, Lt. Col. Mendell proposed increased d. of chan. across the outer bar by a training wall 6,000'± l. from the s. spit, running in a n. direction; est., \$600,000, 83, 1991. Approv. by B.E. of 1882, 83, 1992; 87, 2447.

In 1890 existing proj. modified to embrace shore-protection work on n. spit, and the constr. of a j. starting from there and running seaward nearly parallel to the j. on the s. spit, both js. to extend cut to the 18' contour, and be raised to the plane of h. w.; est. for completing proj., \$1,715,115, 91, 3121; 92, 2658.

By B.E., 1892, modification of existing proj. to provide for relocation of the n. j. in such a way as to utilize the shore protection built on the n. side of the entrance and make it a part of the proposed n. j.; also its constr. out to a point sufficient to arrest erosion before the completion of the s. j., after which both js. were to be carried out simultaneously to the 18' curve, 93, 3273, 3289.

The Chief of Engineers, 1898, est. \$75,000 to imp. the H. by dr. at Eureka, 98, 2956.

By Maj. Heuer, dr. 15' l. w. chan. 8,900' l. in front of the city wharves, Eureka, 200' w., 99, 3185; 00, 4237.

Secs. of completed js., 00, 4243.

Act Mar. 2, 1907, au. enlarging chan. in front of Eureka, 18 x 300 x 6,200'; cost, \$83,000, 08, 796.

Act June 25, 1910, au. restoring js. to their orig. condition; est., \$1,037,400, 10, 924.

SURVEYS.

Ex. BE. R., 77, 1052. Ex. au. act June 18, 1878, assigned to Lt. Col. Alexander, 78, 136. R., 79, 1785.

Au. act June 14, 1880; made, 1880, by Lt. Col. Mendell, 81, 2481.

Sur., 1894, by Maj. Heuer, 95, 3317. Complete sur. entrance to B. made, 1895-96, by Capt. Gillette, and also in 1897, 96, 3210; 97, 3367; and a sur. of the Eureka water front made, 1895-96, by the same officer to ascertain the extent of the shoaling of the chan., 96, 3211.

Ex. for dr. along the city (Eureka) front au. act June 3, 1896; made, 1897, by Capt. Gillette (R. fav.), 97, 3377.

Complete sur. entrance to B. made, 1897-98, by Maj. Heuer, 98, 2949.

Sur. entrance made by Maj. Heuer, 1898-99 (maps), 99, 3185.

Chan. over bar entrance and inner H. resur. front of Eureka; chan. 31 x 250', 03, 2200.

Pre. ex. and sur. for enlarging chan. in and from said B. to Eureka, au. act Mar. 3, 1905. R., Col. Heuer, 1905, plan submitted for 13 x 300 x 6,200'; est., \$83,000 (H. D. 228, 59th, 1st), 06, 731.

Pre. ex. and sur. au. act Mar. 2, 1907. R., Lt. Col. Biddle, 1907 and 1908; plan for rebuilding js. (see Projects) (H. D. 950, 60th, 1st), 08, 797.

Pre. ex. and sur. au. act Mar. 3, 1909, of South B. Chan., for removal of obstr. to navigation to wharf at Fields Landing. R., Lt. Col. John Biddle, May 6 and July 30, 1909; est., \$10,000 (H. D. 204, 61st, 2d), 10, 926.

Pre. ex. au. act Mar. 3, 1909, for increased d. Eureka to Arcata. R., Lt. Col. Biddle, May 13 and July 30, 1909; est., \$56,000 (H. D. 326, 61st, 2d), 10, 926.

Sur. for constr. inland waterway in Cal. bet. points on Humboldt B. and Eel R., etc. R., Lt. Col. Biddle, 1909 (unfav.) (H. D. 683, 61st, 2d), 10, 926.

Maps. (H. D. 204, 61st, 2d; H. D. 228, 59th, 1st.) 91, 3122, 3131; 95, 3324; 96, 3218; 97, 3368; 98, 2954; 99, 3186; 00, 4246.

Maj. R. S. Williamson. **R.**, **67**, 515.
 Lt. Col. B. S. Alexander. **R.**, **79**, 1785.
 Capt. A. H. Payson, 1887. **R.**, **87**, 2454.
 Maj. W. H. Heuer, 1893-95; 1899. **R.**, **93**, 3308; **95**, 3339; **00**, 4262.
 Capt. Chas. T. Leeds, 1911. **12**, 1137.
Assistant. Lt. W. H. Heuer. **R.**, **67**, 517.

ESTIMATES. (See Plans and Projects.)

By Lt. W. H. Heuer, break'r, \$2,178,008, **67**, 518.
By BE., break'r, \$6,022,940, **77**, 1059.

PHYSICAL CHARACTERISTICS.

Description of, **93**, 3310; description of rs. at entrance to H., **95**, 3340.

A town situated on the ocean beach, and the only shipping port at which seagoing vessels touch in Del Norte Co. B. is an open roadstead, very contracted, being little more than $1\frac{1}{2}$ m. in extent e. and w., and $\frac{1}{2}$ m. n. and s., **93**, 3311.

PLANS. (See Estimates and Projects.)

By Lt. W. H. Heuer, break'r of st., 3,767' l., **67**, 518. Compared with European break'rs, **67**, 516.
By BE., break'r, **77**, 1059.

PROJECTS. (See Estimates and Plans.)

In 1895 Maj. Heuer est. \$285,000 to remove rs. in entrance to H., **95**, 3341.

SURVEYS.

Included in the Coast Sur., **67**, 517.

Ex., BE., **77**, 1053.

Ex. au. act June 18, 1878; assigned to Lt. Col. Alexander, **78**, 136. **R.**, **79**, 1785.

Ex. of H. with view to a sea wall, Battery Pt. to Flat Rock, au. act Aug. 5, 1886; made, 1887, by Capt. Payson (**R.** unfav.), **87**, 2454.

Ex. au. act July 13, 1892; made by Maj. Heuer (**R.** unfav.), **93**, 3309.

Sur. au. act Aug. 17, 1894; made, 1895, by Maj. Heuer (**R.** unfav.; see Projects), **95**, 3339.

Ex., Crescent B., au. act Mar. 3, 1899. **R.** (unfav.) on Crescent City H. by Maj. Heuer, 1899, **00**, 4262.

Pre. ex. au. act Feb. 27, 1911; made by Capt. Leeds; **R.** dated July 8, 1911, submitted and reviewed by BERH. (**R.** unfav. until other contiguous sites be ex.) (H. D. 720, 60th, 2d), **12**, 1165.

TT-208 SMITHS RIVER, CAL. (Mouth.)

ENGINEERS.

Chief of Engineers. **R.**, **87**, 324.

In charge. Capt. A. H. Payson. **R.**, **87**, 2450, 2452.

Assistant. A. Boschke. **R.**, **87**, 2451.

SURVEY.

Ex. au. act Aug. 5, 1886; made by Capt. Payson (**R.** unfav.—cost too great), **87**, 2450.

UU-6. SAN JOAQUIN RIVER, CAL.

Part.	Title.	Period.	Appropriations.
a	San Joaquin R.	1875-1912	725,670
b	San Joaquin R.—Stockton and Mormon Chans	1898-1911	280,395
c	San Joaquin R.—Old River Branch	1892-1915	
	Total [see also UU-6 (d, e, f) on p. 1580 of this index]		1,006,065

† NOTE.—The California Débris Commission exercises control over hydraulic mining on the entire water sheds of the Sacramento and San Joaquin Rs. (See Gazetteer of the Surface Waters of California, Parts I and II, W. S. P., 295-6.)

¹ The "second" district is concerned principally with defensive matters. The waterways of the 3d District are interior of the waterways of District TT (1st San Francisco), the list above beginning and ending at Suisun Bay. Hence, the list of waterways of VV District begins with the waterway following the last waterway of District TT.

² Artificial canals over which U. S. has not assumed control.

Part (a), UU-6

San Joaquin River, Cal.

APPROPRIATIONS.

1876,	\$20,000,	77, 122.
1880,	20,000,	80, 236.
1881,	40,000,	81, 2474.
1882,	40,000,	82, 2538.
1884,	20,000,	84, 2197.
1886,	18,750,	86, 1923.
1888,	25,000,	88, 2131.
1890,	75,000,	90, 2911.
1892,	65,000,	92, 2650.
1894,	60,000,	94, 3292.
1896,	57,750,	96, 3192.
1898,	20,000,	98, 3166.
1902,	18,000,	02, 2353.
1904,	*35,170,	04, 3414.
1905,	20,000,	05, 2429.
1907,	30,000,	07, 2144.
1909,	20,000,	09, 2190.
1910,	75,000,	10, 2355.
1911,	25,000,	11, 2559.
1912,	40,000,	12, 2779.
	11,000,	

Total, 725,670 (incl. \$11.25 received by Treas. settlement, \$725,681.25, 12, 2779).

COMMERCE.

Description of, 93, 3291, 3293; 96, 3191, 3222; 99, 3190.

Trade bet. Stockton and San Francisco very important and increasing, 93, 3268.

1892, C. of the upper R. insignificant, 93, 3293.

1895, C. of the region above Stanislaus R. in the vicinity of the San Joaquin was carried by rail at excessive rates; but probable cost of imp. this portion of the R. est. to be more than would be justified by the prospective benefits to C., 96, 3223.

Decreasing, 11, 974.

1911, 600,128 t., 12, 2780.

CONTRACTS.

1877. J. Hackett, dr., 78, 1302.

1880. B. C. Jackson, cut-off excavation, 23¢ c. y., 81, 2475.

1881. Oakland Dredging Co., cut-off excavation, 33¢ c. y.; T. H. Williams, dr., 45¢ c. y.; A. Gall, dr., 46¢ c. y., 81, 2475. N. H. Eaton, snagging, \$62.50 per snag; J. M. Lemon, brush-dam constr., 82, 2539.

1882. A. Gall, dr., 40¢ c. y.; A. McKinnon, barrier constr., \$3.50 l. f., 83, 1975.

1883. W. Gwynn, dr., 16¢ c. y., 83, 1975. J. Hackett, dr., 23¢ c. y., 84, 2198.

1884. T. H. Williams, dr., 15¢ c. y.; Von Schmidt & McNea, dr., 17.49¢ c. y., 85, 2355.

1886. H. Lynch, dr., 23¢ c. y., 87, 2440.

1891. C. L. Bigelow, pile and brush dam constr., \$5,013, 91, 2983. J. W. Ferris, reconstr. of submerged dam, \$18,800, 91, 2984.

1893. J. Hackett, dr. 110,093 c. y., 15¢ c. y.; San Francisco Dredging Co., dr. 204,422 c. y., 8.74¢ c. y., 94, 2529.

1894. A. McKinnon, dam repairs; actual cost, \$4,251.10, 95, 3294.

1895. T. J. Moynihan, new boiler for dr., 2,495; W. E. Treftheway, repairs to machinery of dr., \$1,275, 95, 3294.

1897. J. C. Smith, dr., 5½¢ c. y. (\$14,798.52), 98, 2938.

1899. Golden Gate Dredging & Reclamation Co., dr. 6¢ c. y. (\$2,978.94), 99, 3166; 4.45¢ c. y. (\$2,544.23), 00, 4223.

1901. Golden Gate Dredging & Reclamation Co., dr., 4.74¢ c. y., 01, 3419. A. C. Hamilton, dr., 12¢ c. y., 02, 2353.

1902. Bay & River Dredging Co., dr., \$4,986.08, 03, 2192.

1903. Bay & River Dredging Co., dr., \$12,040.68, 03, 2192; 04, 3414.

1904. M. C. Harris, dr., 7½¢ c. y., 04, 3414. Thomas Thomson, repairs to dam (prices given), 05, 2429.

1905. North American Dredging Co., dr. 14¢ c. y.; M. C. Harris, dr., 14¢ c. y., 05, 2429.

1906. Bay & River Dredging Co., dr., 6.7¢ c. y., 06, 1967.

1907. San Francisco Bridge Co., dr., 6.48¢ c. y., 07, 2145.

1908. M. C. Harris, dr., 10½¢ c. y., 08, 2222.

1909. Standard American Dredging Co., dr., 10.74¢ c. y.; lease of dr. *Plutus* for dr., \$80 per day of 22 hours, 10, 2356.

1910. Lease of dr. *Golden Gate* for dr., \$135 per day of 22 hours, 10, 2356. Antioch Dredging Co., dr., 6.89¢ c. y., 11, 2559.

1912. J. C. Frank, dr., \$160 per day of 22 hours, 12, 2779.

ENGINEERS.

Chief of Engineers. R., 75, 124; 77, 122; 78, 136; 79, 179; 80, 236; 81, 322; 82, 316; 83, 328; 84, 332; 85, 361; 86, 354; 87, 321; 88, 293; 89, 348; 90, 313; 91, 394; 92, 370; 93, 426, 460; 94, 398; 95, 436, 441; 96, 388, 392; 97, 488; 98, 473; 99, 555, 561; 00, 627, 634; 01, 606, 613; 02, 528; 03, 584; 04, 642; 05, 649; 06, 723; 07, 743; 08, 789; 09, 826, 834; 10, 918; 11, 973; 12, 1169, 1176.

In charge:

Lt. Col. C. S. Stewart, 1875-81. R., 75, ii, 726; 77, 999; 78, 1302; 79, 1764; 80, 2248.

Lt. Col. G. H. Mendell, 1881-85. R., 81, 2476; 82, 2536; 83, 1973; 84, 2195.

Capt. A. H. Payson, 1885-87. R., 85, 2353; 86, 1921; 87, 2437.

Capt. C. E. Gillette, 1896-97. R., 96, 3189, 3219; 97, 3357.

Maj. W. W. Harts, 07, 740.

Lt. Col. John Biddle, 1907-12. R., 07, 2144; 08, 2222; 09, 2190; 10, 2354; (Col.) 11, 2559.

Maj. S. A. Cheney, 1912-. R., 12, 2778.

Assistants:

Lt. J. H. Weeden. R., 75, ii, 727.

W. P. Smith. R., 78, 1302; 83, 1976; 85, 2356.

Lt. H. Deakney. R., 96, 3220.

L. C. Easton. R., 99, 3192.

H. L. Demeritt. R., 01, 3457.

OPERATIONS.

1877-78. Work done by contract; 23,013 c. y. dr., 78, 1302.

1880-81. 8,760 c. y. dr. from Stockton Slough, 81, 2473.

1881-82. 81,708 c. y. dr. from Stockton and Mormon Sloughs under contract; 21,142 c. y. dr. from Stockton Slough by city of Stockton; 111 snags removed; brush dams built at 4 localities, 82, 2536, 2537.

1882-83. 17,580 c. y. dr. from Mormon Slough; 350 l. f. of timber barrier built; 89 snags removed from R. bed, 83, 1973, 1974.

1883-84. 77,233 c. y. dr. at Mormon Slough and Devils Elbow; 6 snags removed and 230 l. f. of brush dam built on upper R., 84, 2195.

1884-85. 158,930 c. y. dr.; sunken dr. removed from lower approach; 98 snags removed, 85, 2354.

1886-87. 18,819 c. y. dr. and 86 snags removed, 87, 2438.

1887-88. 144,975 c. y. dr. from Stockton Slough by hired labor, 88, 2130.

1888-89. 82,150 c. y. dr. from Stockton Slough by hired labor; dam built by contract for partial closure of Paradise Cut, 89, 2484.

* Allotment.

¹ For McLeod Lake and Fremont Chan.

1889-90. 120,960 c. y. dr. from Stockton Slough by hired labor, **90**, 2910.

1890-91. 138,242 c. y. dr. from Stockton Slough **91**, 2982.

1891-92. Dam completed across Lairds Slough under contract, **92**, 2647. Brush and pile dam completed across Paradise Cut, **92**, 2648. 226,932 c. y. dr., **92**, 2649.

1892-93. 130,605 c. y. dr., **93**, 3266. Dams at Lairds Slough and Paradise Cut repaired, **93**, 3267.

1893-94. 374,431 c. y. dr., **94**, 2529.

1894-95. Lairds Slough dam repaired, **95**, 3293; 100,986 c. y. dr., and dr. repaired, **95**, 3294; about 1,000 snags and other obstr. removed, **95**, 3294-3295; 3 wing dams built at San Joaquin Br., 100, 113, and 255 l. f. in l., resp., and dam at Paradise Cut repaired, **95**, 3295.

1895-96. 6,507 c. y. dr., **96**, 3190-3191; and over 500 snags and other obstr. removed, **96**, 3191.

1896-97. 181,900 c. y. dr., and some obstr. removed, **97**, 3357-3358.

1897-98. 385,478 c. y. dr., some obstr. removed, and a temporary wing dam built at Grayson, **98**, 2938.

1898-99. 47,409 c. y. dr. from Stockton Chan., and over 1,000 snags and other obstr. removed, **99**, 3166.

1899-00. 219,695 c. y. dr., from Stockton and Mormon Chans., **00**, 4223.

1900-01. 245,222 c. y. dr. from Stockton and Mormon Chans., **01**, 3417.

1901-02. 171,096 c. y. dr., **02**, 2352.

1902-03. 203,891 c. y. dr., **03**, 2190.

1903-04. 123,400 c. y. dr., **04**, 3413.

1904-05. 154,880 c. y. dr., and repairs made to brush and r. weir, **05**, 2428.

1905-06. 122,690 c. y. dr., **06**, 1967.

1906-07. 227,501 c. y. dr., **07**, 2144.

1907-08. 284,990 c. y. dr., **08**, 2222.

1909-10. 185,830 c. y. dr., **10**, 2354.

1910-11. 275,285 c. y. dr., **11**, 2559.

1911-12. 267,000 c. y. dr. from Mormon Chan., **12**, 2779.

PHYSICAL CHARACTERISTICS.

General, of San Joaquin R., **75**, ii, 728.
Description of, Hills Ferry to Firebaughs Ferry, **93**, 3290; above the mouth of the Stanislaus R., **96**, 3220.

Water-gauge record taken at San Joaquin Br., **95**, 3296.

In 1895 its l. w. flow was thought too small to permit of any imp. for l. w. navigation, **96**, 3220.

Description of, Stockton and Mormon Chans., **99**, 3192.

Description of sloughs leading from San Joaquin R., and its tributaries, **01**, 3457.

PLAN. (See Projects.)

By Lt. Weeden, 1875, imp. of the San Joaquin R. by dr. Stockton Chan., excavation of a canal at Turkey Bend, and closing secondary chans., \$55,000, **75**, ii, 729.

PRIVATE (CITY AND STATE) WORK.

3 cut-offs, au. by Sec. of War, made by Cal., **99**, 556; **00**, 4224.

M. C. Harris, under contract to fill a certain area, dr. Mormon Chan. east of Yosemite St., to 16" x 600'; **08**, 2223.

PROJECTS. (See Plan.)

General proj. under which work has been carried on has for its object the imp. of the San Joaquin R. by removal of snags and points of land, excavation of cut-offs, and dr. Stockton Chan., **75**, ii, 729; **78**, 1302. Also mainten. by dr., of a 9' l. w. chan. 100' w. through tidal parts of the R. below Stockton, a 4' l. w. chan. 80' w., Mormon Slough to Miller's warehouse, and temporary imp. in the l. w. chans. of upper R. to Hills Ferry, **81**, 2476; **86**, 1921.

In 1887 est. \$139,000 would be required for imp. of Paradise Cut and cut-offs, **87**, 2439; **90**, 2909.

In 1891 it was proposed to maintain 9' up to Stockton, to form a cut-off at Twentymile Slough, to increase the cut at Head Reach, and to remove snags and constr. wing dams; total cost, \$136,750, **91**, 2895. By Maj. Heuer, 1892, extending dam at Laird Slough and closing a crevasse caused by heavy floods, **93**, 3267.

In 1893 Maj. Heuer est. \$5,000 to remove a sand bar obstr. navigation near Stockton Chan., **93**, 3268.

In 1898 Maj. Heuer est. \$255,016 for further imp. of Stockton and Mormon Chans., **99**, 3191.

Act June 25, 1910, au. chan. Suisun B. to Stockton 9' x 200', with 2 cutoffs; est., \$240,000, and \$25,000 an. mainten. (H. D. 1124, 60th, 2d), **10**, 918.

Act July 25, 1912, au. dr. in Fremont Chan. and McLeod Lake to 9'; est., \$11,000, and \$500 an. mainten. (H. D. 581, 62d, 2d), **12**, 1171.

LEGISLATION.

California, 1903, app. money with which to acquire right of way for diverting canal, to be given to U. S., 03, 2193; June, 1906, California Legislature passed act to transfer, 06, 1968. Transfer, 08, 2224.

OPERATIONS.

1908-09. Work on diverting canal in progress; Calaveras sec. about four-fifths completed and canal sec. about one-tenth, 09, 2191.

1909-10. Work on diverting canal in progress; Calaveras section completed, 120,043 c. y. dr. during fiscal year; 735,280 c. y. dr. from canal section; highway brs. built, 10, 2357.

1910-11. Work on diverting canal completed, a total of 1,465,563 c. y. having been excavated in

its constr., 1 ry. and 6 highway brs. built, and 1 R. R. br. extended, 11, 2560.

1911-12. Minor repairs to works, 12, 2780.

PHYSICAL CHARACTERISTICS.

Stockton Chan. connects Stockton with San Joaquin R. Mormon Chan. flows through city and enters Stockton Chan. at westerly edge of Stockton, 99, 3190.

PROJECTS.

In 1898 Maj. Heuer est. \$255,016 for further imp. of Stockton and Mormon Chans. by diversion of waters of Mormon Slough (H. D. 152, 55th, 3d), 99, 3191.

Act June 13, 1902, au. imp. by diversion of waters of Mormon Slough with dam, and constr. of canal 150' x 24,850' at bottom, to n. branch of Calaveras R., 02, 529.

SURVEYS.

1896, ²\$250,000.00, 97, 3962; 00, 5009.

1902, ³150,000.00, 02, 578, 2245.

Total, 400,000.00

CONTRACTS.

1903. Atlantic, Gulf & Pacific Co., constr. of a portion of barrier No. 1, Yuba R., Cal.; prices listed, 03, 2370.

1904. Atlantic, Gulf & Pacific Co. (supple.), furnishing materials in connection with original contract; Samuel Montgomery, building portions of barriers Nos. 1 and 2, Yuba R. (contract terminated by supple. agreement Mar. 2, 1904, which provides that contractor be paid certain amounts for materials furnished); Lewis Moreing, building earth embankment at barrier No. 1, Yuba R.; Edward Malley, excavating cut at Daguerre Pt., Yuba R.; Lewis Moreing, for building portions of barrier No. 1, Yuba R., 04, 3707, 3708.

1905. Hugh McGuire, erecting pile-driver derrick and delivering piles for constr. portion of barrier No. 1 (pile driver, \$630; 400 piles, at 31¢

l. f.); Palmer & McBryde, driving piles for portion of barrier No. 1 (piles, at \$7.60 each, and furnishing and placing 5,000 lbs. cast-iron pile shoes, at 6¢ lb.); Western Fuel Co., 12,000 sacks cement, 56¢ sack, with 5¢ each as rebate for return of sacks; George S. Risher, hauling cement, 12,000 sacks, at 18¢ sack; Palmer & McBryde, building portion of barrier No. 1 (excavation work and material); Lewis Moreing, furnishing 11,000 c. y. sand and gravel, 35¢ c. y.; and 400 y. brush protection, 35¢ sq. y.; Anson B. Munsen, constr. 200,000 y. embankment fill, 12¢ c. y., 05, 2800-02. Western Fuel Co., 10,000 sacks cement, 56¢ sack, with 5¢ each rebate for empty sacks returned, 06, 2076, 2077. George S. Risher, unloading and hauling 10,000 sacks cement, 10¢ sack; B. Barrie, piles, 26¢ l. f.; Palmer & McBryde, building inlet wall at Daguerre Pt. (prices and quantities listed), 06, 2077.

1906. Western Fuel Co., 12,000 sacks cement (rebate 5¢ for each sack returned), 62¢ per sack; George Risher, unloading and hauling 12,000 sacks cement, 17.225¢ sack; Edward Malley, excavating 12,000 c. y. earth from spillway and placing large r. (prices listed), 06, 2077-2078. Halsey H. Dunning,

¹ To restore property and records destroyed by fire in April, 1906.

² California app. \$250,000.00 to be used with the above amount, 97, 3963.

³ California app. \$150,000.00 to be used with the above amount, 02, 578, 2444.

reinforced concrete culverts for gates at settling basin, etc. (prices listed), **07, 2260**.

1907. Edward Malley, enlarging spillway, and building portion of barrier No. 1 (quantities and prices listed), **07, 2261**.

1908. Contracts on barrier No. 1 terminated by reason of serious damage caused by floods; Edward Malley, furnishing and placing 100,000 c. y. earth, 16¢ c. y., in a portion of proposed settling basin on Yuba R., **08, 2344**.

1909. J. A. Baumann & Co., excavating and constr. outlet for proposed settling basin on s. side of Yuba R. below Hammon, Cal., **09, 2390**. Yuba Consolidated Gold Fields, strengthening about 5,200 l. f. of n. training wall below Daguerre Pt., Yuba R., \$45,000, **10, 2621**.

ENGINEERS.

Chief of Engineers. R., **97, 528; 98, 530; 99, 618; 00, 696; 01, 656; 02, 578; 03, 638; 04, 706; 05, 715; 06, 793; 07, 810; 08, 859; 09, 905; 10, 1010; 11, 1068; 12, 1283**.

In charge. Commission. R., **97, 3962; 98, 3550; 99, 3749; 00, 5008; 01, 3628; 02, 2444; 03, 2368; 04, 3700; 05, 2590; 06, 2070; 07, 2254; 08, 2340; 09, 2295; 10, 2618; 11, 2929; 12, 3450**.

Assistant. H. Visher. R., **00, 5035**.

LEGAL PROCEEDINGS.

Action, looking to sale of land, deferred by War Dept.; judicial proceeding and decisions as to sale of land, **11, 2931**.

OPERATIONS.

1900-01. Sites being acquired for constr. of dams for impounding debris; deeds for about one-quarter of the land obtained, **01, 3628**.

1901-02. Titles acquired for most of land required for restraining works; plans and specifications prepared for constr. of portion of dam known in proj. of 1900 as barrier No. 1, **02, 2444**.

1902-03. Barrier No. 1, Yuba R., contract awarded and work commenced; difficulty experienced in driving Wakefield sheet piling in hard bottom in accordance with terms of contract; plans revised and suppl. contract prepared, **03, 2368**.

1903-04. Work under contract on barrier No. 1 continued; work on barrier No. 2, Yuba R., commenced under contract; excavation at Daguerre Pt., Yuba R., commenced and 197,000 c. y. removed, **04, 3700-06**.

1904-05. First step and apron of barrier No. 1 completed, and work continued under contract; contract let for second step of barrier No. 1; excavation at Daguerre Pt. continued, **05, 2590-99**.

1905-06. Work on constr. of barrier No. 1 continued, in placing materials in and below first step and apron; excavation completed at Daguerre Pt. cut, **06, 2070, 2073**.

1906-07. On account of damage to barrier No. 1 by floods of Mar., 1907, contract work with Mr. Malley stopped; work of constr. gravel embankment extending downstream along n. bank of Yuba R. from Daguerre Pt., under contract, continued, \$5,917 c. y. of embankment having been constr.; constr. of reinforced concrete culverts for gates at entrance to proposed settling basin near Daguerre Pt., Yuba R., was in progress during year, and contract completed Jan. 25, 1907, **07, 2256-59**. Constr. of spillway at s. end of barrier No. 1, and placing large r. below apron, was in progress and was completed Dec. 14, 1906, **07, 2256**.

1907-08. Work of constr. barrier No. 1 abandoned, and settlement made June 25, 1907, with Edward Malley for r. and earth excavated; contractor claimed reimbursement of \$6,396.33, expenses for plant, etc., and suppl. agreement approv. by War Dept. au. payment by U. S. and California, each paying \$3,198.17, **08, 2340**. Work

in progress on embankment, to be built under contract, of a portion of the s. and w. sides of proposed settling basin, 72,188.81 c. y. being placed in embankment, **08, 2342**.

1908-09. Embankment work continued; contract on a portion of s. and w. side of settling basin completed Aug. 27, 1908, **09, 2296-97**.

1909-10. Outlet for settling basin completed; 6,600 c. y. earth placed by hired labor in revet. the inside slope of dr. embankment, **10, 2618, 2619**.

1910-11. Constr. of training walls at Daguerre Pt. continued; trees and brush removed from R. from Daguerre Pt. to Marysville, **11, 2929, 2930**.

1911-12. Trees and brush removed from Yuba R.; additions made to concrete apron and training walls by hired labor, **12, 3451**.

PHYSICAL CHARACTERISTICS.

600' of barrier No. 1 destroyed by flood of Mar., 1907; not considered advisable to rebuild, **07, 2256, 2257**.

PRIVATE WORK.

1906-07. Mr. Hammon and associates constr., in vicinity of Daguerre Pt., gravel embankments, and under agreements, have thrown up and completed 8,000' of gravel embankment during year; these embankments are constr. for the U. S. and California in exchange for right to extract gold from gravel used, **07, 2257**.

1907-08. 4,300' gravel embankment constr. in vicinity of Daguerre Pt., and 2,500' below Daguerre Pt., **08, 2340, 2341**.

1908-09. Work of constr. gravel embankments in vicinity of Daguerre Pt. and below Daguerre Pt. continued; 2,500' and 1,600', resp., placed during year, **09, 2296**.

1909-10. Work on gravel embankments in vicinity of Daguerre Pt. continued, consisting of strengthening completed embankment by additional parallel embankments; work on embankment below Daguerre Pt. continued, 800' placed during year; 6,500 c. y. earth placed in raising Linda levee, near old State dam, by Yuba Consolidated Gold Fields, without cost to U. S., under terms of deed from James O'Brien to U. S., dated Dec. 6, 1901, **10, 2618, 2619**.

1910-11. Gravel embankment in vicinity of Daguerre Pt. continued during year, 800 l. f. constr.; strengthening completed portion of training wall below Daguerre Pt., by means of additional parallel embankments completed, 560 l. f. of embankment strengthened during year; constr. of gravel embankment below Daguerre Pt. remained suspended during year awaiting completion of a new dr., **11, 2929, 2930; 12, 3451**.

PROJECTS.

Proj. for impounding the mining debris, Yuba R., to imp. the Sacramento and Feather Rs., **00, 5030**. The plans provided for building various works in the Yuba R., at an est. total cost of \$300,000. One-half of this sum, 1900, app. by U. S., and one-half by Cal., **00, 5009**.

Act June 25, 1910, eliminates proposed settling basin in Yuba R., and gives au. to sell 1,818 acres of land, **11, 2930**.

SURVEYS.

H. Visher, engaged in sur. and mapping lands to be acquired for restraining works, **01, 3625**.

Barrier No. 1, Yuba R., **04, 3708; 05, 2602; 06, 2078**.

Inlet wall at Daguerre cut, **06, 2078**.

PHOTOGRAPHS.

Barrier No. 2, Yuba R., **04, 3708**.

Barrier No. 1, Yuba R., **05, 2602; 06, 2078**.

Inlet wall at Daguerre cut, **06, 2078**.

Part (f), UU-6 California Débris Commission—General project for control of débris and floods and improvement of navigation in the Sacramento and Feather Rivers.

APPROPRIATIONS.

1910, \$400,000.00, 10, 1013.
1 400,000.00, 11, 2932; 12, 1285, 3453.

Total, 800,000.00

COMMERCE.

Mainten. of navigation on Sacramento and San Joaquin R. systems important; 1,000,000 t. and 300,000 pass. carried an., 08, 860.

CONTRACTS.

1912. Ellicott Machine Co., two 20" suction dr., \$353,600, 12, 3453.

ENGINEERS.

Chief of Engineers. R., 10, 1011; 11, 1069; 12, 1284.

In charge. Commission. R., 10, 2620; 11, 2931; 12, 3451.

LEGAL PROCEEDINGS.

Titles to land deeded to U. S.; work of securing land in progress, 12, 3452.

LEGISLATION.

California app., Mar. 1, 1909, \$400,000 for purpose of imp. in flood and débris control in Sacramento and Feather Rs., in accordance with recom. of Commission made June 30, 1907, 09, 906.

OPERATIONS.

2 suction dr. and other plant being constr., 12, 3452.

PLANS.

Report of Commission with regard to future operations for control of mining débris, imp. navigability, and providing for controlling of floods on the Sacramento and Feather Rs.; commission

recom. that for direct imp. in Feather and Sacramento Rs., and toward the control of débris and floods, an app. of \$400,000 be made, contingent upon an equal app. by California, these sums to be expended in the constr. and operation of 2 hydraulic dr., 07, 2262, 2269.

PRIVATE WORK.

Sacramento and San Joaquin R. Imp. Assn. organized to acquire necessary rights of way and furnish same to U. S. free of cost, 10, 2620.

PROJECTS.

Act June 25, 1910, app. \$400,000, in accordance with recom. of commission in report dated June 30, 1907, provided that California app. a like amount (app. by State, Mar. 1, 1909); and provided further that all rights of way be furnished U. S. free of cost, 10, 2620.

SURVEYS.

Sur. by commission along Sacramento and Feather Rs. to obtain data of movement of mining débris, and for use in preparing proj. for control of Rs. at all stages; proj. submitted June, 1907, recom. app. of \$400,000 for direct imp. of Sacramento and Feather Rs. toward controlling débris; such app. again recom., 08, 2340, 2343; 09, 2295.

Made of several sites for reservoirs; also of Sacramento and Feather Rs., 10, 2617.

Commission continued making minor sur. since submission of proj. in 1910, to obtain data in connection with proj., and with work of widening Sacramento R. near mouth, 11, 2920.

R. by Cal. Débris Com. in relation to flood control of the Sacramento and San Joaquin Valleys. (See Sacramento and San Joaquin Rs.) Recom. that U. S. contribute one-third and State of California two-thirds of cost and upon completion U. S. transfer all flood-control works to State of California. (Lt. Col. J. Biddle, Capt. Thos. H. Jackson, Lt. C. T. Leeds.) (H. D. 81, 62d, 1st.)

OBSTRUCTIONS.

Benson Ferry Br. declared obstr. to navigation, 04, 3416.

OPERATIONS.

1884-85. 160 snags and 312 overhanging trees removed bet. Bensons Ferry and Snodgrass Slough, 85, 2358.

1885-86. 718 snags, logs, and trees removed from same chan., 86, 1925.

1886-87. 174 snags and 183 trees cut and removed, 87, 2441.

1888-89. 107 snags and 72 overhanging trees cleared from R. by hired labor, 89, 2486.

1895-96. 30,184 c. y. dr. from point of land opposite New Hope Landing acquired without cost to the U. S., and a small amount of revet. work done to aid in maintaining the chan. dr. About 2,000 obstrs. removed. 96, 3194.

1903-04. Repairs on snag boat *Seizer*, 04, 3416.

1905-06. 140 snags and other obstrs. removed, 06, 1968.

1907-08. Snags removed, cut-offs made, and sand bars removed, 08, 2225.

1909-10. 14,000 c. y. dr. by leased dr., 10, 2359.

1910-11. 16,000 c. y. dr., cutting chan. through sand bars, and removing overhanging limbs and trees, 11, 2562.

1911-12. Hardpan reef across chan. at mouth of Whitakers Slough broken up by blasting; a clam-shell dr. removed from the chan. approx. 40,000 c. y. material, obstr. snags, and about 300 overhanging trees; dr. of reclamation district No. 551 engaged for work, after inviting proposals, 12, 2781.

PHYSICAL CHARACTERISTICS.

Description of, 82, 2639; 05, 2430.

Imp. valuable in facilitating flood control; general condition better than in previous years, 11, 2562.

L. w. d. over portions of reef at Whitakers Slough before blasting, 5', and afterwards 10' at l. w., 12, 2781.

PRIVATE WORK.

\$40,000 spent by individuals and \$10,000 by State in imp. R. and clearing obstr., 05, 2431.

State of California and private parties did work above the Galt-New Hope Br., the upper limit of "present" proj., making navigable chan. 2 or 4 m. l., 11, 2562.

Private parties constr. levees of material obtained from the blasted hardpan reef, 12, 2781.

PROJECTS.

By Lt. Col. Mendell, 1881, Bensons Ferry to Snodgrass Slough, 10 m., removal of snags, logs, and similar obstr., and also excavation of shoals near mouth of the Cosumnes; est., \$8,250, 82, 2639. Both forks of the R. cleared to head of navigation, at cost of \$10,960, 88, 2131. Proj. imp. completed, 89, 2486.

In 1890 Maj. Heuer proposed further imp. by closing canal entering the R., and dr. sand bar formed at junction, and also one at North Fork, to 6', m. l. w.; also removal of snags and overhanging trees; est., \$9,100, 91, 3135, 3136; 92, 2651.

SURVEYS.

Ex. au. act Mar. 3, 1881; made, 1881, by Lt. Col. Mendell, 82, 2637.

Au. act Sept. 19, 1890; made, 1890, by Maj. Heuer, 91, 3135.

Ex., 1895, by Maj. Heuer, above New Hope Landing to ascertain obstr. in the R., 95, 3298.

Sur. of R. by Lt. Col. Biddle, 10, 2358.

Pre. ex. and sur. au. act Feb. 27, 1911, with view to its imp. from Galt-New Hope Br. to a point at or near Woodbridge, 12, 1176.

UU-52**GEORGIANA SLOUGH, CAL.****COMMERCE.**

Description of; 1894, 11,600 t.; of sufficient importance to warrant a removal of obstr., 95, 3329.

ENGINEERS.

Chief of Engineers. **R.**, 95, 440.

In charge. Maj. W. H. Heuer, 1895. **R.**, 95, 3328.

Assistant. Lt. G. D. Fitch. **R.**, 95, 3329.

PHYSICAL CHARACTERISTICS.

Description of; branch of the Sacramento R. connecting it with the Mokelumne R., 12± m. l., and a w. 120'-250'; ample d. of 15', 95, 3329.

SURVEYS.

Ex. au. act Aug. 17, 1894; made, 1894, by Maj. Heuer (**R.** fav. to removing obstr.), 95, 3328.

Boards:

Convened, San Francisco, Feb. 3, 1891, by S. O. No. 66, to consider Sacramento and Feather Rs. with view to their future imp. R., 91, 2990. (Col. Mendell, Maj. Mackenzie, and Capt. Kingman.)

Convened, San Francisco, Feb. 9, 1891, by S. O. No. 56, to report upon mining debris question in California. R., 91, 2996. (Lt. Col. Benyard and Majs. Heuer and Handbury.)

Convened, San Francisco, by S. O. No. 61, Dec. 20, 1894, to consider and report upon imp. of Sacramento R. bet. Red Bluff and Redding. R., 96, 3199. (Lt. Col. Benyard, Maj. Heuer, and Capt. Gillette.)

Under au. act June 3, 1896, BE. appointed by S. O. No. 18, July 27, to have charge of the imp. of the Sacramento and Feather Rs. and their tributaries, Cal. (Col. C. R. Suter, Maj. Heuer, and Maj. C. E. L. B. Davis.) R., 98, 2944; 99, 3171. Col. J. A. Smith, Lt. Col. Heuer, and Lt. Col. C. E. L. B. Davis.) R., 01, 3423. Lt. Col. D. P. Heap, W. H. Heuer, and T. H. Handbury. R., 02, 2355; 03, 2194; 04, 3417; 05, 2433; 06, 1969. Lt. Col. John Biddle, Maj. C. H. McKinstry, and Capt. T. H. Jackson. R., 07, 2153; 08, 2231; 09, 2199; 10, 2367; Col. John Biddle, Maj. S. A. Cheney, Capt. T. H. Jackson, and Capt. Chas. T. Leeds, 11, 2569. Col. John Biddle, Lt. Col. T. H. Rees, Lt. Col. C. H. McKinstry, Maj. S. A. Cheney, and Capt. Chas. T. Leeds. R., 12, 2775.)

Act Mar. 3, 1905, appoints board of 3 Engineer officers to make ex. of Sacramento, San Joaquin, and Feather Rs., with view to controlling overflow, 05, 653. R., Sept. 25, 1905, H. D. 262, 59th, 1st, 06 732.

Ex. and sur. from Sacramento to Red Bluff; recon. an. expend. of \$25,000, 11, 986.

In charge:

Maj. R. S. Williamson, 1870. R., 71, 914. Maj. G. H. Mendell, 1875-85. R., 75, ii, 696; 76, ii, 619; 77, 992; 78, 1294; 79, 1749; (Lt. Col.) 80, 2233; 81, 2470; 82, 2533; 83, 1969; 84, 2191.

Capt. A. H. Payson, 1885-87. R., 85, 2360; 86, 1926; 87, 2441.

Maj. W. H. Heuer, 1887-95, 1898-1906. R., 88, 2132; 89, 2486; 90, 2912; 91, 2987; 92, 2652; 93, 3271; 94, 2533; 95, 3299; 98, 2942; 99, 3169; (Lt. Col.) 00, 4227; 01, 3420; 02, 2355; (Col.) 03, 2194; (Col.) 04, 3417; 05, 2433; 06, 1969.

Capt. C. E. Gillette, 1896-97. R., 96, 3195, 3223; 97, 3360.

Capt. T. H. Jackson, 1907-11. R., 07, 2153; 08, 2231; 09, 2199; 10, 2369.

Maj. S. A. Cheney, 1911-. R., 11, 2570; 12, 2776.

* Allotment.

¹ Sacramento R. only.

Assistants:

Lt. W. H. Heuer. R., 71, 915.
Lt. J. Le Conte. R., 75, ii, 700; 79, 1757.
Lt. A. H. Payson. R., 77, 994.
Mr. Bradford, 79, 1752.
W. P. Smith. R., 82, 2534.
Capt. C. F. Palfrey. R., 83, 1971.
Lt. S. W. Roessler. R., 84, 2192.
A. Boschke. R., 85, 2361.
1st Lt. Douglass MacArthur, 05, 644; 06, 719.
Capt. W. F. Stokely, 10, 926; 11, 983.

ESTIMATES. (See Plans and Projects.)

By Lt. Heuer, constr. of wing dams and repairs, \$7,385, 71, 917.
By Lt. J. Le Conte, removal of snags, constr. of wing dams, and dr. Sacramento R. bet. Tehama and Colusa, \$51,985, 75, ii, 704. Constr. of wing dams and removal of snags in the Feather R. bet. Marysville and Fremont, \$15,785, 75, ii, 706.
By Maj. Mendell, amount required an. for maintaining Sacramento R., \$10,000, 77, 992.
By Lt. Payson, removal of obstr. in Georgiana Slough, \$15,000, 77, 995.
By Maj. Mendell, bank of brush and st. at Heacocks Shoal, and wing dam at Ironhouse Shoal, \$25,000, 79, 1754.

LEGISLATION.

Communications bet. Capt. Payson and the Atty. Gen. with view to regulation of hydraulic mining, 87, 2444.
Act Mar. 3, 1905, au. exp. of available balance of app. for Sacramento and Feather Rs., and Sacramento R. above and below Sacramento, to be used on any portion of said R., 05, 2434.

OBSTRUCTIONS.

In 1896 an iron br. at Red Bluff, without draws, barred navigation above that point, and 2 other brs. existed—one at Anderson, 40 m. above Red Bluff; the other just below the town of Redding—both without draws, 96, 3199.

OPERATIONS.

Sacramento River:

1875-76. 180 snags removed, 76, 114.
1878-79. 154 snags removed, 79, 1750.

Feather River:

1875-76. 24 snags removed, 1,820 l. f. wing dams built, 76, 114.
1878-79. 9 snags removed, 79, 1750.

Sacramento and Feather Rivers:

1879-80. 154 snags removed from R. bed by contract, 80, 2234.
1880-81. 336 snags removed, clearing the R. from Sacramento Colusa; 724 l. f. of wing dam built; snag boat built under contract, 81, 2470.
1881-82. 1,151 snags removed; 661 trees felled; 5 wing dams built, aggregating 950 l. f.; 2 sunken barges and 1 drawbr. p. removed, 82, 2534, 2535.
1882-83. 1,166 snags and 249 trees removed, 83, 1972.
1883-84. 1,138 snags and 35 trees removed; brush wing dam built at Moons Isld., and repairs made on Calls Bend Dam, 84, 2191.
1884-85. 1,322 snags and 754 trees removed; dams strengthened at Parrotts Chute and Calls Bend; br. p. removed, 85, 2360.
1885-86. 650 snags and 139 trees removed, and as much dam building done as stage of water rendered possible, 86, 1926.
1886-87. 1,029 snags removed and 250 trees cut down; dr. built by contract, 87, 2442, 2443.
1887-88. 283 snags removed, and 550 l. f. wing dams built by hired labor, 88, 2132.
1888-89. 658 snags removed by hired labor, 98, 2486.
1889-90. Break in levee below Sacramento city closed under contract, 90, 2915.
1890-91. 855 snags removed by hired labor; 3 levee breaches, aggregating 480' l., repaired under contract, 91, 2988.

1891-92. 974 snags removed, and 536 l. f. of wing dams built in the upper Sacramento R., 92, 2652.

1892-93. Snags and other obstr. removed from 138 m. of R., and boat repaired, 93, 3272.

1893-94. Over 900 snags and other obstr. removed, 270 l. f. wing dams built, 94, 2534, 2535; a levee 2,690' l. and 15' w. built to close Jacob Slough, 94, 2535; 238,990 c. y. dr., and a revet. constr., in the formation of a new mouth for the Yuba, 94, 2536.

1894-95. 1,055 l. f. wing dams built, 684 snags and other obstr. removed, a wing dam constr. at Sacramento city, 95, 3300; over 1,000 l. f. wing dams constr. at Heacock Shoals, and dam at Jacob Slough repaired, 95, 3303.

1895-96. 1,312 l. f. wing dams built, over 1,000 snags and other obstr. removed, 96, 3196; and levee at Parrott Bend in course of constr., 96, 3197.

1896-97. About 1,500 snags and other obstr. removed, 703 l. f. wing dams built, and snag boat repaired; Parrott Bend levee completed and repaired, and a small wing dam constr. at Yuba R. near Daguerre Pt., 97, 3360.

1897-98. 1,469 l. f. wing dams built, over 1,000 snags and other obstr. removed, and dam at Parrott Bend repaired, 98, 2942.

1898-99. About 1,000 snags, etc., removed, and 7 wing dams built, 99, 3169, 3182.

1899-00. 10 wing dams built, and about 1,000 snags, etc., removed, 00, 4227.

1900-01. 860 snags and 537 trees removed and cut, and wing dam built by U. S. boat crew on upper R., 01, 3421.

1901-02. 33 wing dams constr. on lower R., 02, 2355.

1902-03. Repairs to snag boat, 748 snags removed, 658 l. f. wing dams built, and the moorings of 3 flying ferries removed from upper R.; repairs to wing dam and caving bank, and snags removed from lower R., 03, 2195.

1903-04. Repairs to wing dam above Sacramento; also to snag boat, 04, 3418.

1904-05. Repairs to wing dam and removal of snags above Sacramento, 05, 2434.

1905-06. Removal of snags on upper R.; repairs to wing dams and removing obstr. on lower R., 06, 1969.

1906-07. Two wing dams constr., and snags, etc., removed from upper R., 07, 2154.

1907-08. Snags and other obstr. removed from upper R. and new snag scow put into commission; snags, etc., removed from lower R., 08, 2232-2233.

1908-09. Repairs to snag boat and removing obstr. on upper R.; 66,680 c. y. dr. from bar in lower R., 09, 2260.

1909-10. Obstr. removed from lower and upper R., 10, 2369.

1910-11. 17,549 c. y. dr. from shoal at Sacramento, 2 temporary wing dams constr., snags and other obstr. removed from upper R., and repairs made to snag boat, 11, 2570-72. 29,100 c. y. dr., 11 wing dams built, and snags and other obstr. removed from lower R., 11, 2571-72.

1911-12. 44,480 c. y. dr., 3 wing dams built, and repairs made to one on upper R., 12, 2776. 59 obstr. removed, wing dams built, dr., etc., on lower R., 12, 2776-77.

PHYSICAL CHARACTERISTICS.

Sacramento River:

Large number of shoals, 71, 915.
Banks of R. covered with rich soil, 71, 915.
Difference bet. h. and l. w., 71, 915.
Floods, 71, 916.
Effect of tide on R., 75, ii, 698.
Velocity of current, 79, 1759.
Table of samples of sediment, 79, 1752; method of obtaining, 79, 1757, 1758.

Feather River:

General, of Feather R., 75, ii, 705.
Effect of mining on the R., 78, 1297.
Of upper R., 80, 2237.

Sacramento and Feather Rivers:

Description of, **93, 3274; 96, 3198, 3199.**

During 1892-93 the flood stage was far above the average and of long duration, **93, 3274.**

Water-gauge records, **95, 3306; 97, 3360.**

Description of Bear R., a tributary of the Feather, **95, 3305.**

Data in figures concerning profile of the Sacramento R. from Sacramento to Red Bluff, **96, 3197.**
Description of Sacramento R. bet. Redding and Red Bluff, **96, 3200.**

Description of Steamboat Chan., **96, 3224.**

Flood discharge of Steamboat Chan. considered an important factor in the entire drainage system of the Sacramento Valley. Detailed description of, **96, 3225.**

Description of, Sacramento, **99, 3173; Feather, 99, 3178.**

L.-w. profile of the Sacramento R., **99, 3177.**

BE. of 1896 satisfied that no permanent imp. of Feather R. at reasonable or advisable cost could be made until the flow of the detritus from Yuba and Bear Rs. would be stopped, **99, 3180.**

During floods a very large volume of water pours over the State of California weir (see Private work) and thus relieves the levees on both sides of the R., **00, 4228.**

Constr. of wing dams has beneficial effect on water d.; no l. w. since completion, **01, 3424.**

Chan. d., **01, 609; 03, 2195; 09, 836.**

Severe flood, 1904, caused break in levee and large damages to surrounding land by flooding, **04, 3417.**

Description of, after ex. made by BE., **05, 2433.**

PLANS. (See Estimates and Projects.)

By Maj. Williamson, constr. of dam at Eagle Nest 500' l. also one at Sutterville 700' l., **71, 97.**

By L. J. Le Conte, removal of snags and the constr. of wing dams on the Sacramento and Feather Rs., **75, ii, 704, 706.**

By Maj. Mendell, bank of st. and brush 2,500' l. at Heacock Shoal, and a wing dam 300' l. at Ironhouse Shoal, **79, 1754.** For snag boat for upper R., **79, 1755.**

By State authorities for a relief canal tapping the R. 35 m. above city of Sacramento, to carry off the flood waters and discharge them into Suisun B., **79, 1750.**

PRIVATE (CORPORATE AND STATE) WORK.

Wing dams and dr. by California Steam Navigation Co., **71, 97, 916.** Snag boat owned and operated by the navigation company, **75, ii, 699.**

1876-77. 58 snags removed by private parties, **77, ii, 993.**

Several wing dams built by State of California under au. of Sec. of War, **99, 3170.**

Weir 2,000' l. built by State of California about 15 m. above Sacramento, **00, 4228.**

State of California allotted \$5,000 to remove snags from upper R., **03, 2195.**

Repairs to damaged levee, caused by flood, made by State reclamation district, **04, 3417.**

PROJECTS. (See Estimates and Plans.)

The proj. of Lt. Col. Mendell, 1874, imp. of Sacramento and Feather Rs., proposed snag removal and wing-dam constr. continued throughout; the amount app. from 1880 to 1886, \$445,000. Imp. made to include, in 1880, the upper Sacramento for 100 m. above Colusa. Projs. have for their object the temporary imp. of the l. w. chan., and consist of snagging, dam constr., and bar scraping, carried on by hired labor and the U. S. snag boat, **75, ii, 700; 80, 2234; 86, 1926.**

In 1891 the BE. proposed further imp. of Sacramento and Feather Rs., (1) a specific an. app. of \$25,000 for snagging, wind-dam constr., etc., above Sacramento city; (2) app. of \$275,000 for removal of

obstr. in the lower Sacramento R., and \$25,000 for closure of Jacobs Slough above Sacramento city; (3) an app. of \$300,000 for treatment of Yuba R. at and above Marysville; (4) an. app. of \$20,000 for imp. navigable chan. of Feather R., **91, 2988, 2989.**

By Maj. Heuer, 1892, existing proj. modified and increased to include closure of Jacobs Slough, a large crevasse above city of Sacramento; mainten. of navigation on Feather R. by means of wing dams to remove shoals, and constr. of new mouth for Yuba R. near and above Marysville, **93, 3271.**

BE., 1894, est. \$7,500,000 to imp. Sacramento R. bet. Redding and Red Bluff, **96, 3204.**

BE., 1896, est., 1897, \$280,000 to imp. Sacramento R. from Sacramento to mouth of the R., **98, 2946.**

"Present" proj. for imp. au. act Mar. 3, 1899, and by subsequent acts, provides for obtaining and maintaining d. of 7' from mouth of R. to Sacramento, 4' from Sacramento to Colusa, and 3' from Colusa to Red Bluff; est., \$280,000 and \$25,000 an. mainten. **12, 1167.**

Act July 25, 1912, modified proj. for upper Sacramento R. to provide for securing and maintaining 4' from Sacramento to Colusa, 3' from Colusa to Chico Landing, and such d. as practicable from Chico Landing to Red Bluff, at an. cost of \$25,000, **12, 1167.**

SURVEYS.

Ex. of Sacramento R. by Capt. Wilkes, 1841, **79, 1752.**

Ex. of bar in Sacramento R. by Lt. Heuer, 1871, **71, 97. R., 71, 915.**

By L. J. Le Conte, 1875, **R., 75, ii, 700.**

Ex. of Georgiana Slough by Lt. Payson, 1877, **77, 121.**

Of lower Sacramento R., under direction of W. H. Hall, State engineer, by I. W. Smith, C. E., 1878, **79, 1750.**

Ex. of Sacramento R. by L. J. Le Conte, **R., 1879, 79, 1757.**

Of Suisun B. by Mr. Bradford, 1879, **79, 1752.**

Au. act Mar. 3, 1879, **79, 179;** made, 1880, by Lt. Col. Mendell, **80, 2237.**

Surs. made, 1892, by Maj. Heuer, of Jacobs Slough, **93, 3272,** and of Yuba and Feather Rs., **93, 3273.**

Misc. surs. and borings, **94, 2536; 95, 3301, 3303; 96, 3196; 97, 3360.**

Ex. of Steamboat Chan. and from its junction thereof with Sacramento R. to mouth of said R., with view to imp. and enlarging navigable chan., and to increasing capacity for flood discharge, au. act Aug. 17, 1894; made by Capt. Gillette, 1896 (R. unfav.), **96, 3223.**

Act June 3, 1896, required formation of a BE., who should make surs. and exs. of Rs., and submit most feasible plan for imp. of the streams, and for mainten. of navigation. **R., 1898. 99, 3173.**

Ex. by board with view to controlling floods, with reom. and cost. **R., Sept. 25, 1905 (H. D. 262, 59th, 1st), 06, 732.**

Ex. and sur. of Sacramento R., up to Feather R., au. act Mar. 2, 1907. **R.,** by Capt. Jackson, 1907 and 1908; est., \$67,000 (H. D. 1123, 60th, 2d), **09, 838.**

Ex. of Feather R., up to Marysville, by BE. **R., Mar. 31, 1909 (H. D. 76, 61st, 1st) (unfav.), 09, 834.**

Ex. and sur. au. act Mar. 3, 1909, of Sacramento R., from Sacramento to Red Bluff. **R.** by BE., including report on sur. from mouth of Feather R. to Chico Landing, 1909 and 1910. Reom. an. expend. of \$25,000 bet. Sacramento and Red Bluff with view to chan. 4', Sacramento to Colusa, 3' from Colusa to Chico Landing, and such d. as is practicable from Chico Landing to Red Bluff (H. D. 76, 62d, 1st), **10, 930; 11, 986.**

Maps (H. D. 262, 59th, 1st; H. D. 1123, 60th, 2d): Sketch of wing dams, **76, ii, 619.** Diagram of sediment bottle, and sketch of manner of collecting samples of sedimentary waters, **79, 1757, 1758.** Sketches showing relative form and dimensions of "sand dunes," and break in the levee, **79, 1759, 1760. 86, 1927; 96, 3204.**

Part (b), UU-55 Sacramento River from City of Sacramento to the Mouth, Cal.¹

APPROPRIATIONS.

1899, \$30,000, 99, 3170.
1900, 60,000, 00, 4231.

Total, 90,000

CONTRACTS.

1899. City Street Improvement Co., wing-dam constr. (piles, brush, and st.), \$7,656, 00, 4232.

1901. Darby Lydon, constr. wing dams, prices given, 01, 3426.

ENGINEERS.

Chief of Engineers. R., 00, 629; 01, 609.

Boards. Board of 1896 (see Sacramento and Feather Rivers, Cal.). R., 00, 4232; 01, 3423.

In charge. Lt. Col. W. H. Heuer, 1899-1901. R., 00, 4230; 01, 3421.

OPERATIONS.

1899-00. 3 wing dams built and 1 under way, 00, 4230.

1900-01. 8 wing dams constr., and 35' extension added to dam already built, 01, 3422.

PROJECTS.

By board of 1896, wing dams at shoal places below Sacramento, to be suppl. by dr. if required, at est. of \$280,000, and mainten. of navigation on upper R. as far as Red Bluff, by concentration works and the removal of snags, at an est. an. expense of \$25,000, 00, 4233.

Part (c), UU-55 Feather River.

COMMERCE.

1895, No. C. above Marysville, 95, 3327.

ENGINEERS.

Chief of Engineers. R., 95, 440.

In charge. Maj. W. H. Heuer, 1895. R., 95, 3325.

PHYSICAL CHARACTERISTICS.

Description of; R. rises in Sierra Nevada Mts.; flows s. to the Sacramento R.; joins it 21 m. above Sacramento, 95, 3326.

SURVEY.

Ex. above Marysville au. act Aug. 17, 1894; made by Maj. Heuer (R. unfav.), 95, 3326.

VV-1(a) OREGON AND WASHINGTON, COAST OF. (Dredging plant.)

APPROPRIATION.

1907, \$100,000, **07**, 2168.

CONTRACTS.

1908. Portland Iron Works, constr. and delivering one 18" hydraulic dr., \$81,274, with extra parts **08**, 2244.

ENGINEERS.

Chief of Engineers. R., 04, 663; **05**, 668; **06**, 743; **07**, 758; **08**, 806; **09**, 844; **10**, 938.

In charge:

Maj. W. C. Langfitt, 1904-05. **R., 04**, 3468; **05**, 2454.

Lt. Col. S. W. Roessler, 1906-08. **R., 06**, 1984; **07**, 2168; **08**, 2243.

Maj. J. F. McIndoe, 1909. **R., 09**, 2211.

Maj. J. J. Morrow, 1910. **R., 10**, 2380.

OPERATIONS.

1907-08. Hull launched and considerable progress made on machinery, **08**, 2243.

1908-09. Dr. completed and towed to Coos B., where operations were in progress, **09**, 2211.

1909-10. After completion of work for private interests at Coos B., dr. worked from July 1 to Sept. 3, excavating in chan. bet. Standard Oil Dock and North Bend; dr. 528,644 c. y. oyster shells, sand and clay, **10**, 2380-2381.

PHYSICAL CHARACTERISTICS.

Navigation of various Hs. on coast often delayed by formation of shoals, material being of a nature that it could not be easily handled with dipper drs., **06**, 743.

PRIVATE WORK.

Funds subscribed by C. interests of Coos B., operated the plant by hired labor up to May 1, 1909, **10**, 939.

PROJECTS.

New proj., based on letter by D.O., June 7, 1904, approv. by Chief of Engineers, au. constr. of dr. plant by U. S. for Tillamook B. and Bar, Yaquina B., Siuslaw R., Coos B. and H. (incl. Coos R.), and Coquille R., Oreg.; est., \$50,000 for 1 dipper and suction dr. with 2 dump scows, **04**, 3469. Est. increased to \$60,000, **06**, 1984; -to \$100,000, and au. obtained for expert to prepare plans, etc., **07**, 2168.

R. by Chief of Engineers concurring in revised est. of \$100,000 for a 18" suction dr. (**R.** and **H. Com.**, D. 45, 61st, 2d.)

Cost of operation and mainten. of dr. est. at \$5,000 per month for first 3 years and \$6,000 per month thereafter, **08**, 807.

Dr. named *Oregon*, **10**, 2380.

VV-2(a) LINK RIVER, OREG.

ENGINEERS.

Chief of Engineers. R., 88, 304.

In charge. Capt. C. F. Powell, 1887. **R., 88**, 2179.

PHYSICAL CHARACTERISTICS.

Description of, **88**, 2179.

SURVEY.

Ex. au. act Aug. 5, 1886, **87**, 330; made, 1887, by Capt. Powell (**R.** unfav.), **88**, 2179.

VV-3 WOOD RIVER, OREG.

ENGINEERS.

Chief of Engineers. R., 88, 304; **10**, 950.

In charge:

Capt. C. F. Powell, 1887-88. **R., 88**, 2177.

Maj. J. B. Cavanaugh, **10**, 950.

PHYSICAL CHARACTERISTICS.

Description of, **88**, 2178.

SURVEY.

Ex. au. act Aug. 5, 1886, **87**, 330; made, 1887, by Capt. Powell (**R.** unfav.), **88**, 2177.

Pre. ex. au. act Mar. 3, 1909, from Klamath Lake to head of navigation. **R.** by Maj. Cavanaugh, Nov. 3, 1909 (**H. D.** 477, 61st, 2d) (unfav.), **10**, 950.

VV-4(a)

MACK ARCH, OREG.

ENGINEERS.

Chief of Engineers. **R., 77, 1053.**

Boards. For the Pacific coast, met Aug., 1876, to "ex. the Hs. of Mendocino, Humboldt B., Trinidad, and Crescent City, Cal., with view of estab. break'r and H. of refuge." Board reported H. at Mack Arch, Oreg., would be small, but tolerably secure. **R., 77, 1054.** (Lt. Cols. Williamson, Alexander, and Stewart, and Maj. Mendell.)

PHYSICAL CHARACTERISTICS.

Details: A few m. n. of lat. 42° (or n. boundary of Cal.), **77, 1053.**

ESTIMATES.

By BE., break'r, \$5,748,875, **77, 1059.**

VV-5

CHETCO RIVER, OREG.

COMMERCE.

Inappreciable, **93, 3430.**

ENGINEERS.

Chief of Engineers. **R., 93, 444.**

In charge. Capt. T. W. Symons, 1893. **R., 93, 3429.**

Assistant. Lt. F. R. Shunk. **R., 93, 3431.**

PHYSICAL CHARACTERISTICS.

Small stream entering the Pacific Ocean about 3 m. n. of the boundary line bet. Oregon and California, about 30 or 35 m. l.; practically no tidal compartment, and its greatest w. at the mouth 60', **93, 3430.**

SURVEY.

Ex. au. act July 13, 1892; made, 1892, by Capt. Symons (**R. unfav.**), **93, 3429.**

VV-8

ROGUE RIVER, OREG.

COMMERCE.

No C. to be benefited, **79, 1858, 1860-1863.**
Dangerous character of adjacent coast, **79, 1858.**
Description of, interested, **93, 3434.**

ENGINEERS.

Chief of Engineers. **R., 78, 139; 79, 183; 93, 445.**

In charge:

Maj. J. M. Wilson. **R., 79, 1823.**
Maj. G. L. Gillespie. **R., 79, 1856.**
Capt. T. W. Symons, 1893. **R., 93, 3433.**

Assistants:

P. G. Eastwick. **R., 79, 1858.**
Lt. F. R. Shunk. **R., 93, 3435.**

PHYSICAL CHARACTERISTICS.

Description, **79, 1823, 1824, 1857-1863; 93, 3433.**
High freshets, **79, 1861, 1862.**

Discharge of **R., 79, 1862.**

Mineral deposit, **79, 1861.**

In 1892 the R. and valley was thought second in importance only to the Willamette R. and valley in w. Oregon. R. drains the w. slope of the Cascade Mts. into the Pacific Ocean, is about 300 m. l., and not navigable. Grants Pass is a town at the head of Rogue R. Valley. **93, 3434.**

PLAN.

By P. G. Eastwick, 1879, removal of r. and gravel from rapids and shoals and building 900 l. f. of wing dam; est., \$18,600. Maj. Gillespie did not advise imp. **79, 1863.**

SURVEYS.

By Maj. Wilson, ex., mouth to Scottsburg, **78, 139.**

By P. G. Eastwick, pre. ex., **79, 183, 1856.**

Ex. Grants Pass to mouth, au. act July 13, 1892; made, 1892, by Capt. Symons (**R. unfav.**), **93, 3433.**

VV-10

PORT ORFORD, OREG.

COMMERCE.

Availability as a H. of refuge, **73, 1126; 77, 1054; 79, 1805, 1806.**

Description of, **95, 3497.**

In 1895 the imports were limited; exports, \$64,-730, **95, 3498.**

In 1898 C. insignificant when compared with the large sum required to adequately protect the H. from storms, **98, 3006.**

ENGINEERS.

Chief of Engineers. **R., 73, 107; 77, 123; 78, 139; 79, 183; 91, 411; 95, 458; 96, 393; 97, 494; 98, 479, 502; 99, 562; 00, 634.**

Boards:

Convened, 1876, to ex. various Hs., with view to estab. H. of refuge; reported main objection the great d. of water on the line of proposed break'r, and also presence of Orford Reef off the coast,

making the approach from the n. dangerous. **R. 77, 1054.** (Lt. Cols. Williamson, Alexander, and Stewart, and Maj. Mendell.)

Convened, San Francisco, Oct. 27, 1890, by S. O. No. 66, to consider and report upon the proposed H. of refuge at Port Orford, Oreg. **R., 91, 3305.** (Col. Mendell, Maj. Handbury, and Capt. Symons.)

In charge:

Maj. H. M. Robert, 1872. **R., 73, 1123.**
Maj. J. M. Wilson, 1878. **R., 79, 1802.**
Capt. T. W. Symons, 1895. **R., 95, 3491.**
Capt. W. L. Fisk, 1896-98. **R., 96, 3228; 97, 3379; (Maj.) 98, 2958, 3003.**
Capt. W. W. Harts, 1899-1901. **R., 99, 3199; 00, 4265.**

Assistants:

F. H. West, **73, 1123.**
J. G. Kelley. **R., 95, 3500.**

PHYSICAL CHARACTERISTICS.

General, **73**, 1123, 1128; **79**, 1803, 1805; **95**, 3493.
 Rocky islets of the coast, **77**, 1054; **79**, 1803.
 Tides, **79**, 1803.
 Gales, **79**, 1805.
 Resources of interior country, **79**, 1806.
 Port Orford an open roadstead and village on coast of Oregon, 5½ m. from Oregon and California boundary line. Wide open to sea to the s., direction from which comes the worst storms, **95**, 3493.

PLANS.

By Maj. Robert, constr. of break'r, 500 y. l., in 10 fathoms of water; purchase of land and the constr. of a narrow-gauge R.R. to facilitate the process of constr.; est., \$2,902,000, **73**, 1127-1129.
 B.E., 1876, break'r, about 1 m. in l., to protect H. from s. and sw. gales; est., 10,507,343, **77**, 1054.
 By Maj. Wilson, constr. of break'r, 2,000' l.; est., \$3,427,000, which could be extended to 5,000' if necessary; est., \$9,405,000, **79**, 1804, 1805.
 For plans and est. considered by the board, see **91**, 3306.

PROJECTS.

In 1895 Capt. Symons est. \$364,254 or \$511,754 to constr. wharves for C. purposes, **95**, 3495-3496.
 By Capt. Symons, 1895, constr. wharf 800' l. of r., etc., from Graveyard Pt. for C. shipping purposes; est., \$203,366, **95**, 3495.
 Capt. Harts, 1900, reported that existing wharf conditions accommodations were ample for "present" and prospective needs. Chief of Engineers directed that all work be suspended, **00**, 4266.

SURVEYS.

By Maj. Robert, 1872. **R.**, **73**, 1123.
 By Maj. Wilson, 1878. **R.**, **79**, 1802.
 Ex. au. act Sept. 19, 1890; made, 1891, by Capt. Symons, **91**, 3305.
 Sur. with view to imp. place and making it H. of refuge au. act Aug. 17, 1894; made by Capt. Symons, 1895 (see Projects), **95**, 3491.
 Sur. with est. of cost of imp. and importance of place to shipping and C., au. act June 3, 1896; **R.** (unfav.), 1898, by Capt. Fisk, **98**, 3003.

VV-12**COQUILLE RIVER, OREG.**

Total, 411,000 (incl. \$10.45 received from sales, \$411,010.45, **12**, 2785).

COMMERCE.

Methods of transportation, **74**, ii, 366; **79**, 1807, 1809.
 Description of, **79**, 1808; **85**, 2401.
 Increasing at 1900, **00**, 638.
 Principal articles, lumber and coal taken to San Francisco by small vessels for market, **01**, 615.
 R. and ocean form only means for transportation, **04**, 652.
 Imp. increases carrying capacity of vessels and has effect of reducing freight rates, **09**, 839; **10**, 931; **12**, 1178.
 Tonnage, 1911, 130,781 t., **12**, 1178.

CONTRACTS.

1891. W. R. Panter, piles, 5¢ l. f. E. Fahy, lease of quarry, \$100 per an. Capt. Parker, furnishing scows and steamboat, and towing r. from the quarry to the wharf, \$1 c. y., **91**, 3147.

1895. Nickum & Jacobsen, j. constr.; piles, 8¢ l. f.; lumber, \$9.50 1,000'; ironwork, 3 and 4¢ lb.; brush mattresses, 35¢ c. y.; st., 58¢ t.; **95**, 3345.

1896. D. Kern, j. constr.; piles, 8½¢ l. f.; lumber, \$9 1,000'; ironwork, 3, 4, and 5¢ lb.; mattresses, 35¢ c. y.; st., 63¢ t.; **97**, 3382.

1899. J. Kiernan, j. constr. and tramway repair (piles, lumber, ironwork, mattresses, st.), \$33,568, **00**, 4270.

1902. John Kiernan, extending n. j. seaward about 555', building tramway that distance on line of work, laying foundation mattresses of brush fascines, and enroccing n. j.; weights of st. given; contractor allowed use of U. S. plant; John Kiernan (supple.) for rebuilding Parker Wharf and extending single track from it to n. j., **03**, 2206, 2208. John Kiernan, to secure and transfer to the U. S. right of way and occupancy of certain land in addition to repair of wharf; price of all supple. work, \$1,300, **04**, 3438.

1905. John Kiernan, mattress, pile and r. work, n. j., r. to be taken from Tupper Rock quarry near Bandon, prices listed, **06**, 1974, 1975.

1907. Robert Wakefield, j. work (n. j.), prices listed, **07**, 2153, 2159.

1911. Chris & Nels Rasmussen, hire and lease of 1 room, \$7.50 per month, **12**, 2785.

ENGINEERS.

Chief of Engineers. **R.**, **73**, 108; **74**, 118; **78**, 139; **79**, 183; **80**, 241; **81**, 330; **82**, 322; **83**, 336; **84**, 339; **85**, 366; **86**, 362; **87**, 325, 330; **88**, 296; **89**, 353; **90**, 317; **91**, 399; **92**, 375; **93**, 432; **94**, 402; **95**, 441; **96**, 394; **97**, 495; **98**, 480; **99**, 563; **00**, 636; **01**, 614; **02**, 535; **03**, 593; **04**, 651, 663; **05**, 657, 668; **06**, 732, 743; **07**, 751, 758; **08**, 800, 806; **09**, 838; **10**, 930, 950; **11**, 987; **12**, 1176.

J. S. Polhemus. **R.**, **96**, 3230.
Capt. A. A. Fries, **06**, 732.
Capt. Henry H. Robert, **12**, 1176.

ESTIMATES.

By Maj. Michler, canal from Low's place to Coos
B., \$349,592, **74**, ii, 368.

By Maj. Wilson, dams and training walls at
mouth, \$164,200, **79**, 1808, 1810.

OPERATIONS.

1880-81. 50 l. f. of riprap j., with central core
of timber boxes constr., **81**, 2597.

1881-82. Addition of 100 l. f. to j. and tem-
porary elevation to high-water line by addition of
plank parapet; cribs rippedraped, **82**, 2682, 2683.

1882-83. Jetty extended by 370 l. f. piling and
58 l. f. riprap, **83**, 2009.

1884-85. 442 l. f. close piling driven; 860 c. y.
st. ballast quarried and placed in j., **85**, 2399.

1886-87. Extension of pile j. to 1,626', **87**, 2458.

1887-88. Jetty extended 300 l. f. by 14,235 l. f.
of piling and 3,384 c. y. of st., **88**, 2138.

1888-89. 4,000 c. y. st. quarried and placed in
j., and 1,944' of tramway built, **89**, 2504.

1889-90. Rock removed and snagging, **90**,
2925.

1890-91. 327 snags and 69 scow loads of drift
cleared from the R.; plant repaired for extension of
n. j., **91**, 3147.

1891-92. 1,500 c. y. st. placed in j.; erection of
buildings and constr. of plant, **92**, 2663.

1892-93. N. and s. js. strengthened and re-
paired, **93**, 3325.

1893-94. S. j. strengthened and n. j. repaired,
94, 2555.

1894-95. Preparations made for commence-
ment of j. constr., **95**, 3346.

1895-96. S. j. strengthened and extended 224',
96, 3229.

1896-97. Extension of s. j. in progress. **97**,
3381.

1897-98. In connection with previous year, s. j.
extended 270' (total l. of j., 2,387'), **98**, 2959.

1899-00. S. j. tramway repaired and ex-
tended. 19,739 short t. st. placed in j. Unsuccess-
ful attempt made to remove large r. **00**, 4267-4269.

1900-01. S. j., 2,700' l., n. j. tramway and n. j.,
each 510' l., completed; costs and quantities of
materials placed in each with deductions for rent of
U. S. plant by contractor, inspection, etc., given,
01, 3464, 3465. Brush mattresses placed as founda-
tions for n. j. and tramway described, **01**, 3465.
Method of depositing st. taken from Tupper Rock
described, **01**, 3465, 3466. Since rebuilding of n. j.,
d. in new bar chan. has ranged from 7' to 13' at
m. l. t.; attempt to remove chan. r. by surface
blasting failed, **01**, 3466.

1902-03. Quantities of materials placed in n. j.
given; placing of these resulted in extension of n. j.
380' in partly completed state, **03**, 2206.

1903-04. Quantities of material placed in n. j.
given; placing of these resulted in extension of n. j.
seaward 195'; contract completed; total l. of n. j.
now 1,065'; 515' to be constr., **04**, 3436.

1904-05. Repairs to and mainten. of plant, and
constr. of sur. boat; some of plant from Siuslaw R.
added, **05**, 2442.

1905-06. Tramway, with j., rebuilt and ex-
tended 225', foundation of brush mattress laid to
the end and 31,850 t. st. placed along j.; crest of en-
rockment now 2' to 3' above ordinary h. w.; amount
of materials placed given, **06**, 1974.

1906-07. No active operations, plant cared for
by watchman; receiving wharf and approach to n.
j. incl. land on which located, purchased from
former contractors for \$1,355, **07**, 2158.

1907-08. Tramway repaired; 22,840 t. st.
placed in n. j., raising enrockment to level of h. t. for
further distance of 150', **08**, 2336.

1908-09. 8,587 t. st. dumped, extending n. j.
further distance of 135'; total st. placed in n. j. un-
der Wakefield contract, 31,427 t., extending j. 285'
seaward; contract completed; work under this con-
tract and work done in former years resulted in
constr. of s. j. 2,700' l. and n. j. 1,575' l.; sea ends of
js. are 600' apart; l. w. d. on bar increased from 3' to
10', **09**, 2203, 2204.

1909-10. Port Siuslaw R. Commission per-
mitted to use old U. S. plant, and greater part towed
to Siuslaw, **10**, 2372.

1910-11. Work on removal of Rock "E" com-
menced by snag boat and drill scow; rocks E and D
drilled and rock E blasted, resulting in reduction of
r. from 2' above to 5' below m. l. w.; dr. *Oregon*
removed 28,504 c. y. from Bandon Shoal, **11**, 2576.

1911-12. 606 snags removed by U. S. snag boat
and hired labor; 101,516 c. y. material dr. by dr.
Oregon, and a cut through Strangs Shoal made by
bucket dr.; subaqueous rockwork continued during
year; 1,200 c. y. r. dr.; proj. practically completed,
12, 2784.

PHYSICAL CHARACTERISTICS.

Description of, **74**, ii, 365, 366, 367; **79**, 1806,
1807, 1809.

Fertility of valley tributary to R., **74**, ii, 365;
79, 1807, 1809.

High-water marks, **74**, ii, 367; **79**, 1807.

Effect of incomplete js., **99**, 3200.

Unusually heavy storms, 1899-1900, **00**, 4268.

The least l.-t. d. in the chan., sur. of 1899, **6'**, **00**,
4269.

90' of sea end of completed s. j. beaten down by
heavy seas, **01**, 3466; **02**, 2364. N. j. remains same
as left last year, **02**, 2364.

Max. draft carried over bar at m. l. w., 7'; aver-
age range of tide on bar, 4.2', **04**, 652.

150' of sea end of n. j. carried away by storms
and crest of enrockment lowered; outer end of s. j.
beaten down by heavy seas; shoals formed in R.
above Bandon; l.-w. d. in bar chan., 8' to 9', **04**,
3436, 3437.

N. j. much deteriorated, and tramway broken
down, **06**, 1974. Ocean bed scoured away along
n. j. from 4' or 5' d. to 14' to 16' at m. l. w., **06**
1975.

D. of water on shoals, **10**, 931.

D. of water on bar, 9', **11**, 2576.

All dr. cuts have shoaled some; erosion of the
sandy n. shore inside the entrance from n. j. e.
has continued; a considerable portion of the n. j.
tramway approach washed out, **12**, 2784.

R. rises in Coast Range, flows 100 m. nw.; flows
into Pacific at Bandon, *Oreg.*, about 375 m. of
San Francisco, **12**, 1176.

PLANS. (See Projects.)

By Maj. Michler, 1874, canal from Low's place,
on Coquille R., to Coos B., 4' x 30' x 27,180' l.-w.
mark; est., \$349,592, **74**, ii, 367, 368.

By Maj. Wilson, 1878, imp. mouth of R. by con-
tinuing work on dams and training walls com-
menced by private parties, object to produce
scouring effect on the inlet; est., \$164,200, **79**, 1808,
1810.

By Capt. Powell, 1887, snagging, Coquille City
to Myrtle Pt.; cost, \$5,000, **87**, 2499.

PRIVATE WORK.

Private parties began dam 600' below mouth, with training walls to produce scouring; work suspended, 79, 1808, 1809.

Elevation of j. by private work, 83, 2068.

In connection with n. j., contractor built receiving wharf and 1,100' of elevated tramway, which under the contract became the property of the U. S., 01, 3466.

PROJECTS. (See Plans.)

By Maj. Wilson, 1878, imp. of bar at mouth to give chan. 10' d. m. l. w., with training walls; est., \$164,200, 79, 1808, 1810; 81, 2599.

In 1891 Capt. Symons est. cost of completing the proj. at \$130,000, incl. extension of the s. j. 700', and completion of the n. j. to equal l., making total revised cost of proj. \$228,000, 91, 3148.

(Given in 1912 report as follows: Orig. proj. adopted 1878-2 converging high-tide js. of rubble-st., 800' apart, located to make R. flow into sea $\frac{1}{2}$ m. n. of orig. mouth, js. to maintain 12' at l. t. In 1880, d. reduced to 10'; in 1888, to 8'; and in 1891, plan was changed to make js. 600' apart, 12, 1176.)

In 1892 Capt. Symons est. cost of completing proj. at \$180,718, 92, 2665.

By Capt. Symons, 1894-95, to abandon old system of single track and close pile tramway, replacing it with regular open work pile bent, double track tramway, and building the enrockment on a brush mattress, 95, 3345.

Capt. Harts est., 1899, \$75,000, if app. at one time, to complete n. j., 00, 4269.

Capt. Langfitt proposed to extend n. j. seaward for 1,000'; est., \$75,000, 01, 3466, 3467.

By Maj. Langfitt, to remove r. in chan., by blasting, to 8' below m. l. w., or build spur j. bet it and s. j.; est. for either, \$6,000, 03, 2207.

By Maj. Langfitt, constr. of dr. plant; est., \$50,000, 04, 663, 3468; 05, 668, 2455.

By Lt. Col. Roessler, combined dr.; est., \$60,000, 06, 1984.

By Maj. McIndoe, au. act June 25, 1910; removal of snags, removal of mid-chan. r. and rs. near

mouth, dr. chans. 100' and 140' w., and 9' and 10' d., through shoals and constr. regulating works; est., \$50,000, and \$6,000 an. mainten. (H. D. 673, 61st, 2d), 10, 930, 931, 2372.

Maj. Morrow recom. that washing away of the shore should be arrested by extending the n. j. shoreward, or by constr. some form of beach protection, 12, 2784.

SURVEYS.

Ex. of navigable outlet au., 73, 108; 74, 118; made by Maj. Michler, 74, i, 364.

Sur. au.: completed by C. M. Bolton, 78, 139; 79, 183, 1809.

Made, 1880, by Maj. Gillespie, 81, 2596.

Ex. into condition of chan. and j., 84, 2270.

Ex. au. bet. Coquille and Myrtle Pt. by act Aug. 5, 1886; made, 1887, by Capt. Powell, 87, 2499.

Sur. of to gain complete knowledge of conditions made, 1894, by Capt. Symons, 95, 3350+.

Sur. of the mouth to ascertain the effect of incomplete js. made, 1899, by Capt. Harts, 00, 4269.

Made, 1905, by Maj. Langfitt, showing d. of 8', m. l. w., in bar chan., 05, 2442.

Ex. and sur. at and near mouth, au. act Mar. 2, 1907; made, 1907, by Lt. Col. Roessler (R. fav.); est., \$27,840 (H. D. 399, 60th, 1st), 08, 817.

Ex. and sur. au. act Mar. 3, 1909, from mouth, incl. the bar, up to Myrtle Pt.; made, 1909-10, by Maj. McIndoe (R., fav., except to part bet. Myrtle Pt. and mouth of North Fork) (H. D. 673, 61st, 2d), 10, 950.

Pre. ex. and sur. au. act June 25, 1910, of North Fork, for 17 m. upstream from mouth; and of East Fork, for 8 m. upstream from mouth (R. to come), 12, 1206.

Cong. docs., etc., relating to exs., sur., plans, etc., 12, 1178.

Maps. (H. D. 399, 60th, 1st.) 82, 2682; 83, 2072; 84, 2270; 85, 2400. Mouth, 86, 2003; 91, 3151; 93, 3524; 00, 4270; 05, 2442; 06, 1974.

Photographs. Jetties, 99, 3200.

1892, \$5,000, 93, 3329.

1894, 5,000, 95, 3349.

1896, 12,000, 96, 3232.

1899, 9,000, 99, 3202.

Total, 31,000

COMMERCE.

In 1894 navigable importance of R. under imp. liable to decrease on account of the constr. and operation of a R.R. bet. Coquille City and Myrtle Pt., 94, 2559.

Boats being built, 1900, for shallow navigation of the stream, 00, 4273.

Tonnage, 1896, 3,000 t.; 1901, 4,000 t., 02, 537.

CONTRACTS.

1897. Noble & Saunders, dr., constr. dikes, etc.; piles, 12¢ l. f.; lumber, \$12.50 M f.; ironwork, 7¢ lb.; brush, \$2.25 cord; st., \$1 t.; sand excavation, 10 and 15¢ c. y.; snagging, \$25 per day (\$14,295), 97, 3384.

ENGINEERS.

Chief of Engineers. R., 93, 433; 94, 403; 95, 442; 96, 394; 97, 496; 98, 481; 99, 565; 00, 638; 01, 615; 02, 536.

In charge:

Capt. T. W. Symons, 1893-95. R., 93, 3329; 94, 2558; 95, 3349.

Capt. W. L. Fisk, 1896-98. R., 96, 3231; 97, 3383; (Maj.) 98, 2961.

Capt. W. W. Harts, 1899-1900. R., 99, 3202; 00, 4271.

Capt. W. C. Langfitt, 1901-02. R., 01, 3468; 02, 2365.

Assistants:

D. B. Ogden. R., 95, 3351.

R. S. Littlefield. R., 95, 3355.

OPERATIONS.

1892-93. About 1,000 snags removed and 200' of wing dam built, 93, 3330.

1894-95. About 375 snags removed and about 500' of wing dam built, 95, 3350.

1895-96. Few obstr. removed, 96, 3232.

1896-97. Some snagging done, 97, 3383.

1897-98. 3,700' of pile and brush dikes built; 2,200 l. f. pile, brush, and lumber shore protection built, and some dr. done, 98, 2962.

1899-00. About 300 snags, etc., removed; over 8,000 c. y. dr., 00, 4272.

1900-01. Operations carried on by hired labor and U. S. plant; 21,134 c. y. dr. and 304 logs and 579 small snags removed, resulting in l. w. chan. 4 x 50' through shoals for 5,310', 01, 3468, 3469. Six cross dikes, aggregate l., 585', constr., connecting 2 rows of pile dikes built, 1898, to banks of R.; operations for year suspended on account of small balance available Oct. 25, 1900, 01, 3469. New stern-wheel SS. *Welcome* completed and placed in commission, 01, 3470.

1901-02. Care of U. S. plant, and removal of piles obstr. navigation, 02, 2365.

PHYSICAL CHARACTERISTICS.

Description of **93**, 3329; **95**, 3350; **01**, 616, 3470; **02**, 537.

In 1893 navigation obstr. bet. Coquille City and Myrtle Pt. by snags and other obstr., **93**, 3329.

Condition of stream bet. Rackliffs Landing and Myrtle Pt. worse each year. Wing dams to remove obstr. of but little benefit. **00**, 4273.

Considerable shoaling, **02**, 537.

PROJECTS.

By Capt. Symons, 1892-93, removal of bad snags obstr. navigation and tending to form bars; contraction of R. into chan. 50' w. where shoals have

formed in order to scour out desired d.; est., \$26,000, **93**, 3329.

By Maj. Symons, 1895, revising proj. to provide for confining waters of R. bet. pile dikes about 60' apart, or bet. a pile dike and strongly revetted shore; dr. chan. 4' x 50' l. w. and depositing dr. material behind pile dikes; and constr. of wing dams below Roberts Landing to scour out shoals at that point; cost, \$43,176.48, **95**, 3350.

SURVEYS.

Sur. made, 1894, by Capt. Symons, **95**, 3350.

Maps. **95**, 3356.

Photographs. **00**, 4272.

Lt. Col. S. W. Roessler, 1906. **R.**, 06, 1978.

OBSTRUCTIONS.

Raft cradle, owned by unknown persons, a hindrance to free navigation, removed, 1900, **00**, 4282.

OPERATIONS.

1898-99. 75,770 c. y. dr. (maps), **99**, 3206.

1899-00. 30,000 c. y. dr.; raft cradle removed; small dike built, **00**, 4280-4282.

1900-01. Proj. completed during fiscal year ending June 30, 1900; unexpended balance returned to Treas., **01**, 618, 3476.

1903-04. Plant previously used overhauled, and new hull built and old machinery installed thereon for dr.; 2 old scows converted into dump scows; 10,210 c. y. removed from stretch of 11' x 60' x 750', over Pony Slough Shoal; d. maintained since beginning, **04**, 656, 3443.

1904-05. 12,190 c. y. excavated from shoal at mouth of Pony Slough, resulting in cut 14' x 100' m. l. t., **05**, 662, 2447.

1905-06. Plant fitted up for work of redr. chan. through shoal opposite Marshfield to 13' x 150' m. l. w.; 7,500 c. y. removed and dumped in deep hole out of the chan., **06**, 737, 1978.

PHYSICAL CHARACTERISTICS.

Description of. In the upper part of Coos B. and its tributary sloughs in 1895 there were a number of shoals which interfered with navigation, the principal of which was situated just below the town of Marshfield, situated at the upper end of the B., 95, 3367.

No deterioration of imp., except slight shoaling in chan. at mouth of Coos R., 01, 3476.

Shoal found at mouth of Pony Slough, 04, 656, 3443.

Max. draft carried bet. Marshfield and mouth, 13' l. t., 06, 737.

PROJECTS.

By Capt. Symons, 1891, building dr. to dr. a chan. 10' d. through 2 shoals in H.; est., \$27,390, 95, 3367.

Existing proj. amended by Congress, 1899, to dispense with necessity of purchasing dr. boat and scows, that dr. might be done by contract or otherwise, 99, 3205.

By Capt. Harts, 1899, dr. 13' chan., 150' w., through 3 shoals near Marshfield, and a 13' chan., 100' w., through 4th shoal in same locality, 99, 3205.

By Capt. Harts, 1899, dike across chan. s. of an isld. in the H.; est., \$500, 00, 4282.

SURVEYS.

Minor sur., 99, 3205.

Sur. of chan. opposite Marshfield showed shoaling in one place to 11' m. l. t., 06, 1978.

Maps. 99, 3206.

Boards. Convened, Portland, Oreg., Nov. 18, 1888, by S. O. No. 58, to ex. and report upon proj. for imp. of Coos B. R., 89, 2510; 90, 2936. (Col. Mendell and Majs. Jones and Handbury.)

In charge:

Maj. J. M. Wilson. R., 79, 1791.
Maj. G. L. Gillespie, 1879-82, 79, 180, 183. R., 79, 1854; 80, 2323; 81, 2583.

Capt. C. F. Powell, 1882-87. R., 82, 2674; 83, 2055; 84, 2260; 85, 2388; 86, 1989; 87, 2460.

Capt. W. Young, 1888-90. R., 88, 2141; 89, 2507.

Capt. T. W. Symons, 1890-95. R., 90, 2929; 91, 3154, 3283; 92, 2669; 93, 3332; 94, 2561; 95, 3357.

Capt. W. L. Fisk, 1896-98. R., 96, 3233; 97, 3384; (Maj.) 98, 2963.

Capt. W. W. Harts, 1899-1900. R., 3203; 00, 4274.

Capt. W. C. Langfitt, 1901-05. R., 01, 3471; 02, 2366; (Maj.) 03, 2209; 04, 3439; 05, 2443.

Lt. Col. S. W. Roessler, 1906-08. R., 06, 1976; 07, 2160; 08, 2237.

Maj. J. F. McIndoe, 1909. R., 09, 2205.

Maj. J. J. Morrow, 1910-. R., 10, 2373; 11, 2578; 12, 2786.

Assistants:

C. M. Bolton, 79, 1791, 1794. R., 79, 1795.

Lt. A. H. Payson. R., 80, 2326.

R. S. Littlefield. R., 81, 2585; 83, 2058; 84, 2262; 85, 2390; 90, 2933.

J. S. Polhemus. R., 91, 3163; 92, 2674; 93, 3338; 94, 2565; 95, 3361.

J. R. Savage. R., 92, 2672.

OPERATIONS.

1879-80. 450 l. f. cribwork sunk, 80, 2325.

1880-81. 250 l. f. cribwork sunk, 81, 2583.

1881-82. Shore interval closed by addition of 210 l. f. cribwork; 7,236 c. y. st. placed for j. exten-

¹ \$3,000 of app. for this work allotted, in 1905, to Coos R.

² \$350,000 for constr. of sea going dr. and \$50,000 for operating dr. Oregon.

sion; 6 dump cars and 1 derrick car constr., 82, 2675, 2676.

1882-83. Jetty track repaired and extended; 14,063 c. y. st. placed in j., making a total l. of work of 1,645 l. t., 83, 2056, 2057.

1883-84. 6,856 c. y. r. placed, extending j. 42'; 433 c. y. r. placed in inside part of j., 84, 2260.

1884-85. Enrockment advanced 72'; quarrying and sluicing operations carried on, 85, 2389.

1886-87. Clearing quarry for use, 87, 2460.

1887-88. 7,000 c. y. of earth removed in quarry sluicing, 88, 2142.

1888-89. 3,314 c. y. st. placed in foundation of j. extension, 89, 2508.

1889-90. 38,845 c. y. st. placed in extension of j., 90, 2930-2933.

1890-91. 1,841 c. y. r. deposited in j.; 1,600 l. f. of st. trestle built, and plant constr. for commencement of n. j. work, 91, 3165, 3164.

1891-92. 3,200 l. f. of j. tramway built; 23,923 t. r. placed in the j.; 4,336 l. f. of mattress work placed, 92, 2671.

1892-93. 41,000 tons of st. placed in n. j., 93, 3335. Reclamation of sand dunes in progress, 93, 3336.

1893-94. 117,340 t. of st. placed in n. j. and some repairs made, 94, 2562, 2564.

1894-95. About 98,000 t. of st. placed in n. j. and some repairs made, 95, 3359, 3360.

1895-96. Mainten. of work already done, 96, 3234.

1896-97. About 80,000 t. of st. placed in n. j., 97, 3385.

1897-98. 67,728 t. of st. placed in n. j., 98, 2964.

1899-00. Wharf and n. j. tramway repaired; 105,500 t. st. placed in n. j. (photographs); grass planted in an apparently successful effort to check sand movement at entrance of B., 00, 4276, 4278.

1900-01. Piles, lumber, and rails placed, resulting in rebuilding 80' of n. j. tramway; 104,130.2 t. rubblest., at 57½¢ t., dumped therefrom, raising j. to proj. h. throughout its l.; contract completed; since then 600' tramway carried away by storm, at sea end, and j. beaten down for several hundred feet, 01, 3472. Erosion of shore stopped by 80 cords brush mattress and 500 t. st. Small quantity of Holland grass (*Arundo arenaria*) planted to hold shifting sands; it thrived during year, 01, 3473.

1901-02. Care of U. S. plant and planting 27 acres, s. end of n. sand spit, with Holland grass; contract for st. completed Mar. 15, 1901, after having delivered 209,629 t., of which 145,570 t. were placed on outer 768' of j.; pieces of r. averaged about 4 t. each; some weighed 17 t.; r. mentioned raised crest enrockment 20 to 29' above m. l. w.; w. at top 35' at l. w. 100', at base 175 to 200', 02, 2366.

1902-03. Care of U. S. plant, planting 62 acres with Holland grass roots, 03, 2209.

1903-04. Buildings repaired and plant gone over; some of equipment thoroughly overhauled for use in dr.; 30 acres planted with Holland roots, 04, 3439.

1904-05. Repairs made to buildings, plant, etc., old rails remaining on tramway together with plant brought to place of safety and stored, 700' tramway beyond h.-w. shore line having been carried away; small SS. *Arago* completed and put in commission, 05, 2444.

1905-06. Watching and caring for plant and works; 70 acres of Holland grass roots planted, 06, 735, 1976.

1906-07. Planting of 57 acres with Holland grass, 07, 753, 2160.

1907-08. Pipe line suction dr. for use on this and other Hs. of Oregon and Washington under constr., 08, 803. Planting of 50 acres on n. spit with Holland grass, 08, 2237.

1908-09. 320,000 c. y. removed by U. S. dr. *Oregon*, at cost of about 6½¢ c. y., paid for by C. interests, and 90,000 c. y. removed under U. S. funds at cost of about 5½¢ c. y., resulting in chans. 150' to 250' w., 16' to 18' d. l. w., with lengths of 1,400' at Pony Shoal, and 7,500' from C. A. Smith's sawmill to cold-storage works at Marshfield; material pumped behind bulkheads and placed on adjoining lands, 09, 2206.

1909-10. 119,000 c. y. dr. to 16' at l. w. over a w. of 160' for 6,000'; at upper part of cut the material pumped ashore behind bulkheads, and at lower

part deposited on shoals to e. of chan.; dr. towed to sea and arrived at Astoria Sept. 20, 10, 932, 2374.

1910-11. 10,000 c. y. removed by dr. *Oregon* and hired labor from Pony Slough Shoal; 332,437 c. y. dr. from proj. chan. and deposited behind bulkheads built by private parties on w. shore of B.; 30,170 c. y. removed from North Slough Shoal and pumped along edge of w. shore, 11, 2578.

45,546 c. y. removed from Pony Slough Shoal and pumped along e. w. shores; resulting in chan. 17' x 160 m. l. w. up B. to above Marshfield; dr. *Oregon* towed to Coquille, 11, 2579.

1911-12. 155 acres sands planted with Holland grass roots (*Arundo arenaria*); 632,324 c. y. dr., of which 266,331 c. y. paid for by C. interests, 12, 2787.

PHYSICAL CHARACTERISTICS.

C. Bay a tidal estuary about 180 m. s. of Columbia R. Next to Humboldt H., Cal., it is principal H. bet. Col. R. and San Francisco. Tidal area, 15 sq. m., incl. 900 acres of anchorage not less than 18' m. lower l. tide, 12, 1179.

Description of, 79, 1792, 1793, 1795; 94, 2563; 95, 3359.

Tides and currents, 79, 1793.

Description of obstr. in Coos B., 80, 2324.

Influence exerted by js., 81, 2553.

Benefit conferred by imp., 86, 1995, 1996, 1997.

Description of locality, 90, 2930, 2938, 2944.

Tidal capacity of Coos B., 90, 2940.

Movement of sand, 90, 2941; 91, 3158.

Unusually heavy storms during winter of 1899-1900 caused temporary shoaling, 00, 4277.

Storms, winter of 1900, caused erosion along shore end of j.; bar chan. shoaled to 16', but immediately afterwards the least d. found at l. t. 25'; average during year, 20' l. t.; portions of tramway deteriorated by ravages of teredo, 01, 3473.

Max. draft across bar, 18'; range of tide, 4.8' 02, 538.

Heavy seas flattened down 700' outer end of j. to from 1 to 12' below l. t., 02, 2366.

Heavy seas beat down outer 650' j. enrockment to from 1 to 20' below l. w., 03, 2209.

Very little change in condition of j.; d. on crest of bar, 17', 04, 3440.

Guano r. broken off by sea; small portion, 2' above m. l. w., 05, 2444.

Part of j. tramway honeycombed by teredo and carried away; condition of n. j. but slightly changed enrockment slightly beaten down by sea, 06, 1976.

Entire j. tramway and wharf destroyed by teredo and decay, 07, 2160.

Dr. material; mud, sand, silt, mixed with oyster shells, 09, 2206.

Dr. work increased d. from 12' to 17' l. w. over many shoals, 12, 1180.

PLANS.

By Maj. Wilson, 1879, imp. entrance with 2 st. training walls to obtain chan. 22' l. w.; est., \$972,000, 79, 182, 1796. Referred to BE., 79, 1798, 1794, 1795, 1796, 1854.

By Capt. Symons, 1891, imp. of upper H. at Coos B. by dr. chan. through shoal at the lower end of Marshfield and one above the coal bunkers in Isthmus Slough to 10' l. w. and a bottom w. of 100'; est., incl. constr. of dr. and equipment, \$27,390, 91, 3285.

PRIVATE WORK.

Continuation of operations during season of 1881-82 after funds had been exhausted through materials and labor furnished by citizens, 82, 2676.

C. interests of Coos B. raised fund of \$21,270.41, with which U. S. dr. *Oregon* was towed from Portland, Oreg., to Coos B. and operated from Oct. 13, 1908, to Apr. 30, 1909, 09, 840.

365,993 c. y. dr. by U. S.

266,331 c. y. dr. by U. S. and paid for by port of Coos B. (263,863 c. y.) and C. A. Smith Lumber Co. (12,468 c. y.), 12, 2787.

PROJECTS.

By Maj. Gillespie, 1879, for half-tide j., from near Fossil Pt., in a curved line toward Coos Head, to open and maintain d. and more direct chan. across

outer bar; est., \$600,000, **80**, 2323; **83**, 2055; **87**, 2460; **88**, 2142.

By BE., 1889, imp. of B., securing a l. w. d. of 20' through the bar at its entrance with 2 parallel js. of riprap st. upon mattress foundation, crossing bar 1,500' apart; n. j. to be 9,600'; the s. j. 4,200'; both js. to be brought to h. w. level, and to have a top w. of 10'; est., \$2,466,412, **90**, 2941, 2942.

Projected low-tide d. of 20' on bar at entrance probably not to be obtained through agency of the n. j. alone, **99**, 3203.

Certain tracts of land reserved for the use of the imp. of the B. and H. restored to the public domain, **00**, 4278.

By Capt. Langfitt, restoring j.; est. \$153,223.90, **01**, 3473; to change character of constr. of j. and use larger pieces of st. or concrete blocks, **02**, 2366, 2367; recom. that funds available be withheld, approv., and constr. of sur. SS. au., **03**, 2209.

Lt. Col. Roessler proposed that so much of balance of funds as may be necessary be made available for dr., **06**, 735, 1976, 1977.

Act June 25, 1910, au. constr. and operating sea-going hydraulic dr. to secure more d. over bar without addl. js.; and dr. chan. within B. to 18', up to Marshfield; est. \$500,000, and maintain. \$60,000 an. (H. D. 958, 60th, 1st), **10**, 932, 2374.

SURVEYS.

Ordered and in progress, **78**, 139.

Of entrance completed by C. M. Bolton, **79**, 183, 1791, 1795.

Surs. of lower Coos B. made, 1889, by Capt. Young, **90**, 2948.

Sur. of Coos B. for imp. of the upper H. made, 1891, by Capt. Symons, **91**, 3284.

Surs. bar chan. were made by Capt. Symons in 1894, **94**, 2563; in 1895, **95**, 3359.

Sur. of the entrance made, 1899, by Capt. Harts (maps), **00**, 4277.

Ex. of bar showed 17' m. l. w., **03**, 2209.

Resur. of H. lines, field work completed, **04**, 654, 3440.

Sur. of bar chan., 1904, showed about 19' x 500' straight to sea; and this could be carried to Empire, 4 m. inside; vessels drawing 14' to 18' could reach Bay City, 14 m., on high tide, **05**, 661, 2444.

Ex. and sur. au. act Mar. 2, 1907, of B. and bar; **R.**, 1907 and 1908; est. \$500,000 (H. D. 958, 60th, 1st), **08**, 817.

Pre. ex., Coos Bay and entrance, Oreg., incl. removal of Guano Rock, au. act June 25, 1910; **R.**, Maj. Morrow, 1910 (unfav.) (H. D. 284, 62d, 2d), **12**, 1204.

Cong. docs., etc., relating to exs., surs., plans, etc., **12**, 1181.

Maps. **82**, 2676; **83**, 2060; **84**, 2264; **85**, 2390; **86**, 1989; **91**, 3163; **93**, 3336; **94**, 2568; **95**, 3366; **00**, 4278; **05**, 2444; **08**, 2238.

Photographs. **00**, 4278.

OPERATIONS.

1896-97. A limited amount of snagging done and a small training dike constr., **97**, 3388.

1897-98. 1,050 t. r. used in constr. of dike 400' l. and about 1,600 snags and other like obstr. removed; 862 bowlders removed; proj. completed, **98**, 2966.

1898-99. Nearly 1,000 snags, etc., removed, **99**, 3208.

1899-00. About 1,000 snags, etc., removed; proj. completed: snag scow strengthened and fitted with dr. bucket, **00**, 4284.

1903-04. Confined to snagging and fitting up plant; new hull built for combined snag and dr. scow; 912 snags and other obstr. removed, freeing North and South Forks, **04**, 657, 3444. Operations for mainten. resulted in clear chan. with least d. of 1½ l. t.; variation 2½, 5' at mouth, **04**, 657.

1905-06. Fitting up snag boat and plant for work by hired labor; 657 snags removed from North Fork, and 510 snags removed from South Fork and placed on bank to be burned, **06**, 1979.

1906-07. Obstr. snags removed by hired labor and use of U. S. plant, Aug. 16, 1906; winter freshets carried obstr. into chan. and caused shoaling; snagging operations resumed and continued to end of year, **07**, 2162.

1907-08. Work carried on by hired labor and snag scow until Sept. 27, 1907, resulting in clearing chan. to head of navigation on both North and South Forks; dr. bucket rigged on scow and chan. dr. to 3' l. w. at Carpenter and Yokam Bars on South Fork, and to same d. at Piper, Blaine, and Edwards Landing Shoals on North Fork; chans. cut 40' w. and material placed along sides, **08**, 2239. 1,163 snags and other obstr. removed, and 13,407 c. y. dr., **08**, 2240.

1908-09. Proj. may be considered completed; work has resulted in safer and better chan. for small craft, **09**, 842.

1910-11. 558 snags removed by hired labor, 2,200 c. y. dr. from Island Shoal, South Fork; chan., North Fork, dr. for 600' downstream, **11**, 2581.

1911-12. 8,956 c. y. sand and silt removed **12**, 2790.

* Allotment.

1 From "Imp. of Coos B. and H., general imp."

PHYSICAL CHARACTERISTICS.

Description of, **93**, 3438; **95**, 3502.
R. the chief tributary of Coos B., being about 6 m. l., then separating into 2 forks, up which the tide ranges for about 8 m. from the junction. Valley along the streams in a good state of cultivation, **93**, 3438.

Imp. chan. deteriorated, **01**, 3477.
Shoalest parts under imp. varied from 1' to 2' at m. l. w.; average rise of tide 5', **02**, 540.

Condition of R. good, no difficulty experienced in navigating it, **03**, 597.

Description of, **07**, 754; **08**, 804.
Chans. snagged and dr. shoaled to some extent, **09**, 2208.

Some shoaling has taken place and a number of snags deposited by freshets of "past" two winters, **10**, 2376.

PROJECTS.

In 1895 Capt. Symons est. \$5,000 to imp. R., **95**, 3502; by removal of snags and other like obstr., cutting through bars where necessary to secure chan. 50' w., mouth of R. to head of navigation in North

and South Forks, incl. 5½ m. of main R. and about 8½ m. of each fork. The proj. adopted, **96**, 3236.

By Capt. Fisk, 1898, chan. 50' w., free of bowlders and obstr. snags from R. mouth in Coos B. to head of tide, on the South and North Forks; est., \$3,000; **98**, 2966; **99**, 3208. (Probably subproject or continuance of proj.)

In 1900 Capt. Harts est. \$1,500 every 2 years for mainten., **00**, 4284.

By Capt. Langfitt, to restore chan. by removing snags, logs, etc., and dr. bar at mouth; est., \$3,000, **01**, 3477.

By Maj. Morrow, to expend \$3,000 au. act June 25, 1916, in fitting up plant and snagging, and removing obstrs. from chan.; est. that mainten. work au. act would cover needs for 2 years, **10**, 2376.

SURVEYS.

Ex. of navigable tidewater chans. of R. with view to removal of snags and other obstrs. au. act of July 13, 1892; made, 1892, by Capt. Symons (**R. fav.**), **93**, 3437.

Sur. au. act Aug. 17, 1894; made, 1895, by Capt. Symons (see Projects), **95**, 3502.

Cong. docs., etc., relating to exs., surs., plans, etc., **12**, 1188.

VV-30**UMPQUA RIVER, OREG.****APPROPRIATIONS.**

1871,	\$22,500.00,	71, 97, 902;	72, 96, 986.
1886,	1.47,	86, 443.	
1888,	2,000.00,	88, 2145.	
1890,	9,000.00,	90, 2966.	
1896,	6,000.00,	96, 3236.	

Total, 39,501.47

COMMERCE.

Amount saved on imports of the valley for 1 year would more than pay for the imp., **71**, 914. No further imp. recom., **72**, 986, 991.

Description of, **95**, 3449; **98**, 2992-2994; **04**, 3508. 1895, unimportant, **95**, 3449.

1897, chan. at entrance ample for needs of C., **98**, 2994.

CONTRACTS.

1871. W. Turnbull, who failed to sign, declared forfeited, **72**, 989; awarded to W. B. Clark, removal of submerged r., \$6.95 c. y., **72**, 986.

1897. Normile & Fastabend, r. excavation, \$8 c. y. (\$4,000), **97**, 3390.

Capt. W. L. Fisk, 1896-98. **R.**, **96**, 3236; **97**, 3389; (Maj.) **98**, 2967, 2991.

Capt. W. W. Harts, 1899. **R.**, **99**, 3209.

Capt. W. C. Langfitt, 1904. **R.**, **04**, 3506.

Maj. J. F. McIndoe, **10**, 950.

Maj. J. J. Morrow, **12**, 1204.

Assistants:

F. H. West, **72**, 986.

R. A. Habersham. **R.**, **80**, 2234.

J. S. Polhemus. **R.**, **87**, 2463.

R. Warraek. **R.**, **90**, 3008.

Lt. G. D. Fitch. **R.**, **94**, 2571.

ESTIMATES. (See Plans and Projects.)

By Maj. Williamson, 1871, imp. of Umpqua R. by removal of obstr. to h. w. navigation, \$22,549.33 (currency), **71**, 914; detailed est., **71**, 913.

OPERATIONS.

1871-72. 1,920 c. y. of r. removed from chan., **72**, 96, 992; details of operations, **72**, 992; milldam at Kellogg's cut through, **72**, 986.

1885-86. Blasting and r. removal commenced on R. under app. of 1871, **86**, 2006.

1886-87. Rock removal in progress on reefs below Scottsburg, **87**, 2463.

1889-90. 700 t. of r. drilled, blasted, and removed from the chan., **90**, 2966.

1891-92. 955 t. of r. blasted and removed, **92**, 2679.

1893-94. Over 252 t. of r. removed, **94**, 2570.

1897-98. Over 633 c. y. r. removed, **98**, 2968.

PHYSICAL CHARACTERISTICS.

Umpqua divided in many places at l. w. into half a dozen streams, separated from each other by walls of r., **71**, 910.

A series of rapids, **71**, 910; **72**, 989.

Bed of R. coarse gravel or solid bed r., **71**, 910.

No sand bars in the R., **71**, 910.

Current too rapid to be navigated profitably, **72**, 96, 990.

Description of, **80**, 2334; **87**, 2499; **95**, 3449; **98**, 2992; **04**, 3506.

Largest R. in s. Oregon. Entrance from sea one of the best along the coast. Stream navigable for 25 m. above its mouth, to Scottsburg. Navigation of the whole R. difficult. **95**, 3448.

In 1897 the H. throat proper had a min. d. of about 30' and w. of 90' at l. tide. Average d. on crest of the bar was seldom less than 13' at l. w. or 19' at h. w. No serious obstr. existed. **98**, 2993.

PLANS. (See Estimates and Projects.)

By Maj. Gillespie, 1879, imp. of Umpqua R. bet. Scottsburg and its mouth by removal of bars at Brandy and Echo Islds. and Deans Creek, involving constr. of 3,100 l. f. of crib j.; est., \$11,110, **80**, 2336.

In 1887, Capt. Powell, formation of a 4' chan. from Gardner to Scottsburg by contraction works on 2

bars, removal of bowlders, and completion of "present" proj. at Scottsburg Reefs; est., \$30,000, 87, 2500.

PRIVATE (CORPORATE) WORK.

President of the Merchants & Farmers' Navigation Co. tendered the use of a S. S. to Maj. Robert to make a trial trip up the R.; offer accepted; stockholders protest against the offer of the president; trip abandoned, 72, 986, 989, 990.

PROJECTS. (See Estimates and Plans.)

By Maj. Williamson, imp. of Umpqua R. by removal of obstr. to a h. w. navigation, Scottsburg to Roseburg; est., \$22,549, 71, 912, 86, 2005.

In 1886, proj. proposed expend. of balance of app. of 1871, at and below Scottsburg, in excavation of chan. 3' x 50' l. w. through 5 r. ledges; est., \$4,056, 86, 2005; 87, 326; 88, 2144.

By Capt. Symons, 1889, formation of a chan. 4' x 50' l. w., Scottsburg to mouth, by removal of ledge r. and bowlders; est., \$9,000, 90, 3007; 91, 3169.

In 1894 Capt. Symons est. \$6,000 to complete proj., 94, 2571.

Unexpended funds, \$259.18, returned to Treas., 1899, as proj. was practically completed, 99, 3209.

SURVEYS.

Ex. au., 1870, 70, 32, 84.

Ex. rapids by Maj. Williamson, 71, 97, 902.

Ex. by F. H. West, 1871, 72, 986.

Sur. au. act Mar. 3, 1879, assigned to Maj. Wilson, 79, 183; made, 1879, by Maj. Gillespie, 80, 2333.

Ex. au. act Aug. 5, 1886; made, by Capt. Powell, 87, 2499.

Ex. bet. Scottsburg and Harts Rapids au. act Aug. 11, 1888; made, 1889, by Capt. Young (R. unfav.), 89, 2527.

Sur. of R. bet. Scottsburg and the mouth au. act Aug. 11, 1888; made, 1890, by Capt. Symons, 90, 3007.

Surs. of rs. and reefs along proj. chan., made by Capt. Symons, 1893-94, 94, 2570.

Ex. au. Scottsburg to Elktion Rapids au. act Aug. 17, 1894; made, 1894-1895, by Capt. Symons (R. unfav.), 95, 3448.

Ex. of bar and entrance au. act June 3, 1896; made, 1897, by Capt. Fisk (R. unfav.), 98, 2391.

Pre. ex. and sur. au. act June 13, 1902. R., by Maj. Langfitt, Mar. 9 and Oct. 22, 1903; plan presented at est. cost of \$392,563.12 ("locality unworthy of such a large expend.") (H. D. 310, 58th, 2d), 04, 672, 3505.

Pre. ex. of bar au. act Mar. 3, 1909. R., by Maj. McIndoe, Jan. 31, 1910 (H. D. 811, 61st, 2d), (unfav.) 10, 950.

Pre. ex. au. act June 25, 1910, Scottsburg to Roseburg, Oreg. R. by Maj. Morrow, Nov. 23, 1910 (H. D. 276, 62d, 2d) (unfav.), 12, 1204.

VV-36 SIUSLAW RIVER (and Bay and Bar), OREG.

APPROPRIATIONS.

1890, \$50,000, 91, 3175.

1892, 20,000, 92, 2687.

1894, 25,000, 95, 3373.

1896, 27,000, 96, 3238.

1899, 30,000, 99, 3211.

1902, 35,000, 02, 2370.

1910, 50,000, 10, 2378.

1911, 50,000, 11, 2583.

1912, 40,000, 12, 2793.

Total, 327,000 (\$24,838 carried to surplus fund, 1908, and recpts. from sales \$150.10—\$302,312.10, 12, 2793).

COMMERCE.

Detailed description of the resources of the country, 93, 3348. Transportation and mail facilities poor and imperfect, 93, 3349.

Insignificant, 03, 2237.

C. limited; country being thinly settled and trans. facilities primitive, 12, 1185.

CONTRACTS.

1895. D. Kern, jetty constr.: Piles, 7¢ l. f.; lumber, \$9 M f.; bolts, 5 and 15¢ each; brush mattresses, 25¢ c. y.; st., 72¢ t. (\$11,252.50), 95, 3373.

1897. Wakefield & Jacobsen, jetty constr.: Piles, 10¢ l. f.; lumber, \$11 M f.; driftbolts, 3¢ lb.; bolts and washers complete, 21¢ each; brush mattresses, 20¢ c. y.; st. 61¢ ton (\$12,086.10), 97, 3392.

1899. Hale & Smith, repair and extension of n. j. tramway and extension of U. S. wharf (piles, lumber, ironwork, brush, and st.), \$23,737, 00, 4290.

1911. Johnson-Anderson Co., constr. repairing wharf and extending n. j. (\$200,686), 12, 2793.

1912. Johnson-Anderson Co., suppl. contract, making face of wharf longer to permit operating of 2 derricks (\$507.28), and formal contract for extending s. j. 400' (\$43,275.70), 12, 2794.

ENGINEERS.

Chief of Engineers. R., 80, 242; 81, 332; 87, 330; 89, 358; 90, 324; 91, 402; 92, 378; 93, 435; 94, 405; 95, 445; 96, 397; 97, 498; 98, 487; 99, 572; 00, 645; 01, 619; 02, 540; 03, 598; 04, 657; 05, 663; 06, 738; 07, 755; 10, 950; 10, 935; 11, 992; 12, 1183.

Boards:

Convened, Portland, Oreg., June 11, 1891, by S. O. No. 23, to report upon proj. for imp. mouth of Siuslaw R. R., 91, 3175. (Maj. Handbury, Capt. Symons, and Lt. Burr.)

BERH. reviews Capt. Langfitt's R. on continuing imp.; "undesirable," 03, 2235.

In charge:

Maj. G. L. Gillespie, 1879. R., 81, 2617.

J. S. Polhemus. R., 96, 3239.

Capt. A. A. Fries, 06, 732.

Capt. Arthur Williams, 10, 930.

Lt. H. H. Robert, 10, 930; 11, 987; (Capt.) 12, 1176.

LEGAL PROCEEDINGS.

Steps taken to acquire title to land required for use of imp., 00, 4289.

Pt. Terrace st. quarry purchased for \$700; boundaries and land described, 01, 3480.

Land required for use of imp. purchased for \$500; boundaries described, 01, 3480.

Bond submitted by port of Siuslaw to insure its proportion of the cost of work acceptable, 1911, 12, 2791.

OPERATIONS.

1891-92. Constr. and preparation of plant, **92**, 2687, 2691.
1892-93. 6,540 t. r. placed in the n. j., **93**, 3346.
1895-96. N. j. extended 500', **96**, 3238.
1896-97. Extension of n. j. continued, **97**, 3391.
1897-98. N. j. extended to 911', **98**, 2970.
1899-00. U. S. wharf and tramway repaired, and latter extended; 11,674 t. st. and 305 c. y. mattresses placed in j., **00**, 4287.
1900-01. N. j. tramway extended 90', j. crest raised to its completed height, and contract completed, **01**, 3478, 3479.
1909-10. Preparations in progress for commencing work on js., **10**, 2377.
1911-12. N. j. wharf and 3,300 l. f. tramway finished; s. j. tramway extended 315' and 12,607 t. st. placed in j.; detailed statement of material used in work, **12**, 2792.

PHYSICAL CHARACTERISTICS.

Description of locality, **81**, 2617; **87**, 2493; **90**, 3002; **91**, 3177; **03**, 2230.
 Bar changeable, **93**, 3346; **94**, 2575; **95**, 3373.
 Scour a cause of delay in extending n. j., **00**, 4288.
 Unusually heavy storms, 1899-1900, interfered with j. work, **00**, 4288.
 Landslide fills st. quarry with mass of debris, **01**, 3479.

PLANS. (See Projects.)

By Capt. Young, 1889, 2 high-tide st. js. converging until w. bet. is about 500', then running out to sea parallel to each other for sufficient distance to open and maintain chain. over bar with l. w. d. of 10'; est., \$280,190, **90**, 3003.

PRIVATE WORK.

Port of Suslaw assists U. S. in constr. js. by contrib. \$100,000, **10**, 2377.
 Port of Suslaw extended s. j. 1,935' by placing about 63,500 t. st., **11**, 2583.

PROJECTS. (See Plans.)

By BE., 1891, imp. of Suslaw R. at its mouth with 2 converging js. extending from R.'s mouth out across ocean bar; js. to be of rubblest. raised to full h. tide with brush-mattress foundation; n. j. to be 7,500' l. and s. j. 5,700' l.; est., incl. constr. of plant for building n. j., \$751,850, **91**, 3180.
 Act. Mar. 3, 1905, au. closing out work and distributing property on other works where active operation in progress, **05**, 2449.
 Act June 25, 1910, au. proj. for constr. 2 mean h. tide rubblest. is. to be 750' apart at extremities; est., \$426,000, with \$5,000 an. mainten., **10**, 935.

SURVEYS.

Locality deemed worthy of sur., **81**, 2618.
 Ex. of B. au. act Aug. 5, 1886; made, 1886, by Capt. Powell, **87**, 2493. R. unfav.
 Au. act of Aug. 11, 1888; made, 1899, by Capt. Young, **90**, 3002.
 Minor sur. made, 1899 (maps), **00**, 4289.
 Pre. ex. and sur. au. act June 13, 1902, of R. mouth and shoals near Florence to provide for imp. locality at less cost than existing proj. R. by Capt. Langfitt, Feb. 5, 1903 ("commerce does not warrant continuance of imp."), **03**, 2229, 2239.
 Pre. ex. and sur. au. act Mar. 3, 1909, of R. at the mouth. R. by Maj. McIndoe, July 23, 1909, and Jan. 7, 1910; est., \$426,000 and \$5,000 an. mainten. (H. D. 648, 61st, 2d), **10**, 950.

 Capt. W. L. Fisk, 1896-98. R., **96**, 3241; **97**, 3393; (Maj.) **98**, 2972-2995.
 Capt. W. W. Harts, 1899. R., **99**, 3212.

Assistants:

G. F. Cramer, **76**, ii, 645.
 R. A. Habersham, **79**, 1810. R., **79**, 1812; **80**, 2337.
 J. S. Polhemus. R., **91**, 3246.
 J. R. Savage. R., **93**, 3443.
 H. V. Baker, R., **95**, 3506.

OPERATIONS.

1897-98. Obstr. removed from 31 m. of the lower part of the R., **98**, 2972.

PHYSICAL CHARACTERISTICS.

Description of, **76**, ii, 645; **79**, 1810, 1811, 1812; **80**, 2337; **91**, 3248; **93**, 3441; **95**, 3506; **98**, 2996.
 R. rises in the Coast Range, Oreg., is about 50 or 55 m. l., and empties into the Pacific Ocean about 12 m. s. of Yaquina B. Alsea B. and that portion of the R. affected by the tides have an area of 3.7 sq. m. About 45 m. from its mouth it divides into 2 forks. It has a number of tributaries. **93**, 3441.
 The country adjacent to the forks constitutes the upper Alsea Valley, or the prescribed head of the ex. of 1897, **98**, 2996.

PROJECTS.

In 1895 Capt. Symons est. \$3,000 to imp. the lower part of the R., by the removal of rs. and other obstr. for 31 m., the plan of imp. au., **95**, 3506; **96**, 3241.
 Proj. having been completed, the unexpended balance, \$1,044.16, was returned to the Treas., 1899, by Capt. Harts, **99**, 3212.

SURVEYS.

Ex. by G. F. Cramer, 1875, **76**, 116, ii, 645.

J. G. Holcombe. R., 93, 3362; 94, 2581; 95, 3378; 96, 3307.

OPERATIONS.

1880-81. Preparations for work and collection of materials; 2,500 l. f. of tramway built; one crib with mattress foundation sunk, 81, 2592.

1881-82. 90 l. f. of wharf built of cribwork and piling; also hoisting engine and derrick placed in position; 550 l. f. of j. (brush and st.) built, 82, 2679.

1882-83. Foundation j. mat advanced 1,430' and the same ballasted and ripped with 6,600 c. y. st., 83, 2063.

1883-84. Jetty extended 162', consuming 9,352 c. y. st. and 650 cords of brush, 84, 2265.

1884-85. Land gap of 375' closed by j. constr.; tramway rebuilt; extensive repairs to plant, 85, 2394.

1886-87. Operations resumed in constr. of j., 87, 2465.

1887-88. Jetty extended 460', 88, 2147.

1888-89. Repairs to plant and main j. tramway; 132 l. f. of wharf built and equipped with turntable; 2,800 l. f. of track laid; 33,000 t. of r. quarried; s. j. extended to 4,265', and 2,110 l. f. of tramway built for n. j., 89, 2516.

1889-90. 820 l. f. of tramway built for n. j., and 12,980 t. of st. placed; 18,040 t. st. placed on s. j., 90, 2969.

1890-91. Preparation and repair of plant; n. j. extended 600 l. f.; 30,327 t. of st. placed upon old and new work; 2,080' of s. j. tramway built, 91, 3183, 3185.

1891-92. N. j. extended 840', and large part of s. j. completed; repairs and constr. of plant, 92, 2697.

1892-93. 32,085 t. of r. placed in n. j., 93, 3360; 30,690 t. of r. placed in s. j. and repairs made, 93, 3361.

1893-94. 16,332 t. of r. placed in s. j., and 5,494 t. in n. j., 94, 2578.

1894-95. About 10,000 t. of r. placed in n. and s. js., 95, 3376.

1895-96. About 19,000 t. of r. placed in n. and s. js., 96, 3242.

1898-99. U. S. tugboat prepared for sur., 99, 3215.

1900-01. Work during fiscal year confined to removing most n. of 3 rs. beyond sea end of s. j., by hired labor and use of U. S. plant, 01, 3483.

1901-02. Middle r. and s. r. blasted down to least d. of 12', m. l. t., by hired labor and use of U. S. plant, 02, 2372.

1905-07. Act Mar. 3, 1905, au. closing up of works and distributing serviceable property; alows expend. of sufficient amount to maintain work for 2 years, 05, 666. Period for mainten. completed, 07, 2165.

PHYSICAL CHARACTERISTICS.

Description of B. and its tidal volume, 86, 2000; 87, 2468.

Description of, 89, 2518; 93, 3315, 3361; 94, 2579; 95, 3451; 96, 3307; 00, 4296.

Bed of entrance of solid r., 93, 3316; 95, 3451.

Tendency to bar formation at ends of the js., 94, 2577; 95, 3376.

In 1895 officer in charge thought it not in power of man to imp. entrance further to make it a H. of safe capacity for deep-draft ships, 95, 3452.

Current observations and borings, 96, 3308.

In 1895 there was a d. of 12 to 14' across the bar, 95, 3451; and in 1897 a d. of from 14 to 16', 98, 2974.

B. a small tidal estuary of about 5 sq. m. area. Lies on Oregon coast about 110 m. s. of mouth of Columbia R. Bar exists in ocean opposite entrance to B. Mean range of tide, about 7', 01, 620, 621.

Prior to imp. prevailing d. over bar about 7 or 8', m. l. t., 01, 620, 621.

N. and s. js. fairly well maintained, although somewhat beaten down by sea near outer end, 03, 2215.

PRIVATE WORK.

Funds donated by citizens of Willamette Valley for use on Yaquina imp., 82, 2679.

PROJECTS.

By Maj. Gillespie, 1880, constr. of high-tide brush mattress and st. j. about 4,000' l. on s. side of entrance to Yaquina B., to close rock-obstructed chan., and to provide central free chan. of increased d.; d. to be obtained was placed, 1881, at 17', and subsequently raised to 19', at m. h. t.; est., \$465,000, 81, 329; 82, 2680; 87, 2465.

In 1886, \$235,000 having been app. for work, Capt. Powell proposed constr. of n. j., which, with further extension of s. j., est. to cost \$308,970 addl. to amount already app., 86, 2001; 87, 326, 2465.

By Capt. Young, 1888, constr. of n. mid-tide j. of rubblest. extending from n. head along and behind reef for about 2,300'; also to raise s. j. to full h. w., leaving entrance w. bet. js. of about 1,000'; est., \$196,750; approved by B.E., 1889, 89, 2519-2521.

In 1890, \$125,000 est. as required for completion of proj., 90, 2970.

By Capt. Symons, 1892-93, modifying proj. of 1888 to provide for raising n. j. to full h. t., 93, 3357, and for constr. 5 groins channelwards from s. j., 93, 3359; in 1894 for extension of one of the groins 300' and another 100', 95, 3376.

By B.E., 1895, extension of n. j. 2,100' and s. j. 2,000', removal of r. in proj. chan., and constr. of a

spur 800' l. inside existing s. j.; est., \$1,025,800, 96, 3286-3287.

B.E., 1899, did not deem H. worthy of further imp., with exception of removal of cluster of rs. near s. j., which could be removed at an est. cost of \$20,000 from available funds, 00, 4291-4294.

B.E., convened by S. O. No. 20, report on desirability of continuing or modifying proj. (see Boards), 04, 3449.

B. not considered worthy of further imp. at "present" time by U. S., 07, 2165.

SURVEYS.

Comparison of surs. of 1885-86, 87, 2467.

Ex. of H. with view to 25' at m. l. w. upon bar at entrance au. act July 13, 1892; made by Maj. Heuer (R. unfav.), 93, 3314.

Sur. of B. made, 1892, by Capt. Symons, 93, 3361; and of bar and B. in vicinity of js., 1893, 94, 2578. Several surs. of H. in vicinity of inner bar made by Capt. Symons, 1894-95, 95, 3376.

Ex. of B. and bar with view to increased d. au. act Aug. 17, 1894; made, 1895, by Capt. Symons (R. unfav.), 95, 3450.

Sur. of entrance made, 1893, by B.E., 1895, 96, 3307.

Ex. by B.E. au. act Mar. 3, 1899. Sur. made by Board, 1899-1900. R., 99, 3215; 00, 4293. (See Projects.)

CONTRACTS.

1897. Normile & Fastabend, r. excavation, \$3.75 c. y., p. m. (\$3,750), 97, 3396.

ENGINEERS.

Chief of Engineers. R., 93, 445; 95, 459; 96, 399; 97, 501; 98, 491; 99, 578.

In charge:

Capt. T. W. Symons, 1893-95. R., 93, 3446; 95, 3509.

Capt. W. L. Fisk, 1896-98. R., 96, 3243; 97, 3396; (Maj.) 98, 2975.

Capt. W. W. Harts, 1898-. R., 99, 3216.

Assistant. J. R. Savage. R., 93, 3449.

OPERATIONS.

1896-97. Removal of r. in progress, 97, 3396.

1897-98. In connection with previous year 1,388 c. y. r. removed, 98, 2975.

PHYSICAL CHARACTERISTICS.

Description of, 93, 3446; 95, 3510.

R. enters Pacific Ocean about 25 m. s. of the entrance to Tillamook B.; about 45 m. l. and has a tidal area of about 2 sq. m. The portion above the influence of the tide entirely unfit for navigation, flowing mostly through a narrow valley which is in places almost a gorge. 93, 3446, 3447.

PROJECTS.

By Capt. Symons, 1895, removal of a rocky reef at the entrance to the B., est., \$6,000, 95, 3509; 96, 3243.

Unexpended balance, \$257.12, returned to the Treas., 1899, by Capt. Harts; imp. having been completed, 99, 3216.

SURVEYS.

Ex. from Woods to the ocean, au. act July 13, 1892; made, 1892, by Capt. Symons (R. unfav.), 93, 3446.

Sur. of the same part of the R. au. act Aug. 17, 1894; made, 1895, by Capt. Symons (see Projects), 95, 3509.

Sur. of the work of r. removal in progress made, 1897, by Capt. Fisk, 97, 3396.

VV-59(b)**CAPE LOOKOUT, OREG.****ENGINEERS.**

Chief of Engineers. R., 98, 502.

In charge. Maj. W. L. Fisk, 1898. R., 98, 3001.

PHYSICAL CHARACTERISTICS.

Description of, 98, 3002.

One of the prominent promontories of the Oregon coast, situated 60 m. s. of the mouth of the Columbia R. The bottom is hard, poor holding ground for anchorage, and unsuited for a H. of refuge, 98, 3002.

PROJECT.

In 1897 Capt. Fisk est. \$10,725,000 to constr. break'r, 98, 3003.

SURVEY.

Ex. with view to the constr. of a H. of refuge and to ascertain its cost, au. act June 3, 1896; made, 1897 by Capt. Fisk (R. unfav.) (see Projects), 98, 3001.

1912, 105,000, 12, 2795.

Total, 247,200 (recd. from sales, \$20=\$247,220, 12, 2795).

COMMERCE.

Description of, **91**, 3201; **98**, 3008; **03**, 2243, 2245-2246.

In 1897 believed that condition of chan. in no way hindered development of C. in existence then, **98**, 3008.

Consists of lumber and dairy products shipped to Portland and San Francisco, and general merchandise brought in by coasting vessels.

1911, 26,024 t., 12, 1188.

CONTRACTS.

1889. R. L. Hall, brush and st. dike constr., \$2 running f., **89**, 2522.

1892. J. E. Howard, dike constr.: Piles, \$6 l. f.; lumber, \$12 M f.; bolts complete, 16¢ each; spikes and wire, 4 and 3½ lb.; brush, \$2.50 cord; st., 58¢ t. (\$7,514), **93**, 3369.

1895. C. Ewing, dike constr.: Piles, 6¢ l. f.; lumber, \$8.50 M f.; bolts, 12¢ each; spikes and wire, 2½ lb.; brush, \$1.90 cord; st., 46¢ t. (\$13,385.75), **95**, 3384.

1896. Wakefield & Jacobsen, dike constr.: Piles, 8½¢ l. f.; lumber, \$10 M f.; bolts, 18¢ each; ironwork, 4 and 4½ lb.; brush, \$2.30 cord; st., 50¢ t.; excavation, 25¢ c. y. (\$12,104.50), **97**, 3399.

1899-00. Informal contracts for repair and extension of dikes, and for mattresses, **00**, 4217.

1907. O. P. Graham, furn. and delivering launch, **07**, 2167.

ENGINEERS.

Chief of Engineers. **R.**, **88**, 300; **89**, 357; **90**, 321; **91**, 404, 411; **92**, 379, 384; **93**, 437; **94**, 406; **95**, 447; **96**, 389; **97**, 501; **98**, 492, 502; **99**, 578; **00**, 650; **01**, 622; **02**, 543; **03**, 601; **04**, 661, 663; **05**, 667, 668; **06**, 741, 743; **07**, 757, 758; **08**, 805, 806, 817; **09**, 843, 844; **10**, 937; **11**, 994; **12**, 1187, 1205.

Boards. BERH. reviewed, Aug. 3, 1903, report on sur. of ocean bar (see Surveys), **03**, 2245.

In charge:

Capt. W. Young, 1888-90. **R.**, **88**, 2150, 2152; **89**, 2522.

Capt. T. W. Symons, 1890-95. **R.**, **90**, 2979; **91**, 3200; **92**, 2701, 2752, 2744; **93**, 3368; **94**, 2585; **95**, 3382.

Maj. J. B. Cavanaugh, **10**, 930.

Capt. Arthur Williams, **10**, 930.

Maj. J. J. Morrow, 1910-. **R.**, **10**, 2378; **11**, 2583; **12**, 2794.

Assistants:

Lt. E. Burr. **R.**, **88**, 2151.

W. H. Wood. **R.**, **91**, 3201.

A. J. McMillan. **R.**, **92**, 2743, 2746.

J. R. Savage. **R.**, **92**, 2751.

D. B. Ogden. **R.**, **96**, 3245.

J. G. Holcombe. **R.**, **97**, 3399.

Capt. A. A. Fries, **04**, 651; **06**, 732.

Capt. Arthur Williams, **09**, 838; **10**, 930.

Lt. H. H. Robert, **10**, 930; **11**, 987; (Capt.) **12**, 1176.

LEGAL PROCEEDINGS.

Purchase of 1 acre of land for storing and mooring U. S. plant, **00**, 4318; **01**, 3486, 3487.

Public lands withdrawn from sale for use in connection with imp., **01**, 3487.

Port of Tillamook declared illegal by courts, **12**, 2795.

OPERATIONS.

1889-90. 1,148 l. f. of sheet pile dike and 448 l. f. of pile and brush revet. built at Dry Stocking Bar, **90**, 2979.

1892-93. Dike constr. in progress, **93**, 3369.

1893-94. In connection with previous year, about 2,000' of dike built, **94**, 2586.

1894-95. Dike constr. in progress, **95**, 3384.

1895-96. About 7,000' of dikes and shore protection built, **96**, 3245.

1896-97. About 4,000' of dikes and shore protection built, and some obstr. removed, **97**, 3398.

1898-99. Completed dikes kept free from drift, **99**, 3217.

1899-00. Snag scow built under contract; tender bought; over 10,000 c. y. dr.; 5 spur dikes built, 3 under way, and several repaired; about 400 snags, etc., removed, **00**, 4315, 4318.

1901-02. Dr. shoals and building and repairing dikes, **01**, 3485-3486.

1902-03. Snagging and dr., **03**, 2216.

1903-04. 40,000 c. y. dr., 376 large and 770 small snags removed, and js. repaired, **04**, 3466.

1904-05. 10,750 c. y. dr., snagging operations continued, plant repaired, etc., **05**, 2452-2453.

1905-06. 44,000 c. y. dr. and 154 small and 895 large snags removed, **06**, 1983.

1906-07. Snagging operations continued, **07**, 2166.

1907-08. In connection with work of preceding year, 2,734 snags and 48 overhanging trees removed, and 34,058 c. y. removed from shoals, **08**, 2241-2242.

Constr. of dr. for work on Oregon coast Hs. in progress, **08**, 806, 2243.

1908-09. 196 large and 1,191 small snags and trees removed, **09**, 2209. Dr. for work on Oregon coast Hs. completed, **09**, 844, 2211.

1909-10. 44,824 c. y. dr., and part of expense connected therewith borne by port of Tillamook, **10**, 2378.

1910-11. Snags removed, 104,421 c. y. dr., partly with funds furn. by port of Tillamook, **11**, 2583-2584.

1911-12. 8,320 c. y. dr. by U. S. and 73,763 c. y. by port of Tillamook, using U. S. plant; 260 snags removed and dr. repaired, **12**, 2794.

PHYSICAL CHARACTERISTICS.

Description of, **88**, 2152; **94**, 2587; **95**, 3384; **98**, 3007; **03**, 2239, 2240.

Chan. changeable, **98**, 3008.

Small ocean vessels drawing up to 8', 1899, could reach Tillamook City at extreme high tide; 3 small shoals hindered this passage, **99**, 3217.

Condition of works and d. of water, **02**, 543; **03**, 601, 2218; **04**, 662, 3466; **05**, 667, 668; **06**, 742, 1983; **07**, 758, 2166; **08**, 805, 2242; **09**, 844, 2209; **10**, 937, 2378; **12**, 1188.

Unusual freshets in 1904, **04**, 3466.

PRIVATE WORK.

Dr. by private interests in 1908-09, using U. S. plant; expenses of operation paid by people interested, **09**, 2209.

Dr. by port of Tillamook, using U. S. plant, **10**, 2378; **11**, 2583, 2584; **12**, 2794, 2795.

PROJECTS.

By Capt. Powell, 1888, dr., removal of snags and similar obstr., and closing with brush and st. dams 2 small outlets, giving 3' over Dry Stocking Bar at m. l. t.; est., \$5,192.19, **88**, 2153.

In 1890, the unfinished work under the prior proj. having been destroyed, Capt. Symons est. cost of longitudinal and spur dikes and shore protection, to d. water across Dry Stocking Bar, at \$6,000, **90**, 2980.

By Capt. Symons, 1891, making navigable pass from n. to middle chan., for imp. of Junction Bar by building dike to deflect waters from s. chan. into middle chan., and for imp. of Hoquarton Slough at Dry Stocking Bar by closing up one of the 2 chans. at that place; est., \$100,000, **92**, 2745, 2746; **93**, 3368.

By Capt. Symons, 1895, modifying proj. outlined above to provide for constr. of dikes at head of South Fork of Trask R., North Fork, upper mouth of Wilson R., Kilchis R. chan., and across head of middle chan., and for removal of jams from North Fork of Trask R., **95**, 3384.

In 1897 Capt. Fisk est. \$1,200,000 to imp. bar and entrance further, **98**, 3007.

Photographs showing general character of structures erected, and excavations made in the R., 99, 3218.

Act July 25, 1912, au. proj. which contemplates constr. of n. j. at entrance to B.; dr. chan. to Bay City 16' x 200', increasing at entrance and at curves; est., \$814,000, with \$5,000 an. for mainten.; local interests to contribute one-half of cost and to create and maintain 9' at h. tide bet. Bay City and Tillamook (H. D. 349, 62d, 2d), 12, 1187-1188.

SURVEYS.

Ex. au. act Aug. 5, 1886; made, 1888, by Capt. Powell, 88, 2152.

Sur. au. act Sept. 19, 1890; made, 1891, by Capt. Symons, 92, 2744.

Surs. of network of sloughs and Rs. in head of Tillamook B. made, 1894-95, by Capt. Symons, 95, 3384.

Two comparative surs. made of the B., 1895-96, by Capt. Fisk, 96, 3245.

Sur. of bar and entrance au. act June 3, 1896; made, 1897, by Capt. Fisk (see Projects), 98, 3007.

Sur. of ocean bar with view to making est. of securing chan. across it of 15' and 20', resp., au. act June 13, 1902. R. by Capt. Langfitt, Apr. 13, 1903, presenting plan for imp. by js.; est., \$855,789.08 for 15' chan., and \$1,417,169.46 for 20' chan. R. and H. Board of opinion, concurred in by Chief of Engi-

neers, that imp. to extent of providing either 15' or 20' chan. undesirable "at present," 03, 602, 2216, 2239-2246.

Pre. ex. and sur. of B. and bar up to town of Tillamook, au. act Mar. 2, 1907. R. by Lt. Col. Roessler, Mar. 27, 1907, and Feb. 13, 1908, presenting plan for imp. at est. of \$5,000 (H. D. 965, 60th, 1st), 08, 817. At request of B.E.H. reex. made July, 1909, by Maj. McIndoe with view to determining if conditions had changed since former reports made (R. and H. Com. D. 13, 61st, 2d). R. July 30, 1909, that only work warranted by existing C. is expend. of \$5,000 for urgent mainten. work necessary and \$5,000 thereafter an. for mainten. of existing chan. (H. D. 965, 60th, 1st), 10, 2378.

Act June 25, 1910, au. pre. ex. by B.E. with view to securing 15 to 20', with report on any proposition for cooperation by the localities affected. Plan and est. Dec. 30, 1910 (H. D. 349, 62d, 2d), 11, 2584. Supple. R. by Maj. Morrow, June 14, 1911, presenting plan of imp. at est. of \$814,000, with \$5,000 an. mainten. (H. D. 349, 62d, 2d) (see Projects), 12, 1205.

Maps. (H. D. 349, 62d, 2d). 95, 3386; 96, 3248; 99, 3218; 03, 2216.

Photographs showing general character of structures erected and excavations made in the R., 99, 3218.

VV-69 NEHALEM BAY (Bar and River), OREG.

APPROPRIATIONS.

1890, \$10,000, 91, 3205.

1912, 100,000, 12, 2809.

Total, 110,000

COMMERCE.

Extensive timber lands, 90, 2995.

In 1897 not sufficient to justify imp. of the entrance of the stream by U. S., 98, 3012.

In 1911, 18,199 t., 12, 2809.

ENGINEERS.

ENGINEERS.

Chief of Engineers. R., 00, 665.

In charge. Capt. W. W. Harts, 1899. R., 00, 4338.

PHYSICAL CHARACTERISTICS.

Description of. A long, crooked mountainous stream rising in Yellowstone Park and emptying into the Columbia, with a total fall bet. Pittsburg Landing and Asotin, a distance of 74 m., of about 530', with at least 1 rapid to every mile, 00, 4339.

SURVEY.

Ex. from Asotin, Wash., to Pittsburg Landing, Oreg., au. act Mar. 3, 1899; made, 1899, by Capt. Harts (R. unfav.), 00, 4338.

Part (c), VV-84 Snake (Upper) River, Idaho. (Between Huntington Bridge and Seven Devils mining district.)**APPROPRIATIONS.**

1892, \$20,000, 93, 3373.
1894, 25,000, 95, 3390.

Total, 45,000

COMMERCE.

Navigation impracticable in 1892, 93, 3373.

ENGINEERS.

Chief of Engineers. R., 91, 411; 93, 438; 94, 407; 95, 448; 96, 416.

In charge:

Capt. T. W. Symons, 1891-95. R., 91, 3285, 3288; 93, 3372; 94, 2589; 95, 3388.
Capt. H. Taylor, 1896. R., 96, 3387.

Assistants:

A. J. McMillan. R., 91, 3286.
Wm. Cuthbert. R., 91, 3289.
P. G. Eastwick. R., 93, 3374.

OPERATIONS.

1892-93. 2,143 c. y. r. removed, 93, 3373.
1894-95. 1,858 c. y. r. removed, 95, 3390.

1895-96. Obstr. below Eagle Rock and at the head of Shoo Fly Rapids partly removed. Work of imp. abandoned, 96, 3387.

PHYSICAL CHARACTERISTICS.

Description of, 91, 3286.
In 1893 it was thought that navigation of the R. would always be difficult and dangerous in spite of all that could be done by way of imp., 93, 3373.

PROJECTS.

By Capt. Symons, 1891, removal of obstr. rs. and reefs from selected chan. 150' w., and for putting in ringbolts and iron posts for convenience of loaded boats lining up over the worst rapids, est., \$80,000, 93, 3372.

By Col. Mendell, DE., 1895, abandoning all work of imp., and sale of barges and other similar property engaged in the work, any other property to be trans. to other works of imp., 96, 3387.

SURVEY.

Sur. au. act Sept. 19, 1890; made, 1891, by Capt. Symons, 91, 3288.

Maps. 91, 3291; 92, Atlas, 121, 122, 123.

VV-94

CLEARWATER RIVER, IDAHO.

APPROPRIATIONS.

1879, \$5,000, **79**, 183.
 1880, 5,000, **80**, 2330.
 1882, 5,000, **82**, 2678.
 1896, 25,000, **96**, 3388.
 1899, 10,000, **99**, 3232.

Total, 50,000 (deduct \$12,294.41, unexpended balance, trans. to Snake R., making right total \$37,705.59).

COMMERCE.

Benefit of imp. to C., **79**, 1817, 1822, 1855; to timber interest, **80**, 2329.

Increasing and of growing importance, **96**, 3389.

Limited, with ample R.R. facilities paralleling the stream, which, together with dangers of navigation, have caused S.S. to abandon stream, **01**, 629; **02**, 551.

CONTRACTS.

1880. S. R. Smith, r. removal, \$38 c. y., **80**, 2330.

1881. Holmes & Chalmers, r. and st. removal, \$31 and \$4, resp., c. y., **81**, 2589.

1883. M. A. Smith, r. and st. removal, \$26 and \$4, resp., c. y.; **83**, 2062.

ENGINEERS.

Chief of Engineers. **R.**, **78**, 139; **79**, 182, 183; **80**, 240; **81**, 323; **82**, 322; **83**, 335; **84**, 341; **85**, 371; **86**, 360; **87**, 332; **88**, 306; **96**, 416; **97**, 521; **98**, 500; **99**, 588; **00**, 664; **01**, 628; **02**, 550; **06**, 751; **10**, 950; **11**, 1007.

In charge:

Maj. J. M. Wilson, 1878. **78**, 138; **79**, 180, 183. **R.**, **79**, 1813.

Maj. G. L. Gillespie, 1879-81. **79**, 180, 183. **R.**, **79**, 1855; **80**, 2328; **81**, 2587.

Capt. C. F. Powell, 1881-85. **R.**, **82**, 2678; **83**, 2061; **84**, 2279.

Maj. W. A. Jones, 1885-88. **R.**, **85**, 2439; **86**, 1952; **87**, 2523; **88**, 2189.

Capt. H. Taylor, 1896-97. **R.**, **96**, 3388; **97**, 3465.

Maj. W. L. Fisk, 1898. **R.**, **98**, 2989.

Capt. W. W. Harts, 1899-1900. **R.**, **99**, 3231; **00**, 4337.

Capt. W. C. Langfitt, 1901-02. **R.**, **01**, 3501; **02**, 2385.

Lt. Col. S. W. Roessler, 1906. **06**, 732.

Maj. Jay J. Morrow, 1911. **11**, 987.

Assistants:

P. G. Eastwick, **79**, 1813. **R.**, **79**, 1817; **84**, 2281.

Lt. Henry H. Robert, **11**, 987.

OPERATIONS.

1879-80. Chan. 60 x 4½' at l. w. excavated by blasting through Reubens Rapids, **80**, 2328, 2329.

1880-81. 97.5 c. y. solid r. and 250 c. y. cobblest. removed, **81**, 2588.

1883-84. 154 c. y. r. excavated, **84**, 2279.

1896-97. Rock removal in progress, **97**, 3465.

1897-98. Rock removal continued, **98**, 2990.

1901-02. Capt. Langfitt, 1902, states R. is believed to be unworthy of further imp., **02**, 2385.

PHYSICAL CHARACTERISTICS.

Description of, **79**, 1814-1822, 1855; **96**, 3388.

Obstr., **79**, 1815-1821.

Freshets, **79**, 1816, 1821, 1822.

Discharge of R., **79**, 1818, 1819, 1821.

R. is formed by junction of the Middle and South Forks; former rising in the Bitter Root and the latter in the Salmon River Mts., and after very circuitous courses uniting about 69 m. from mouth of R. R. bed is of gravel, cobblest., and bowlders, with here and there a reef of rs. extending into the chan. In 1879 numerous gravel bars and shoals existed. **96**, 3388.

PLANS. (See Projects.)

By P. G. Eastwick, 1879, upper R., removal of r. and bowlders, to 3' l. w., **79**, 1815, 1823; considered impracticable, **79**, 1855.

By Capt. Powell, 1884, r. removal and wing-dam constr., mouth to Clearwater Forks, 40 m.; est., \$87,000. **84**, 2280.

PROJECTS.

By Maj. Wilson, 1878, removal of r. and bowlders, Lewiston to mouth of North Fork, forming chan. 60 to 75' w., with d. of 4 to 5' at l. w.; est., \$34,424 **79**, 1816, 1823; **80**, 240; **87**, 2523.

By Capt. Taylor, 1897, revising existing proj. to obtain h. instead of l. w. navigation; est., \$35,000; **97**, 3465.

As result of conditions reported to Sec. of War, July 6, 1899, all work ceased, and app. of \$10,000 of Mar. 3, 1899, held in Treas. awaiting developments, **01**, 629.

SURVEYS.

Ex. au. and in progress, **78**, 139. Completed by P. G. Eastwick, **79**, 183, 1812, 1817.

At Reubens Isld. Rapids and Kents Chute, 1883, **83**, 2061.

Sur. from junction of the Middle and South Forks to mouth made by Capt. Taylor, 1896-97, **97**, 3465.

Au. act Mar. 3, 1905; Col. Roessler's R. unfav. (H. D. 476, 59th, 1st), **06**, 751.

Pre. ex. mouth to Kamiah, au. act Mar. 3, 1909, **R.**, Maj. Jay J. Morrow, Apr. 4, 1910, unfav. (H. D. 1083, 61st, 3d), **10**, 950; **11**, 1007.

Maps. **80**, 2328; **81**, 2588.

Part (a), WW-2 Plan of presenting data relating to Columbia River.

The works of improvement on the Columbia are in charge of three separate offices. (See VV, WW, XX.) Because of this, and of the varying limits specified by many acts of Congress over a considerable period of time, it is believed to be better to collect data concerning this waterway under one head, as herein. The list of parts above gives a comprehensive view of what is included under the head "Columbia River." The abstracts, Parts f-v, are arranged in the order determined by the list of notable points, Part c, beginning at the mouth of the river.

Part (b), WW-2 Index to points named, Columbia River, abstracts a-v.

¹ Of this \$10,000 was for sur. bet. International Line and Rock Isld. Rapids and unexpended balance (\$8,220.92) was au. for bet. Rock Isld. Rapids and Foster Co. Rapids. (H. D. 421, 67th, 2d.)² Survey.³ Unexpended balance of app. for imp. of mouth of Columbia R., Oreg. and Wash., \$50,000 au. by act June 3, 1896, to be applied under this head also. (H. D. 421, 57th, 2d.)⁴ Lower Willamette.⁵ See also Part J, p. 1629 of this Index, for an addition of \$50,000.

Part (e), WW-2 Columbia River, Oreg. (Gauging of waters.)

APPROPRIATIONS. (See p. 1619.)

COMMERCE.

Much benefited by the gauges estab., 93, 3528.

ENGINEERS.

Chief of Engineers. **R.**, 93, 457; 94, 418; 95, 466; 96, 405; 97, 507; 98, 509; 99, 598; 00, 675; 01, 640; 02, 561; 03, 620; 04, 685; 05, 691; 06, 765; 07, 779; 08, 830; 09, 870; 10, 967; 11, 1025; 12, 1230.

In charge:

Maj. T. H. Handbury, 1888-93. **R.**, 93, 3528.
Maj. S. C. Post, 1894-95. **R.**, 94, 2664; 95, 3596.
Capt. W. L. Fisk, 1896-99. **R.**, 96, 3283; 97, 3432; (Maj.) 98, 3042; 99, 3250.
Capt. W. C. Langfitt, 1899.
Capt. W. W. Harts, 1899-1900. **R.**, 00, 4368.
Capt. W. C. Langfitt, 1901-05. **R.**, 01, 3576; 02, 2408; (Maj.) 03, 2321; 04, 3558; 05, 2496.

Lt. Col. S. W. Roessler, 1906-08. **R.**, 06, 2020; 07, 2208; 08, 2279.
Maj. J. F. McIndoe, 1909-. **R.**, 09, 2243; 10, 2416; 11, 2622; 12, 2839.

OPERATIONS.

Daily bulletins issued for benefit of shipping interests.

1904-05. R. gauge estab. at mouth of Willamette, and daily records of readings kept, 05, 691.
1910-11. In Mar., 1911, staff gauges estab. at Willow Bar, Warrior Rock, Martins Bluff, Kalama, Slaughters Bar, Stella, Waterford, Cathlamet, and Elliott Pt.; also at mouth of Willamette R. and Linton, 11, 2622.

1911-12. Reading of gauges, 12, 2838.

PROJECTS.

Gauge removed from Astoria to Ft. Stevens, 1899. for more economical mainten, 00, 4368.

Part (f), WW-2 Columbia and lower Willamette Rivers, below Portland, Oreg.

APPROPRIATIONS. (See p. 1619.)

COMMERCE.

Lower Willamette:

C. Importance of Portland, 66, iv, 329; 71, 900; 72, 987. Benefit of imp., 67, 507; 68, 873; 69, 470; 70, 509; 79, 1829. Extensive fire in Portland, 1872; 20 blocks burned, 73, 1117; 74, ii, 352, 362. Table of distances from Portland to various points on the Willamette and Columbia R., 75, ii, 756, 781. Shipping interests constantly increasing, 75, ii, 751; 79, 1829.

Lower Columbia:

Rapid increase of C., 71, 900; 75, ii, 749. Only one vessel lost since the tug boat service estab. (1869), 75, ii, 749.

List of vessels navigating the R., 80, 2273; 83, 2009.

List of SS. plying on upper and lower Willamette, Columbia, and Cowlitz Rs., 92, 2835.

1895, steadily increasing, 95, 3564.

1897 remarkable for the number of cargoes that passed down Columbia, 98, 3032.

Traffic, 1899, 1,489,708 t. Probably to be great in future. 00, 4354, 4427.

Willamette and Columbia:

New transportation line, operating 3 ships, estab., 01, 634.

Value and importance of waterway, 02, 554.

Imp. reduced delays to shipping, 03, 613.

Dr. of great benefit to deep-sea vessels, 11, 1014.

Diagram of freight value and app., 12, 2821.

1911, 8,000,914 t., value \$33,157,608, principally grain and lumber for exports; oriental products, cement, coal, lime, sulphur, etc., for imports, 12, 1216.

Traffic statement for 1901-11 given, 12, 1217.

CONTRACTS.

Willamette and Columbia:

1878. Bailey & Taylor, furnishing steam tug. Wilson Bros., furnishing steam tug. 78, 1325; 79, 1831.

Lower Willamette:

Agreement made with city of Portland for use of its dr. apparatus free of charge, the U. S. to keep it in repair, 67, 50, 506.

1879. R. Watson, hire of steam tug, 80, 2260. Pacquit & Smith, pile dike near Swan Isld., 80,

2259. Pacquit & Smith, pile dam across Willamette Slough, 80, 2259.

1880. Holmes & Sweeney, pile dike, 81, 2538.

1887. J. F. Steffen, snag boat, \$19,560, 88, 2186.

1891. Hoffman & Bates, l. w. brush and r. dam, \$27,274.87, 92, 2834.

1892. J. P. Steffen, hydraulic dr. and machinery, \$25,750, 93, 3520. T. G. Davison and H. B. Borthwick, about 2,500 l. f. of st., pile, and brush dike, \$14,420.02, 93, 3521.

1893. R. Hoyt, materials for dike constr.—r., 47½ s. t.; fascines, \$2.14 cord; wire, 3½ lb. (\$6,112.50), 93, 3520.

Willamette and Columbia:

1901. Joseph Supple, 2 barges, \$9,500, 02, 2395.

1902. Newton Poston, coal (prices listed); Geo. W. Sanborn, coal (prices listed), 02, 2395. Port of Portland Commission, hire of 30-inch suction dr. manned and equipped, 03, 2267-2268.

1903. Willamette Iron & Steel Works, furnishing pump castings for dr. Wm. S. Ladd, \$950, 03, 2267-2268.

1904. Geo. W. Sanborn, coal (prices listed); Joseph Supple, repairs to barge, \$735; Astoria Iron Works, replacing steam boiler on tugboat, \$4,560, 04, 3540. Port of Portland, Oreg., hire of dr., \$155 and \$235 per day, 05, 2480.

1905. Geo. W. Sanborn, coal (prices listed), 05, 2480. J. W. Holmes, coal, 1,500 t., \$5.65 t., 06, 2010.

1906. Port of Portland, hire of 30-inch suction dr., \$265 per day, 07, 2193, 2194.

1907. S. Elmore & Co., coal, \$7 t.; Geo. W. Sanborn, coal, \$7.10 t., 07, 2193, 2194.

1908. Pacific Bridge Co., hire of dipper dr. and 2 scows, \$170 and \$10 per day, 08, 2265. Geo. W. Sanborn, coal, \$6.40 t., 09, 2233.

1909. Geo. W. Sanborn, coal (prices listed); F. P. Kendall, hire and lease of Holly Rood Dock, \$15 per mo.; M. C. Banfield, hire and lease of Central Dock, \$30 per mo., 10, 2404.

1911. Thos. J. Shea, furnishing and installing fuel-oil tank, \$7,685; port of Portland, hire and lease 30-inch dr. with tender, \$350 per day of 24 hours; Associated Oil Co., fuel oil, 75¢ bbl. of 42 gals., 11, 2608. Thos. J. Shea, installing oil-burning system on U. S. dr. Clatsop, \$15,000; Jos. Supple, reconstr. tugboat G. H. Mendell, \$25,750, 12, 2821.

ENGINEERS.

Chief of Engineers. **R.**, 66, iii, 26, iv, 331; 67, 50; 68, 72, 876; 69, 63; 70, 83; 71, 96; 72, 95; 73, 106; 74, 117; 75, 124; 76, 114; 77, 122; 78, 137;

79, 180, 183 1863; 80, 237; 81, 324; 82, 318; 83, 331, 337; 84, 334, 341; 85, 364, 368; 86, 357, 365; 87, 331; 88, 303, 304; 89, 361, 362; 90, 327, 329; 91, 416, 3374; 92, 389, 394; 93, 452; 94, 416; 95, 461; 96, 401; 97, 503; 98, 505; 99, 592; 00, 669, 676; 01, 633; 02, 554; 03, 612; 04, 675; 05, 681; 06, 754; 07, 771; 08, 820; 09, 859; 10, 955; 11, 1012; 12, 1213.

Boards:

BE. for Pacific coast convened, Portland, Oreg., in Aug., 1876, to consider and report upon proj. of Maj. Wilson for imp. of Willamette and Columbia Rrs., Portland, Oreg., to sea. Recom. further sur. and ex. 77, 1019.

Reconvened, San Francisco, Cal., Jan. 17, 1877; recom. (1) to close chan. on s. side of Swan Isld. by dike 7,000' l., running from upper end of Swan Isld. to s. shore; est., \$51,000; (2) to close Willamette Slough, except chan. 100' w. in middle, sides of chan. to be protected by cribs; est., \$28,000; (3) to close Coon Isld. Slough by dike running from Sauvies Isld. to Coon Isld., head of the latter to be revetted; constr. of dike from Nigger Tom Isld. to main shore above mouth of Columbia Slough, head of Nigger Tom Isld. to be revetted, and if necessary, a dike from its lower end into the Columbia R. for 600'; est., \$100,950; (4) to constr. 2 dikes across St. Helens Bar on each side of "present" ship canal, about half a mile below lower end of Sauvies Isld., the dikes to be each 950' l., flaring at upper end to 800' and narrowing to 300' at lower end; est., \$87,000, 77, 1019-1025. R., 77, 1019. (Lt. Col. Alexander and Stewart and Maj. Mendell and Wilson.)

Maj. Wilson coincides with views of board except in reference to closing the South Swan Isld. Chan., 77, 1025.

Recom. of BE., approved by Chief of Engineers, 77, 1026.

Convened, New York, Oct. 14, 1891, to report upon proj. for 25' chan., Portland, Oreg., to sea. R., 92, 2864. (Cols. Abbot, Comstock, and Houston, and Lt. Col. Gillespie.)

In charge:

Maj. R. S. Williamson, 1866-71. R., 66, iv, 327; 67, 506, 511, 513; 68, 872; 69, 468, 472; 70, 508; 71, 904.

Maj. H. M. Robert, 1871-73. R., 71, 898, 899; 72, 982, 988; 73, 1116, 1123; 74, ii, 362.

R. Warriok. R., 97, 3410; 98, 3036.

ESTIMATES. (See Plans and Projects.)

Lower Willamette:

By Lt. Heuer, dr., \$30,000, 66, iii, 36.
By Maj. Williamson, addl. for completion, \$25,000, 67, 51. 1870. For completion of work at Swan Isld., \$26,000, 70, 509.

Willamette and Columbia:

By Maj. Wilson, 1876, closing chan. n. of Swan Isld., \$148,300, 76, ii, 646, 651. For partly closing Willamette Slough, \$29,910, 76, ii, 647, 651. For closing Coon Isld. Slough, with accessory dikes, \$87,550, 76, ii, 648. For removing part of Warrior Rock, with accessory dikes, \$52,900, 76, ii, 650, 651. Total for imp. Willamette and Columbia Rrs., Portland, Oreg., to sea, \$328,526, 76, ii, 651.

By Maj. Wilson, 1876, closing chan. on s. side of Swan Isld., \$87,000, 76, ii, 647, 651.

By BE., 1877, dike across chan. on s. side of Swan Isld., \$51,000, 77, 1021. Closing Willamette Slough, except chan. 100' w., \$28,000, 77, 1022, 1025. For closing Coon Isld. Slough, revet. of Coon Isld., dike from upper end of Nigger Tom Isld. to main shore; also dike from lower end of Nigger Tom Isld. to d. w. in Columbia, \$100,950, 77, 1024. 2 dikes across St. Helens Bar, each 950' l., \$87,000, 77, 1025. Total est. as approv. for imp. of Willamette and Columbia Rrs. from Portland, Oreg., to sea, \$298,974, 77, 122, 1025.

OPERATIONS.

Lower Willamette:

1867-68. 25,504 c. y. dr.; work done by hired labor with apparatus furnished by city of Portland; repairs to dr., 68, 72, 872.

1868-69. 30,940 c. y. dr.; work done by hired labor; 31 snags removed, 69, 469, 471.

1869-70. 13,887 c. y. dr.; 27 snags removed; work done by hired labor, 70, 508.

1870-71. 25,165 c. y. dr., 71, 899, 904.

1871-72. 27,258 c. y. dr.; snags, trees, etc., removed, 72, 95, 982; 75, ii, 750.

1872-73. 25,725 c. y. dr.; Swan Isld. Cut completed; dr. to 17' at l. w.; snags removed, 73, 1116; 75, ii, 758.

1873-74. 17,300 c. y. dr.; 5 spar buoys placed in position at Swan Isld. Cut; U. S. dr. completed, 74, ii, 352, 362; 75, ii, 758. Dr. and dump scows built by U. S. to be used on Willamette and Columbia Rrs., 74, ii, 351. Dam constr. across narrowest part of Percys Slough, bet. Percys and Bybees Isld., 75, ii, 736. Dam washed away, 75, ii, 736.

Willamette and Columbia:

1874-75. Willamette, 13,450 c. y. dr.; Columbia, 3,750 c. y. dr.; chan. scraped through Hogs Back Bar, 75, ii, 758.

1875-76. Willamette, 11,200 c. y. dr.; Columbia, 15,402 c. y. dr., 76, ii, 633, 647, 649, 650.

1876-77. Willamette, 21,285 c. y. dr., 77, 122, 1002.

1877-78. Willamette, 10,805 c. y. dr.; Columbia, 14,320 c. y. dr.; repairs to U. S. dr., 78, 1319, 1320.

1878-79. Willamette, 28,845 c. y. dr.; repairs to U. S. dr., 79, 1788, 1826.

1879-80. Constr. of pile, fascine, and st. dam across Willamette Slough, 80, 2254, 2261. Shore protection and constr. of dike at Coon Isld., 80, 2254, 2263. 20,795 c. y. dr. from mouth of the Willamette, St. Helens, and Swan Isld. Bars, 80, 2255, 2260.

1880-81. Partial completion of pile dike closing Coon Slough; revet. of right bank of Willamette Slough; 14,550 c. y. dr. from Swan Isld. and Willamette Bars, 81, 2532, 2533, 2544.

1881-82. Completion of Coon Island Slough Dike; repairs to Willamette Slough Dam; 7,735 c. y. dr. from St. Helens and Swan Isld. Bars, 82, 2644, 2646. Constr. of a new dr., 82, 2648.

1882-83. Deepening of chan. over St. Helens Bar by private enterprise, 83, 1998, 47,650 c. y. dr. from Swan Isld. Bar by U. S. dr., 83, 2000, 12,812 l. f. of revet. and dams built bet. Portland

and mouth of R., 83, 2001, 2005. Gauging lower Columbia R., 83, 2076.

1883-84. Deepening chan. of St. Helens Bar by private enterprise, 84, 2217. 29,445 c. y. removed by U. S. dr. from Swan Isld. Bar, 84, 2218. Mainten. of structures and removal of snags, 84, 2218. Gauging Columbia R. and principal tributaries, 84, 2290.

1884-85. Sluicing on St. Helens Bar by SS. *Walla Walla*, 85, 2377. 2380. 54,161 c. y. dr. Post Office, Upper and Lower Bar, by U. S. drs., 85, 2379, 2380. Constr. and repair of dikes and shore protection, 85, 2378. Gauging operations continued, 85, 2408.

1885-86. Repairs to dike at St. Helens; willow planting on Sauvies Isld.; repairs to tug *Lincoln*, 86, 1938. Gauging operations continued, 86, 2010.

1886-87. Repairs to dike at St. Helens Bar and 1,112 l. f. of dike extension; propeller dr. on St. Helens Bar; removal of snags, 87, 2507, 2510.

1887-88. 20,000 c. y. dr. from St. Helens Bar, and 60 c. y. r. blasted and removed, Ross Isld. chan, 88, 2185, 2186.

1888-89. 33,130 c. y. dr.; St. Helens Jetty extended 1,026', 89, 2573.

1889-90. 131,600 c. y. dr., 90, 3058, 3059.

1890-91. 54,940 c. y. dr.; 448 cords of brush and 1,255 t. of r. placed in dams at Martin and Burke Sloughs; 1,157 l. f. of cross dike built, 91, 3364, 3365.

1891-92. Break in dam at head of Martin Slough repaired; dam at Burke Slough strengthened; chute behind Swan Isld. in the Willamette R. closed by a pile, brush, and st. dam; 21,860 c. y. dr. from Swan Isld. Bar. The following works were completed by the city of Portland: Bet. foot of Swan Isld. and St. Johns, 4,000' of diking; at Post Office Bar, 6,300' of diking; in the Columbia R., 11,750' of diking built at Walkers Isld.; 15,000' of diking at Snag Isld., in Cathlamet B.; 97,580 c. y. dr. at foot of Swan Isld. and St. Johns, from Post Office Bar, and from bar at Walkers Isld., 92, 2830, 2833.

1892-93. 45,887 c. y. dr., snagging done, and 2,500 l. f. dike built at Martin Isld. Bar, 93, 3516; 1,600 l. f. addl. dike built at St. Helens Bar, and a hydraulic dr. built, 93, 3517.

1893-94. 391,900 c. y. dr., 94, 2656.

1894-95. 423,372 c. y. dr., 95, 3563.

1895-96. 228,951 c. y. dr., 96, 3258; snagging done, 96, 3259.

1896-97. Repairs made to dr. machinery, and 366,788 c. y. dr., 97, 3408.

1897-98. 373,089 c. y. dr., 98, 3031.

1898-99. 374,669 c. y. dr.; dr. repaired, 99, 3239.

1899-00. 413,576 c. y. dr., 00, 4352.

1900-01. 483,306 c. y. removed by dr. *Wm. S. Ladd*; 41 snags removed, 01, 3558.

1901-02. 507,953 c. y. removed by dr. *Wm. S. Ladd*, 02, 2393. Cut dr. across estuary from below Taylor Sands toward Oregon Railway & Navigation Co.'s dock at Astoria, chan. completed 19 1/2' d. and 150' w. and in use, thus avoiding Sylvia de Grasse Reef, 02, 2394.

1902-03. U. S. dr. *W. S. Ladd* removed 683,208 c. y. and the 30" suction dr. hired from city of Portland at \$235 per day removed 993,389 c. y.; 200' gags opened up through Swan Isld. Dike by snag boat *Mathloma*, 03, 2263-2265.

1903-04. Dr. *W. S. Ladd* removed 666,037 c. y.; hired dr. *Columbia* removed 1,238,142 c. y.; U. S. dipper dr. No. 1 removed Swan Isld. Dike for 200' to 6', removing 2,937 c. y., and from Coon Isld. revet. removed 2,374 c. y., 04, 3535. Snag boat *Mathloma* removed piles in Coon Isld. Dike and blasted r. reef in chan. near La Du Landing to 19'; imp. of tract of land purchased on Willamette R. opposite St. Johns continued, 04, 3534.

1904-05. Dr. *W. S. Ladd* removed 536,920 c. y.; hired dr. *Columbia* removed 1,089,076 c. y.; U. S. dr. No. 1 removed 1,114 l. f. of old revet. at Coon Isld., and new revet. placed for 900'; mainten. of plant; work done in connection with fish traps and booms, 05, 2477-2478.

1905-06. Dr. *W. S. Ladd* removed 668,413 c. y.; hired dr. *Columbia* removed 532,253 c. y.;

mainten. of plant continued at U. S. moorings, 06, 2006.

1906-07. Dr. *W. S. Ladd* removed 519,607 c. y.; hired dr. *Columbia* removed 658,726 c. y.; repairs to plant, 07, 2190-2192.

1907-08. 2,515 l. f. of Coon Isld. Dike removed to 23' to 33'; 4,458 c. y. r. placed in Coon Isld. Dike; dr. *W. S. Ladd* removed 472,998 c. y.; new dr. under constr., 08, 2264.

1908-09. Dr. *W. S. Ladd* removed 341,430 c. y., dr. removed from work as unserviceable; new dr. *Clatsop* arrived at Portland, Oreg., from Philadelphia, Pa., Apr. 21, 1909, overhauled and placed in commission June 25, 1909, and removed 16,504 c. y.; snag boat *Mathloma* removed obstr. from Willamette R., 09, 2230-2331.

1909-10. Dr. *Clatsop* removed 1,509,490 c. y., increasing d. over various shoals 2' to 4'; repairs to floating plant; dr. *Ladd* and tug *Lincoln* condemned and sold, 10, 2402.

1910-11. Dr. *Clatsop* removed 2,353,626 c. y., U. S. dr. *Chinook* 510,351 c. y. in ship chan., and hired dr. *Columbia* 634,800 c. y.; repairs to plant; fuel station erected at Three Tree Pt. M.L. Res.; preparations of plans for new hull for tug *G. H. Mendell*, and alterations to dr. *Clatsop*, 11, 2605.

1911-12. Dr. *Clatsop* removed 1,631,088 c. y., dr. *Chinook* 438,150, and hired dr. *Columbia* 138,000 c. y.; dipper dr. *Titan* removed 14,000 c. y. sand, piling, and brush from old dike at head of Swan Isld.; oil burner system installed on dr. *Clatsop*; new hull constr. for tug *Mendell*; plant repaired and maintained, 12, 2818.

PHYSICAL CHARACTERISTICS.

Lower Columbia:

Higher than the Willamette during the summer months, 66, iv, 328. Difference bet. h. and l. w., 66, iv, 330; 75, ii, 735. Erosion of shore at Point Adams, mouth of the Columbia, 200' toward Ft. Stevens, 75, ii, 749; at Sand Isld., 77, 1003. Comparison of entrance to Columbia R. with entrance to New York H., 75, ii, 748; 77, 1003. Increased height of Hogs Back Bar from 1868 to 1873, 11', 73, 1118. Peculiar character of tides on the w. coast of the U. S., 75, ii, 756. Quicksand bottom at St. Helens Bar, 76, ii, 633. Velocity and discharge of Columbia R., 77, 1017. Sand Isld. moved 1,900' in last 9 years, 77, 1003; 78, 1322. Effect of tides on, 75, ii, 734, 743; 77, 1003. Tables of h. w. at various localities, 75, ii, 756, 757, 780; 77, 1013. Increased elevation of bars on the Willamette and Columbia, 76, ii, 653. Stages of water, 79, 1826. Current observations at mouth of Columbia, 79, 1873.

Lower Willamette:

General, 66, iv, 328; 75, ii, 737. Velocity and discharge of, 77, 1010, 1011.

Stages of water, 79, 1826.

Description of, 80, 2266; 92, 2852; 95, 3564.

Stages of water at Portland, 80, 2265; 81, 2542; 82, 2651.

Gauging lower R. and principal tributaries, 83, 2076; 84, 2290; 85, 2408; 86, 2010; 83, 2177; 89, 2565; 90, 3064.

High waters of the Willamette, 90, 3059.

In 1894 the highest known water in the Rs. occurred, 94, 2657.

Description of lower Willamette and Columbia Rs. below Portland, 00, 4416. Of the 114 m. bet. Portland and the sea, 12 1/2 lie in the Willamette R. and 102 in the Columbia. In 1889, 8 m. of the Willamette and 96 m. of the Columbia had 25' d. 00, 4417.

Willamette and Columbia:

Tendency of chan. to cut through estuary below Taylors sands, 02, 2394.

Ruling d. bet. Portland and sea, 20', m. l. w.; increase of 6' since commencement of imp., 05, 683.

8' increase in d. of chan. since commencement of imp., 06, 756.

Chan. gradually imp.; less work required each year, 10, 2402.

Variations of water level due to tides, etc. 12, 1216.

PLANS. (See Estimates and Projects.)**Lower Columbia:**

By Maj. Robert, 1871, to cut chan. 18' d. across St. Helens Bar, 71, 906; for building a pile dam across Percys (Columbia) Slough at the w. and shallowest part, 74, ii, 352, 363.

Lower Willamette:

By Lt. Heuer, dr. new chan. 100' w., d. of 18', bet. Percys Isld. and main shore (88,000 c. y.), 66, iv, 328, 331; to dr. Swan Isld. Bar to make chan. 18' x 100' (24,444 c. y.), 66, iv, 328, 331.

By Maj. Wilson, closing chan. on s. side of Swan Isld. by a dike, 76, ii, 647.

PRIVATE AND CORPORATE WORK.**Lower Willamette:**

City of Portland expend. \$42,215.50 (coin) for dr. outfit and dr., 66, iii, 26, iv, 327; details, 66, iv, 329; 67, 50. Dr. at Swan Isld. Bar by city of Portland, 66, iii, 26. Resol. of common council of city of Portland au. mayor to correspond with Col. Williamson and fully inform him of all facts at hand relative to the Willamette R., and cost of work done by city, and to tender him the use of the dr. apparatus owned by the city free of charge, provided it be kept in thorough repair, 67, 50, 515.

Willamette and Columbia:

Dr. by the Oregon Steam Navigation Co. with U. S. dr., 78, 1320.

Operations by city of Portland to imp. R. previous to 1866, 80, 2266. \$7,442.50 furnished by city of Portland in 1882 for continuance of work, 82, 2651. Constr. of dr. by city of Portland in 1883, 83, 331.

Expend. of \$10,000 by private enterprise for imp. of St. Helens Bar, 83, 331; continued in 1884, 84, 2217; continued in 1885, 86, 1939.

Estab. of Portland H. lines, 83, 2003. 20,000 c. y. dr. from Columbia R. Bar by Portland Board of Trade, 88, 2185.

Diking and dr. by the city of Portland (see Operations), 92, 2832, 2833.

By "Port of Portland," a corporation organized for the imp. of port of Portland:

1892-93. 87,150 c. y. dr. and 21,000 l. f. dikes constr., 93, 3518.

1893-94. 70,679 c. y. dr., 94, 2656.

1894-95. 64,826 c. y. dr., 95, 3563.

1895-96. 170,140 c. y. dr., 96, 3259.

1896-97. 90,200 c. y. dr., 97, 3409.

1897-98. 185,300 c. y. dr., 98, 3031.

1898-99. 425,322 c. y. dr., 99, 3241.

1899-00. 983,249 c. y. dr., 00, 4354.

Detailed account of work done by the port of Portland previous to 1894 on this imp., with the cost, etc., 94, 2655.

1900-01. 1,869,667 c. y. removed, 01, 3559.

1901-02. 872,318 c. y. dr., 02, 2394.

1902-03. 1,105,082 c. y. dr., 03, 2265.

1903-04. 1,167,450 c. y. dr., 04, 3535.

1904-05. 325,082 c. y. dr., 05, 2476.

1905-06. 365,325 c. y. dr., 06, 2006.

1906-07. 435,828 c. y. dr., 07, 2190.

1907-08. 2,012,000 c. y. dr., 08, 2264.

1908-09. 2,326,568 c. y. dr., 09, 2231.

1909-10. 1,925,827 c. y. dr., 10, 2402.

1910-11. 1,755,792 c. y. dr., 11, 2605.

1911-12. 2,581,152 c. y. dr., 12, 2818.

PROJECTS. (See Estimates and Plans.)**Lower Willamette:**

By Maj. Williamson, dr., to secure chan. at least 18' x 100', Portland to mouth of Willamette, 68, 872.

Willamette and Columbia:

By Maj. Michler, building dam across narrowest part of Percys Slough; est., \$5,211.16, 74, ii, 352; 75, ii, 736. For imp. of lower Columbia at St. Helens Bar by dr., 75, ii, 738. For imp. of Willamette near junction of Columbia (1) by building of js. at head of Willamette Slough; (2) closing slough bet. Sauvies and Coon Islds. by a dam; (3) dam across

entrance of Percys Slough parallel to thread of R. chan.; (4) j. to extend from lower end of Percys Isld., 2,000' l., 75, ii, 738, 734.

By Maj. Wilson, 1876, (1) to build dike from upper end of Swan Isld. to n. shore, closing n. chan. and opening new chan. on s. side of Isld.; (2) to build a dike across the head of Willamette Slough, so the lower end shall rest 100' from shore; (3) to build a dike across the head of Coon Isld. Slough andrevet the face of the Isld.; also a dike across from main shore just above the outlet of Columbia Slough to Nigger Toms Isld., revet the sides of the latter, and run a dike from its lower end to d. w. in Columbia; (4) to remove portion of Warrior Rock about 100' back and run a dike from shore below to receive the water and lead it through the new chan. at St. Helens Bar, 76, ii, 646-651.

By Maj. Wilson, as modified by BE. and approv. by Chief of Engineers, for imp. of Willamette and Columbia Rs., Portland, Oreg., to sea: (1) To close chan. on s. side of Swan Isld. by a dike 7,000' l., 77, 1021. (2) To close Willamette Slough by a dam near its head, except a chan. 100' w. in the middle; the sides of chan. to be protected by cribs, 77, 1022. (3) To close Coon Isld. Slough at its head by a dike running from Sauvies Isld. to Coon Isld., the face of the latter to be revetted; constr. of a dike from Nigger Toms Isld. to the main shore just above mouth of Columbia Slough, face of Nigger Toms Isld. to be revetted, and, if necessary, a dike from its lower end into d. w. in Columbia, 77, 1023. (4) To constr. 2 converging dikes across St. Helens Bar on each side of the "present" ship chan., each 950' l., 77, 1024.

Amount app. previous to 1877, \$240,365, 77, 1004. Board est. cost of above-named works at \$298,974, 77, 1019-1025; 80, 2270.

In 1879 BE. recom. substitution of constr. made of piles, fascines, and st. in place of the brush and st. previously recom., 80, 2253.

At 1882 \$265,000 had been app. under this proj.; modified to cover increased cost of work and addl. constr. required; est., \$183,635, 82, 2644; 83, 1998; 84, 2216.

At 1885 \$365,000 had been app. under proj. of 1877-82; further modified to cover imp. of 3 shoal areas below Columbia City. Amount est. for completion of proj., 1885, \$407,000. 85, 2377; 86, 357, 1938.

In 1887 est. cost of completion increased \$68,000, 87, 2516.

In 1889 the proj. was extended to embrace the permanent imp. of Walkers Isld. Bar, at a cost of \$60,000, Martins Isld. Bar at a cost of \$15,000, and Post Office Bar, at a cost of \$50,000, 89, 2575.

By Maj. Handbury, 1891, to make and maintain navigable chan. from city of Portland, Oreg., to sea, bearing a l. w. d. of 25', by dr. through bars, closing chutes, constr. of dikes and works of contraction and dr.; est., \$772,464, 92, 2860.

Est. cost of proj. to obtain a 25' chan. changed, as result of sur. of 1899, to \$2,796,300, \$175,000 for new dr., and \$50,000 for yearly mainten., 00, 4352, 4355, 4425, 4427.

Act June 13, 1902, au. obtaining 25' chan. to sea by constr. of controlling works, and dr. est. \$2,796,300, with \$175,000 as cost of new dr., and \$50,000 for mainten. (based on sur. au. Act Mar. 3, 1899), 02, 555.

Act Mar. 2, 1907, au. expend. of \$300,000 in constr. and operation of a dr., 07, 771.

Act June 25, 1910, au. expend. of \$175,000 in continuing imp. and mainten., with provision that so much as may be necessary may be expend. in dr. w. chan. at Swan Isld., 10, 956.

Act Feb. 27, 1911, extended proj. to include constr. of 2 suitable dr. plants; it also au. continuing contracts in further sum of \$320,000, yet to be app., 11, 1013.

Act July 25, 1912, au. proj. for chan. 30' x 300', with short auxiliary chan. 8' x 300', by constr. of dikes and revets., but chiefly by dr. (H. D. 1278, 61st, 3d), 12, 1216.

SURVEYS.**Lower Willamette:**

Ex. by Lt. Heuer. R., 66, iv, 328.

Of Swan Isld. Bar and mouth of the Willamette, by Maj. Williamson, 1867, 68, 873.

Of Willamette Slough, by F. H. West, 1868, **69**, 489.
Ex. of Swan Isld. Bar, 1876, **76**, ii, 647.
Of Post Office Bar and mouth of the Willamette, by Maj. Wilson, 1878, **78**, 137, 1320.
Of Swan Isld., Post Office Bar, and mouth of the Willamette, by Maj. Wilson, 1877, **78**, 137, 1320.

Lower Columbia:

Under direction of Admiral Vancouver of the English Navy, 1792, **79**, 1866.
By Sir Edward Belcher, 1839, **79**, 1866.
This locality was included in the Coast Sur., 1868-70, **73**, 1118; **75**, ii, 745, 749.
Of St. Helens Bar, under direction of Maj. Robert, by F. H. West, 1872, **72**, 96. Resur., 1873, **73**, 1117, 1123.
Of Hogs Back Bar, bet. Tongue Pt. and Woody Isld., by Maj. Michler, 1874, **74**, 117.
Of Hogs Back Bar, under direction of Maj. Michler, by R. B. Randall, 1875, **75**, ii, 742.
Surs. of shore lines of Pt. Adams and Sand Isld., by S. O. L. Potter, 1871-73, under direction of Maj. Robert. Sur. of 1874, **75**, ii, 747, 749.
Of bar at mouth of Columbia R. by Maj. Wilson, 1876, **76**, ii, 651.
Of Sand Isld. and St. Helens Bar, under direction of Maj. Wilson, 1877, **78**, 137, 1320, 1321.

Willamette and Columbia:

Of lower Willamette, Willamette Slough, and lower Columbia, by Maj. Wilson, 1876, **77**, 1001, 1008. **R.**, **77**, 1007. Method of boring, **77**, 1007. Method of gauging, **77**, 1008.
Of St. Helens Bar, **79**, 1827; of Sand Isld., **79**, 1828; of mouth of Columbia, **79**, 182, 1791; by Lt. Payson, 1878. **R.**, **79**, 1809.

Ex. au. Sept. 19, 1890; made by Maj. Handbury (**R.** unfav.), **91**, 3374.
Of the lower Willamette and Columbia Rs. with view to securing 25' at l. w. from Portland to mouth of the Columbia; made, 1891, by Maj. Handbury, **92**, 2852.
Misc. sur., **94**, 2857; **95**, 3563; **96**, 3259; **97**, 3409; **99**, 3241.
New H. lines approved for Portland, 1900, **00**, 4355.
Ex. and sur. of lower Willamette R. and Columbia R. below Portland, and est. of cost of obtaining 25' chan., Portland to mouth of Columbia, au. act Mar. 3, 1899. Ex. made by Maj. Fisk, 1899 (**R.** fav.), **00**, 4416. Sur. made, 1900, by Capt. Langitt (see Projects), **00**, 4418.
10 new triangulation stations estab. bet. Portland and Goble, **01**, 3559.
Minor, **02**, 2394; **03**, 2265.
In connection with fish-trap locations, **06**, 2007.
Ex. and sur. au. act Mar. 3, 1909, with view to securing 30' chan.; **Rs.** by Maj. McIndoe, Aug. 16, 1909, and Aug. 27, 1910; est., \$3,770,000, with \$350,000 an. for mainten., subject to cooperation by local interests (H. D. 1278, 61st, 3d), **10**, 2402; **11**, 1026.
Of estuary, Harrington Pt. to Ft. Stevens; details given, stretches of R. triangulated, and monuments replaced, **12**, 2818.
Cong. docs., etc., relating to exs., sur., plans, etc., **11**, 1015; **12**, 1214.

Maps (H. D. 1278, 61st, 3d):

List of tracings and maps, **75**, ii, 759, 789.
Of lower Willamette and Columbia Rs., **77**, 1006; **03**, 2266; **04**, 3538; **05**, 2478; **06**, 2010; **11**, 2606.

Part (g), WW-2 Columbia River, Oreg. and Wash., mouth of.

APPROPRIATIONS. (See p. 1619.)

COMMERCE.

C. to be benefited, **81**, 2537; **83**, 2011, 2031; **84**, 2225; **86**, 1974, 1983; **87**, 2473, 2474.
Delay due to bar, **84**, 2223.
Draft of vessels entering R., **84**, 2223.
Tonnage out and in bound over Columbia R. bar for 1891-92, **92**, 2817.
Comparative statement of principal exports, 1883 to 1892, **92**, 2818.
Description of, **00**, 4433, 4454.
Extensive interests, 1899, would be benefited by imp. of R. mouth, **00**, 4433.
D. of chan. over bar would admit use of larger vessels, and rates on tonnage would be reduced **09**, 864.
Diagram of freight and app., **11**, 2615.

CONTRACTS.

1885. L. W. Holt, wharf and trestle at Pt. Adams, **85**, 2335. J. F. Steffen, 4 st. barges, **85**, 2387. P. F. Fallert, piles, **85**, 2387. L. Michael, riprap st., **85**, 2387.
1886. Oregon Paving Co., piles and st., **87**, 2474.
1889. P. Hinkle, r., 64¢ per t., **89**, 2531. C. P. Church, fascines, \$2.74 cord, and poles, 24¢ each, **89**, 2531. Paquet & Smith, 4 barges, \$5,870 each, **89**, 2533.
1890. C. P. Church, fascines \$2.84 cord, and poles 23½¢ each, **90**, 3014. J. E. Smith, r., 63½¢ per t., **91**, 3319.
1891. R. Hoyt, fascines \$2.70 cord, and poles 22¢ each, **91**, 3319.
1893. W. H. Maxwell and O. Huber st. 63½¢ per s. t. (\$63.50), **93**, 3492.
1901. Hale & Kern Contract Co., furnishing 25,000 t. rubblest., 90¢ t.; Jos. Supple, constr. barge, \$6,950; scow barge, \$2,975, **02**, 2402.
1902. Newton Foston, coal, prices listed, **02**, 2402. Columbia Engineering Works, engine and pile driving machinery; Burnham-Williams Co., 3

locomotives; G. W. Sanborn, coal, as required, **03**, 2274.

1903. Oregon Rafting Co., piles; Corbett-Falling & Robertson, Inc., iron and steel; Warren & Lester, lumber; Northwest Constr. Co., 150,000 t. r., **03**, 2274-75. Northwest Constr. Co., 475,000 t. r., 91¢ t.; J. R. Bowles, structural steel (unit prices listed), **04**, 3550-51.

1904. Northwest Constr. Co. (supple.) reducing quantity of r. to 200,000 t.; Columbia Contract Co., 240,000 t. st., \$1.08 t., **04**, 3550-3554. (For list of emergency contracts, see **04**, 3549-54.)

1905. J. W. Sweeney, 110,000 t. st., \$1.02 t.; Columbia Contract Co., 450,000 t. st., \$1.10 t., **05**, 2492. (For misc. emergency contracts, see **05**, 2489-92.)

1906-08. List of emergency contracts, **06**, 2015-17; **07**, 2201; **08**, 2273-74.

1909. Columbia Contract Co., 380,000 t. st., \$1.12 t., **10**, 2409.

1910. Marine Iron Works, repairs, alterations and additions to dr. Chinook, \$132,000; list of emergency contracts, **10**, 2409. Columbia Contract Co., st., prices listed, **11**, 2613.

1911. Associated Oil Co., 39,000 bbls. fuel oil, 75¢ bbl. of 42 gals.; list of leases and emergency contracts, **11**, 2614. G. W. Sanborn, coal, \$5.70 l. t.; Columbia Contract Co., st., \$1.12 s. t.; list of leases given, **12**, 2828.

ENGINEERS.

Chief of Engineers. **R.**, **80**, 240; **83**, 332, 2011; **84**, 335; **85**, 364; **86**, 360; **87**, 327; **88**, 301; **89**, 358; **90**, 325; **91**, 412; **92**, 386; **93**, 447; **94**, 413; **95**, 460; **96**, 400; **97**, 502; **98**, 507; **99**, 595; **00**, 671, 676; **01**, 635; **02**, 550; **03**, 614; **04**, 678; **05**, 685; **06**, 757; **07**, 773; **08**, 822; **09**, 862; **10**, 958; **11**, 1016; **12**, 1218.

Boards:

Convened, New York, Feb. 12, 1881, to consider imp. of mouth of Columbia R. Board did not con-

sider it necessary at that time to submit any plan for imp., **81**, 2548, 2552. (Cols. Tower and Newton and Lt. Col. Abbot.)

Board constituted S. O. No. 82, C. of E., 1882, to report upon plan for permanent imp. of mouth of the R., **83**, 2012. (See also Projects.) (Lt. Cols. Stewart, Craighill, Comstock, and Mendell, and Capt. Powell.)

Convened, Portland, Oreg., by S. O. No. 4, Feb. 11, 1893, for purpose of considering and reporting upon completion of work. **R.**, **93**, 3499. (Col. G. H. Mendell, Maj. W. H. Heuer, Maj. T. H. Handbury.)

Board constituted by S. O. Nos. 19, July 5, 1902, and 35, Sept. 13, 1902, to consider and report upon proj. for imp.; submists est. of \$3,715,000; extension of s. j. 2½ m., constr. n. j., and a dr. (Maj. W. L. Marshall, Capt. Edw. Burr, J. C. Sanford, C. E. Gillette, C. H. McKinstry.) **R.**, **03**, 2275.

In charge:

Maj. G. L. Gillespie, 1878-81. **R.**, **80**, 2315, 2318; **81**, 2534, 2536.

Capt. C. F. Powell, 1881-87. **R.**, **82**, 2647; **83**, 2010; **84**, 2222; **85**, 2382; **86**, 1972; **87**, 2470.

Maj. T. H. Handbury, 1888-93. **R.**, **88**, 2155; **89**, 2529; **90**, 3011, 3025; **91**, 3314; **92**, 2808; **93**, 3488.

Maj. J. C. Post, 1894-95. **R.**, **94**, 2631; **95**, 3551.

Capt. W. L. Fisk, 1896-99. **R.**, **96**, 3250; **97**, 3404; (Maj.) **98**, 3040; **99**, 3246.

Capt. W. C. Langfitt, 1899.

Capt. W. W. Harts, 1899-1900. **R.**, **00**, 4361,

4430, 4434.

Capt. W. C. Langfitt, 1901-05. **R.**, **01**, 3567; **02**,

2400; (Maj.) **03**, 2271; **04**, 3543; **05**, 2484.

Lt. Col. S. W. Roessler, 1906-08. **R.**, **06**, 2012;

07, 2196; **08**, 2270.

Maj. J. F. McIndoe, 1909-. **R.**, **09**, 2236; **10**,

2406; **11**, 2610; **12**, 2823.

Assistants:

R. A. Habersham. **R.**, **80**, 2317.

G. M. Jessen. **R.**, **80**, 2321.

Lt. E. Burr. **R.**, **86**, 1976.

P. G. Eastwick. **R.**, **86**, 1980.

G. B. Hegardt. **R.**, **89**, 2535; **90**, 3017; **91**, 3320;

92, 2811; **93**, 3492; **94**, 2634; **95**, 3555; **96**, 3253;

00, 4440.

OPERATIONS.

1879-80. Sur. of mouth, and efforts to increase chan. d. of Sand Isld. Shoal by scraping, **80**, 2315.

1880-81. Sur. of mouth continued; efforts to increase d. over bar by harrowing, **81**, 2534, 2547.

1881-84. Continuation of sur. and studies for plans of imp., **84**, 2222.

1884-85. Constr. and purchase of plant and commencement of work by hired labor on tramway for constr. of j., **85**, 2383.

1885-86. 1,944 c. y. brush mattress and 3,346 c. y. of st. placed in j.; 1,090 l. f. of j. tramway built, **86**, 1973. Methods of constr., **86**, 1981.

1886-87. Difficulties of st. transportation; constr. of tramway in progress, **87**, 2471, 2472.

1887-88. Jetty tramway extended 2,500'; 1,400 l. f. of mattress built; 20,315 t. st. placed in j., **88**, 2156.

1888-89. 63,468 t. r. placed in j.; 4,176 l. f. of tramway built; 4,432 l. f. of mattress built; track and wharf constr. and repairs to plant, **89**, 2535-2540.

1889-90. Mattress foundation and tramway constr. advanced 17 m.; constr. of pile driver and repairs to plant; 120,354 t. r. placed in j., **90**, 3012-3014.

1890-91. 115,698 t. r. and 4,399 cords of fascines received and placed in j.; 1,700 l. f. of shore-trestle piling renewed; repairs to tracks, tramways, and plant, **91**, 3314-3317.

1891-92. Tramway extended 1,088'; 30,000 t. of r. dumped in widened portion of end of j.; 25,000 t. r. used in securing root of j.; 1,768 cords of fascines and 3,528 poles used in mattress constr., **92**, 2808, 2809.

1892-93. 131,608 t. r. placed in j., and repairs made, **93**, 3489.

1893-94. 115,734 t. r. placed in j. and groins, **94**, 2632.

1894-95. 136,900 t. r. placed in j., groins, and shore revet., **95**, 3553.

1895-96. 82,791 t. r. placed in j. and shore revet.; work considered as completed, **96**, 3251.

1900-01. Repairs made to j. tracks and shore tracks; platforms for materials erected; rolling stock and tug repaired; ex. for suitable r. supply made, **01**, 3569.

1901-02. 1,888' j. tramway constr.; 19,794 t. r. dumped in outer portion of j. to prevent scouring; 450' double track built on storage platform; dump and flat cars rebuilt and wharf repaired; r. quarry opened up near Bugby Light, **02**, 2400.

1902-03. Redriving 1,818' of destroyed j. tramway; storage platforms constr.; 3 new wells sunk for water supply; U. S. transport *Grant* trans. to district to be used as dr., and fitting up in progress; sand-binding grasses planted to reclaim sand spits, **03**, 2272.

1903-04. 4,858' j. track extended, 972' of which washed away during winter storms, and replaced; 207,613 t. st. placed in j.; transport *Grant* (renamed *Chimook*) converted into dr., and removed 256,407 c. y. from bar and Smiths Pt. Shoal, **04**, 3544.

1904-05. 12,143' j. tramway constr.; 8,275' destroyed by storms; 325,007 t. st. placed in j.; dr. *Chimook* removed 245,220 c. y.; st.-receiving wharf repaired, **05**, 2484-87.

1905-06. 5,580' trestle built and 476,121 t. st. placed; 20 new geared dump cars constr., **06**, 2013, 2014. Dr. *Chimook* not operated owing to lack of d. in chan., and boiler defects **06**, 759.

1906-07. 147,840 t. st. placed in j., raising it to low tide, with hopes of it withstanding winter storms, unsuccessful, and most of trestle washed away; 21,106' trestle rebuilt, made necessary by dry-rot or teredo; plant, docks, and wharves overhauled and rebuilt, **07**, 2196-98.

1907-08. 393,000 t. r. placed in w. and raising j., which protected the j. to such an extent that it withstood winter storms; trestle extended 2,408'; 110 dump cars purchased, **08**, 2270-71.

1908-09. 612,404 t. st. placed in w. and extending j.; 3,960' of tramway built; plant repaired; proj. 58% completed, **09**, 2236, 2237.

1909-10. 603,289 t. st. placed in raising enrockment over older portion of j. and in tramway extension; storm damage repaired; tracks and plant maintained, **10**, 2406.

1910-11. 660,070 t. st. dumped in j.; work on tracks; 212,080 c. y. dr. by *Chimook*; infirmary for injured employees built; repairs made to buildings; proj. 85% completed, **11**, 2610-2613.

1911-12. 716,420 t. st. placed in j.; tramway extended; piles driven to strengthen trestle; 963,898 c. y. dr. by U. S. from bar and R.; tracks repaired; repairs to plant, etc., **12**, 2824-2825.

PHYSICAL CHARACTERISTICS.

Description of mouth, **83**, 2012.

Movement of shore lines, **80**, 2316, 2317, 2318; **81**,

2540; **83**, 2021; **86**, 1978, 1980.

L. w. cross sec., mouth, **83**, 2012.

Stages of water on the bar, **81**, 2542; **86**, 1979.

Description of ocean bed, **83**, 2026; **86**, 1978.

Tidal velocities, **83**, 2013.

Tidal data, **81**, 2550; **83**, 2027.

Tidal prism, **83**, 2013.

Force and direction of wind, **83**, 2028.

Discharge, **86**, 2010.

Description of, **93**, 3489, 3499; **95**, 3553.

Sur., 1898, showed least d. on bar of 29', 1' less than the preceding year; sur., 1899, showed 28' d., **99**,

3246; sur., 1900, showed 23-24', **00**, 4361.

Description of mouth, 1899, **00**, 4433. Effect of the j. and cause of shoaling over the bar, **00**, 4436.

Mouth of Columbia the only d. w. H. for 700 m. on the Pacific coast, and the only fresh-water H. there, **00**, 4438.

Shoaling of entrance, and decided movement w. of Peacock Spit and Clatsop Spit, **01**, 636.

An. sur., 1901, showed 23' across bar, **01**, 636.

Severe storms, Oct., 1901, to Apr., 1902, washed away 1,350' of j. tramway, **02**, 2400.

H. throat d. increased about 10'; Peacock Spit working seaward tending to obliterate n. chan., **02**, 2401.

Sur. of bar shows slight movement seaward of 24' inner curve, extension seaward of Clatsop Spit, and building up of Clatsop Spit on n. side; 24' curve gives indication of breaking through crest, **04**, 680. Terebo destroying piles; severe storms cause damage to j. tramway, **05**, 2485.

Marked scour indicated inside and outside bar, **06**, 758.

Difficulty in maintaining trestle in exposed position, and effect of gales and heavy seas, and consequent increased cost of completed work (special report of Dec. 2, 1905, referred to), **06**, 758, 759, 2014.

Scour producing 4 distinct chans., **07**, 774.

Scour produced chan. 25½' x 6,000' where in the year previous 4 narrow and poorly defined chans. existed, **08**, 824.

Accident to pile driver, causing fatalities, **08**, 2271.

6,000' w. chan. narrowed to 4,700' by w. movement of Clatsop Spit, **09**, 2237.

Peacock Spit moving to n. and w., Clatsop Spit to w., indicating influence of j., **09**, 864.

Sur. of 1910 showed that opening through bar bet. 24' contours increased from 4,700' in 1909 to 8,000'; condition of Clatsop and Peacock Spits, **10**, 2407.

Details of changes noted during an. sur., **11**, 2611. Accidents occurring during year to locomotive; schooner *Admiral*; j. tramway afire, **12**, 2825.

Chan. w. to 10,000'; details of an. sur. given, **12**, 2826.

Imp. has given 9' d. on bar, **12**, 1220.

PLANS. (See Projects.)

By Maj. Gillespie, 1879, dike about 10,000' l., of large rubblest., extending from inside of Pt. Adams along e. edge of Clatsop Spit to 4-fathom curve in s. chan, the dike to rise about 3' above l. w. and to have top w. of 25'; est., \$4,750,000, **80**, 2320; **81**, 2546.

In 1880 Maj. Gillespie proposed pile dike about 8,000' l., filled with fascines and st., starting at ne. corner of Ft. Stevens and following 12' curve around Clatsop Spit; est., \$430,000, **81**, 2547, 2548. Plan not app. by BE. of 1881, **81**, 2535, 2552. Board did not consider it necessary to submit any plan for imp., **81**, 2552.

PROJECTS.

By BE., 1882, j., slightly convex to n., extending from shore near Ft. Stevens in a n.w. direction toward a point about 3 m. s. of Cape Disappointment; j. to consist of random st. placed on mattress foundation, and to be about 2,400' in l., with top at l. w., and w. not less than 5'; outer 7,500' of j. to be faced with beton blocks of from 5 to 20 c. y. each; est., \$3,710,000, **83**, 2018; **87**, 2470. Lt. Col. Mendell, differing on some points from the majority of the board, submitted a minority report, **83**, 2034.

Congress au. commencement of imp. recom. by majority of board, **84**, 402.

In 1890 cost of completion reduced from \$2,423,000, in 1889, to \$525,000. **90**, 3016; **91**, 3319.

By BE., 1893, modification of former proj. to provide for raising j., and for constr. of 4 low groins out from the main j. to aid in the increase and permanency of any sand that might accumulate on n. side of j.; est., \$583,203.50, **93**, 3502.

In 1896 \$50,000 trans. from this work, act June 3, 1896, to proj. for imp. of R. below Tongue Pt., **96**, 3253.

Capt. Langfitt est., 1899, \$2,531,140.51 to form 40' chan. by extending j., if the money were app. at once, **00**, 4439.

Congress, 1900, app. \$250,000 for repair of j. at mouth of the R., **00**, 4362.

By BE., 1903, for extension of "present" j., and dr., est., \$2,260,000; constr. and operating dr., \$250,000; if necessary to constr. a n. j., \$1,205,000, **03**, 615, 2275.

Act Mar. 3, 1905, modified proj. of 1899, providing for extension of s. j., and constr. of n. j., if necessary; dr. also recom., **05**, 685.

Act Mar. 3, 1909, au. remodeling dr. *Chinook*, \$200,000, **09**, 863.

Revised est. for completion of s. j., \$3,529,300, approved. Apr. 17, 1909, **10**, 959.

SURVEYS.

Au. act Mar. 3, 1879, **80**, 2315; made, by Maj. Gillespie, 1879, **80**, 2315, 2318, 2319; continued, **81**, 2538, 2550; **86**, 1976.

Comparison of various surs., **81**, 2549; **83**, 2014, 2021.

Sur. of mouth of R., made, 1891, by Maj. Handbury, **91**, 3325.

Surs. of bar at mouth of R., made, 1892, by Maj. Handbury, **92**, 2810.

Misc. surs., **94**, 2639; **95**, 3553; **96**, 3252; **97**, 3405; **98**, 3040; **99**, 3246.

Ex. and sur. of mouth for 40' chan. au. act Mar. 3, 1899. Pre. ex. made, 1899, by Maj. Fisk (map), **99**, 3246 (R. fav.), **99**, 3246; **00**, 4434. Sur. made by Capt. Langfitt, 1899 (see Projects; R. fav.), **00**, 4434.

Minor surveys:

Annual, **01**, 636; **02**, 2401; **03**, 2273, 2305-2318; **04**, 3547; **07**, 774; **08**, 824, 2272; **09**, 2237; **10**, 2407; **11**, 2611; **12**, 2826.

Of Sand Isld., concrete monuments placed, **05**, 2487.

Cong. docs., etc., relating to exs., surs., plans, etc., **11**, 1018; **12**, 1219.

Maps. **81**, 2546, 2552; **86**, 1978, 1980; **88**, 2156; **89**, 2534; **90**, 3022; **91**, 3325; **93**, 3496; **94**, 2640; **95**, 3560; **99**, 3246; **00**, 4362; **04**, 3548; **05**, 2488; **06**, 2016; **08**, 2272; **09**, 2238; **10**, 2408; **11**, 2612; **12**, 2826.

Plates (47), **03**, 2316.

Part (h), WW-2 Columbia River, below Tongue Point and in front of Astoria, Oreg.

APPROPRIATIONS. (See p. 1619.)

COMMERCE.

Large local and foreign C. uses this chan., **95**, 3608. Chan. used by shipping going to and from wharves and mills along water front, **05**, 684.

CONTRACTS.

1900. E. T. Johnson, r. excavation, \$8 c. y.; sand removal, 50¢ c. y., **01**, 3566.

ENGINEERS.

Chief of Engineers. **R.**, **95**, 468; **96**, 401; **97**, 502; **98**, 507; **99**, 3245; **00**, 4360; **01**, 634; **02**, 556; **03**, 614; **04**, 678; **05**, 684; **06**, 765; **07**, 780.

In charge:

Maj. J. C. Post, 1895. **R.**, **95**, 3605.
Capt. W. L. Fisk, 1896-99. **R.**, **96**, 3256; **97**, 3406; (Maj.) **98**, 3039; **99**, 3245.

Capt. W. C. Langfitt, 1899.

Capt. W. W. Harts, 1899-1900. **R.**, **00**, 4360.

Capt. W. C. Langfitt, 1901-05. **R.**, **01**, 3565; **02**, 2398; (Maj.) **03**, 2270; **04**, 3543; **05**, 2483.

Lt. Col. S. W. Roessler, 1907. **R.**, **07**, 768.

OPERATIONS.

1896-97. 103,231 c. y. dr., **97**, 3407.

1897-98. 59,150 c. y. dr., **98**, 3039.

1899-00. Preparations made for dr., **00**, 4360.

1900-01. 573 c. y. removed from Sylvia de Grasse Reef, **01**, 3566.

1901-02. 8,246 c. y. r. and 3,321 c. y. sand removed by contract from reef, and 27,676 c. y. sand removed from vicinity of reef by hired labor, **02**, 2399.

1902-03. 3,470 c. y. r. and 1,701 c. y. sand removed, completing contract and a chan. 25' d. across. Sylvia de Grasse Reef, **03**, 2270.

PHYSICAL CHARACTERISTICS.

Description of: Chan. extends along front of Astoria to Smiths Pt. $5\frac{1}{2}$ m.; forms only navigable connection for vessels of d. draft bet. Columbia R. above Tongue Pt. and the sea, **95**, 3605.

Chan. 24' d. and 150' w. obtained, **02**, 556.

Max. draft 20'; variation $6\frac{1}{2}$ ' to 7', **04**, 678.

PROJECTS.

By Maj. Post, 1895, removal of wreck of SS. and an outer portion of the ledge upon which it rested, supple. the work by dr. waterway in front of Astoria 25' x 250' at bottom, in accordance with general proj. for imp. of Columbia and lower Willa-

mette from Portland to the sea; est., \$121,550, **95**, 3608; **96**, 3256.

By Maj. Fisk, 1899, removal of 63,900 c. y. r. from Sylvia de Grasse Reef, **99**, 3245.

SURVEYS.

Sur. of R. below Tongue Pt. by way of s. chan. in front of Astoria, au. act Aug. 17, 1894; made, 1895, by Maj. Post (R. fav.; see Projects), **95**, 3605.

Cross-sectioning, and triangulation of r. area, **01**, 3568.

Ex. and sur. an. act Mar. 3, 1905, of Astoria H.; made by Maj. Langfitt. Rs. by latter and Lt. Col. Roessler, Apr. 4, 1905, and Oct. 6, 1906, resp. (unfav.) (H. D. 216, 59th, 2d), **06**, 765; **07**, 780.

Maps. **95**, 3608.

Part (i), WW-2 Columbia River, between Vancouver, Wash., and mouth of the Willamette River.

APPROPRIATIONS. (See p. 1619.)**COMMERCE.**

Principally lumber, **12**, 1201.

CONTRACTS.

1892. Borthwick & Davison, dam work—piles, $8\frac{1}{2}$ ¢ l. f.; lumber, \$12 M f.; bolts and washers, 15¢ and $3\frac{1}{2}$ ¢ each; spikes and wire, 4¢ and $3\frac{1}{2}$ ¢ lb.; r., 55¢ t.; fascines, \$2.35 cord (\$19,954.13), **93**, 3505. Annulled, **94**, 2643.

1894. R. Smith, repairs to dam, etc., aggregate amount of bid, \$4,612.85, **94**, 2645.

1897. J. Hale, constr. and repair of dam; aggregate amount of bid, \$19,286.30, **98**, 2969.

1899. Wakefield & Jacobsen, dike extension—piles, lumber, ironwork, brush, st., \$14,686, **99**, 3231.

1901. E. T. Johnson, dike repairs (unit prices listed), **02**, 2384.

1902. Hale & Kern Contract Co., furnishing 600 c. y. riprap st., **03**, 2229.

1905. Port of Portland, hire of 20-inch suction dr., \$155 per day; Robert Wakefield, dike repairs (unit prices listed), **06**, 2000.

ENGINEERS.

Chief of Engineers. OBSTRUCTIONS.

Br. built across Columbia R. at Vancouver by Spokane, Portland & Seattle Ry. Co., **09**, 855.

OPERATIONS.

1892-93. About 2,900' of dam built, **93**, 3504.

1893-94. Repairs to dam made andrevet. constr., **94**, 2644.

1894-95. 103,633 c. y. dr., **95**, 3567.

1897-98. Repair and constr. of dam andrevet. in progress, **98**, 2988.

1898-99. Minor repairs made to dam built 1897-98; extension of Hayden Isld. end of dam for about 700', and constr. of 2 cross dikes to connect the 700' extension with head of Hayden Isld.; head of isld. protected withrevet. (photographs), **99**, 3229, 3230.

1899-00. Dike at head of Hayden Isld. repaired, **00**, 4335.

1900-01. Main dike and 2 cross dikes repaired and maintained; amount and details given, **01**, 3499.

1901-02. Dikes repaired and head of Hayden Isld.revetted; 196 cords brush fascines and 4,730 t. rubblest. placed, **02**, 2384.

1902-03. 635 c. y. rubblest. placed on dike where settled, **03**, 2228.

1905-06. 321,770 c. y. removed, completing chan. 20' x 150' from d. w. below Hayden Isld. to d. w. opposite Vancouver; dike at head of Hayden Isld. refilled and repaired, **06**, 1999.

1906-07. 253,415 c. y. removed by hired dr. Columbia, restoring chan. to orig. d. of 20' and w. of 150' bet. lower end of Hayden Isld. and Vancouver, **07**, 2182.

1907-08. No dr. done, owing to sinking of dr. Portland, only other available dr. tried but found unsuitable, **08**, 2257.

1909-10. 75,000 c. y. removed by dr. Oregon, completing cut through shoal 16' x 125', **10**, 2394.

PHYSICAL CHARACTERISTICS.

Description of, **92**, 2866; **96**, 3265.

Sur. of 1899 showed that dike at Hayden Isld. had not produced the scour for which it was designed; scour not looked for then until two or three seasons of high and low stages had passed, **00**, 4336.

Dike effected an increase of 1' in d. over shoals, **02**, 2384.

Max. draft at extreme l. w., 10', **02**, 550.

Flood of summer of 1902 caused slight settlement of dike at several places, **03**, 2228.

Details of, **04**, 3499.

20' chan. dr. 1905 shoaled to 14 and 15' in 1906, **07**, 2182.

Dr. chan. along Hayden Isld. shore shoaled to 10' at l. w., **09**, 2223.

Chan. next to Hayden Isld. shoaled to 9' at l. w., **10**, 2394.

PRIVATE WORK.

Chan. 3,600' l., 75 to 100' w., and 15' d. dr. over shoal about 2½ m. below Vancouver by city of Vancouver, **04**, 3497.

Dr. by Columbia Contract Co. to enable transportation of r. for j., **05**, 2467.

Citizens of locality form port district, **12**, 2808.

PROJECTS.

By Maj. Handbury, 1891, closing chute behind Hayden Isld. opposite Vancouver by a pile, brush, and r. dam about 3,000 l. and 4' high above l. w., to throw water passing down this chute at this stage into main chan. to remove sand bar bet. mouth of Willamette and Vancouver; est., \$33,000, 92, 2868; 93, 3503.

By Maj. Post, 1895, completing imp. by extending dam 1,500', passing head of Hayden Isld. and turning downstream at its outer end, effect of dam to be suppl. by dr. in main chan.; est., \$67,000, 96, 3264, 3265.

By Capt. Harts, 1899, extension of main dike downstream for 700', this extension to be connected by 2 dikes with head of Hayden Isld.; est., \$16,000. Revised est., \$25,516. 99, 3229.

By Maj. Langfitt, recom. by BERH., dr. chan. 20' x 150'; est., \$60,000; and mainten. of chan. and dike at Hayden Isld., est., \$10,000 an., 04, 670, 3501, 3503-3504. Adopted act Mar. 3, 1905, 05, 670.

Maj. Morrow of opinion that such work of mainten. which can not be done without constr. of addl. plant is not worthy of execution until such time as addl. dr. plant may be necessary on chans. leading to Portland, 10, 2395.

SURVEYS.

An. act Sept. 19, 1890; made, 1891, by Maj. Handbury, 92, 2866.

Sur. to determine condition of chan., and to ascertain what further imp. needed, au. by Chief of Engineers, 1895; R. submitted by Maj. Post, 1895 (see Projects), 96, 3264.

Sur., 1899, to ascertain whether dr. provided for by existing proj. would be necessary (see Physical characteristics), 00, 4335. (Maps.)

Pre. ex. au. act June 13, 1902, to ascertain effect of dikes or other works. R., Maj. Langfitt, July 22, 1902, and Aug. 1, 1903; est., \$60,000, with \$10,000 an. for mainten. (H. D. 56, 58th, 2d), 04, 671, 3498.

Minor, 06, 1999; 09, 2223.

By Lt. Col. Roessler, Sept., 1906, to determine condition of dr. chan., 07, 2182.

Pre. ex. au. act Mar. 3, 1909. R. by Maj. Morrow, Apr. 9, 1910 (unfav.) (H. D. 42, 62d, 1st), 11, 1007.

Cong. docs., etc., relating to exs., surs., plans, etc., 12, 1201.

Maps. 98, 2988; 99, 3230; 00, 4336.

Photographs. 99, 3230.

Part (j), W-2 Oregon Slough (North Portland Harbor), Ore.

APPROPRIATIONS.

1912, \$50,000, 12, 2809.

COMMERCE.

1911, 16,508 t., 12, 1204.

ENGINEERS.

Chief of Engineers. R., 12, 1203, 1205, 1206.

In charge. Maj. J. J. Morrow, 1912. R., 12, 2809.

PHYSICAL CHARACTERISTICS.

Oregon Slough is that part of former chan. of Columbia R. which separates Hayden Isld. from Oregon mainland, and extends $\frac{1}{4}$ m. from the head to the foot of Hayden Isld., emptying back into Columbia R. about 1 m. above mouth of the

Willamette R. and about 103 m. above mouth of the Columbia R., 12, 1203.

PROJECTS.

Act July 25, 1912, au. dr. chan. 20' x 200', at extreme l. w., from d. w. in Columbia R. to a point above the Portland Union Stock Yards, on the slough; est., \$100,000, with \$5,000 an. mainten., local interests cooperating to extent of paying one-half the first cost (H. D. 712, 62d, 2d), 12, 1203.

SURVEYS.

Pre. ex. and sur. au. act June 25, 1910, incl. consideration of any proposition for cooperation by localities affected thereby. R. by Maj. Morrow, 1911 and 1912; est., \$100,000, with \$5,000 an. mainten. (see Projects for addl. details), 12, 1205-1206.

Maps. (H. D. 712, 62d, 2d.)

Part (k), WW-2 Columbia River, Ore. (Canal around the Cascades.)

APPROPRIATIONS. (See p. 1619.)

COMMERCE.

Ry. portage at Cascades, 76, ii, 667.

Benefit of imp. to C., 77, 1049; 78, 1337.

Uncertainty of benefits of imp., 80, 2301.

Advantages of imp., 81, 2566; 82, 2668; 83, 2044.

Draft of vessels passing Cascades, 80, 2312.

Character of "present" navigation, 81, 2577; 82, 2673.

Dimensions of vessels on R., 81, 2580.

Cost of transportation, 86, 1942, 1944.

In 1893, 5,553 passengers and 7,800 t. freight transported bet. The Dalles and Cascades, 93, 3508.

Freight rates regulated by imp., 10, 947.

1911-12, 41,778 t., valued at \$3,084,315, consisting of wheat, flour, misc. grain, cattle, horses, wool, produce, farm and mill machinery, etc., 12, 1199.

CONTRACTS.

1878. Ball & Platt, materials and labor, 79, 1790.

1880. Ball & Platt, canal constr., 80, 2302. Contract abrogated, 80, 2299.

1882. Chalmers & Holmes, removal of submerged r., \$25, and exposed r., \$3 c. y., 82, 2668. Failure of contract system, 83, 2043.

1886. Portland Construction Co., wharf at canal, 87, 2480.

1889. F. J. Carrel, granite dimension st., \$1.35 c. y., 89, 2544.

1892. J. G. & I. N. Day, canal imp. and lock constr., earth and r. excavation; furnishing, cutting, and laying st. and masonry; grading, gates, machinery, etc.; aggregate amount of bid, \$1,521,265, 93, 3511.

1899. H. W. Taylor, r. and earth excavation, st., pavements, wire fencing, \$51,279, 00, 4329.

1902. H. W. Taylor, furnishing cut st., concrete, rubble masonry, and grading, \$22,089.57, 03, 2222-2224.

1905. Frederick & Arnold, 5 buildings, \$14,030, 06, 1994.

ENGINEERS.

Chief of Engineers. R., 75, 125; 77, 123; 78, 138; 79, 181; 80, 239; 81, 327, 2570; 82, 321; 83, 334; 84, 337; 85, 370; 86, 358; 87, 328; 88, 301; 89, 359, 2557; 90, 326; 91, 414; 92, 388; 93, 450; 94, 415; 95, 463; 96, 403; 97, 504; 98, 496; 99, 584; 00, 658; 01, 626; 02, 547; 03, 606; 04, 668; 05, 673; 06, 747; 07, 764; 08, 813; 09, 852; 10, 946; 11, 1004; 12, 1198.

Boards:

Convened, Aug., 1877, to report on proj. of Maj. Wilson for canal around Cascades of upper Columbia. Board recom. further exs. and sur. 78, 1333. Reconvened, San Francisco, Cal., Sept. 22, 1877, and recom. that canal be on left bank, or Oregon side, approv. location and plan of canal as prepared by Maj. Wilson, but recom. that dimensions of locks should be increased to 300' in l. instead of 250', and to 50' in w. instead of 46', 78, 138, 1333. R., 78, 1340. Approv. by Chief of Engineers, 78, 138. (Lt. Cols. Alexander, Stewart, and Williamson, and Maj. Mendell and Wilson; Lt. Payson, recorder.)

Convened, Aug., 1879, to consider questions to be submitted by Engineer officer in charge, 80, 2298, 2305. R., 80, 2305. (Lt. Cols. Stewart and Mendell and Maj. Gillespie.)

Reconvened Nov., 1880. R., 81, 2572. (Lt. Cols. Stewart, Williamson, and Mendell, Maj. Weitzel, Houston, and Gillespie.)

Convened, Washington, D. C., Feb. 24, 1888, by S. O., No. 7, to consider and report upon plan submitted by Capt. Powell for lock constr. at Cascades. R., 88, 2170. (Col. Craighill, Lt. Col. Gillespie, and Maj. Post.)

Convened, Portland, Oreg., Aug. 24, by S. O., No. 28, to consider and report upon modifications in existing proj. proposed by Maj. Handbury. R., 89, 2558. (Cols. Mendell and Craighill and Maj. Post.)

Convened, Portland, Oreg., Oct. 15, 1894, under S. O., No. 51, dated Sept. 21, 1894, to consider and report upon modifications in plans for Cascade locks. R., 95, 3576. (Col. G. H. Mendell, Col. W. P. Craighill, and Capt. W. L. Marshall.)

In charge:

Maj. N. Michler, 1875-76. R., 75, ii, 787; 76, ii, 639.

Maj. J. M. Wilson, 1876-78. R., 76, ii, 666; 77, 1046; 78, 1333; 79, 1790.

Maj. G. L. Gillespie, 1878-81. R., 79, 1843; 80, 2298, 2309, 2311; 81, 2563.

Capt. C. F. Powell, 1881-87. R., 82, 2664; 83, 2043; 84, 2246; 87, 2476.

Maj. W. A. Jones, 1884-86. R., 85, 2426; 86, 1942.

Maj. T. H. Handbury, 1888-93. R., 88, 2161; 89, 2543, 2551; 90, 3052; 91, 3328; 92, 2819; 93, 3506.

Maj. J. C. Post, 1894-95. R., 94, 2645; 95, 3568.

Capt. W. L. Fisk, 1896-98. R., 96, 3266; 97, 3416; (Maj.) 98, 2981.

Capt. W. W. Harts, 1898-1900. R., 99, 3222; 00, 4324.

Lt. Col. S. W. Roessler, 1906-08. R., 06, 1993; 07, 2176; 08, 2252.

Maj. J. F. McIndoe, 1909. R., 09, 2218.

Maj. Jay J. Morrow, 1910-. R., 10, 2390; 11, 2594; 12, 2804.

Assistants:

R. A. Habersham. R., 75, 790.

C. M. Bolton, 77, 1046. R., 78, 1338; 79, 1846.

Lt. C. F. Powell. R., 79, 1846; 80, 2302, 2310; 81, 2567.

Lt. P. M. Price. R., 82, 2669; 83, 2047.

Lt. W. Young. R., 84, 2249; 85, 2430; 86, 1945; 87, 2481.

Lt. E. Burr. R., 88, 2165; 89, 2547; 90, 3054; 91, 3332.

Lt. H. Taylor. R., 92, 2823; 93, 3512; 94, 2648; 95, 3582.

W. E. Morris. R., 96, 3269.

W. G. Brown. R., 97, 3420.

ESTIMATES. (See Plans and Projects.)

By Maj. Wilson, 1877, canal around Cascades, navigable at all stages when R. not closed by ice, \$1,544,545, 77, 1047.

By B.E., 1877, extension of break'r to upper end of Bradfords Isld., $\frac{1}{2}$ m., and an addl. lock, \$1,000,000, making cost of canal \$2,544,545, 78, 1341, 1343.

By Maj. Wilson, increasing w. of locks from 50' to 70', \$30,000, 78, 138.

LEGAL PROCEEDINGS.

Oregon Steam Navigation Co. would sell the land for the canal to the U. S. for \$200 per acre, reserving right of way across for R.R.: the Sec. of War declined to purchase on these conditions, 78, 1335. Chief of Engineers ordered the condemnation of the land under laws of Oregon, 78, 1335. Objections by Oregon Steam Navigation Co. to condemnation of the lands, 78, 1335.

LEGISLATION.

By Oregon, au. U. S. to take proceedings for condemnation of all land required for canal purposes, provided such property could not be purchased, 78, 1335.

By Oregon, Oct. 16, 1878, granting U. S. jurisdiction over lands condemned for canal purposes, 79, 1790.

OBSTRUCTIONS.

Rock reef struck by SS. during l. w. period at upper summit of rapids, below lower entrance to canal, 05, 2461.

OPERATIONS.

1878-79. 7,228 c. y. earth, 4,316 c. y. loose r., and 8,387 c. y. solid r. excavated; 80,994 lbs. cast-iron pipe furnished, 79, 181, 1846.

Delay caused by the death of Mr. Ball, 79, 1844, 1851.

1879-80. By contract 28,944 c. y. earth, 12,102 c. y. of loose and 26,640 c. y. of solid r. removed from canal prism; 186,292 lbs. iron pipe and 1,398 c. y. of masonry st. delivered. - By hired labor, 35,080 c. y. excavated and 273 c. y. masonry laid, 80, 2300, 2305.

1880-81. Progress on excavation of canal prism by hired labor, 81, 2568.

1881-82. Progress on canal constr. by hired labor, 82, 2664, 2669; 4,527 c. y. bowlders removed from area adjacent to canal by contract, and 3,448 c. y. by hired labor, 82, 2665, 2671. Drilling and blasting by hired labor, 82, 2666. Cost of r. removal by surface blasting, 82, 2072.

1882-83. Progress on canal constr. by hired labor, 83, 2043, 2048. Borings to determine site of lock, 83, 2044. Rock removal in R. below site of canal, 83, 2045, 2051. Cost of r. removal, 83, 2051.

1883-84. Progress on canal constr., 84, 2246, 2249. Rock removal in R., 84, 2246, 2251. Records of r. removal, 84, 2247, 2251, 2253. Cost of r. removal, 84, 2252.

1884-85. Progress on canal constr., 85, 2429, 2431. Rock removal in R., 85, 2434. Cost and details of r. removal, 85, 2435.

1885-86. Progress on canal constr., 86, 1945.

1886-87. 58,000 c. y. of r. removed at lock site; st.-cutting, quarrying, and canal paving in progress, 87, 2482. Cost of r. removal, 87, 2482.

1887-88. 22,645 c. y. excavated from canal prism and caisson chamber; 12,365 c. y. used in grading; 130' of wing wall completed; excavation of lock chamber completed and concrete foundation laid; 1,321 cu. y. rubble used in paving slopes of upper canal entrance; 132 c. y. st. quarried, 88, 2165-2168.

1888-89. 95,981 c. y. bed r. and 15,698 c. y. gravel excavated; 1,965 c. y. of canal wall laid; 5,035 c. y. of st. cut; 430 c. y. bowlders quarried; plant constr., 89, 2547-2550.

1889-90. 6,038 c. y. bed r. and 1,853 c. y. bowlders excavated; 1,636 c. y. concrete made and laid; pivot stones placed; constr. of tail-bay walls begun; 335 c. y. basalt st. quarried, 90, 3052-3053.

1890-91. 8,711 c. y. of dimension st., 12,520 c. y. of dimension basalt and 42,988 c. f. of faced basalt cut; 1,544 c. f. of st. laid in lock walls; 260 c. y. st. laid in canal walls; 9,614 c. y. of concrete made and placed; 2,085 c. y. bed r. and 4,443 c. y. gravel and

sand excavated in preparation of lock masonry foundations; repairs to plant. **91**, 3329, 3330.

1891-92. 81,320 c. f. dimension granite, basalt, basalt-face-st. and dimension st. cut; 604 c. y. rubble quarried; 2,988 c. y. st. laid in lock walls; 260 c. y. st. laid in canal walls; 17,899 c. y. concrete made and laid; 8,033 c. y. excavated and used for filling in behind walls; 21,214 c. y. masonry used in constr. of n. abutment of lower lock and guard gates, and s. wall of lock chamber, **92**, 2820-2824.

1892-93. Preparations made for continuance of work, **93**, 3508.

1893-94. 2,575 c. y. masonry and 15,634 c. y. concrete laid; 20,785 c. y. r. and 35,267 c. y. other material excavated, **94**, 2647.

1894-95. 17,230 c. y. masonry, 27,050 c. y. concrete, and 1,160 c. y. paving laid; 18,483 c. y. r. and 81,946 c. y. loose material excavated. The lower guard and lock gates completed and the upper guard gates put in place, **95**, 3570.

1895-96. 192,894 c. y. r. and earth excavated. Masonry work completed and gates and machinery set, **96**, 3267.

1896-97. Retvetting done, portions of n. and s. walls raised, and lock opened to navigation on Nov. 5, 1896, **97**, 3418.

1897-98. Raising of embankment and retvetting in progress; st. gathered for completing walls and addl. machinery placed, **98**, 2981, 2982.

1898-99. Retvetting in progress; st. quarried for building walls of upper lock, preparations made for constr. of movable dam, paving in progress, 1,417 s. y. facing for slope pavements quarried (photographs showing condition of works), **99**, 3223, 3224.

1899-00. Protection embankment or wing separating the lower entrance to canal from R. rebuilt and slope wall on s. side of lower entrance to canal repaired; movable dam built ready to put in place (plates; photographs), **00**, 4327, 4328.

1900-01. Rebuilding protection embankment at lower entrance and slope wall below guard gate, and laying addl. pavement; summary of work given, **01**, 3492-3493.

1901-02. Cobblest. gutter and tile drain completed, old piling in wharf and abandoned incline removed, 6 fenders placed in n. wall of upper lock; repairs and mainten. work, **02**, 3277.

1902-03. All work on n. side of canal completed (details); feed pipe for handling gate machinery laid; r. points blasted at Sheridan Pt., **03**, 2222, 2223.

1903-04. Graveling ramps on n. side below upper guard gate, and repairing grass slopes on n. side, **04**, 3491.

1904-05. Rock blasted at Sheridan Pt., and grounds graded, **05**, 2461.

1905-06. Unfinished slope revets. completed, grounds graded, and 3 new dwellings completed; r. reef at about $\frac{1}{2}$ m. below lower lock entrance blasted and removed to a d. of 20', **06**, 1993.

1906-09. Mainten. and care of works, **07**, 2176; **08**, 2252; **09**, 2218.

1909-10. Mainten. and care of plant and buildings; canal opened for traffic, and has been in operation since 1895, but land wall of upper lock and paving and grading never been completed, owing to lack of funds, **10**, 946, 2390.

1910-11. Bet. Summit and Sheridans Pt., several fish laids removed; 170 bowlders broken up; on the Oregon shore, bank smoothed by blasting bowlders and points of reefs, for quarter of m., **11**, 2595.

1911-12. Mainten., **12**, 2805.

PHYSICAL CHARACTERISTICS.

General characteristics, Cascades, **75**, ii, 787.

Action of ice at Hell Gate, **75**, ii, 780, 788.

Difference bet. extreme h. and l. w., **75**, ii, 789.

Record of flood levels, **75**, ii, 791.

Cascades a series of rapids, with fall of 37.3' in

5 $\frac{1}{2}$ m., **76**, ii, 667.

Velocity of R., **79**, 1851.

Current velocities at Cascades, **80**, 2306.

Movement of earth of rocky slopes about the

Cascades, **80**, 2313.

High-water stages, **81**, 2569; **85**, 2429.

Rain-fall records, **83**, 2048; **84**, 2251; **85**, 2433;

86, 1947; **87**, 2485.

Drainage areas of R., **85**, 2426.

Fall of R. at Cascades, **85**, 2428.

Highest water recorded on the Columbia in 1894, **94**, 2647. R. by Maj. Post, **95**, 3572.

PLANS. (See Estimates and Projects.)

By Maj. Michler, 1875, canal and locks around Cascades, through solid r., 2,600' l.; rise at l. w., 21'; 3 locks, 16 $\frac{1}{2}$ x 40' x 215'; lift of each, 7'; est., \$700,000, **75**, ii, 772, 789.

By Maj. Wilson, 1877, canal around Cascades, navigable when R. not higher than 25' above l. w.; est., \$1,188,680, **77**, 1047.

By BE., 1877, extension of break'r to upper end of Bradfords Isld., $\frac{1}{2}$ m., and addl. lock; est., \$1,000,000, **78**, 1341.

PROJECTS. (See Estimates and Plans.)

By Maj. Wilson, 1877, as modified by BE., canal around Cascades, on left bank, or Oregon side, 8' x 50' x 7,200' at l. w., with 2 locks 8' x 50' x 300' l. w., to be navigable at all stages when R. not closed by ice; est., \$1,544,545, **77**, 1047; **78**, 133, 1333.

By Maj. Wilson, 1878, increased w. of locks from 50' to 70'; est., \$30,000, **78**, 138, 1338. Approv. by Chief of Engineers and Sec. of War, **78**, 138, 1339. Dimensions of canal, **79**, 1849.

BE., 1879, recom. imp. of l.-w. navigation through reefs below canal before commencement of constr. of lock masonry, **80**, 2307, 2314; **81**, 2571.

In 1880 proj. modified by BE. to provide for navigation from l. w. to stage 20' above; constr. of single lock near foot of rapids 90 x 462', with lift of 24', gates to be 70' w.; canal prism, about 3,000' l., 90' w. at bottom, and 8' d., **81**, 327, 2564, 2576.

In 1882, to provide for modifications of proj. and imp. of chan. below canal, a revision of est. was made, **82**, 321.

App., 1876 to 1882, \$805,000; required to complete proj., \$1,655, 397.31, **82**, 2667; total, \$2,460,397.31, **83**, 2043.

In 1885, proposed to make widths of gates equal to w. of lock, **85**, 2429.

Increased w. of 90' approved by BE., 1886, **86**, 1945.

Total amount app. to 1886, \$1,142,500, **86**, 1945. Amount required to complete proj., \$1,100,000, **86**, 359.

In 1887 a revision of the est. made total est. cost of work \$2,992,500, **87**, 2477, 2480.

In 1888 BE., to which Capt. Powell's plan for lock constr. at Cascades submitted, considered that proj. for constr. of Cascades Canal should be limited to providing for navigation up to stage of 20' above l. w., giving practically an all-year-round navigation, location and dimensions of lock to remain as proposed by board of 1880, the upper guard gate of the lock to be omitted; w. of canal above lock to be increased to 250', and below to 140', **88**, 2170-2174.

In 1888 iron was substituted for wood in constr. of lock gates, **89**, 2558.

In 1890, after completing details in the proj. for lock and upper guard gates at Cascades, Maj. Handbury est. cost of completing proj. at \$1,745,516, **91**, 3346, 3361.

By BE., 1894, for utilization of part of canal bet. upper gates of lock and upper guard gates as a second lock by putting in concrete floor and side walls, to make canal available for all stages up to 42' above l. w. of lower gauge; for modifying details of protection works to make them conform to highest flood tide, that of 1894, and for mainten.; est., \$413,360, **95**, 3582; **96**, 3266.

By Capt. Fisk, 1896, raising height of n. wall to 34' and part of s. wall 12', to enable locks to be safely operated to very nearly highest stage at which boats could reach them through the rapids at foot of Cascades, **97**, 3418.

Outline of modified proj. and status of work under it, **99**, 3222; **00**, 4324.

Act June 13, 1902, au. expend. of \$30,000 in continuing imp., and removal of obstr. r. in rapids near locks, **02**, 548.

Act Mar. 3, 1905, au. expend. of \$30,000 in completing slope pavement on s. side of canal, removing

old building and grading, soiling and seeding the grounds, and constr. 3 lock-tender's dwellings, **05**, 2480, 2461.

SURVEYS.

Cascades and Dalles of the Columbia, 1874, under direction of Maj. Michler, by R. A. Habersham, **75**, 125; ii, 787; **76**, ii, 639. **R.**, **75**, ii, 787, 790.
Washington Territory side of Cascades, by C. M. Bolton, **77**, 1047, 1048. **R.**, **78**, 1338.

Cong. docs., etc., relating to exs., surs., plans, etc., **12**, 1199.

Maps:

Of proposed canal, **78**, 1338.
Sketch of profile along center line of canal, showing excavation up to June 30, 1879, **79**, 1846.
Cascades, **83**, 2046; **84**, 2246, 2252; **85**, 2434.
River, **85**, 2426; **89**, 2550.
Photographs, **99**, 3224; **00**, 4328; **06**, 1994.

Part (1), WW-2 COLUMBIA RIVER, OREG. (Cascades, canal, and locks at, care and operation of).

APPROPRIATIONS. (See p. 1619.)

COMMERCE.

Description of, **97**, 3424; **98**, 2985.
1911, amounted to 41,778 t., value \$3,034,315, consisting of wheat, flour, grain, cattle, horses, wool, produce, merchandise, etc., **12**, 1200.

CONTRACTS.

1901. Cascades Construction Co., dr., 25¢ c. y., **02**, 2380.
1905. Morris Machine Works, dr. machinery, \$2,048, **06**, 1995.
1909. J. K. Simpson, lease of steam tug, \$17 per day, **10**, 2393.

ENGINEERS.

Chief of Engineers. **R.**, **97**, 505; **98**, 498; **99**, 586; **00**, 661; **01**, 627; **02**, 549; **03**, 608; **04**, 669; **05**, 675; **06**, 749; **07**, 766; **08**, 815; **09**, 854; **10**, 947; **11**, 1005; **12**, 1200.

In charge:

Capt. W. L. Fisk, 1897-98. **R.**, **97**, 3423; (Maj.) **98**, 2983.
Capt. W. W. Harts, 1898-1900. **R.**, **99**, 3224; **00**, 4329.
Capt. W. C. Langfitt, 1901-05. **R.**, **01**, 3495; **02**, 2378; (Maj.) **03**, 2224; **04**, 3492; **05**, 2462.
Lt. Col. S. W. Roessler, 1906-08. **R.**, **06**, 1994; **07**, 2177; **08**, 2253.
Maj. J. F. McIndoe, 1909. **R.**, **09**, 2218.
Maj. Jay J. Morrow, 1910-. **R.**, **10**, 2391; **11**, 2595; **12**, 2805.

OPERATIONS.

1896-97. Canal and locks formerly opened to navigation Nov. 5, 1896. Repairs made to both lower culvert valves, **97**, 3423.
1897-98. About 2,000 c. y. dr. from lower entrance to canal; culvert repaired, **98**, 2983.
1898-99. Repairs to culverts, **99**, 3225.
1899-00. Sand-blast machine for cleaning lock gates built; cleaning and painting of lock gates in

progress; changes made in culverts, **00**, 4330-4331.

1900-01. Steel lock gates cleaned and painted, and steel cables renewed, **01**, 3495, 3496.

1901-02. 30,765 c. y. removed from upper entrance to locks; steel lock gates painted, **02**, 2378.

1902-03. 8,985 c. y. removed from lower entrance and 510 c. y. from upper entrance, and contract completed, **03**, 2224.

1903-04. Voids in wing wall filled with concrete and cement mortar, **04**, 3492, 3493.

1904-05. Sediment in canal entrances removed by dragging anchor over canal floors and sluicing; locks and grounds cared for, **05**, 2462. Repairs made where ground was washed away at toe of protection wall by spring high water; repairs to culvert valve in progress, **05**, 2463.

1905-06. Valve of lower lock gate repaired; 2,629 c. y. dr. from canal entrances; hull of dr. completed, **06**, 1995.

1906-07. Valve repaired, constr. of new dr. continued, fenders placed on lock walls, and break in water main repaired, **07**, 2177, 2178.

1907-08. 22,457 c. y. removed from upper and 555 c. y. from lower entrance; general mainten., **08**, 2253.

1908-09. 27,347 c. y. removed from upper entrance; turbine in power pit repaired; compressor for sand blasting outfit purchased, **09**, 2219.

1909-10. 24,778 c. y. removed by U. S. plant from upper entrance; air compressor plant for sand blast apparatus installed; guide sheaves in cable alleys replaced, **10**, 2392.

1910-11. 34,160 c. y. dr.; steel lock gates, lock houses, etc., cleaned and painted, **11**, 2596.

1911-12. 32,664 c. y. dr.; electric lights installed in quarters and shops; 3 hot-air furnaces installed in lock keeper's quarters, **12**, 2806.

PHYSICAL CHARACTERISTICS.

Meteorological observations and gauge records, **99**, 3228; **00**, 4334.

Soundings indicate deposit of 3 to 5' above l. w. in upper entrance, **04**, 3493.

(See Operations.)

Part (m), WW-2 Columbia River (in front of town of Hood River, Oreg.).

ENGINEERS.

Chief of Engineers. **R.**, **10**, 950.

In charge. Maj. J. B. Cavanaugh, **10**, 930.

Assistant. Capt. Arthur Williams, **10**, 930.

SURVEY.

Pre. ex. au. act Mar. 3, 1909. **R.** by Maj. Cavanaugh, Nov. 2, 1909 (unfav.) (H. D. 694, 61st, 2d), **10**, 950.

Part (n), WW-2 Columbia River at Threemile Rapids, boat railway from The Dalles Rapids to Celilo Falls, and construction of locks and dams.

APPROPRIATIONS. (See p. 1619.)

COMMERCE.

Description of, **82**, 2695, 2696; **94**, 2666.
Population and products of the adjacent country rapidly increasing, **94**, 2667.
Large and important; principally wheat, **01**, 3503.
Proposed imp. will develop an enormous amount of C.; details given, **05**, 673.
Business done by State Portage Ry. small, but imp. has a tendency to regulate rail rates, **06**, 1991.
New SS. placed in commission bet. Portland and Big Eddy, **07**, 2173.
2 new SS. placed in commission above Celilo, operating in conjunction with the State Portage road, **09**, 2216.
Rates reduced, **10**, 945.
State Portage Ry. extended from Big Eddy to The Dalles, **11**, 1002.
Large increase since 1905, **12**, 1197.
1911, 67,019 t., **12**, 1197.

CONTRACTS.

1904. Robert Wakefield, excavating and removing r., \$1.50 and \$6.25 c. y., **04**, 3475.
1905. Smyth & Jones, canal constr., at unit prices for excavation and materials, **06**, 1992.
1908. Caughren, Winters, Smith & Co., constr. of portion of canal (unit prices listed), **09**, 2217.
1909. Robert Wakefield, r. removal near Big Eddy, **12** and 84 c. y., **10**, 2389.
1910. Lewis Investment Co., hire and lease of 9 rooms, \$195 per mo., **11**, 2593.
1911. Lewis Investment Co., hire and lease of 2 rooms, \$30 per mo.; Pacific Telephone & Telegraph Co., rental of telephone instruments, \$11 per mo.; The Home Telephone Co., rental of 1 set telephone instruments, \$9 per mo., **12**, 2803, 2804.

ENGINEERS.

Chief of Engineers. **R.**, **80**, 242; **81**, 332; **90**, 3028; **93**, 458; **94**, 418; **95**, 464; **96**, 404; **97**, 505; **98**, 495; **99**, 582; **00**, 655; **01**, 625, 629; **02**, 546; **03**, 604; **04**, 666; **05**, 671; **06**, 745; **07**, 762; **08**, 811; **09**, 850; **10**, 943; **11**, 1001; **12**, 1194.

Boards:

Convened, Portland, Oreg., Aug. 21, 1888, to report upon proj. for overcoming obstr. to navigation in Columbia R. at The Dalles and Celilo Falls, and at Threemile and Tenmile Rapids. **R.**, **90**, 3030. (Cols. Mendell and Craighill and Maj. Post.)
BE., 3 members from civil life, convened, San Francisco, Oct. 17, 1892, S. O. No. 177, July 29, 1892, ex. into obstr. of Columbia R. in that portion from navigable waters below Threemile Rapids to navigable waters above Celilo Falls, and to report what they believed to be the best plan for overcoming the difficulties of navigation of the portion of the stream under consideration. **R.**, **94**, 2664. (Col. G. H. Mendell, Lt. Col. C. R. Suter, Lt. Col. W. R. King, Maj. C. J. Allen, Corps of Engineers; Wm. R. Hutton, Virgil G. Bogue, and E. P. Alexander.)
Appointed, S. O. No. 19, to visit site of proposed works, and request addl. information and est.; soundings, topographical sur. made; gauging of R. shows 1 w. discharge of 57,000 c. f. per second. At its 2d meeting, held May 11 to 14, 1903, board requested detailed sur. to be made for continuous canal on Oregon side from Celilo Falls to Five-mile Rapids; sur. in progress, **03**, 2221.
BE., with recom. (see Projects). (Lt. Col. W. H. Heuer, Maj. W. L. Marshall, Maj. Edw. Burr, Capt. C. E. Gillette, Capt. C. H. McKinstry.) **R.**, **04**, 3475.

In charge:

Capt. C. F. Powell. **R.**, **82**, 2690.
Maj. T. H. Handbury, 1893.

Maj. J. C. Post, 1894-95. **R.**, **94**, 2664; **95**, 3589, Capt. W. L. Fisk, 1896-98. **R.**, **96**, 3279; **97**, 3425; (Maj.) **98**, 2979.
Capt. W. W. Harts, 1898-1900. **R.**, **99**, 3221; **00**, 4322.
Capt. W. C. Langfitt, 1901-05. **R.**, **01**, 3491, 3501; **02**, 2376; (Maj.) **03**, 2221; **04**, 3473, 3475, 3486; **05**, 2458.
Lt. Col. S. W. Roessler, 1906-08. **R.**, **06**, 1990; **07**, 2171; **08**, 2248.
Maj. J. F. McIndoe, 1909. **R.**, **09**, 2214.
Maj. Jay J. Morrow, 1910-. **R.**, **10**, 2386; **11**, 2590; **12**, 2801.

Assistants:

Lt. E. Burr, **90**, 3044.
(Description of boat ry. and appliances), **94**, 2675.
O. R. Fihl. **R.**, **97**, 3427.

LEGAL PROCEEDINGS.

Condemnation proceedings to obtain right of way across certain lands; damages awarded, **96**, 3280.
Description of lands obtained by condemnation proceedings, purchase, etc.; damages awarded by new trials, **97**, 3426; **98**, 2980.
Title to some lands secured, **99**, 3221.
Agreement made by which the Oregon R. R. & Navigation Co. surrendered to the U. S. 72.58 acres for boat ry., U. S. to furnish the R.R. Co. with 26.75 acres of other land, and to pay the actual cost of the relocation of the tracks of the ry., etc.; est. cost to U. S., \$58,493.20. Not approv. at end of fiscal year 1900 by Sec. of War, **00**, 4322.
State land board secured titles to all land for site of canal, except one, to be acquired through condemnation, **04**, 3473.
Oregon app., 1903, \$100,000 to acquire right of way for canal to be deeded to U. S. free of cost; total area of land conveyed to U. S., 479 acres, **05**, 2458, 2459.

OBSTRUCTIONS.

Complaints of steamboat men of obstr. in vicinity of Threemile Rapids; investigated and r. removal au., **10**, 944.

OPERATIONS.

1899-00. Repairs made to U. S. SS. *Cascades*, **00**, 4323.
1902-03. Field work, collecting data for proposed canal and locks, **03**, 2221.
1904-05. 19,417 c. y. r. removed from Threemile Rapids, **05**, 2458.
1905-06. 35,197 c. y. r. removed from Threemile Rapids; excavation for foundation of R. wall of lock begun and 3,973 c. y. concrete placed, **06**, 1990, 1991.
1906-07. 2,502 c. y. r. excavated at Threemile Rapids; 31,344 c. y. sand and r. excavated, 4,583 c. y. concrete and 2,520 c. y. riprap placed in lock constr., **07**, 2171-2172.
1907-08. 5,006 c. y. r. removed at Threemile Rapids; completed, 1908; total removed, 50,970 c. y. Work on lock, boat basin, and canal entrance continued, 24,669 c. y. sand, r., and gravel removed, and 14,746 c. y. concrete placed, **08**, 2248-2249.
1908-09. 20,093 c. y. r., sand, and gravel removed and 6,876 c. y. concrete placed in lock and canal constr.; under new contract for constr. of canal, over 23 m. to w. of first contract, work was begun in Oct., 1908, 495,307 c. y. r., sand, and gravel having been excavated, **09**, 2215-2216.
1909-10. Work continued, under first contract, for constr. of canal entrance, basin, and upper lock, completing contract on May 11, 1910; tabulated list of work done by years, and totals, **10**, 2386. Under second contract for constr. of about 14,000' of canal, 272,791 c. y. of r., sand, and gravel excavated, completing work except for enrocking embankments; 1,539 c. y. r. removed from Threemile Rapids, **10**, 2387-2388.

1910-11. Second contract for 14,000' canal completed May 1, 1911; itemized statement of entire work given, **11**, 2591. 3,116 c. y. r. excavated from reefs and main shore of R. at Big Eddy by contract, **11**, 2591; over 435,680 c. y. excavated and 6,000 c. y. concrete placed by hired labor, **11**, 2592.

1911-12. 3,424 c. y. r. excavated from reef near Big Eddy, completing this work Mar. 30, 1912; over 500,000 c. y. excavated from canal by hired labor, and over 15,000 c. y. concrete placed; about 55% of approv. proj. completed, **12**, 1196, 2802.

PHYSICAL CHARACTERISTICS.

Description of, The Dalles, **82**, 2692, 2695.

Gauge readings, **82**, 2702.

R. slope, **82**, 2693.

Current velocities, **82**, 2704.

Description of, **94**, 2665.

In the 12 m. of R. covered by this imp. there is a total fall of about 80' at l. w. and 60' at h. stages, **94**, 2666.

Details of, **01**, 3502.

Solid ice gorge bet. Celilo and Tenmile Rapids, **09**, 2216.

PRIVATE WORK.

Steps taken to build a private portage road by a number of persons, **99**, 3221.

Oregon app., 1903, \$165,000 for building a portage road from Big Eddy to Celilo; road completed and opened to traffic June 3, 1905, **05**, 2459.

PROJECTS.

By Capt. Powell, 1882:

(1) To carry the Celilo level by a canal with a lock at upper end to a flight of locks near gauge station No. 4, **82**, 2697.

(2) With lift locks, as in (1), to dam the R., making the overflow into Big Eddy, **82**, 2697.

(3) Open R. imp. for all stages to Celilo Falls, and lockage at the falls, **82**, 2697.

(4) Open R. imp. for lower stages to Celilo Falls; lockage from low to mean h. w. at falls; open passage over falls for higher stages and lockage at Dalles Rapids, **82**, 2697.

Est., l.-w. proj. (1), (2), (3), \$7,674,495; ests., h.-w. proj. (1), (2), \$2,842,848, **82**, 2699, 2711.

By BE., 1889, removing boats from R. at foot of Dalles Rapids and returning them to R. at head of Celilo Falls by means of hydraulic lifts, one at each terminus, transporting them over the intermediate 8 m. on ry.; also imp. of Threemile Rapid; est., \$3,576,356, with an. cost of \$80,000 for mainten., **90**, 3042.

By minority of BE. of 1892 for imp. Threemile Rapids below lower terminus of ry., at est. of \$170,000; and for constr. of boat ry. beginning at Big Eddy and terminating above Celilo Falls, 9 m. l., for passage of boats, 8 of 600 t. each in each direction in 12 hours, on s. side of Columbia R., ry. to be provided at each terminal with hydraulic lifts, etc., for raising and lowering boats from and to

the tracks; est., \$2,264,467 (incl. cost of Threemile Rapids imp.), **94**, 2675; **95**, 3590.

Those interested in navigation of the R. preferred a portage road instead of ry., **99**, 3222.

Photographs showing a few of the obstr. which the boat ry. was designed to surmount, **99**, 3222.

Repairs to U. S. boat au. at est. cost of \$2,000, **00**, 4323.

Act June 13, 1902, au. constr. canal bet. foot of The Dalles Rapids and head of Celilo Falls, and for imp. of chan. in accordance with H. D. 228, 56th, 2d; est., \$3,969,371, but act provides that ex. be made by BE. with view to reduction of cost, **02**, 547.

Sec. of War, Dec. 22, 1903, approv. proj. for removal of submerged rs. and reefs at Threemile Rapids, **04**, 3473.

By BE., 1903, for continuous canal 65' w. on bottom and 8' d., with locks, from Big Eddy to Celilo, and the R. imp. of Threemile Rapids, by removal of rs. and straightening and w. chan.; est., \$4,125,000, approv. by Sec. of War, Nov. 6, 1903, **04**, 3473, 3476.

Act Mar. 3, 1905, au. expend. of funds app. in constr. of canal and locks at upper or Celilo end, and completion of about 2,500' of canal, except lock gates and machinery; est., \$373,675.50, **05**, 2459.

Col. Roessler of opinion that several radical changes desirable in adopted canal proj., the most important change being constr. of lock at Tenmile Rapids; est., \$60,000, **07**, 2173.

Plans for modifying certain details in canal constr. approv. by Chief of Engineers, May 15, 1908. Heavy masonry walls in gravel and sand sections omitted, and replaced by levee embankments lined with concrete; also extra lock provided at Tenmile Rapids, **08**, 2250. Est. cost revised from \$4,125,000 to \$4,900,000, due to higher price of labor, **08**, 811.

SURVEYS.

Au. act Mar. 3, 1879, **80**, 242; made, 1880, by Maj. Gillespie and Capt. Powell, **82**, 2690.

Line of the R.R. definitely located, **96**, 3280.

Ex. and sur. au. act June 6, 1900; made by Capt. Harts, 1900, foot of The Dalles Rapids to Celilo Falls with view to constr. of locks and dams; est., \$4,000,000 (H. D. 228, 56th, 2d), **01**, 629, 3502, 3505.

Requested by BE. appointed by S. O. No. 19, July 5, 1902; sur. for continuous canal on Oregon side from above Celilo Falls to Fivemile Rapids in progress, **03**, 605, 2221.

By Maj. Langfitt and BE., for continuous canal bet. Celilo and Big Eddy; est., \$4,121,331.46, **04**, 3486-91.

Cong. docs., etc., relating to exs., sur., plans, etc., **12**, 1197.

Maps, **95**, 3590; **05**, 2460; **12**, 2802. Of proposed canal and locks, **04**, 3474.

Part (o), WW-2 Columbia (Upper) and Snake Rivers, Oreg., Wash., and Idaho.

APPROPRIATIONS. (See p. 1619.)

COMMERCE.

C. importance of upper Columbia, **67**, 510, 511; **75**, ii, 759.

C. large and increasing, **68**, 875; **72**, 998; **79**, 1840.

Cascades a serious obstr. to navigation, **75**, ii, 772.

C. importance of Snake R., **73**, 1332.

Navigation on upper Columbia, **85**, 2445, 2448.

Important, **93**, 3377; **95**, 3392.

Importance of navigation bet. Riparia and Lewiston continually increasing, **97**, 3467.

In 1898 there was no navigation of importance to be benefited by an imp. of Snake R. from mouth to Riparia, and could be none until Dalles of Columbia R. were made navigable, **98**, 3017.

Will not increase until feasible plan is adopted for passing SS. around obstr. in Columbia R. bet. The Dalles and Celilo, **01**, 624.

Reviving, and competitive rates being estab., **08**, 803.

The Open River Trans. Co. placed in commission 2 SS. operating Lewiston to Celilo, exchanging cargoes with lower R. boats by means of the State Portage road, **09**, 846.

Oregon R.R. & Navigation Co. abandoned operation of their line of boats in 1908, but, owing to competition, have again placed their boats in commission, **09**, 847.

Reestab. of water transportation bet. Portland and Lewiston has reduced freight rates 20%, **09**, 847.

The Open River Trans. Co. made reduction of 14% in freight rates; reduction met by rail lines, **10**, 941.

1911, 30,723 t., valued at \$1,020,109; farm and mill machinery, grain, fruit, and general merchandise, 12, 1191.

CONTRACTS.

Upper Columbia River:

1872. J. B. Montgomery, removal of r., 73, 107, 1121, 1122. Contract extended, 73, 1121.
1875. Grant & Stone, removal of r., 76, ii, 637, 663. Contract extended, to cover addl. amount of r. excavation, 76, ii, 664, 77, 1041.
1876. J. B. Montgomery, removal of r., 77, 1041. Contract extended, 77, 1043. Grant & Stone removal of r., 77, 1042.

Snake River:

1876. J. B. Montgomery, removal of r., 77, 1046.
1877. Proposals invited by letter, without advertising, as per letter of au. from Chief of Engineers, 77, 1041, 1046.
1878. G. J. Ainsworth, removal of r., 79, 1789, 1842.

Columbia and Snake Rivers:

1880. G. J. Ainsworth, r. removal, \$18 c. y., 80, 2293. J. B. Montgomery, r. removal, \$17 and \$25 c. y., 81, 2563.
1883. F. T. Dodge, r. removal, \$12; gravel, \$2 c. y., 83, 2042.
1884. J. Kellogg & Co., wing-dam constr., 85, 2438. Holmes & Spencer, r. removal, and S. R. Smith, r. removal, 85, 2438.
1900. Informal contract for rubblest. for dike repairs, 00, 4320.
1904. Joseph Supple, hull and house for dr., \$12,065; Columbia Engineering Co., propelling machinery for dr., \$11,290; Featherstone Foundry & Machine Co., machinery for dr., \$9,400, 04, 3472.
1906. Marine Iron Works, 1 steam capstan, \$626, 06, 1989.
1907. Joseph Supple, 3 scows, \$9,825; Tatem & Bowen, 3 hoisting engines, \$4,221; O. F. Graves, 1 gasoline launch, \$2,285, 07, 2170.

ENGINEERS.

Chief of Engineers:

Letter from Chief of Engineers to T. H. Canfield, director of the Northern Pacific R.R. Co., 73, 1122.
R., 66, iii, 27; 68, 73; 73, 107; 74, 117; 75, 125; 76, 115; 77, 123; 78, 138; 79, 181, 80, 238; 81, 326; 82, 320; 83, 333; 84, 337; 85, 370; 86, 359, 360; 87, 332; 88, 305; 89, 363; 90, 322; 91, 405; 92, 380; 93, 438; 94, 408; 95, 448; 96, 414; 97, 518; 98, 493, 503; 99, 580; 00, 652; 01, 623; 02, 544; 03, 602, 2254; 04, 663; 05, 669; 06, 743; 07, 759; 08, 807; 09, 845; 10, 939; 11, 996; 12, 1189.

In charge:

Maj. R. S. Williamson, 1866-71. R., 66, iv, 327; 68, 874.
Maj. H. M. Robert, 1871-73. R., 72, 996; 73, 1121; 74, ii, 364.
Maj. N. Michler, 1873-75. R., 74, ii, 358; 75, ii, 772; 76, ii, 637.
Maj. J. M. Wilson, 1875-78. R., 76, ii, 662; 77, 1036; 78, 1330; 79, 1789.
Maj. G. L. Gillespie, 1878-81. R., 79, 1839; 80, 2289; 81, 2558.
Capt. C. F. Powell, 1881-84. R., 82, 2660; 83, 2040; 84, 2229.
Maj. W. A. Jones, 1884-90. R., 85, 2437, 2445, 2452; 86, 1949, 1953, 1970; 87, 2520; 88, 2188; 89, 2583.
Capt. T. W. Symons, 1890-95. R., 90, 2981; 91, 3210; 92, 2709, 2721; 93, 3375; 94, 2590; 95, 3391.
Capt. H. Taylor, 1895-96. R., 96, 3382; 97, 3456.
Maj. W. L. Fisk, 1898-99. R., 98, 2977, 3013.
Capt. W. W. Harts, 1899-1900. R., 99, 3219; 00, 4319.
Capt. W. C. Langfitt, 1901-05. R., 01, 3489; 02, 2375; (Maj.) 03, 2218, 2254; 04, 3469; 05, 2455.
Lt. Col. S. W. Roessler, 1906-08. R., 06, 1985; 07, 2168; 08, 2244.
Maj. J. F. McIndoe, 1909. R., 09, 2211.
Maj. Jay J. Morrow, 1910-. R., 10, 2381; 11, 2585; 12, 2796.

Assistants:

Lt. W. H. Heuer. R., 68, 877; 69, 478.
R. B. Randall, 75, ii, 787; drowned, 75, ii, 787.
R. A. Habersham. R., 75, ii, 790.
R. M. Tabor, 77, 1043; 79, 1840.
P. G. Eastwick. R., 84, 2232.
Lt. T. Symons. R., 85, 2445.
Lt. W. Young. R., 86, 1951-
E. T. Voigt. R., 86, 1954.
W. H. Wood. R., 92, 2712.
W. Cuthbert. R., 92, 2723.
J. M. Clapp. R., 97, 3458.
F. C. Schubert. R., 03, 2248.

ESTIMATES. (See Plans and Projects.)

By Lt. Heuer, removing obstr. in upper Columbia R., \$100,000, 66, iv, 330; \$166,686, 69, 476, 477. For dr., an., \$6,000, 69, 479.
By Maj. Williamson, removing isolated rs. in upper Columbia, Dalles to mouth of Snake R., \$132,328, 68, 74, 874.
By Maj. Robert, removing 1,200 c. y. r., \$39,294.44, 72, 996.
By Maj. Wilson, imp. of upper Columbia and Snake Rs., \$132,000, 77, 1045; 78, 1332.

OPERATIONS.

Upper Columbia River:

1872-73. 1,213 c. y. r. removed; work done on John Day Rock and Umatilla Rapids, 73, 107, 1121.
1873-74. 465 c. y. r. removed, 74, 125.
1874-75. 350 c. y. r. removed; 9 dangerous rs. removed, 75, 125, ii, 774, 776; 76, ii, 638.
1875-76. 486 c. y. r. removed, 76, 115, ii, 663, 664.
1876-77. 268 c. y. r. removed, 77, 123, 1044.
1877-78. 147 c. y. r. removed, 78, 1331.

Snake River:

1876-77. 477 c. y. r. removed from R. at Pine Tree Rapid, 77, 123, 1044.
1878-79. 1,093 c. y. r. removed from Pine Tree, Fivemile, and Fish Hook Rapids, 79, 1790, 1839-40.

Columbia and Snake Rivers:

1879-80. Rock removal, Monumental, Homly, and Umatilla Rapids, 80, 2290, 2297.
1880-81. Rock removal, Monumental and Texas Rapids, 81, 2558, 2560.
1881-82. Rock removal, Texas, Palouse, and False Palouse Rapids, 82, 2660.
1883-84. Rock removal at Fivemile Rapids, 84, 2230.
1884-85. Rock removal at Whites Ferry, Jim Fords Isld., and Fish Hook Rapids, 85, 2437.
1885-86. 645 c. y. r. and gravel removed from rapids, 86, 1949.
1886-87. Constr. of drilling scow, and r. removal by hired labor at Texas and Little Goose Rapids; constr. of sheer crib on Log Cabin Rapids; sur. of rapids, 87, 2520, 2522.
1888-89. 2,385 c. y. r. removed, 89, 2584.
1890-91. Constr. of drill scow and preparation of plant, 91, 3211.
1891-92. 293 c. y. bedrock and bowlders removed from chan. bet. Riparia and Lewiston, 92, 2710.
1892-93. Dikes in course of constr. at Wild Goose and Log Cabin Rapids, 93, 3377.
1893-94. Work on Wild Goose Dike continued, 94, 2592.
1896-97. Dikes at Wild Goose and Log Cabin Rapids completed and repaired, 97, 3457.
1897-98. 666' dike constr. at Wild Goose Rapids, 98, 2777.
1899-00. U. S. plant repaired; about 1,000 c. y. rubblest. quarried for dike repairs; dike repairs in progress, 00, 4320.
1903-04. Leased SS. *Norma*, equipped with harrowlike rake, operated for 35 days over gravel shoals, increasing d. from 3½ to 4½; 945 t. r. placed in repairing dam at Log Cabin Rapids; crew, with leased SS. *Imnaha*, blasted and removed ledge r. and bowlders from chan.; SS. disabled, and party continued work from small boats; 3,000 t. r. re-

moved at Mt. Sheep Rapids, and 700 t. at Cottonwood Rocks; dr. under constr., 04, 3469-3471.

1904-05. New dr. *Wallowa* placed in commission, 1904, and removed 2,500 c. y. gravel, 05, 2455.

1905-06. Dr. *Wallowa* in raking gravel shoals and in dr. removed 2,646 c. y. gravel and 71 c. y. boulders; repairing and extending boulder dam at Log Cabin Rapids, 06, 1985, 1986.

1906-07. Shoals raked on Snake R. bet. Lewiston and Riparia; 2,661 c. y. gravel dr. and 475 l. f. dams constr. by dr. *Wallowa*; 3 drill scows being constr. and equipped under funds app. by Washington, 07, 2169.

1907-08. Dr. *Wallowa* raked gravel bars on Snake R. bet. Lewiston and Riparia; 2 drill scows built and operated by Washington under app. by State, removed 3,593 c. y. ledge r. from various rapids, 08, 2244.

1908-09. 1,585 t. st. placed in Slaughter House Dam, and 1,262 c. y. r. blasted from reefs by dr. *Wallowa*; 2,220 c. y. r. removed from rapids by drill scows operated under State app., 09, 2211, 2212.

1909-10. 1,125 c. y. removed from rapids; 1,755 t. r. placed in dams, and 257 drags made over shoals by SS. *Wallowa* and *Umatilla* and drill scows, 10, 2381, 2382.

1910-11. 4,198 c. y. r. removed, 4,514 t. st. placed in dams, wing dams built, and dikes repaired, 11, 2586.

1911-12. 1,289 c. y. r. blasted, 115 t. r. placed in dams, 209 drags made with chan. rake, and repairs made to dr. *Wallowa*, 12, 2796.

PHYSICAL CHARACTERISTICS.

H. and l. w., 66, iv, 330; 75, ii, 772; 76, ii, 662. Record of flood levels, 75, ii, 791.

Cascades a series of rapids, with a fall of 37.3' in 5 1/2 m., 75, ii, 772.

Action of ice at Hell Gate, 75, ii, 780, 788.

Rapids on upper Columbia, 76, ii, 662.

Character of bed of R. at Homly Rapids, 76, ii, 663.

Columbia R. above The Dalles a series of falls and rapids, 75, ii, 772; 77, 1037.

SNAKE R. a succession of rapids, 77, 1039.

Description of, 80, 2293; 84, 2234.

Elevation of water surface, upper Columbia, 86; 1958.

Current observations, upper Columbia, 86, 1959, 87, 2521.

Principal rapids, Celilo to Lewiston, with fall and slope, 91, 3214.

Description of Snake R., mouth to Riparia, 98, 3014.

Prior to imp. at Goose Isld. SS. ascending the stream had to be warped up, but beginning in 1898 this method of navigating the stream was dispensed with on account of the better conditions, 98, 2978.

Tabulated list of shoals, rapids, and prominent bends, 98, 3018; description of, in detail, 98, 3019.

Detailed description of shoals, rapids, and prominent points in Snake R. from Lewiston, Idaho, to Riparia, Wash., 01, 3537.

List of rapids and prominent points in Snake R. from Imnaha R. to Lewiston, Idaho, 03, 2250.

R. subject to rises during spring and summer, varying from 9 to 26', 05, 670.

Of Snake R. from Pittsburg Landing to Imnaha R., as developed by sur. of 1905, 06, 1986-1988.

Work done provides l. w. chan. bet. Lewiston and Riparia of about 40', greatly imp. conditions, 09, 846.

Max. drafts, mouth and Riparia 28', Riparia and Asotin 40', Asotin and Pittsburg Landing 24', 12, 1190.

PLANS. (See Estimates and Projects.)

By Maj. Williamson, removal of r. from upper Columbia, so largest boats could navigate at all times, 68, 874.

By Maj. Michler, canal and locks around Celilo Falls, at head of The Dalles, 4,500' l., with a rise of 36', 76, ii, 772.

By Maj. Jones, 1885, Priest Rapids, Columbia R. above Snake, removal of r.; est., \$153,240, 86, 1965.

PRIVATE WORK.

The Dalles-Celilo portage road completed by Oregon June 3, 1905, 05, 670.

Under funds app. (\$100,000) by Washington for imp. of Snake R., Riparia to mouth, 3 drill scows constr. and equipped for removal of r. and boulders, 07, 2169.

PROJECTS. (See Estimates and Plans.)

By Maj. Robert, upper Columbia, removal of obstr. (isolated r.) at John Day Rock, Devils Bend, and Umatilla Rapids; est., \$39,294, 72, 996.

By Maj. Robert, imp., Homly Rapids, 73, 1121.

By Maj. Wilson, removal of 1,500 c. y. r. from chan., 77, 1036, 1041, 1045.

By Maj. Wilson, Snake R., mouth to Lewiston, removal of 2,900 c. y. r., 77, 1041, 1045.

Previous to adoption of proj. of 1877 efforts directed to removal of rs. at rapids on upper Columbia below mouth of Snake R., 77, 1044; 80, 2294. Proj. of 1877 proposed removal of r. at rapids to give chan. d. of 5 1/2' on Columbia and 4 1/2' on Snake R. bet. Celilo on former and Lewiston on the latter, 266 m.; est., \$132,000, 77, 1045; 82, 2662; 86, 359; 87, 2520.

By Capt. Symons, 1892, dike constr. at Wild Goose Isld., Diamond Crossing, and Log Cabin Rapids, with removal of boulders; est., \$29,228, 92, 2715.

By terms of act of 1892, the upper limit of work extended from Lewiston, Idaho, to Asotin, Wash., 7 m., 93, 3376.

In 1898, Capt. Taylor est. \$165,000 to further imp. Snake R., and that after completion of imp. \$3,000 required every 2 years for mainten., 98, 3017, 3018.

Act 1902 au. completing and maintaining imp. of Snake R., Riparia to Lewiston (H. D. 127, 56th, 2d), and \$25,000 for imp., Lewiston to Pittsburg Landing, 02, 545.

Approv. by Sec. of War, May 29, 1903, for imp. bet. Lewiston and mouth of Imnaha R.; est., \$33,690; also incl. constr. of dr. to be paid from available funds, 03, 603.

By Lt. Col. Roessler, imp. bet. Pittsburg Landing and mouth of Imnaha R.; est., \$15,000, 06, 1988.

Expend. of funds app. by Washington (\$100,000) in imp. of Snake R. bet. Riparia and its mouth, by removal of boulders, ledges, and gravel bars, 07, 760.

Au. act Mar. 2, 1907, expend. of \$400,000 over a series of years, in open R. work in Columbia R., bet. Celilo and mouth of Snake R., which proj. also incl. expend. of \$25,000 app. by Washington for imp. of Umatilla Rapids (H. D. 440, 59th, 2d), 07, 760.

Act June 25, 1910, au. \$25,000 in open chan. work bet. mouth and Pittsburg Landing, in accordance with "present" proj., and R., printed, H. D. 411, 55th, 2d, 10, 940.

SURVEYS.

By Maj. Williamson, 1867-68, 68, 75. R., 68, 874. Under direction of Maj. Williamson, by Lt. Heuer R., 68, 478.

Of Homly Rapids, by Maj. Michler, 1875, 76, ii, 637.

Of chan. of upper Columbia, by Maj. Wilson, 76, ii, 663.

Of upper Umatilla Rapids, by Maj. Wilson, 78, 138.

Of Dalles of upper Columbia, au. act Mar. 3, 1879, assigned to Maj. Gillespie, 79, 183.

Ex. of Snake R. by Maj. Michler, 76, ii, 638. Sur. of, by Maj. Wilson, 77, 1037.

Of Snake R. below Lewiston, 84, 2230, 2232.

Of Snake R. above Lewiston, 82, 2716.

Of Columbia R. above mouth of Snake, 85, 2445; 86, 1953.

Sur. of Columbia R. from international boundary line to head of Rock Isld. Rapids, made, 1892, by Capt. Symons, 92, 2721.

Sur. of Snake R., mouth to Riparia, au. act June 3, 1896; made 1898, by Capt. Taylor (see Projects), 98, 3013.

Ex. and sur. au. act June 6, 1900, of Snake R., head of navigation to Columbia R., made July-Sept., 1900, by Capt. Langfitt, Riparia up to Lewiston; est. for 5' chan., \$23,000, and \$5,000 every 2 years for mainten. (H. D. 127, 56th, 2d), 01, 3525-3526.

Sur. by Maj. Langfitt, 1902, of Snake R. from Lewiston to mouth of Imnaha R.; est., \$33,690, **03**, 2246-2254.

Sur. by Lt. Col. Roessler, 1905, of Snake R., Pittsburg Landing to mouth of Imnaha R.; description of sur. incl., **06**, 1986.

Cong. docs., etc., relating to exs., sur., plans, etc., **12**, 1191.

Part (p), WW-2 Columbia River and tributaries, above Celilo Falls to mouth of the Snake River, Oreg. and Wash.

APPROPRIATIONS. (See p. 1619.)

COMMERCE.

1907, 7,776 t.; value, \$450,000; principally wheat, machinery, and general merchandise, **08**, 810.

2 SS. placed in commission bet. Celilo and Lewiston; rates reduced about 20%, **09**, 849.

Open River Transportation Co. made 14% reduction in rates; reduction met by rail lines, **10**, 943.

1911, 16,411 t.; value, \$671,294; general merchandise, farm products, etc., **12**, 1193.

CONTRACTS.

1907. Joseph Supple, 3 scows, \$9,825; Tatem & Bowen, 3 hoisting engines, \$4,221; O. F. Graves, gasoline launch, \$2,285, **08**, 2247-48.

1908. Willamette Iron & Steel Co., steamboat, \$55,395, **08**, 2247-48.

ENGINEERS.

Chief of Engineers. **R.**, **07**, 759; **08**, 809; **09**, 848; **10**, 942; **11**, 999; **12**, 1192.

In charge:

Lt. Col. S. W. Roessler, 1907-08. **R.**, **07**, 2168; **08**, 2246.

Maj. J. F. McIndoe, 1909. **R.**, **09**, 2213.

Maj. Jay J. Morrow, 1910-. **R.**, **10**, 2383; **11**, 2588; **12**, 2798.

OPERATIONS.

1907-08. Light-draft SS. being constr.; drill scow constr. under app. by Washington, and removed from Umatilla Rapids 1,206 c. y. ledge r.; SS. *Wallowa* operated under above-mentioned app. raking gravel bars bet. Kennewick and Priest Rapids, **08**, 2246.

1908-09. SS. *Umatilla* completed and placed

in commission Nov., 1908; 210 drags made at Biggs Rapids and 327 drags made and 1,614 t. bowlders removed from Homly Rapids by SS. *Umatilla*; drill scow *No. 1* removed from Umatilla Rapids 1,120 c. y. bowlders, **09**, 2213.

1909-10. 656 c. y. r. removed from Umatilla Rapids, and 276 drags made by SS. *Umatilla* and drill scow *No. 1*, **10**, 2383-84.

1910-11. 3,988 c. y. r. blasted, 1,335 drags made with chan. rake, 959 t. r. placed on dams; detailed summary given, **11**, 2589.

1911-12. Constr. of new dam begun at head of Isld. No. 5; 4,708 c. y. r. blasted, 1,539 t. r. placed in dams; 626 drags with chan. rake made, **12**, 2799-2800.

Proj. about 57% complete, **12**, 1193.

PHYSICAL CHARACTERISTICS.

This stretch of R. is 124 m. l., abounded by rapids and obstr., gravel shoals, bowlders, etc., **08**, 809.

R. in freshet during summer months; variation of water surface about 34' above l. w., **11**, 1000.

Work accomplished resulted in imp. chan. through some of the most troublesome shoals, **12**, 1193.

PROJECTS.

Act Mar. 2, 1907, au. expend. of \$400,000, over series of years, in open R. work in Columbia R. bet. Celilo Falls and mouth of Snake R., which proj. also includes expend. of \$25,000 app. by Washington for imp. of Umatilla Rapids (H. D. 440, 59th, 2d), **07**, 760.

SURVEY.

Part (t), WW-2 Columbia River, between Wenatchee and Bridgeport, Wash.

APPROPRIATIONS. (See p. 1619.)

ENGINEERS.

Chief of Engineers. R., 07, 798; 08, 846; 09, 888; 10, 991; 11, 1048; 12, 1258.

In charge:

Maj. H. M. Chittenden, 1907-08. R., 07, 2226; 08, 2305.

Maj. C. W. Kutz, 1909-11. R., 09, 2261; 10, 2433; 11, 2640.

Maj. J. B. Cavanaugh, 1912-. R., 12, 2862.

Assistant. Eugene Ricksecker. R., 08, 2305.

OPERATIONS.

1907-08. 18,277 c. y. r. removed at Methow Rapids, 08, 2305.

1908-09. 5,500 s. f. drilled at Chelan Rock., 09, 2261.

1909-10. Chelan Rock broken up by blasting, but not removed owing to h. w., 10, 2433.

1910-11. 15,080 c. y. dr. from chan. at Eutiat Rapids; rs. removed by blasting; obstr. removed at Rocky Reach, 11, 2640.

1911-12. 44,982 c. y. removed at Eutiat Rapids, 12, 2862.

PHYSICAL CHARACTERISTICS.

Stretch of R. bet. Wenatchee and Bridgeport, Wash., about 80 m. in l.; chan. occupied by swift currents, rs., and reefs, 07, 798.

Variation in water surface about 20', 09, 888. Completed chan. is 3,000' l., 150' w., and 5' d., 12, 2862.

PROJECT.

Act Mar. 2, 1907, au. imp. bet. Wenatchee and Bridgeport by removal of rs. and bowlders, and constr. of dikes and wing dams; est., \$42,000 (H. D. 440, 59th, 2d), 07, 798.

SURVEY.

Sur. au. act Mar. 3, 1905, of Columbia R. bet. Wenatchee and Bridgeport, Wash.; R. by 1st Lt. F. A. Pope, Nov. 16, 1905; est., \$42,000 (H. D. 440, 59th, 2d), 07, 801.

Part (u), WW-2 Columbia River, between Bridgeport and Kettle Falls, Wash.

APPROPRIATIONS. (See p. 1619.)

COMMERCE.

Proposed imp. intended to provide an outlet for traffic from territory not "now" reached by R.R. will materially reduce cost of transportation, 10, 992.

ENGINEERS.

Chief of Engineers. R., 07, 801; 10, 992; 11, 1049; 12, 1259.

In charge:

Maj. H. M. Chittenden, 07, 780.

Maj. C. W. Kutz, 1910-11. R., 10, 2434; 11, 2640.

Maj. J. B. Cavanaugh, 1912-. R., 12, 2863.

Assistant. H. J. M. Baker, R., 11, 2641.

OPERATIONS.

1910-11. 3 rs. removed at Foster Creek Rapids, 11, 2641.

1911-12. Str. *Yakima* received from State, repaired; 1,670 c. y. r. removed at various localities, 12, 2863.

PHYSICAL CHARACTERISTICS.

R. 162 m. l. at this sec., navigable at certain stages; chief obstr. are rapids caused by immense bowlders and ledges of solid r., 10, 992.

PRIVATE WORK.

Washington turned over a stern-wheel SS. for use on this work, 11, 2640.

PROJECT.

Act June 25, 1910, au. removal of rs. and bowlders to 7'; est., \$100,000 (H. D. 440, 59th, 2d), 10, 992.

SURVEYS.

Pre. ex. au. act Mar. 3, 1905, Wenatchee to Kettle Falls, Wash. R. by Maj. John Millis, June 26, 1905; sur. recom. but not made (H. D. 440, 59th, 2d), 07, 801.

R. of sur. of Columbia R. bet. Bridgeport and Kettle Falls, in response to resol. of Committee on Rivers and Harbors of H. of R. (H. D. 16, 60th, 2d), 10, 992.

Ex. of Grand or Rickey Rapids by dept. au.; est., for imp., \$48,000, 11, 2641.

Part (v), WW-2 Columbia River, Clarks Fork.

ENGINEERS.

Chief of Engineers. R., 91, 409.

In charge. Capt. T. W. Symons. R., 91, 3250.

Assistant. Wm. Cuthbert. R., 91, 3254.

PHYSICAL CHARACTERISTICS.

Description of, 91, 3250.

SURVEYS.

Ex., international boundary line to mouth of Big Blackfoot R., au. act Sept. 19, 1890; made, 1891, by Capt. Symons (R. unav.), 91, 3250.

WW-3(a) YOUNGS, LEWIS AND CLARK, AND SKIPANON RIVERS, OREG.

ENGINEERS.

Chief of Engineers. R., 81, 332; 82, 324.

In charge. Capt. C. F. Powell. R., 82, 2714.

PHYSICAL CHARACTERISTICS.

Description of, 82, 2714.

PLANS.

By Capt. Powell, 1881, to extend navigation on Youngs, and Lewis and Clark Rs., to give 6' at l. w. to the head of tide, and to remove snags in the Skipanon; est., \$20,500, 82, 2715, 2716.

SURVEY.

Au. act Mar. 3, 1881; made, 1882, by Capt. Powell, 82, 2714.

WW-4(a) YOUNGS BAY CHANNEL, OREG.

Capt. W. L. Fisk, 1895. R., 96, 3283.

Assistant. J. S. Polhemus. R., 90, 2992.

OPERATIONS.

1890-91. 61 snags and logs cleared from chan., 91, 3372.

PHYSICAL CHARACTERISTICS.

Description of, 90, 2992.

PLANS.

By Capt. Young, 1889, removal of snags, logs, and similar obstr. from Youngs and Klaskanine Rs.; est., \$1,650, 90, 2993.

SURVEY.

Sur. au. act Aug. 11, 1888; made, 1889, by Capt. Young (see Plans), 90, 2992.

WW-20

CLATSKANIE RIVER, OREG.

APPROPRIATIONS.

1899, \$13,000, **99**, 3247.
1910, 5,200, **10**, 2411.
1912, 1,000, **12**, 2831.

Total, 19,200 (less \$324.53 reverted to surplus fund, \$18,875.47, **12**, 2831).

COMMERCE.

Description of, **95**, 3597; **98**, 3050.
Value in 1893 est. at \$500,000, **95**, 3598.
1901, 51,967 t.; 1906, 10,000 t.; 1911, 38,942 t., **12**, 1222.
Stream extensively used for logging purposes; there are fine forests of fir, hemlock, spruce, and cedar along its banks; R. rates lower than R.R., **12**, 1222.

CONTRACTS.

1901. Robert Wakefield, dr., 14¢ c. y., **01**, 637, 3571.

ENGINEERS.

Chief of Engineers. **R.**, **95**, 467; **98**, 510; **99**, 595; **00**, 672; **01**, 637, 640; **02**, 558; **03**, 616; **04**, 681; **05**, 687; **06**, 760, 765; **07**, 775; **08**, 825; **09**, 865; **10**, 961, 968; **11**, 1019; **12**, 1221.

In charge:

Maj. J. C. Post, 1895. **R.**, **95**, 3596.
Maj. W. L. Fisk, 1898-99. **R.**, **98**, 3049; **99**, 3247.
Capt. W. C. Langfitt, 1899.
Capt. W. W. Harts, 1899-1900. **R.**, **00**, 4363.
Capt. W. C. Langfitt, 1901-05. **R.**, **01**, 3571; **02**, 2403; (Maj.) **03**, 2318; **04**, 3554; **05**, 2492.
Lt. Col. E. W. Roessler, 1906-08. **R.**, **06**, 2017; **07**, 2203; **08**, 2274.
Maj. J. P. McIndoe, 1909-. **R.**, **09**, 2239; **10**, 2411; **11**, 2616; **12**, 2831.

Assistant. Capt. Arthur Williams, **11**, 1007.

LEGAL PROCEEDINGS.

Negotiations to acquire title to necessary land, **00**, 4363; acquired through Dept. of Justice, **01**, 3571.

Deeds executed by city of Clatskanie turning over to U. S. SS. chan. dr. by city, in accordance with permit granted them, 1904, **05**, 2492.

Chan. dr. in 1910 by the Columbia Agricultural Co., deeded to U. S., 1910, **11**, 2616.

OPERATIONS.

1901-02. 55,864 c. y. removed, completing proj. of 1899, **02**, 558, 2403.

1907-08. Chan. snagged bet. Clatskanie and mouth and 5,200 c. y. removed from shoal below Clatskanie, **08**, 2274.

1910-11. 27,261 c. y. dr. from Clatskanie to R.R. br., to 6' at l. w.; bulkhead constr. at Chinaman Bend; 31 snags removed from chan., **11**, 2616.

PHYSICAL CHARACTERISTICS.

Description of, **95**, 3597.

R. rises in the Nehalem Mts. and enters Columbia R. 70 m. below city of Portland. The principal obstr. up to Clatskanie City, 1895, were the abrupt bends in the chan. and the varying d. of from 2 to 6' at l. w. The distance from mouth to Clatskanie is 3 m., and w. to there about 50 to 60'. **95**, 3597.

Dr., 1901-02, increased d. 2' and shortened distance to Clatskanie about 4,500', **02**, 2403.

Chan. excavated by city of Clatskanie across bend at Beaver Slough effects a saving of 2 m., **05**, 2492.

Backwater of Columbia R. during freshet times raises R. to max. h. of about 10', **11**, 1019.

Slight shoaling near head of navigation, **12**, 2831. 6' draft at l. w. can be carried, **12**, 1222.

PRIVATE WORK. (See Legal proceedings.)

SS. chan. excavated across bend in Beaver Slough by city of Clatskanie; completed chan. to become property of U. S., **05**, 2492.

Cut dr. across sharp bend in R. near mouth by Columbia Agricultural Co., under provision that chan. should be 6' x 40' x 1,000' m. l. w.; land and chan. to be deeded to the U. S., **09**, 2239; completed, **10**, 2411; Columbia Agricultural Co. dr. chan. from mouth to below R.R. br.; **11**, 2616.

PROJECTS.

By Capt. Fisk, 1897, cutting short chan. across a bend immediately below Manzanillo and another through the bend above this point to the first bend below the town of Clatskanie, and dr. immediately below the latter point; est., \$13,000, **98**, 3049; **99**, 3247.

Est., 1900, R. could be kept in good navigable condition with \$1,500 an., **00**, 4363.

Act June 25, 1910, au. dr. chan. 6' x 40', Clatskanie to R.R. br., and for mainten. of same: est., \$4,200, and \$1,000 an. for mainten. (H. D. 633, 61st, 2d), **10**, 961.

Act July 25, 1912, au. combined dr. and snag boat, cost \$55,000 for use in connection with imp. of Cowlitz, Lewis, and Clatskanie Rs. (H. D. 25, 62d, 1st), **12**, 1223, 1228.

SURVEYS.

Ex., mouth to Clatskanie, au. act Aug. 17, 1894, made, 1895, by Maj. Post (**R.** fav.), **95**, 3596.

Sur. of same locality au. act June 3, 1896, made, 1897, by Capt. Fisk (**R.** fav.; see Projects), **98**, 3049.

Ex. au. act Mar. 3, 1905, made, 1905, by Maj. Langfitt (**R.** unfav.) (H. D. 134, 59th, 1st), **06**, 765.

Au. act Mar. 3, 1909, made, 1909, by Maj. McIndoe; est., \$4,200, and \$1,000 an. for mainten. (H. D. 633 61st, 2d), **10**, 968.

Cong. docs., etc., relating to exs., surs., plans, etc., **12**, 1222.

WW-26 SCAPPOOSE BAY AND CREEK, OREG.

COMMERCE.

Extensive traffic in lumber. (See Physical characteristics), **98**, 3044.

ENGINEERS.

Chief of Engineers. **R.**, **98**, 509.

In charge. Maj. W. L. Fisk, 1896-98. **R.**, **98**, 3043.

PHYSICAL CHARACTERISTICS.

Description of. Locality open to light-draft R. SS., 1898. B. a mouth of one of lesser tributaries of the Columbia R. in n.w. Oregon. **98**, 3043.

SURVEYS.

Ex. of B. from mouth to and incl. the lower part of the creek au. act June 3, 1899; made, 1897, by Capt. Fisk (**R.** unfav.), **98**, 3043.

WW-30**WILLAMETTE RIVER.**

NOTE.—Imp. of this waterway bound up, in some measure, with imp. of the Columbia, into which it flows.

Part.	Title.	Period.	Appropriations.
a	Willamette R. below Portland.....	See p. 1616 of this Index.	
b	Willamette R. above Portland; Yamhill, and Long Tom Rs.....	1870-1912	\$780,500.00
c	Willamette R., Clackamas Rapids, Ross Isld., and Corvallis City.....	1890-1892	
d	Willamette R., Willamette Falls.....	1909-1912	300,000.00
e	Willamette R. above Oregon City.....	1892-1893	
	Total (See also p. 1616 et seq. of this Index)		1,080,500.00

By Maj. Wilson, cut-off and wing dams, **\$39,600, 76, ii, 656.** Cut-off and wing dams, r. removal, and repairs, **\$80,000, 77, 1035; 78, 1329.**

By Maj. Gillespie, an. dr. and repairs, **\$17,500, 79, 1833.**

LEGAL PROCEEDINGS.

U. S. atty. for Oregon of opinion, in relation to the Willamette Falls Water Power Co.'s rights, that private ownership below ordinary h. w. and all water rights are held subject to the rights of U. S. for benefit of navigation, **00, 4377, 4407.**

U. S. atty. of opinion that U. S. has absolute right to entire flow of waters of this R. Congress could legally au. constr. of locks and other structures at Willamette Falls, bet. h. and l. w. mark, and riparian owners would have no remedy as against the U. S. for any injury sustained (H. D. 99, 58th, 3d), **05, 2503.**

LEGISLATION.

Acts of State of Oregon relating to the constr. of canal and locks at Willamette Falls, **00, 4412.**

Act June 13, 1902, au. the Sec. of War to ascertain through B.E., or otherwise, and report to the House whether acquisition of "present" canal and locks at Willamette Falls, or constr. of new canal and locks by U. S. would, by withdrawing waters from said R., injure operations of the mfg. enterprises now in operation or contemplated; also to ascertain through Dept. of Justice or otherwise, whether the Portland General Electric Light Co., by virtue of their ownership of certain real property at Willamette Falls, has a legal right and title, as against the U. S., for continued use of waters of Willamette Falls in the Willamette R. for use of mfg. enter-

prises located on their property, whether such water is needed for navigation or not, what method would be necessary for U. S. to acquire title to such water for purposes of navigation and the measure of damage it must pay to such company, **04, 674.**

OBSTRUCTIONS. (See Commerce.)

Willamette R. is more or less obstr. by snags, **02, 553.**

List of obstr. bet. Portland and Oregon City, **04, 3560.**

OPERATIONS.

1852. 450 l. f. wing dams built, **76, ii, 657.**

1871-72. 39 snags removed; scraper and snag boat built, **72, 985.**

1872-73. 2,000 l. f. wing dams built and 222 snags removed, **73, 1119.**

1873-74. 360 l. f. wing dams built and 471 snags removed by blasting, **74, 117, ii, 358, 363.**

1874-75. 900 snags removed and overhanging trees cut, **75, 125, ii, 760.**

1875-76. 1,530 l. f. wing dams built; 12½ c. y. r. and 707 snags removed, **76, 115, ii, 635, 658.**

1876-77. New snag boat and 4,732 l. f. wing dams built; 71½ c. y. r. and 901 snags removed; **77, 122, 1033, 1034.**

1877-78. 100 overhanging trees cut, 3,840 l. f. wing dams built, and 1,031 snags removed, **78, 137, 1326, 1327.**

1878-79. Snag boat repaired; 282 c. y. r. and 753 snags removed, **79, 1831, 1832.**

1879-80. 586 snags removed, 700 l. f. temporary wing dams built, and scraping on 6 bars, **80, 2275, 2278, 2288.**

1880-81. 1,021 snags removed, 600 l. f. wing dams built, scraping on bars, and 497 c. y. r. removed by blasting on Rock Isld. Rapids, **81, 326, 2553, 2557.**

1881-82. 524 snags removed; scraping on bars, **82, 2655, 2659.**

1882-83. 913 snags removed, scraping on bars, and bank protection placed, **83, 2038.**

1883-84. 43 snags removed, **84, 2226.**

1884-85. 1,332 snags removed, **85, 2425.**

1885-86. 1,192 snags removed and 200 l. f. wing dams built, **86, 1940.**

1886-87. 100 l. f. wing dams built and 396 snags removed, **87, 2517.**

1888-89. 2,364 l. f. of pile dike built; 1,676 l. f. of bank revetted; 6,720 c. y. of bank excavated and 810 piles driven; 825 snags removed, **89, 2578.**

1889-90. Snagging operations continued, **90, 3062.**

1890-91. 35 snags and 20 overhanging trees removed, **91, 3368.**

1891-92. 577 snags removed, **92, 2836.**

1892-93. About 1,300 logs and other obstr. removed, and dams aggregating 635 l. f. in l. built, **93, 3523.**

1893-94. Over 1,500 snags and other obstr. removed, and dikes aggregating 1,162 l. f. in l. built, **94, 2660.**

1894-95. 4,300 l. f. revet. work constr., and over 1,000 snags, etc., removed, **95, 3592.**

1895-96. Nearly 1,000 snags, etc., removed, **96, 3282.**

1896-97. New snag boat purchased, over 1,000 snags, etc., removed, and over 800 l. f. dikes constr. and repaired, **97, 3430-3431.**

1897-98. Over 1,200 snags, etc., removed, **98, 3030; and 8,378 l. f. dams constr., 98, 3031.**

1898-99. Over 4,000 snags, etc., removed; 6,530 l. f. dams constr. (photographs), **99, 3235.**

1899-00. Over 3,000 snags, etc., removed; 1,707 c. y. hardpan blasted and scraped from the chan.; 4,783 l. f. dams constr., **00, 4348.**

1900-01. Repairs to dams, constr. temporary wing dams, 254 snags and trees removed, and 100 c. y. hardpan blasted from Yamhill and Willamette Rs.; lock and dam in Yamhill R. completed and placed under operation and care, **01, 3550.** Lock officially opened to navigation Sept. 24, 1900, **01, 3552.**

1901-02. Snagging and drift removal was done near Corvallis and a number of troublesome snags and overhanging trees removed by blasting and

cutting from Yamhill R. bet. Dayton and McMinnville, **02**, 2388.

1902-03. Repairs to dams and dikes and to Corvallis revet.; new dams constr. at Candiani Bar, Five Islds., and at the head of Lamberts Slough; 2,026 snags removed, **03**, 2258-2259. Gravel bar at mouth of Yamhill R. scraped and snags and trees removed from chan. bet. mouth and McMinnville, **03**, 2259.

1903-04. Sec. of bank revet. near Independence completed; repairs made to dams heretofore constr.; and gravel bars in mouth of Yamhill R. scraped with teams, **04**, 3526.

1904-05. Repairs made to existing dams; work begun on unfinished portion of Independence revet.; snagging and dr. in Willamette R.; 862 snags removed by snag boat *Mathloma*, and 22,581 c. y. dr. by dipper dr. No. 2; pile-driver plant repaired, and cut 800' l. to l. w. d. of 4' dr. through shoal at mouth of Yamhill R., **05**, 2470-2471.

1905-06. 33,494 c. y. dr. bet. Salem and Portland in Willamette R., blasting and snagging done, extension of Independence revet. completed, dams at various points repaired, and dr. done at mouth of Yamhill R., **06**, 2002-2003.

1906-07. 36,159 c. y. gravel dr. from various points in upper Willamette R., 1,175 snags and trees removed from R. by snag boat *Mathloma* as far up as Corvallis and Harrisburg, and 65 c. y. r. removed from chan.; pile driver with repair crew constr. temporary dams at head of Clackamas Rapids and at Carey Bend, and repaired and extended existing dams at various points; repairs to Independence revet. begun, **07**, 2186.

1907-08. 29,472 c. y. dr. from shoal gravel bars and 2,475 c. y. gravel removed by shovel and team; 877 snags removed by snag boat *Mathloma* and 19 removed by blasting; 651 trees cut from bank; 5,743 c. y. gravel dr. at Wheatland revet. and on various bars; existing dams extended and repaired; work on constr. of revet. at Independence in progress, **08**, 2260.

1908-09. Snag boat *Mathloma* dr. 38,405 c. y. gravel on the various bars in Willamette R., and removed 730 snags and trees; 130 c. y. r. placed in Independence revet., **09**, 2227. 39,174 c. y. gravel removed by dipper dr. No. 2, completing cuts through several bars; pile driver and repair crew made repairs to revet. at Wheatland and Independence, **09**, 2226-2227. 148 snags and overhanging trees removed from banks of Yamhill R., and fish ladder built under contract, **09**, 2227-2228.

1909-10. 43,058 c. y. gravel removed from shoals and bars by dr. *Mathloma*, also 26 snags; 18,087 c. y. dr. from various shoals and bars by U. S. dr. No. 2; floating pile driver and crew repaired dams and revet. at Wheatland and Independence, driving piles, placing fascines and st., and repairing pavements; 177 snags removed by hired labor and rowboats, **10**, 2398-2399.

1910-11. Work on Willamette R. carried on bet. Peoria and mouth of Clackamas R., 119 m.; combined dr. and snag boat *Mathloma* removed 100,316 c. y. from chan. and 1,302 snags from chan. and banks; 43,433 c. y. dr. from bars by dipper dr. *Champog*; revet. and spur dike at Independence repaired and Wheatland Dam repaired and re-constr.; work begun on dam at Carey Bend and 530 snags removed from R. and bank; bar at mouth of Yamhill R. scraped, **11**, 2599, 2600-2601. 900 c. y. removed from bar at head of Clackamas Rapids by hired labor and plant, **11**, 2602.

1911-12. Work was carried on in Willamette and Yamhill Rs. bet. Peoria and Portland, 130 m.; combined dr. and snag boat *Mathloma* removed 53,966 c. y. gravel from chan. at various places; 394 snags and 919 overhanging trees removed from Willamette R. and 21 snags and 270 overhanging trees from Yamhill R.; 6,754 c. y. dr. from various bars by dr. *Champog*; floating pile driver and crew completed repairs to Wheatland Dam and to Carey Bend Dam; boat party removed 43 snags and 26 overhanging trees bet. Corvallis and Peoria, **12**, 2811.

PHYSICAL CHARACTERISTICS.

Described, **71**, 906; **75**, ii, 760; **76**, ii, 654, 661; **89**, 2579; **96**, 3310.

Stages of water on upper R., **80**, 2279; **81**, 2550. Description of bars, **80**, 2281.

Threatened cut-off at Corvallis, **87**, 2518.

R. flows mostly bet. banks which cave in after freshets, carrying in stumps, etc., **96**, 3310.

List of towns on the upper Willamette, **96**, 3319.

Description of, opposite Salem. The R. deflects to the left about 50° just in front of Salem, **98**, 3052.

Description of, in vicinity of Willamette Falls, **00**, 4374.

Physical features of R., small volume of water, constant movement of gravel bed makes impracticable attainment of permanent and stable chan. outlined in approv. proj., **01**, 3553.

Freshets in Willamette R., **02**, 2388.

At Albany of recent years there has been more or less scour, creating apprehension among residents that R. may ultimately cut a new chan. for itself, leaving the town inland, **04**, 3568.

R. bank is caving rapidly below Independence revet., **07**, 2187.

Variation of level of w. surfaces on the Willamette at Salem from extreme summer 1. w. to winter h. w. 23', and on Yamhill below lock and dam 35', **08**, 818.

Winter freshets caused damage and undermining at Independence revet., **09**, 2226.

Lower dam at Matheys Bar was carried away by freshet, R. returning to old chan., **09**, 2226.

Erosion of R. banks, **10**, 952.

PLANS. (See Estimates and Projects.)

By Maj. Wilson, system of dams, **77**, 1035.

By Maj. Jones, protection of R. bank at Corvallis from a cut-off; est., \$14,000, **87**, 2519.

PRIVATE (CORPORATE) WORK.

Wing dams built by the People's Transportation Co., **71**, 906. Canal and locks around the Falls of the Willamette built by a company aided by the State at a cost of \$600,000, **72**, 985; **75**, ii, 768.

Works of the Willamette Transportation Co. at Oregon City, **80**, 2281.

Description of canal and locks owned by the Portland General Electric Co., owning also the water power of Willamette Falls and the land on both banks of the R. in the immediate vicinity. Histories of the companies using the falls for power, **00**, 4372-4408.

92,458 c. y. excavated from Portland H. by Portland Commission, **03**, 2258.

Pacific Bridge Co., Star Sand Co., Columbia Digger Co., and Nickum & Kelly, operating under permits granted by Sec. of War, have done considerable amount of dr. in Willamette R., in vicinity of Ross Isld., removing 126,000 c. y. during year, **09**, 2228.

Private parties removed from Willamette R. bet. Portland and Milwaukie, 243,124 c. y. in 1911, **11**, 2602, and 276,085 in 1912, **12**, 2813.

PROJECTS. (See Estimates and Plans.)

By Maj. Williamson, wing dams, bulkheads, etc., **71**, 909.

By Maj. Robert, removal of snags from chan., **71**, 901.

By Maj. Michler, constr. of wing dams, the narrowing, d., and rendering the chan. more uniform; also the removal of such ledges of r. and boulders as may be found in the chan., **75**, ii, 764.

By Maj. Wilson, constr. of 6,000' of cut-off dams and 8,000' of wing dams; also removal of Bissels and Doves Rocks, **78**, 1329.

Proj. for imp. of upper Willamette R. bet. Portland and Corvallis, 114 m., adopted 1870, and consisted in removal of snags and imp. of chan. at rapids by scraping, removal of wreck, boulders, and gravel, and the constr. of wing dams, **71**, 905; **80**, 2284. From 1871 to 1877 \$71,500 app., **78**, 1329.

In 1878 proj. submitted for constr. of cut-off and wing dams above Corvallis, constr. of new snag boat, and imp. of rapids at Bissels and Doves Rocks; est., \$80,000, **78**, 1329.

In 1886 an aggregate of \$155,500 having been app., \$29,000 would be required to complete proj., **86**, 1941.

In 1899 Maj. Jones proposed imp. of reach bet. Portland and Oregon City by constr. of riprap dike 6,000' l. to protect Willamette from debris brought down by Clackamas R., and excavation of chan. with l. w. d. of 8' and a w. of 150'; est., \$60,000, **89**, 2581, 2582.

By Capt. Fisk, 1896, imp. of R. from Portland to Eugene by removal of obstr. and building of controlling works with view to obtaining 2' to 12' in various sections of the R.; est., \$131,097, **96**, 404, 3281.

Summary of different est. of cost of locks and dam at Willamette Falls, **00**, 4379. Summary of different est. of value of works at 1899, **00**, 4381.

BE., 1899, could not recom. acceptance of offer of Portland General Electric Co. to sell its interest in Willamette Falls canal and locks for \$1,200,000, believing that \$456,000 should be max. sum asked for. Board recom. if water rights of the company could not be purchased that U. S. should undertake to build new works; est., \$450,000. **00**, 4381.

Act June 13, 1902, au. constr. of dr. for use on this imp., and app. \$500 for Long Tom R., **02**, 553.

In 1904 it was recom. that Long Tom R. be dropped as unworthy of further imp., **04**, 3526.

Revised proj., by Maj. Langfitt, for imp. Willamette R., with view to obtaining, by dr. with aux. dam and revet. constr., and by snagging, a l. w. d. of 2½' to 3½', Corvallis to Oswego, and a l. w. d. of 12' thence to Portland; est., \$213,500, **04**, 3529-3531.

SURVEYS.

Au. act July 11, 1870, **70**, 32, 84; made by Lt. Heuer, **71**, 97. **R.**, **71**, 906.

Ex. by Maj. Robert, 1871, **72**, 984.

By Maj. Michler, 1876, **76**, h, 634.

Ex. and sur. by Maj. Wilson, 1877-78, **77**, 1026; **78**, 1326, 1328.

Misc. sur., **93**, 3523.

Sur. of R., Portland to Eugene, au. act Aug. 17, 1894; made, 1896, by Capt. Fisk (see Projects), **96**, 3309.

Sur. of R. opposite Salem with view to constr. revet. for chan. mainten., au. act June 3, 1896; made, 1897, by Maj. Fisk (**R.** unfav.), **98**, 3051.

Ex. of canal and locks at Willamette Falls, with view to their condemnation and purchase, au. act Mar. 3, 1899; made, 1899, by Maj. Fisk (sur. recom.). Sur. ordered and BE. appointed (**R.** fav. to purchase if reasonable price would be accepted, or to constr. of new works otherwise). **00**, 4368.

Pre. ex. au. act June 13, 1902, bet. Portland and Oregon City. **R.**, by Maj. Langfitt, Aug. 14, 1902, and May 1, 1903; est., \$5,100 (H. D. 604, 58th, 2d) **04**, 686, 3559-3560. BERH concurs in views of local officer, **04**, 3561.

Pre. ex. au. act June 13, 1902, opposite Albany, Oreg., with view to ascertaining whether a diversion of said stream at that point would result in injury to navigation. **R.** by Maj. Langfitt, July 23, 1902, and Apr. 13, 1903; est., \$27,000 (H. D. 476, 58th, 2d), **04**, 3564. BERH concurs in recom. of Maj. Langfitt, **04**, 3565.

Pre. ex. au. act Mar. 3, 1909. **R.** by Maj. McIndoe, Jan. 19 and Dec. 3, 1910. No specific proj. recom. Est. \$40,000, to be applied to snagging, dr. and permanent works, as is considered most advisable (H. D. 13, 62d, 1st), **11**, 1026.

Pre. ex. au. act June 25, 1910, bet. Portland and Oregon City. **R.** by Maj. McIndoe, Oct. 28, 1910, and May 17, 1911; est., \$24,000, and \$2,500 an. for mainten. (H. D. 438, 62d, 2d), **12**, 1231.

Cong. docs., etc., relating to exs., sur., plans, etc., **12**, 1208.

Chief of Engineers. **R.**, **91**, 421; **92**, 393.

In charge. Maj. T. H. Handbury, 1892. **R.**, **92**, 2840, 2842, 2844, 2847.

PHYSICAL CHARACTERISTICS.

Description of R. at Ross Isl. and Clackamas Rapids, **92**, 2842, 2844.

PLANS.

By Maj. Handbury, 1891, chan. 14' x 100' at l. w.

at Ross Isl. by dr., closing chutes, and works of contraction; imp. at Clackamas Rapids by removal of old dam at head of rapids and constr. of 6,800 l. f. of dike for contraction and direction of current; imp. at Corvallis by removal of snags and similar obstr.; est., \$138,900, **92**, 394.

SURVEY.

Sur. au. act Sept. 19, 1890; made, 1891, by Maj. Handbury (see Plans), **92**, 2842, 2844, 2847.

Part (d), WW-30 Willamette River at Willamette Falls, Oreg.

APPROPRIATION.

1910, \$300,000, **10**, 2401.

COMMERCE.

C. through canal and locks at Oregon City, 1909, 12,411 t. grain, flour, gen. mdse., etc., 291,000 linear ft. of piling, 1,169,477 ft. b. m. of lumber and logs, 10,937 passengers, etc., **10**, 2402.

With free locks and consequent reduction in both rail and water rates of 50¢ per t., the indirect savings to producers would amount to thousands of dollars an., **12**, 1213.

ENGINEERS.

Chief of Engineers. **R.**, **10**, 954, 968; **11**, 1011, 1026; **12**, 1211, 1231.

In charge. Maj. J. F. McIndoe, 1910-. **R.**, **10**, 2401; **11**, 2604; **12**, 2815.

LEGISLATION.

Oregon passed an act, Feb., 1909, app. \$300,000, provided U. S. app. like sum on or before Mar. 1, 1912, toward purchase of locks, or purchase of necessary land and constr. new canal and locks, **10**, 955. \$200,000 deposited by Tr., State of Oregon, to credit of Tr. U. S., and the balance of \$100,000 will be incl. in State tax levy for 1913, **12**, 1212.

OPERATIONS.

1910-11. Work begun by a field party making sur. and obtaining data for use in compiling report; work completed, **11**, 2604.

1911-12. Report of result of negotiations for sale of right of way on 2 tentative routes on e. side of R. submitted Dec. 4, 1911, and suppl. report forwarded Dec. 6, 1911. Latter report recom. present locks on w. side be acquired by condemnation instead of constr. a new canal and locks on e. side of

R., 12, 2815. Field work during year consisted in making surrs. to obtain data necessary for preparation of plans and ests. for future work, 12, 2816.

PHYSICAL CHARACTERISTICS.

Falls form an obstr. to navigation which could be overcome only by some method of artificial imp. Willamette Canal & Locks Co., incorporated State of Oregon, for purpose of constr. a canal and locks on w. side of falls. Canal and locks completed, 1873, at a cost of \$450,000, and are "now" owned and operated by Portland Railway Light & Power Co. Canal basin above locks 1,250' l., while the canal and locks consist of flight of 4 locks each 40' x 210', and having lift of 10' each. Concrete dam. constr. along crest of Rocky Reef, and land is ideal for power sites, 12, 1211.

PROJECTS.

Act June 25, 1910, app. \$300,000 for purchase of existing locks, or for purchase of necessary lands and constr. of new canal and locks, in discretion of Sec. of War.: Provided further, that, except for acquisition of lands and right of way and for surrs., etc., no part of these funds be to expend. until State of Oregon shall app. like amount for same purpose, 10, 955.

Sept. 2, 1911, Sec. of War. approv. recom. of Chief of Engineers that constr. of new canal on e. side of R. be undertaken, and that necessary antecedent work, incl. preparation of plans, acquisition of lands and rights of way needed, etc., be proceeded with. Addl. report made Feb. 10, 1912, that U. S. offer present owners the sum of \$375,000 for locks, canal, and right of way on w. side. This recom. approv. by Sec. of War. Feb. 15, 1912. Offer duly made and accepted; transfer papers in course of preparation by owners, the Portland Railway Light & Power Co.; abstract of title forwarded to U. S. atty. for ex., 12, 1212, 2815-2816.

General plan of imp. to be recom. is to obtain d. of 6' over lower sill of locks and in the upper basin (the available l. w. d. now being about 2'), and to constr. a concrete wall dividing upper basin from factories which use the water for power purposes. Extent and cost of imp. to depend upon action of Congress on special R. of Feb. 23, 1910, 12, 1212.

SURVEYS.

Pre. ex. and sur. au. act Mar. 3, 1909, of Falls of the Willamette at Oregon City, 10, 968; 11, 1026; 12, 1231.

Cong. docs., etc., relating to ex., surrs., plans, etc., 12, 1213.

Part (e), WW-30 Willamette River, Oreg. (Above Oregon City.)

COMMERCE.

Description of, 93, 3530.

Tonnage, 1892, 70,872 t.

Imp. of R. above Oregon City recom., 93, 3530.

ENGINEERS.

Chief of Engineers. R., 93, 457.

In charge. Maj. T. H. Handbury, 1893. R., 93, 3529.

PHYSICAL CHARACTERISTICS.

Description of, 93, 3529.

Rises in Cascade Mts. and empties into Columbia R. 98 m. from Pacific Ocean. For 20 m. from

its mouth is navigated by ocean-going boats, and for about 175 m. at certain seasons, by R. craft.

At extreme h. w. it discharges approx. 400,000 c. f. per second.

Oregon City on right bank, 25 m. above mouth. Near it the stream has perpendicular fall of about 40', which is overcome by a series of 4 locks built by State of Oregon about 1873, 93, 3529.

PRIVATE WORK. (See Physical characteristics.)

SURVEYS.

Ex. of R. above Oregon City au. act July 13, 1892; made by Maj. Handbury in that year (R. fav.), 93, 3529.

WW-32

TUALITIN RIVER, OREG.

ENGINEERS.

Chief of Engineers. R., 89, 357; 95, 467; 98, 511.

In charge:

Capt. W. Young, 1888. R., 89, 2525.

Maj. J. C. Post, 1895. R., 95, 3598.

Maj. W. L. Fisk, 1898. R., 98, 3053.

OBSTRUCTIONS. (See Physical characteristics.)

PHYSICAL CHARACTERISTICS.

Description of, 89, 2525; 95, 3599; 98, 3054.

Rises in Coast Range of mts. and empties into Willamette R. about 14 m. above Portland.

Subject to freshets which flood surrounding country. In 1895 chan. obstr. by snags, log jams, rapids, and private dams, and also by 14 hrs. which crossed it at various points with single spans.

Dairy Fork enters on n. bank near Hillsboro, and extends back for about 13 m. to Louisianant Lake, a dry plain at the time the sur. of 1897 made, 95, 3599; 98, 3054.

PLANS.

In 1888 Capt. Young considered cost of imp. R. greatly in excess of benefits to be conferred upon its C., 89, 2526.

SURVEYS.

Ex. au. act Aug. 11, 1888; made, 1888, by Capt. Young (R. unfav.; see Plans), 89, 2525.

Ex. to Hillsboro and the head of navigation au. act Aug. 17, 1894; made, 1895, by Maj. Post (R. unfav.), 95, 3598.

Sur. of R. from Tualitin up to Gaston, and of Dairy Fork to Louisianant Lake, au. act June 3, 1896; made, 1897, by Capt. Fisk (R. unfav.), 98, 3053.

OPERATIONS.

1892-93. Over 1,200 snags, etc., removed, **93**, 3524.

1893-94. Over 300 snags, etc., removed. **94**, 2661.

1894-95. Over 150 snags, etc., removed, **95**, 3592.

1895-96. 1215 snags, etc., removed, **96**, 3282.

1896-97. Some snagging done, **97**, 3431.

1897-98. Constr. of lock and dam at Lafayette commenced, **98**, 3026.

1898-99. 1,673 c. y. dr. from mouth of R.; cofferdam completed, lock pit pumped out; bank movement checked by piles; excavation for lock pit completed, pile driving for foundation completed; laying of concrete begun, **99**, 3236.

1899-00. Concrete laying completed (total concrete in sill and foundations, 7,618 c. y.); lock gates, etc., placed in position; keeper's house built; timber revet. constr.; dam constr. in progress (photographs), **00**, 4349.

PHYSICAL CHARACTERISTICS.

Description of, **75**, ii, 792, 794, 795; **91**, 3381; **93**, 3532; **95**, 3602.

Table of distances and slope of R., **75**, ii, 793.

R. begins to be navigable at McMinnville, county seat of Yamhill County, Oreg., distant 17 m. from mouth of R., **93**, 3532.

Mouth to McMinnville, it is a narrow, tortuous stream. Chan. is sometimes completely closed by the banks sliding in after being loosened by heavy freshets. **95**, 3602-3605.

Table of the fall of various secs. of the R., **95**, 3603.

Results of works of imp. beneficial, **93**, 3532.

Heavy rains interfering with lock constr., **99**, 3237; **00**, 4349.

PLANS.

By Maj. Michler, 1875, dr. and removing r. and snags, constr. of locks and dams at navigable ends, similar to work at Willamette; est., \$222,500, **75**, ii, 796, 798.

By Maj. Handbury, 1891, removal of logs and similar obstr.; est., \$3,000, **91**, 3383.

By Maj. Post, 1896, lock and dam at Lafayette, and removal of logs and all other obstr. to provide draft of 3½' throughout year from mouth to McMinnville; est., \$69,000, **95**, 3604; **96**, 3281.

SURVEYS.

Ex. au., 1873, **73**, 108; made by Maj. Robert, **74**, ii, 364.

By Maj. Michler, 1875, **75**, 125, ii, 792.

Sur. au. act Sept. 19, 1890; made, 1891, by Maj. Handbury, **91**, 3382.

Ex., mouth to McMinnville, au. act July 13, 1892, with view to obtaining slack-water navigation by lock and dam; unfav. R. by Maj. Handbury, 1892, **93**, 3531.

Sur. up to McMinnville with view to imp. of R. by lock and dam or otherwise au. act Aug. 17, 1894. R. by Maj. Post, 1895 (see Projects), **95**, 3602.

Maps. **95**, 3604; **99**, 3238.

1912, 895.53, **12**, 2814.

Total, 40,644.49

¹ Expend. under permanent indefinite app. provided by act July 5, 1884, as amended by act Mar. 3, 1909, for operating and keeping in repair canals and other public works.

COMMERCE.

Traffic through lock and dam, 1900, 1,742 t. and 2,010 passengers, **01**, 3557.

Practical suspension of traffic since 1902 due to fact that Oregon City Trans. Co. had taken its boats for use on Willamette R. and abandoned McMinnville route on account of uncertainty of lock operations during winter, **04**, 675.

1912, 386.6 t. and 327 passengers, **12**, 2815.

In Sept., 1911, boat carrying freight and passengers placed on run bet. Portland and McMinnville. Although this service was discontinued in Oct., it is first time in several years that regular use has been made of the locks. SS. traffic practically abandoned since 1902, **12**, 1211.

ENGINEERS.

Chief of Engineers. **R.**, **01**, 632; **02**, 554; **03**, 612; **04**, 675; **05**, 680; **06**, 754; **07**, 770; **08**, 819; **09**, 858; **10**, 954; **11**, 1010; **12**, 1211.

Boards. **BERH. R.** on ex. with view to prolonging season of navigation, **04**, 3569. (See Surveys.)

In charge:

Capt. W. C. Langfitt, 1901-05. **R.**, **01**, 3555; **02**, 2390; (Maj.) **03**, 2261; **04**, 3532; **05**, 2475.

Lt. Col. S. W. Roessler, 1906-08. **R.**, **06**, 2004; **07**, 2188; **08**, 2262.

Maj. J. F. McIndoe, 1909-. **R.**, **09**, 2229; **10**, 2400; **11**, 2603; **12**, 2814.

OPERATIONS.

1900-01. Lock opened to navigation Sept. 24, 1900. Crew employed during winter to check scour of banks and make repairs as stage of R. and materials at hand would permit, **01**, 3556.

1901-02. Repairs of damage caused to slopes andrevet. practically completed, **02**, 2390. A windmill and storage tank erected near lockmaster's dwelling, **02**, 2391.

1902-03. Minor repairs made to timbering to prevent leakage, and addl. st. placed along face of

dam; grounds and slopes, e. side of lock, graded and sowed, **03**, 2261-2262.

1903-04. General repairs made; gates, operating gear and lock building were painted, and gravel walkways were laid in grounds in lieu of wood to overcome flotation at h. w., **04**, 3532.

1904-05. Lock, dam, adjacent grounds and general property have been kept in repair, **05**, 2474.

1905-06. Damage caused by h. w. to paving below dam repaired, **06**, 2005.

1906-07. Lock, dam, and adjacent grounds kept in repair; parcel of land bet. dwelling house and lock grounds purchased, fenced in and partly cleared, **07**, 2188.

1907-08. Grouting 1,000' pavement below dam, and dam and adjacent ground repaired, **08**, 2262.

1908-09. Lock, grounds, and machinery kept in repair, and fish ladder built over dam, **09**, 2229.

1909-10. Lock, dam, and U. S. ground and property kept in repair, **10**, 2400.

1910-11. Lock, dam, grounds, etc., kept in repair, **11**, 2603.

1911-12. Lock and dam, kept in repair, and grounds policed, **12**, 2814.

(Lock and dam opened to navigation entire year except during freshets.)

PHYSICAL CHARACTERISTICS.

Yamhill Lock situated on Yamhill R. near Lafayette, Oreg., about 8 m. above its junction with the Willamette and some 10 m. below town of McMinnville, the head of SS. navigation, **01**, 3555, 3556.

Freshets, damaging parts of work, **01**, 3555, 3556.

Scour of banks, **01**, 3556.

High water, **05**, 2474; **07**, 2188; **08**, 2262.

SURVEYS.

Pre. ex. with view to prolonging season of navigation, au. act June 13, 1902. **R.** by Maj. Langfitt, Mar. 17 and Sept. 18, 1903; est., \$28,560 (H. D. 78, 58th, 2d), **04**, 686, 3569. **BERH.** concurs in recom. of DO., **04**, 3573, 3575.

Maps (photographs), **02**, 2391.

WW-36**LONG TOM RIVER, OREG.**

(See p. 1642 this Index).

APPROPRIATIONS.

1899, ¹\$3,000.

1902, ²500, **02**, 552.

Total, 3,500

COMMERCE.

Description of. Limited, but would probably be increased if stream were imp., **98**, 3047. Shipment of about 300 t. grain made 1899-1900, the first shipment by R. in 20 years, **00**, 4346.

ENGINEERS.

Chief of Engineers. **R.**, **98**, 509; **99**, 590; **00**, 666; **01**, 630; **02**, 551.

 P. G. Eastwick. **R.**, **97**, 3476.

OPERATIONS.

1899-00. 6,246 c. y. dr.; 5 brush and r. dams built; work in progress at the Cowley Bar Di-ke, the principal work, **00**, 4364, 4365.

1900-01. Di-ke at Cowleys Bar completed, **01**, 3572.

1902-03. 12,960 c. y. dr. and 1,299 snags removed, **03**, 2320.

1903-04. 3 days' dr., **04**, 3557.

1906-07. 324 snags removed; 143 snags and trees cut from banks, **07**, 2206.

1907-08. Snags removed, **08**, 2277.

1908-09. 132 snags removed; 169 snags and trees cut from bank, **09**, 2241.

1909-10. 88 snags removed; 103 snags and trees cut from banks, **10**, 2413.

1910-11. 29,925 c. y. dr., and 131 snags and other obstr. removed, **11**, 2619.

1911-12. 296 snags and other obstr. removed by U. S. boat and hired labor, **12**, 2835-36.

PHYSICAL CHARACTERISTICS.

Description of, **93**, 3534; **95**, 3601; **10**, 964.

R. empties into the Columbia R. 14 m. below mouth of the Willamette R. Etna is at the mouth of Cedar Creek, and is about 12 m. from mouth of Speliah Creek. Above and below the town there is a succession of bars and pools, the number diminishing downward, **93**, 3554. Lacerator is situated on the East Fork, 7 m. by water from the Columbia R. The average rise and fall of the tide at this place is 14', **95**, 3601.

Rises in Cascade Range; $\frac{3}{4}$ m. from mouth there is separation into 2 branches, North Fork, 85± m. l., and South Fork, 36± m. l., **12**, 1226.

Duration of water elevations in 1896 at the forks and at Lacerator, **97**, 3477.

Freshets carrying considerable sediment damaging works, **00**, 4364.

Max. draft to forks 4', on East Fork $2\frac{1}{2}$ ', and on North Fork, 1', **11**, 1023.

Winter freshets vary from 15 to 20' in height, except near mouth, where water spreads over large area, **11**, 1023.

PLANS.

In 1883 Capt. Powell considered a part of the R. worthy of minor imp., but that work not a public necessity, **84**, 2293.

In 1884 Maj. Jones considered the R. worthy of imp. at an. cost of \$1,000 for the removal of snags, **85**, 2444.

PRIVATE WORK.

Considerable work done by private parties and by county au. in protecting high banks at various localities along main R. and North Fork as far as Woodland, **11**, 2619.

PROJECTS.

By Capt. Taylor, 1897, 6' chan. in the main R. to the forks, and a 4' chan. thence to Lacerator on the East Fork, by training dikes, closing dikes, and supple. dr.; est., \$20,460, **97**, 3475; **99**, 3248.

It was est., 1900, that \$500 would be required an. for mainten., **00**, 4365.

Act June 13, 1902, combined apps. for Cowlitz and Lewis Rs., and extended Lewis R. proj. to incl. work on North Fork, **02**, 2406.

SURVEYS.

Ex. au. act Aug. 2, 1882; made by Capt. Powell (see Plans), **84**, 2293.

Ex. au. act July 5, 1884; made by Maj. Jones (see Plans), **85**, 2444.

Ex. from its mouth to Speliah Creek, au. act July 13, 1892; made by Maj. Handbury, 1892 (**R.** fav. for limited imp.), **93**, 3533.

Ex. from Lacerator to its mouth for d. the chan. and imp. navigation, au. act Aug. 17, 1894; made, 1895, by Maj. Post. (**R.** fav.), **95**, 3600.

Ex. of the North Fork to Etna, au. act June 3, 1896; **R.** (fav.) submitted, 1896, by Capt. Taylor, **97**, 3469.

Sur. from the Columbia R. to Lacerator, au. act June 3, 1896; made, 1897, by Capt. Taylor (see Projects), **97**, 3473.

By Capt. Langfitt, 1901-02, **02**, 2406.

Pre. ex. with plan and est. of cost of imp. of Lewis R., incl. North Fork and East Fork to La Center, Wash., au. act March 3, 1909. **R.**, Maj. McIndoe, Feb. 2 and Sept. 8, 1910; est., \$61,500, and \$6,000 an. mainten., **10**, 968 (H. D. 28, 62d, 1st); **11**, 1056.

Cong. docs., etc., relating to exs., surs., plans, etc., **11**, 1022; **12**, 1226.

Lt. Col. S. W. Roessler, 1906-08. **R.**, 06, 2018;

07, 2204; 08, 2275.

Maj. J. F. McIndoe, 1909-. **R.**, 09, 2240; 10,

2412; 11, 2618; 12, 2832.

Assistant. R. A. Habersham. **R.**, 80, 2232;

81, 2601.

OPERATIONS.

1880-81. 40 m. of R. cleared by removal of snags and trees, 81, 2600.

1881-82. 304 snags and trees removed, 82, 2684.

1882-83. 483 logs, snags, and trees removed,

83, 2073.

1884-85. 300 l. f. wing dam built by contract,

85, 2439.

1886-87. 190 l. f. wing dams built; 315 snags

removed, 87, 2525.

1888-89. 281 snags, 9 log jams, r. and gravel

cleared from the chan.; 250 l. f. of wing dams built,

89, 2590.

1890-91. 1,200 c. y. of gravel and 156 logs,

snags, and trees removed from chan. bet. mouth and

Toledo, 91, 3370.

1891-92. 50 snags cleared from chan., and 400

l. f. of wing dam built at Toutle R. Bar, 92, 2838.

1892-93. 1,094 l. f. wing dams built, and about

150 snags, etc., removed, 93, 3526.

1893-94. Over 100 snags, etc., removed, 94,

2662.

1894-95. Over 100 snags, etc., removed, a large

r. removed, and 2,000 l. f. bank revet. built, 95, 3594.

1895-96. About 500 snags, etc., removed, and

bank revet. repaired, 96, 3386.

1896-97. About 150 snags, etc., removed, and

bank revet. repaired, 97, 3463, 3464.

1897-98. Snagging done, and a small wing dam

built, 98, 3041.

1899-00. Closing dam opposite Toledo built,

and one under constr. below Toledo; R. thoroughly

snagged for 20 m., 00, 4366.

1903-04. 12,181 c. y. dr., many snags removed,

849 l. f. dikes constr., and 40 snags blown out, 04,

3556.

1905-06. 15,000 c. y. dr., 06, 2018.

1906-07. 62 snags removed and 10 snags and

trees cut from banks, 07, 2205.

1907-08. Logs and snags removed, several bars

dr. to 3' to 5', 1,150 l. f. revet. built at Castlerock to

prevent cut-off, 08, 2275.

1908-09. 34 snags and one large r. removed, 09,

2240.

1909-10. 24 snags removed and driftwood jams

cleared from chan., 10, 2412.

1910-11. 24 snags blasted and overhanging

brush cleared, 1½ c. y. bucket purchased, and 8"

centrifugal sand-dr. plant installed, 11, 2018.

1911-12. 85,202 c. y. dr. from bars; 83 snags

removed from chans.; js. repaired at Keegans Bar;

dr. boat sank, afterwards raised and repaired, 12,

2832, 2834.

PHYSICAL CHARACTERISTICS.

Results of works of imp., 93, 3526; 98, 3041.

Chans. changed by freshets in 1896 and 1897, 97,

3464; 98, 3041.

H. stages damaging works, 00, 4366.

Variation of d. on account of freshets, 22', 12, 1224.

New chan. made by freshets below Castlerock, 07,

2205.

R. rises in Cascade Range, flows s. for 60 m., w.

for 40 m., and empties into Columbia 64 m. above

its mouth and about 45 m. below Portland, 12, 1223.

PRIVATE WORK.

Cowlitz Bridge Co. and the Hurley, Mason Co.

removed 2,386 and 2,616 c. y., resp., from chan., 11,

2618.

2,300 c. y. gravel and 1,100 c. y. sand removed by

private parties; citizens of Kelso and vicinity

constr. 4 js., 12, 2833.

PROJECTS.

By Maj. Gillespie, 1879, mouth to Cowlitz Land-

ing, removing snags and scraping bars; est., \$5,000

for first year, with an an. expend. thereafter of \$2,000,

80, 2331; 81, 2600; 86, 1952; 91, 3371; 00, 4366.

App. combined by act of 1892 with those for Lewis

R., Wash., 02, 560.

Act 1907 au. building revet. below Castlerock, 07,

2205.

By Maj. McIndoe, 1908, plan for imp.; est.,

\$22,000, and \$4,000 an. for mainten. (H. D. 1167,

60th, 2d), 09, 871; act June 25, 1910, au. chan. 4' d.,

mouth to Ostrander, and 2½ thence to Castlerock,

by dr., 10, 962.

By Maj. Cavanaugh, 1909, plan for imp. bet. Cas-

tlarock and head of navigation; est., \$9,600, and

\$2,000 an. mainten., 10, 968; act June 25, 1910, au.

chan. 2½ x 40' (H. D. 404, 61st, 2d), 10, 963.

SURVEYS.

Au. act Mar. 3, 1879; made by Maj. Gillespie, 1879,

80, 2331.

Minor surs., 97, 3464; 00, 4366.

Ex. and sur. up to Castlerock au. act Mar. 2, 1907;

made, 1908, by Maj. Roessler and Maj. McIndoe,

resp., (H. D. 1167, 60th, 2d), 09, 871.

From Castlerock to head of navigation, au. act

Mar. 3, 1909; made, 1909, by Maj. Cavanaugh (H.

D. 404, 61st, 2d), 10, 968.

A stadia and hydrographic sur. from Toledo to

Castlerock begun, 12, 2833.

Maps. (H. D. 1167, 60th, 2d.)

WW-67

GRAYS RIVER, WASH.

APPROPRIATIONS.

1907, \$2,500, 07, 2207.

1910, 500, 10, 2415.

1911, 500, 11, 2621.

Total, 3,500

COMMERCE.

Principally towing of logs, 07, 779; 12, 1229.

Not believed that imp. will have any tendency to

reduce freight rates, 09, 870.

1911, 136,000± t; 6,000 pass.; other than logs, etc.,

2,600± t., 12, 2838.

ENGINEERS.

Chief of Engineers. **R.**, 91, 421; 07, 779; 08,

829; 09, 869; 10, 966; 11, 1024; 12, 1229.

Capt. Arthur Williams, 10, 951.
Maj. Jay J. Morrow, 10, 951.

Assistant. Capt. Arthur Williams, 09, 856;
10, 951; 11, 1007.

OPERATIONS.

1907-08. 51 snags and trees removed from chan.;
295 trees cut from banks, 08, 2278.

1908-09. 195 snags removed; 2,000 c. y. gravel
and sand removed from bars by scraping, 09, 870,
2242.

1911-12. 197 snags and trees removed, 12, 2837.

PHYSICAL CHARACTERISTICS.

Description of, 91, 3386.

Work interfered with by storms and freshets, 08,
2278.

Shoaling and depositing of logs and snags during
freshets, 10, 2415.

Work accomplished is of material benefit to navi-
gation, 12, 2837.

R. rises in Coast Range, flows sw. 30 m., empties
into estuary of Columbia R. known as Grays B.,
nearly opposite Astoria; passes through dense for-
ests before reaching lowlands; l., 8 m.; proj. part
narrow, tortuous, obstr. by snags, etc.; town of
Grays R. 8 m. above mouth, 12, 1229.

PLANS.

By Maj. Handbury, 1891, removal of obstr., snags,
logs, etc.; est., \$2,500, 91, 3387.

PROJECTS.

By B.E.R.H., 1906, removal of logs, stumps, and
overhanging trees and clearing chan. up to present
head of navigation at Walkers Landing (R. and H.
D. 1, 59th, 2d). Proj. au. act Mar. 2, 1907, which
app. \$2,500, 07, 779.

SURVEYS.

Ex. and sur. au. act Sept. 19, 1890; made, 1891,
by Maj. Handbury, 91, 3386.

WW-68(a) DEEP RIVER, WASH. (including Skamokawa and Crooked Rivers).

XX-2(a) WILLAPA BAY (Shoalwater Bay) TO COLUMBIA RIVER, OREG.

COMMERCE.

Important, **76**, ii, 674.

ENGINEERS.

Chief of Engineers. **R., 76**, 116.

In charge:

Maj. N. Michler. **R., 76**, ii, 644.

Maj. J. M. Wilson. **R., 76**, ii, 672.

PHYSICAL CHARACTERISTICS.

Described, **76**, ii, 644, 672.

PLANS.

By Maj. Michler, 1875, canal to connect Shoalwater B. with Columbia R., 11' x 65', with lock at each end for boats to pass at ordinary high tides; est., \$529,279; at lowest l. w., \$854,116, **76**, ii, 644.

By Maj. Wilson, 1875, canal for passage of SS. drawing 10' at ordinary high tide; canal 24,544' l., with locks at each end; and dr. chan. in Columbia R. and Shoalwater B.; est., \$768,185, **76**, ii, 673, 674.

SURVEY.

By Maj. Michler, 1875, **76**, 116, ii, 644.

Capt. Arthur Williams, 11, 1026; 12, 1231.

OPERATIONS.

1892-93. Dike at Mailboat Slough completed, and about 1,900 c. y. dr., 93, 3403.
1893-94. About 1,300 c. y. dr., 94, 2596.
1894-95. Dr. in progress and also constr. and repair of dikes, 95, 3402.
1895-96. Work of previous year completed, 96, 3326.
1896-97. Minor repairs made, 97, 3434.
1899-00. Chan. through North R. jam cleared; dikes in Willapa R. repaired and refilled, 00, 4464.
1900-01. Chan. through log jam in North R. thoroughly cleared and w. to 100', 01, 3577.
1901-02. General ex. of dikes near South Bend made, 02, 2409.
1902-03. Mailboat Slough Dike repaired and refilled, and Louderback Slough Dike partly removed, 03, 2324.
1903-04. 51 snags and stumps removed from Nessel R., 04, 3582.
1904-05. Inspection of works, 05, 2506.
1907-08. 83,400 c. y. dr., 08, 2282.
1911-12. 476,918 c. y. dr., 12, 2842.

XX-12

NORTH RIVER, WASH.

COMMERCE.

Description of, 95, 3485.
In 1895 est. 4,000,000,000' of merchantable timber adjacent to the stream, 95, 3485; 97, 3472.

ENGINEERS.

Chief of Engineers. R., 91, 400; 95, 458; 97, 523.

In charge:

Capt. T. W. Symons, 1890-95. R., 91, 3263, 3264; 95, 3485.
Capt. H. Taylor, 1897. R., 97, 3472.

Assistants:

A. J. McMillan. R., 91, 3266.
J. M. Clapp. R., 95, 3486.

PHYSICAL CHARACTERISTICS.

Description of, 85, 2420; 91, 3267, 3270; 93, 3401; 98, 3089.

R. empties into Pacific through Willapa H., about 25 m. n. of Columbia R. Near its mouth it is joined by the North R., which flows at right angles into it. Mailboat Slough is a small cut-off chan. in H. 98, 3089.

PLANS. (See Projects.)

Capt. Powell, 1884, est. \$1,500 as cost of clearing lower R. of snags and similar obstr., but did not consider such an imp. a "present" necessity, 85, 2422.

After sur. of Willapa R., 1890, Capt. Symons proposed imp. of Willapa R. by d. shoals to secure min. d. of 8' at m. l. w. up to Willapa City; est., \$31,350, 91, 3267, 3269.

PROJECTS. (See Plans.)

By Capt. Symons, 1892, closing Mailboat Slough by dike of piles, brush, and st., and removal of bad shoal in R. just below Willapa City by dr.; est., \$31,350, 93, 3402.

By Capt. Symons, 1894, cutting chan. through log jam in North R., 95, 3400.

In 1897 Capt. Taylor est. \$80,000 to further imp. H., 98, 3090.

Acts 1894 and 1899 au. use of a portion of funds for this R. to clear chan. through jam in North R., 99, 3260.

Act June 13, 1902, au. use of balance of available funds to be expended in repair and mainten. of existing work and imp. North and Nessel Rs., 03, 2323.

Act Mar. 2, 1907, au. dr. chan. 12' x 150' through shoal bet. South Bend and Raymond; est., \$25,000 (H. D. 477, 59th, 1st), 07, 780.

Act June 25, 1910, au. proj. for 18', local interests to pay one-half cost of certain work at Raymond; conditions complied with (H. D. 524, 61st, 2d), 11, 1026, 2626.

SURVEYS.

Au. act of July 5, 1884; made, 1884, by Capt. Powell (R. unfav.) (see Plans), 85, 2420.

Ex. of Shoalwater B. made, 1890, by Capt. Symons (R. unfav.), 91, 3267.

Sur. of Willapa R. au. act of Sept. 19, 1890; made, 1891, by Capt. Symons (R. fav.) (see Plans), 91, 3268.

Sur. of mouth of R. and Mailboat Slough au. act June 3, 1896; made by Capt. Taylor, 1897 (R. fav.) (see Projects), 98, 3088.

Pre. ex. and sur. au. act Mar. 3, 1905, South Bend to Raymond, with view to 12' and 18', resp. R. by Maj. Millis, June 23, 1905, and Jan. 13, 1906; est. for 12' chan., \$25,000 (H. D. 477, 59th, 1st), 06, 787.

Pre. ex. and sur. au. act Mar. 3, 1909, to and through Raymond. R. by Maj. Kutz, Apr. 19 and Oct. 25, 1909; plan at est. cost of \$213,132.20 submitted, provided local interests contribute one-half of cost of dr. at city of Raymond (\$5,500.24) (H. D. 524, 61st, 2d), 10, 998.

Cong. docs., etc., relating to exs., sur., plans, etc., 12, 1232.

Maps. (H. D. 477, 59th, 1st; H. D. 524, 61st, 2d.) 91, 3268; 96, 3332; 03, 2324; 08, 2282.

PHYSICAL CHARACTERISTICS.

Description of, 95, 3485.

Tributary of Willapa H., rising in the Coast Range. Has narrow bottoms on itself and tributary streams. Flows through a hilly country. In 1897 navigation was impeded by several riffles and other obstr., 95, 3485.

SURVEYS.

Au. act Sept. 19, 1890; made, 1891, by Capt. Symons (R. unfav.), 91, 3265.

Ex. from mouth to Willapa B. upward for 25 m. au. act Aug. 17, 1894; made, 1895, by Capt. Symons (R. fav.), 95, 3485.

Ex. au. act June 3, 1896; R. (fav.) submitted, 1896, by Capt. Taylor, 97, 3472.

Maps. 91, 3265; 95, 3488.

1st Lt. J. H. Earle, 09, 871; 10, 968; 11, 1026.

Capt. Arthur Williams, 11, 1026; 12, 1231.

OPERATIONS.

1897-98. J. constr. begun, 98, 3060.

1898-99. J. trestle completed to 5,152' outside the h. w. line; foundation built to 4,320'; enrockment completed to above h. w. l. for 3,520' (maps), 99, 3261.

1899-00. J. trestle advanced 2,584'; foundation completed for 3,336'; enrockment completed to level of ordinary h. w. for addl. distance of 3,680' (maps), (photographs), 00, 4468.

1900-01. J. trestle advanced 3,232'; completed foundation 3,200'; completed enrockment 1,992', 01, 3579.

1901-02. Trestle advanced 2,096'; foundation 2,240'; enrockment 3,648', 02, 2411.

1902-03. Trestle advanced 720', foundation 724'; enrockment 880'; total enrockment completed about 13,784'; work discontinued due to exhaustion of app., 03, 2325.

1907-08. Work started on n. j., 2,624 l. f. under constr., 08, 2283-2285.

1908-09. N. j. trestle and mattress completed to proj. l. of 10,000', 67,467 t. st. placed, 09, 874, 2247.

1909-10. 62,283 t. st. placed in n. j.; 69,302 c. y. dr. by U. S. plant, 10, 2418-2419.

1910-11. Extending n. j., 2,784' trestle constr., 2,656 l. f. mattress foundations placed, 56,615 t. st. placed, 11, 2626-2627.

1911-12. N. j. trestle and plant repaired; 2,752' trestle constr.; 163,608 t. st. placed in j.; mattress foundation placed for 2,880', 12, 2843-2844.

PHYSICAL CHARACTERISTICS.

Description of, 82, 2723; 95, 3517; 98, 3063.

Entrance to H. from the Pacific Ocean is about 45 m. n. of the Columbia R. H. is about 17 m. l. and

about 14 m. broad from n. to s. A few of the tributaries entering the H. are the Satsop, Chehalis, Wynoochee Rs., 95, 3517. Through the H. throat is a d. chan. and bet. this and the open sea is a bar convex to the sea and connected with sand spits on the 2 sides of the H. throat. The chans. across this bar in 1895 were variable and shifting, 96, 3333. Littoral current, description of, 95, 3520.

Table showing differences bet. Grays H. and other Hs. of the U. S. where js. had been or were being constr. in 1895, 95, 3531.

Imp. condition of the bar, 1899, 99, 3265; 00, 4470. Tides and currents, 99, 3265.

Scouring effect of j., 01, 3579; 02, 2411.

Damage to works, 02, 2411; 03, 2325; 04, 3583; 05, 2508; 06, 2022; 10, 2419.

Condition of works, d. of w., etc., 02, 2411; 03, 622; 04, 3584; 05, 2508; 06, 2023; 07, 2211; 08, 2284; 09, 2247; 10, 2419.

Spruce and fir piles attacked by teredo; hemlock piles sound, 10, 2419.

Winter storms, 1912, did considerable damage to j. trestle, 12, 1236, 2843-2844.

Shoaling, outer bar; controlling d. at outer bar, 17, m. l. w., 12, 1236, 2843-2844.

PRIVATE WORK.

Land for approach and operating plat donated to U. S. by local interests, 12, 1235.

PROJECTS.

In 1895 Capt. Symons est. \$2,363,309 for constr 2 js. for the imp. of the H., 95, 3533.

By Capt. Symons, 1895, for a single j. of rubblest. built above h. t. l. to extend out to sea from a point on the s. side of the H. throat for about 3½ m., to concentrate the ebb and flood waters upon the bar to obtain 24' across the bar; est., \$1,000,000, 96, 3333. B.E., convened, 1903, under S. O. No. 20, proposed 24' across bar by extending s. j. to l. orig. contemplated (18,200') at cost of \$557,360.10, by constr. a n. j., and protecting n. shore at cost of \$508,000; total, \$1,065,360.10. Approx. est. for building n. j. as far out as s. j. of \$2,334,818, also presented. Proj. reviewed by B.E.H.; of opinion that cost involved by proposed j. proj. too great, and that desired results could be obtained at much reduced cost by dr., 04, 688, 3586, 3589, 3597.

Proj. enlarged, act Mar. 2, 1907; au. j. on n. side of H. throat, extending out to sea 9,000' from ocean b. w. line; est., \$600,000 (R. and H. Com. D. 2, 59th, 2d), 07, 782.

Act June 25, 1910, further extended proj. by providing for extension of n. j. 7,000', thus bringing end of j. opposite existing end of s. j., to be built up to height of mid tide with a w. at crest of 8'; est., \$1,030,000, in accordance with plan of B.E.H. (R. and H. Com. D. 29, 61st, 2d), 10, 971.

SURVEYS.

Ex. au. act Mar. 3, 1881; made, by Capt. Powell (R. fav.), 82, 2722.

List of sur. made of the H., 95, 3520.

Sur. of the H., its bar and entrance, for imp. of the chans. au. act Aug. 17, 1894; made, 1895, by Capt. Symons (see Projects), 95, 3517.

Sur. of the bar, by Capt. Taylor, 1898, 98, 3060. By Maj. Millis, 1901, 01, 3579; 1902, 02, 2326; 1904, 05, 2508.

By Maj. Kutz, 1909, 09, 2247; 1910, 10, 2419; 1911, 11, 2627.

By Maj. Cavanaugh, 1912, 12, 2844.

Minor sur. 98, 3060; 00, 4470, 4475.

(See Boards and Projects.)

Pre. sur. for location of n. j., 07, 782, 2211.

Minor sur. made shows a narrow chan. 19' d., m. l. w., ne. of best chan., 12, 2844.

Cong. docs., etc., relating to exs., sur., plans, etc., 12, 1235.

Capt. A. Williams, 11, 1026.

* Allotment.

1 For imp. Chehalis R., Wash.

OPERATIONS.

1892-93. 7,500 l. f. dike built, **93**, 3410.
 1893-94. About 10,000 l. f. dike built, **94**, 2598.
 1894-95. About 15,000 l. f. dike built, **95**, 3411.
 1895-96. Repairs made to dikes, **96**, 3335.
 1902-03. Sur. for location of proposed chans.; 81 snags and a large amount of debris removed from Chehalis R., **03**, 2327.
 1903-04. 165,727 c. y. dr. from chans.; 31 snags removed from Chehalis R.; repairs to Cow Pt. Dike completed; middle chan. dike repaired, **04**, 3602, 3503.
 1904-05. Repairs to Cow Pt. and middle chan. dikes completed; 61,897 c. y. dr. during year; 26 snags removed from Chehalis R., **05**, 2511.
 1905-06. Snagging continued in Chehalis R., **06**, 2024.
 1906-07. Snagging continued in Chehalis R., **07**, 2213.
 1907-08. 900,000 c. y. dr.; snagging carried on in Chehalis R., **08**, 834, 2288.
 1908-09. 300,000 c. y. dr., **09**, 876, 2250.
 1909-10. Dr. with U. S. dr. Oregon resulted in removal of 413,100 c. y.; snagging done in Chehalis R., 179 snags and trees removed, **10**, 2421.
 1910-11. 133,852 c. y. dr., w. chan. to 200'; 64,000 c. y. dr. in Chehalis R.; snagging in Chehalis R., **11**, 2629.
 1911-12. Chan. in inner H. below Hoquiam redr., 94,350 c. y. removed, **12**, 2846.

PHYSICAL CHARACTERISTICS.

Description, bar and H., **91**, 3298.
 Grays H. in sw. part of Washington, 48 m. n. of the mouth of the Columbia R. Total l. from e. to w., 17 m.; greatest breadth, n. to s., 14 m., **12**, 1237.
 The Chehalis R. the principal tributary of Grays H. In 1893, on account of the division of the waters of the H. into several chans., troublesome shoals existed at the head of the B. **93**, 3408.
 Draft, inner H., 1903, 8'; Chehalis R., 4', at l. w., **03**, 624.
 Chan. through Cow Pt. completed, affording 15' throughout, **04**, 690.
 Deterioration of chan. due to debris, **05**, 770.
 North chan. used by all ocean-going vessels; s. chan. little used, **08**, 833.
 Shoals in n. chan.; ruling d., 1908, m. l. w., 8', **08**, 833.

Chan. 18' x 175'; d. in Cheha'is R., 73', **09**, 2250.
 Chan. w. 200', as projected; total l. of chan. below Cosmopolis covered by dr., 9,000', **11**, 2629.
 Deterioration of chan., Chehalis R., **12**, 2846.

PROJECTS. (See Plans.)

By Capt. Symons, 1891, removal of shoals from R. to 16' at half tide, by dr. and closing side sloughs and chans., for building dikes to close a s. chan. leaving a passageway 8' x 1 000', and to wholly close a middle chan. to compel more of the ebb and flood waters to flow through a n. chan. and scour away existing bars; est., \$150,000, **93**, 3408.
 Act June 13, 1902, combines Grays H. (inner portion bet. Aberdeen and entrance) and Chehalis R., Wash., **02**, 564.
 Proj. contemplates snagging and clearing obstr. in Chehalis R., repairs to dikes, excavation of chan. 15' x 100' through shoals near Aberdeen and Hoquiam, **03**, 624.
 Act Mar. 2, 1907, au. chan. 18' x 200', m. l. w., Cosmopolis to d. w. below Hoquiam, and removing snags from Chehalis R.; est., \$187,500 (H. D. 507, 59th, 1st), **06**, 2,242; increased to \$262,500, **08**, 834.
 For Chehalis R., au. act June 25, 1910, chan. 6', m. l. w., Cosmopolis to Montesano, and constr. of dikes to concentrate currents over certain shoals; est., \$50,000 (H. D. 1125, 60th, 2d), **10**, 973.

SURVEYS.

Sur., H. and bar, au. act Sept. 19, 1890; made 1890, by Capt. Symons (R. unfav.), **91**, 3300.
 Sur. made, 1894, by Capt. Symons, **94**, 2598.
 Pre. ex. and sur. au. act Mar. 3, 1905, Grays H. (inner portion) and Chehalis R. to Montesano, Wash., **R.**, Maj. Mills, 1905 and 1906; est., Grays H., \$187,500, with \$3,000 an. mainten.; to secure 18' supple. imp. of Chehalis R. "not worthy" (H. D. 507, 59th, 1st), **06**, 787.
 Pre. ex. and sur., Chehalis R. up to Montesano, Wash., for removal of bars, au. act Mar. 2, 1907, **R.**, Lt. Col. Chittenden, Mar. 31, 1908; est., \$50,000 (H. D. 1125, 60th, 2d), **08**, 850; **09**, 893.
 Cong. docs., etc., relating to exs., sur., plans, etc., **12**, 1238.

In charge:

Capt. T. W. Symons, 1894-95. **R.**, 95, 3452.
Capt. H. Taylor, 1896-98. **R.**, 98, 3090.

Assistant. Lt. F. R. Shunk. **R.**, 95, 3454.

PHYSICAL CHARACTERISTICS.

Description of, 95, 3453; 98, 3091.
R. in probably the most inaccessible region of the U. S.; is in nw. portion of Washington, con-

necting with Pacific Ocean about 35 m. to s. of Cape Flattery; separated from the centers of population on Puget Sound by the extremely rocky and unexplored Olympic Mts.; is about 5 m. l., with tidal flow of 2½ m. The nontidal part of the R. is obstr. by rapids, and, together with its tributaries, the latter for 20 to 30 m. is navigable only by canoes, 98, 3453.

PROJECTS.

In 1897 Capt. Taylor est. \$20,000 to make imp. by reopening the old mouth, 98, 3092, 3093.

SURVEYS.

Ex. au. act Aug. 17, 1894; made, 1895, by Capt. Symons (**R. fav.**), 95, 3452.
Sur. au. act June 3, 1896; made, 1897, by Capt. Taylor (see Projects), 98, 3090.

XX-39(a) JUAN DE FUCA, STRAITS OF, WASH. (Removal of Duncan Rock.)

ENGINEERS.

Chief of Engineers. **R.**, 04, 703.

Boards. BERH. concurs in D.O. opinion that benefit to C. incommensurate with cost, 04, 3629.

In charge. Maj. John Millis, 1904. **R.**, 04, 3627.

PHYSICAL DATA.

Duncan Rock, and adjoining ones, in track of

all in and out bound vessels; great menace to shipping, 04, 3623.

SURVEYS.

Pre. ex. of Duncan Rock, Straits of Juan de Fuca, for removal of same, au. act June 13, 1902. **R.**, Maj. Millis, July 22, 1902 (unfav.) (H. D. 212, 55th, 2d), 04, 703, 3626.

XX-39(b) NEAH BAY, WASH.

COMMERCE.

Description of, 98, 3083; 00, 4506.

Large and growing. Constr. of H. of refuge recom., 98, 3082. During the 2 years preceding 1899, there was a very marked increase, 00, 4506.

List of wrecks occurring in the vicinity, 98, 3086.

ENGINEERS.

Chief of Engineers. **R.**, 98, 523; 00, 692; 12, 1267.

In charge:

Capt. H. Taylor, 1898-1900. **R.**, 98, 3082; 00, 4502, 4504.

Maj. C. W. Kutz, 12, 1231.

Assistants:

Capt. F. A. Pope, 12, 1231.

Capt. A. Williams, 12, 1231.

PHYSICAL CHARACTERISTICS.

Description of, 98, 3083; 00, 4505.

B. at the outer end of the Straits of Fuca through which passes all the deep-sea shipping arriving at

and departing from Puget Sound and British Columbia ports, 98, 3083.

Rainfall at the entrance very great, 98, 3084.

Description of anchorage in the vicinity of this part of the coast, 98, 3085.

PROJECTS.

Capt. Taylor est., 1899, it would cost, for 2 break'rs to form a H. of refuge, \$1,111,907.50. The D.E. est. cost for more extensive works at \$1,873,154, 00, 4510.

SURVEYS.

Ex. for H. of refuge au. act June 3, 1896; made, 1897, by Capt. Taylor (**R. fav.**), 98, 3082.

Ex. and sur. au. act Mar. 3, 1899; made by Capt. Taylor, 1899 (**R. fav.**; see Projects), 00, 4502.

Pre. ex. au. act June 25, 1910, of H. of refuge at Neah B., or at such other points in the vicinity thereof as would best subserve the interests of C. and navigation; made, 1910, under direction of Maj. Kutz, by Capt. A. Williams and Lt. J. H. Earle (H. not deemed immediately advisable) (H. D. 472, 62d, 2d), 12, 1267.

XX-39(c) CLALLAM BAY, WASH.

COMMERCE.

Description of: Straits of Fuca is the passage through which all the C. of Puget Sound and the Gulf of Georgia connects with the Pacific Ocean, 95, 3457.

ENGINEERS.

Chief of Engineers. **R.**, 95, 457.

In charge. Capt. T. W. Symons, 1895. **R.**, 95, 3456.

PHYSICAL CHARACTERISTICS.

Description of: A shallow indentation on the s. shore of the Straits of Juan de Fuca, 24 m. to the e. of

Cape Flattery, well sheltered from the s., e., and w., but open to the n., 95, 3457.

Rainfall very great; fog prevails for 3 months in the year, 95, 3459.

Currents run through the strait with great velocity. Anchorage ground fair. List of wrecks that occurred in the 20 years previous to 1895 in the vicinity. 95, 3460.

SURVEY.

Ex. with view to H. of refuge au. act Aug. 17, 1894; made, 1895, by Capt. Symons (**R. unfav.**), 95, 3456.

* Allotment.

LEGAL PROCEEDINGS.

Owners of fish trap obstr. navigation indicted by grand jury, **02**, 2414.

OPERATIONS.

1883-87. 105 snags removed from Snohomish R., **84**, 2274.

1884-85. 1,202 snags, logs, etc., removed from Stilaquamish and Skagit Rs.; extensive log jam below Nooksack Crossing removed; **85**, 2403.

1886-87. 847 snags and 97 trees removed from lower Snohomish and Nooksack Rs., **87**, 2490.

1887-88. 708 snags cleared from Snohomish and Snoqualmie Rs., **88**, 2176.

1888-89. 1,527 snags and 449 trees removed from Skagit, Nooksack, and Snohomish Rs., **89**, 2561.

1890-91. 769 snags and 44 leaning trees cleared from Snohomish, Stilaquamish, and Skagit Rs., **91**, 3244.

1891-92. 1,175 snags and 144 leaning trees cleared from Snohomish, Stilaquamish, Skagit, and Nooksack Rs., **92**, 2731.

1892-93. About 2,000 snags and other obstr. removed, **93**, 3426.

1893-94. About 1,500 snags and other obstr. removed, **94**, 2620.

1894-95. Over 1,000 snags and other obstr. removed, **95**, 3443.

1895-96. A wreck and about 1,200 snags, etc., removed, **96**, 3345.

1896-97. Over 2,000 snags, etc., removed, **97**, 3439.

1897-98. About 10,000 snags, etc., removed, **98**, 3066.

1898-99. Snag boat repaired; nearly 6,000 snags, etc., removed, **99**, 3267.

1899-00. 4,726 snags and drift disposed of; 1,153 trees chopped; 468 c. y. earth handled, **00**, 4478.

1900-01. 4,235 snags removed, 246 trees cut, wreck removed, and small amount of earthwork done, **01**, 3581.

1901-02. 4,050 snags and 594 overhanging trees removed, **02**, 2414.

1902-03. 2,728 snags and 414 trees removed, **03**, 2329.

1903-04. 3,183 snags and 313 trees removed, and log jam removed from mouth of Nooksack R., **04**, 3604-05.

1904-05. 3,169 snags and 422 trees removed, **05**, 2514.

1905-06. 2,405 snags and 37 trees removed, **06**, 2029.

1906-07. 2,777 snags and other obstr. removed, **07**, 2214.

1907-08. 2,803 snags, etc., removed, and r. at Roche H. removed under contract, **08**, 2290.

1908-09. 4,737 snags, etc., removed, **09**, 2251.

1909-10. Snag boat repaired and addl. machinery installed, 14,700 c. y. dr. by snag boat, snags removed, and mattress sills built in Stilaquamish and Skagit Rs., **10**, 2422-23.

1910-11. Snagging; 30,704 c. y. dr., **11**, 2630.

1911-12. 2,518 snags and 516 piles removed, 22,000 c. y. dr., and dikes repaired, **12**, 2848.

PHYSICAL CHARACTERISTICS.

Description of, **81**, 2613; **90**, 2988; **91**, 3273; **96**, 3346.

Streams which flow into Puget Sound have their origin in the mountains. Upper parts are in nature of torrents; lower parts flow through flat, heavily wooded country, and out into the sound through deltas, bringing to mouth accumulations of snags, etc., and other obstr. to navigation, **97**, 3440.

Skagit R., 1900, by removal of snags, safe to navigate at night, **90**, 3267.

Limits of navigation in tributary streams, **03**, 325; **04**, 692; **12**, 1241.

Description of, at Roche H., **06**, 2028-28.

Severe freshets in 1909, **10**, 2423.

All streams are affected by the tidal variations in Puget Sound, which are large and extremely irregular, **05**, 698.

PLANS.

After ex. of Nooksack, Skagit, and Snohomish Rs. in 1890, Capt. Symons reported that the "present" or prospective demands of C. did not justify a further expend. for imp., **91**, 3272.

PRIVATE WORK. (See Projects.)

Work on the Nooksack Jam done by contractor's party under local citizens' committee, **85**, 2404; **86**, 2007.

PROJECTS. (See Plans.)

By Maj. Gillespie, 1881, constr. of snag boat and mainten. of same for 1 year; est., \$25,000, **81**, 2682. Increased \$5,000 in 1882, **82**, 2686; and \$10,000 in 1884, **84**, 2275. Est. for completion, 1886, \$29,000, **86**, 2008; **92**, 2729.

By Capt. Taylor, 1896-97, imp., by a cut-off, of one particularly bad bend in Skagit R., **97**, 3439.

Act June 13, 1902, au. expend. of \$15,000 for removing log jam in Nooksack R., or cutting new chan. around jam, **02**, 566-567.

Act Mar. 3, 1905, au. removal of Star Rock, Bellingham B., and of r. obstr. at entrance of Roche H., **05**, 2514.

Maj. Chittenden recom., 1906, removal of Star Rock be not undertaken at "present" time; est. cost of work, about \$100,000, can be spent to better advantage in dr. recom. removal of r. at Roche H. at est. cost of \$30,000; also recom. constr. of dr. at est. cost of \$100,000, **06**, 2026-2029.

Act Mar. 2, 1907, au. removal of r. in Roche H. at cost not to exceed \$30,000, and app. \$100,000 for dr. for joint use of Oregon and Washington districts, **07**, 786. (See Oregon and Washington, coast of.)

Convened, Portland, Oreg., Dec. 15, 1891, act of Sept. 19, 1890, to select and sur. most feasible location and to est. cost of constr. of ship canal to connect Lakes Union, Washington, and Sammamish with Puget Sound. R., 92, 2762. (Col. Mendell, Maj. Handbury, and Capt. Symons.)

Board appointed by Sec. of War Mar., 1898, to consider and report upon most feasible route for waterway, with special reference to terminal point at s. end, 98, 3073. (Capts. W. L. Fisk and H. Taylor and Lt. C. L. Potter.)

Board au. act June 13, 1902, convened, Seattle, Wash., Aug. 4, 1902, to consider and report on feasibility and advisability of constr. a waterway connecting Puget Sound with Lakes Union and Washington, with necessary locks and dams, of sufficient w. and d. to accommodate largest commercial and naval vessels. Jan. 6, 1903 (S. D. 127, 57th, 2d), board concludes that constr. of such a canal feasible but not advisable at "present" time. Est. most advantageous route (through Shilshole B.), \$7,422,000. Route via Elliott B. feasible, but cost and difficulties almost prohibitive. 2 proposals of Seattle & Lake Washington Waterway Co., for constr. of canal at cost of \$8,304,121 and \$10,679,747, resp., according to route selected, also considered. (Lt. Col. Heuer, Capt. Langfitt, and 1st Lt. Johnston), 03, 2340-2357.

In charge:

Capt. T. W. Symons, 1895. R., 95, 3422.
Capt. H. Taylor, 1896-1900. R., 96, 3351; 97, 3445; 98, 3072; 99, 3271; 00, 4483.
Maj. John Millis, 1900-05. R., 01, 3583; 02, 2417-2420; 03, 2332; 04, 3611; 05, 2541.
1st Lt. F. A. Pope, 06, 766.
Maj. H. M. Chittenden, 1906-08. R., 06, 2036; 07, 2221; 08, 2298.
Maj. C. W. Kutz, 1908-11. R., 09, 2257; 10, 2428; 11, 2635.
Maj. J. B. Cavanaugh, 1911-. R., 12, 2853.

Assistants:

P. G. Eastwick. R., 92, 2772.
E. Ricksecker. R., 95, 3424; 96, 3363.
John Zug. R., 04, 3612.
Thomas Irving. R., 05, 2541, 2544.
J. M. Clapp. R., 06, 2036.

LEGAL PROCEEDINGS.

Effort made by Kings County to secure right of way free to U. S., 99, 3272; title to entire right of way secured, 00, 4484.

To compel county commissioners to act as board of equalization in matters of assessment to raise funds for canal work, 09, 883; 10, 983.

LEGISLATION.

Analysis of act by Washington State Legislature, 1893, providing for excavating waterways by private contract, 03, 2353.

Act Feb. 8, 1901, Washington State Legislature au. U. S. to constr. waterway through State lands, and releasing U. S. from liability to damages to State, 06, 777.

As result of movement started by communities interested, for constr. of canal with local funds, Congress, June 11, 1906, au. James A. Moore to constr. canal along U. S. right of way, 06, 778. Modified by act Mar. 2, 1907, to commute work required under previous act to excavation alone of a canal with bottom w. of 75' and l. w. d. of 25'. Same act directed sur. and est. of cost of canal with single lock, and report as to what contributions toward constr. would be made by local interests, 07, 793.

Washington State legislature Mar. 13, 1907, created local assessment district with view to raising net sum of \$1,000,000 by taxation to assist in building canal, 07, 793.

Attempt made by State legislature to remedy defects in King Co. bond issue, which was declared invalid by Supreme Court of State, 07, 793; 08, 841; 09, 883.

OBSTRUCTIONS.

Notice from Sec. of War requiring removal of existing bns. on canal, 07, 793.

OPERATIONS.

1900-01. Test borings made, observations in progress for compiling physical data, sur. made, and clearing of right of way, etc., 01, 3584-3585.

1901-02. 219,056 c. y. dr. below lower lock site, 85,660 c. y. dr. from cut bet. Salmon B. and Lake Union, sur. and observations made, and clearing right of way, etc., 02, 2417-2418.

1902-03. 128,473 c. y. dr. on 1st sec. ower cut, work in progress on 2d sec., 32,217 c. y. excavated bet. Salmon B. and Lake Union, ad sur. and observations made, 03, 2332-2333.

1903-04. 162,333 c. y. dr., completing 10' chan. to wharves at Ballard, outlet gates of Lake Union repaired and enlarged, discharge capacity of the "Portage" imp., and outlet of Lake Washington into Black R. cleared out, 04, 696, 3611-3613.

1904-05. Repairs and mainten., 05, 2541.

1905-06. 218,974 c. y. dr. in Ballard H., 06, 2036.

1906-07. Dr. in Ballard H. completed, making total of 340,000 c. y. removed, **07**, 2221.

1907-08. Mainten. and sur., and H. lines estab. for Lake Union, **08**, 2298.

1908-10. Mainten., **09**, 2257; **10**, 2428.

1910-11. Borings made at lock site, plans and specifications in preparation, excavation of canal above lock in progress, using funds provided by local interests, **11**, 2635.

1911-12. 48,850 c. y. dr. for temporary chan. around lock, cofferdam 98% completed, 243,539 c. y. excavated from lock pit, contracts made on behalf of State of Washington and King Co. for excavation of 3 secs. of canal above lock, **12**, 2853-2854.

PHYSICAL CHARACTERISTICS.

Description of lakes and of possible routes, **92**, 2764, 2765.

Physical data, **92**, 2772, 2773.

Rainfall, 1878 to 1890, **92**, 2778.

Description of, **93**, 3422; **95**, 3357; **96**, 3363.

Lake Washington situated e. of Seattle and from 2 to 6 m. from Puget Sound. About 19 m. l., and has w. of 2 m.

Lake Union n. of Seattle, bet. Lake Washington and Puget Sound, with area of about 14 sq. m., connected artificially with Lake Washington.

From Lake Union there is small stream flowing to head of Salmon B., distant from Lake Union about 1 m., and from head of Salmon B. to d.w. in Puget Sound there is distance of about 3 m. **93**, 3422.

Elevations, areas, d., etc., dimensions, **95**, 3427; **96**, 3363.

Results of test borings, and of water level and discharge observations, **01**, 3584.

Description of, **01**, 646, 647; **03**, 2342-2344.

Teredo unusually destructive in Puget Sound, **01**, 647.

Condition of works and d. of water, **03**, 630; **04**, 696, 697; **05**, 702, 703; **07**, 792, 793.

Dam at Lake Union broke, 1903, due to work of muskrats, **04**, 3611.

PRIVATE WORK.

County commissioners, 1896-97, had Smiths Cove route sur. and gave the results to the U. S., **97**, 3446.

Small amount of work done by Seattle & Lake Washington Waterway Co. on Elliott B. route (see Legislation), **03**, 2354.

James A. Moore au. by Congress, 1906, to constr. canal along U. S. right of way (see Legislation), **06**, 778; **07**, 793.

King Co., 1906, voted bond issue of \$500,000 to assist in constr. of canal, **07**, 793.

State to raise funds by taxation, to be expend. under direction of D.O. (see Legislation), **07**, 793.

State app. \$250,000 in 1909 to be expend. in constr. of canal under direction of D.O., **09**, 883.

Excavation of canal above lock, **12**, 1250, 2853-2854.

PROJECTS.

BE., 1891, canal 2,600' l., 80' w. at bottom and 158' w. at water line, and 26' d. through portage bet. Union B. in Lake Washington and Lake Union, with masonry lock 50' x 400', 26' d. over sill, and with lift of about 74' dr. chans. to connect this canal with d.w. in Lake Washington and across Lake Union, and constr. canal 6,700' l., 80' w. at bottom and 158' w. at water line, and 26' d., connecting Lake Union along its outlet with head of Salmon B. From head of Salmon B. to Puget Sound 2 routes considered by board, one by way of Salmon B. and

Shilshole B., with lock near sound 16' x 50' x 400' over sill at low tide, the other by way of Smiths Cove, and a canal 80' w. at bottom, 158' w. at water line, and 26' d., to be constr. across neck of land bet. head of Salmon B. and Smiths Cove, with lock near sound similar to that proj. for Shilshole B. Constr. of basin and chan. through shoals contemplated. Est. of proposed canal bet. Lake Washington and Puget Sound by 2 routes, not incl. damages for lands submerged, as follows: Smiths Cove route, \$3,500,000; Shilshole B. route, \$2,900,000. Board reported in favor of Smiths Cove route on grounds that entrance would be in H. of Seattle and less exposed to bombardment in time of war. **92**, 2770, 2771.

Shilshole route adopted on recom. of Board of 1898, by Sec. of War, **98**, 3072.

BE. of 1898, drawing back outer lock about 2,000' from location recom. by board of 1890, as above, **98**, 3073.

App. made up to 1899 were with the proviso that the entire right of way should be obtained without cost to the U. S., **99**, 3271.

Detailed est. of cost with locks 86' x 720', with 35' d. over sills, with corresponding increase in canal section, submitted by Maj. Mills in special R., Jan. 10, 1902 (H. D. 335, 57th, 1st). Total l. of waterway to be about 41,500', or 7.36 m. Est., \$6,155,839, **02**, 2420.

Act June 13, 1902, app. \$160,000 for continuing imp., but confines work to securing l. w. chan. 10' d. from Shilshole B. through Salmon B. to wharves at Ballard; also provides for BE. to reex. whole question of ship canal, incl. proposals from private company to constr. canal (see Boards of Engineers), **02**, 570.

Expend. of \$6,000 au. by Chief of Engineers, 1903, for imp. drainage of Lake Washington, **04**, 3611.

Brief history of proj., **07**, 791, 793.

Act June 25, 1910, au. continuing imp. by adopting plan which contemplates constr. of a double lock at entrance to Salmon B., and an unbroken channelway through Salmon B. and Lakes Union and Washington; est., \$3,554,932 (H. D. 953, 60th, 1st), work to be done by U. S. being constr. of lock and accessory works at est. cost of \$2,500,000; excavation above the lock to be done by local enterprise, and U. S. to be secured against liability or claims for damage on account of grant to James A. Moore (see Private work), or on account of necessary changes in existing water levels, **10**, 982.

SURVEYS.

Sur. au. act Sept. 19, 1890; made, 1891, by Capt. Symons, **92**, 2773.

Sur. for waterway to connect Puget Sound at Salmon B. with Lakes Union and Washington, and submission of est. of cost of its constr. au. by congressional resol. Apr. 18, 1896; sur. made, 1896, by Capt. Symons, **96**, 3355. Capt. Fisk submitted est., 1896 (see Projects), **96**, 3372.

R. by BEREH., 1905, in pursuance of resol. by R. and H. Com. requiring consideration of waterway, incl. modification of plan, which shall contemplate but one lock. Est. cost of modified plan would be \$1,665,406.43; an. mainten., \$50,000. In the opinion of board, however, it would not be advisable to constr. this waterway. (R. and H. Com. D. 18, 61st, 2d.)

Sur. of waterway au. act Mar. 2, 1907. R. by Maj. Chittenden, Dec. 2, 1907; est., \$2,500,000 (H. D. 953, 60th, 1st), **08**, 850.

Maps. **01**, 3586; **02**, 2418; **03**, 2332; **05**, 2544; **06**, 2036; **11**, 2635.

prevent delays waiting for h. t.; rates not noticeably affected, **12**, 1245.

PHYSICAL CHARACTERISTICS.

Description of, 85, 2414; 92, 2735.

Olympia situated at the head of Budd Inlet, 93, 3415.

Deschutes R. rises in foothills of Cascade Mts., and empties into upper or s. end of Budd Inlet at Tumwater, where it meets tide water. Olympia located on Budd Inlet about 2 m. n. of Tumwater, and the part of Budd Inlet in vicinity of city is known as Olympia H. R. unnavigable above 3 falls, having an aggregate height of 84', situated at Tumwater, just before it meets tide water, 98, 3095.

Condition of works and d. of water, 11, 2632; 12, 1244.

PLANS.

By Lt. Burr, 1885, chan. by dr., aided by j. from Capitol Pt. 8' d. at l. w.; est., \$147,950, 85, 2416.

PROJECTS.

By Capt. Symons, 1891, dr. chan. 12' x 250' at mean of the lower low waters, from vicinity of Fourth St. Br. to d. w. in Budd Inlet; est., \$275,000, 93, 3415.

In 1897 Capt. Taylor est. \$264,000 or \$1,000,000 by one of two plans to imp. Deschutes R. at H., 98, 3095, 3096.

Proj. modified act June 25, 1910, to obtain chan. 12' d., m. l. w., on w. side of H., with turning-basin at its inner end 400' x 800'; est., \$58,000, with \$1,160 an. mainten., subject to certain conditions as to cooperation on part of local interests (R. and H. Com. D. 5, 61st, 2d), 10, 977.

SURVEYS.

Au. act July 5, 1884; made by Lt. Burr, 85, 2415.

Sur. au. act Sept. 19, 1890; made, 1891, by Capt. Symons, 92, 2736.

Sur. of Deschutes R. at its entrance into Olympia H. au. act June 3, 1896; made, 1897, by Capt. Taylor, (H. D. 104, 55th, 2d), 98, 3094.

Pre. ex. and sur. au. act Mar. 3, 1905. R. by Maj. Millis and Lt. Pope, June 24 and Nov. 18, 1905; locality not deemed worthy at the "present" time of imp. beyond that contemplated by existing proj. (H. D. 405, 59th, 1st), 06, 787.

XX-67

TACOMA HARBOR, WASH.

APPROPRIATIONS.

City waterway:

1902, \$75,000, 02, 2417.

1903, 100,000, 03, 2332.

Total, 175,000

Puyallup waterway:

1905, \$40,000, 05, 2530.

1906, 160,000, 06, 2035.

1909, 40,000, 09, 2256.

Total, 240,000

COMMERCE.

Very extensive; rapidly growing, 01, 3597.

Letters of Tacoma (Wash.) Chamber of Commerce and Board of Trade, 04, 3647.

C. to be benefited by this imp. of large and extremely varied character, 04, 694.

1904, 1,584,624 t., 05, 2531; 1911, 854,799 t., "incomplete" 12, 1248.

Remarks as to C. prosperity, etc., 05, 2538.

Imp. of City Waterway stimulated C., particularly along portion s. of 14th St., 06, 2033.

Grain export very important item, in which Tacoma exceeds all other Puget Sound ports, **07**, 790.

Diagram showing cash app. and cash valuation of freight, with total freight 1880 to 1911, **11**, 2634.

CONTRACTS.

1903. Raymond A. Perry, dr. 2,100,000 c. y., 6.44¢ c. y., **03**, 2331.

1907. A. W. Tweeden & Co., dr. in Puyallup Waterway, 1,811,599 c. y., 8¢ c. y., building necessary bulkheads and filling (cost of bulkheading and filling borne by private interests), **08**, 2295; **09**, 2256.

ENGINEERS.

Chief of Engineers. **R.**, **01**, 655; **02**, 568; **03**, 627; **04**, 694, 704; **05**, 699; **06**, 774; **07**, 789; **08**, 839; **09**, 880; **10**, 979, 999; **11**, 1038; **12**, 1246.

In charge:

Capt. H. Taylor, 1901. **R.**, **01**, 3594, 3596.
Maj. John Mills, 1902-05. **R.**, **02**, 2417; **03**, 2331; **04**, 3609, 3629, 3634; **05**, 2527.
Maj. H. M. Chittenden, 1906-09. **R.**, **06**, 2033; **07**, 2219; **08**, 2295.
Maj. C. W. Kutz, 1909-11. **R.**, **09**, 2255; **10**, 2427; **11**, 2633.
Maj. J. B. Cavanaugh, 1912-. **R.**, **12**, 2852.

Assistant. Eugene Ricksecker. **R.**, **05**, 2528; **06**, 2033; **08**, 2296.

LEGAL PROCEEDINGS.

Contract bet. Washington and R. B. Lehman for land excavation in H., **01**, 3599.

Pre. action to secure compliance with law in matter of Lehman contract and of depositing material, had been taken at close of past year; views invited from interested persons relative to application of available funds, **02**, 568.

Negotiations in progress, 1906, bet. local au. and owners of property adjacent to the Puyallup Waterway to secure compliance with conditions of app. act. Bonds prepared for each owner guaranteeing that bulkhead constr. and similar work would be done to satisfaction of U. S. Engr. Dept., **06**, 2034. Conditions under act of 1905 complied with, **07**, 2219.

OPERATIONS.

1902-03. 7,400 c. y. dr. from City Waterway, **03**, 2331.

1903-04. 944,000 c. y. dr. from City Waterway, **04**, 3609.

1904-05. 1,155,608 c. y. excavated from City Waterway chan., completing same according to proj., **05**, 700.

1905-06. Policing H. to prevent encroachments, enforcing laws relative to refuse disposal and obstr., and their removal, and ex. of proposed br. sites, brs., etc., **06**, 2033.

1906-07. Preparations made for dr. in Puyallup Waterway, **07**, 2219.

1907-08. Contractors built electric suction dr. and 80,000 c. y. dr.; considerable bulkhead work done, **08**, 2296.

1908-09. 890,000 c. y. dr. from Puyallup Waterway, 855,000 c. y. of which was placed behind bulkhead; 75% bulkhead work done, **09**, 2255, 2256.

1909-10. 956,599 c. y. dr. from Puyallup Waterway; contract terminated by limitation. Work on bulkheads, **10**, 2427.

PHYSICAL CHARACTERISTICS.

City Waterway completed; d. and w. obtained, **05**, 700.

In fall of 1909, Puyallup R. and its tributaries, during severe floods, brought down quantities of material and deposited it in dr. chan. in Puyallup Waterway, practically obliterating excavation under proj., **10**, 2427.

Extreme tidal variation, 18'; mean variation 14.5', **10**, 979.

Filling since beginning of work, **12**, 1247.

Estab. that chan. would be seriously impaired by every freshet, as dr. chan. acts as a catch basin of vast quantities of material eroded and carried down by rapid currents, **12**, 1247.

Owing to severe floods Nov., 1906, White R. was turned bodily into Puyallup R., and the latter R. had to carry double the former normal flow, and as both Rs. are heavy silt carriers, the effect of this change was highly detrimental to work in Puyallup Waterway, **12**, 1247.

PRIVATE WORK.

The Northern Pacific Ry. Co. paid contractor 3¢ c. y. for depositing dr. material on its tide lands, **03**, 2331; **04**, 3609.

Under arrangements bet. contractor and owners of adjacent lands, 1,155,608 c. y. removed from City Waterway deposited as filling, **05**, 700.

PROJECTS.

Act June 13, 1902, au. contracts might be entered into by the Sec. of War for materials and work necessary for prosecution of proj., not to exceed in aggregate \$100,000, excl. of \$75,000 app. by above act. No part of app. to be expend. until release from liability for damages should be obtained, arising from a contract bet. State of Washington and R. B. Lehman, and right obtained, free of charge, to deposit material dr. from said chan. upon adjacent lands. Work to be so conducted as not to damage ps. or foundations of brs. crossing said waterway, or the wharves adjacent thereto (H. D. 76, 56th, 2d), **02**, 568.

Act June 13, 1902, au. dr. in City Waterway from d. w. in Commencement B. to 11th St. to 25', from 11th St. to 14th St. to 18', and from 14th St. to s. end of waterway to 15', extreme l. w., **03**, 628.

Act Mar. 3, 1905, contemplates dr. chan. 500' x 3,650' l. from n. end of Puyallup Waterway, to 28', extreme l. w.; est., \$240,000 (H. D. 520, 58th, 2d); provided that U. S. should be under no expense in connection with the constr. of bulkheads, groins, or fillings, the cost and charges to be furnished upon demand of U. S. engineer in charge, design and location to be subject to his supervision, and all necessary filling to be made in accordance with plans and specifications furnished by said engineer; that no expend. to be made under this app. until provision satisfactory to Sec. of War be made for permanent mainten. of said proj. when completed, without expense to U. S., **05**, 700; conditions of act complied with and submitted to Sec. of War, **06**, 775.

Puyallup Waterway considered unworthy of further imp. by U. S. unless R. be first diverted or proj. otherwise modified (H. D. 418, 61st, 2d), **11**, 2633.

SURVEYS.

Pre. ex. and sur. au. act June 6, 1900. **R.** by Capt. Taylor, June 22 and Nov. 13, 1900; est., \$444,000 (H. D. 76, 56th, 2d), **01**, 655, 3593.

Pre. ex. and sur. au. act June 13, 1902, of Puyallup and other waterways, not already sur. Tacoma H. **R.** by Maj. Mills, July 2, 1902, and Dec. 31, 1903; est., \$477,000 (H. D. 520, 58th, 2d), BEREH. does not deem it advisable for U. S. to undertake imp. (H. D. 520, 58th, 2d), **04**, 704, 3629, 3632.

R. by BEREH., 1905, requested by R. and H. Com.; board submits est. \$240,000 for chan. 28' x 500' x 3,650' (R. and H. D. 37, 61st, 2d).

Pre. ex. and sur. au. act Mar. 3, 1909, with view to extending Puyallup Waterway 5,000' or less. **R.** by Maj. Kutz, May 20, 1909, and Jan. 29, 1910 (H. D. 832, 61st, 2d), (R. unfav.), **10**, 999.

Cong. docs., etc., relating to exs., sur., plans, etc., **12**, 1247.

Maps. **02**, 2417; **03**, 2331; **05**, 2540; (photographs) **09**, 2256.

1st Lt. J. H. Earle, 10, 968; 11, 1026.
Capt. Arthur Williams, 11, 1026; 12, 1231.

OPERATIONS.

1905-06. Dike 1,008' l. constr. and 4,444 c. y. dr. by hired labor, 06, 780, 781.
1911-12. 8,305 l. f. new dike constr., 8,820 l. f. old dike repaired, and 222,283 c. y. dr., 12, 2857.

PHYSICAL CHARACTERISTICS.

Description of, 75, ii, 798; 93, 3463.
R. formed by union of Skykomish and Snoqualmie Rs., about 20 m. l., flows into Possession Sound, one of the divisions of Puget Sound. In its lower course it has formed a delta with 4 separate chans., 3 of which are below the town of Lowell. One of these latter chans., known as Old Chan., in 1892 was much obstr. by snags, etc. Lowell is part of city of Everett, and is situated about 9 m. from mouth of the R., 93, 3463.

PLAN.

By Maj. Michler, removal of snags from the R. at Clarks Bend; est., \$2,000, 75, ii, 799.

PROJECTS.

Act Mar. 3, 1905, au. constr. of single pile brush and st. dike to rectify chan. at Stretches Riffle, and maintain 4' to 5' at low stages (H. D. 163, 58th, 2d), 05, 705.

Act June 25, 1910, au. training dike across bar at outlet of Old R. Chan. to connect with existing dike in Everett H., and to dr. chan. 8' x 75', m. l. w., Everett H. to mouth of Steamboat Slough; est., \$280,000 (H. D. 1108, 60th, 2d), 10, 986.

SURVEYS.

By Maj. N. Michler, 1874-75. R., 75, ii, 798.
Ex. of R., mouth to Lowell, au. act July 13, 1892; made by Capt. Symons (R. fav. to limited imp.), 93, 3462.

Pre. ex. au. act June 13, 1902, to provide chan. of sufficient d. to accommodate steam vessels. R. by Maj. Millis, Sept. 18 and Nov. 26, 1902, and Jan. 29, 1903; est., \$6,500 (H. D. 163, 58th, 2d), 04, 704, 3652.

Pre. ex. and sur. au. act Mar. 2, 1907, mouth to Lowell. R. by Maj. Chittenden, Apr. 19, 1907, and Mar. 31, 1908; est., \$280,000 (H. D. 1108, 60th, 2d), 09, 893.

OPERATIONS.

1893-94. 6,180 l. f. dike built and 86,585 c. y. dr., 94, 2612.

1894-95. 95,953 c. y. dr. and dike built bet. Goat and Ilka Islds., 95, 3437.

1896-97. Skagit B. Dike repaired, 2,745 l. f. new dike repaired, and 36,017 c. y. dr., 97, 3450, 3451.

1897-98. 796 l. f. spur dike built, 98, 3076.

1899-00. Over 1,350 l. f. dikes repaired and strengthened; 630 l. f. dike built, 00, 4487.

1901-02. Repairs to dikes and removal of drift and logs, 02, 2428.

1902-03. General repairs to dike extending from Gallaghers Pt. to McGilms Isld., 03, 2336.

1903-04. 854 c. y. r. deposited in inner dike, 04, 3617.

1904-05. 13,837.75 c. y. r. deposited in inner and outer dikes, 05, 2549.

1905-06. 6,165 c. y. r. placed in outer dike, 06, 2040.

1907-08. 480,000 c. y. dr. and dike extension in progress, 08, 2301.

1908-09. 1,518 c. y. st. placed in Goat Isld. Dike, 09, 2259.

1909-10. Dike 1,500' l. opposite La Conner built, and 5,500 c. y. dr. bet. La Conner and Goat Isld., 10, 2431.

PHYSICAL CHARACTERISTICS.

Description of, 92, 2756.

Slough is tidal and connects Saratoga Passage and Skagit B. on the s. with Padilla B. on the n. It is an important water highway, furnishing the most e., shortest, and safest route for smaller class of SS. bet. n. and s. waters of Puget Sound, 93, 3419. It passes through what is probably the most fertile and productive portion of Washington, and upon it is situated the town of La Conner, the county seat of Skagit County, 93, 3421.

PROJECTS.

By Capt. Symons, 1891, dr. chan. 4' x 100' from d. w. in Saratoga Passage across Skagit Flats, through shoas of slough proper, and across flats of Padilla B. to d. w., and building pile-wattled dikes in Skagit and Padilla Bs. to direct the ebb and flood waters through dr. chans.; est., \$122,000, 92, 2756; 93, 3420.

SURVEYS.

Au. act of Sept. 19, 1890; made, 1891, by Capt. Symons, 92, 2753.

Misc. sur. made, 1894-95, by Capt. Symons, 95, 3437.

1905-06. 200,000 c. y. dr., **06**, 2043.

PHYSICAL CHARACTERISTICS.

Description of, **95**, 3472; **11**, 1046.
B. is part of Puget Sound, reaching to 15 m. of the international boundary. It is about 10 m. l. from n. to s. and about 5 m. w. Distinguished from most of the Sound Hs. in that it is shallow enough to afford an anchorage. Starr Rock is situated in path of the C. bet. 2 cities¹ on the B. **95**, 3472, 3473.

New Whatcom, one of the cities referred to above, is at n. end of B., and is largest city on Puget Sound n. of Seattle, **97**, 3479.

Max. draft available, 12'; range of tide, 12±', **12**, 1258.

PRIVATE WORK.

Over 112,000 c. y. dr., without cost to U. S., for filling land of private parties, **04**, 3620; **05**, 2552.

Conditions relative to cooperation by local interests complied with, **12**, 2861.

PROJECTS.

In 1897 Capt. Taylor est. \$80,000 to make imp. at Whatcom Creek, **97**, 3480.

Act June 13, 1902, au. dr. Whatcom Creek Waterway to 12' at m. lower l. w. and 200' w. from d. w. as far as the RR. br., and to its full w. inside this br.: est., \$80,000, but act prohibited expend. until mill refuse and sawdust deposits be stopped. Refuse depositing stopped, 1903, **03**, 634.

R. and H. act June 25, 1910, au. dr. outer portion to 26' and inner portion to 18' l. w., in accordance with plan (H. D. 1161, 60th, 2d), est., \$92,250, **10**, 990; **12**, 1257; the U. S. to be at no expense for bulkheads, etc., of dumps.

Act Aug. 24, 1912, placed work under con. contract, **12**, 1258.

SURVEYS.

In charge:

Capt. T. W. Symons, 1893-95. **R.**, 93, 3468; **95**, 3511.

Maj. C. W. Kutz, **10**, 968.

Assistant. B. Ogden. **R.**, 95, 3513.

¹ See title, **04**, 3620.

PHYSICAL CHARACTERISTICS.

Description of, 93, 3468; 95, 3511.
R. rises in the Cascade Mts. and empties into Bellingham B. In its upper course it is a mountain torrent, but for the last 25 m. it is a narrow, tortuous stream, bringing down earth which it deposits in Bellingham B., 93, 3468.

PROJECTS.

In 1895 Capt. Symons est. \$25,000 by either of 2 plans to imp. mouth of R., 95, 3513.

SURVEYS.

Ex. with view to removal of obstr. and straightening chan. to prevent jams and the filling of Bellingham B. with earth, au. act July 13, 1892; made, 1892, by Capt. Symons (R. fav.), 93, 3468.
Sur. au. act Aug. 17, 1894; made, 1895, by Capt. Symons (see Projects), 95, 3511.

Pre. ex. au. act Mar. 3, 1903, of R. to Lynden, Wash. R. by Maj. Kutz, Apr. 27, 1909 (H. D. 414, 61st, 2d) (unfav.), 10, 998.

XX-105(b) BLAINE HARBOR, WASH.**ENGINEERS.**

Chief of Engineers. R., 08, 849.

In charge. Maj. H. M. Chittenden, 1908. 08, 830.

SURVEY.

Pre. ex. au. act Mar. 2, 1907; R. by Maj. Chittenden, Apr. 11, 1907, unfav. (H. D. 69, 60th, 1st) 08, 849.

XX-106 COLUMBIA RIVER, ABOVE SNAKE RIVER.

(See p. 1616)

XX-107 SPOKANE RIVER, IDAHO.**COMMERCE.**

Description of, 93, 3459. Restricted by condition of R., 93, 3460.

ENGINEERS.

Chief of Engineers. R., 93, 446.

In charge. Capt. T. W. Symons, 1892-93. R., 3, 3458.

PHYSICAL CHARACTERISTICS.

Description of. About 150 m. l., flows into Columbia R., and is outlet of Lake Coeur d'Alene, which receives drainage of about 100 m. of mts. of same name. Post Falls is situated about 8 m. from lake. 93, 3459.

SURVEY.

Ex. of R. from Post Falls to Lake Coeur d'Alene au. act July 13, 1892; made, 1892, by Capt. Symons (R. fav.), 93, 3458.

XX-108(a) COEUR D'ALENE LAKE AND RIVER, AND ST. JOSEPHS RIVER, IDAHO.**ENGINEERS.**

Chief of Engineers. R., 85, 372.

In charge. Maj. W. A. Jones. R., 85, 2442.

PLANS.

In 1884 Maj. Jones recom. spending \$3,000, 85,

2443. Imp. not recom. by the Chief of Engineers, 85, 372.

SURVEY. (See Plans.)

Ex. au. act July 5, 1884; made by Maj. Jones, 85, 2442.

XX-110(a) PEND O'REILLE RIVER, IDAHO AND WASH.**APPROPRIATIONS.**

1899,	\$10,000,	99, 3276.

Lt. M. L. Walker, 01, 641.
Lt. F. A. Pope, 06, 766; (Capt.) 07, 780; 11, 1026; 12, 1231.
1st Lt. J. H. Earle, 09, 871; 11, 1026.
Capt. Arthur Williams, 11, 1026; 12, 1231.
John Zug. R., 04, 3622.
C. E. Hansen. R., 05, 2557; 06, 2045.

OPERATIONS.

1899-00. 7,950 c. y. r. removed (maps), 00, 4494.
1903-04. 4,000 c. y. r. removed, 04, 3622.

1905-06. 1,325 c. y. r. removed, 06, 2045.
1908-09. Chans. dr.; 6,958 c. y. material removed, 09, 2262.
1909-10. 5,892 c. y. material removed, 10, 2434.

PHYSICAL CHARACTERISTICS.

Description of, 98, 3125.

R. a continuation of the Clark Fork of the Columbia; and the e. and w. arm of the lake, from which it flows, appears to be only a spreading out of R. Clark Fork is name given to that part above lake. 98, 3125. Pend O'reille about 125 m. l., flows through rocky country into the Columbia. There are but 2 towns on the R. Metalline lies below Box Canyon, and is hedged in on all sides by rocky and precipitous mts. Most serious obstr. are at Box Canyon, narrow gorge 3,600' l., into which the R. passes over large rs. 98, 3126, 3128.

PROJECT.

By Capt. Taylor, 1897, removing submerged r. and blowing off projecting rocky points in vicinity of Box Canyon; est., \$30,000, 98, 3130; 99, 3276.

Modified proj., 1907, provides for dr. to 6' at l. w. through bars bet. Newport and Box Canyon, 09, 890.

SURVEY.

Sur. of R. from source at Lake Pend O'reille, Idaho, to Metalline, Wash., au. act June 3, 1896; made, 1897, by Capt. Taylor, 98, 3124. (See Projects.)

Pre. ex., bet. Newport and Metalline, au. act Mar. 3, 1909. R. by Maj. Kutz, May 1, 1909 (H. D. 410, 61st, 2d) (unfav.), 10, 998.

Maps. (Photographs), 98, 3130; 00, 4500.

XX-110(b) FLATHEAD RIVER AND PEND O'REILLE RIVER, MONT.

APPROPRIATION.

1896, \$10,000, 96, 3391.

COMMERCE.

Description of. On account of the difficulties in the way of making a C. water highway down the R., the stream, 1895, not thought worthy of imp. by U. S.; one portion, bet. Demersville and the lake, thought worthy of imp. to the extent of the removal of snags. 95, 3481.

Ample d. for existing C., 02, 576.

ENGINEERS.

Chief of Engineers. R., 95, 458; 96, 417; 97, 522; 98, 522; 99, 614; 00, 692; 01, 655; 02, 576; 10, 998.

In charge:

Capt. T. W. Symons, 1895. R., 95, 3480.
Capt. H. Taylor, 1896-1900. R., 96, 3390; 97, 3468; 98, 3081; 99, 3290; 00, 4501.
Maj. John Millis, 1900-02. R., 01, 3592; 02, 2432.
Maj. C. W. Kutz, 10, 968.

Assistant. Lt. M. L. Walker, 01, 641.

OPERATIONS.

1897-98. 846 snags removed, 98, 3081.
1898-99. Over 1,000 snags, etc., removed, 99, 3280.
1900-01. About 280 snags and a large jam of driftwood removed, 01, 3592.

PHYSICAL CHARACTERISTICS.

Description of, 95, 3480.

The name "Flathead" applies to the R. above Flathead Lake and below the lake to a point where it unites with the Missoula, from which point it becomes the Clark Fork of the Columbia, or Pend O'reille R., 95, 3480.

Columbia Falls, a very small town a little below where the North, Middle, and South Forks unite, 95, 3481.

A portion of the R. passes through a rocky canyon in which there are 4 groups of falls, making a total fall of 220', passage of which must be provided for at a great cost in order to give continuous navigation of the R., 95, 3482.

PROJECTS.

By Capt. Symons, 1895, removal of snags, Demersville and Flathead Lake; uncertain cost, 95, 3483; 96, 3390.

Maj. Millis recom. no further R. be submitted, 02, 2432.

SURVEYS.

Ex. from Columbia Falls, Mont., to mouth at Flathead Lake, and from outlet on the s. at Flathead Lake to the Clark Fork, Columbia R., au. act Aug. 17, 1894; made, 1895, by Capt. Symons (R. fav. to limited imp.; see Projects), 95, 3480.

Pre. ex. from mouth and by Kalispel Slough to Kalispel, for 4', au. act Mar. 3, 1909; made by Maj. Kutz; R., 1909 (unfav.) (H. D. 407, 61st, 2d), 10, 998.

PHYSICAL CHARACTERISTICS.

Canal forms a part of the boundary line bet. British Columbia and se. Alaska. For about 25 m. up the average w. is $3\frac{1}{2}$ m.; for 71 m. farther it has a w. averaging about $1\frac{1}{2}$ m. The banks are steep and rocky, and the entire chan. is bordered by mts. and glaciers. Described as a beautiful sheet of water, with a least mid-chan. d. of 312', remarkably easy to navigate, and d. of water so great that there are but few safe anchorages possible. **97**, 3487.

1906-07. Dr. in sections A and B completed; 58,755 c. y. removed from section C and deposited on Quarantine Isld., **07**, 2233.

1907-08. 221,016 c. y. dr., practically completing removal of lighthouse point, **08**, 2314.

1908-09. 208,106 c. y. dr., **09**, 2268.

1909-10. Repairs to gauges, minor sur., **10**, 2439.

1910-11. 110,897 c. y. removed from n. end of H., 60,000 c. y. of which placed on Oahu R.R. property and 50,897 c. y. on Quarantine Isld., **11**, 2647.

1911-12. 41,166 c. y. dr. from n. end of H., and 99,500 c. y. from entrance chan., completing contracts, **12**, 2869.

PHYSICAL CHARACTERISTICS.

Shoaling, 10, 1000; bottom soft, and maneuvering of vessels causes shoaling, 12, 1269.

H. on s. coast of Oahu, 9± m. e. of Pearl H.; 33'-35' d.; area of H., 184.5 acres, 12, 1268, 1269.

PRIVATE WORK.

Entrance chan., through a coral reef, and H. proper, dr. from time to time by the monarchical, republican, and Territorial govts. prior to 1904, 12, 1268.

PROJECTS.

Act Mar. 2, 1907, au. entrance chan. 35' x 400', m.l.w. easing curve at junction of entrance chan. by cutting off lighthouse point, and enlarging H. proper to 35' x 1,200' m.l.w.; est., \$1,628,894.60; new front rangelight, est. \$30,000 (see Surveys), 05, 711, 2564, 2566; 07, 803; 12, 1269.

SURVEYS.

Sur. au. act Mar. 3, 1905. R., Capt. Slattery, Oct. 23, 1906; est., \$1,628,894.60 (H. D. 332, 59th, 2d) (see Projects), 07, 806.

Maps. (H. D. 332, 59th, 2d.) 06, 2050; 11, 2648.

YY-45(b) HONOLULU, HAWAII. (Reclamation of Quarantine Island.)

APPROPRIATION.

1906, \$20,000, 06, 2052.

CONTRACT.

1906. San Francisco Bridge Co., reclamation work, 10½ c. y., 06, 2052.

ENGINEERS.

Chief of Engineers. R., 06, 789; 07, 804; 08, 853; 09, 895.

In charge:

Capt. J. R. Slattery, 1906. R., 06, 2052.

Capt. C. W. Otwell, 1907-08. R., 07, 2236; 08, 2316.

Maj. E. E. Winslow, 1909. R., 09, 2270.

OPERATIONS.

1905-06. 142,596 c. y. deposited on isld., 06, 2052.

1906-07. 158,214 c. y. deposited; work with hoisting engine and scraper begun, 07, 2236.

1907-08. 9,784 c. y. placed on isld., 08, 2316.

PHYSICAL CHARACTERISTICS.

Quarantine Isld. a low, swampy isld. on the reef, opposite Honolulu. Except for land around buildings, raised by quarantine authorities, isld. is submerged at high water, 06, 789.

Sur., 1906, shows considerable portion of isld. below grade, and large cracks appearing, due to drying out of materials, 07, 804.

PROJECTS.

Consists in reclaiming low and swampy portions lying within concrete sea wall, by pumping material dr. from Honolulu H.; est., \$20,000; au. Feb. 27, 1906, 06, 789. Bringing low places to grade by filling in by means of hoisting engine and scraper, au. June 17, 1907, 07, 804.

YY-46(a) PEARL HARBOR, HAWAII.

APPROPRIATION.

Mar. 3, 1899, \$100,000, 99, 41.

COMMERCE.

No C. On H. border are very large sugar plantations, the products from which could be shipped direct by sea. Greatest advantage from imp. will be in furnishing safe, deep, and commodious H. for U. S. naval vessels, 03, 593.

CONTRACT.

1901. Clark & Henry, dr. chan. through Pearl H. Bar, 44½ c. y., 02, 2362.

ENGINEERS.

Chief of Engineers. R., 01, 612; 02, 534; 03, 592; 04, 650; 05, 710; 08, 852; 09, 893.

In charge:

Lt. Col. W. H. Heuer, 1901-04. R., 01, 3433; 02, 2361; 03, 2201; 04, 3423.

Lt. J. R. Slattery, 1905. R., 05, 2563.

Capt. C. W. Otwell, 1908. R., 08, 2313.

Maj. E. E. Winslow, 1909. R., 09, 2267.

OPERATIONS.

1901-02. Less than 20,000 c. y. dr.; dr. proving inadequate for the work, 02, 2361.

1902-03. Chan. bar dr. to 30' x 200'; 186,077 c. y. dr., 03, 2201.

1903-04. Dr. completed Aug., 1903; 200,625 c. y., principally coral sand, removed; proj. completed, 04, 3423.

PHYSICAL CHARACTERISTICS.

Pearl H. on isld. of Oahu, 8 m. w. of city of Honolulu, safe and commodious, but entrance obstr. by bar 1,900' through, having only 10' at l. w., 01, 612.

Suction dr. wrecked during gale, 03, 2201.

Chan. crooked, and the turns so sharp that navigation is not safe for vessels of large size, 05, 2563.

PROJECTS.

Approv. Dec. 5, 1900, provides for dr. chan. through bar to 30' at l. w., and as wide as funds would permit, 01, 3433.

SURVEYS.

Sur. au. act June 4, 1897; made by Navy Dept., 99, 41.

Work turned over to the Corps of Engineers, 00, 43.

YY-60 KAHULUI HARBOR, MAUI, HAWAII.**APPROPRIATIONS.**

1910, \$150,000, 10, 2442.
 1911, 150,000, 11, 2652.
 1912, 100,000, 12, 2875.

Total, 400,000 (incl. misc., \$400,001.50, 12, 2875).

COMMERCE.

Foreign, 1910, about 119,000 t.; local, 21,000 t., 10, 1003; foreign, 1912, 170,533 t.; local, 26,866 t., 12, 1273.

Extension of break'r has made a wonderful imp. in loading vessels, 12, 1273.

CONTRACTS.

1910. Kahului R.R. Co., break'r constr., 73,000 t. st., \$1.85 t., 11, 2652.

1911. Hawaiian Dredging Co. (Ltd.), dr. (241,000 c. y.), 56¢ c. y., 12, 2875.

ENGINEERS.

Chief of Engineers. R., 10, 1002, 1004; 11, 1060; 12, 1272.

In charge:

Maj. E. E. Winslow, 1910. R., 10, 2442.
 Capt. A. B. Putnam, 1911. R., 11, 2652.
 Maj. W. P. Wooten, 1912-. R., 12, 2875.

LEGISLATION.

The proj. au. June 25, 1910, provides: The Kahului R.R. Co. cede to U. S., free, all rights in existing

break'r; that agreement bet. company and territorial govt. relative to wharf and wharf shed be extended to provide for st. of proper w. giving access to wharf, 10, 1003; complied with, 12, 1273.

OPERATIONS.

1910-11. 5,549 t. r. placed in strengthening 360 l. f. old break'r, 11, 2652.

1911-12. Break'r extended 806.5', 69,451 t. r. placed, completing contract; 52,000 c. y. dr., 12, 2875.

PHYSICAL DATA.

Isld. of Maui 2d in size of Hawaiian Island; Kahului H. 110 m. e. se. of Honolulu, 12, 1272.

PRIVATE WORK.

The Kahului R.R. Co. had imp. this H. by break'r 1,800' l., 10, 1003.

PROJECTS.

Act June 25, 1910, au. extending existing break'r to American Girl Rock, dr. to 35' area in e. part of H., and dr. to 35' area in w. part of H. all at est. of \$375,000 (H. D. 593, 61st, 2d), 10, 1003.

SURVEY.

Pre. ex. and sur. au. act Mar. 3, 1909. R., Maj. Winslow, June 4 and Nov. 18, 1909; est., \$375,000 (H. D. 593, 61st, 2d), 10, 1004.

Map. (H. D. 593, 61st, 2d.) 11, 2652.

YY 3 HILO HARBOR, HAWAII.**APPROPRIATIONS.**

1907, \$200,000, 07, 2237.

 1910, 200,000, 10, 2441.
 1911, 250,000, 11, 2650.
 1912 { 76,000
 100,000 } 12, 287

Total, 1,026,000 (incl. misc., \$1,026,004, 12, 2873).

COMMERCE.

In 1906 valued at \$6,623,454, 07, 805; 1911, 308,381 t., 12, 1271.

CONTRACTS.

1908. Delbert E. Metzger, break'r constr., \$2,485 t. for st. in place, 08, 2317.

1910. Lord-Young Eng. Co. (Ltd.), break'r substr., \$1.84 t. for st. in place (100,000 t.), 11, 2651.

1912. The Breakwater Co., break'r superstr., \$2.17 t. for st. in place (208,000 t.), 12, 2873.

ENGINEERS.

Chief of Engineers. R., 07, 805, 806; 08, 854; 09, 895; 10, 1001; 11, 1058; 12, 1270, 1274.

In charge:

Capt. C. W. Otwell, 1907-09. R., 07, 2236; 08, 2317; 09, 2270.

Maj. E. E. Winslow, 1910. R., 10, 2441.

Capt. A. B. Putnam, 1911. R., 11, 2650.

Maj. W. P. Wooten, 1912-. R., 12, 2873.

OPERATIONS.

1908-09. 31,507 t. st. placed, building 766' of break'r, 09, 2270.

1909-10. 69,618 t. st. placed, building 1,229' of break'r, 10, 2441.

1910-11. 47,075 t. st. placed, completing 2,528' of break'r; 315' substr. built using 9,294 t. st., 11, 2650.

1911-12. 88,283 t. st. placed, completing substr.; work on superstr. commenced, 12, 2873.

PHYSICAL CHARACTERISTICS.

Hilo B. is on e. side of Hawaii, the latter being largest and most s. of group of Hawaiian Islands. Hilo B. is 200 m. se. from Honolulu, 12, 1270.

Choppy sea caused by winds makes it unsafe for ships to lie at wharves, and renders loading and unloading difficult, 07, 805.

Entrance to Kuhio B. blocked by shoals, 12, 1270. Details, 12, 1270.

PRIVATE WORK.

Territorial govt. contemplates building wharf close to break'r; will accommodate vessels drawing 35' m. l. w., 12, 1271.

PROJECTS.

Act Mar. 2, 1907, au. proj. for constr. rubble break'r 10,170' l. along Blonde Reef from a point on shore 6,000' ± e. of Coconut Isld.; eliminating of 3d or shore arm of break'r and extension of middle arm of break'r to shore which are in plan of 1905-06 (see Surveys); est., \$1,700,000 (H. D. 407, 59th, 2d), 07, 805; 12, 1271.

No expend. to be made unless benefits accruing therefrom warrant same, 07, 805.

Act July 25, 1912, au. modification of proj., i. e., to dr. entrance to Kuhio B. to 35' (est., \$76,000), and continuation of break'r along approv. lines so far as can be done without increasing orig. est., 12, 1271.

SURVEYS.

Ex. and sur. au. act Mar. 3, 1905, for break'r along Blonde Reef to Coconut Isld. R., Capt. Slattery, Sept. 12, 1905, and Oct. 27, 1906 (see Projects) (H. D. 407, 59th, 2d), 06, 790; 07, 806.

Resur. au. act Feb. 27, 1911, to determine whether modification could be made to increase C. facilities without further increase in cost. R. and plan by Maj. Wooten, Dec. 16, 1911 (H. D. 417, 62d, 2d), 12, 1274.

Maps. (H. D. 407, 59th, 2d; H. D. 417, 62d, 2d.) 08, 2316; 11, 2650.

SURVEY.

Pre. ex. au. act Mar. 3, 1905. **R.** by 1st Lt. Slattery, Aug. 22, 1905 (H. D. 152, 59th, 1st), (unfav.), **06, 790.**

YY-100(a) MANILA HARBOR, AND PASIG RIVER, PHILIPPINE ISLANDS.

(Continuation of this and other Philippine Island work not reported in Reports of Chief of Engineers.)

APPROPRIATIONS. (See Projects.)

1902, \$1,000,000, **02, 608.**

1903, 1,000,000, **03, 670.**

COMMERCE.

1900, about 1,000,000 t. an.; 1903, 1,400,000 t., **03, 671.** Large C. on upper Pasig in barges, cascos, etc., **03, 2912.**

CONTRACTS.

1902. Atlantic, Gulf & Pacific Co.; total, \$2,150,000, **02, 608, 3055.**

Purchase of plant for working on Pasig R., partly from Bucyrus Co., Milwaukee, Wis., **02, 3057.**

ENGINEERS.

Chief of Engineers. **R., 02, 606; 03, 670.**

In charge:

Maj. C. B. Sears, **02, 606.**

Lt. Col. C. E. L. B. Davis. **R., 02, 5050; 03, 2910.**

OBSTRUCTIONS.

Br. of Spain, 6,000' above mouth of Pasig, with its st. arches and clearance of but 16', serious obstacle to navigation, limiting wharf front for seagoing craft to area below it.

3 other brs. above it, **03, 2912.**

Work of imp. interfered with by passing craft; no prohibitive laws with penalties; interference apparently from malice or inefficiency, **02, 3056.**

OPERATIONS.

1902. Contractors began gathering plant, erecting warehouses, etc.; quarries opened; 1,093' bulkhead built; 18,131 t. st. deposited; 472,804 c. y. dr. by U. S., **02, 608.** Shops of the port works used by various depts.; repair of sea walls, betterment of grounds, etc., **02, 3057.**

1903. In the H., bulkhead built to total of 4,189', protected by 102,954 t. riprap. In break'r, 93,832 t. had been placed; 1,550,233 c. y. dr. and deposited behind bulkhead; 416 t. r. placed e. break'r. In the Pasig, 696,264 c. y. dr. at mouth; additions made to plant; old wall at entrance to canal removed to 12', **03, 2912.**

PROJECTS.

Previous to U. S. occupation, Spain had begun imp. of Manila H. Prior to 1898 had begun constr. of w. break'r, extending from mouth of Pasig R. 7,000', of which 2,210' had been completed. An e. break'r 600' had also been built.

Act 22 of the U. S. Philippine Commission, Oct. 15, 1900, au. use of insular funds, continuous app., not to exceed, with extensions, a total of \$4,029,000 (U. S. cur.), **02, 608; 03, 670.**

The work at 1902 contemplated building of a timber and st. bulkhead from the canal entrance near the mouth of the Pasig to intersection of s. j., the latter to be prolonged with riprap foundation and masonry superstr.; dr. out of H. basin behind the break'r to 80'; filling in with dr. material behind bulkhead to 10' above l. w.; completion and extension of existing break'r; deepening of canal; dr. of bar at mouth of Pasig, and of the latter as far as the br. of Spain, to 18', m. l. w.; and the dr. of the upper Pasig to give 6' l. w. navigation, **02, 609; 03, 2912.**

FINDING LIST

U. S. RIVERS AND HARBORS

ALPHABETICAL FINDING LIST.

Rivers, Creeks, Canals, Harbors, and Other Waterways of the United States.

NOTE.

This list is an alphabetical arrangement of the names of the waterways of the United States, as found in Part I of this index.

Each name is followed by (a) the district letter, (b) the district number of the waterway, and (c) the page number of this index whereon further information concerning the waterway is found.

This finding list does not contain references to special points embraced by a waterway, except in a few instances; as, for example, the instances of the Ohio, Missouri, Mississippi, and the Columbia. The abstracts concerning these waterways have their own indexes, and in this finding list the page reference is to the page of this index whereon the special index contains the waterway or waterway point name listed herein. A star (*) follows the page reference in all these cases.

Part I of this index has, as far as practicable, preserved the different spellings of waterway names. For example, on page 131 of this index three different spellings are given of "Potonowut." These different names are listed herein.

The different names or titles given waterways have also been preserved. On page 318 of this index "Smyrna River" is listed also as "Duck Creek," and this waterway is found under both titles in this list.

COMPOUND WORDS.—Compound words are listed according to the initial of the first or prefix word. For example, Bay Pompadour is listed in the B's. The more generally used prefixes are Bay, Big, Bogue, Broad, East, Fort, Lake, Little, Lower, Middle, New, North, Old, Saint, San, South, Upper, West, White.
